Gas Prices Are Being Set Again

Trouble In Balkans Looms Once More Reduction Of Three Cents Per Gallon In Province Is Ordered

Croatian Leader Says Revolt May Well Lead Way To World War

"If Belgrade is Unable to Make Order in Jugoslavia, Germany Can"—Further Frontier Trouble Between Hungary and Roumania

KUPINEC, Jugoslavia, August 1: (CP)—The Balkans, kindling spot of numerous previous conflicts in history, shows signs of developing anew the sparks of war. Charging that interference by the Belgrade clique threatened the home rule aspirations of his people, Dr. Vladko Machek, Croatian leader, said today that Croatia would secede from Jugoslavia unless his autonomy demands are met. To the question of whether there would be a revolution, he said: "It will mean more. It will probably mean a world war." He added that, "If Belgrade cannot make order in Jugoslavia, Germany can."

CLEVELAND PLANT HOT

At Least Three Hundred Tear Gas Bombs Used To Quell Riot At Fisher Body Plant

CLEVELAND, August 1: (CP)—At least three hundred tear gas shells and bombs were thrown in rioting which followed the throwing of a brick through the window of an automobile carrying several non-strikers into the plant of the Fisher Body Co. here. A crowd of Congress of Industrial Organization United Automobile Workers estimated at between five and six thousand was massed at the gate to stop the plant. Police mounted a long range tear gas gun on the third floor of the factory and shot smoking missiles into the crowd. Twelve were arrested and later released on waivers. One hundred and fifty policemen remained on guard outside the plant last night as workers remained inside. Company officials said the plant was operating as it had been throughout the strike called three weeks ago by skilled workers to press demands for a supplemental agreement.

Near Drowning As Boat Upsets

Thirty-Persons Had Close Call in Long Island Sound

STONY CREEK, Conn., August 1:—Thirty-four men and women who had clung for forty-five minutes to an overturned motor craft were rescued from Long Island Sound after Miss Cynthia Chapin of Hartford, Conn., swam a quarter of a mile to seek aid and finally succeeded in attracting the attention of a passing oil tug.

Bombay Riots Over Dry Law

Fifty-Five Persons, Including Twenty-Seven Policemen, Are Injured Today

BOMBAY, India, August 1: (CP)—Fifty-five persons, including twenty-seven policemen, were injured today in rioting following a demonstration against enforcement of Bombay's new prohibition law.

NOT ALL CONFETTI

NAGPUR, India, August 1: (CP)—The good wishes of all did not go with a marriage party here recently. The Hindu procession was stoned by opposing religious elements and a general riot was started.

MENACE OF FIRE LESS

Weather Cooler With Showers But Danger Is By No Means Ended—Prairies Still Warm

VANCOUVER, August 1: (CP)—Cooler weather and rains have caused the mounting forest fire hazard in British Columbia but provincial forestry officials warn that the danger period is not over yet. A big five-mile fire at Lytton, up the Fraser River in the interior, which burned four Indian homes, was reported "put out."

ROYALTY GUARDED

Precautions Taken to Safeguard Departure of King and Queen For Scotland—L.R.A. Men Arrested

LONDON, August 1: (CP)—There were special police guards at Euston Station last night as the King and Queen, with Princesses Elizabeth and Margaret Rose, left for Scotland to spend a vacation at Balmoral Castle. Extra precautions were taken in view of the recent bombings and demonstrations attributed to the Irish Republican Army.

OLD MAN IS SAFE

James Walker Brought Safely Into Courtenay From Forbidden Plateau On Vancouver Island

COURTENAY, Vancouver Island, August 1: (CP)—James Walker, who became exhausted on Forbidden Plateau a week ago and was finally located, was brought out here safely yesterday by rescuers after an arduous trip which included the negotiation of a 200-foot cliff. Walker is suffering from exposure and exhaustion but is expected to recover from the experience.

BOVINE DENTURES

MOSCOW, August 1: (CP)—Three cows fitted with false teeth will be one of the attractions at the All-Union Agricultural Exhibition here in August. The cows are from Veroshloffgrad in the Ukraine.

B.C. WOMAN HOPES FOR EXPLOITING OF LABOR BEING HELD AGREEMENT ARE SMALL

Canadian High Commissioner at London Looking Into Case of Miss Wellington at Prague

LONDON, August 1: (CP)—Through the office here of the Canadian High Commissioner, Hon. Vincent Massey, investigation is being made of a report that Miss Beatrice Wellington, Canadian woman, who has been in charge of trust fund relief work among the Czechs in Prague, is being held by Nazi authorities. Miss Wellington is a graduate of the University of British Columbia and once taught school in Vancouver and Chilliwack.

Tokyo Conference Still Deadlocked As Anti-British Campaign is Intensified by Japanese

LONDON, August 1: (CP)—Further evidence that Great Britain's attitude toward Japan has been stiffened by the firm action of the United States is increasingly seen in the Far East. Evidence is revealed in unofficial comment of British spokesmen that little results are expected from the current Anglo-Japanese peace talks in Tokyo. The Tokyo government has made no comment on the spreading rumors that the peace talks are doomed to failure but it is conceded that Britain's attitude has changed following United States' action in abrogating its trade treaty with Japan. Although British Ambassador Sir Robert Craige insists that England and Japan have reached a basis of negotiations, feeling increases that no actual agreement will result from the discussions.

Stuart Lake Route Best?

VANCOUVER, August 1: (CP)—Here yesterday after an aerial survey over projected routes through British Columbia for the proposed Alaska Highway, Representative Warren G. Magnuson of Seattle, member of the United States section of the international commission on the highway, declared that he believed the shortest route was by way of Stuart and Takla Lakes across the headwaters of the Skeena River and via Dease Lake and Atlin. This route would be 300 miles shorter, Magnuson says.

Differences Increased

In Shanghai Anglo-Japanese differences increased as Japanese extended their move to drive Britons out of North China. Britons reaching Tsientsin from Tsinan in Shantung province said a committee had written all British nationals there warning them that their lives would not be safe after August 10.

Devonshire May Be Governor Of Canada To Come

LIVERPOOL, August 1: (CP)—The London letter in the Liverpool Post today said that the Duke of Devonshire "is being spoken of as a likely successor to Lord Tweedsmuir" as Governor General of Canada. He is the son of a former Governor General.

Customs Revenue This Year Lower

Collections for Month and Year Date Down as Compared With 1938

Customs and excise revenue at the port of Prince Rupert for the month of July this year amounted to \$10,720.64 as compared with \$13,978.96 in the same month last year. So far in 1939 the revenue has amounted to \$59,928.29 in comparison with \$103,580.58 in the first seven months of 1938.

Mayor of New York Warns South No Politics in Gotham Civic Government

WILMINGTON, N.C., August 1:—Mayor LaGuardia of New York told the quarterly convention of the Association of Law Enforcement Officers that the South is "committing suicide" when subnormal wages and child labor are offered to attract manufacturing plants from the North. LaGuardia also made the point that political parties and party labels have nothing to do with routine governmental services and declared that he has eliminated politics from the municipal government of New York City.

First Final Game Is Draw

WINNIPEG, August 1: (CP)—Vancouver Radials and Montreal Carsteel played to a two-all draw last night in the opening game of the 1939 Dominion Football Association championship finals. Montreal led one to nothing at the end of the first half but Vancouver came up from behind in the second to get two goals while the easterners were making one. It is a best out of three series.

HEARING TO BE RESUMED

Former Portland Attorney Said To Be Dodging—Can Bridges Be Called?

SAN FRANCISCO, August 1:—Examiner James Landis indicated he might resort to legal action to compel attorney Larry Doyle of St. Paul to testify at the deportation hearing of C. I. O. leader Harry Bridges. The examiner's threat of court action came after Doyle declared in St. Paul that he would not appear at the hearing to deport Bridges unless he was paid fifty dollars a day for expenses. The defense stated that Doyle is dodging appearance before the hearing and that the former Portland, Oregon, attorney was the mainspring behind a conspiracy of anti-labor forces to deport Bridges on the grounds that he is an alien Communist.

HEAT WAVE DROWNINGS

Nine Fatalities Of This Nature Reported In Western Canada Since Week-end

VANCOUVER, August 1: (CP)—Nine drownings were attributed yesterday to Western Canada's heat wave as people rushed over the week-end to beaches and lakes. There were four drownings in Saskatchewan, three in Alberta and one each in Manitoba and British Columbia. The British Columbia victim was a Winnipeg man visiting at Oliver who was drowned in Osoyoos Lake.

California Has Numerous Fires

SACRAMENTO, August 1.—Forest fires in Northern California are dying out but State authorities have about 300 men on patrol lines. The State Forestry Department reported there had been 2900 fires this season compared to 1790 at the same time last year.

Long Trip To Go Skiing

Mere 350 Miles No Obstacle For Alberta Athletes

JASPER PARK, August 1.—A mere 350 miles doesn't constitute an obstacle when Alberta athletes decide summer recreations should be broken by a day of skiing. Over the week-end Alfred Koch and Ed. Good motored from Edmonton to the Columbia Ice Fields in Jasper Park. Sunday afternoon they skied on the high snow slopes of Mount Athabaska where Gertrude Wepsala, Dominion ladies' champion, has been training during the past ten days.

SOAP BOX DERBY ON

Novel Event is Definitely Set for August 17

The Gyro Playground's Soap Box Derby is definitely on for August 17. The race will take place from Sixth Avenue and Taylor Way down Sixth Avenue to McBride Street then east on McBride to Ninth Avenue.

Entries will be restricted to boys or girls under the age of seventeen years.

All entries must be home made, four-wheeled vehicles. Length of wheel base must not exceed eight feet. Height from ground to centre of axle must be less than ten inches. This applies to both front and rear wheels. One or both of the back wheels must be suitably braked. Length of either axle must not exceed three feet.

All entries are subject to the approval of the course steward.

As there is not a steep enough hill to insure coasting over the complete route, the driver of each vehicle will be allowed to dismount and either push or pull his own car to the top of each succeeding hill. He will be allowed the aid of one starter at the beginning of the race only. Once out onto the course he will be given no further assistance.

Immediately following the finish of the race there will be a parade of all contestants at which time prizes will be awarded to the owners of first, second and third fastest cars in the race and to the owners of the best built car in the race along with the best decorated entry in the parade.

A large silver cup suitably engraved has been put up for annual competition in this event by the Gyro Club and will be presented to the winner of the race in addition to the first prize.

NEW ZEALAND CANNING "BLUFF" OYSTERS

The oyster canning season in New Zealand at its height is seen in this picture. New Zealand oysters, known all over the world are acquired at the Port of Bluff and the most southern port of importance in the world. It is estimated that 30,000,000 oysters are dredged during the season for immediate consumption.

SPORT CHAT

First racing meet in New Glasgow, Nova Scotia, in 11 years will be staged on the Union Driving Club's grounds tomorrow and it promises to be one of the best harness racing meets of the summer. A revival of the sport in Pictou County began a year ago when the New Glasgow-owned gelding Hal Britton out-trotted stiff competition throughout the Maritime circuit. It resulted in reorganization this spring of the driving club, now known as the Union Saddle and Driving Club. Besides Hal Britton, who showed his heels to rivals in the 2.25 class last summer and now is eligible for the 2.21 class, another favorite which will run under New Glasgow colors is Dudey Patch, 2.15. Purchased from Mayor H. M. Sweeney of Bridgewater, N. S., the horse is now community-owned. Ferry Cameron's "Helen Frisco" will be entered in the 2.30 division and among the newcomers is a promising colt, Angus L., owned by Harry Oliver.

A shotgun, described as "the best, the truest gun I ever shot with" was left to Owen Carter of Quebec by the late Daniel M. Owen whose will was probated in Halifax. The Annapolis Royal, N. S. lawyer left most of his sporting equipment to his Quebec friend but the ancient fowling piece was his most prized possession. Owen requested Carter to provide a cabinet for the "reception and occupation" of the sporting gear. The gun, a double-barrelled muzzle loader, belonged to Owen's father. The lawyer died last winter. He had been mayor of Annapolis Royal at one time. A member of the Royal Air Force during the Great War, he reached the rank of major. He was shot down behind the German lines wounded and taken prisoner. He spent more than six months in a prison camp.

Athletes Talk On Moral Disarmament

Bunny Austin and Glenn Morris Heard By Assembly

ASILOMAR, Cal., August 1.—W. H. "Bunny" Austin, English tennis star, and Glenn Morris, American Olympic decathlon champion, took the platform at the second World Moral Rearmament Assembly. Austin said world conditions are what they are today because people are what they are.

Stork Situation Bothers France

PARIS, August 1: (CP)—Citizens of the old city of Strasbourg in Alsace are worried about the stork situation. Whether the birds which have built their nests among the Alsatian chimney-pots have observed the work going on at the Siegfried Line and deemed it prudent to pull up twigs and move west or not is unknown. It is a certainty there are fewer storks this year—some of the nests which have been inhabited for years are empty—and those birds which have come don't seem to be any too decided about staying.

One French member of parliament suggested that Premier Daladier or Public Health Minister Rucart, who launched propaganda for an improvement in the birth-rate, might have something to do with it. Since the formation of the leagues for the encouragement of more births and the serious attention the government is devoting to the problem of re-population, perhaps the storks have been pressed into service in other parts of the country.

This is the idea of one journalist who saw a stork perched on the top of the war museum take his bearings and fly away in the direction of the Ministry of Health.

Price is not everything.

A BIG EVENT

There is to be a big gathering at a banquet being given in Toronto to mark the close of the twentieth year of the leadership of the Liberal party by Right Hon. William Lyon Mackenzie King. It is scheduled for Tuesday next, August 8. On that occasion it is understood the Prime Minister will take the country into his confidence and announce whether an election will be held this year or be postponed until spring. He also may possibly announce the time when he proposes to lay down the leadership and let some other man pilot the old party and possibly head another government.

stays on until an election is held or until money is needed to carry on. That happened in the case of Premier Tolmie but such hanging on to the end is not usually looked upon as good policy. Mr. King knows that only too well. Evidently the present time is looked upon as a good one for an election from the Liberal viewpoint but the Prime Minister has to consider something more than the good of his party. He has to consider the national interests. If Mr. King thinks it is in the interest of Canada and the British Empire that he remain at the helm a little longer, he will do so. We feel confident of that.

Many things may happen in a week but it is very probable the election date will not be announced, except in general terms as some time next year, probably in the spring following a winter session of Parliament. Unless the Prime Minister considers his presence at the head of the government essential in the present disturbed condition of the world, it is likely Mr. King will announce his own retirement and he may possibly ask the Liberals of the country to meet and choose his successor. This may not happen, but it is a possibility.

NEED OF HIGHWAYS

George I. Warren, publicity director of the city of Victoria, has been telling the Victoria Rotary Club how important it is for Vancouver Island to have roads and good ones. Poor little Vancouver Island has only 1959 miles of highway over which residents of Victoria and tourists may drive.

We wish Mr. Warren would come to Prince Rupert and tell us what to do when we have only twelve miles of highway over which to drive with the exception of a few very poor miles within the city of Prince Rupert.

IN ANY EVENT

The Toronto banquet will be an important event and the speech of the Prime Minister will deal with matters of vital importance to the country.

Weather Holds Swim Classes

Expected Full Advantage Will Be Taken of Facilities When Improvement Comes

Unfavorable weather has been holding up the swimming classes in connection with the Gyro supervised playground work getting under way but everything is organized and, as soon as there is a clearing up, it is expected full advantage will be taken of the valuable instruction thus being afforded. Juniors are being given instruction at the McClymont Park pool. Older children and more advanced swimmers and divers are receiving instructions at the Morse Creek Pool with its newly installed facilities.

Water Drinking Shocks London

LONDON, August 1: (CP)—Britain's summer heat "wave" is long past but London's Metropolitan Water Board is still in a sweat over the amount of water citizens used those three weeks.

The board announced an all-time record for water consumption which went as high as 440,000,000 gallons a day, 51 for every man, woman and child in the metropolitan area.

Top gallonage was three higher than the previous high and the

board which talked of "emergency precautions" in 1934 when the figure was 39 gallons a head became thoroughly worried despite its reserves of 15,000,000,000 gallons.

More baths, more drinks, more water for lawns and plants helped push the total up in June, but the board maintains the great contributory factor was sheer sloppiness, waste from taps house-holders did not close properly.

Board members, disturbed for some time by the Londoner's carelessness, considered imposing penalties on wasters, but did not announce what they were likely to be.
