EXPORT OF LOGS

Owing to a general desire to improve industrial conditions and keep people from having to accept government relief, the export of logs seems to have been on the increase of late years with the result that, instead of having new factories established in British Columbia, factories have been established in other countries using the British Columbia raw product.

It might be considered whether this is the right time to gradually reduce the quantities of logs exported with a view to shutting off completely within the next few years. It is recognized that only the federal government has power to interfere with log export from crown timber limits. The provincial government controls the export from timber leases. In any case export of raw materials does not seem to be a proper policy for a new country.

SAVE YOUR VISION

Just about this time of year a campaign is put on for the purpose of drawing attention to the need of saving the eyes.

The eye is like a camera. The pupil is the lens, the eyelid the shutter, the iris the diaphragm, the retina the film. The eyes take the picture and translate it into a movie from which the brain takes its impression. The program is always changing. As long as the eyes are open the picture continues. In order that the delicate machinery of the eye may do its work properly it must receive care. When used on small print, lighting is very important. Not only must the health of the body be kept good to enable the parts to be constantly renewed and repaired but at times external aid is necessary. That is where the optometrist comes in. He will tell you that reading in bed is harmful, that the light should strike the book from behind the reader, preferably over the left shoulder, and that, when the eyes do not focus well or if there is any other abnormality, this should be corrected by the use of glasses.

Our eyes are the most delicate of our organs yet many of us care for them very little.

THE COLDEST PLACE

There is a place in Siberia named Verkhovansk where thermometers have registered as low as 94 degrees below zero, supposed to be the world's coldest point. It is a place to which political suspects were sent in the old czarist days when people were banished to the northern wastes just as they are today. They would not live long there unless they had plenty of warm clothes, suitable housing and fuel and food.

It is interesting to note that it is much colder in central Siberia than it is at the North Pole where the thermometer does not drop anything like as low as at points farther from the sea.

New Metlakatla Noses Out With One Point To Even Up Count In Hoop Series With Prince Rupert

Hard pressed in a whirlwind finish to retain the last vestige of a fairly substantial lead they had built up in the first half after overcoming an opening scoring bee by the locals on early play, the New Metlakatla Alaskans nosed out with one point to the good last night in the second game of the basketball series with Prince Rupert's Stand-

laktatla even got started. Then the visitors started to find the combination and at half time the count was 14 to 10. With Bob Nelson and Arnold Leighton leading the attack, the Panthers turned on the power early in the second half and, first thing the crowd knew, they were up 22 to 19. But that was as far as they were able to stretch it before Holkestad went in another scoring rampage which contributed largely to the ultimate victory of 30 to 25 for the local students.

Scoring: Metlakatla Panthers - Arnold Leighton, 7; Wallie Leighton, 2; Dick Leighton, 3; Fred Auckland, 5; Ben Nelson, 4; Howard Leask; Horace Leighton, 3; total, 25. Prince Rupert High School - Helge Holkestad, 15; Tony Christian; Percy Knutsen, 3; George Brown, 7; Hector Macdonald; total, 30.

Johnny Comadina of Prince Rupert and Charlie Butcher of New Metlakatla were referees for the Senior game while Bill Vance acted as arbiter of the Intermediate affair.

The game count between New Metlakatla and Prince Rupert was even at one each but Prince Rupert had the surplus in an 83 to 78 total goal count on the two encounters.

Lou Ambers Wins From Arizmendi

NEW YORK, Feb. 25: (CP)—Lou Ambers stopped rugged Baby Arizmendi, Mexican, in eleven bloody rounds here last night to clinch the right for a shot at the lightweight championship which he once held but which crown Henry Armstrong now wears. Ambers took Arizmendi's best punches and waded in to batter the Mexican about the ring.

Wait, Mother—Ask Your Doctor First

Never Give Your Children Unknown "Bargain" Remedies To Take—Unless You Ask Your Doctor. Unknowingly You May Be Risking Their Health — Just To Save A Few Pennies

A MOTHER may save a few pennies giving her children unknown, unproved preparations. But the life of a child is precious beyond pennies. So—Ask your doctor before you give any remedy you don't know all about.

When giving the common children's remedy, Milk of Magnesia, never ask for "Milk of Magnesia" alone—but always ask for "Phillips'". Because for three generations Phillips' has been favored by many physicians as a standard, reliable and proved preparation—marvelously gentle for youngsters.

SPORT CHAT

Fifteen years ago Mary K. Browne of Cleveland was semi-finalist in the United States national tennis singles tournament and runner-up in the national golf championship—all within a 10-day period. She still plays a good game on the tennis courts and golf links. "I really want to get into the national golf championship this summer," she said. "Last year I was busy and didn't try to qualify but I'm going to have time this year."

Miss Browne's versatility in two major sports never has and probably never will be equalled. She belongs in any Hall of Fame of American sportswomen. Now in her 40's, she paints water color portraits, frolics with three pet dogs and occasionally vacations in her native California. She lives on a wooded, hilly estate near Kirtland, 20 miles east of Cleveland, but spends much time lecturing on tennis in girls' colleges and in promoting an indoor net game of her own invention. Because she became a professional in 1936 to tour the country with Suzanne Lenglen, Miss Browne no longer is eligible for amateur tennis. But in golf her status remains amateur.

RELIEVING COLD DISCOMFORT THIS WAY!

Just Follow Simple Directions Below—and Use Fast-Acting "Aspirin" Tablets

1. To ease pain and discomfort and reduce fever take 2 "Aspirin" Tablets—drink a glass of water. Repeat in 2 hours.

2. If throat is raw from cold, crush and dissolve 3 "Aspirin" Tablets in 1/2 glass of water.

It's the Way Thousands Know to Ease Pain and Discomfort of Colds and Sore Throat Accompanying Colds—Easy to Do

The simple way pictured above often brings amazingly fast relief from discomfort and sore throat accompanying colds.

Try it. Then—see your doctor. He probably will tell you to continue with "Aspirin" because it acts so fast to relieve discomforts of a cold. And to reduce fever.

This simple way, backed by scientific authority, has largely supplanted the use of strong medicines in easing cold symptoms. Perhaps the easiest, most effective way yet discovered.

DEFENCE OF CANADA

Editor, Daily News:
There are certain facts the Defence of Canada League would like to place before your readers. Recently we were asked: "What further use is there for our organization now that the Canadian government is defence conscious?" Taking for granted our government is defence conscious, can the same be said of the Canadian people? What action are the various sections of Canada taking in support of the defence measures the government has accomplished, or has in view? Our observations bring out the fact that various portions look upon the money appropriated for defence works as simply a fund to be distributed amongst ridings in political favor. This, of course, the thing citizen knows, is untrue, but it is the unthinking citizen (and his name is legion) who must be brought to a realization of the breakers ahead.

Outside of British Columbia what part of Canada is at all alarmed over the vital question of the continued Oriental penetration and its menace to Canadian defence? I pointed this matter out to the Canadian public early in 1935 and met with considerable ridicule and opposition from portions of Canada where ignorance of the question is rampant. The Defence of Canada League vigorously supported my endeavors to get a hearing, which, in a measure, has been accomplished.

As a Canadian who thinks of Canada first, it is my opinion that any Canadian government, of any political stripe, which has the power, should deal with this question. Why should consideration be given to a potential enemy? Would the Japanese, for example, be so kind to us if they ever got control of British Columbia, and, afterwards, of other parts of Canada? What could stop an Oriental power from securing control of B. C. and, then, other parts of Canada? Certainly not the defence measures taken to date.

Then there is the question of non-combatant civilians. Although we have pointed out to authorities what would amount to criminal negligence on their part if the need should arise, no instructions have been given the public how citizens could protect themselves against incendiarism, how to adjust gas masks, and how to evacuate the larger inhabited zones. What superlative smugness in these days of Hitlerism; these days when all "foreign" human beings are just nonentities to be dealt with as the gang leader sees fit!

Take heed Canada. You are no more prepared to take care of your own citizens than the Jews. Are you content to rest on the charitable protection of some other country, and which you must pay for, "some how, some time."

The Defence of Canada League stands for the independence and unity of the Canadian nation—a state in the making. We are alive to the dangers. How many in Canada are loyal to Canada and its glorious traditions? Canada, a country without its own flag; a country whose politicians (all sides) consider the question of a distinctive flag too dangerous a matter to handle.

Have some pride, Canadians. Do your own thinking, or some other country, some other race, will do it for you. Awake, Canada, get behind us in our struggle for a higher patriotism, for independent thoughts and action which are so necessary in the building of a nation worth living in, worth dying for.

Staff Captain (Retired)
National President.

MOOSE NOT RESPONSIBLE

Editor, Daily News:
In order to dispel certain rumors current around town to the effect that the Moose Lodge was responsible for the seizure of the instruments of the Metlakatla, Alaska, orchestra, so that they could not hold a dance in town, we wish the public to know that the trouble emanated from another source altogether. The policy of the Moose Lodge is to assist visitors to our city, rather than to place obstacles in their path.

Through this medium, we extend our regrets to the Metlakatla basketball team and orchestra that this unfortunate incident occurred, and if, at any time in the future

Rowboat Thievery Becoming Racket Here—Capt. Paul Armour Back From Trip South

If we are to believe all we hear rowboat thievery seems to be assuming some proportions as a racket along the Prince Rupert waterfront these days. In fact, it would seem that any one owning a rowboat would be well advised to add to their equipment a good husky staple, chain and lock. Quite a number of complaints have been heard and there has been at least one prosecution which resulted in a fine of \$25 being imposed. The latest victims of the racket tells of how he missed his boat and finally located it on a float. Making inquiries with a view to recovering possession, he found out that the boat had been sold and a bill of sale actually given. He recovered the boat.

Capt. W. P. Armour returned to the city on the Princess Adelaide yesterday afternoon from a business trip to Vancouver.

Union steamer Cardena, Capt. John Boden, arrived in port at 10:30 last night from the south and sailed at midnight on her return to Vancouver and waypoints.

Having made a special voyage to Stewart to unload heavy machinery for the Premier mine, C. N. R. steamer Prince John, Capt. Edward Mabbs, arrived in port at 8 o'clock last night from the north and sailed at midnight for Vancouver via the Queen Charlotte Islands.

RUPERT ON GYRO MAP

Jasper Park Conventions Expected To Draw Quite a Few Members Through Here

Incidental to the holding of the Gyro International convention as well as two district conventions at Jasper Park at the end of June, Prince Rupert is receiving a goodly measure of favorable publicity both at the hands of the Canadian National Railways as well as the Gyro Club itself through various mediums.

The expectation is that, either going or coming, quite a few of the delegates to the service club conventions will travel by way of Prince Rupert and the local club is already considering the matter of suitably entertaining them while here.

The international convention will bring delegates from all parts of Canada and the United States augmented by particularly strong western representation through the fact that two district conventions are being held at the same time.

The local club expects to be represented at the Jasper conventions by several of its members.

"Say It In French" and "In Old Mexico" on Double Bill at Capitol Theatre

"Say it in French," a gay comedy of life in Manhattan's social circles, and "In Old Mexico," an outdoor action thriller, comprise a double bill picture program being presented tonight only at the Capitol Theatre.

"Say it in French," the cast of which is headed by Ray Mill and Olympe Bradna, with Mary Carlisle, Irene Harvey and Janet Beecher prominent in supporting roles, is a story of riotous events that ensue when the French bride of a young American takes a job as maid with his Park Avenue family while her husband become engaged to a madcap heiress in order to keep his father from going bankrupt. After a series of exciting vicissitudes, Milland manages to save his father's fortune and his bride too.

In "In Old Mexico," William Boyd, riding with his two traditional saddlemates, George Hayes and Russell Hayden, is a daring and resourceful rancher who tracks down the leader of a bandit gang by pretending an affection for the man's sister, thus avenging the death of a lifelong friend and cleaning out a den of robbers but not without some complications. Paul Sutton is again the menace of the piece while pretty Jane Clayton has the leading feminine role.

Skidegate Social Club Is Active

Valentine Dance and Card Party Are Among Interesting Events Held Recently

SKIDEGATE, Feb. 18.—A very successful Valentine Dance was held by the Skidegate Social Club, about 150 persons being in attendance. Many different novelties were much enjoyed by the dancers. Excellent music was furnished by the Harmony Boys' Orchestra conducted by Fred Russ. There was much merriment when pretty balloons suspended from the ceiling

were let down. The winners of lucky balloon prizes were Betty Regnere and William Price.

Another interesting event to be staged by the club was a bridge party, the winners being Miss Edna Beaven and Flight Lieut. E. C. Luke of the Royal Canadian Air Force. Guests, in addition to local Skidegate people, included Flight Lieut. E. C. Luke, M. J. Dougherty of Prince Rupert, Magistrate Bell and son of Vancouver, Mr. and Mrs. R. G. McKenzie, Mr. and Mrs. G. H. Jolliffe and H. R. Beaven of Queen Charlotte City; Mrs. Ross and Paul Hellawell of Tiel, Sergius de Bucy and Myrtle Helmer of Lawn Hill and Pat Crocker of Port Clements.
