PIONEER OF YUKON DIES

Charles (Eldorado) Anderson Passes Away at Home on Texada Island

VANCOUVER, June 30: (CP)—Charles (Eldorado) Anderson, one of the colorful figures of the early days of the Klondike, is dead at his home on Texada Island near Powell River. In 1893 he went into the Yukon and bought for a few hundred dollars the famous Eldorado claim out of which he made half a million dollars. Later he lost the most of his fortune in San Francisco real estate.

Rain And Mud In Dry Areas

Happy Stories of Best Rainfall in Years in Saskatchewan

REGINA, June 30: (CP)—Inhabitants of Saskatchewan's drought areas for the first time in years have muddy roads to talk about—real mud that bogs down cars and halts transport services.

From Shaunavon, centre of the droughtlands, came happy stories of the best rainfall in years and—mud.

Early in June muddy roads forced salesmen to abandon cars and travel by train; a political meeting was cancelled and a wedding delayed many hours because the preacher's car stuck in the mud.

A bride waited at the church four hours while Rev. D. Gootie battled mud made in a car. A wedding breakfast was timed for 10 a.m. but it began before the 10 guests sat down at the bridal table.

But the farm folk are happy to have the mud again, a harbinger of good crops.

President May Get Monetary Powers Back

WASHINGTON, D. C., June 30: (CP)—A move is on foot to restore to President Franklin D. Roosevelt authority to devalue the dollar of which authority he was relieved a few days ago by the senate. It is also proposed to give the administration power to buy foreign silver, setting the domestic price of the metal at 70c.

Last night the President's power to devalue the United States dollar went back into the monetary bill in an agreement reached by a Senate and House conference committee. In addition the committee removed the prohibition on future purchases of foreign silver and reduced from 77.5c to 70c the proposed price of domestic silver. Earlier in the session a bill as introduced by the administration was adopted by the House but was charged radically by the Senate. The conference report must be ratified by both Houses. Republican Senate leaders said they would talk out the measure beyond the midnight deadline when the President's monetary powers expire.

The House of Representatives yesterday voted in favor of an arms embargo. Shipment of everything except lethal instruments to belligerent nations would be permitted.

Indications Point To Bumper Harvest In Canada Like 1928 And 1932

WINNIPEG, June 30: (CP)—The Canadian wheat harvest may be late this year but it is expected to compare in volume with the big years of 1928 and 1932. Moisture conditions are generally good and grasshoppers are in check. Warm weather to mature the crop would now be timely.

KILLED BY DYNAMITE

Gustaf Ostrom, Powder Monkey at Logging Camp, Commits Suicide

Gustaf Ostrom, aged fifty, native of Sweden, committed suicide on June 29 at the camp of J. R. Morgan Logging Company, Cumshewa Inlet, Queen Charlotte Islands.

An explosion was heard at four o'clock in the morning from the back of the float. When E. Palmer, J. Liersch and another man reached the scene they found the victim in the water. Liersch jumped in and pulled him out. The man had evidently held a stick of dynamite, lighted, near his face. His hands, chest and body from knees to head were terribly injured.

He was taken at once to the emergency hospital at the camp where Dr. R. J. Patchett rendered first aid. He was then rushed by camp tender Mary Roberts, Captain Nels Ohms, to the Skidegate Inlet General Hospital at Queen Charlotte City. Dr. Patchett and E. Palmer accompanied the patient.

Dr. D. T. R. McColl found it necessary to amputate both hands above the wrists. Dr. Patchett assisting, numerous other lacerations and contusions extending from knees to head were treated. The patient rallied after the operation and seemed to rest comfortably but, at six o'clock Tuesday morning, he suffered a sinking spell and shortly afterwards passed away.

Funeral services were conducted on June 28 by Rev. Basil Hartley and interment took place in the Queen Charlotte cemetery. As far as could be ascertained, the only relatives of the deceased live in Sweden.

A. R. Mallory, coroner for the Queen Charlotte Islands, assisted by Constable T. A. Stewart of the provincial police, held an enquiry into cause of death of Ostrom. Evidence was given by Dr. D. T. R. McColl and O. Hill, special constable, also E. Palmer and Dr. Patchett.

The verdict was that death was due to post-operative shock following extensive surgery necessary on account of self-inflicted dynamite injuries while of unsound mind.

The deceased was acting as powder monkey at the camp and thus had access to dynamite used in camp operations. He had been despondent for several weeks and had acted in an unusual manner.

Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 24 hour period ending 5 p.m. tomorrow.)

General Synopsis—Pressure is high from Vancouver Island south-westward and relatively low over Northern British Columbia. Light scattered showers have occurred in many localities and the weather has been quite warm in the interior.

Prince Rupert and Queen Charlotte Islands — Fresh southerly winds, partly cloudy and moderately warm.

West Coast of Vancouver Island—Fresh westerly winds, mostly fair and warmer.

Aged Eskimos Put To Death

After Hunting Days are Over, They are Left to Die

WINNIPEG, June 30: (CP)—When hunting days are over, the problem of the aged is often solved quickly by the Eskimos in far north settlements. Dr. A. L. Fleming, bishop of the Arctic, told newsmen here. They are walled up in snow huts and left to die.

"According to our ideas it is very cruel but it is easy to understand it when you realize that Eskimos live most of their lives on the verge of starvation," he added.

Dr. Fleming commended the Federal government for its work among the dwellers of the far north but suggested some method should be devised to take care of the aged.

The Eskimos explanation for their treatment of the old and infirm is: "The game won't wait for the slow hunter."

VANCOUVER ISLAND'S PLAINT

Prince Rupert people will quite understand the plea of the people of Vancouver Island in asking for highways opening up new territory. There is a settlement at Tofino where the people claim they are forgotten. All they need is a piece of road from Sproat Lake, 35 miles in length, to connect with the highway to Victoria.

Another complaint is that Vancouver Island has 12,000 square miles of territory yet there is no road from end to end or all the way across it. Roads so that tourists may visit those districts in what they ask. All they want is a few million dollars just to build some roads.

There are possibly a dozen or more districts in British Columbia where they would like a few million dollars expended on roads. In addition there is Prince Rupert district which requires about three million dollars for the highway to Terrace, a road to the top of the mountain and some more roads on the Queen Charlottes, including a road connecting Massett with the south end of Graham Island, only about forty miles or so.

When we think of the great distances to be covered, we remember that a paltry little twelve miles is all Prince Rupert has had completed since the city was established thirty years ago. No other community can compare with this in the small amount of work done in the district closely adjoining it. If there is another city or large community like ours with so little highway serving it, we should like to know where it is. People who came here in 1909 have waited thirty years for a highway and now they can drive only twelve miles. Surely we have a better plea even than Tofino.

JAPAN'S ATTITUDE

"It becomes increasingly difficult to regard Japan's tactics at Tientsin in any other light than as the opening manoeuvre in a broad campaign to drive the western powers out of China," says the New York Times. "It is true that in its present phase this campaign is directed solely against the British. But that is merely because Japanese opinion has been better schooled during recent months in anti-British sentiment than in any other propaganda and because it is unnecessary to bring in other countries at this time. British interests in China are immensely larger than those of other western powers."

"Certainly the methods which the Japanese are using are not those of a nation which is seeking to narrow the area of disagreement and to settle immediate points at issue. The original Japanese demand served on the British authorities at Tientsin was for the surrender of four Chinese who had taken refuge in the British concession after being accused by the Japanese of terrorism. But as soon as the British showed their willingness to arbitrate this question the Japanese raised their terms. They next demanded that the British 'cease hoarding Chinese currency in Tientsin' and 'discontinue protecting anti-Japanese and Communist elements.' Then as if in fear that the British government might accept these terms as a new basis of discussion, Japanese spokesmen again lifted their price and demanded 'British co-operation of a new order' in the East." These are the tactics of a government seeking to pick a quarrel rather than avoid one.

"The 'new order' that Japan wants is a China exclusively dominated by the Japanese themselves. A surrender coming after Munich, would seem certain to do great damage to Britain's position in India."

PORTABLE HOSPITAL

Medical Caravan Aides 30,000 Alberta Children; Saves Many Lives

CALGARY, June 30: (CP)—Alberta's medical caravan, carrying doctors and nurses to remote communities, has started its summer campaign of visits.

Officially known as the Alberta Travelling Clinic, it is a rolling hospital—two trucks for carrying equipment and a large passenger car for the staff of nine members under direction of Dr. J. W. Bridge, chief surgeon.

Its patients are school children under 16 years of age. Minor operations are performed, the operating room being set up in community halls or isolated farm homes and treatment is prescribed for many ills. More than 30,000 children have been examined, countless lives saved and clinics held in districts never before visited by a doctor. The staff includes two dentists and the truck drivers are medical students.

The caravan's case record shows 8,852 minor operations performed without a single death.

"We are always particularly careful not to infringe on the territory of the country doctor—the backbone of the community," Dr. Bridge told Flora Bailey, a reporter who spent a day with the clinic. "We refer many cases to the district doctor. However, as a rule we work in districts that are far beyond the reach of any doctor. Almost 90 per cent of the cases we handle are indigents. The country doctor could not afford to touch them."

NEW CLUB EXECUTIVE

Committees Appointed by President Lakie for Coming Year Following Installation

Yesterday afternoon W. L. Coates gave a brief review of the accomplishments of the past year at the regular weekly luncheon of the Prince Rupert Rotary Club and then called upon Dr. W. T. Kergin to install the new officers. He thanked all those who had helped to make the year a success and especially the secretary and treasurer, T. A. McWaters and Alex McRae, for their splendid support.

Dr. Kergin spoke of the past year as one of which the club might well be proud. He congratulated Peter Lakie on his election as president and impressed him with the importance of the office. The other officers and members of the executive he also spoke to, urging that as they had to carry out most of the business of the club during their term of office, they give this their best efforts. It was the duty of President Lakie to give a lead to the club. C. V. Evitt was formerly a president and the club would depend upon him to carry on according to the club traditions. Dr. C. H. Hankinson and R. G. Hopkins were new to the executive and they would bring new enthusiasm to their duties. Alex McRae, treasurer, and Bert McWaters, secretary, had done so well in the past that the club had re-elected them.

Mr. Lakie, in taking the chair, said he realized the honor that had been done him. He thanked the members for choosing so good an executive and said he hoped all would co-operate to make the coming year a successful one. He then read the list of committees which he had chosen as follows:

DON'T buy UDL London Dry Gins because they are made in Vancouver, but because they're GOOD! They are good because United Distillers Limited have access to every element and ingredient necessary to make the most perfect gins in the world! First, they have exclusive use of generations-old secret formulas that have made the London Dry type of gin famous. These recipes are known only to the English master gin distiller who is under contract to UDL until he retires. Then, they have access to unlimited supplies of Vancouver's snow-pure, non-alkaline water, ideal for distilling purposes.

Add to this the expert choice of berries, herbs and roots from the world's finest, together with strict Federal Government supervision of distilling, and you have the reasons why UDL London Dry Gins are "Famed Across the World".

Just naturally good liquor

NEW AND BETTER

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.

Famous Medals for Distinguished Service..

THE DISTINGUISHED FLYING CROSS... 1918

Awarded to officers and warrant officers of the Air Force for valor, or devotion to duty in active operations against the enemy, this coveted decoration was instituted on June 3, 1918, by King George V, when it was felt that decorations awarded to other arms were not appropriate for the then new flying branch of the fighting service. From a distinctive blue and white diagonal striped ribbon is suspended a beautiful silver cross as shown. Bars are awarded for subsequent acts and rosettes are worn on the ribbon when the ribbon is worn without the cross in undress uniform. Recipients are permitted to use the letters D.F.C. after their names.

NEW BISHOP ONCE BOXER

Held InterCollegiate Title While Attending University

WINNIPEG, June 30: (CP)—Canon Henry D. Martin of the Anglican Church, Bishop-elect of Saskatchewan diocese, has a record in church work known through Canada, but a disjointed thumb on his right hand reveals a side of his life not so well explored.

The six-foot, square shouldered clergyman, Canon of St. George's Church in Winnipeg, wrecked that thumb in the boxing ring. He held the intercollegiate crown during his student days at Wycliffe College, Toronto.

"Oh yes," the middle-aged Canon said modestly, "I used to play nearly every game."

His favorite sport, he recalled, was one of the roughest of the day, a boxer and hoping he would be soccer football. He still has medals he won for prowess on the soccer pitch while in college.

Canon Martin was elected to the Bishopric of Saskatchewan at bi-

meetings of the Rupert's Land Synod in Winnipeg June 15.

Canon Martin's introduction to Saskatchewan will be no new experience. He was an ardent missionary in drought areas in his early years as a clergyman. "I worked as a student missionary in construction camps and know Saskatchewan well," he said.

The athletic Bishop-elect, who succeeded Bishop Walter Burd, was born in London, England. He began his studies at Glasgow, Scotland, and graduated from Wycliffe. He was first associated with St. James Cathedral, Toronto and later St. Luke's Church, Saint John, N.B. He came to Holy Trinity Church, Winnipeg, in 1914 and two years later transferred to St. George's. He was created a canon in 1932.

Smithers Gets New Sidewalks

SMITHERS, June 30:—Extensive sidewalk construction has been going on in Smithers this summer. The first concrete sidewalk was laid in town was recently laid down by contractor James Brown, this being a short stretch of sidewalk along Broadway from Main Street for a distance of 110 feet along the Hanson Block. It is more than an experiment to ascertain how it will stand up. If successful it will probably be continued in future years.

Blocks of plank sidewalk have been relaid on Main Street and one block on King Street. In addition there have been several blocks of old plank sidewalk taken up and replaced with rock and concrete.

The main street of the town was given a treatment of calcium chloride to allay the dust nuisance.

CROPS LOOK VERY GOOD

Bulkley Valley Looking Forward To Bumper Harvest

SMITHERS, June 30:—Crops in the Bulkley Valley have never looked better at this time of the year than they do at present. Frequent showers of rain, together with lots of sunshine, have brought the hay crop along in an amazing fashion and the grain crops also have done extremely well although a little late in getting started. The farmers are all very hopeful of a bumper harvest for this year. The prospects for a good crop of timothy seed and, what is more important, a fair price for the seed seem to be very good.

This procedure was begun last year and found to be very effective and will probably be a regular procedure each year from now on.

Ladies' Rug Club At Charlotte Is Raising Funds

QUEEN CHARLOTTE, June 30:—Last year a group of local ladies formed a club and named it "The Rug-Bee." The members meet once a week in winter and fortnightly during the summer months at each other's homes and hook rag rugs. Several fine examples of original design have been completed and others are nearly finished.

This spring a full-sized wool afghan, or bed-throw, was knitted by these versatile women and raffled to a worthy cause. Said by them to be a work of art, it was made in squares of variegated orange and blue and put together with strips of plain brown. The edges were scalloped and in each of the plain spaces was a hand-embroidered spray of flowers done in real Irish linen thread. Mrs. E. Size, famed for her beautiful needle-work, put the afghan together and added the dainty finishing touches.

The gratifying sum of sixty-four dollars was raised by the ladies and the winning ticket was held by a young man who was working at Alford Bay construction camp. He was reported to be very pleased at having such a beautiful and useful souvenir of the Islands to take home with him.

The money raised is to be spent in beautifying the grounds of the local cemetery both by hiring men to cut the encroaching brush and by having crosses of uniform size made for each grave.

Members of this club are Mesdames Beaven, Chastaney, Christensen, Hill, Jolliffe, Munro, Olsen, Roberts, Size and Turner.

Honored Before Leaving Islands

QUEEN CHARLOTTE CITY, June 30:—The United Church Ladies' Aid held a social evening to honor Rev. and Mrs. William Selder before they left for Ymir in the Southern Interior to take charge of the field there for the United Church.

The large gathering, both old and young, was greatly pleased with the amateur movies shown by Dr. McColl. The feature picture "Jack and the Beanstalk," delighted all.

Later in the evening a presentation was made to the guests of honor of a native-carved black slate totem pole, seven inches high. Mrs. E. C. Stevens, the vice-president, made the presentation in the absence of Miss Velma Fairbairn, president. An address was also read by Mrs. Stevens in which regret was expressed at the departure of the minister and his wife and best wishes were extended to them for the future.

Mr. Selder replied suitably, thanking the ladies for their gift and extending a cordial invitation to all to visit them at Ymir.

Refreshments were served and a very pleasant evening came to a close with the singing of the old favorite "Blessed Be the Tie That Binds."

SHE KNITS BETWEEN SESSIONS OF RACING AGAINST DEATH

Mrs. Roy Eccles, who is racing against men drivers at Brooklands, popular automobile and motorcycle race track near London, offers a study in contrasts, as she knits while a mechanic checks her car. In practice she lapped the track at more than a 90-miles-an-hour clip in her Eccles special.

Q. C. CITY

H. R. Beaven, local merchant, has moved into his fine new building which combines store and spacious home under the one roof. The finishing touches are being put on it and, when it is completed, it will be one of the most imposing buildings in town.

TERRACE

G. W. Cripps, provincial assessor, has been a visitor to Terrace during the past few days on routine business.

The Terrace Branch of the Canadian Legion held its monthly meeting on Wednesday. During the business session the principal subject to be discussed was the annual picnic. Some wanted this event to be held at Lakelse Lake again while others voted for Johnson Lake, an equally delightful spot on the way to Kalum Lake. Among visitors at the meeting was Major Buckley who gave a very interesting firsthand story of the Royal visit to Vancouver.

LIKED HOLIDAY

NEW WATERFORD, N. S., June 30: (CP)—Councillor Angus Gillis reported at a council meeting that 25 school children had called at his house to thank Mayor Muise for an extra holiday granted during the royal visit to the province.

Mrs. H. Fairbairn and daughter Miss Velma Fairbairn have recently returned from a six weeks visit to the south. They met Miss Evelyn Fairbairn in Vancouver and Velma also visited relatives in Victoria. They saw Their Majesties while in the south and hold the general opinion that the Royal Couple in real life far exceed in charm their pictured selves.

Heather, three-year-old daughter of Dr. and Mrs. D. R. T. McColl entertained seventeen young friends at a birthday tea on Tuesday. A huge birthday cake was the centre of interest. There were many lovely gifts for the young hostess, some having come all the way from Ottawa.

Miss Beth Rudge celebrated her twelfth birthday by entertaining a group of fourteen young friends at a picnic and swimming party. The young people crossed to Robertson Island by boat and there made a bonfire and enjoyed swimming and games. A much-enjoyed picnic lunch was served and the party lasted until seven p.m.

The Prince Charles this week had on board a patient from the A. P. Allison Logging Company Cumshewa Inlet. Dr. McColl met the boat at Skidegate and the sick man was moved to the Skidegate Inlet Hospital.

Walter Fair was recently called from the fishing grounds at North Island owing to the serious illness of Mrs. Fair whom he took yesterday to the hospital at Queen Charlotte City.

Game Plentiful Queen Charlotte Islands This Year

Recent arrivals from Queen Charlotte Islands say that deer are very plentiful on the Islands. L. Dyson, on one trip between Port Clements and Tiell, saw 79 deer.

Pheasants and grouse are also to be seen everywhere between Port Clements and Queen Charlotte City, particularly around Lawn Hill.

It's the cumulative effect of advertising that counts.

MASSETT

Mr. and Mrs. W. N. Giegerich and daughter Mary of Moecasin, Montana, arrived two weeks ago at Port Clements and will spend another two weeks with their son and daughter at Cape Bald. Tiell Mr. Giegerich was Government Telegraph operator fifteen years ago at Port Clements, Massett at Queen Charlotte City. This is his first trip back to the Islands since he left.

Arthur Dunn has purchased Dr. Dunn's house at Sangar River near Massett and the Duns are living in a tent for the summer. In the winter they will move into their Massett home.

Mr. Archibald of Victoria arrived at Massett to spend a month at Sangar River.

Mrs. Munro, wife of the chief engineer of the steamer Prince George, arrived at Port Clements on the Prince Charles this week and is spending a brief holiday at Tiell.

Eleven Indian children who have been at Cogileetza Institute returned on the Prince Charles this week to their homes at Massett and Skidegate.

Mrs. James Martin of Massett arrived home on the Prince Charles Wednesday after a three months' visit in Vancouver.

Mr. and Mrs. Lawrence Rennie of Port Clements moved into their fine new bungalow last Saturday.

Mrs. Charles Pillar and baby son arrived at Port Clements Wednesday from Murrayville to spend the next two months the guest of Mrs. Pillar's parents, Mr. and Mrs. W. G. Rennie. Mr. Pillar has been teaching at Murrayville.

Halibut Prices Holding Up Well—Sockeye Run Proving Satisfactory—Angling Parties Heading Out

Halibut landings at the port of Prince Rupert for the present season up to and including yesterday had reached a total of 7,363,300 pounds consisting of 3,331,300 pounds from Canadian vessels and 4,032,000 pounds from American. During the short week ending yesterday landings amounted to 424,000 pounds of which 239,000 pounds was from Canadian vessels and 185,000 pounds from American. Considering general business conditions, halibut prices, while by no means spectacular, are holding at a steady level, being better sustained, indeed, so far this year than many in the spring might have anticipated. For Canadian fish the high price of the week was 7.2c and 5c which the Margalice received for 2,500 pounds and the low 6.6c and 5c which a number of boats received. For American fish

the high price of the week was 8.1c and 5.5c which the Tacoma was paid for 20,000 pounds and the low 7.5c and 5.5c which the Dean received for 8,000 pounds.

Gill net fishing for sockeye salmon on the Skeena and Naas Rivers for the opening week of the 1914 season, averaging twenty fish per boat, is considered to have been satisfactory. Clearer and warmer weather would undoubtedly mean

even better fishing. Canning is now general and there are no disturbing elements in the situation anywhere in the district.

The coming long Dominion Day week-end will see quite a number of angling parties heading out. So far this spring trout bags hereabouts have been fairly good. One of the further afield parties leaving this evening will be going to Kiew Nugget in Grenville Channel with Skipper Jimmy Donaldson on the Billmor.

Seventy-three passengers arrived on the Prince Charles last evening from Queen Charlotte Islands points including 29 tourists who will transfer here to the Prince Rupert to make the round trip to Stewart and Anyox and south.

The Bertha G. and the Zenardi, the large seineboats belonging to Jack Haan and Charles Haan respectively, were in Queen Charlotte this week on their way to the fishing grounds on the west coast. Herring fishing is reported poor around Paofo but hopes are held out for better luck at the west coast where the third Haan brother, Peter of the Beatrice H., is at present.

Four Boats From South
Today brings four coastal liners to Prince Rupert from Vancouver and, from this on during the summer, there will be that number in. At 8 o'clock this morning the Princess Louise, Capt. S. K. Gray, arrived with a large list of tourists sailing at 10 a.m. in continuation of her voyage to Alaska. The Prince Rupert, Capt. Neil McLean, arrived at 10 a.m. and sailed at 3 p.m. for Anyox and Stewart whence she will return tomorrow evening south-bound. The Princess Adelaide, Capt. William Hughes, is due at 4 o'clock this afternoon and will sail at 11 p.m. Last will be the Cardena, Capt. John Boden, due at 8 o'clock this evening and sailing at 10:30 p.m. on her return to Vancouver and waypoints.

Sunday Schools of Presbyterian United and Baptist Churches combined last Saturday afternoon for a joint annual picnic on Deby Island. About 220 persons, mostly children with a few adults, enjoyed a happy outing. There was a full program of races and sports and the usual refreshments were provided. The boats Viking and Cape Spencer were used to transport the picnickers.

For fishing without carrying his license T. Shimimura, Japanese gillnetter of Oceanic, was fined \$20 by Stipendiary Magistrate Andrew Thompson in provincial police court this morning.

DUKE AND DUCHESS HOLIDAY

The Duke and Duchess of Windsor, after a holiday, are shown above as they were greeted at a railroad station.

SMITHERS

Dr. and Mrs. R. C. Bamford have returned home to Smithers from a trip south. They motored as far as San Francisco and took in the big fair at that place and visited many other places of interest. They were accompanied part of the way by their two sons, Alfred and Douglas, and also by a niece.

Jack McNeil, who has had an extensive trip through the United States, arrived back home a few days ago. He travelled to San Francisco and down through the Southern States, up the Atlantic coast to New York and home by way of New England States and Canadian Railways. He took in both big fairs during his trip at San Francisco and New York and spent several days in New Orleans visiting many points of historical interest enroute. All of the travellers think that the Bulkley Valley will bear favorable comparison with most parts of the country from an agricultural point of view.

Mr. Vetterli arrived in Smithers from Switzerland a few days ago to make his home in the Bulkley Valley. He is looking over the country quite thoroughly before making a selection of a farm. He is an experienced cheese maker and it is hoped that before long there will be a cheese factory started in this district.

The new creamery at Telkwa is reported to be working steadily and turning out a fine grade of butter which is finding a ready market.

Twenty-Five Years Ago

June 30, 1914

The city council last night decided to appeal a decision of Mr. Justice Aulay Morrison in Supreme Court in regard to the Ritchie sewer case. Ald. John Dybhavn and Ald. Thomas Maitland voted against taking the matter into the courts.

The sheriff has seized for debt eighty tons of herring in a shack at Seal Cove. The fish are rotten, however, and he will not take possession. The city health department will spend \$125 to take the fish out to sea and dump it.

The Conservatives again swept Ontario in the provincial election, Premier Whitney having a majority of sixty-one seats over the Liberals. The Abolish the Death Penalty bill failed to make much headway.

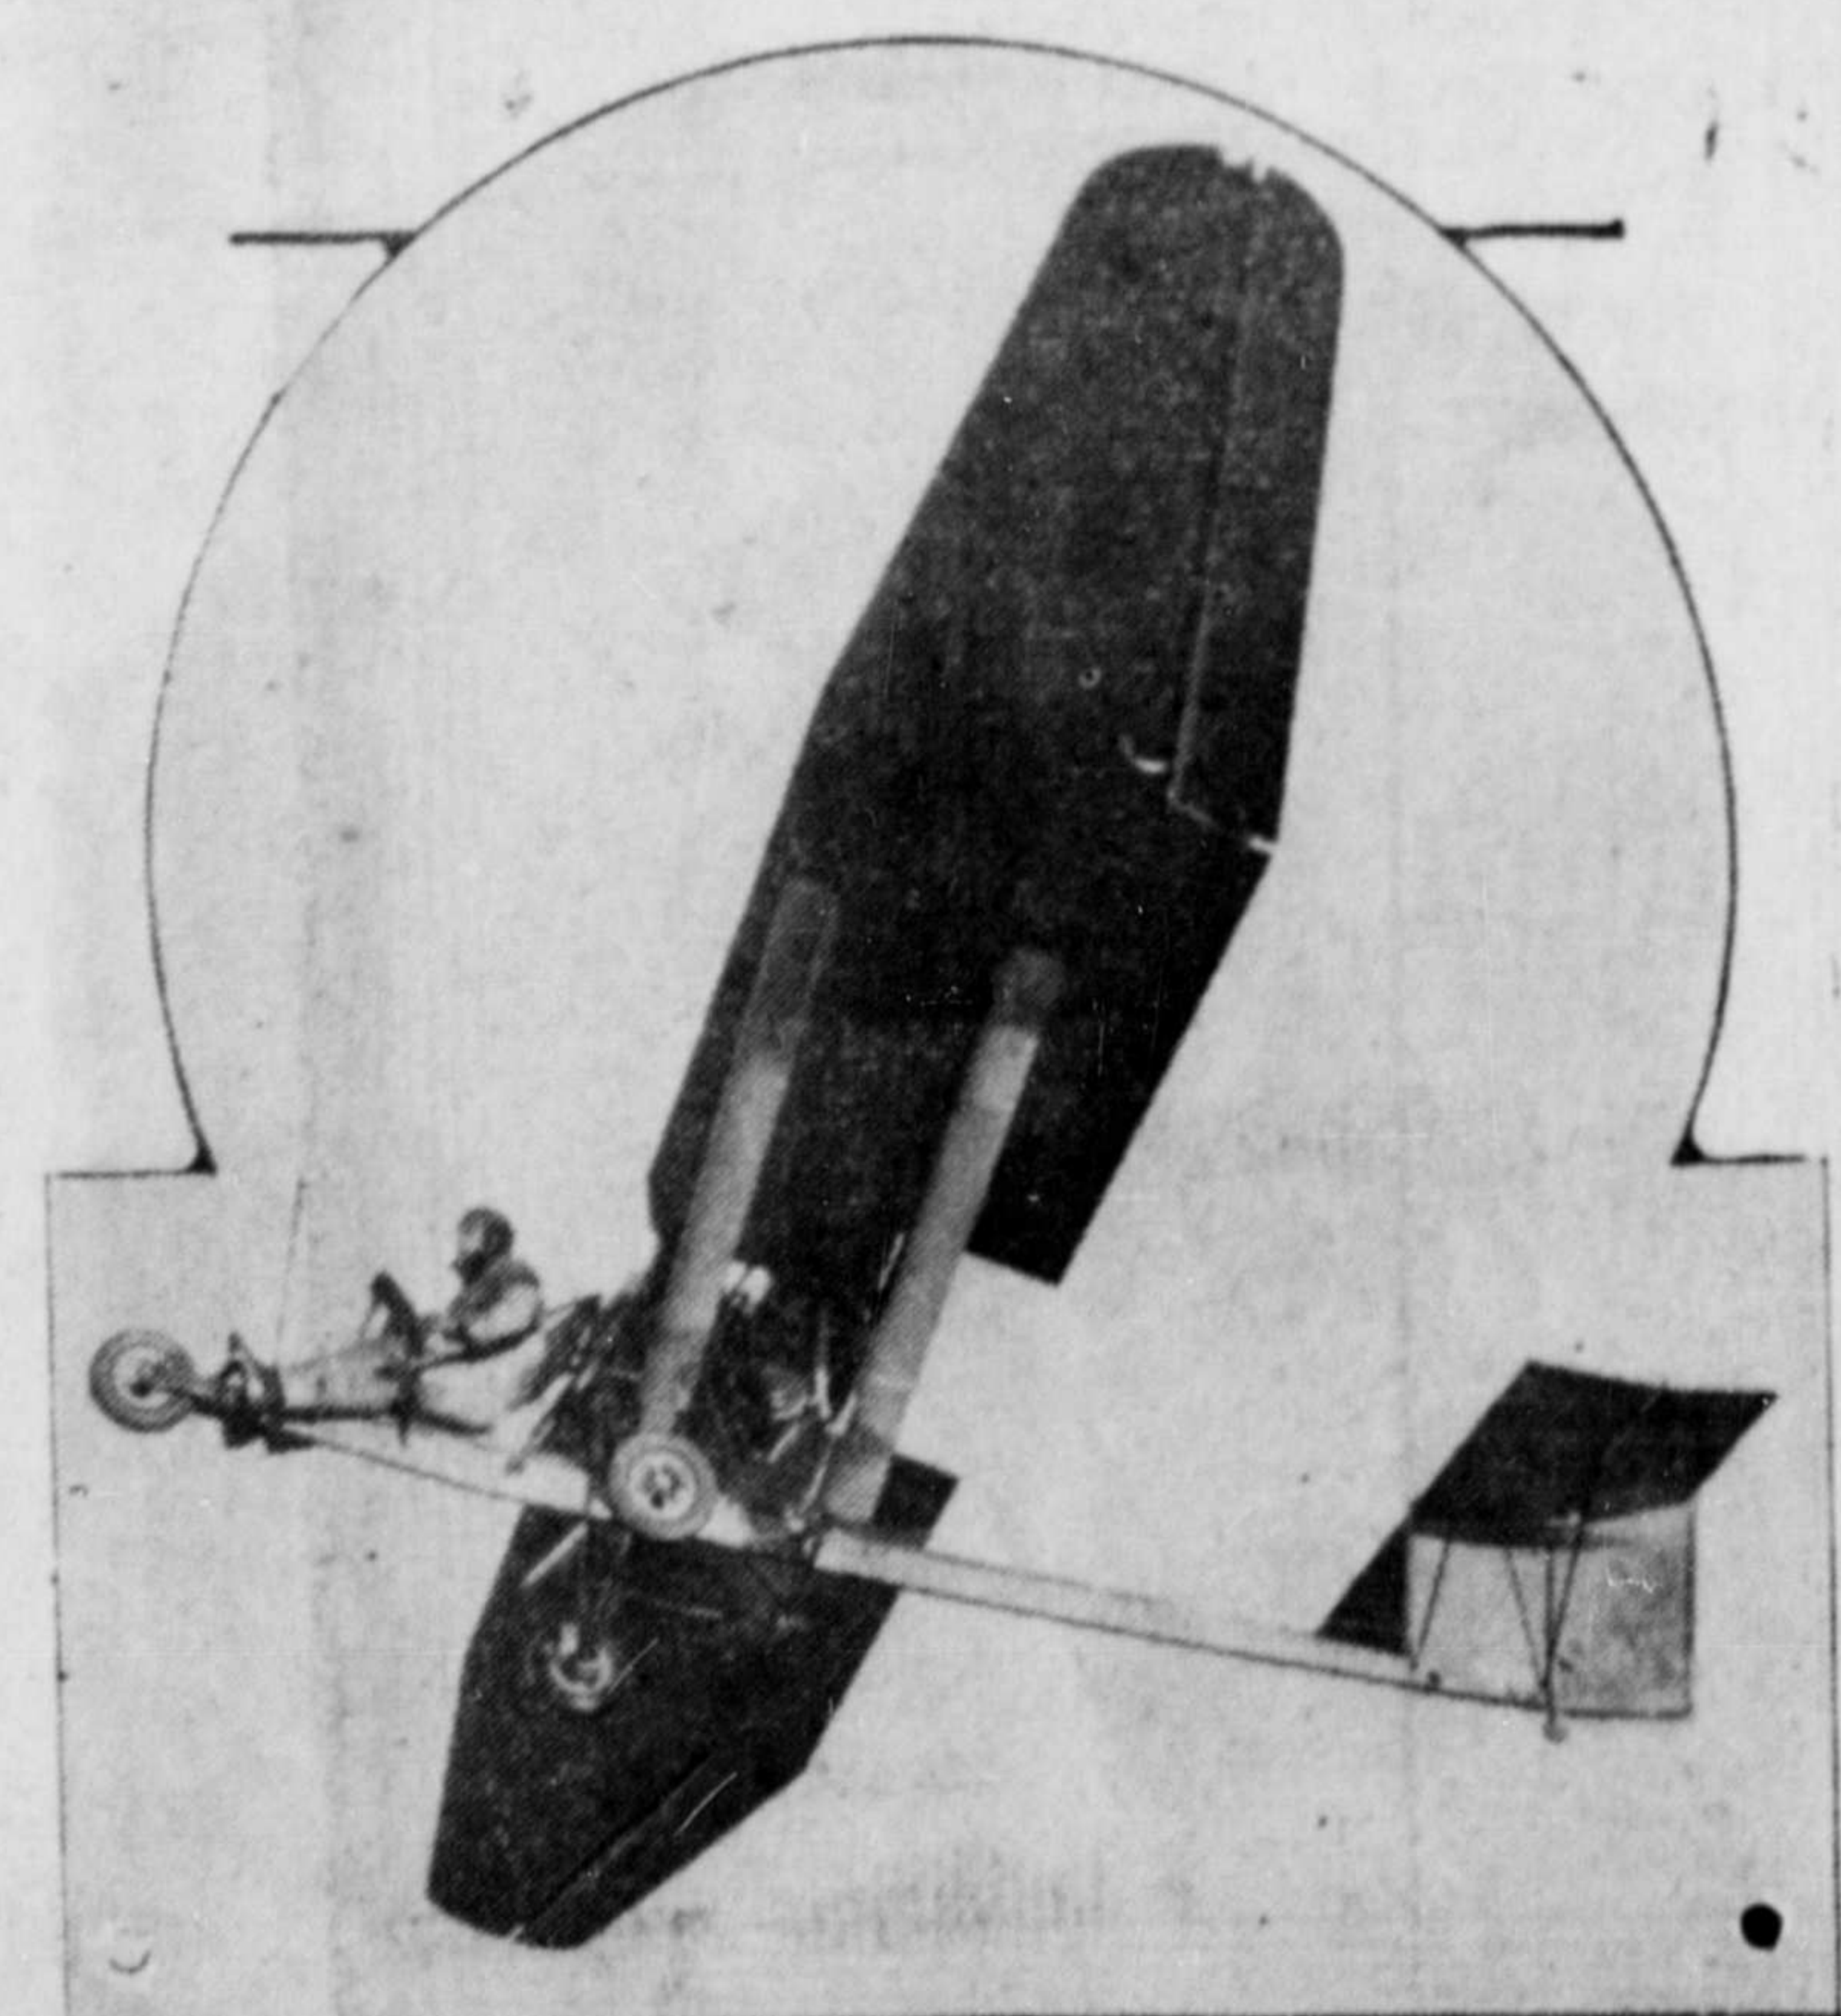

PLENTY OF TIME

HALIFAX, June 30: (CP)—Retirement of H. G. Douglas, a native of Truro, N. S., as principal of Chebucto School here, ended a career of 38 years as a teacher in Nova Scotia.

GROUND TRAINING SHIP TAKES TO THE AIR

The Kiki, an Australian bird, has only rudimentary wings and cannot fly. This man-made kiwi, the Drone ground-trainer used in England to teach students to fly without leaving the ground, has had wings attached and can be taken into the air. She's shown on her maiden flight with a student at the controls.

HOLIDAY PICTURES

"Boy Friend," With Jane Withers, and "Pacific Liner," With McLaglen and Morris

"Boy Friend," a comedy featuring the popular juvenile star, Jane Withers, and "Pacific Liner," a hectic drama of the high seas with Victor McLaglen and Chester Morris, comprise a double picture bill at the Capitol Theatre here tomorrow afternoon and evening.

"Boy Friend" shows Jane Withers in her first love affair. The plot consists of three stories. First is a juvenile love match. Second comes a police school and third is a crime melodrama. Jane and her boy friend, George Ernest, expose Douglas Fowley's loft robbing gang and inspire an exciting chase. Warren Hymer, as a rookie officer, contributes to the comedy of the picture which shows how police force candidates are trained, how loft robbers go about their trade, how undercover operatives work and how a pair of kids make monkeys of ruthless criminals.

Two determined men are pitted against each other in a deadly struggle of brawn against brains in "Pacific Liner." Victor McLaglen is a two-fisted chief engineer and Chester Morris, a rugged ship's doctor in an ill-fated voyage from Shanghai to San Francisco. They vie for the favor of a pretty nurse played by Wendy Barrie. Drama and suspense follow when an epidemic breaks out and there is a smashing climax.

Gyro Party Is Due Saturday

Tomorrow afternoon's train will bring to the city a party of thirty or so Gyros and wives who have been attending the International convention at Jasper Park this week. Most of them will proceed in the evening aboard the steamer Prince Rupert to Vancouver, two or three going south aboard the Prince Charles via the Queen Charlotte Islands.

Mr. and Mrs. W. H. Tobey, Mr. and Mrs. William Cruickshank, D. G. Borland and Dr. R. G. Large will also be aboard Saturday's train returning from the convention. There will be a tea d'aneant reception for the visiting delegates during their stay here.

Richard Evans Passes Away

Pioneer of Queen Charlotte Islands Dies At Age of 72

Richard Evans, aged 72, settler on the Queen Charlotte Islands and resident for a short time at Terrace, died early Wednesday morning at Massett.

Harper's Bazaar says:

It's a **WHITE SEASON**

● Frilly blouses, petticoats, gloves, ruffles, collars — most everything is white! WHITE IS RIGHT this season. But white things must be washed frequently and repeated washings turn them yellowish, unless Blue is added. A swish or two of Blue in the final rinsing water on wash day assures the sparkling snowy whiteness that fashion demands — and it costs only a cent or two a month!

and white means **BLUE**
