Crisis In Far East Is Still Unsettled; Japan Remains Firm

Great Britain Still Hopeful for Settlement But is Preparing for Extreme Measures—United States is Also Concerned

TOKYO, June 20.— Any British proposal for third power intervention in seeking a settlement of the Anglo-Japanese troubles in China will be "Utterly unacceptable" to Japan, the influential newspaper Asahi said Monday. The warning followed reports that Britain would ask the United States to seek a peaceful settlement of the dispute.

The newspaper demands the recall of the British ambassador to China because of his alleged activities in favor of the Chinese. Japanese officials said that, if the British decide to take economic measures against Japan, the Japanese will take necessary steps to combat them. A spokesman said:

"If British propaganda is successful in bringing widespread economic reprisals against the Japanese, then the Japanese military authorities would consider such action automatically released them from obligation to protect foreign rights in China."

Situation Getting Serious

TIENTSIN, June 20.—The British concession, blockaded by armed Japanese troops, has now a food supply sufficient for only twenty-four hours and the imprisoned population is faced with the additional problem of caring for thousands of hungry Chinese who have sought refuge there. H. S. R. Barnes, secretary of the British municipal council, revealed the acute state of the food supplies as Japan's military blockade of the British and French concessions entered its seventh day without prospect of immediate settlement. Japanese sentries at the barricaded entrances to the British concession allowed Chinese to enter in large numbers, but permitted few of them to leave. Children suffered from a shortage of milk when the Japanese halted Russian milkmen from crossing the barriers. The price of meats tripled and vegetables, even of questionable quality, were almost unobtainable.

The Japanese army organ, "Yung Pao" asserted that Chinese residents of the British and French concessions would refuse to pay taxes in the areas. Chinese quarters denied this but Japanese officials warned that the blockade will not be lifted unless Great Britain alters her present anti-Japanese attitude, ceases supporting Chinese nationalists and co-operates with Japan in establishing a "new order" in China.

It is feared that the packing of the British area by Chinese will soon deplete the emergency stores of flour and rice in the concession warehouses along the Hai River.

One hundred and twenty British women and children were evacuating Wednesday from the beleaguered British concession on a small river boat for Tangku. Chinese employees of vital services have begun quitting their jobs under Japanese threats of death to their families.

Still Hopes to Settle

LONDON, Jun 20.—The foreign affairs committee of the cabinet met for the second time today to consider the Far Eastern situation. In addition to the Tientsin crisis, Moscow negotiations were considered. Key ministers remain hopeful that Japan would indicate a willingness to compromise the dispute but nothing has occurred to relieve the situation. Officials of the Foreign Office, the Board of Trade and the treasury have prepared a report on possible economic measures which could be taken in reply to the Tientsin blockade.

Britain still looked to the United States to stand beside her in the event of a showdown on Japan's demands for wider authority over the foreign areas of China and British newspaper correspondents in the United States reported that American opinion is "hardening" against the Japanese.

Informed sources said that Great Britain was awaiting an explanation of Japan's intentions before taking retaliatory action.

British authorities in the north China port of Shanghai have urged their nationals not to move beyond the limits of the concession there in view of increasing animosity toward them.

United States Concerned

WASHINGTON, June 20: (CP)—Secretary of State Cordell Hull expresses concern of the United States with "broader aspects" of developments at Tientsin, adding that the government is "observing with special interest all related developments in China."

Draftsmen of foreign policy legislation in the House plan to steer the Administration's Neutrality Bill toward a vote this week. Meanwhile they are turning attention to various measures designed to curb Japanese aggression in the Far East by means of economic sanctions. The Japanese question will come before a House group on today when consideration will be given to a number of anti-Japanese bills.

Two Americans Arrive At Alaska Town After Thirteen Months' Trip From New York

FAIRBANKS, Alaska, June 20: (CP)—Richard Slobodin and Robret Fuller, who arrived here at the week-end, completing a thirteen month canoe voyage from New York to Fairbanks, described yesterday how they were unable to hire guides for the hazardous six hundred mile crossing of the continental divide, accordingly making the trip themselves. Indians refused to make the trip at any price because of ice jams and flood waters on the Rat River between Fort McPherson and Fort Yukon.

NEW DEAL ASSAILED

Newspaper Publisher Dubs Third Term "Senseless"—Solon Charges Strife Being Stirred Up

WASHINGTON, June 20:—Frank Gannett, newspaper publisher brands President Roosevelt's administration as a failure and calls on him to resign immediately Gannett asserts that agitation for a third term for the President is "senseless" and the country should be considering rather "how it can force the President to cut short his second term."

Representative J. Thomas, New Jersey Repbulican, charged in a radio address Sunday that the New Deal is the average man's worst enemy and has gone out of its way to breed class strife. He charged the administration is creating a wave of racial and religious intolerance which is menacing liberty and even democracy itself.

NEUTRALITY OF STATES

Missouri Senator Believes Public Reaction Will Prevent Repeal Of Embargo Clause

WASHINGTON, June 20:—Senator Clark of Missouri predicts that public reaction will defeat administration efforts to repeal the United States embargo clause of the neutrality law. Contending it was public disapproval that thwarted efforts to enlarge the Supreme Court in 1937, Clark said, "The same thing is likely to happen now that happened in the Supreme Court fight."

TRAINING FOR AIR

Civil Aviation to Get Impetus In Pilot Plans

By ROSS MUNRO
Canadian Press Staff Writer

OTTAWA, June 20: (CP)—A "university of the air," primarily to train military pilots but also to develop civil fliers, is being set up by the federal government.

Like orthodox universities it will have a four-year term but at this flying institution the students will be paid at least $4 a day for offering their services instead of paying for their tutelage.

The Dominion's latest "college" is scattered across the country at eight airports, at Camp Borden and at Trenton, Ont., where young men will be trained for the Royal Canadian Air Force as part of Canada's expanding defence program.

Young men taking out short service commissions with the R.C.A.F. will train for 50 weeks at flying clubs in eight Canadian cities and at the two air stations in Ontario under the new program the national defence department is starting at this time.

After the training period, for which they receive $4 a day, they graduate formally into the Air Force where they are obliged to serve three years. During their service in the regular fighting squadrons of the R.C.A.F. they are paid $5.75 a day for a pilot officer, $6.44 for flying officer, $7.81 for flight lieutenant and $9.04 for squadron leader. Various allowances are made for rations, quarters, uniforms and marriage.

Five per cent of this salary is deducted to be paid the pilot when he leaves the service after the four-year term and besides this a $500 a year gratuity for the three years in the squadrons also is guaranteed when he withdraws to private life.

With this nest egg, the defence department feels the man who spends four years in the R.C.A.F. on a short-service commission has ample means to rehabilitate himself in civilian life.

Create Reserve

If he leaves the force at the end of the period he retains his connection with the R. C. A. F. for a six - year period through transfer to the reserve force. He has certain liabilities on the reserve. He might be pressed into service for training or action in time of national emergency or in defence of Canada against actual or apprehended attack.

In this manner, the defence department hopes to build a strong supply of military pilots in the Dominion and create a big reserve of flying men. It also is anticipated that civil aviation will benefit from this short-service training plan for many young pilots probably will consider the four-year service in the R. C. A. F. merely as an educational stepping stone to commercial flying. Without expense to themselves, it will prepare them for future work in the skies piloting commercial airlines planes.

The new scheme has met with great success as far as registration, defence officials say. Hundreds of applications have been received for the 76 pilot posts to be filled this year. In the intermediate and advanced stages 50 British recruits for the Royal Air Force will train with those aiming at positions in the R. C. A. F.

In the official document explaining the training plan it is stated that "all candidates must be British subjects of pure European descent." The applicant goes through a medical examination before being accepted and then is sent to the flying schools for elementary training.

Graduates of universities who enrol for permanent commissions and intend to make the R. C. A. F. their career also will be paid $4 a day during the year's training period.

After they obtain their wings, however, they continue right on in the service and do not drop out of the ranks after three more year as the short-service commission pilots do. Apart from the training of pilots, the defence department also has evolved a scheme for training groundmen technicians, mechanics to look after airport equipment and the fighting planes.

NEW CRISIS IN EUROPE MAY BE PRECIPITATED; REICH TO TAKE DANZIG?

British Government and Defence Heads Anxious About Possible Developments Nearer Home During Trouble in Far East

LONDON, June 20: (CP)—British government and defence leaders appear to be anxious over the possibility that Germany and Italy may be tempted by Great Britain's troubles in China to precipitate a European crisis in the hope of catching the British off guard. The next act of aggression by dictators may come as a great surprise—as a bolt from the blue"—and defence heads regard it as most necessary that the whole country should be organized and prepared to meet it. The events in the Tientsin situation, with the support given the Japanese by Germany and Italy, amount to a challenge, it is felt by many, which must be met. Such people feel that, if Britain takes a firm and resolute stand, showing the world that it is ready to enter the struggle, making full use of her wealth, industry and manpower, the war could be won without clash of arms. Hesitation, however, would be bound to result in humiliation and war would be almost inevitable.

Attention is again beginning to turn to Danzig which it is believed by many Germany may attempt to take possession of while Great Britain and France are preoccupied in the Orient. This may be considered by the Reich an opportunity to get the free city back without resort to force. A statement on Sunday of German Propaganda Minister Joseph Goebbels that "no power on earth can stop the return of Danzig to the Reich" is considered as significant

Bulletins

CONFISCATE ARMS PROFITS

LONDON—A sixty per cent levy on excess profits of large armament contractors is announced by the government today The move was forecast when the conscription bill was introduced

MAKES FAST FLIGHT

LISBON, Portugal—Tenminutes short of 24 hours after taking off from Port Washington, N. Y., the Atlantic Clipper landed on the River Tagus Sunday night. The forty-ton flying boat with which Pan American Airways was pioneering a transAtlantic flight, soon is to be thrown open to passenger schedules. Aboard were 16 representatives of newspapers, news services and broadcasting companies making a "press preview" flight.

STRIKE UNSETTLED

SAN FRANCISCO — Federal conciliators failed to break a deadlock which has closed the port of San Francisco to all waterfront commerce requiring the employment of dock checkers. A meeting which lasted only 45 minutes found neither the dock clerks employers association or the ship clerks association of the Congress of Industrial Organizations, changing its stand. The employers asked the removal of pickets from American-Hawaiian steamships company docks and the arbitration of a dispute involving the discharge of 10 dock clerks after their refusal to accept a change from hourly to monthly pay status.

MAURETANIA CROSSING

COBH— Gaily decorated excursion boats Sunday circled the S.S. Mauretania, largest liner ever constructed in English shipyards, giving her a gala send-off on her maiden crossing of the Atlantic.

Weather Forecast

General Synopsis— A moderate depression appears to be approaching the Queen Charlotte Islands but pressure remains high southwest of Vancouver Island. The weather is fair on the coast but continues showery in the interior.

West Coast of Vancouver Island —Moderate fresh west to southwest winds, mostly fair and warm.

SEAPLANE IS WRECK

SOUTHAMPTON, England, June 20: (CP)—The Imperial Airways seaplane Connemara, designed for transAtlantic service, was destroyed by explosion and fire of unknown origin while fueling at a seaplane base near here yesterday. One of six engineers who were aboard is reported missing.

TOURIST MONEY

According to the result of a survey made by the American Hotel Association, the tourist dollar has a wide distribution. Retail stores get 31 cents of it, hotels 25 cents, restaurants 18 cents, theatres eight cents, garages 10 cents and others 10cents. While this may vary in the case of Prince Rupert, which is off the track of motor traffic but on the route of steamship travel, it gives some idea of the general distribution and the value of the traffic to any community.

In the case of Prince Rupert any money expended by tourists is just so much found money. If it is not taken on the day it is here it is taken and spent at some other place. It is a business that is capable of great development and may be of great benefit to any community. Much depends upon the attitude of the people of the community to the tourist. Tourist money is a net gain to the wealth of the community. The place gains a dollar and loses nothing. The more tourists we can attract the more prosperous we become as a city.

CLOSING OF SCHOOL

It seems too bad that it became necessary to rob the children of the Borden Street School of two weeks of their school year in order that university examinations might be held there. It seems like another case of subordination of the public schools to the university. Complaints have been made by parents that they are not well used in this matter and we too feel that things might have been different. We cannot see why it was necessary to hold these examinations before July 1. They might just as well have taken place after the school closed at the end of the month if it was necessary to have an empty school building in which to conduct them.

BRIBING EELCTORS

Complaints are in order now that the proposed expenditure of forty thousand dollars in Prince Rupert for the fishermen's floats in buying them with their own money. The queer thing is that the announcement was not made by the member for the district and that, although preparations for the expenditure have been going on for some time, no mention was made of it politically. But that will not affect the politicians who are in the habit of making reckless charges about election time. If anybody wishes to criticise this proposed expenditure, we suggest that this is a good time to do it so that the fishermen may know who is who.

Three Two and Grotto Tied For First Place And Moose And Lipsett's For Third

Grotto defeated Three Two Taxi 9 to 4 in the Senior Softball League last night and, as a result, the two teams are now in a tie for league leadership. In the second fixture of the evening Lipsett's won 16 to 1 over Acropolis and went into a tie with Moose for third place.

Three Two took an early lead with three runs in the second inning and Grotto made on each in third and fourth before going into the lead with a batting rally in the fifth which netted them four runs. Three Two added another in the sixth but Grotto put it on ice with three in the seventh. Heavy hitting by Herbie Morgan contributed considerably to the Grotto victory.

Jack Lindsay made a home run in leading the batting attack for Lipsett's which smothered the Acropolis boys. Every member of the waterfront team made a run in the sixth frame.

Again a big crowd witnessed the games.

Teams were:

Lipsett's—Johnson ss., Smith 3b. Lindsay p., F. Comadina 2b., Lambie cf., Naylor lf., Stone 1b., Husoy rf., Fred Calderone c.

Acropolis—D. Clark rf., E. Clark cf., H. Lundquist rf., L. Gillis 2b and c., Tassie lf., R. O'Neill 2b and c., Bird 1b., H. Schaeffer ss. R. Schaeffer 3b

Local Baseball Team Working Into Fine Shape For Series With Ketchikan; Who Plays

Unfavorable weather over the week-end interfered with practices for the forthcoming Ketchikan-Prince Rupert series but, in spite of the dampness, a few of the boys were out Saturday night. The team, embodying the pick of Prince Rupert's ivory talent, is rapidly rounding into form and the management promises that it will be in the pink by the time of the opening game. Here are thumbnail sketches of the personalities on the team by Art Murray:

Dido Gurvich—Catcher and manager, Dido Gurvich was born in Douglas, Alaska. He is always the spark plug of our all-star ball teams. Dido announces his arm is in the pink of condition. He has the habit of umpiring while catching so just listen to Dido! He'll call 'em!

Walter Johnson— Captain and youngest of the oldtimers, Walter has played short for a number of years. He has completely recovered from his recent illness and in practices looks as good as new. We were a little afraid Walt wouldn't be there this year but, thanks to modern science, our infield will indeed be strong.

Benny Windle— Battling Benny, the fast stepping little third baseman, is our mainstay at the plate and on the hotspot. Made a name for himself, beating the Vancouver Athletics single handed here in 1930 by cracking a homer with the score tied in the eleventh inning.

Alex Mitchell—Youngest of the popular Mitchell boys is as usual slated for the second base spot. Consistently a heavy hitter and strong defence in the infield, he gives us no cause to worry about his end of the game.

Albert (Sonny) Styles—Styles, the long sturdy basketball star, will see duty on first base this year along with Johnny Comadina. He can stretch and he can jump and, with Johnson and Windle driving them his way, he doesn't even have to do that. Sonny also does his part on the mound but, according to reports, will not be used this season.

Scoop Bury—Scoop, the shortest of our outfield, is in tip-top shape for hooking those long ones and is as usual hitting strongly. This boy has broken many a pitcher's heart and take our word for it he hasn't softened in the least.

Al (Miner) Simondsen—One of the classiest outfielders ever seen in the city hails from somewhere in the east and at times the fans wish he was back there. Out of the game Al is one of the nicest boys on the team but somehow he doesn't like umpires anywhere at anytime.

Johnny Comadina—Johnny is the chatterbox of the team and either at first or in the field you will find he is the peppier member of our hopefuls. Always strong at the plate this boy will no doubt be a very decided asset when the going gets tough.

Jackie Lindsay—Jack is without a doubt the most talented youth in the vicinity as far as sport goes and is the mainstay of our potential pitching strength. With plenty of speed and control there should be no worry when he takes the mound against any outside competition.

Andre (Frog) Letourneau—A local product, Frog learned his pitching at St. Remee College in far off Montreal. His uncle owned a tomato farm where he employed our boy to throw the bad tomatoes out of the fields and unknowingly developed his strong arm. This boy has one of the finest hooks seen here in a number of years and, if there's control, there are strikeouts.

Big John Schroeder—Fresh from the bush leagues this big southpaw is the problem child of the team and will either make us or break us. He has speed to burn, size and strength, a good hitter and he's one hundred per cent a sportsman.

How Play Went In Junior Football

In Saturday's Junior High School football play-off Beta started well with a run by the forwards, O'Neill and Simundson, with Pierce bringing the ball through the defense but shooting behind. Alpha then took the offensive and displayed some clever combination among the forwards culminating in the opening of the score by Lee. In the following period the play was up and down the field. Paterson was called upon to save from Pierce. A faulty goal kick allowed Simundson to get close in and score the equalizing goal for Beta. A few minutes later clever working by Simundson put Beta ahead. Lee made a fine run and crossed to Eby whose drive for goal was deflected by Bird. Shortly afterwards, Lee made another solo run and, with a hard drive, again equalized the score. Bird and Perkins made a strong combination at back as did Dawes and Alexander for Alpha. Simundson scored again with a shot from close in. A penalty caused by Bird's handling was converted by Lee with a low shot. Two more goals were added to Beta's score by Simundson and Holkestad before the end of the half.

In the second half Alpha was all out to win but every run was stopped by the Beta defence. Lee's solo runs came to nothing, his supporting forwards being too light. Ciccone, at half, was neat and placed well. O'Neill drove at goal, his shot was stopped by the goalie but Simundson scored from the rebound. A movement including Wong and Leverett allowed Eby to put in a centre which Lee drove into goal. Lee followed this with another goal a few minutes later and again with a high shot scored the equalizing goal. Holkestad and Simundson got through but Pierce drove behind. Full time score was 6-6.

Beta went to pieces in the overtime period and, as a result, Alpha very easily added three more goals to its list, making the final score 9 to 6 in its favor.

The line-ups:

Alpha—Holkestad; Perkins, Bird; McRae; Pierce, Simundson, O'Neill.
Beta—Peterson; Dawes, Alexander; Ciccone, Wilson, B. Wong; King, Eby, Postuk, Lee, Leverett.

Referee—J. Clark.

Linesmen—V. Fields, Joe Davis.

Alpha Juniors, being champions of the league, thus win the Rochester Shield.

Two Junior Ball Games Are Played

Two Junior Baseball League games were played over the week-end. On Friday night Fraser Street scored a ten to nine victory over Health Eaters. It was the first game for the latter who put up a good fight against odds. On Sunday McClymont Park won over Fraser street six to five.

Teams in the Friday night game were:

Health Eaters—Blackhall, Holkestad, Timmermeister, Kihara, Grimsson, Davies, Knutson, Joy and Johnson.

Fraser Street—Bill, O'Brien, Barton, Long, Pavlikis, Arney, Montesano, Postulo, Killas and Gurvich.

Umpires were Saterbane and Holkestad.

There are now three teams in the Junior League and good competition from now on is anticipated.

Farewell To Miss Deacon On Leaving

Practically all the residents of Port Simpson gathered on Saturday evening in the Y.P.E.A. Hall to bid adieu to Miss L. M. Deacon of the Crosby Girls' Home who has resigned after 33 years of faithful service. P. Price, chairman of the session of Grace United Church, presided and had charge of all the arrangements.

Three presentations were made to Miss Deacon, one from the choir of the church, another from the former pupils of the school and another from the present pupils, all of which were acknowledged by the recipient who said she felt deeply the separation from a community which she has served so long.

Refreshments were served at midnight.

Miss Deacon is returning to her former home in Ontario.

Hill Sixty Chapter In Final Meet

Last evening at the home of Mrs. George Abbott, Fifth Avenue East, Hill Sixty Chapter, Imperial Order, Daughters of the Empire, held its final meeting of the season.

Great satisfaction was expressed by the Regent, Mrs. G. E. Moore, at the amount realized on Saturday at the annual Rose Tag Day.

The hospital committee reported that the beds and cots had been painted in the children's ward in readiness for their removal to the new hospital, also that new mattresses were being ordered.

Arrangements were made for the Chapter to hold a picnic on June 28 at Cloyah Bay.

Daily advertising in the Daily News is sure to bring daily results.

Chateau Jacklin Nearly Emptied

Two prisoners in the city jail here have benefitted from the month's remission of sentences ordered following the King's visit for all prisoners in Canada serving sentences of three months or more. One of the prisoners got the full month off a three month term and was released. Another had only a few days of the three months still to serve when the amnesty came so he was also given his freedom. One was doing time for supplying an interdict and the other for supplying Indians. With two other prisoners overnight this afternoon saw only one guest still registered at Chateau Jacklin.

SAUNDERS CONVICTED

Johnny Saunders was convicted in city police court this morning by Magistrate McClymont on a charge of selling liquor and was fined $300 with option of three months' imprisonment. He had not paid the fine up to noon and was still in jail.

CONSTIPATION HOLDS YOU BACK

● You cannot make much of a success in life if you are dragged down by constipation. Your trouble may be due to nothing more than a diet deficiency of bulk . . . eating foods which do not provide the "bulk" needed by the bowels for regular movement. If you suffer from this common type of constipation, get at the cause of your trouble by eating crisp, crunchy Kellogg's ALL-BRAN every day for breakfast and drinking plenty of water. ALL-BRAN contributes to the needed "bulk" and is a rich source of nature's intestinal tonic Vitamin B1. Try ALL-BRAN and see how differently you feel.

NEW AND BETTER
COLD CURED ICE
For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system.
Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.

Man in the Moon

Now that the King has gone we seem to be getting back to more series of crises. I suppose we must have something to read.

The European and Asiatic correspondents seem to have plenty of time to manufacture interesting dispatches from the controversial fronts.

It was a cruel blow to the Hon. W. D. Herridge when the Communist Party of Canada decided to give him its support.

Another week-end and the clouds were heavy. What about a fishing expedition?

Jake says he plans to keep his store open with the Prince Robert coming south this Sunday.

Mrs. Gilwaddy: "Why, it's a disgrace how Mrs. Whiffle carries on at the sewing circle."

Another Backfencer: "Is she an active member?"

Mrs. G.: "Mercy no! She just sits there without saying a word—and sews!"

A codfish lays a million eggs
While the helpful hen lays one,
But the codfish does not cackle
To inform you what she's done.
And so we scorn the codfish
The helpful hen we prize,
Which indicates to thoughtful minds
It pays to advertise.

Five thousand Prince Rupert people read the Daily News. It pays to let them know what you have to sell

Having made a call at Big Bay for box lumber this morning, Union steamer Catala, Capt. James Findlay, arrived in part at 3 o'clock this afternoon from Stewart, Anyox and other northern points and sailed shortly thereafter for Vancouver and waypoints.

Nine halibut vessels marketed catches totalling 268,000 pounds at Seattle yesterday as follows: Martindale, 40,000 pounds, Booth, 7½c and 7c; Atka, 29,000, McCallum, 7⅜c and 7c; Vansee, 40,000, Washington, 7⅛c and 7c; Kodiak, 29,000, New England, 7¼c and 7c; Kanaga, 40,000, Whiz, 7⅜c and 7¼c; Tongass, 38,000, Sebastian, 7⅜c and 7⅛c; Addington, 7,000, Whiz, 7⅝c and 7c; Ethel S., 18,000, San Juan, 7⅛c and 7c; Eastern, 17,000, San Juan, 7½c and 7c. The Ethel S. also sold 1,000 pounds of ling cod at 3c and the Addington 8,000 pounds of red cod at 3c.

Indian Department's cruiser Naskeena left this morning for Port Simpson and the Naas River, having on board Indian Agent W. E. Collison and Dr. A. L. McQuarrie, medical officer for the Department of Indian Affairs.

Dr. Kidd of Vancouver Has Crew Of Men At Gold Harbor Property

QUEEN CHARLOTTE CITY, June 20.—Dr. Kidd and party of mining men from Vancouver have arrived in their own motor boat and are now at Gold Harbor mine. Dr. Kidd had a small crew working on this mine all last winter taking out ore which was shipped to Tacoma smelter.

Gold Harbor was the first gold mine to be operated in British Columbia in 1852. At that time $250,000 worth of free milling gold ore was saved while an estimated $750,000 was blown into the harbor.

King and Queen Had Busy Day in Chief City of Newfoundland—Speeding Homewards Now

St. John's, Newfoundland, June 20: (CP)—King George and Queen Elizabeth received the homage and acclaim of Newfoundland on the last stop of their North American tour Saturday. Their Majesties drove into the capital from Holyrood, twenty-six miles away, where they landed earlier in the morning from the Empress of Britain which anchored in Conception Bay because St. John's Harbor was too small.

The King, in a broadcast address, spoke with feeling of Newfoundland's economic reverses of the past few years and expressed hope that there would be a change for the better.

Their Majesties were met by city officials at the entrance of the city and commission government members at Government House.

Fishermen and others roared a welcome along the route.

The King laid a wreath on the war memorial in addition to investing five Newfoundlanders with birthday honors in a ceremony unprecedented outside of Great Britain.

Embarking Saturday afternoon at Portugal Cove, Their Majesties were given a farewell as warm and thrilling as had been their reception.

The King and Queen are now in midAtlantic speeding homewards.

YANKS IN WIN AGAIN

Only Three Games Completed In Big Leagues Yesterday

NEW YORK, June 20: (CP) — Only three Big League baseball games were completed yesterday, both of these being in the American division. New York Yankees defeated Detroit Tigers eight to five to increase their margin of leadership over Boston Red Sox to eleven full games. St. Louis Browns and Washington Senators split a double-header. Rain broke up the only National League game—Brooklyn vs. Chicago—with the count standing even at three all in the eighth inning.

Growth is so rapid that it is difficult to keep the weeds down. Foliage is becoming rank and, after a late spring, we are getting almost to normal. A meeting of the Horticultural executive will be held soon to set a definite date for the annual flower show.

The weigelas blooming on the post office grounds are attracting considerable attention. The bushes were planted only recently and the results have been excellent. The budlleia are also growing well and should bloom during the summer.

Jack Fuller is a proud man today. Several years ago he planted an incarvillea but, although it grew, it refused to bloom until this year. Now it is in bloom, a very beautiful old rose flower with a yellow centre. The variety is incarvillea grandiflora. Incidentally Mr. Fuller's garden is looking very well and gives promise of having a lot of bloom soon.

Some of the lilacs are very fine just now. Eddie Smith, who is living at the end of Graham Avenue, has a young tree covered with bloom. He also has done great work in the garden generally, it being very much improved over the past few years.

Broom has been increased in the city. Some people have been making free with some of the bushes, boughs being stripped and carried home. It is hoped that parents of children will check up on them when they bring in branches of flowering shrubs.

It is a great thing after a rain to go over the garden with a hoe, cultivator or rake and loosen up the earth which has become packed. This also checks the growth of weeds which have started under favorable rains. Yesterday I noticed several gardens that had been gone over while I was gadding around sticking my nose into my neighbors' business instead of sticking to the gardening business at home.

Great interest has been taken in trollius this year. The best bed I have seen is that in the centre of Joe Naylor's lawn. They are light orange color. Some plants of the same flower are light yellow. They are now almost over for the season. Dr. Hankinson had about fifty plants in his new garden that will show up to much greater effect next season.

By the way, have you seen Joe Naylor's lawn. It is smooth as a carpet, free from moss or weeds and is a delight to the eye and to the foot. Better take a few lessons from Joe this year if you want to win the Nicholls prize at the annual competition. Mowing regularly and rolling occasionally seems to me to be half the battle.

Apple trees have been blooming well this year and I hear that some of them bear well. There are some good ones across the creek. Jack Wynne on Eleventh and Conrad has been showing his to admiring friends.

A garden that is worth watching is Jock Murray's on Frederick Street. They say Jock stays out at night and talks to his sweet peas. At any rate he makes them grow so rapidly that they dodge the slugs and get up the poles ahead of them. He says its the Scottish seed and the Scottish dialect that brings them along. If you want to grow flowers that really are flowers just talk the language and you get results.

Terrace Looks Very Inviting

Terrace never looked so well as it does today, according to G. E. (Barney) Phillipson, who has been there looking after the preparations for the Canadian National Recreation Association excursion to that place on Dominion Day.

Mr. Phillipson says the Terrace People expect a bumper strawberry crop and, in fact, all crops look excellent. The people there are all looking forward to entertaining the Prince Rupert visitors and insure that the best time possible be had.

Barney says it is worth a week's pay to see the trees and the river and the people 'neverything. He does not see how anyone can stay away.
