SURPRISE IS UNIVERSAL OVER LATEST LINE-UP IN INTERNATIONAL AFFAIRS

Whole Trend of European Relations May Be Affected by Russ-German Accords—Situation More Complicated As Military Preparations Become Intense

LONDON, August 22: (CP)—While Poland was today reported to be sending troop reinforcements toward her frontiers facing Germany and Slovakia as a general precaution against similar reported increases by Germany, a startled Europe was endeavouring to adjust itself to a further complicated international situation due to the sudden announcement of a non-aggression agreement between Germany and Russia.

Whaling Vessels Reported To Be Operating Outside Of Queen Charlotte Islands

While endeavouring to check on reports made by halibut vessels at Seattle that five Japanese whaling vessels with a mother ship were operating off the Queen Charlotte Islands, Dominion Fisheries officials expressed the opinion that probably nothing could be done about it even if the reports were true as the operations would be proceeding in international waters.

Indeed, it is outside the territorial limits where whaling usually goes on, even for the Canadian stations on the Queen Charlotte Islands which are inactive this season on account of unfavorable market conditions.

Gertrude Wepsala Makes Ascent Of Athabaska On Skis

PRINCE GEORGE, August 22: — Gertrude Wepsala, Dominion ski champion, made Canadian mountaineering history Sunday as the first woman to conquer the difficult ski ascent of the head of Mount Athabaska.

The Vancouver star and two professional skiers, Peter Vajda of Switzerland and Ted Bishop of Edmonton, reached the summit of the 11,452 foot snowcap seven hours after starting out from the lower tongue of Athabaska glacier.

Only previous ski ascent of Mount Athabaska was recorded in June by Benno Rybizka, former instructor at the famous Arlberg Ski School in Austria. Miss Wepsala's ascent was made under snow conditions of mid summer up the centre glacier of the north face of the mountain, high above the vast snowfields where she has been training for the 1940 international competitions.

RUSS STAMPS SALE

Russia Is Not Believed To Be Tied Up Unreservedly To Reich As Result Of New Accord

Believed to Contain Clause Permitting Freedom of Action in Case of Attack Upon Poland—Active Plans for War—British Parliament Called Into Session

LONDON, August 22: (CP)—Yesterday's announcement in Berlin and Moscow that Germany and Russia would sign a non-aggression agreement brought at first a reaction in London of decided gloom and pessimism. Since then, however, there has been a change. One of the reasons for this change of opinion is the fact that Russia has non-aggression pacts with several countries—Italy, France and Poland for instance—and in each of them is a clause stipulating that, if the other party resorts to aggression against a third country, the Soviet is free to act and the pact is voided. If the German-Russian agreement is concluded along these lines it would leave Russia free to help Poland if Germany attacked Poland.

A four-hour cabinet meeting followed yesterday's announcement of the non-aggression agreement between Germany and Russia which startled the world last night and tonight the British government called an emergency meeting of Parliament for Thursday to take special defence measures to deal with the critical European situation. Parliament will be asked to rush through a bill to give the government special powers to take any necessary measures without delay. At the same time it was disclosed that further precautionary measures were being taken by the government including the calling up of additional forces in navy, army and air force.

A "shuttle service" by bombing planes across Germany was believed by foreign military experts to be the most striking plan of British-French action to help Poland in the event of war over Danzig. Starting from French bases, British and French planes would loose bombs over Germany, fly on to Poland, refuel and reload with bombs, making another raid over Germany on the way back.

France stood in a state of alert today with reservists called to the colors even before the cabinet met to sign emergency military decrees. Officials made no secret of the fact that they were shocked by the German-Russian negotiations. It might be an attempt by Russia and Germany, they said, to partition not only Poland but Roumania and "as much of central Europe as they can get." There was inclination, however, to doubt this extreme and to view the Berlin-Moscow announcement as a manoeuvre.

Official Poland, according to dispatches from Warsaw, was surprised by the German-Russian non-aggression pact plans and maintained a reserved attitude today. It was responsibly stated that the latest move "has brought absolutely no change in Polish policy."

Sources close to the British government said today that Great Britain's position would remain steadfast and unaltered. In unofficial Soviet sources at Moscow, it was said today that the impending German non-aggression pact would not exclude negotiation of the mutual assistance agreement with Britain and France. British and French quarters believe, indeed, that they may be accelerated as a result. Russia may emerge in the role of peacemaker for Europe.

HUNGARY INQUIRY ON WEDNESDAY

Foreign Minister Thinks it Indispensable in Political Balance of Europe

BUDAPEST, Aug. 22: (CP)—Count Stephen Czaky, Hungarian foreign minister, in a statement last night, said that "an independent and strong Hungary is an indispensable factor in the political balance of Central Europe."

DISASTER IN MILL TOWN

Pine Ridge, Oregon, is Destroyed—Scores Homeless, Damage Heavy

PORTLAND, Ore., Aug. 22.—The American Red Cross is rushing disaster units to aid scores of persons left homeless by a two million dollar fire that destroyed the lumber town of Pine Ridge, Oregon, north of the California border. The fire was believed started by an incendiary. It roared through the Forest Lumber Company plant, destroyed millions of feet of stacked lumber, razed 150 residences, the property, then spread uncontrolled into heavy stands of timber on the Klamath Indian Reservation. No casualties were reported but many residents of the town, forced to flee their homes in the face of the fast moving fire, were unable to save any of their household possessions.

United States Government Making Drive to Dispose of Farm Products

WASHINGTON, Aug. 22.—The administration is speeding an intensive drive to expand old markets and find new outlets for record surpluses of farm products. New crops are straining market facilities. Secretary of Agriculture Henry A. Wallace, in co-operation with the State Department, has ordered an exhaustive survey for possible new foreign markets in an effort to reverse the strong downward trend that already has lost farmers nearly half their foreign customers.

PATTULLO IS COMING

Premier Due In City Tomorrow Enroute To Peace River And Northwest—Discusses Development Plans

VICTORIA, August 22: (CP)—Premier T. D. Pattullo announced yesterday that oil drilling, sponsored by the provincial government, will start in the British Columbia Peace River Block early next year, the exact spot being definitely selected.

The Premier revealed plans for a 5,200 mile flight through the Peace River area, down the Mackenzie River valley to the Arctic Ocean, then across the Yukon and Alaska and through the Rocky Mountain trench. Mr. Pattullo will leave for the north on Wednesday, accompanied by his secretary and newspapermen. He plans to fly from Victoria to Prince Rupert tomorrow and on to Fort St. James Thursday. The Premier said: "I do not know what the Dominion authorities may have in mind concerning the final disposition of the Northwest Territories but I have nevertheless made the request that the boundaries of British Columbia be extended north following the 120th meridian. Now is the time to lay foundations for the future and, indeed, hasten the development of these northern areas."

ISOLATING HONG KONG

When the Japanese took the city of Canton months ago they did not clean up the country with the result that almost all of southern China was still occupied by Chinese forces. Canton is but a few miles from Kowloon, British territory included with the island of Hong Kong, and from this territory the Chinese have been supplied with arms and ammunition and other goods. In its efforts to cut off this supply Japan has had to drive out the Chinese from the area along the Kowloon border and hold it with Japanese detachments. This isolated Hong Kong from that part of China and prevented the running of supplies to the Chinese in the country just north between that area and Shanghai where the Chinese have been increasing their military strength of late.

While Hong Kong is isolated from that part of China, temporarily at least, the colony can still ship goods into China through British India but that is a more round about route and one that is already glutted with goods passing in to keep the Chinese armies in fighting trim. Having a Japanese army concentrated right alongside may also be considered a threat to British interests at Hong Kong. While an army might possibly overrun Kowloon it could not cross to the island of Hong Kong except by water and in doing so would be blown to pieces by the British guns in Hong Kong forts. The northern border of Kowloon is also well defended and it is not likely any attempt will be made by the Japanese to storm the territory from that direction.

The new move will interfere with the trade of Hong Kong but not with its integrity as a part of the British Empire. The defences of the island colony have been steadily strengthened and the only way to strike it is to prevent supplies reaching it from Europe or India and to do that would mean war.

LIFE IN NEW ZEALAND

The Labor Party has had control of political life in New Zealand for four years and today lecturers are going to and fro in Canada telling what splendid results are being obtained. We are not disputing the facts or trying to minimize the work being done in New Zealand but we must point out that, when any government spends more than it collects in taxes, it cannot continue indefinitely, no matter how good the cause for the spending. The United States is beginning to find that true today and the same has occurred in Canada, in British Columbia and in Prince Rupert.

Possibly in four years from now we shall be able to speak with more authority on the result of the Labor policy in New Zealand. Possibly it may work out the way its supporters think or it may not. At any rate it is an interesting experiment and, if it is a success, it will be copied extensively throughout the world. We hope it succeeds.

REDS PICK UP STRIDE

Scored Shut-out Over Philadelphia While Cardinals Lose To Brooklyn

PHILADELPHIA, August 22 (CP)—Cincinnati Reds came out with a bang yesterday from the slump which lost them a doubleheader to the St. Louis Cardinals on Sunday and scored a seven to nil shut-out victory over Philadelphia and increased their margin of leadership to four and a half games over the St. Louis Cardinals who lost 7 to 1. The Brooklyn Dodgers, who can always be counted upon to do the surprising thing, New York Giants lost 4 to 3 to the Chicago Cubs and dropped back into second division below the Dodgers. These were the only Major League games played yesterday.

Big League games scheduled for today are as follows:

National League—Chicago at New York, Cincinnati at Philadelphia, Pittsburg at Boston, St. Louis at Brooklyn.

American League—New York at Chicago; Washington at Cleveland, Boston at St. Louis, Detroit at St. Louis.

Big League standings to date:

SPORT CHAT

While school teachers throughout the country brushed up on the elementary three "r's" Lillian Spaulding of Three Rivers, Mich., took a summer course in advanced baseball coaching at Columbia. Authorities could not discourage the middle-aged school teacher. Said she: "I've always wanted to be able to tell the boys in my seventh grade how to correct their diamond faults. Baseball is a major interest in our boys' lives and I'd be missing a great education opportunity if I were not interested in holding their interest in it," she said.

Sir Harry Oakes, recently knighted Canadian mining magnate, has purchased a 27-hole golf course from the Bahamas government to reconstruct as another step in his plan to develop Nassau into a year-round holiday resort. The course is attached to the British Colonial Hotel which Sir Harry took over early in the summer, and operated successfully. Other development schemes on the island undertaken by the Canadian multi-millionaire include a passenger air service linking the Bahamas, swamp reclamation, sports field construction and bus transportation in Nassau.

Jack Frew Rink In Bowls Final

Qualifies for Concluding Stage in Tip Top Tailors' Competition

Jack Frew's rink, by defeating D. G. Borland's 16 to 10, has qualified for the final of the Tip Top Tailors' Lawn Bowling Cup. The other finalist rink has yet to be determined. In a preliminary round match of this competition Jack Preece's rink won 13 to 10 over George Hill's.

Past Masters Are Best In Bowling

Defeated Master Masons By Score Of 42 to 35 In Special Tournament Sunday Afternoon

Past Masters defeated Master Masons by an aggregate score of 42 to 35 Sunday afternoon in a lawn bowling tournament specially arranged in connection with the visit of the grand master, Dr. C. A. B. Hall of Nanaimo, and the grand secretary, F. S. McKee of Vancouver. It was a close contest until the last end with only one shot difference. Then, however, the Past Masters ran away and made six points to clinch the issue. Weather was very fine and there was a large gallery of spectators including visitors as well as local people. Everybody enjoyed the competition and the Grand Master expressed himself as being appreciative of this as well as other entertainment during his visit.

TENNIS POSTPONED

Owing to absence of participants from the city, further games in the city tennis championship competition have been postponed. In the men's singles Angus MacPhee and C. J. Norrington have to play to decide who will meet O. C. Young in the final. Finalists in ladies' doubles are Mrs. S. J. West and Miss Evy Rivett vs. Mrs. W. I. Miller and Miss Edith Miller.

Vickers-Benson Doubles Champs

Frank Vickers and R. E. Benson have won the city lawn bowling doubles championship by scoring an easy 28 to 11 victory over Jarvis McLeod and D. A. MacPhee in the final.

TO CLIMB MOUNTAINS

Dr. and Mrs. Neal Carter Of This City and Mr. and Mrs. Martin Of Vancouver Tackle Seven Sisters

Their objective being to scale the Meankinist Mountains, better known as the Seven Sisters, Dr. and Mrs. Neal Carter of Prince Rupert and Mr. and Mrs. W. E. Martin of Vancouver left on last evening's train for Cedarvale whence they will cross the Skeena River to start the ascent. As far as can be ascertained, the Seven Sisters have never yet been ascended to their summit. Also making the trip are David and Bruce, sons of Dr. and Mrs. Carter, and George Baker. The boys will remain in camp at timber line while Dr. and Mrs. Carter and Mr. and Mrs. Martin go to the top. Return is expected to be made to Prince Rupert at the end of the week.

Like Dr. and Mrs. Carter, Mr. and Mrs. Martin are members of the Canadian Alpine Club. Mr. Martin is manager of the Vancouver Ice and Cold Storage Co.

Joe Gillis' Performance in Centre Field Helps Grotto to Take Leadership of Softball League

Grotto went into exclusive possession of first place in the Senior Softball League standing last night by defeating Three Two twelve to nothing. In the second game of the evening Lipsett's won 5 to 3 from Acropolis. Superfine weather prevailed and a big crowd was in attendance for the games.

Feature of the evening, if not of the season, was the fine performance of Joe Gillis out in centre field for Grotto. He made no less than nine put-outs himself so it was just too bad for any batters who sent the pill in his direction. For Billy Roma, Grotto hurrier, the shut-out was the third straight victory in a row. Mike Montenegro was also on the job in left field, drawing down a couple of spectacular shoe string catches. Ernie Santebane played a safe and sound game at third and Herbie Morgan was, as usual, right on the job behind the plate. Parlett started on the mound

for Three Two and lasted for three innings after which Andre Letourneau took up the burden and finished the game. Young Bob Smith, on second, did some fast travelling to snare a running catch behind first. Art Murray was catcher for Three Two.

Lipsett's got two runs in the third inning and was never headed. The game was called in the fifth on account of darkness. Batteries were Danny Magnet and Ray O'Neill for Acropolis and Jack Lindsay and Fred Calderone for Lipsett's.

The league standings to date:

Grotto	5	2	74
Moose	4	2	57
Lipsett's	3	2	68
Acropolis	2	5	26

Early Snow Is Seen On Naas River Mounts

Returning Sunday morning from a trip up the Naas River as far as the village of Alyanah, Indian Agent James Gillett reported fresh snow having already appeared on the mountains along the Naas River. This is said to be unusually early for snow to appear in that region.

Mr. Gillett reports good progress being made on the building of a new school building at Alyanah for which Mitchell & Currie of this city have the contract. It is expected to be finished by the end of September.

The Agent also visited Kincolith, Arrandale and Port Simpson.

Man in the Moon

It seems to be a part of all opposition electioneering plans to dare the government of the day to appeal to the country. Neither Mackenzie King or Chamberlain have so far allowed themselves to be sniped into any action they do not like.

Dogs have been annoying the employees of the post office. They insist on entering the building in spite of the notice on the front door and after they get in they do not behave themselves.

Friend doggie a message would send By post to another dog friend He went in to buy A stamp (it's no lie). His manners he'll have to amend.

It is said that two tourists were about to enter the post office when one of them pointed to the notice and remarked "Guess we'd better not go in." So they turned away and the government lost three cents.

People look back and wonder How the British in the past Have won so many battles With the flag nailed to the mast.

'Twas not the individual Nor the navy as a whole But the everlasting team work Of every bloomin' soul.

So, if to fight we must In they' bad littery days We'll have to see once more If team work really pays.

Canadian Legion In Executive Meet

Report of Delegates to Provincial Convention to be Presented

The executive of the Prince Rupert branch of the Canadian Legion of the British Empire Service League was in session last evening in preparation for the monthly meeting tomorrow evening when reports of the delegates to the provincial convention will be presented. Business at the convention dealt not only with purely Legion affairs but, as usual, considerable time was given to the consideration of national affairs and Canada's part and responsibility in international relations. If the British Empire is at war the Canadian Legion supports the principle that Canada would automatically be at war. The report of the immigration, aliens and naturalization committee is also of great importance. Other committees dealt with pensions and treatment of veterans in hospital, soldier settlement and consideration of widows of veterans who died from nonpensionable causes.

Three applications for membership were favorably considered and will be recommended to the general meeting for endorsement. A letter from the Boys' Band Association acknowledged receipt of donation to that organization.

Those in attendance were President Jack Preece, W. J. Rance, Neil Cameron, George Abbott, John Armstrong, H. T. Lock, G. J. Dawes, W. M. Brown, J. M. Walker, and J. S. Wilson.

Mrs. H. B. Rochester returned to the city on Sunday night's train from a brief trip to Terrace.

Mr. and Mrs. R. J. Gilroy and Miss Olive M. Kennedy, who motored west from Toronto and brought their car in by rail from Hazelton, are sailing this evening on the Catala for Campbell River where they will take to the road and drive down Vancouver Island.

Whifflets

From The Waterfront

In port yesterday southbound from Alaska to Seattle, Northland Transportation Co.'s steamer North Sea, Capt. A. W. Nickerson, bore outward signs of a brush she had with a rock in Icy Straits near Sitka. The vessel was caught in a nine-mile tide and swung on to the rock. She was not stranded but damaged her stempost. However, it was not serious and she was able to proceed to Seattle where she will receive the necessary repairs.

On the way south after a flight into Northern British Columbia and the Yukon with engineers for the Alaska Highway project, a Canadian Airways seaplane piloted by H. A. Macdonald, arrived here Sunday afternoon from Atlin and left yesterday morning in continuation of her flight to Vancouver.

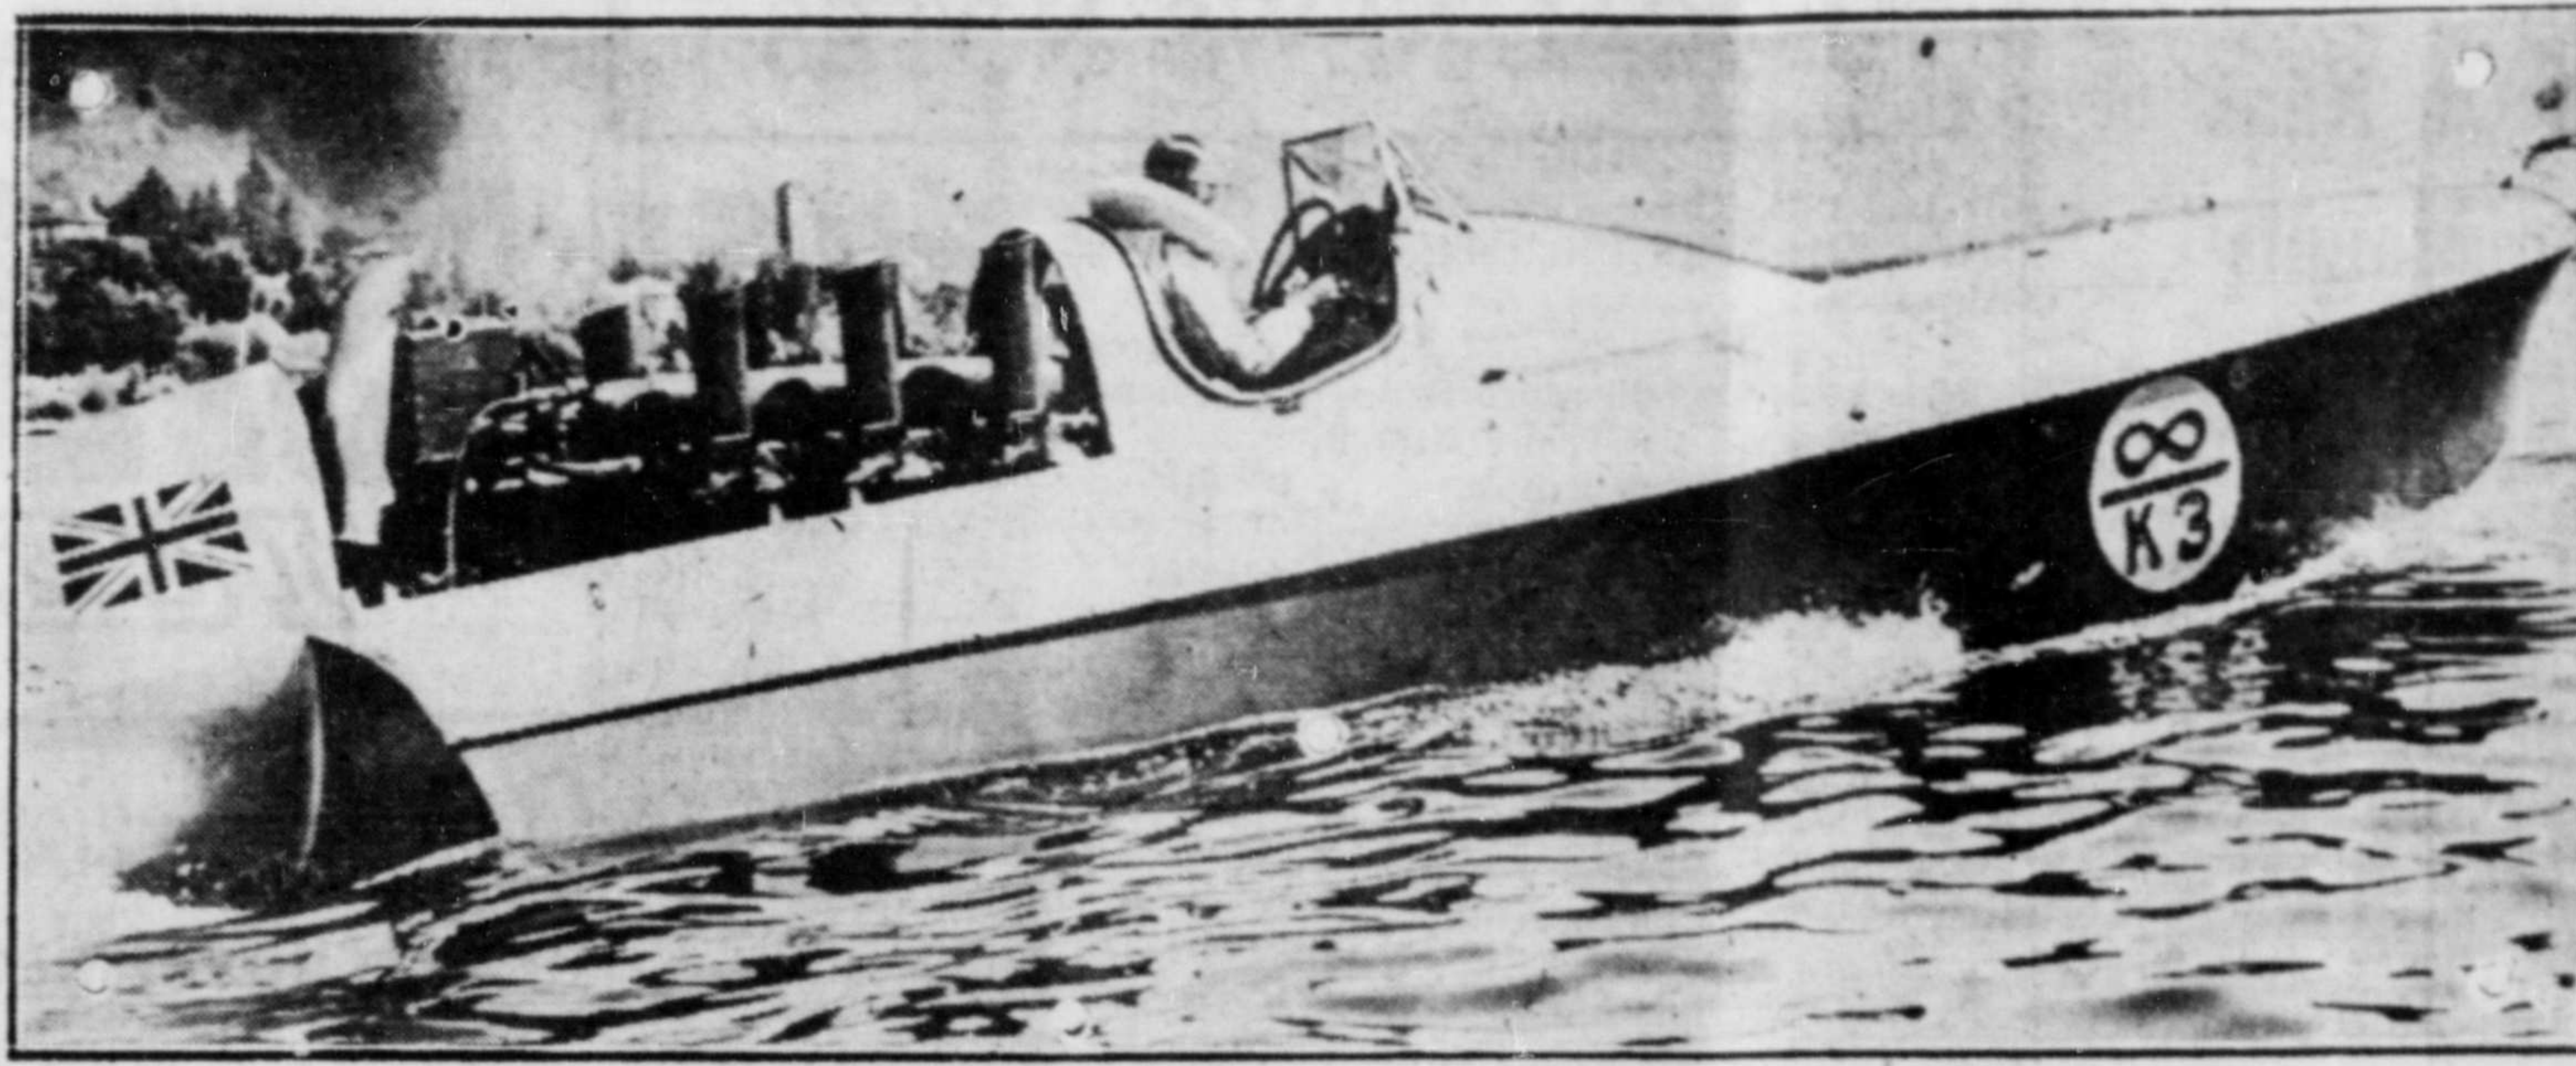

The Department of Transport has established a lighted beacon at Point Cummings on Gribble Island in Wright Sound. The lantern is elevated sixteen feet above high water, supported by a wooden mast carrying a triangular wooden slatwork and shows a white flashing light.

Union steamer Catala, Capt. James Findlay, is expected in port this evening on her southbound voyage from Stewart to Vancouver. The vessel arrived at 12:30 noon today at Wales Island where she had 2000 cases of canned salmon to load with a call to make at Port Simpson before coming in here.

PROPHECY FULFILLED

EDINBURGH, Aug. 22: (CP)—H. R. Orr had hit the flag-stick on the fourth green, pitched the ball four yards short at the 14th and then grazed the stick in the Scottish amateur golf championships. Then a caddy prophesied Orr would hole in one. He did—on the 16th.

Revisits Old Scenes Around Port Essington

Mrs. Elsie J. Forrest of Sacramento, California, and daughter, Miss Alice June Forrest, left by evening's train on their return home by way of Jasper Park after a visit to Port Essington. Mrs. Forrest is the daughter of the late Robert Duncan, well known to old timers on the Skeena River as engineer of Balmoral cannery, who died a few years ago in Rivers Inlet. Mrs. Forrest spent ten days around Port Essington revisiting old scenes.

Re-Inter Remains Of V.C. Winner

Memorial To Be Erected For William Hall In Nova Scotia

HANTSPORT, N.S., August 22: (CP)—The remains of William Hall, first Canadian to win the Victoria Cross during the Great War, will be re-interred in the churchyard of the Hantsport Baptist Church in connection with the erection of a war memorial here. The remains will be taken from their present resting place in the cemetery at Stony Hill, N.S. It is expected the burial ceremony will be held during the annual convention of the Canadian Legion Provincial Command here in September.

EDINBURGH, Aug. 22: (CP)—Since April, 1936, 45,526 Scottish families in overcrowded houses have been moved to larger dwellings. Of that number, 11,031 have been moved this year.

concessions and guarantees by Germany to Poland.

Oddly enough, announcement of the reaching of the trade and non-aggression agreements between Germany and Russia was made not direct by the government in Moscow to the Russian people but by way of dispatches from Berlin which later received confirmation with statements on further details.

Here in London Prime Minister Neville Chamberlain, back from a fishing holiday to Scotland, and Foreign Secretary Lord Halifax, also hurrying back from a holiday in Yorkshire, were in conference prior to a meeting of the full cabinet today. Other key ministers also interrupted vacations for important meetings to consider the situation. All information in regard to the army and navy situation was being assembled in view of the seriousness of international relations and the suggestion was heard that authority might be given military heads to take such action as might be deemed necessary in an emergency, a move that would be unprecedented for Great Britain in modern times. Close consultation between Great Britain and France continues. The British press said the coming week may be the most critical since the Great War.

As Reich troops continue to move in Slovakia toward the Polish frontier, the civil government of that country has been completely surrendered to Germany. Nazis are replacing Slovaks in all public positions and the small Slovak army has been amalgamated with that of Germany.

From Zilina, Slovakia, it is reported that a quarter of a million German troops with full war equipment massed Sunday on little Slovakia's 250 mile frontier while in Poland roads were blocked with moving troops, artillery and supply trains. Schools and town halls were taken over for barracks and base hospitals. Near the frontier gun crews were wheeling their artillery into position and spreading camouflage nets overhead.

What the effect of the agreement between Germany and Russia will be on Japan is a matter at least as far as pledges of military assistance are concerned.

League Bowling Nearing Close

R. M. Winslow's rink defeated Jack Frew's 13 to 10 in a league bowling fixture over the week-end. Angus Macdonald's rink is now at the top of the league with George Hill's rink the only one that has a chance of catching up and making a tie for the league honors.

The standing to date:

	W	L	Pts
Macdonald	7	2	1
Hill	6	2	6
Winslow	6	3	6
Frew	5	3	5

anti-comintern pact, it would appear that Japan is to be abandoned as far as the Rome-Berlin axis is concerned. Likewise, the Soviet-Nazi accord would appear to eliminate the possibility of a successful culmination of the long-pending Anglo-French accord, at least as far as pledges of military assistance are concerned.
