this Spring Is unusually Late

George Frizzell Has Seldom Seen So Much Snow on Skeena at This Time

George Frizzell, in town this week from Port Essington, reported two inches of snow on the ground there on Monday night. There was a snow fall of at least seven inches since then there has been more. This is an unusually late spring, said Mr. Frizzell, who has seen snow all for forty years. Normally the ground is clear of snow around Vancouver at this time of year but, no matter how fast the snow disappears now, it will be two or three weeks before there is any chance of it being all gone.

Metins UPPER DIES

Capt. Pe. Thompson, owner and skipper of the halibut boat White Hope and one of Prince Rupert's best known fishing operators, passed away Thursday night at the Prince Rupert General Hospital. He had been in a critical condition for the past few weeks and the end was not unexpected. Capt. Thompson, who had been located at Prince Rupert for some twenty years or so, was a native of Denmark. He is survived by a widow and a son and daughter. The sympathy of many friends will be extended to the bereaved.

TAX RATE LOWER

EDMONTON—The Edmonton tax rate for the year is 52 mills, two mills lower than the last two years. The decrease is due to a twenty per cent increase by the governments in relief grants.

AUSTRALIA PREMIER DIES

SYDNEY—Joseph Aloysius Lyons, Prime Minister of Australia, died in hospital here Friday after an illness of two days. A chill was followed by a heart attack and he sank rapidly to death. Sir Earl Page, deputy Premier and leader of the Country Party, succeeds Mr. Lyons in the Premiership but it is expected his administration will be only temporary and that a general election will be called soon.

Regulations On Visit of King

Conduct of Vancouver People to be Strictly Regulated

VANCOUVER, April 8: (CP)—Vancouver citizens will be governed by strict regulation along the royal route during the visit of King George and Queen Mary to this city at the end of next month. The Royal Canadian Mounted Police will direct the patrol. There will be barriers of rope and timber to hold back the crowds.

HOUSE NOW SPEEDS UP

Possible King May Prorogue Parliament After All—Legislation Put Through

OTTAWA, April 8: (CP)—Prorogation of Canadian Parliament by King George during his visit next month appears to be now possible at the rate business is now being pushed through. Thursday there was an extra spurt on the eve of the Easter recess. Measures to aid wheat farmers and the dairy industry were given second readings while the defence purchasing board measure was given its third reading and sent to the Senate. Many members are leaving for their homes for the Easter recess.

Maundy Thursday Again Observed

Traditional Ceremony of Distribution of Dole to Paupers

LONDON, April 8: (CP)—Maundy Thursday was observed with the traditional ceremony of distribution of a special dole to paupers. Eighty-eight persons—44 men and 44 women, based on the King's years—received red and white purses which were distributed by Rt. Rev. F. W. Widdington-Ingram, the Bishop of London. The men received 95 shillings each and the women eighty-five shillings.

SPIES ARE EXPELLED

LONDON, April 8: (CP)—Sir Samuel Hoare told the House of Commons yesterday that during the past few weeks three alleged German spies had been expelled from this country as part of the program to rid England of Nazi secret service men and propagandists.

Woman Has Her Voice Restored

Mrs. Howard Pierce Can Speak Again As Result of Work Of Surgeons

KANSAS CITY, April 8: (CP)—Mrs. Howard Pierce has had her voice restored after having been speechless for five years. Shock, resulting from seeing a boy run over and killed by a truck, caused Mrs. Pierce's speech nerves to be blocked. Treatment by specialists with drugs has now enabled her to talk again.

BEAR CATS INTO FINAL

Defeated Kimberley Dynamiters by Score of 5 to 2 Thursday Night

SASKATOON, April 8: (CP)—Port Arthur Bear Cats defeated Kimberley Dynamiters by a score of 5 to 2 Thursday night to move into the Allan Cup final. It was the fourth of a best out of five series, Kimberley having won one game. The Dynamiters were at full strength but were handicapped through a trio of their stars being still suffering from recent illness and injuries.

The Eastern Finals

TORONTO, April 8: (CP)—Montreal Royals took a two-game to one lead in the Eastern Canada senior amateur hockey final series Thursday night by defeating Toronto Goodyears 6 to 3. The winner of this series will meet Port Arthur Bear Cats, winners of the western championship, in the final for the Allan Cup.

Dutch Families At Winnipeg On Way To Smithers

WINNIPEG, April 8—Seven Dutch families passed through Winnipeg Thursday enroute to the Smithers district to make their new homes. Accompanying them were Jacob Prinz of Beverley, Alberta, who has been active for some time in connection with the organization of Dutch immigration to the central interior.

Powers Appear Undisposed To Interfere With Mussolini In His Invasion Of Balkan Territory

AROUND EUROPE TODAY

PARIS—Owing to the international situation, the Duke and Duchess of Windsor have cancelled plans for an Easter trip to French Morocco. They arrived here yesterday from Mar-seilles and will leave for the Riviera. They may make the trip to Morocco later.

LONDON—Some observers of the European situation predict that Germany may start a new and early drive towards the Black Sea and Dardanelles before Great Britain has a chance to complete lining up the "Halt Hitler" bloc. German control of the Black Sea and the Dardanelles would block up Russia and Roumania and would prevent them from receiving assistance from Great Britain and France in event of war. Meantime Great Britain continues efforts to bring Roumania and other Balkan nations into the anti-aggression pact.

MADRID—General Francisco Franco has lined Spain up with the anti-commintern alliance of Germany, Italy and France which also now includes Hungary and Manchoukuo. Franco blames Communism for the Spanish civil war and says: "Having conquered Communism on the field of battle it is now fitting to confirm our defensive attitude to a potential danger." Franco announces that five more nations have joined in recognizing the new nationalist government of Spain. They are Soviet Russia, Mexico, Cuba, Panama and Chile.

BOSTON IN FIRST WIN

BOSTON, April 8: (CP)—Boston Bruins took opening blood in the Stanley Cup finals here today by defeating Toronto Maple Leafs by a score of two to one. The second game will be played Sunday night. The series is to the best four out of seven games.

Great Britain Expected to do no More Than Protest—France Says it is None of Her Concern—Germany Ready to Back Her Ally With Entire Might

TIRANA, Albania, April 8: (CP)—Crushing an early but comparatively feeble resistance by the tribesmen of Albania, Italian forces, highly mechanized for modern warfare and of superior numbers, were marching into this Albanian capital today after King Zog and his government had taken flight to Elbassani, a mountain stronghold twenty-five miles to the south in the direction of Greece. Early today it was reported in Italian circles that a new provisional government would be formed for Albania "standing on principles of justice and rectitude" under Italian auspices. Resistance to the Italian invasion, although somewhat stubborn for a time, was not expected to be long-lived. Today it appeared evident that Albania would soon be completely under the Fascist heel.

The occupation today followed a night of disorder in the city. There was shooting, rioting and looting before the arrival of the troops. A small group of Italian military officers and Albanian gendarmes soon restored order. The Italian troops occupied the capital without hostile manifestation after the rout of the proud little Albanian army and the flight of King Zog to Greece, joining Queen Geraldine who had left yesterday.

Premier Benito Mussolini chose Good Friday to commence his armed invasion of this rugged minor European state of about 11,000 miles area and inhabited by about a million fierce and truculent people, two-thirds of whom are Moslem and about one-third Christian. Twenty-five thousand troops were landed at four coastal cities, the air force and navy co-operating with infantry and artillery. Four hundred war planes flew over the country dropping bombs and leaflets while warships engaged in a bombardment to cover the landing troops.

Blister machine gun and rifle resistance at first by the Albanians, who were reported to be personally led by their King Zog, held up the Italians for a time and their progress was somewhat slow but later the defenders started to move back and last night the invaders were reported only fifteen miles from Tirana. The Italians were reported to have been repulsed at least four times yesterday before they were finally able to make an effective landing. Meantime, Durazzo, Valona and other towns were bombarded from the sea and air and were reported burning.

Later well-informed sources said that peace negotiations were under way by a delegation which had gone to Durazzo. King Zog having agreed to full surrender with a truce based on temporary proposals for substantial concessions, he, however, retaining his sovereignty.

For King Zog the invasion bore some aspects of a personal tragedy. His young Queen, Geraldine, with her three-day old child, was forced into flight to Florina, Greece, whence she was taken to Athens from which city physicians had rushed to attend her.

In their flight to Elbassani, Zog and his ministers crowded jewels and other valuables into their cars.

Answer to British Attempt
ROME, April 8: (CP)—The Italian press today described the invasion of Albania as an answer to the attempt of Great Britain to encircle Germany and Italy by organization of nations of Central Europe. A warning to Yugoslavia and other Balkan nations to keep out of the so-called anti-aggression pact directed against the Berlin-Rome axis is undoubtedly implied. Italy has assured Yugoslavia, it is said, that activities in Albania are purely of a provisional character. It is also stated in official quarters that there is no intention of changing the Albanian status quo. Nevertheless, it is reported that the other Balkan nations look on the move with anything but favor.

British Stand

LONDON, April 8: (CP)—On the basis of comment in official quarters, it is believed that Great Britain will make no military move in connection with the Italian invasion of Albania even should Premier Benito Mussolini take that country completely into the Roman Empire.

Although it was believed in some quarters here that the Italian move was only temporary, it was expected that Great Britain would protest the invasion as a violation of the Anglo-Italian agreement. Last night one official said that there was not yet sufficient information to form a considered judgment.

The Albanian question was being discussed at a meeting of the British cabinet at No. 10 Downing Street this morning with Foreign Minister Lord Halifax presiding in the absence of Prime Minister Chamberlain who left Thursday for a fishing expedition to Scotland but who was ready to fly back to London at a moment's notice. All British cabinet ministers convenient to London were summoned to today's cabinet meeting which may be followed by an urgent reassembly of Parliament.

France Stands Off

PARIS, April 8: (CP)—France is leaving the Albanian situation to the two countries most concerned—Great Britain and Yugoslavia. A government spokesman said last night that this country was not directly concerned.

Germany Would Fight

BERLIN, April 8: (CP)—Nazi spokesmen said last night that Germany was ready to aid Italy with all her armed might should any effort be made to interfere with the action of that country in Albania.

An American View

WASHINGTON, D. C., April 8: (CP)—Senator Robert R. Reynolds of North Carolina takes the view that the Italian expedition to Albania is just a "political move" and will not mean war. He visited Albania last year and found the Italian influence there already strong.

EASTER MESSAGE

We suggest as our Easter message to the people of Prince Rupert that they refuse to worry or become excited over what they read or hear over the radio. Many of the despatches are exaggerations or at any rate are given an importance that is not warranted by the circumstances.

It is difficult to get into the proper mood to fully realize the Easter message that good is bound to triumph over evil. When we look at Europe and Asia today we must feel it difficult to realize that there is a guiding hand in all the affairs of man and that what may today seem something terrible is the working out of a definite plan.

As we look over our gardens we see the resurrection of the plant life everywhere apparent. Sometimes we see plants injured by the late frost. Again we see them cut down by injurious insects. In places the garden is choked by weeds. All these things can teach us valuable Easter lessons. Because things do not happen the way we would like, we think they are wrong when very often they are right and we are wrong.

Possibly some day there will be a great awakening when we shall realize more clearly than we do today the plan that is being worked out. What seems most clear is that there is a plan and that there is a master hand arranging and carrying out this plan. Also we must realize that the same force which is making the lilies bloom is making the thistle grow, the insect live and thrive on our finest flowers and it also brings the killing frost which sometimes creates havoc. It is all part of the plan.

MORE FAITH SAID THE ELDERS

Our mothers used to tell us that we should have more faith. It was pointed out to us that all things worked together for good. It was a great relief to be able to sit back and feel that they were right. Today, however, we feel that it is up to us to help the Creator in his work. We have a duty to our neighbors all over the world which in the old days we did not feel. We have a duty to protect and encourage and help. Faith is not of much value if we do not work, using brain and brawn to bring about desired results.

INTERNATIONAL IRRITABILITY

There is a general feeling of irritability over the international situation. While we must admit that in the present state of feeling anything may happen, yet we must always remember that most of the nations do not want war and this particularly applies to Great Britain. Some countries are taking advantage of this known reluctance to plunge the world into another terrible conflict but of late it has been made clear that they may go too far. Twisting the lion's tail may become something more than a game.

FILM LAID IN 'FRISCO

"Fisherman's Wharf," Starring Bobby Breen, Is Feature Offering At Capitol Theatre

"Fisherman's Wharf," a colorful story of San Francisco's waterfront with Bobby Breen as the star and a cast featuring Leo Carrillo, Henry Armetta, Lee Patrick and Slicker, the famous acting seal, is tonight's principal attraction at the Capitol Theatre.

The picture depicts the eleven year old youngster as the son and heir of Carrillo, a San Francisco Sicilian crab fisherman. The boy demonstrates his ability to use his fists as well as his voice. The plot, a fast-moving one, concerns Bobby's hatred for a cousin and aunt who attempt to break up the companionship that had developed between the father and the lad.

Nearly all the outdoor scenes are set against the background of fisherman's wharf and the San Francisco Bay country. Among the famous landmarks to be seen are the Golden Gate Bridge, the San Francisco-Oakland Bridge, the Ferry Building, Alcatraz Island and the famous Treasure Island, scene of the Golden Gate International Exposition.

Know your British Columbia

DID YOU KNOW THAT...

the beautiful First Narrows entrance to Vancouver Harbour was noted for two great engineering achievements? Not only is it spanned by the longest suspension bridge in the British Empire, but four hundred feet below the surface is a seven and one-half foot tunnel, thirty-one hundred feet in length, which is the only high-pressure tunnel to pass under navigable salt water. This tunnel, with a static pressure of 210 pounds is the only one of its type in the Empire, and carries Vancouver's unexcelled water supply.

First Week's Halibut Business—Prices at
Fair Level for Opening Catches—
Rough Weather at Sea

The first week following the opening of the Pacific halibut fishing season on April 1 saw a total of 83,400 pounds of fish marketed at Prince Rupert—65,000 pounds from Canadian vessels and 18,400 pounds from American. All the fish was shipped fresh and it commanded good prices. For American fish from 10.2c and 6c to 11.8c and 7c was paid and for Canadian from 10.2c and 6c to 10.6c and 6c.

The first sale of the season on the Prince Rupert Fish Exchange was held on Wednesday when two American vessels sold 6,400 pounds and four Canadian boats 45,600 pounds. The first boats were:

American—Chum, 900 pounds; Visitor, 5,500 pounds.

Canadian—Prosperity A., 20,000 pounds; Signal, 15,000; Southend, 10,000 pounds; John C. Tate, 600 pounds.

On Good Friday the second sale of the season took place with the following boats in:

American—Pierce, 12,000 pounds; Canadian—Toodie, 7,000 pounds; Tugwell, 1,400 pounds; Viking I., 10,000 pounds.

Delayed by heavy freights for canneries and other waypoints, Union steamer Cardena, Capt. John

Boden, did not arrive in port until 8:30 this morning from the south. The vessel sailed an hour or so later on her return to Vancouver and waypoints. The Cardena brought north the cannery crews for Carlisle, on the Skeena River, and for Rivers Inlet. Forman Ed. Jean headed the Carlisle party.

C.P.R. steamer Princess Adelaide, Capt. Henry Anderson, arrived in port at 3:30 yesterday afternoon from the south and sailed at 10 p.m. on her return to Vancouver and waypoints.

Local badminton players who left Thursday afternoon aboard the gasboat Bonanza with the intention of going to Premier for a tournament got no farther than Port Simpson where they took shelter from the storm, returning to port last evening. The party

consisted of Harry Ward, Percy McIntosh, Bob Tobey, Walter Cross, Miss Bessie Thompson, Miss Margaret McCaffery, Miss Nellie Lawrence and Miss Lucille Brooksbank.

Having been delayed, among other things, by stormy weather which forced the vessel to take shelter under Tow Hill for nearly two days before essaying the crossing of Hecate Straits, C. N. R. steamer Prince John, Capt. James Watt, finally arrived in port at 6:45 last evening from Vancouver via the Queen Charlotte Islands. She was discharging cargo today and sailed this afternoon on her return south over the same route. Among her passengers from here the Prince John took a party of twenty loggers, who arrived yesterday afternoon from Vancouver, to Queen Charlotte Island camps.

Indian Department's power cruiser Naskeena returned to port Thursday night from a trip to Anyox with Dominion Constable A. J. Watkinson and Constable J. H. Ward R.C.M.P. on board. The vessel had a rough trip and the officers reported a foot of snow at Anyox. Constable Ward left by last evening's train on his return to Hazelton where he is stationed.

There were fifty-five passengers aboard the steamer Princess Norah which was in port Thursday afternoon southbound from Skagway to Vancouver. Six persons disembarked from the vessel here while eleven took passage at this port for the south.

Vessels with names starting from A to F, the final group to leave, will be getting away to the halibut grounds on their first trips of the season starting tomorrow. The vessels which had taken out clearance papers up to a fairly early hour this morning were Drott, Capt. F. Petersen; Bum, Capt. W. Pierce; Alken, Capt. A. Hansen; Bayview, Capt. Dan Wedge. The Seattle boat Chelan was also in port today on her

way to the fishing grounds for her first trip of the season.

Having been chartered by the Armour Salvage Co., the big power tug and service boat Bonilla, 80 feet long and equipped with a 175 h.p. diesel engine, arrived in port Thursday morning from Vancouver and left that night for Allford Bay, Queen Charlotte Islands. Coming north the Bonilla brought a scowload of material and a gas derrick which had been made in Vancouver for the local concern. To Allford Bay the Bonilla took the scowload of material and the dredge Skookum No. 3 which has been rented to the Northern construction Co. for use in connection with the building of the Royal Canadian Air Force base there. Capt. Henry Hansen is in command of the Bonilla which is owned by H. V. Morehouse of Namu.

The Armour Salvage Co. has added a speedboat to its local fleet. The boat, which was brought from Vancouver Thursday by the tug Bonilla, is equipped with a 35 h.p. Star engine and is capable of a speed of thirty miles per hour.

Another week is expected to see the Armour Salvage Co. finished with the contract of wharf repairs at Old Massett, Queen Charlotte Islands, for the federal department of public works. The job has been in progress for the past couple of weeks with Oscar Sather in charge.

Capt. R. W. McMurray, manager of the British Columbia Coast Steamship Service of the Canadian Pacific Railway, was here last evening aboard the steamer Princess Adelaide on which he was making the round trip north.

What's Wrong With Rupert People?

Are they lazy or careless? Or have they an inferiority complex? We don't believe they are dull.

Yet some time ago we advertised a \$1000 contest for the best letter about Bluebird Diamonds and had only a few entrants.

Would it be because people are suspicious that there might be something more to do or something to buy?

Anyhow an agricultural student won the prize with a letter no better than many Prince Rupert people could have written.

Well we now have another \$1000 prize contest which only needs the best letter of 50 words about Parker Pens. No pen to buy, nothing else to do later.

Why not try? We'll tell you all about it, or see our window and ask for an entry blank.

We'd very much like the prize to come to Prince Rupert.

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
