Body Of Great

Soldier Hidden

Small Fortune Is Found By Pair Of Boys Digging In Land Off Hays Creek

Following the finding of \$26 in a can in an outhouse on the place of the late Elias Venzyl in the Hays Creek area off Wantage Road, boys have been digging for further hidden treasure. Yesterday Bill Scherk and George Zbura made an important find of \$500 secreted in a tin which was buried in a hole near a well. Unhesitatingly the boys turned the money over to the police.

Chief of Police C. C. Jacklin, in a statement today, commended the two boys for their honesty and announced that he had recommended to the official administrator that they be suitably rewarded. Before this can be done, however, certain technicalities have to be complied with. Permission will have to be obtained from the consul of the country of which Venzyl was a subject.

The find of the boys was made up of two \$20 bills, eighteen \$10 bills and fifty-six \$5 bills.

FIGHT OR STARVE

Germany is being rationed just as badly as if the country were at war. Even the necessities of life are scarce. Many people are hungry all the time and with little hope of improvement.

One view of the present European situation is that some sudden coup will be made on the Mediterranean rather than at Danzig and that the German people will then be told it is a question of "fight or starve." It is thought they will decide to follow the orders of Hitler and

Evidently, the German people are doing a lot of thinking these days. They are very tired of the present situation and something must be done soon or there will be revolt. The views of some military observers are that the plan of campaign is for Japan to try to draw vessels of the British navy away from Europe to handle the situation in China and then will be the time for action in Europe.

The present time is evidently chosen for the move in China in order to try to prevent Great Britain completing an arrangement with Russia.

THE MIKADO

It is not only in Prince Rupert that "The Mikado," the Gilbert and Sullivan opera, is popular. The New York' Times says: The D'Oyly Carte Opera Company-that is the outfit which gives the non-swing "Mikado"-took in about \$190,000 during its nine-and-a-half week stay at the Martin Beck. At the last performance—it was "The Mikado," of course-there were 94 standees, the record for the visit, and at the conclusion the company sang "The "The Star-Spangled Banner." Apparently the record Savoyard was a young lady in her middle 20's who attended every performance except Wednesday matinees, all through the run. Just had other business in the middle of the week. Dr. Oliver L. Austin of Tuckahoe was running un, going at least four times each week. Most popular of the operas was "The Mikado."

NEW AND BETTER

COLD CURED ICE

For the Halibut and Samon Fleets

Following the investigations of the Fisheries Research Station the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
