Bulletins

WRECKAGE IDENTIFIED Provincial police headquarters here were advised today that wreckage found off Calvert Island, north of Queen Charlotte Sound, had been definitely identified as being that of the Alert Bay trolling boat Eugenie which has been missing since December 19 with Hugh Grexton and son, Jimmy, on board. Although it would appear almost certain that the Grextons have perished, a search is being continued by Police boats for them.

SEAL COVE

Is Said To Have Been Definitely Settled Upon As Site For Major Air Defence Centre

As far as can be learned locally, the Department of National Defence has defintely settled upon Seal Cove as the site for a major seaplane base development here in the course of its coast defence plans. Something in the way of calling for tenders for site preparation and, possibly, buildings is expected in the near

In the development of Seal Cove there would be considerable excavation work. There would be hangars and other buildings as well as the slipways and other structures necessary in connection with handling planes. In all, the undertaking would be quite a sizeable one.

The project, it is estimated by persons who should be in a position to know, might cost as much as \$1,000.000.

The basing of a squadron of twelve planes, it is said, would involve the employment of close to 150 persons.

In Christendom probably the most the Friday the 13th fixture is in the fact there were 13 at the Last Supper, including Judas Iscariot, who, next day, traditionally a Friday, be-

trayed Jesus Christ for crucifixion. In any case, doubtless thousands' of mortals today will refuse to set out on a journey by air, sea or land start any new enterprise or sit 13 at the table, because it is Friday the 13th. On the other hand lots of bold spirits will go out of their way to walk under ladders and spill the Orchestra Has salt, just to show their contempt for the time-honored idea of the unlucky day.

GOING CHORUSY

LONDON, Jan. 13: (CP)-Brentford football club supporters sang the team's "anthem" for the first time this Christmas. The English League first division team ran a competition for a theme song and "numbers" poured in.
