European Dictators Put On Spot

Prime Minister Chamberlain Will Outline Policy of His Government To House Tomorrow

LONDON, April 12: (CP)—Prime Minister Chamberlain is expected to announce military guarantees to Greece and Turkey when he outlines the foreign policy of the government at a special meeting of the House of Commons tomorrow. Experts of the foreign office are reported drafting a form of guarantee which both Greece and Turkey are understood to be ready to accept. The exact form of the guarantee is unknown.

Also it is expected the Prime Minister will announce fresh Italian assurances that Italian troops will shortly be withdrawn from Spain. It is not likely, it is said, that the Anglo-Italian pact will be denounced.

ROME, April 12: (CP)—Greece informed Italy today of her full satisfaction over Fascist guarantees of Greco-Ionian sea and land frontiers in a note to the foreign ministry. The note spoke of a new period of cordiality in Italian-Greek relations.

UNCERTAIN ABOUT WAR
Observations of George Nickerson After Long Trip—Conditions Generally Not So Good—Rupert Well Off

"Everywhere there is uncertainty in regard to the international situation and fear that there will be war and the result is that business conditions are unsettled and everybody is holding in," says G. W. Nickerson who returned to the city this morning on the Prince Rupert with Mrs. Nickerson after a three months' trip in the course of which they travelled extensively throughout Eastern Canada and the United States, going as far as Havana, Cuba.

Mr. Nickerson, while away, visited Ottawa in regard to matters affecting this port. Questioned about the proposed federal subsidy for ocean shipping from Prince Rupert, he said that he was not in a position to comment at this time. There would have to be an announcement from Ottawa first.

Asked about election prospects, Mr. Nickerson expressed the opinion that there would be a contest this year unless war should intervene in which case he predicted a union government would be formed.

Speaking of American feeling in regard to a European war, Mr. Nickerson said that newspapers were generally advocating an isolationist policy but the general opinion of the people appeared to be that United States would have to get into the fight with the other democracies.

"Prince Rupert, relatively speaking, is better off than the large majority of places," asserted Mr. Nickerson.

BANKS ARE ALL SAFE

Minister of Finance Makes Statement in Regard to Criticism by Social Credit Members

OTTAWA, April 12 (Canadian Press)—Hon. Charles A. Dunning, minister of finance, speaking in the House of Commons yesterday in connection with a proposed \$750,000,000 bond issue, flatly denied charges of Social Credit members that Canadian chartered banks would be unable to meet their deposit liabilities if called upon to do so. The banks of Canada were never in healthier condition than they were today, said Mr. Dunning, in reply to J. C. Landryou, Social Credit member for Calgary East, who said that the banks should keep on hand cash reserves equal to deposits.

A division was forced on the question of the bond issue with the government carrying the vote easily.

Doukhobor Takes Own Life After Attacking Wife

St. John's Evening Telegram Marks Diamond Jubilee April 23

ST. JOHN'S, Nfld., April 12 (CP)—Newfoundland's oldest daily newspaper, The Evening Telegram of St. John's, this year celebrates its diamond jubilee. It was launched April 23, 1879, by W. J. Herder and collaborators with him were A. A. Parsons who for 25 years was editor and Robert Mercer, superintendent of the press who had nearly 50 years of service when he died. Both Mr. Herder and Mr. Parsons are dead.

Just as the future of the struggling newspaper seemed assured, the disastrous fire of 1892 wiped out the greater part of the city and reduced the Telegram's office and plant to ashes. Volumes containing earlier editions were lost.

At once Mercer was sent to America to secure new machinery and temporary quarters were hastily erected. In less than two months, The Telegram was once again on the street—a bigger and a far more up-to-date newspaper in every respect. Troubles, however, seldom come singly. Within two years the community received another stunning shock when the two local banks crashed and brought even the strongest business houses to the brink of ruin.

The influence of the paper proved a steadying factor in the panic that followed and threatened to result in disorder. To read the articles in which it denounced those responsible for that calamity causes a writer in these days to be amazed at the frankness and colorful descriptiveness of the language and of the terms applied. Fearlessly it took the task of the government of the day for permitting events conducive to the crash to occur and even included in its criticism the Queen's representative.

In 1929, when it attained its Golden Jubilee, the aggregate number of years of service of seven in its employ totalled 190. Today the total of the seven longest on the staff of the paper is 196 years. Since its establishment the paper has had five editors.

Owned by the Herder family, The Evening Telegram Limited has been directed by the sons of the founder since his death. In 1934, William H. Herder who had succeeded his father died suddenly and almost as suddenly within a few months, his brother Augustus. Today, the managing director is another son, Ralph, and on the directorate as well is his brother James.

Issued in the first place as a four-page sheet measuring 12 by 9 inches, today measuring about 22 by 18 inches, it is capable of turning out a 24-page edition at the rate of 30,000 an hour. It is the first daily newspaper in Newfoundland to have a continuous publication for 60 years.

VANCOUVER, April 12 (Canadian Press)—District Ranger J. F. Mather sold the Nootka Packing Co. Ltd. at auction yesterday for \$271,695. Included in the sale was cannery property at Massett, nine boats and nine clam digging and fishing licences.

Repulse Held At Gibraltar

Said, However, To Have No Significance in Connection With International Situation

GIBRALTAR, April 12 (Canadian Press)—H.M.S. Repulse, which has been on a shake-down cruise in preparation for carrying the King and Queen to Canada next month, is still being held at Gibraltar although it is not admitted that this has anything to do with Mediterranean naval manoeuvres in connection with the international crisis. The Repulse is not a regular unit of the Gibraltar naval force. She is in fighting trim and ready for action if necessary.

More Sentenced To Penal Terms

Increase Over 1937 is Marked in Nova Scotia

HALIFAX, April 12 (Canadian Press)—Number of persons committed to penal institutions in Nova Scotia during the year ending Nov. 30, 1938, was 4,449, an increase of 242 over the previous year, a report tabled in the provincial legislature said.

There were no important changes in jail. Dr. P. C. Campbell, inspector of penal institutions, reported.

Number committed for Nova Scotia Liquor Control Act violations was 1,652 a decrease of 28 from the previous year. The number committed for drunkenness showed little change, 256 compared with 260. A total of 149 drunken drivers was jailed as compared with 132 in 1937. Offenders committed under the Motor Vehicle Act totalled 204, an increase of 46.

Two were imprisoned for murder as compared with one the year before. Number of debtors increased from 59 to 119.

CAN IL DUCE BE TRUSTED? HITLER TO LIE LOW NOW—MEDITERRANEAN IS TENSE

LONDON, April 12: (CP)—Prime Minister Neville Chamberlain appears disposed to give Premier Benito Mussolini one more chance to keep his promise and preserve the peace of Europe by keeping his undertaking, contained in a personal message to Chamberlain, that he plans to—go no further into the Balkans than Albania.

However, it is expected that the proposal will receive a stormy reception if the Prime Minister advances it when he meets Parliament tomorrow. There is understood to be even opposition within the cabinet to placing further trust in any guarantees by either Mussolini or Hitler. The issue is whether or not the Anglo-Italian treaty is to be considered violated. Meantime there was every indication that Mussolini did not actually intend to stop in Albania. Most of the forty thousand Italian troops which had entered Albania were said to be concentrating on the Greek border and more Italian armed forces were entering the country. The Albanians were resisting the Italians in northern and eastern Albania.

King George of Greece, in view of the Italian concentrations, had ordered a state of emergency in his country and was calling out many classes of reservists for service in defence of the country.

These manoeuvres were taking place despite formal delivery by Italy through its minister in Athens to the Greek government of assurances of its intention to respect Greek integrity.

Last night French warships left the base at Teulon for the Eastern Mediterranean there to join British and Russian vessels for service in the event of trouble arising through Italy attempting further expansion in the Balkans. New army and navy emergency defence measures have been decreed by France.

Morocco in North Africa is commencing to loom as another danger spot on the international scene. Moorish troops are being moved out of Spain following the conclusion of the civil war and taken back to Spanish Morocco for duty there. Large numbers of French reservists are being moved to French Morocco as a measure of precaution.

Roumania is reported to have advised Great Britain that, unless she gets an immediate definite assurance of military assistance from Great Britain, she will capitulate to German demands.

The Belgian cabinet has ordered up strong reinforcements of its forces on the German frontier similar to action which has been taken by Holland.

Hungary, following its joining up with the anti-comintern pact, yesterday formally withdrew from the League of Nations and is now definitely lined up with Germany and Italy.

The Bulgarian government yesterday suddenly dissolved the National Socialist party, sympathetic to Nazi Germany, following uncovering of an alleged attempt to oust the government.

Belief was expressed in some quarters last night that Adolf Hitler had come to the conclusion that Great Britain and France were in earnest about precipitating a "day of reckoning" with the dictators and that, accordingly, the Chancellor is not going to do anything within the coming months that might provoke armed intervention by those nations.

Irish R. C. M. P. Head Is Perturbed About Irish Republican Army Threat, He Does Not Admit It

OTTAWA, April 12: (CP)—Commissioner S. T. Wood of the Royal Canadian Mounted Police denies reports that special guards have been posted to the Parliament buildings here against possible sabotage by the Irish Republican Army as suggested in threats from Ireland last week. If Commissioner Wood has any fears along this line he is not admitting them.

However from Winnipeg and Regina comes word that special precautions are being taken by the police authorities to guard the provincial government buildings.

J. S. Woodsworth Accepts Renomination In His Present Seat

WINNIPEG, April 12: (CP)—J. S. Woodsworth, leader of the Co-operative Commonwealth Federation, yesterday accepted renomination to contest Winnipeg North Centre, his present seat, at the next federal election.

Belief was expressed in some quarters last night that Adolf Hitler had come to the conclusion that Great Britain and France were in earnest about precipitating a "day of reckoning" with the dictators and that, accordingly, the Chancellor is not going to do anything within the coming months that might provoke armed intervention by those nations.

A MESSAGE TO BOYS

Possibly it is this spring weather that has been the urge which has been responsible for the wave of vandalism recently in Prince Rupert. Sometimes at this time of the year there is a desire to create or destroy. Many people turn to gardening and dig in the good clean dirt. Unhappily a few young folks want to break things. Boys will grab the rail beside the sidewalk and swing it until it is broken down. This act does no good and can do a lot of harm. Boys throw stones at street lights, window panes or anything else that happens to look breakable.

There is nothing new about this urge to destruction. Boys have had it since they have been able to throw stones. Some get rid of their surplus energy by teasing their playfellows or possibly by fighting.

What we want to suggest is that the boys get together and play a good healthy game instead of trying to destroy something. It is easy to destroy. Any useless boy can do that. It is hard to create something. The city puts in rails to protect those walking on the sidewalks. To destroy those rails is to expose the walkers to danger. Breaking glass is a useless game. It destroys good property and nothing is gained by it. Police have been instructed to arrest boys who destroy property but that should not be necessary. Boys should feel too much respect for themselves to do that sort of thing. When most people are trying to improve Prince Rupert it is very bad form for a few idle boys to try to injure everything.

FRENCH VIEW OF BRITAIN

Andre Siegfried, writing in "L'illustration" of Paris, pays a tribute to the British Empire as a world factor. The British fleet policed the waters of the world and made them safe for people of all nations. Every nation benefitted from this. It was taken by them as the natural and proper thing. The world accepted the condition without acknowledging the debt. "One shudders to think what the defeat of England by a non-European power would signify for the white race today. If Britain lost India or her possessions in the far east, the prestige of the white race would crumble with that of Britain. This would be the signal for a wave of native unrest throughout the French colonial empire as well as in the other empires of European powers. In truth all Europe would totter under the effects of such a catastrophe, including those European powers who may consider themselves victors in the war. Nor would America remain immune.

At one time it seemed as if British leadership was to be replaced by that of the United States but that has not taken place. New York has not replaced London as the warehouse of the world or as discount and acceptance centre. Sterling remains the principal instrument for intercontinental transactions. Americans continue to look to the British fleet for protection in far away waters.

The writer then suggests what the world would be like if it came under German domination. It might become more prosperous and abundant but at what cost? "That is what fills me with horror." "The world must be defended from certain methods that would make it uninhabitable. From this point of view it is in the interests of humanity that the British Empire continue to perform its service to civilization."

The Daily News is a member of the Canadian Daily Newspaper Association, of the Canadian Press and of the Audit Bureau of Circulations. It is the only paper north of Vancouver and west of Edmonton holding membership in these organizations.

All Time Record Of Tourists May Visit British Columbia During Coming Summer Season

By JOHN DAUPHINEE
Canadian Press Staff Writer

VICTORIA, April 12.—Thousands of requests for information about British Columbia and the first trickling flow of visitors from Eastern Canada and the United States bring predictions that an all-time record number of tourists will visit the province this year. Provincial government and local tourist officers, railway and steamship executives, airline officials and hotel men estimate the industry this year will be worth more than the \$30,000,000 to \$32,000,000 spent by visitors to British Columbia in 1938.

They list these principal items on the credit side of the tourist ledger: 1—The proposed visit to British Columbia of King George and Queen Elizabeth which will start the tourist influx at least two weeks earlier than usual. 2—Widespread advertising of provincial tourist attractions in newspapers, magazines and travel publications. 3—The general westward movement of tourists in the United States to the international exposition at San Francisco—where British Columbia has an exhibit—with an expected return flow of travellers through Canada.

The Other Side

On the debit side of the ledger, however, is the troubled international situation. Several sources say that, if the present critical turn of affairs in Europe continues through the summer, at least a moderate percentage of prospective visitors will stay at home. Any recurrence in the United States of last summer's business recession will also have a retarding effect on provincial tourist business again this year, it is generally believed.

Major J. Gordon Smith, commissioner of the British Columbia Travel Bureau, declines to estimate how many tourists will come to the province this season but says "all factors point to a bigger summer than last year."

His estimate of the tourist industry's value in 1938 is between \$30,000,000 and \$32,000,000. About 700,000 visitors—almost equal to the province's entire population—came to British Columbia. Many thousands of inquiries about British Columbia tourist attractions are handled by his provincial office weekly. Well over 100,000 persons have visited the British Columbia exhibit at San Francisco and he expects thousands will come here from the fair.

Advertising Pays

The bureau is handling the provincial government's largest tourist advertising campaign. Results form "a fair basis on which to bear out the prediction of a record year," Major Smith says. G. I. Warren, publicity commissioner for Victoria, says there will be "a tremendous move north" this year and, in addition, thousands of prairie visitors will visit the city. Last year 156,000 automobiles entered British Columbia, with an estimated average of three passengers a car. Almost as many came by steamship, train and airline. Warren says 44,000 of the cars visited Vancouver Island. "Cars entering British Columbia from the United States totalled 108,423 at the four principal points of entry in the southern coast district. They brought 348,158 passengers, according to R. A. Hutchison, secretary-manager of the Vancouver Tourist Association.

Thousands of Inquiries

"A big share of our business in Vancouver comes from the prairies, too," Hutchison says. "Last year we had 100,000 prairie visitors—26,000 from Edmonton alone, and 14,000 from Regina. By the end of the summer he estimates his bureau will have answered 250,000 inquiries from prospective tourists. One hundred thousand special Vancouver-Victoria pamphlets have been printed for distribution at the San Francisco Fair and for mailing to inquirers.

While the Golden Gate exposition will have some effect on tourist business this year, Hutchison says its "greatest value" probably will be in long-term publicity. He believes most San Francisco visitors have planned their summer trips before they reach the fair, but next year will consider British Columbia as a vacation destination. Hutchison says hotel executives have told him their rooms have been booked from the time of the Royal visit to autumn. "Travel prospects have never been better," according to G. A. McNicholl, general passenger agent for Canadian National Railways in Vancouver. Bookings for 16 Alaska voyages by C. N. R. ships are ahead of last year. Advance registrations at Jasper Park Lodge

Tweedsmuir Park The new Tweedsmuir Park in the central coast district will draw a "goodly number" of tourists this summer, cashing in on favorable publicity of the last two seasons. The New York and San Francisco world fairs will benefit British Columbia tourist travel.

"When you get a great body of people on the move across a continent you have every reason to believe many will travel through Canada one way, for the sake of its unmatched outdoor attractions," McNicholls says.

Canadian Pacific Railway spokesmen also expecting considerable business as a result of the New York and San Francisco fairs and the Canadian visit of the King and Queen, felt 1939 will be a "fair year." They plan 22 Alaska and many day trips in coast waters during a "busy summer."

Bus lines expect business to equal or "slightly exceed" that of 1937, previous record year for motor coach transportation.

Air travel has been given a fillip by Trans-Canada Air Lines establishment of Vancouver-Montreal passenger service. Other mail or lines expect heavy tourist business.

The Kootenay district expects most of its tourist trade will come from the prairie provinces due to poor road connections to the west and south. However, tourist officials in Nelson say traffic from the United States is expected to "gain somewhat." Alberta cars numbered 1,926 last year, while those from Saskatchewan totalled 349, Manitoba 131 and Ontario 138.

Amendments To Bylaw Are Given Introductory Readings By City Commissioner Today

Sitting this afternoon in his capacity as a city council, City Commissioner W. J. Alder gave introductory readings to amendments to the Water Bylaw providing for increased water rates in Prince Rupert. The basic flat rate for dwellings or apartments is increased from \$1 to \$1.50 per month and the basic meter rate from 17c to 19c per hundred cubic feet. Dwellings or apartments with toilet or bath or both, under the new bylaw, will pay \$2 per month instead of \$1.50. Charges for garages will be \$3.50, dental parlors \$2.50, barber shops and beauty parlors \$2 and beer parlors \$3, these being the flat rates or minimum monthly charges by meter.

As already announced by the Commissioner, the increased charges are being imposed to put the water system on a self-supporting basis so extensive repairs may be financed with federal assistance.

Legion Bridge and Dance For Victoria Trip of Children

As their particular effort towards the fund to send local school children to Victoria at the time of the visit of the King and Queen, the Canadian Legion and Women's Auxiliary held a successful and enjoyable bridge party and dance Monday night as a result of which the sum of \$21 was realized.

There were twenty-one tables of cards and the prize-winners were: ladies' first, Mrs. Peter Solem; second, Mrs. George Scott; men's first, John Bremner; second, J. K. Murray. Mrs. John Bremner was winner of a door prize.

After cards, delicious refreshments were served and dancing followed with music by Mrs. J. S. Black's Orchestra.

Mrs. William Rothwell was convener and other members of the committee were Mrs. L. Wide, Mrs. Shrubbsall, Mrs. F. J. Feasby and Mrs. H. Odlin.

George Dawes was master of ceremonies and Mrs. C. Michaloff presided at the door.

Jack Preece, president of the Canadian Legion, and Mrs. Robert Murray, president of the Women's Auxiliary, took an active part in connection with the affair.

MADE GREAT RECOVERY
CAPE TOWN, South Africa, April 12: (CP)—Score in a women's singles bowling championship match here stood at 20-0, the winner needing one shot for victory. But her opponent suddenly began to score, making 18 before the leader got her 21.

Weather Forecast

Prince Rupert and Queen Charlotte Islands—Moderate to fresh westerly winds, fair with not much change in temperature.

INTERIOR BUTTER
Editor, Daily News:
Your editorial of April 5th is interesting but I must ask you to make a few corrections in fairness to me and others concerned.

First of all, we advertise our butter as much as any other firm, which you can easily prove by looking over your own columns of the Daily News. There are ten brands of butter sold in Prince Rupert and I dare say that none are advertised save probably Shamrock and Brookfield.

Next we are basing our prices on the competitive brands of the same quality. We are not meeting certain chain stores or low priced prairie butter put up under numerous names. As for stocking and purchasing our butter in large quantities, this is absurd as we have for a year had a distributor at Prince Rupert who will sell in ten, twenty-five and fifty pound lots and is open six days a week. In the spring our new Bulkley Valley brand butter will be on the Prince Rupert market and it will be necessary to seek the co-operation of a number of Prince Rupert stores in order to operate the Telkwa creamery successfully.

There was one statement in Mr. Dockrill's speech that needs a correction and that was where he stated that local people of Prince George put up half of the money toward a creamery and I the other half—this is not correct. No one except myself has anything invested in the Interior Creameries of Prince George or Telkwa. I hope that you will make these corrections known through another editorial, as I find that your editorials are to the point and carry continuity.

When we are ready to open at Telkwa we will require some space for advertising Bulkley Valley butter.

INTERIOR CREAMERIES,
Per: Alfred Miller.

KITSEGUKLA

A full day of social functions marked Easter Monday here. Commencing with a community luncheon at noon, a program of indoor sports, competitions, stunts, songs and dancing filled up the day. The promoters were Fred Sampare and Douglas Wesley.

Mr. and Mrs. Mathias Wesley entertained a few friends at a noon lunch on Good Friday. Among the invited guests were Capt. Johnson, Rev. B. Black, Mr. and Mrs. Peter Milton, Mr. and Mrs. Howard, Mr. and Mrs. A. McDames, Peter Mark and Joseph Wesley. A delicious lunch was served. Speeches of condolence and remembrance were given by several of the guests, it being the anniversary of the death of their youngest son.

KILL 62 SHEEP

KUILS RIVER, South Africa, April 12 (CP)—A voracious band of dogs—consisting of a wolf hound, a great dane, and a mongrel—killed 62 sheep in one night on a farm near here. The culprits, believed the property of negroes, were shot.

Port Essington Easter Service

Good Attendance at Pierce United Church Sunday Evening

PORT ESSINGTON, April 12:—A well attended Easter service was held in the Pierce Memorial United Church at Port Essington on Sunday evening.

The church had been tastefully decorated for the occasion by the girls of the Canadian Girls in Training and the choir.

Two Easter anthems were rendered by the choir. There was also a solo sung by Wm. Spalding, "Open the Gates of the Temple". A duet, "The Old Rugged Cross", was sung by the Misses Rosa and Grace Spalding. A Rutherford spoke on the text, "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God."

TERRACE

Mrs. A. Attree has, as an Easter visitor, her niece, Miss I. Wilson, from Hove, England. Miss Wilson is a teacher.

Miss G. McLeod of Victoria is visiting with Mrs. C. A. Hinchliffe at Terrace Rectory.

Miss Marjorie Kenney is home for Easter from her school at Fraser Lake.

The Canadian Legion paraded to the Anglican Church Easter Sunday evening. Easter services were well attended in Anglican, United and Catholic churches.

A Vimy dance in the Oddfellows' Hall Monday night drew a large crowd. All enjoyed themselves until well into the next morning.

ARMISTICE IS SOUGHT

Fascists and Laborites Talk Terms To End Long Feud

LONDON, April 12: (CP)—Sir Oswald Mosley, leader of the Fascist party in Great Britain, is willing to declare a truce in the long standing feud between his black-shirted followers and the more militant London Laborites.

The olive branch was offered by Sir Oswald after a personal appeal from Ernest Thurtle, Socialist member of parliament for Shore-ditch, victim of the latest clash between the warring factions.

Thurtle was prevented from speaking at a recent meeting in his constituency when a group of "Black Shirts" stormed into the Shore-ditch Town Hall, tossed fireworks, stench bombs, shouted and sang, resulting in fights and general disorder. During the melee one

"Government Liquor Act"

(Section 27)
Notice of Application for Consent To Transfer Beer Licence
Notice is hereby given that on the 10th day of April next, the undersigned intends to apply to the Liquor Control Board for consent to transfer of Beer Licence No. 4423, issued in respect of premises being part of a building known as Savoy Hotel, situated at Fraser Street, upon the lands described as Lots No. 13 and 14, Block 33, Section 1, Map 923, Prince Rupert Land Registration District, in the Province of British Columbia, from Alexander James Frushomme to Carl William Zarelli of Prince Rupert, British Columbia, the transferee.

of the hecklers jumped on the platform and hurled a jug of water at the speaker. Thurtle, however, was not injured.
"Do you really want your supporters to attempt to blind and disfigure your political opponents in this fashion?" Thurtle wrote to Sir Oswald, "I ask you to use your influence to prevent it."
In reply the Fascist leader reminded Thurtle that little had been done in the past to curb the boisterous elements in the Labor ranks. Some time ago, he said, his own platform had been "subjected to a systematic barrage of missiles by Socialist supporters" which had caused severe injury to himself and a colleague.
"We can also prove that our members have been attacked with razors, knives, bludgeons and every weapon known to the ghettos of humanity," Sir Oswald said.
Such tactics would not be tolerated by adherents of the Fascist movement and any member carrying a weapon to a meeting or urging violence would do so under the pain of expulsion. Sir Oswald attributed much of the trouble to restrictions placed on public assembly under the Public Order Act whose enactment had been passed by Labor support.

HERE'S WHY I ASKED DAD FOR A C.C.M.

C.C.M. COASTER BRAKE

C.C.M. TRIPLEX HANGER

C.C.M. STRONG FRONT HUB

I HAVE lots of pals with bicycles, most of them have C.C.M.'s and they never seem to give them any trouble. Of course, I want a C.C.M., too, so I can ride and hike with my pals.

Just any bicycle won't do—I want a real C.C.M. for these reasons:

C.C.M. is made with the easy-to-pedal C.C.M. Triplex hanger, to which the main sprocket, cranks and pedals are attached.

C.C.M. is equipped with the C.C.M. "37" Coaster brake which is more powerful in its smooth, braking action and more positive in its forward clutch drive than any of its predecessors.

C.C.M. is fitted with C.C.M. extra strong, ball-bearing front hub. C.C.M. is chromium plated over C.C.M. 20-year nickel. This gives a lasting, brilliant finish to all bright metal parts.

C.C.M. is beautifully finished with several coats of C.C.M. rich maroon and blue baked-on enamel to give a long life.

C.C.M. Bicycles are made in one of the largest and most modern bicycle plants in the world. For 40 years, the manufacture of C.C.M. bicycles has been held to high standards of accuracy.

When you buy a bicycle, buy a C.C.M. and you will enjoy many years of easy-running, trouble-free cycling.

C.C.M. Joycycles and Bike-Wagons are made in the same factory as C.C.M. bicycles, with the same degree of accuracy and from equally high quality materials.

Your C.C.M. dealer can offer you a complete choice of all C.C.M. products.
