LANDING OF CANADIANS

LONDON- "I can announce," said Rt. Hon. Winston Churchill, First Lord of the Admiralty, in an address this afternoon "that a leading division of the Canadian Army has safely and smoothly been disembarked at a British port and will go into training in this country before joining their British comrades on the Western Front."

LOSSES AT SEA IN WAR

LONDON-Three British ships were lost and a fourth ahandoned as a result of large scale German air raids on North Sea shipping involving a least thirteen ships last night and early today. The trawler Pearl was abandoned after three of her crew had been wounded by German raiders. Two trawlers, New Choice and Campagnus, and the 487-ton steamship Sernity, operating as a mine sweeper, were sunk. The new phase of wartare pitting planes against small ships also sent the trawler Eileen Wray to port with a damaged hull.

FURIOUS BUT INACCURATE

LONDON-In an address this afternoon, Rt. Hon. Winston Churchill, First Lord of the Admiralty, charged Germany with outrageous tactics of attacking small fishing vessels and merchant ships by air bombers as a retaliation for heavy losses which had been inflicted upon it by the British navy. "The heat of their fury, however, has far overreached the accuracy of their aim," declared the First Lord. He charged the Germans with machine gunning sailors on decks of sinking vessels. The Nazis are now feeling the long arm of sea power on their shoulders," said Churchill. He paid tribute to the personnel of the navy which was bearing the brunt of the war.

NAZIS DRIVEN OFF

LONDON-Nazi war planes appeared at several points off the British east coast today but were successfully driven off by anti-aircraft fire and pursuit planes.

COMMODORE HONORED

LONDON-Knight Commander of the Order of the Bath has been conferred upon Commodore Henry Harwood, commander of the squadron in the Battle of Uruguay. He is now a "Sir." Promotion to the rank of admiral has also been given. Captains of the Ajax, Achilles and Exeter-Parry, Woodhouse and Bell-are also to be decorated.

GREAT BRITAIN AND ITALY

LONDON-Great Britain and France are reported to be negotiating with Italy whereby the latter country would get concessions in North Africa-including a corridor across the Suden to connect Libya with Ethiopia and Somaliland. Italy would. in return, quit the Rome-Berlin axis.

IGNOMINIOUS END

The sinking of the pocket battleship Graf Spee was an ignominious end for a vessel that was the pride of a country boasting of its superior ancestry and aiming to rule the world. The Germans will never rule the waves in that way. As an American commentator said yesterday, the British would have made a dash for liberty and, before being sunk, would have done at least a little damage to the enemy. Had he attacked one of the smaller enemy ships TORONTO he might have sunk her or at least done considerable damage.

There are contradictory reports as to the condition of the German guns. Much depended upon it as to the course of action to be taken. It is said that Hitler ordered the Toronto Maple Leafs took adscuttling of the ship in order to prevent further loss of life vantage of a double engagement but when did Hitler ever show any solicitude for the loss at the week-end with the luckless of life, either German or any other nationality? Possibly New York Americans to score a time may justify the action of the commander of the chiral couple of one-sided victories and time may justify the action of the commander of the ship. thereby assume exclusive posses-It may be it was the opinion of the commander that the sion of first place in the National ship was not in condition to fight any engagement and Hockey League. On Saturday night that to do so would have been sacrificing the lives of his at the Maple Leafs Garden in ship's company which he valued highly.

COMPLIMENT TO GERMAN COMMANDER

In his treatment of the war prisoners he had taken, the commander of the Graf Spee showed himself to be a pretty good sort. Later on reaching Montevideo he gave credit to the British for their excellent markmanship and strategy. These are two traits which are in his favor. He have been even heavier against knew conditions on the Graf Spee better than we do, so we the weakened, tired and altogether must give him credit for using his best judgment, even if outclassed Americans. Sylvanus it does seem diffferent from what a British commander fine play for the Maple Leafs as their skill. would have done. It has been the British method to turn did Gordon Drillon who made two what looked like sure defeat into victory or die in the at- of the goals, one a fluky glance tempt. That has been the secret of the Empire's great-one minute and 6 seconds before ness.

DOUBLE-CROSSERS

Europe seems to be a hotbed for double-crossers. Leaders among these are Adolf Hitler and Joseph Stalin. Neither of these men can trust the other and that is reasonable. We wonder that they can even trust themselves considering their career of lying and deceit. While Germany is fighting against Great Britain and France she has not been beaten in nine straight to keep one eye on Russia for fear she may take more than with the Detroit Red Wings last her share of the spoils. Russia, too, is constantly watching Germany in no very friendly manner. It is not a real canadiens Saturday and movpleasant combination.

PINK GENTRY

One of the most interesting paragraphs appearing in Toronto Maple Leafs will play at the press of late is from the pen of that interesting writer Boston. Bruce Hutchison. He says: "The conscientious pink, gentry still in our midst are having a pretty bad time. They could explain everything in the conduct of Comrade Joe but his rape of Finland. Even your loyal Communist has to admit that this is pretty raw and I think it safe to assume that the World Revolution in Victoria is now at an end. You can safely buy a new car.

"But you must not feel contemptuous of the pink brethren. They have been no more wrong in their calcula- Toronto tions than anybody else. It is merely that their dream Boston Rangers has blown up in a more spectacular fashion than ours. We canadiens have all been just as wrong as the comrades in all our ma- chicago jor expectations but we put a better face on it and we deny Detroit it to the last.

"I am going to organize, as soon as the rush of Christ-mas is over, a Grand Confession. Every statesman in the world is going to attend and confess that he was wrong about everything. The whole British and Canadian governments will be present in sack cloth and ashes, beating their breasts with a leather-bound copy of the League of Nations Covenant. All the Pink Comrades will be there, basketball team lost the final game borne down under the weight of the Nazi-Soviet Pact. shall be a leading mourner and supplicant.
