TRIP WAS STRENUOUS

Sweltering Day in Ontario as King and Queen See Two Million People—His Majesty Injures Elbow

ABOARD THE ROYAL TRAIN, June 7: (CP)—King George and Queen Elizabeth yesterday had one of the most strenuous days so far in their tour of Canada and faced another such today. Throughout yesterday the royal train crept slowly along from northern to southern Ontario and Their Majesties were almost constantly outside on the rear platform waving to thousands who were gathered at every railway station they passed. There were four official stops and numerous unofficial ones and it is estimated that two million people saw the King and Queen.

It was the warmest day Their Majesties have experienced in Canada with the temperature standing about eighty degrees. Many people fainted as they waited for the Royal Train.

During the day the King suffered a slight injury to his elbow when the train took a sudden lurch and he was thrown against the wall of the observation car.

Their Majesties were at Windsor last night. After stops at London, Ingersoll, Woodstock, Brantford and Hamilton today, they left the train at St. Catharines late this afternoon and motored to Niagara Falls where they are spending the evening. At 9:30 (5:30 Pacific Standard Time) this evening they will enter the United States, being met at the border by Secretary of State Cordell Hull and British Ambassador Sir Ronald Lindsay.

Two days will be spent at Washington and two days in New York. There is talk of a triumphal procession down Fifth Avenue such as is accorded national heroes.

Drought Is Ended Over Wide Area In Saskatchewan Now

REGINA, June 7: (CP)—According to a Saskatchewan Wheat Pool report, general rains of the last several days have ended drought conditions over a wide area in Saskatchewan. Near Weyburn, however, the moisture came too late.

Roosevelt Trip West Postponed

Legislative Developments at Ottawa Cause Departure for West to be Deferred

WASHINGTON, D.C., June 7.—Owing to new legislative developments which will require his presence in Washington at the end of June, President Franklin D. Roosevelt has postponed his proposed trip to the Pacific Coast, it was announced yesterday. He may start west on July 2.

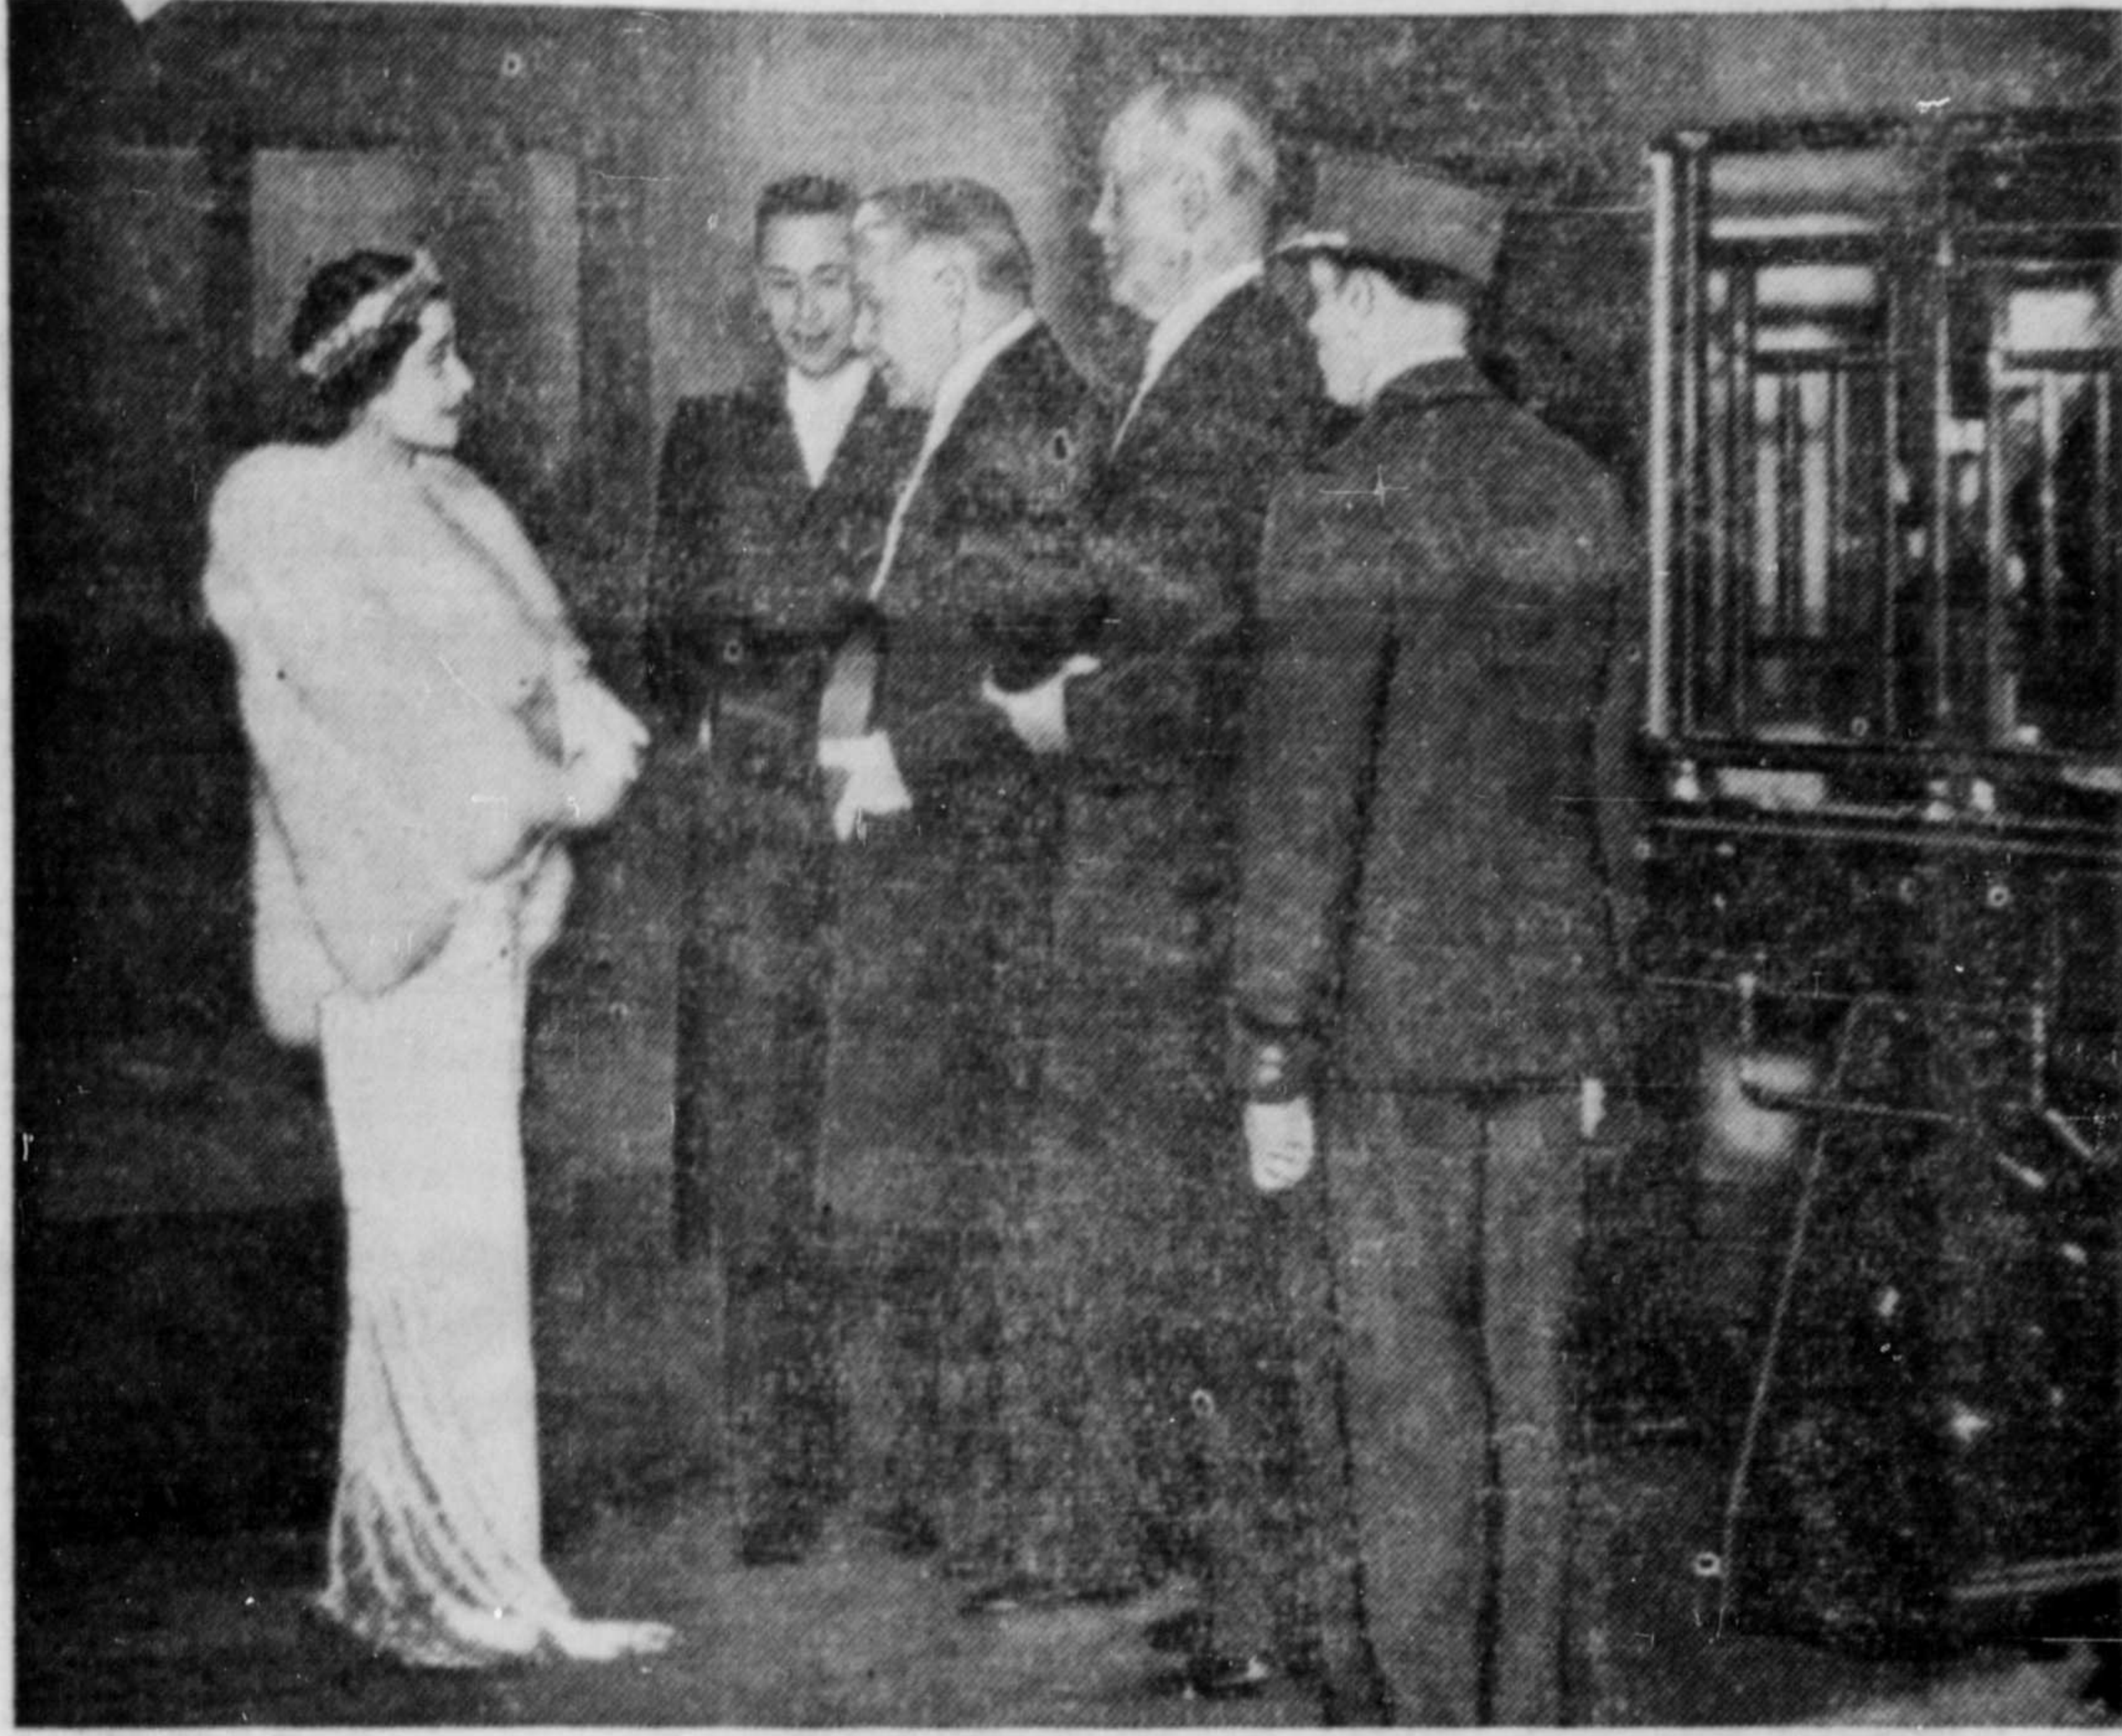

The President stated yesterday that there would be no spending program this year. Arrangements were being made to provide credits for small business men.

England Has Had It Warm

Cloudy Weather or Rain Promised For Today To Bring Relief From Twenty-two Day Heat Wave

LONDON, June 7: (CP)—Cloudy weather or rain was promised for today to bring relief to England after a twenty-two day heat wave. Yesterday it was eighty above in London. Farmers are not exactly facing drought but would welcome rain.

Edward Beatty Chats with King and Queen

Just before leaving Montreal, Their Majesties King George VI and Queen Elizabeth met and shook hands with several directors of the Canadian Pacific Railway. They are seen here chatting with Sir Edward Beatty, G.B.E., K.C., L.L.D., chairman and president, Canadian Pacific Railway, and Sir Herbert Holt. Other directors presented by Sir Edward were Sir Charles Gordon, G.B.E., D. C. Coleman, vice-president, Brig-Gen. F. S. Meighen, C.M.G., Ross McMaster and M. W. Wilson.

TRADE TO HONG KONG

Decrease Not Great Considering Conditions, Report Shows

OTTAWA, June 7.—While Canada entered the Hong Kong market in 1938 with a number of new products and increased her share of imports of several well established articles, the total value of Canadian imports into this Crown colony decreased by \$40,800 or two per cent from 1937. In reporting this to the Department of Trade and Commerce, V. E. Duclos, Canadian Trade Commissioner at Hong Kong, states that "this decrease is more than accounted for by one of \$77,214 when compared with 1937. Imports of Canadian dry salt herring are usually recorded under the foregoing heading, and the decrease shown is entirely due to the inactivity of this trade during the period under review."

Imports of wheat flour from Canada increased from 166,793 piculs (1331-3 pounds) to 167,846 piculs although the total value decreased by \$125,726, while imports of Douglas fir declined by \$35,162. "The combined decrease of above three items amounted to \$238,102," states Mr. Duclos, "which would indicate that the falling-off in the total value of Canadian imports into Hong Kong is the result of a decreased volume of business in certain products rather than a general decline." Increases were shown in imports from Canada of sulphate of ammonia, pig lead, motor lorries, potatoes, fodder, brass sheets, metals No.p., wrapping paper, sulphur and frozen fish.

ROME, June 7: (CP)—Twenty thousand Italian soldiers, just returned from the Spanish civil war where they fought for General Francisco Franco, were reviewed today by Premier Benito Mussolini. Yesterday they were welcomed home on landing at Naples by King Victor Emmanuel.

IS HOPEFUL ABOUT PACT

Premier Chamberlain Indicates Negotiations Will Be Successfully Concluded With Russia

LONDON, June 7: (CP)—A representative of the Foreign Office will go to Moscow to speed negotiations for a mutual assistance pact between Great Britain, France and Russia. Prime Minister Neville Chamberlain told the House of Commons today. The Prime Minister seemed particularly optimistic over a successful conclusion of the pact. Mr. Chamberlain said: "The government has, I believe, been able to satisfy the Soviet government."

The British government, the Prime Minister added, was prepared to conclude an agreement on a basis of full reciprocity.

KILLED BY LOG FALL

Owen White, Prominent In Communist Activities Here, Loses Life Instantly

Owen White, for several years a resident of Prince Rupert and best known as a worker of the Communist party here, was instantly killed yesterday afternoon in an accident while bucking a log on the Skeena River Highway about a mile beyond Cloyah Bay.

White was sawing a log from the lower side when the log in some way collapsed and rolled on top of him. Men working three hundred yards away heard the crash and rushed up. White was lying in a ditch beside the road with the log on top of him. Even then he was probably dead for it was found that the injuries as a result of the crushing had been very extensive.

The accident occurred at 3:15 p.m. and, within an hour, the authorities had been notified by John Carlson, coroner A. J. Lancaster, Dr. R. G. Large and Constables C. F. Oland and D. W. Taylor proceeded at once to the scene, later bringing the body in.

White was about fifty years of age and is survived by a widow and grown children residing on Seventh Avenue to the rear of the Army.

Loan Arranged In New York Will Help Province To Get Started With Road Program

VICTORIA, June 7: (CP)—A \$4,000,000 New York loan that will release money for a substantial road and public works program in British Columbia this year has been obtained by Hon. John Hart, minister of finance, it is announced.

About \$1,000,000 will be available for a provincial road scheme.

In addition the loan will make it possible to work out difficulties with Ottawa so that financing of various Dominion-provincial public works may be arranged.

Two million dollars will go to help meet \$5,000,000 of debt maturities in July and another \$1,000,000 to refunding certain treasury bills now falling due.

BIRKENHEAD IN SORROW

Memorial Service Held Today Instead of Gay Party Which Was Planned

BIRKENHEAD, England, June 7: (CP)—There was to have been a gay party in Birkenhead tonight to celebrate the completion of the new submarine Thetis. Party frocks however, have been replaced by mourning dresses. This afternoon there was a memorial service in Liverpool Bay over the spot where the Thetis lies on the bottom with ninety-nine dead aboard.

Efforts are still being made to raise the sunken undersea craft and a searching inquiry is in progress.

Stoker W. C. Arnold, one of the four survivors, says that something happened an hour and a half after the submarine took the dive. There was a rush of air from the forward torpedo tube and water began to enter. It was decided to abandon ship but only the four got out alive.

Speaker Garner Is Not Favored

Opposition to His Candidature For President Comes From Another Quarter

WASHINGTON, D.C., June 7.—Opposition to the candidature of Vice-President John Nance Garner for the Democratic presidential nomination came from another quarter yesterday when the National Right to Work Congress assailed him as being the candidate of big southern land interests.

Vancouver Board Of Trade Party Visiting Prince Rupert Today

Goodwill Tour Along Coast is Proving Highly Enjoyable—Being Entertained by Local Chamber of Commerce This Afternoon

Led by their president, G. Lyall Fraser, and the energetic executive secretary, W. E. Payne, eighty-four members of the Vancouver Board of Trade are visiting Prince Rupert today aboard the steamer Princess Alice, Capt. William Thompson, in the course of an excursion tour of the British Columbia coast and West Coast of Vancouver Island. Since leaving Vancouver Monday morning they have visited the pulp and paper towns of Powell River and Ocean Falls. They arrived in Prince Rupert at 10 o'clock this morning and will leave at midnight for Stewart where tomorrow will be spent. From Stewart they will proceed to Zeballos and other West Coast of Vancouver Island points.

This afternoon the visitors are guests of the Prince Rupert Chamber of Commerce, the program including a boat trip around the harbor and automobile drives with visits to local industrial plants. Late this afternoon there will be a reception at the Prince Rupert Club and later a dinner aboard the steamer with civic and Board of Trade officials as guests.

The trip, so far, the visitors report, has been highly enjoyable. Weather has been cool and cloudy along the coast but that has dampened the enthusiasm of none.

The party consists of the following:

- Paul Aivazoff, Chas. E. Anstie, R. H. Arkell, A. G. O. Bahr, W. J. Barrett-Lennard, Thos. Barrie, E. G. Baynes, Russel E. Black, R. E. Borchgrevink, W. J. Borrie, J. A. Brodie, Col. W. S. Buell, K. Owen, Archbishop of Toronto and Primate of Canada for the Anglican Church 'left' here yesterday by train for Waterways whence he will proceed by boat to Aklavik. Returning from a tour of the northland on ecclesiastical business, he will travel by airplane.

The Primate will turn the sod for a new hospital at Fort Norman and will dedicate All Saints Cathedral at Aklavik.

Library Board Routine Meeting Last Evening

The Prince Rupert Library Board held its regular monthly meeting last evening. Those present were: Frank Dibb, chairman, T. B. Black, secretary, Mrs. Arnold, W. H. Tobey, R. L. McLennan and Miss Olive van Cooten, librarian. Business conducted was merely of a routine nature. It was stated that the books ordered for the free of the library from the proceeds of the recent tag-day should be here in about a week's time.

Disjointed Words Uttered To Police

What Lawredge Lawlor Said Following Incident Near Duchess Of Kent

LONDON, June 7: (CP)—"I didn't hit anyone, did I? I was quite in order. I had a certificate." Such were the somewhat disjointed remarks which Lawredge Lawlor made after he was arrested Monday in connection with the shooting incident near the Duchess of Kent. Constable Robert Tice so told the magistrate at the preliminary inquiry.

Case Of Equine Brain Disease

Malady Affecting Horses Shows Up At Columbia Gardens Near Nelson

NELSON, June 7: (CP)—A case of equine brain disease is reported at Columbia Gardens, south of here. Authorities of the provincial department of agriculture are dealing with it.

Weather Forecast

General Synopsis—Pressure remains high southwest of Vancouver Island and the weather has become cloudy and cool in nearly all parts of British Columbia. West Coast of Vancouver Island—Moderate west winds, moderately cloudy and rather cool.

**WELCOME VISITORS**

The Daily News joins the rest of the community in extending a hearty welcome to the visitors from Vancouver who are in the city today. While we regret that the weather man did not make a better choice of a day, we are glad to meet the folks from the south once more and hope they will enjoy this part of their trip.

**WORK ON HIGHWAY**

The Prince Rupert Chamber of Commerce has under consideration whether to ask the provincial government to make some real progress on the highway east of here or to concentrate on the work east of Usk until a connection is made with the outside. To take the latter course looks like sidetracking the western connection altogether.

Prince Rupert has been in existence something like thirty years and during that time the various provincial government have built only twelve miles of road connecting with this city. We venture to say there is no other place of this size so badly served. From Prince George it is possible to drive north, south, east and west on good roads but from Prince Rupert there is one highway and no other and that one goes only for twelve miles. All that is being done each year is to spend a little money in giving relief to a few local citizens. No real attempt is being made to have the highway constructed.

We are not blaming the member for the district for the condition because at the meeting of the Chamber of Commerce this week there was no desire shown to have the road built. The members are content to drift.

The alternative to building the highway is to secure a low rate from the railway company for the carrying of cars to Terrace after the connection is made there. That may content some people but it does not satisfy us. We think a road is not only desirable but necessary to our continued progress. The reason the city has remained in a more or less static condition all these years is because we have had no highway connection with the outside.

We understand the position of the member for Skeena who advocates the concentrating of our efforts on the country east of Usk. If he were to be always the member there and if the present leaders in the communities east of here were to remain, it might be all right but within two or three years possibly all these will have changed and we shall be looking for support to a new group of people who care nothing for the past but who want a road to Kitimaat or to some other point and put all their pressure to securing it. Prince Rupert will still be on this side of the mountains which will be just as great a barrier to expansion as ever.

With the completion of the southern transcontinental highway in sight we believe it is time now for us to make our influence felt in the provincial capital in regard to the highway. We have waited long enough, possibly too long. But if we are to do anything we must unite on a plan and speak with one voice.

**RECORD IN HOME RUNS**

New York Giants Break One Mark And Equal Another In Slugfest At Polo Grounds

NEW YORK, June 7: (CP)—One home run hitting record of all time in the Big Leagues was set and another was equalled yesterday as the New York Giants went on a batting rampage at the Polo Grounds to slug out a 17 to 3 victory over the league leading Cincinnati Reds. In the fourth inning the Giant batsmen smacked out no less than five circuit blows, breaking the single innings home run record of four as established in 1894 by Pittsburgh and repeated by the Chicago Cubs in 1930. Making seven home runs in all during the game, the Giants equalled the previous record in that respect held jointly by Detroit (1886), Philadelphia Athletics (1921) and Pittsburgh (1894).

The Brooklyn Dodgers went into third place in the standing by winning over the Pittsburgh Pirates at Ebbetts Field, the Dodgers being now tied with the deadlocked Pirates and Chicago Cubs, the latter losing a close verdict to the Phillies at Philadelphia.

Feature of American League play yesterday was the second straight defeat of the leading New York Yankees at the hands of the Detroit Tigers.

Yesterday's Big League scores:

National League			
Cincinnati	3	New York	17
Pittsburg	2	Brooklyn	5
St. Louis	5	Boston	3
Chicago	8	Philadelphia	9
American League			
New York	2	Detroit	6
Boston	7	Cleveland	8
Philadelphia	4	Chicago	7
Washington	10	St. Louis	7

The clubs move to new stands today as follows:

National League—St. Louis at Brooklyn (night game), Chicago at New York, Cincinnati at Philadelphia, Pittsburg at Boston.

American League—New York at Chicago, Washington at Cleveland, Boston at St. Louis; Philadelphia at Detroit.

The league standings to date:

National League			
	W.	L.	Pct.
Cincinnati	29	15	.659
St. Louis	24	17	.585
Pittsburg	22	21	.512
Chicago	22	21	.512
Brooklyn	21	20	.512
New York	20	24	.455
Boston	17	24	.415
Philadelphia	14	27	.341
American League			
New York	33	9	.786
Boston	23	16	.590
Chicago	23	19	.543
Cleveland	22	19	.537
Philadelphia	17	25	.405
Detroit	19	24	.442
Washington	16	26	.381
St. Louis	14	29	.326

**Woodison Makes New Record For 3-4 Mile Sprint**

MANCHESTER, June 7: (CP)—Prior to leaving today for United States where he will meet Glenn Cunningham in a challenge race at Philadelphia, Stanley Woodison, famous British miler, yesterday set a new record of two minutes 59½ seconds for the three-quarters of a mile.

**SPORT CHAT**

Jockey Steve Donoghue rode his third straight mount to Derby victory at Epsom Downs 16 years ago yesterday. Driving Papyrus home, Donoghue established a record unsurpassed by any rider in Derby history. He added three more victories in the classic before retiring November, 1937, after riding more than 2,000 winners in 30 years.

The Argentine government paid \$150,000 for Craganour, the colt which finished first in the Derby 26 years ago but was disqualified for fouling in the stretch. A. B. Cunliffe's Aboyer was declared the winner after Craganour's disqualification.

**DATES FOR BALL PLAY**

Ketchikan To Be Here On June 23, 24 and 25

Tentative dates for the annual baseball series between Prince Rupert and Ketchikan have been set, according to a letter received by Dido Gurvich, local manager from Vern Hoban, secretary of the Ketchikan Baseball Association. Ketchikan will play in Prince Rupert June 23, 24 and 25 and will return home to entertain the local nine July 2, 3 and 4.

The Prince Rupert team's trip will be made by steamer and it is hoped this means of transportation will hurry the trip sufficiently to enable Dido to secure the services of some of his stars who in other years have not been able to leave their jobs to travel.

Practices are called for Wednesday evenings and Saturday evenings, switching to forenoon on Sundays. Dido announces that this year's team will be made up of those who show enough interest and ability to warrant a position and promises to sport some new talent that will make the home town fans stand up and cheer.

The only rookie on the regular proposed line-up will be the young basketball star Sonny Beynon Beynon, who seems a natural, will fill in the hot spot at third base should Nick Chenoski, so badly needed, fail to turn up for the games. Frog Letourneau and Jack Indsay as already announced, will see action in any event on the mound for the locals and a thorough search is being made for any prospective hurlers who may be in the vicinity.

A novel ticket selling campaign will shortly be launched which will eliminate any canvassing of business houses which has been the practice in the past. Five boys of junior age will be assigned to the job of raising funds by ticket selling and the youth who turns out to be the best salesman will be chosen as mascot of the locals while travelling and will visit Ketchikan all expenses paid with their team.

**A CONSCIENTIOUS OBJECTOR**  
EDITOR, Daily News:

It appears that the city of Prince Rupert is about to borrow \$40,000 for replacing its sewers. I understand that the bonds are to be guaranteed by the Dominion government. Objectors are asked to state their reasons against such a proposition. My objections are based upon the fact that I am part of the Dominion government, which proposes to make this guarantee. I object for the reason that the government thus assumes the same liability as would be the case were they making the loan, and because the Dominion government is not receiving any of the benefits supposed to accrue in the way of interest.

These bonds, or guarantees, are also part of the national debt and the national debt is a mortgage upon my property, as well as the city in the city of Prince Rupert. Should the city borrow this money directly from the Dominion, and pay the interest to the Dominion, I would have no objection whatever to the proposed bond issue.

At this time I might also state my objections to the Dominion paying a salary to the Governor of the Dominion Bank. It appears to me that his salary should be paid by the people whose interests he appears to be more interested in than in the interest of Canadian taxpayers. When Mr. Towers makes the statement: "The national debt of Canada is an asset to the country," it seems that his services to the people of Canada are not sufficient to warrant their paying him the large salary he now receives.

This is also the more hard to understand in view of the fact that for many years, our capitalists have been bemoaning the fact that the country is going completely to the dogs because of the Dominion debt, and the C. N. R. deficit. However, now that the Dominion debt is an "asset" and the Canadian parliament are seriously thinking of making another present to the C. P. R., our troubles may be solved at last? This calls for more objections on my part. Why are we paying Parliament to throw away our Grand Trunk Pacific. Why not have the C. P. R. pay their salaries instead.

The "preposterous" statement which I made recently: "That the Dominion was wasting millions of dollars every day" was not more preposterous than such actions. Also I believe that I merely stated the facts. The remedy that I believe will solve the matter of the C. N. R. deficits, as well as many provincial matters, is included in my statement, which I take this opportunity to repeat.

I shall not waste time in discussing the problem with persons not in a position to do anything about the matter. Also, there is too much good legislation defeated by too much talk. With people who hold ideas similar to Mr. Towers it seems rather hopeless as well. Therefore, there seems little probability that there will be an end to the waste of a million dollars needlessly, every day, as long as everyone is satisfied.

**Ends Season With Enjoyable Party**

With the president, E. R. M. Yerpburgh in the chair, the Religious Education Council met in the Baptist Church last evening with twenty-five members present. The main item of business was to pass the constitution and, after some discussion, this was done.

Ted McBride, Premier of the Boys' Parliament brought greetings from the Council in Vancouver. An enjoyable musical program, in charge of Mrs. Garfield McKinley, included; a vocal solo by Miss Betty Wilkinson, accompanied by Mrs. McKinley, a piano solo by Miss Marybelle Stiles and a violin solo by Miss Phyllis Hamblin, accompanied by Miss Eileen Hamblin.

After this all joined in an amusing time in a social period. During refreshments, which were capably arranged by Mrs. A. Sutton, an impromptu floor show was presented and much appreciated.

The Religious Education Council will open in the fall with a rally in the United Church after the evening service on September 10.

## POWER IS REVEALED

Reports at Annual Meeting of Christian Science Society Indicates Progress

BOSTON, Mass., June 7.—Thousands of Christian Scientists, meeting in this city, challenged a troubled world to change its perspective from a material to a spiritual basis in its search for release from pressing economic and political problems.

The occasion for the great influx was the annual meeting of The Mother Church, The First Church of Christ, Scientist, which was filled at an early hour right up to the centre balcony under the very dome of the great edifice. Through an entire afternoon's round of addresses and reports from the field, the power of the Christ to lift individuals above the ills of human sense was acknowledged and this same spiritual power was recommended for the healing of the nations and the establishment of a permanent world peace.

Looking beneath the surface ripples of troubled international relationships apparent in the world today, the Christian Science board of directors saw the deep-running currents of spiritual progress "keeping alive the vital realization of spiritual truth which Christian Scientists must always nurture, whether their work be along the specific line of healing or in the important channels connected with home, church, business and government."

### Church Progress Reported

Various reports heard during the afternoon cited specific instances of spiritual enlightenment actively at work among the nations today. One revealed that Europe, seething centre of turbulent political upheavals, is also a fertile field for spiritual growth, indicated in the formation of 21 new branch church organizations abroad, 12 of them being in England.

Summarizing these distinct evidences of a continued reaching out for truth, the directors stated: "We are in a position to know, and are glad to report, that at no time in the history of the Christian Science movement has the healing work been carried on with greater success or along broader lines than it is today."

## WILL AID GYROS IN GYM PLAN

Junior Chamber to Collaborate on Civic Centre—Mail Delivery Proposal Dropped—Other Business Last Night

The Junior Section of the Prince Rupert Chamber of Commerce will continue to co-operate with the Prince Rupert GYRO Club in connection with the proposed local civic centre project. After a letter had been read at last night's monthly dinner meeting of the Junior Chamber from the GYRO Club outlining preliminary steps and estimates, President A. S. Nickerson announced the appointment of a committee consisting of C. G. Ham, chairman, John Connell and George Dybhavn to represent the Junior Chamber.

In view of the need of a civic centre in Prince Rupert and the fact that the Junior Chamber had already offered its assistance, Mr. Nickerson urged that every member of the Junior Chamber be prepared to get wholeheartedly behind the project.

Mail delivery service for the city was another question which came up for considerable discussion at the Junior Chamber meeting last night. A committee consisting of C. G. Ham and Alfred Rivett had gone into the matter and, after canvassing various interests concerned, presented a report expressing the opinion that no good purpose was to be obtained by pursuing the matter further at this time but suggesting that the postal authorities might be asked to institute a parcel delivery service, such as was given by the express companies.

After several aspects of the question had been gone into, it was decided to drop the whole matter.

A letter from H. E. Lokken, manager of the Fishing Vessel Owners' Association of Seattle, to the Canadian Halibut Vessel Owners' Association proposing the establishment of a light on Halliday Island in Hudson Bay Pass at the north end of Dundas Island was read and it was decided to take the matter up with the Senior Chamber through a committee consisting of J. C. Gilker and Richmond Mortimer. It was stated that such a light would be of great assistance to the fishing vessels.

A report from William Brooks-Bank, chairman of the Port Day committee, referred to the decision not to go ahead with Port Day along the same lines as last year but, instead to have a regatta and ball on July 20. It was pointed out that the reason for calling off Port Day this year was due to the unfavorable attitude of the Deep Sea Fishermen's Union and Trades and Labor Council. Next year it was hoped to proceed with Port Day such as had been so successful last year.

## Summer Steamer Service Starts

Canadian National Coast Schedule is Coming Into Effect Next Week

Summer service will come into effect next week for Canadian National Coast Steamships. Each Wednesday the steamer Prince George or Prince Rupert will arrive from Vancouver, Powell River and Ocean Falls at 10 a.m., sailing at 1 p.m. for Alaska and returning here at 9 o'clock Monday mornings to sail south at 3 p.m.

The Prince Robert will make fortnightly cruise voyages to Alaska, arriving here alternate Monday mornings at 8 o'clock, sailing at 1 p.m. for Alaska, returning here at 3 o'clock Sunday afternoons and sailing at 6 p.m. for Vancouver.

Each Friday morning at 10 o'clock the Prince Rupert or Prince George will arrive here from Vancouver, Powell River and Ocean Falls, sailing at 3 p.m. for Anyox and Stewart, returning to this port at 5 o'clock Saturday evening and sailing at 7 p.m. for the south.

The Prince Charles, on the run between here and Vancouver via the Queen Charlotte Islands, will sail alternate Saturday nights from here commencing Saturday night of next week.

There was a letter from Arthur Campbell, secretary of the British Columbia Junior Chambers of Commerce, concerning the recent convention at Nelson and other matters.

The Junior Chamber decided to suspend regular monthly meetings for the months of July and August during which time business will be handled by the executive and committees.

## Whifflets From The Waterfront

Making her final voyage on spring schedule prior to inaugurating summer service next week, C.N.R. steamer Prince George, Capt. James Watt, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls with a good-sized list of passengers and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening southbound.

W. J. ALDER, Commissioner. (tf.)

## Notice

The Provincial Government has approved and will guarantee the repayment to the Dominion Government of a loan which it has agreed to advance to the city of forty thousand (\$40,000) dollars at two per cent interest for a period of thirty years for the purpose of replacing certain wooden water pipe mains with cast iron and it is my intention to take advantage of this loan.

Any property owner objecting please advise in writing "The Honorable Minister of Municipal Affairs" at the City Hall, Prince Rupert on or before the twelfth day of June next.
