Herring Seining North Of Graham Island Is Banned; Licence Halibut-Cod Boats

OTTAWA, April 29: (CP)—The Department of Fisheries announced last night that, under amendments to the British Columbia fisheries regulations, halibut and black cod fishing would be brought under licence as from January 1, 1940.

Another amendment prohibits purse seining for herring in waters off the North Coast of Graham Island Between Knox Point and Shag Rock because it is contended that herring seining there is injurious to important salmon trolling.

Confesses To Killing Three

PHILADELPHIA, April 29.—Ralph Pocielli was reported last night by police here to have confessed to detectives to having murdered three persons for their insurance. Pocielli in his confession, is said to have implicated others. It is alleged that there was a plot to murder at least one hundred persons for their insurance.

PILOT IS INJURED MISCOU ISLAND, New Brunswick, April 29: (CP)—Briggen Vladimir Kokkinaki, pilot of the Russian transatlantic plane which crashed Friday in an attempted non-stop flight from Moscow to New York, was injured when the ship was forced down five miles from here.

MOSCOW, April 29.—Brigadier General Vladimir Kokkinaki and Major Mikhail Gordienko, Russian long distance fliers, essaying a non-stop hop from Moscow to New York were reported down in the Gulf of St. Lawrence between Prince Edward Island and the Magdalen Islands last night after having fought for several hours with a dense fog.

Portland, Maine, reported sighting what was believed to be the Soviet plane. The ship ran into heavy mists with low ceiling and visibility of only two hundred to five hundred feet.

BRITAIN IS MORE SAFE

Labor Leader Draws Comparisons of Democratic and Fascist Rule

LONDON, April 29: (CP)—Herbert Morrison, leader of the London County Council, has compared public appearances of the King and Queen and of Adolf Hitler, German Fuehrer, to illustrate the difference between the spirit of democracy and the spirit of fascism.

Speaking at Hackney Wick in London's East End, the Labor leader recalled that the King and Queen had visited Hackney two days prior to Herr Hitler's speech at Wilhelmshaven on the occasion of the launching of a German warship.

"The dictator of Germany was protected by a large number of soldiers, police, secret police and government spies and it is highly probable that the crowd was well sifted out before its assembly," Morrison said.

"Official quarters in Germany explained at the time there was a glass shield to protect the Fuehrer from the cold and to keep his notes from being scattered."

"Turning to Their Majesties' recent visit to Hackney, Morrison said: "The King and Queen came through Hackney Wick with only a handful of civilian policemen to keep the roads clear for their progress. There were no soldiers and no bullet-proof shields."

The two experiences, said the L. C. C. head, "forcibly illustrate the spirit of freedom and voluntary respect for constitutional authority under our system of democratic government as compared with the spirit of militarism, compulsion and fear which characterises fascist states."

Great Britain Continues Efforts to Get Moscow Into "Halt Hitler" Pact

British Ambassador, Who Was Snubbed a Few Days Ago, Will Seek Another Interview with German Foreign Minister

LONDON, April 29: (CP)—Great Britain today accelerated efforts to bring Russia into the Anglo-French united front after completing an official study of the speech of Chancellor Adolf Hitler of Germany. It was reported that Sir Neville Henderson, British ambassador to Berlin, had been instructed to try again for an interview with the German foreign minister, Joachim von Ribbentrop, who was "too busy" before Hitler made his speech to receive him.

POLAND IS SORE SPOT

Will There Be Further Surrender?—Russia and United States To Aid Britain and France.

LONDON, April 29:—Observers of the international situation concede, following the speech yesterday of Chancellor Adolf Hitler that Poland continues to be the danger spot in Europe.

Things have gone too far in Central Europe now, it is believed by some diplomats, to reach a peaceful settlement except by further surrender to Germany and the new British foreign policy does not appear to be disposed to do that.

Joining of Russia in a mutual assistance pact with Great Britain and France is expected to be made next week.

Following rejection of President Franklin D. Roosevelt's peace assurance proposals by Chancellor Hitler, greater aid by the United States to the British-French bloc may now be anticipated. Hitler, in effect, told Roosevelt that United States has no more business to interfere in affairs of Europe than Germany has to do so in America.

There appears to be no doubt now of Germany's intention to further press its claims for the return of Danzig and transportation privileges in the Polish corridor.

While Der Fuehrer offered to engage in further negotiations, he made clear his lack of faith in the round table conference method of settling disputes.

Escaped From Prison Years Ago—Goes Back

HARRISBURG, Pennsylvania, April 29.—Governor Arthur H. James has ordered the extradition to Texas of Robert Drayer who escaped from a prison farm in Texas in 1922.

Drayer settled down in Pennsylvania, led a model life and became a respected member of his community. He is married and is the father of two children.

Local Water Rates and Zoning Measures Ratified by Provincial Government

VICTORIA, April 29: (CP)—The British Columbia government yesterday approved a new water rate bylaw and zoning bylaw of the city of Prince Rupert.

Hitler's suggestion of negotiations for a new Anglo-German treaty are reliably reported to have been rejected already by the Foreign Office.

Official comment on the Hitler speech is to a large extent lacking.

Italian Forces Being Increased But What Measures Contemplated Are Not Revealed

ROME, April 29: (CP)—Premier Benito Mussolini informed the cabinet today that the Italian army would be strengthened in size and equipment, plans having been drawn at a recent conference of military authorities.

A communique which was issued did not specify what measures were contemplated. Italy is now estimated to have 1,250,000 men under arms.

Railway Official Is Now Retiring

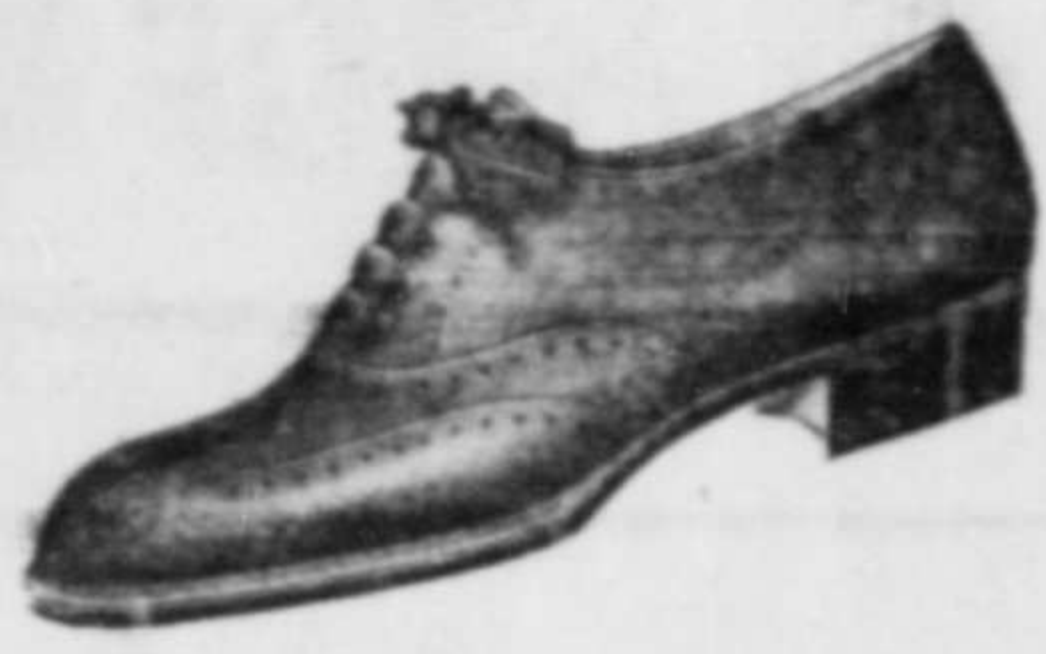

Assistant General Freight Agent At Winnipeg Going Into Private Life

WINNIPEG, April 29:—After forty-six years of continuous service with three railway companies—the Grand Trunk, Grand Trunk Pacific, and the Canadian National Railways Fred G. Adams, assistant general freight agent, Canadian National Railways, retires to private life on April 30, according to an announcement by W. G. Manders, freight traffic manager, today.

Mr. Adams, who was born in St. John's, Newfoundland, April 6, 1878, entered railway service with the Grand Trunk in Montreal as a junior clerk in the audit department seven years later and came west with the Grand Trunk Pacific in 1907. After seven years in Edmonton, he returned to Winnipeg in 1914 and remained here until his retirement. He will leave shortly for an extended cruise through the British West Indies.

Mr. Adams' position in Winnipeg will be taken by G. N. McMillan, formerly chief of the tariff bureau. Mr. McMillan's position will be filled by L. H. Roberts, formerly chief clerk in the freight tariff bureau.

HITLER'S SPEECH

The speech of Adolph Hitler seems to have cleared the air a little. It has made it plain that nothing is to be gained by negotiation and that only a united international force can hold him in check. He has withdrawn from the naval limitation pact with Great Britain and from the non-aggression pact with Poland. Neither of these treaties were being respected, so nothing has been lost by their abrogation.

The implied threat against Poland makes no change in the situation. The threat was there long before he spoke. Hitler did not need to point to Czechoslovakia to draw the attention of the world to his perfidy.

We hope the British government will refuse to enter into any pacts with this man because they are used only to enable the Germans to carry on under a cloak and gain unfair advantages. It seems apparent that the world now is aroused and that every day that war is delayed is to the advantage of the democratic countries.

We are not yet assuming that war is inevitable. It is very likely to occur but there is also a possibility that the higher powers may intervene and remove Herr Hitler from active participation in worldly affairs. There are other possibilities but it does not seem as if the odds are in favor of peace.

RIGHT OF APPEAL

The question of whether the Dominion Parliament has the right to abolish civil appeals to the Privy Council is to be referred for an opinion to the Supreme Court of Canada and probably to the judicial committee of the Privy Council itself, says the Victoria Times. If the opinions of distinguished constitutional authorities afford guidance, an eastern contemporary thinks it a safe prediction that these higher courts will declare the complete power of Parliament to prohibit civil appeals, as has already been done with criminal appeals. For Australia has already limited Privy Council appeals and Eire, when it was still the Irish Free State, abolished them. In his report to the Senate on the British North America Act, Mr. W. F. O'Connor, K.C., dealing with Dominion status, said: "The Dominion is now free to abolish all appeals to the King-in-Council, whether as a right or as of grace, concerning matters over which the Dominion has legislative or other jurisdiction."

We agree with the Ottawa Journal that abolition of appeals is wholly a practical question, says the Times, one in which sentiment cannot enter, one that should be discussed objectively, and one that has nothing whatever to do with Canada's loyalty to the Crown. For example, our contemporary says, most Canadians know now, or ought to know, that talk about the right of the subject to appeal "to the foot of the throne" is a legal myth. Actually, the subject appeals to the "foot of the throne" every time he goes into any court of the King's Justice, whether that court be in Canada or in England, and whether it be merely a magistrate's court or a high court. Also, it is to be remembered, the judicial committee of the Privy Council is not the final court of appeal for Great Britain.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same in these organizations.

Percy G. Russell, One Time Assistant Superintendent at Smithers, Dies

Following a long illness, Percy G. Russell, who several years ago was assistant superintendent of the Canadian National Railways with headquarters at Smithers and more recently had been a conductor running out of Edmonton, passed away last Saturday evening in Edmonton, the funeral taking place in the Alberta Capital on Wednesday. The late Mr. Russell was fifty-four years of age and was born in Darlington, Ontario. He started his railroad career as a call boy and brakeman with the Canadian Pacific Railway and in 1906 joined the service of the Grand Trunk Pacific Railway. He is survived by a widow and daughter.

Mr. Russell had been chosen as conductor out of Edmonton of the pilot train in connection with the tour of Canada by the King and Queen this summer. He was well known in Prince Rupert and all along the local line of the Canadian National Railways and many friends will regret to learn of his passing.

TRAINING OF WOMEN

Forsake Drawing Room To Learn Defence Service in Great Britain

LONDON, April 29. (CP)—Where their grandmothers were engaged in the polite doings of the drawing room, British women of today spend their moonless nights in the parks training for behind the lines operations of wartime.

Dark nights are particularly suited for one of the toughest jobs in the Women's Voluntary Service for National Defence—truck and ambulance driving. Only the sturdy, nerveless woman is picked for this branch of the service.

Dowager Lady Reading, who has been building up the service, says: "We need more ambulance drivers and first-aid workers. We will train them free of charge. Nervous women can be used as canteen workers, clerical staff, decontaminators, 'switchboard operators and so on."

Volunteers are accepted regardless of age. One woman of 70 was taken on. "We want gossipy, comfortable women like you to run our complaint departments," Lady Reading told her.

For women inclined to sneer at comparatively insignificant jobs, Lady Reading told how, during the Great War, she served as a pantry maid and learned how to make mustard, use jam to stick postage stamps, and to fix cellophane to windows. "There is no class distinction in the organization."

Training of motor drivers entails not only operation of a heavy vehicle but co-ordination of the units of a convoy. At night women are sent into the parks in groups of 30 to drive a convoy. They proceed without lights and with gas masks for about three miles, holding close together but sufficiently spaced so as to prevent pile-ups. At the blast of a whistle they reverse, still in convoy, for about half a mile as if to avoid an artillery barrage ahead.

Card Party For Boys' Band Was Enjoyable Event

For the benefit of the Prince Rupert Boys' Band, a successful and enjoyable bridge party was held last night at the home of Mrs. J. R. Carr, Eighth Avenue East.

There were eight tables of cards and the prize-winners were: ladies' first, Mrs. Sam Haudenschild; second, Mrs. A. Dickens sr.; men's first, J. W. Moorehouse; second, Mrs. J. G. Viereck.

Following cards, delicious refreshments were served. Mrs. Carr was assisted by Mrs. J. G. Viereck, Mrs. Jack McRae and Mrs. Hanford Perkins.

SEEK NEW INSIGNIA
FREDERICTON, April 29. (CP)—Just before the New Brunswick legislature ended its 1937 session Premier Dysart moved, seconded by Opposition Leader Squires, that New Brunswick apply to the King for new armorial bearings for the province, these to include supporters and a crest, which the great seal of the province now lacks.

Young People's Drive Started

Bert Fiddes of Vancouver, organizer of young people's activities for the Board of Religious Education of British Columbia, opened a week's organization campaign in Prince Rupert with a meeting last night at First Baptist Church where some thirty-five young people were in attendance. Ken Harding was in the chair and, after an interesting address by Mr. Fiddes there was a general discussion. Clergy of the city were present in force and took part in the proceedings and discussion.

Police Court Fines This Month Lighter

Most of People Now Appearing in Court Elect to do Time Rather Than Pay

Police court fines this April were light at a total of \$120 in comparison with \$225 in April 1938. So far this year fines have totalled \$1425 in comparison with \$675 in the first three months of 1938. There were twenty-six police court cases this April. Most of those convicted served time instead of paying fines. There were as many as eight prisoners in the lock-up at one time this April. Today there are only four.

KING'S COOK IS PLEASED

Joseph Farrington "Ticked To Death" At Being Picked For Royal Job

"Naturally I am tickled to death," said Joseph Farrington, chef on the Prince Rupert-Jasper Park line of the Canadian National Railways Friday afternoon, in speaking of having been chosen as an assistant chef of the royal train which will carry King George and Queen Elizabeth eastward across Canada in the course of the visit of Their Majesties to the Dominion this summer.

Farrington yesterday afternoon was preparing to undergo a medical examination by Dr. C. H. Hankinson, railway doctor here. He was just a little concerned over a cold which he had developed and was hoping it would not interfere with the result of the medical examination. At the time of an interview he was being measured by William Bell, local agent of the railway dining car department, for new clothing with which he will be provided for the royal trip.

Farrington said that he had been advised of his selection as an assistant chef on the royal train but he was uncertain as to when he would be leaving to join the train but he said he thought he would be going to Montreal shortly before the middle of May. He will continue on the run out of here until he leaves for the East. He went out on last night's train.

Farrington is an Englishman, having been born in Suffolk. He has been in the railway service since November 16, 1923, and has done a good deal of special train work. His home is at Vancouver where his wife and three children live.

R. Godfrey, who has been assigned as a waiter to the King's train, is also known in Prince Rupert, having worked out of here last summer.

Says U.S. Women To Balk Fascism

CHICAGO, April 29: (CP)—Chief stumbling block to an American dictatorship would be the women. Author Mary Hastings Bradley declares.

Expressing a view that the women are the true individualists of the country, Mrs. Bradley asserted totalitarian leadership would have plenty of trouble "trying to make fascists of them."

"The women want to make their own way," she said, "and they want their men to get ahead on their own initiative. They do not take kindly to philosophies which offer assurances of creature comforts without guaranteeing full freedom."

"Our women do not sink easily into defeatism. In the cities and on the farms, they are striving without heroics, to preserve family independence, accepting outside help with a great deal of reluctance."

The Corporation of the City of Prince Rupert "Town Planning Act"

NOTICE is hereby given that W. J. Alder, Commissioner, acting in his capacity as Council of the Corporation of the City of Prince Rupert will hold a meeting on Monday, the first day of May, 1939, at 2:30 p.m., in the Council Chamber of the City Hall, City of Prince Rupert, to consider a Bylaw which it proposes to pass based on a recommendation of the Town Planning Commission of the City of Prince Rupert, and which contains the boundaries of the districts in the City of Prince Rupert affected by the said proposed Bylaw and the appropriate regulations and restrictions to be enforced thereon.

A copy of the proposed Bylaw is posted on the Public Notice Board in the City Hall, City of Prince Rupert, and may be inspected at any hour from Thursday, the 26th day of April, 1939, to Monday, the first day of May, 1939.

All persons who deem themselves affected by the proposed Bylaw will be afforded an opportunity to be heard before the Council at the said meeting on the matters contained in the said proposed Bylaw.

D. J. MATHESON,
City Clerk.

Halibut Landings Here Heavier Than Last Year—Prices Holding Up—Assigned to Royal Steamer

Halibut landings at the port of Prince Rupert for the 1939 season are running considerably ahead of 1938. Up to the end of April this year they have reached a total of 2,172,500 pounds in comparison with 1,940,200 pounds last year at a similar date. This year's Canadian landings are 907,100 pounds as against 998,000 pounds last year. The total increase this year is due to heavier American landings which aggregate 1,165,500 pounds as compared with 942,200 pounds. For the final week of this April landings have totalled 508,150 pounds of which 202,150 pounds was from twenty-two Canadian boats and 306,000 pounds from thirteen American vessels. Prices, while not high, continue to hold up better than some prophets had anticipated and, so far, are averaging higher than in 1938. During the final week in April the highest price for Canadian fish was 7.2c and 5c which the Dickie Boy was paid for 2,000 pounds and the low 6.1c and 5c received by the Atli for 12,000 pounds. For American fish the top price of the week was 8.1c and 5.5c received by the Betty for 16,000 pounds and the low 7c and 5c received by the Pacific, Resolute and Tongass for catches of 39,000, 38,000 and 34,000 pounds respectively.

Seal Cove Dance Was Successful

Fine Dance Held Last Night At St. Peter's Parish Hall With 180 In Attendance

A very enjoyable dance was held last night in St. Peter's Parish Hall at Seal Cove, some 180 persons being in attendance. Fine music was furnished by the Moose Orchestra and dancing was in full swing from 10 p.m. until 2:30 a.m. J. E. Boddie was master of ceremonies. The hall had been attractively decorated under the direction of Wilfrid McLean and Robert Boddie.

At midnight delicious refreshments were served with Mrs. W. O. Vigar, Mrs. George Kelsey, Mrs. W. B. Skinner and Mrs. Walter Dalzell in charge.

Mrs. H. Henderson was in charge of the new cloakrooms. W. O. Vigar and George Kelsey presided at the door and C. J. Norrington was in charge of tickets.

PRODUCTION DOWN

TRURO, N. S., April 29: (CP)—Creamery butter produced in Nova Scotia in March totalled 335,406 pounds as compared with 384,675 pounds during the same month last year.

Having been delayed handling heavy cannery freights down the coast, Union steamer Cardena Capt. John Boden, arrived in port at 2 o'clock this afternoon from the south and sailed an hour later on her return to Vancouver and waypoints. The vessel had her calls to make in the Skeena River after leaving here.

Norman Taylor, well known purser of Canadian Pacific steamers, is back on the northern runs after having been on southern boats for the past few years. At present he is on the Princess Louise but later in the season when the tourist runs commence he will be on the Princess Charlotte. Meantime, he has been assigned to the Princess Marguerite for the special voyage when that vessel carries the King and Queen from Vancouver to Victoria at the end of May.

Betty Annette Lowman of Anacortes, Washington, who visited Prince Rupert during the summer of 1937 in the course of a solo dugout canoe trip from Seattle to Alaska, having had some rather trying experiences near here, expects to make another trip north this summer and hopes to be able to renew acquaintances in Prince Rupert. Miss Lowman has two alternative ways of coming north this year. If she is successful in a singing talent quest which is now reaching its concluding stages at Seattle, she will be one of ten to come north on a Seattle Chamber of Commerce goodwill tour. She has now reached the semi-finals in the contest, the number of participants having been reduced from hundreds to fifty-five. She will be heard next Tuesday morning over radio station KOMO of Seattle in the semi-finals. The other trip which Betty has on tap would be as cook and life guard with a six weeks' cruise on a chartered yacht. In writing here, Miss Lowman tells of having submitted a manuscript of her canoe trip to Alaska to the Atlantic Monthly.

ADVENTURES UNDER SEA

"Titans of Deep" and Ritz Brothers Racing Comedy Double-Billed At Capitol Theatre

"Titans of the Deep," a new type of adventure picture, much of which is photographed underneath the ocean's surface, and "Straight, Place and Show," a Ritz Brothers comedy, are featured on a double bill program being presented on the screen of the Capitol Theatre here tonight.

There is high excitement both on land and sea in "Titans of the Deep." To solve and photograph many mysteries of life beneath the sea, a specially constructed device known as the "Bathysphere" was used and some remarkable results were obtained. The picture shows thrilling encounters between crocodiles, tiger sharks, wild jungle bulls and other fierce killer creatures. Attractive young women take part in the adventures of the picture, the narrator of which is Lowell Thomas as while Dr. William Beebe and Otis Barton are featured.

In "Straight, Place and Show" the Ritz Brothers play a trio of down and out pony track operators thrust into big time racing when Richard Arlen bestows a thoroughbred upon them. In characteristic fashion they build the story up to a series of hilarious high spots. The cast also includes Ethel Merman, Phyllis Brooks, George Barbier and Willie Best.

NEW AND BETTER COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
