German Submarine Lands Crew

Of Greek Freighter On Coast

Of Ireland; More Ships Taken

LONDON, October 5.— There was something

new in submarine warfare yesterday when a Ger-

man U-boat sank the 4,000-ton Greek freighter Dia-

mentes, bound for Belfast, off the coast of Eire and

landed the crew of twenty-eight on the Irish coast in

a collapsible boat. Before the coastguard could start

pursuit, the submarine had made off and submerged.

Six of the members of the crew required hospital

that its vessels must obey signals of German war-

ships and submarines when called upon to stop and

not try to escape. Finnish vessels have been simi-

warned. To fail to stop will be to risk attack.

made in Baltic waters by the Germans. An Esthon-

lan steamer, bound for Antwerp, was captured by

a German destroyer eight miles off the Swedish

coast and taken to a German port. A Swedish ves-

sel, bound from Findland to the United States with

cargo of wood pulp, was also captured.

Further captures of neutral shipping have been

## STRONG AND HELPFUL Through 122 Years

Ever strong and trustworthy, through 122 years of Canada's history, the Bank of Montreal has contributed much to this country's financial security.

To the individual depositor the Bank has meant complete safety for personal savings. To the farmer it has been a strong, useful ally and a reliable counsel on conditions. To industry it has been a source of financial power and a help in avoiding unwarranted speculation. For Government

-national, provincial and local-a dependable financial collaborator.

All Canadians, whatever their station in life, working for a greater and still greater Canada, know they can place full confidence in an institution which has never changed in character, yet has constantly modernized its services. In 1817 we pioneered along sound, helpful lines. The year 1939 finds us still pioneering along sound, helpful lines.

Another early fall white frost came to Prince Rupert during the night and was still in evidence until the sun rose this morning. Except possibly for a few very fragile plants on lower ground, there was no damage to gardens. Prospects now are for a period of clear, sunny days and cool nights with possibly sharper frosts.
