Another Crisis Appears Looming

FINE NEW SHIP FOR B.C. RUN

Tanker Imperial Pays Her First Visit to Port of Prince Rupert

Most modern ship of her type on the British Columbia coast, the new tanker Imperial of the Imperial Oil Co., paid her first visit to Prince Rupert yesterday and attracted much interest and favorable comment. Built at Collingwood and embodying many new mechanical features, she is a fine, sturdy vessel welded throughout her length of 240 feet. Her beam is thirty-nine feet and her draft 18 feet six inches.

The black of her hull and the red of her upperworks what with the white sandwiched blue stripe of her company's colors on the black funnel make her an attractive as well as a substantial appearing vessel.

In the engine room are two seven-cylindered 700 h.p. Fairbanks Morse diesel engines which turn over four hundred revolutions per minute, transferring their thrust through reduction gear and electro-magnetic slip couplings to the single propeller shaft. At 125 revolutions per minute, the screw pushes the Imperial through the water at twelve knots per hour.

Up to Date Equipment

The vessel has electric steering equipment with head-high wheels. All navigating equipment is of the most up-to-date available. The wheelhouse is roomy and well-lighted.

Fine accommodation is provided for officers and crew which consists of master and two mates, chief engineer and two engineers, three oilers, six stamen and cook and steward. The captain's quarters are below the wheelhouse. From his office a small hatch opens into the wireless room but no wireless operator is needed as the vessel is equipped with radio telephone and also radio directional finder, each capable of operation by officers of the ship. The captain's cabin opens off his office and on the other side of the deckhouse are quarters for the other officers. Three bunks are the limit in any one room in the crew's quarters and each bunk has its own individual reading lamp. There are five washrooms with hot and cold water showers. Private lockers are provided each man. Heat for the quarters is provided by a vertical oil-fired boiler, the only coal on board being that for the galley stove. Eating quarters of the ship are also attractive with two large mess-rooms. The galley has refrigerator equipment.

The tanker has a carrying capacity of 450,000 imperial gallons and this cargo can be discharged in less than seven hours through the vessel's own motor driven pumps. All auxiliary machinery, including deck machinery, is also operated under electric power supplied by independent diesel generators in the engine room.

In order to insure proper fire protection a complete chemical fire extinguishing system is installed. Fire-smothering gas can be released in a few seconds from steel cylinders through a system of piping and nozzles to any part of the ship by the use of remote controls located at different stations throughout the vessel.

Notification has been received of the deferring until March 31 of the closing of the Government Telegraphs office here which had at first been set for February 28.

Revision Court In Session Here

Court of revision on the provincial assessment roll for Prince Rupert district was opened on Friday by John Dybhavn, acting as judge. After a few minor adjustments had been made, the court was adjourned until further information is obtained with respect to some of the appeals. George Cripps, assessor, and E.O. Aves, deputy assessor, were in attendance at the court but none of the appellants were personally represented.

The Officers

The officers of the Imperial, who went to Collingwood to bring the vessel around to this coast, are: Captain, A. S. McGaw. Chief Officers, C. B. Sykes. Second Mate, H. Stafford. Chief Engineer, M. Wallace. Second Engineer, E. Olive.

The Imperial arrived here at 1 o'clock yesterday afternoon from Vancouver via Victoria and Port Alice, having come north by way of the West Coast. At 3 o'clock this

Little Hope For Lost Plane But Search Goes On

JUNEAU, Feb. 20: (CP)—Although hope has been practically abandoned for the safety of Pilot Len Cope and four passengers, who disappeared south of here a week ago yesterday while on a flight from Ketchikan to Juneau, the search for the wreckage is being continued.

King To Launch Mighty Warship

Great Battleship of 35,000 Tons Will Be One of Mightiest and Most Modern Afloat

LONDON, Feb. 20: (CP)—King George will officiate tomorrow at the launching of the King George V. It will be one of the mightiest and most modern battleships afloat and will signify the intensive rearmament and defence program which is going on in Great Britain. It is a 35,000-ton vessel. In connection with the launching, the King will be heard from C.B.R. Vancouver at 7:25 Pacific Standard Time tomorrow morning with a re-broadcast in the evening.

Woodworth Motion Again Talked Out

House of Commons Takes No Action In Regard To Resolution On Union Activities

OTTAWA, Feb. 20: (CP)—For the third year in succession, a motion by J. S. Woodworth, C. C. F. leader, which would make it a criminal offence for employers to interfere with union activities of employees, was talked out of Parliament at the end of the week.

Natives Of Kitwanga Think Railway Should Recompense Them For Pole Exploitation

The Native people of Kitwanga, picturesque village on the banks of the Skeena River, about 150 miles east of Prince Rupert, which for many years has been a point of feature interest for tourists on the line of the Canadian National Railways, are beginning to feel that they are entitled to some recompense from the railway company and are making representations with a view to obtaining it. They are asking that they be given consideration in the way of employment as laborers or tie makers.

Some years ago the railway company carried out considerable work in the way of renovation and remounting historic totem poles at Kitwanga which at that time were falling into a state of disrepair. Some of them were embedded in concrete. They were repainted and generally brightened up. On them were placed framed legends of their history. Three years ago this summer a big flood on the Skeena River went through the village, inundating some of the totems and damaging others. Now the railway company has expressed its desire of again repairing the poles.

The chiefs and people of Kitwanga, in meeting, decided that they had no objection to the railway company again putting the ancient memorials of their fathers in shape for use as a tourist attraction but felt that, in return, they should be given some employment in the way of recompense. A resolution to this effect was passed and is being communicated to the railway company.

The matter of the totem poles is just another instance of the growing feeling of the Indians that they are entitled to some sort of a "New Deal" or more adequate recognition of their aboriginal rights. Trapping was another question that was taken up at

SKI RACING INTERESTS

E. Johnson Won Cross-Country Event on Mount Oldfield

The Sons of Norway and Mount Oldfield Ski Clubs held an open cross-country race yesterday afternoon which was won by E. Johnson. The event was witnessed at various points by a large number of spectators, the weather being ideal for the sport. The race covered a course of three to four miles commencing at the Sons of Norway cabin, circling around the Mitchell cabin to the summit of Mount Oldfield and then down to the Mount Oldfield cabin where the race terminated. F. A. MacCallum of the Bank of Montreal was official starter and time recorder. There were twenty contestants, including skiers from the local clubs and also some out of town skiers.

The race resulted as follows:
First—E. Johnson, Sons of Norway Club, 29.2 minutes.
Second—J. Freidhelm, Sons of Norway Club, 32.2 minutes.
Third (tied)—R. D. Minion, Mount Oldfield Club and W. Mason (Vancouver) 37 minutes.

Peru Revolt Is Put Down

LIMA, Peru, Feb. 20: (CP)—General Rodriguez was killed last night in an attempted seizure of the Peruvian government after President Oscar R. Benavides and other ministers had left the capital on a holiday trip. Loyal troops thwarted the efforts of Antonio Rodriguez who was minister of the interior and an old friend of Benavides. Rodriguez was shot by an army sergeant. Precautionary measures have been enforced following the short-lived revolt.

Dictators Endeavouring to Diffuse Influence of Democracies—Franco Insists Upon Complete and Unconditional Conquest

LONDON, February 20: (CP)—With prospects of an early conclusion of the Spanish civil war on the basis of an unconditional surrender by the loyalist government to the insurgent General Francisco Franco, the condition of international affairs is developing symptoms of another crisis of major proportions. Totalitarian nations of the Berlin-Rome-Tokyo axis, observers generally believe, are so moving as to diffuse the influence of such nations as Great Britain, France and United States. On the one hand, Japan is threatening to menace French Indo-China after having seized the forbidden Island of Hainan from China. Increasing of Japanese pressure in the Far East is anticipated to result in the diversion of French fighting forces to that theatre, leaving the way clear for Germany and Italy to pursue their colonial demands in the Mediterranean and African area. These are among the disturbing factors of the day.

The fall of loyalist Spain it was reported last night would be followed by a conference either in Genoa or Milan within the next two weeks between Premier Benito Mussolini of Italy, Chancellor Adolf Hitler of Germany and General Franco on problems arising out of the conflict.

Meantime French negotiations with Franco for Spanish peace and recognition of his nationalist regime were suspended today after Franco ruled that only unconditional surrender of the Republicans or final victory for the Nationalists could end the war. This was evidently Franco's answer to a reputed loyalist authorization yesterday to have Great Britain and France negotiate a truce on the basis of only one condition—that there be no reprisals and that amnesty be granted all soldiers, officials and those who fought for or assisted loyalist Spain.

Richard Butler, Under Secretary of Foreign Affairs, told the House of Commons today that the Italian government proposed to send 36,000 additional troops to Libya in North Africa, increasing the Libyan garrison to 60,000.

From United States came word that President Franklin D. Roosevelt, on his way to the Caribbean Sea to review United States naval manoeuvres, was prepared to return to Washington should the international situation, which he is watching closely, appear to make it advisable. The president left Key West on the battleship Houston on Saturday and is not due back until March 3.

Tobacco Company Employees Given Service Dividend

MONTREAL, Feb. 20:—For the fourth consecutive year workers to the number of about four thousand in the employ of Imperial Tobacco Company of Canada Limited will receive a service dividend amounting to approximately \$220,000 representing five and a half percent of wages earned during 1938. It was announced by the company today.

This service dividend is evidence of the company's desire to reward its employees for loyalty and efficiency and to enable them to participate directly in its prosperity.

Payment of the present service dividend brings the total amount of such dividends paid to date to \$340,000.

Imperial Tobacco employees also benefit through group insurance, a sick benefit plan, a pension fund and a weeks' annual vacation with pay for factory workers.

METHOD IS WRONG

The recent episode in connection with the letting of the contract for Bren guns makes it clear that some people expect to make good profits out of the manufacture of arms. That is something that might be changed by having the government own and control all arms and munitions factories. There is too much at stake to continue the present hit or miss method. Those heavily interested in the making of arms and munitions might be swayed or might sway others with a view to bringing about war conditions or continuing them in order that profits might be made.

While government ownership and operation has not always been efficient, it would be freed from the possibilities of making profits from the lives of fellow citizens.

IS IT A DANGER?

Quebec intends to prevent any change in the constitution of Canada which might enable the country to put in force such laws as unemployment insurance or minimum wages for the whole country. Standards of education also will be kept low. This is a danger to the whole of Canada. Competition of poorly paid residents of Quebec province is a danger to industrial life in the west and also tends to keep down the standard of living. Speaking recently in the Quebec Legislature Premier Duplessis said:

"Quebec will not allow itself to be assimilated. No one will touch the autonomy of the province of Quebec. We have a faith, a mentality and traditions of particular character and only we can decide what is best for us. I will allow no one to come and try to run this province or put obstacles in the way of its progress."

PROJECTED SPRING CAMPAIGN

It is a curious fact that the campaign understood to be undertaken by the Chinese against the invaders is the one planned by German advisers who were recalled by Germany last year. Guerilla armies are said to have been formed who will harass the Japanese and co-operate with them will be modern airplanes from the United States and other countries. Additional troops are said to have been trained by the Chinese to supplement those who took part in the fighting in the fall.

While it is hard to think that the Chinese can have any hope of driving out the invaders, the Chinese are very confident and to back up their claims, they declare that so far their plans have been carried out without a hitch.

HOOP GAME WAS CLOSE

Prince Rupert Defeats Port Simpson By Score of 26 to 24

Twice only has Port Simpson dropped a decision on the home court. The second defeat was at the hands of the Standard Oilers—Prince Rupert on Saturday night by the close score of 26 to 24.

Played by the Prince Rupert team as a warm-up to the New Metakata series, the game certainly won its point. Due to the floor play was fast and the checking hard. At several different times play succeeded in escaping the referee's control much to the delight of the spectators.

Despite the fact that the locals were shooting poorly they managed to hold the home town's lead to a meagre few points. With five minutes to go the Young People's Educational Association led 24 to 21. A basket and penalty shot by Bevon, followed by a long shot by Morgan, put the Prince Rupert team in front. A weakened defense, Murray having been forced to retire with a foot injury, managed to hold the slim lead until the final whistle. Full time score was 26 to 24.

Dominato and Campbell were outstanding for the visitors and Obachini, latest addition to the Oilers, proved himself to be a decided asset.

The trip was made aboard the gas boat Mary Lou.

NIGHT COUGHING CAN OFTEN BE PREVENTED

If your child often coughs at night because of even a slight cold—do this at bedtime: Thoroughly massage Vicks VapoRub on throat, chest, and back. VapoRub's positive-vapor action tends to keep the air-passages clear, helping to maintain normal breathing through the nose, and so reducing nasal breathing (the frequent cause of night coughs). Try it tonight! Learn for yourself another reason why VapoRub is a family standby in more homes than all other medications of its kind put together.

Fish FOR DINNER?

THAT'S Great

Baked Fish

Select an oily meated variety of fish weighing from 3 to 5 pounds, clean and scale, removing the fins with scissors. Rub the inside of the fish with salt, saw up the cavity and place, back up, in a well oiled baking pan. Brush all over with cooking oil and place in a hot oven (500 deg. Fahr.) for 10 minutes or until the fish begins to brown. Reduce the heat to about 350 deg. and continue to bake for 30 to 45 minutes, depending on the thickness of the fish. Serve on a hot platter with potato balls in cream sauce to which chopped parsley has been added. Garnish with sections of lemon.

Fish Balls

- 1 cupful of fish, cooked and flaked
- 2 cupfuls of mashed potatoes
- Salt and pepper to taste
- 1 egg, beaten

Combine the fish and mashed potatoes. Season to taste with salt and pepper and combine with the beaten egg. Form into balls and fry in deep, hot fat (375 to 400 deg. Fahr.). Serve with halves of hard-cooked eggs on a hot platter accompanied by cheese sauce. Garnish with fresh parsley.

● That's what every member of the family says when you serve one of the tempting dishes that can be made from Canadian Fish or Shellfish.

The hardy fishermen of Canada catch over 60 different kinds of Fish food and Shellfish from which you can choose, and every one of them can be served in different, appetizing ways. Whether you like Fish fresh, frozen, smoked, dried, canned or pickled, you will find it rich in flavour, nourishing, health-giving and economical. It comes to you, everywhere, all the year 'round in prime condition, thanks to modern Canadian facilities.

Serve Fish to your family more often. They'll enjoy it, and it's good for them. And it's pretty easy on the pocket-book, too!

ANY DAY A FISH DAY

Consider Your Eyes

Each year at this time all members of your family should pay attention to their vision. More and brighter Sunshine, greater activity, long hours, are some of the reasons for giving your eyes a full Optometric examination this week.

- 1 Many people feel more active and able, and see the world of beauty about them, for the first time after their Optometrist has successfully corrected their vision.
- 2 Children respond quickly to properly corrected eyesight, and show improvement in reading speed and comprehension, as well as in general health.
- 3 Automobile drivers, all of whom must take Governmental visual tests, may save time and embarrassment by having their Optometrist give them an eye examination at once.

Because this week has been set aside throughout North America as SAVE YOUR VISION WEEK, you are urged to co-operate for your own benefit.

CANADIENS WIN TWICE

Still Have Chance To Get In National Hockey League Play-offs—Maple Leafs Also Win Couple

NEW YORK, Feb. 20: (CP) — Week-end play in the National Hockey League was productive of some surprise results which may have an important bearing on play-off positions.

The Toronto Maple Leafs and Montreal Canadiens both added to their credit in the standing columns. At the Maple Leaf Gardens Saturday night two goals scored by Toronto in the second period gave the team a two to one victory over the New York Rangers and last night the Leafs took a four to three overtime victory from the Black Hawks at Chicago.

The Canadiens, at Montreal Saturday night, scored five goals in a hectic third period to defeat the Americans seven to two and then went down to New York last night to win again by a count of five to four. The Canadiens had been regarded as being just about out of the race as far as play-off position was concerned but now, only one game behind the Chicago Black Hawks, they would appear to still have a very definite chance providing the breaks go their way.

The Detroit Red Wings, by virtue of a four to one victory over the league leading Boston Bruins last night, went into fifth place ahead of the Chicago Black Hawks.

Results of week-end play in the National Hockey League were as follows:

Saturday	
Americans, 2; Canadiens, 7.	
Rangers, 1; Toronto, 2.	
Sunday	
Boston, 1; Detroit, 4.	
Canadiens, 5; Americans, 4.	
Toronto, 4; Chicago, 3 (overtime).	

Tomorrow night Detroit will play the Rangers at New York and Chicago will be at Boston.

The National League standing to date:

	W	D	L	F	A	Pts.
Boston	27	2	9	105	52	56
Rangers	21	4	10	101	67	46
Americans	15	9	16	93	65	39
Toronto	15	7	17	93	86	37
Detroit	12	6	19	75	95	30
Chicago	11	7	19	72	69	29
