INTELLECTUAL PRIDE

Lord Baldwin thinks intellectual pride is conceit and conceit is the most vulgar thing in the world. And yet has ended with J. Boyles, nation-Lord Baldwin is only partly right. Those people who are at champion, defeating J. Armclever did not make themselves clever. They did not even strong in the 14th game. The game Gene Sarazen, Denny Shute And make themselves industrious and able to develop their decided the 1938 title. eleverness. At the same time it must be a wonderful thing to be very clever, except that there are so few other clever people with whom to associate and to associate with people who are not clever would be a bore. A person who is clever should glory in the cleverness but should care- ney fully avoid making any display of it. He should feel that taken he is one of God's chosen people but should always avoid there. In both cases they have in a deadlock at 287 for first place showing superiority.

We have known people who thought themselves clever because they attended a certain kind of school or university, thus having an advantage over others, an advantage which usually is provided at the expense of the commonplace hard workers of the country. They often display a vulgar conceit. To be clever is wonderful but to parade it is snobbish, vulgar.
