Italy Solemnly Warned By France To Keep Hands Off; Fascist Threat To Be Met

PARIS, January 26: (CP)- Foreign Minister Georges Bonnet today solemnly warned Italy to keep her hands off the French colonial Empire, telling the Chamber of Deputies that "France cannot permit any one to touch the Empire she had founded with her blood."

Concluding a two weeks' debate on foreign affairs, Bonnet also declared: "The French government does not intend to disinterest itself in Central Europe. There must be an end to the legend that our policy has destroyed engagements we have made in Eastern Europe."

Premier Edouard Daladier announced that France and Great Britain had agreed to take "necessary steps" to meet the Italian threat if Fascist failed to leave Spain at the close of the civil war. He did not indicate the nature of the steps.

Vote For Local Undertaking is \$327,000-Site Understood THOUSANDS to be at Seal Cove Where 200 Men Will be Based

As previously reported, the understanding is that Seal Cove has been definitely selected as the site for Prince Rupert's air base. The site is the same as that which was to have been used for a pulp mill. The Construction job will be a big one and the ultimate cost it has been said will be a million dollars. There may be a permanent staff of close to two hundred men including pilots, active fliers and ground crews.

OTTAWA, January 26: (CP)-Defence estimates tabled in the House of Commons yesterday included \$375,-000 for Skeena riding, the principal item of which was an appropriation of \$327,000 for a new Royal Canadian Air Force base at Prince Rupert. SANTIAGO, Chili, Jan. 26: (CP) - Ten to fifteen thousand and other thousands injured was the semi-official estimate placed last night on Chili's earthquake disaster of midnight Tuesday. This takes into account four thousand or more persons said to be dead in Chillan, an ancient city of forty thousand people under the shadow of the Andes in the interior, which is reported to have been completely destroyed. First government reports today listed more than four thousand dead and indicated that the list might go above twelve thousand.
