MANAGER FOR CITY IS ASKED

Draft of Bill Adopted by Chamber Of Commerce After Consultation With Trades and Labor Council

At the regular monthly dinner meeting of the Prince Rupert Chamber of Commerce last night, President J. T. Harvey in the chair, W. O. Fulton reported on behalf of the Legislative committee that it had discussed the city manager proposal with a committee of the Prince Rupert Trades and Labor Council and that committee had agreed with the plan with the exception of two clauses which had been amended to meet its wishes. Mr. Fulton then read the provision of a bill which is being sent to the minister of municipalities and to Hon. T. D. Pattullo, member for the district, asking that the city commissioner be instructed to take a plebiscite of the people of Prince Rupert and if the vote is favorable, that the city be allowed to adopt the plan which, if necessary, might be implemented by legislation. Following are clauses of the proposal: A council consisting of five members shall be elected for three years and the council shall choose a mayor from its own members. The council shall appoint a city manager for an indefinite term at a salary of from three to six thousand dollars. The manager may be removable within the first six months and after that only for cause. The council is to have no power over city employees, neither would the mayor have the right to veto and there would be no standing committees of the council. A schoolboard would be chosen by the council, one member of which would be a member of the city council. The bill as outlined was to be considered only a rough draft and would probably be amended before going to the Legislature. It was adopted on motion of Theo Colhart, seconded by F. A. MacCallum.

LOG SCALE FOR MONTH

Timber Record Almost Up To Same Month Last Year But Failing Off Is General

Timber scaling in Prince Rupert forestry district during April this year, amounting to 2,536,031 board feet, was almost level with 2,694,864 board feet in the same month last year. The total for this year to date—3,969,316 board feet—is still only about half of the 7,856,926 board feet recorded in the first four months of 1938. The scale this April per species was as follows: Cedar, 449,169 board feet. Spruce, 457,103 board feet. Jackpine, 282,203 board feet. Hemlock, 1,347,556 board feet. This April pole and piling count in the interior was negligible at 9,180 lineal feet—4,840 cedar and 4,340 hemlock—bringing the total for the year to date to 263,715 lineal feet as against 391,944 board feet in the corresponding period of last year. The tie count this April was 1,752 pieces, all in Jackpine, as compared with 6,474 pieces in April 1938. Sixty-one cords of wood was scaled this April.

ROUMANIA STAYS OUT

Inform Britain and France Again It Is Not Disposed To Alliance At This Time

LONDON, May 2: (CP)—Roumania again informed Great Britain and France yesterday of her opposition to joining any mutual assistance pact at this time. Until the present European situation is cleared up, Roumania does not feel disposed to commit herself to any alliance.

GRITS ARE IN REVOLT

Unless Something More Is Done For Prairies, Says Liberal Member

OTTAWA, April 2: (CP)—The federal government had a blunt warning today that, if the 1939 budget was its answer to the pressing problems of the country, there was little hope for the Liberal party in Western Canada. The warning was from Dr. H. H. Fleming, Liberal member for the Saskatchewan riding of Humboldt, who asserted that he would vote against the government and support the C. C. F. sub-amendment to the budget motion. Dr. Fleming last night described the budget as a "deliberate betrayal of the western electorate." His speech brought into the open a revolt among Western Liberals which is reported to have been simmering since the government brought its new wheat legislation into the House.

LIFE LOSS IN 'QUAKE

Details Of Disastrous Series Of Disturbances In Japan Beginning To Reach Tokyo

TOKYO, May 2: (CP)—At least nineteen lives were lost in the disastrous series of earthquakes which visited northern Honshu Island yesterday. One village of seventy houses disappeared completely into the sea. Details of the disaster are gradually beginning to seep out to official circles here. A survey of the earthquake area around Mito shows, in addition to the nineteen dead, hundreds missing and injured. Other 1000 homes are destroyed and damaged. Aikawa was the village swallowed up by the sea.

SPEED MARK IS CLAIMED

Pursuit Plane Said to Have Reached 469 Miles Per Hour In Italy

LONDON, May 2:—Aviation experts here are skeptical about claims from Rome of a new speed record having been attained at 469 miles per hour by an Italian pursuit plane. If such a speed was made, it was probably at the end of a power dive, it is believed.

BRINGING TOURISTS

Best Advertising Is Satisfied Visitors, T. W. Brown Tells Commerce Chamber

Council Busy

Suggestions Made As To How This District Might Benefit

The best advertising for tourists is satisfied visitors who return home and tell of the splendid time they had, according to T. W. Brown, a member of the Provincial Tourist Council, who addressed the Prince Rupert Chamber of Commerce at its regular dinner meeting last night. He told of the constitution of the body of which he was a member. It was only a consultative body and served without salary of any kind. It collaborated with the Bureau of Industrial and Tourist Development. It had no powers except to give advice. So far one meeting had been held in Vancouver. At this meeting no representative of the transportation companies were present and the chief business had to do with tourists coming in their own cars. This had little interest for people of Prince Rupert who depended upon the steamships and railway until the highway into the city was completed. It developed at the meeting that, while tourists were a big source of income, more money was taken out of the province by residents going south than was brought in by tourists. It would be part of the business of the council to, so far as possible, prevent that. He urged that people should aim to see British Columbia first rather than always going south. Local tourist bureaus were being established and would be a considerable aid in bringing to attention things to be seen in British Columbia. The proposed excursion to Stewart would be in line with this policy. He suggested that medical men should consider sending patients to the interior of the province rather than sending them south. Already some good work had been accomplished in correcting and improving booklets dealing with the province. In some of these no mention had been made of the Queen Charlotte Islands. Also Cassiar was not mentioned.

Deep Sea Fishing

The possibilities of deep sea fishing were being explored and considerable correspondence had already been the result. Interesting sidelights on the tourist business developed in the course of the talk. It was said that last year people who went up the Cariboo highway were told at each hotel that it would be useless to go any farther. Those who made the attempt usually had to return owing to the condition of the highway. This was bad advertising. Another interesting sidelight indicating what is a tourist attraction was correspondence that had developed in regard to navigation of the Skeena River. One party had written several times in regard to it but the chief attraction seemed to be that it was difficult and dangerous, one person having lost his life recently when making the attempt. F. A. MacCallum told of having recommended a prominent American to try the fishing at Fort St. James. He went and was so pleased with the trip that he had sent no fewer than twenty-two others to the district. It was reported that Ex-President Hoover was to go there again this coming summer.

MANY ARE POISONED

At Least Twenty-Nine Insurance Murders In Philadelphia—May Run To One Hundred

PHILADELPHIA, May 2:—Late confessions indicate at least twenty-nine "poison murders" here for the purpose of collecting insurance and there may have been as many as one hundred. Five arrests have already been made, the suspects being held without bail. Aliens are held responsible.

DEMAND BY WM. GREEN

Insists On Reorganization of Labor Relations Board and Amendment of Wagner Act

WASHINGTON, D. C., May 2:—President William Green of the American Federation of Labor demanded yesterday that the present National Labor Relations Board of three members be wiped out and replaced by a new body of five members. Green renewed his charges against the Labor Relations Board of discrimination against the Federation craft unions in favor of the C. I. O. mass unions. He further charged that the tendency of the Board was to hammer down the wages of the skilled workmen. Amendments of the Wagner Act were also demanded.

May Increase Shore Limits

WASHINGTON, D.C., May 2: (CP)—It is learned that the Department of State is investigating the defence value of establishing a twelve-mile zone of territorial waters around the United States similar to the limit set in prohibition days.

Radio Inspector Disappointed At Reception In City

Refrained From Suing Citizens When He Found What Poor Results Were Obtained

At the meeting of the Chamber of Commerce last night D. C. McRae stated that he had discussed the local radio situation with B. Irvine, radio inspector, just before he left for the south. Mr. Irvine had said that the action of the power company had eliminated most of the trouble from the power line and from other sources of disturbance. F. A. MacCallum said he had talked with Mr. Irvine. The inspector told him there was no such thing as radio reception in the city except for the local station and Ketchikan. He had intended to sue some of the prominent citizens for not paying their licenses but had refrained when he found what poor results they got. W. O. Fulton appealed for better support for the local station. He thought the music they gave was far better than that given by Ketchikan.

GOOD OLD DAYS ARE RE-ECHOED

George Casey and Mike McCaffery Clash While Zoning Bylaw Is Considered

George Casey, stormy petrel of many an aldermanic board in the old days, is still the same old fiery George. He is still just as much opposed as he ever was to anything which savors of the restrictive or the exclusive. And he is just as ready as he ever was to do verbal battle with Mike McCaffery who claims to have tried to teach George the rules of order many years ago. At that Mike magnanimously admits that George has some ideas and can make a good speech—some times.

There were echoes in the same council chamber yesterday afternoon of the great civic reverberations of a quarter of a century or so ago when George and Mike, the passing years having apparently not reduced their combative bumps, indulged once more in verbal clash.

It happened at the session of the city council which is City Commissioner W. J. Alder, to hear any objections there might be to the new city zoning bylaw. McCaffery gave a little speech urging that the zoning bylaw be put through without further delay so that some of that cheap federal money might be obtained for Prince Rupert and men put to work building houses. Casey, who is still as able as ever to smell an Ethiopian gentleman in the proverbial woodpile, refused to partake of any of the "soft soap" that he said was being dished out. This was not the first time he had heard about capital coming in. He did not think he should have to come that in hand to any committee in order to use his property in any legitimate way he saw fit. He did not see why several others should be prevented from building just because some one wanted to have a classy home. He thought it unfair that he should not be allowed to have a wood yard in the bush because it might compete with some of the folks down on the waterfront. "Come again, Mr. McCaffery," challenged Casey. Mr. McCaffery made it clear that he had not meant to start any trouble with his old friend Mr. Casey. The discussion moved along and closed with the spectators grinning as George insisted that he did not like to give up his rights because Mike had a half a dozen bricks and a few old boards down on the waterfront which he wanted to sell. Mike graciously admitted "You have me there, George" and the discussion passed along to a more serious note.

Brooksbank Asks Questions

Arthur Brooksbank felt that the opportunity which had been given the public to peruse the forty-page bylaw had hardly been adequate. To have to stand in a City Hall corridor and digest such a document was not very convenient. City Commissioner E. F. Jones pointed out that the public had been given all the opportunity that the act required. In answer to Mr. Brooksbank, City Commissioner Alder said that a person might still build on a 25-foot lot providing three feet was allowed to the lot line on either side. Mr. Alder agreed that it had been "unfortunate" and "a crime" that the townsite should originally have been divided into 25-foot lots. However, the city was now endeavoring to rectify this as far as possible by giving people with single 25-foot lots the opportunity to trade for more commodious property. Mr. Brooksbank asked if it was (Continued on Page Three)

Government Is Moving To Prevent Supplying Of Ships To Germany

Subsidies May Be Cut Off Companies Which Do This When Their Own Country Needs Them—Checking Up On Spread of Nazi Doctrine

LONDON, May 2: (CP)—The government is going to introduce shortly legislation designed to stop the sale of merchant ships to foreign countries, particularly Germany. Rt. Hon. Oliver Stanley, President of the Board of Trade, announced today in the House of Commons. The proposed legislation would require owners to offer saleable vessels first to the government to be added to the reserve merchant marine fleet.

C.C.F. IS WINNER

Captured Vancouver Centre Seat From Liberals In Provincial By-Election Yesterday

VANCOUVER, May 2: (CP)—Mrs. Stuart Jamieson, candidate of the Co-operative Commonwealth Federation, was yesterday elected Member of the Legislative Assembly for Vancouver Centre in the by-election necessitated by the death of Fred Crone, Liberal. The official figures showed a very close result as follows: Mrs. Jamieson, 3725. Ald. H. L. Corey, Liberal, 3589. Ald. H. D. Wilson, Conservative, 3572. J. H. Burroughs, Socialist, 72. In the general election in 1937 Crone had a majority of 696 over the C. C. F. candidate. Mrs. Jamieson's victory leaves the membership of the House as follows: Liberals, 31. Conservatives, 8. C. C. F., 7. Labor, 1. Independent, 1.

Dr. Lyle Telford, C. C. F. member for Vancouver East, after his election as mayor last year, announced his resignation from the C. C. F. party owing to the party rule that no member can hold more than one elective office. He continues to sit as an Independent.

MAY DAY OBSERVED

Not So Many Working Class Demonstrations As Usual—Usual Parade In Moscow

LONDON, May 2:—Russia and France were about the only European countries in which there were May Day class demonstrations. In the dictatorship countries the day was given over to displays of military pomp and power. In Moscow it took 100,000 workers several hours to pass the reviewing stand in Red Square in the annual May Day parade. Soldiers, guns, tanks and war machines, even there, were much in evidence. In Paris extra gendarme guards kept the demonstrations within bounds.

Found Dead In Woods Beyond Comox Avenue

The body of Mike Cohut, a relief recipient who lived in a shack in the woods beyond the end of Comox Avenue, was found lying beside a trail near the shack about 10 o'clock this morning by Alexander Tolmie. Cohut was a heavy drinker and that, it is believed, was probably contributory to his death. He had been dead four or five hours when found. He was about fifty years of age.

MORE FISH IS LANDED

Increased Halibut Landings This Year Entirely Due To Much Heavier American Volume

Halibut landings at the port of Prince Rupert for the month of April this year totalled 2,179,500 pounds as compared with 1,947,500 pounds in April last year. The increased total was more than due to greater American landings which this April amounted to 1,285,500 pounds in comparison with 942 pounds last year. The Canadian total this April was down to 894,000 pounds from 1,005,500 pounds in April 1938.

CONSIDER THEIR FEELINGS

A safety enthusiast, who took advantage of the visit of the King and Queen to Canada to impress on the people the need of care, urges them on this occasion to avoid accidents "out of consideration for the feelings of His Majesty." In other words killing some one is not so bad if the King does not see it. This is carrying loyalty rather further than most of us care to go.

CURIOUS MENTALITY

Barry Mather, whose letter appeared in this paper yesterday, seems to suggest that, if Canada followed the example of New Zealand and voted into power a socialist government, there would be no need to fear control of the world by Hitler and his allies but that there would be "Peace on Earth and Good Will Toward Men." We should like to point out to Mr. Mather that New Zealand is enthusiastically pro-British, just the reverse from the journal that he represents. Also we suggest that, as long as Canada remains a part of the British Empire, the people of the country have the right to vote as did the people of New Zealand but that, if anything happens to the Empire, such as it would seem that Mr. Mather desires, there would be no chance whatever of Canada going socialist. She would not be allowed to do so.

WATCH FOR VANDALS

It is curious that just now there should be a plague of vandalism in Prince Rupert. As a rule, we have been particularly free from that kind of thing. The people here have shown respect for public and private property and have also shown great public spirit in respecting what others are doing and also in helping to improve the city. We suggest that every citizen keep a close watch for those who would destroy either public or private property. It should be suppressed just as would be an attack of the plague. It probably all emanates from one source but the difficulty is to reach the source.

During the past years a number of public-spirited men tried to help the children of the city by establishing and furnishing playgrounds. Now come vandals who destroy the playground paraphernalia and thus injure themselves and deprive the kiddies. It is probably the work of one or two youngsters who think it smart to destroy. If every person in the community appoints himself a warden and immediately informs the police when he sees anything that looks suspicious, the trouble will quickly end.

EGYPTIANS HOSPITABLE

CAIRO, May 2: (CP)—Tennis teams here for international competition are well entertained. Presentation to King Farouk and Queen Farida and trips to the Pyramids are part of their program.

UNITED IN DEATH

CHATHAM, Ont., May 2: (CP)—William A. Chrysler, 76, well-known apirist, died of influenza two days after the death of his wife from the same complaint. There was a double funeral.

'SPORT'

BEES NOW LEAD LOOP

BOSTON, May 2: (CP)—Boston Bees continued their winning streak with another easy victory over the New York Giants yesterday and assumed exclusive leadership of the National League. The Cincinnati Reds, losing two to one to the Pittsburgh Pirates slumped into second place. In the third National League game yesterday, Brooklyn Dodgers won a 13 to 12 slugging contest from the Phillies and went into a tie with the St. Louis Cardinals for fourth place.

The only scheduled game in the American League—Cleveland vs. Detroit—was postponed on account of cold.

Commencing today, National League teams will start their first stands of the season in the east with the American League in the east. The following series are scheduled to commence:

National League—Chicago at Philadelphia; Cincinnati at New York; St. Louis at Boston; Pittsburgh at Brooklyn.

American League—New York at Detroit; Boston at Cleveland; Washington at St. Louis; Philadelphia at Chicago.

The league standings to date:

National League				
	W.	L.	Pct.	
Boston	8	3	.727	
Cincinnati	6	3	.667	
Chicago	6	4	.600	
St. Louis	5	4	.556	
Brooklyn	5	4	.556	
Philadelphia	4	6	.400	
New York	3	7	.300	
Pittsburg	2	8	.200	

American League				
	W.	L.	Pct.	
New York	5	3	.625	
Boston	5	3	.625	
Chicago	6	4	.600	
Washington	5	4	.556	
Detroit	6	5	.545	
St. Louis	4	5	.444	
Cleveland	4	6	.400	
Philadelphia	2	7	.222	

DIZZY DEAN IS SWAMPED

Batted Out Of Box By Chicago White Sox In Fourth Inning Of Benefit Game

CHICAGO, May 2: (CP)—The Chicago White Sox knocked Dizzy Dean out of the box in the fourth inning yesterday afternoon and scored a 4 to 1 victory over the Cubs in an intra-city exhibition game which netted \$25,000 for Monty Stratton, former White Sox pitcher, who lost a leg in a shooting accident last winter.

TENNIS ON CONCRETE

EAST LONDON, South Africa, May 2: (CP)—A British mixed doubles team played a South African team here on a concrete floor in a wool store when arrangements for an outside match were spoiled by heavy rains.

NO PITCH AND PUTT

Pitch and putt does not seem to meet with the approval of the public bodies of Prince Rupert. The Junior Chamber wrote the Senior Chamber last night saying it would not undertake the facilities for the game as suggested.

Grads Keep Hoop Title

EDMONTON, May 2: (CP)—Edmonton Commercial Grads retained the world's women's basketball championship last night by defeating St. Louis Legion 37 to 25 for their victory in the Underwood International Women's Basketball Challenge Trophy. The series went three games to one in favor of the Grads.

SPORT CHAT

New York Yankees had a bad week-end at the hands of the Washington Senators in the Yankee Stadium. The world champions were beaten Saturday by a score of 3 to 1 and lost again Sunday three to two. Boston Red Sox won twice from the Philadelphia Athletics at Shibe Park and bounded into a tie with the Yankees for the league leadership.

In the National League the Cincinnati Reds were idle Sunday after defeating Pittsburgh Pirates 5 to 3 on Saturday and stayed on top. The Boston Bees won from the Phillies both on Saturday and Sunday and went into second place, being only mathematically below the Reds.

PLAY AT ROUNDERS

Senior Softball League Formed At High School

Yesterday the initial game of the newly formed High School Softball League was played between Alpha and Beta resulting in a 7 to 6 victory for the former. The league consists of three teams, one from each house in Senior High School.

The captains and managers of each team are:
Alpha—Bob McNab and Stanley Scherk.
Beta—Ned Tobey and Jack Hopkins.
Gamma—Billy Brown and Robert Rudderham.

Later a league will be formed from the Junior High School.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 30 hour period ending 5 p.m. tomorrow)

General Synopsis—A pronounced high pressure area is approaching the Queen Charlotte Islands from the westward while on the north coast it is comparatively low. Scattered showers have occurred on the coast and over the interior it has been moderately warm.

Prince Rupert and Queen Charlotte Islands—Moderate to fresh northeast winds shifting to northwest, mostly fair and mild with showers.

West Coast of Vancouver Island—Moderate to fresh westerly winds, shifting to northwest. Part cloudy and moderately warm.

ASSIZE IS BUSY ONE

Four Criminal Cases Coming Up
Next Week—One Appeal and
Four Divorces

Four criminal cases, one civil case and four divorce petitions will comprise the docket at the spring session of the Supreme Court Assizes which will open in Prince Rupert on Wednesday of next week. Mr. Justice A. I. Fisher is expected to be the presiding judge and T. W. Brown of this city will be crown prosecutor. In number and seriousness of the criminal cases, it will be one of the largest Assizes held here in some years.

The criminal cases are as follows:
Rex vs. Tilda Moe, charged with manslaughter in connection with the death of Martin Mostue in a hunting accident at Decker Lake.

Rex vs. Nick Sulikowski, charged with attempted murder of Jack Rutter at Prince Rupert.

Rex vs. Dan Etwell, charged with

YOUNG FOLK HAVE RALLY

Last Sunday evening was a memorable occasion for young peoples' organizations in this city. First Presbyterian Church was filled to capacity with young people over the age of fifteen for the youth rally which was conducted in connection with the leadership training course now being held. It was the first rally of its kind ever to take place here.

Miss Winnie Cameron occupied the chair. The proceedings opened with the singing of the hymn "Fight the Good Fight" followed by silent prayer. Greetings were then brought by representatives of the following churches and groups: the Anglican Young People's Association, Baptist Church, Lutheran Church, Presbyterian Church, St. Peter's Junior A. Y. P. A., Salvation Army and the United Church.

Following two more hymns and the offertory, Ken Harding introduced the principal speaker of the evening, Mr. Bert Fiddes, who held his audience with a challenging and thought-provoking address. His subject was "The Challenge of Christ To Modern Youth" and he took as his text St. Matthew 27-22 "What then shall I do with Jesus who is called Christ?" These words were spoken by Pilate when Jesus was brought to him for judgment. Pilate was the man who tried to wash his hands of responsibility. Today the nations of the world waited for the decision of one man as to whether there would be peace or war. Responsibility is an embarrassing, unavoidable thing.

The lessons of Pilate's vacillation were then applied to the Christian life in which Mr. Fiddes stated there can be no compromise. "He that is not with Me is against Me." When the challenge came to assume Christian responsibility one could not wash one's hands of it or he would be stained for all eternity. Either one accepted Jesus or one joined the mob crying out "Crucify Him."

"What is your stand," asked Mr. Fiddes, "on this momentous question?" It is a question the individual alone can choose. Pilate was blind to the spiritual claims of Jesus and merely regarded him as one more Jew. What a difference there would be in the world today if Hitler or Mussolini, looking at Jesus, recognized Him as the Son of God.

It was easy to forget the unseen powers. The things of most value in life such as the great unseen power of love and prayer were invisible. "We must realize the power of the living Christ and cling to his unseen power so that in our darkest hour we may feel His hand. All our loyalty, our enthusiasm and our love we must give to Him. What is our answer to this challenge of Christian responsibility? 'What then shall I do with Jesus, that is called Christ?'"

Following the benediction refreshments were served in the hall by members of the Presbyterian Ladies' Aid. Mrs. H. M. Foote, Mrs. J. A. Frew and Mrs. George Ciccone were in charge of refreshments.

Mr. Fiddes led the gathering in community singing and there were selections by Bert Cameron's Orchestra.

The clergy were well represented at the meeting.

The representatives of the various organizations were: Lutheran Church, Miss Bjorne Skog; Salvation Army, Miss Mary Pierce; St. Andrew's A. Y. P. A., Jack Hopkins; St. Peter's A. Y. P. A., Ted Moore; Nippon Young People's Association, Hiroji Yamanaka; Baptist Church, Bob Basham.

LOCAL NEWS NOTES

Tonight's train, due from the East at 11 o'clock, was reported this afternoon to be on time.

Annual business meeting and election of officers, Women's Canadian Club, Boston Hall, tomorrow, Wednesday, 8 p.m. (102)

SOFTBALL
Meeting, Council Chamber, Wednesday night, May 3 at 7:30 to organize Softball City League. All interested please attend. (103)

The Prince Rupert Chamber of Commerce, at its meeting last night, turned down a suggestion that the Department of Defence be asked to speed up the airport work at Seal Cove.

Replies were read to the Prince Rupert Chamber of Commerce, at its meeting last night, from the minister of Transport promising consideration of requests for better lighting of Metlakatla Passage and for a better light on Rose Spit.

A. M. Richmond, managing director of the Windham mine in the Cariboo district, paid a visit last week to the Porcher Island mines in his capacity as consulting engineer for the Reward Mining Co. Mr. Richmond proceeded from here by rail to Windham.

The question of an excursion to Stewart was mentioned twice in the course of the proceedings of the Prince Rupert Chamber of Commerce at its meeting last night. Peter Lachie suggested it was too early yet for the company to make any commitment as it would have to consider whether a steamer would be available. The Stewart people will make a great event of it if it is carried out.

A. M. Richmond, managing director of the Windham mine in the Cariboo district, paid a visit last week to the Porcher Island mines in his capacity as consulting engineer for the Reward Mining Co. Mr. Richmond proceeded from here by rail to Windham.

W. O. Fulton, chairman of the Legislative Committee, reported to the Prince Rupert Chamber of Commerce last night that his committee would not make a recommendation in regard to coyote bounties because the members did not consider they knew enough about the matter.

The tea and sale of home cooking held by the Women's Missionary Society of First Baptist Church at the home of Mrs. J. C. Gilker yesterday afternoon was a very successful affair. Many ladies called throughout the afternoon and financial results were gratifying.

Two recent arrivals in the city attended the Prince Rupert Chamber of Commerce dinner meeting last night — Arnold Flaten, new manager of the Royal Bank of Canada, who was elected to membership, and Frank Skinner, new local agent for the Union Steamship Company, who took the place of A. W. Newman.

Lorraine Cornish, daughter of Mr. and Mrs. W. B. Cornish, Victoria, and grand-daughter of Mr. and Mrs. W. H. Sherman, Sr., Prince Rupert, was once more successful at the Musical Festival at Victoria. Lorraine came first in class 8 piano, playing two pieces, two-part invention by Bach and "Woodland Reverie" by Humphrey Fenn. The adjudicator's remarks were "good speed, good style, good graduations. She understands the conhapunhal style. Nicely shaped, nice flexibility without losing the flow. Phrasing good, nice rise and fall of tone, appreciation of tone. All in all a grand performance. This child knows what she's doing."

Lorraine also came third in elocution with eighty-seven points. Lorraine has been teaching a little girl 8 years old to play the piano for the past six months and entered her in the festival. The child, Doreen Collie, came second. The adjudicators not knowing that the teacher was only ten years old, said this child must have been thoroughly trained to give such a splendid performance. The festival ended last Saturday. Lorraine was invited to play over C.F.C.T., Victoria, last Friday.

Aristocratic Runaway Returns With Fiance

Pictured here as they debarked from the British destroyer Echo, at St. Jean de Luz, France, 18-year-old Esmond Romilly, nephew of Winston Churchill, British statesman, and 19-year-old Jessica Freeman-Mitford, daughter of Lord Redesdale. Both came back from Spain where Romilly fought as a volunteer. Miss Freeman-Mitford left home to join her fiance despite attempts of her family to have her return to England.

GOOD OLD DAYS RE-ECHOED

(Continued From Page One)

correct that, should a house be more than fifty per cent destroyed by fire, it would be necessary, in rebuilding, to comply with the building bylaw instead of rebuilding all the old lines. Mr. Brooks-bank was informed that this was required under provincial statute.

Mr. Alder pointed out that, under the Act, redress or special consideration could be sought in individual cases from the Town Planning Commission which had power to grant relief.

Mr. Brooks-bank asked if it was the intention to adjust assessments on the basis of "first" and "second" class property under the zoning bylaw. Mr. Alder replied that in certain cases, owing to special privileges, so-called "second class" property might be considered more valuable than "first class."

Mr. Brooks-bank considered that Beach Place, Water Street and Park Avenue were not the most suitable locations for apartment houses. He wished to be recorded as objecting to the whole length of Sixth Avenue being not made available for the building of high class apartments.

General Purposes
In the course of discussion, Mr. Alder stated that the bylaw had been compiled from regulations set under the Dominion Housing Act. The general purposes of the regulations were as follows:

The prevention of the overcrowding of land and the preservation of the amenity of residential districts.

The securing of adequate provision for light, air and reasonable access.

The value of the land and the nature of its use and occupancy.

The character of each district, the character of the buildings already erected and the peculiar suitability of the district for particular uses.

The conservation of property values and the direction of building development.

Mr. Alder felt that it was important that the federal assistance for home building should be made available for Prince Rupert. Under the Dominion Housing Act a \$3000 loan could be obtained under a \$20 per month repayment plan. It was necessary to have the city zoned so that investment firms would come in with the money for building. He could not see why anybody should object to the money being made available.

Mr. Casey, among other things, objected to businesses being prevented at Seal Cove. There should at least be a referendum on the zoning bylaw, he felt.

Mr. Brooks-bank wished to make it clear that he believed a bylaw was necessary. He was not opposed to the general principle of a bylaw.

In answer to Mr. Casey, City Commissioner Alder admitted that all land in the city would be regulated under the bylaw as far as types of buildings to be erected were concerned.

After the general discussion had been completed, the Commissioner

PASSING OF OLD-TIMER

George Hanlin, for Many Years at Little's News Stand, Died Early This Morning

Robert B. "George" Hanlin, long identified with Little's News Stand staff here until a few years ago when increasing age and infirmities necessitated his withdrawing from active work, passed away early this morning at his home, 633 Eighth Avenue West. He had been bed-ridden for some time and, during his illness, had been for a while in the Prince Rupert General Hospital.

Mr. Hanlin claimed eighty-seven years of age. Of Irish ancestry, he was born in Iowa. He was a naturalized Canadian and had lived in British Columbia for sixty years, thirty years of that time in Prince Rupert. He has a brother in the United States.

Funeral arrangements are in the hands of B.C. Undertakers.

NOTICE
A reward of \$25 is offered for information leading to the arrest and conviction of anyone found damaging equipment on playgrounds or at Morse Creek.

GYRO PLAYGROUND COMMITTEE
put the bylaw through its preliminary readings. It will be finally reconsidered and adapted at another meeting Thursday morning.

There were about a dozen interested persons present at the meeting.

Few Fires Here In Wet Weather

Fire Alarms So Far This Year Have Totalled Only Nine as Against 33 Last Year

Due to the cold, wet spring which has not been conducive to the usual crop of grass fires, there have been so far this year in Prince Rupert only nine fire alarms as compared with thirty-three in the first four months of 1938. Alarms this April numbered four as compared with five in April 1938. This April's fires were all due to burning of trash or rubbish and no damage was occasioned.

TAX RATE ADOPTED

City Commissioner W. J. Alder, in session yesterday afternoon as a city council, gave final reconsideration and adoption to the rate bylaw for the year setting the tax rate for the year at 47.5 mills on one hundred per cent of the taxable land and thirty-five per cent of taxable improvements.

SERVICE OF BOYS

Bert Fiddes, Secretary of the Boys' Work Board of the Religious Education Council in British Columbia, was the guest speaker at the morning service in First United Church Sunday. The program was in the nature of a Boys' Service with Ken Harding as chairman, assisted by Jack Davis, Tommy Forrest and Eddie Clecone who represented the Tuxis, Trail Rangers and Explorer groups of this city respectively.

The junior choir, led by H. T. Lock, rendered the official Tuxis hymn.

Ken Harding, in introducing Mr. Fiddes, requested that more young people attend the training classes at the Baptist Church. It was stated that nearly 40 had attended the first meeting of these classes on Friday last but this was hardly a sufficient attendance for the size of Prince Rupert. Bert Fiddes, Mr. Harding said, was one of the province's most ardent workers in this field and in a field where good

workers were most needed.

Mr. Fiddes chose as his text "Follow Through." In golf, tennis, badminton or any game, even in the great game of life, one must follow through. One could not stop half way and expect to win. The world was too full of good starters but few were good finishers.

In the young peoples' societies, the Sunday School, university, etc., all started off well but, when the time for tests came, many failed, because of the temptations of an easier life beforehand.

Certainly these were difficult times but there had been difficult times before. Down the ages for thousands of years there had been heroic figures who, by sheer determination, courage and faith, had followed through.

One should not be dismayed by changes. The world must progress. Old traditions and many things were being thrown overboard but did not Jesus do the very same thing when he faced a people bound by law and tradition?

One must watch that the discarded was not better by far than the new.

Mrs. H. T. Lock and Ned Tobey had charge of decorations.

TRIP FOR CHILDREN

At Least Six Youngsters From Here Being Sent to See King

Very encouraging reports were presented last evening at a meeting of the executive of the Prince Rupert to Victoria King's Visit Children's Fund held in the Canadian Legion clubrooms. Jack Preece was in the chair with Stanley Saville, secretary treasurer, and representatives of other organizations also present.

Arrangements have been made for the children to leave here on the Princess Adelaide on the night of May 26. They will proceed to Victoria on Monday, May 29, and on the Tuesday will be in their allotted places for the royal procession. Returning to Vancouver on Wednesday they will leave Vancouver on Wednesday evening and be back in Prince Rupert on Friday, June 2. Mrs. J. S. Black, who will be in Vancouver at that time, has accepted the responsibility of acting as chaperone and will be in charge of the party from Vancouver to Victoria and back to Prince Rupert. While in Victoria the girls will be put up at the Young Women's Christian Association hostel and the boys at the Young Men's Christian Association rooms. A place has been set aside by the Victoria Committee on Yates Street so that the

children may have a close-up view of Their Majesties.

Plans regarding the drawing for the names of the children at the Grand Dance in the Moose Hall on Friday of this week were completed. In order that all schools may be represented it has been decided that, if funds permit of the sending of six children, one will be sent from each of the Borden Street, King Edward and Annunciation Schools and three from Booth Memorial High School. An equal number of boys and girls will be chosen. The drawing will take place at midnight in the Moose Hall when it is hoped to have Col. J.W. Nichols and Col. S. D. Johnston draw the names. Names of children eligible under the conditions have been obtained through the courtesy and co-operation of the principals and teachers of the schools.

Many Have Helped

One very gratifying feature of the support given by people and organizations has been the donations of time and ability. The showcards have been made by S. A. Kellback, the Serenaders Orchestra are donating their services at the dance, the Moose are donating the hall. Three door prizes have been donated by S. Saville. In addition there has been generous support by organizations in putting on entertainments.

A statement of receipts to date follows:
Proceeds from Toc H. and Fire Hall Concert \$44.00
Donations—
Queen Mary Chapt., I.O.E. 5.00

Receive Literary Awards

Winners of the Governor-General's Awards for the best works in fiction, poetry and general literature published by Canadians during 1938 have been announced by the Canadian Authors' Association. Picture shows, left to right: Gwethalyn Graham, fiction, "Swiss Sonata," Kenneth Leslie, poetry, "By Stubborn Stars," John Murray Gibbon, general literature, "Canadian Mosaic."

Whifflets

From The Waterfront

A goodly proportion of the local trolling fleet is now on the grounds although there has not been much fishing of late owing to inclement weather forcing the boats to lie in harbor. An improvement in weather conditions, which now appears at long last to be looming, should result in an improvement in the run and catches which have been rather thin.

The local party from the Royal Canadian Naval Volunteer Reserve which has been on a West Indies cruise for the past few months is expected to start returning home by the end of this week. Sid White of the local unit is sailing this Thursday night on the Prince Rupert for a four weeks' training course at Esquimalt.

Dominion Constable A. J. Watkinson returned to port Saturday night with the Indian Department's power cruiser Naskeena from a four-day patrol trip to Stewart.

Union steamer Catala, Capt. James Findlay, southbound from Stewart and Anyox, made special calls today at Big Bay to load boxes and at Port Edward and Inverness to discharge supplies. As a result, the vessel was late in arriving here, not getting in until 2:45 this afternoon. Shortly after, she will sail for Vancouver and waypoints.

LONDON, Ont., May 2: (CP)—W. C. Johnson, principal of Beck Collegiate, cancelled Easter examinations because children were returning to classes before they recovered from influenza and were suffering relapses.

Little Chance Of Prorogation By King George

OTTAWA, May 2: (CP)—Parliament Hill conceded that there is slight chance of sessional work being completed in time for King George to prorogue Parliament on May 19.

Total	\$186.69

A committee consisting of J. Preece, S. Saville, H. T. Lock, G. J. Dawes and W. Lamb was appointed to canvass the city. The Canadian Legion has started off the list with a donation of \$35.00. The committee expects to raise enough funds to send at least six children but a generous response to the canvass may enable the city to have an even greater representation.

Reduce Varicose or Swollen Veins

This Easy Way—At Home

Swollen veins may become dangerous and sometimes break. Sufferers should get an original bottle of Moore's Emerald Oil at any pharmacist and start to reduce the veins and bunches at once with the healing oil. A small bottle will last a long time because it is very concentrated and a little goes a very long way. Apply night and morning with a soft brush or finger tip as directed until the swelling is reduced. So effective and safe. Emerald Oil that failure is rare—deed—at drugists everywhere.

NEW AND BETTER

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
