SOUTH POLE HAS AT LENGTH BEEN DISCOVERED

AMUNDSEN REACHED SOUTH POLE

Discoverer is the Same Intrepid Mariner Who Navigated North-West Passage of the Arctic, and Used the Same Vessel, the Fram---Nothing Heard of Captain Scott

(Special to Daily News.)
London, March 8.—Positive word has been received here that Captain Amundsen, the Norwegian explorer, reached the South Pole on December 14th last and remained there until the 17th. There is absolutely no word of Captain Scott, the British explorer, and reports that he had discovered the pole are unconfirmed.

Christiana, March 8.—Two local newspapers today received despatches from Captain Amundsen direct announcing that he reached the South Pole December 14th, 1911. The despatches were sent from Hobart, Tasmania, where Captain Amundsen arrived in the Fram yesterday. The despatches read:
"Pole reached 14th 17th December."

This evidently means that he remained three days in the vicinity of the pole, probably for the purpose of taking accurate observations as to its position.

Captain Amundsen is the intrepid mariner who discovered and actually navigated the great Northwest Passage, and it was in the same steamer, the Fram, specially constructed for that North Pole adventure, that he has now reached and returned from the discovery of the South Pole. The Captain and his crew reached Herschel Island on the Pacific side in the depth of winter, and with Indian guides he made his way to Dawson over practically the same trail as the Mounted Police patrol perished the winter before last. The Fram was for some time on exhibition at San Francisco.

ON THE NIGHT PATRICK'S DAY

Gleeful Entertainment Planned to Celebrate the Anniversary of Ireland's Patron Saint—Show to Be Kept in Mind Coming.

On Monday, March 18th, in the handsome new Westholme Theatre, the celebration of St. Patrick's Day will take place in Prince Rupert. The occasion will be one of the best entertainments ever yet put on in celebration of national saint's day. Last year's St. Patrick's Day entertainment was excellent, but this one will far and away surpass it. Two plays will be produced, "Ici on parle Français," with a cast of six well known and most popular amateur actors of Rupert, and "Leap Year," a musical comedy, with a cast of two clever artists. There will be musical numbers in plenty, both vocal and instrumental. Very soon the seating plan will be open for booking at the theatre, and that a full house will witness the entertainment is more than assured.

ATTRACTIVE ANNOUNCEMENT

Dances to Be Enhanced by Presence of Popular Musicians.
An announcement calculated to give great satisfaction to those fond of dancing in Prince Rupert was made today by Mr. King. He has secured the services of Mr. M. Gottstein and Mr. E. J. Waterman to furnish music at his dances in future. Mr. Gottstein's reputation as a pianist since his coming to Prince Rupert is excellent, and Mr. Waterman's popularity with the drums and dances has become a favorite feature of dances in Prince Rupert. Under Mr. King's direction these charming dances are likely to prove more attractive than ever.

The "night's the night," St. Andrew's Society "at home" in the Sons o' England Hall, at 8 p.m. A' Scots lads and lasses cordially invited.

Montreal Publication Issues Picture Number of Prince Rupert and G. T. P. Railway with Latest Views of Our Sunlit City.

Many of the most recently taken photographs of Prince Rupert with some other pictures of places along the Grand Trunk Pacific Railway appear in the February number of Sunshine, published in Montreal. A fine picture of the Prince George leaving harbor here is amongst the number. It shows the George with her big smoke plume drifting away behind as in the day of her coal burning. A picture of the George as an oil burner has yet to be reproduced. With the pictures the magazine publishes a character sketch of C. M. Hays.

WINDSOR HOTEL CASE UP TODAY

Evidence for the Prosecution Heard This Morning in Charge Against Wm. Wright---Red-Light Woman Registered There But Proprietor Reported Her Under Care of Physician

(Special to Daily News.)
Ottawa, March 8.—The government will retire two of the three Yukon judges on full pay for life. These are Mr. Justice Dugas and Mr. Justice Craig. One judge will be sufficient, as only four lawyers are now practicing there.

In the police court this morning the case of William Wright, manager of the Windsor Hotel, charged with harboring in his hotel a woman of easy virtue named Marcelle Renee, was heard. Police Commissioner Chairman Newton and Commissioner Bullock-Webster were present.

Evidence was given by an Oriental named Won Yung that a woman of the restricted district rented a house of his on Comox avenue. The woman left there. The rent became overdue. Won Yung traced the woman to room 23 in the Windsor Hotel and recognized her there while trying to recover his rent.

Constable Gargill stated that he had consulted the Windsor Hotel register in February and saw that a person signing "M. Renee" had registered for room 23. He had not gone to the room.

Chief Vickers sent him back to find out who "M. Renee" was. He asked William Wright, who told him plainly that it was Marcelle. There was a house keeper at the Windsor Hotel up to about a month ago named Daisy Adams. She had formerly kept a place on Comox avenue. Marcelle was the only other redlight woman witness had ever seen enter the Windsor Hotel.

Cross-examined by L. W. Patmore, witness did not know that William Wright had notified the police on February 20th that a redlight girl had registered at the Windsor.

Mr. Patmore: "Have you ever seen anything disorderly about the Windsor Hotel with regard to prostitutes?"
Witness: "No, sir."

WERE AGAINST BEING PLEDGED FOR MANSON

Number Left Meeting of Non-Progressive Conservatives Last Night, Free and Independent---Twenty-Six Delegates to Convention are Elected

We are gravely informed in big headlines, before the campaign is opened and even before a nominating convention has met, that "Whole District Is Unanimous for the Return of the Former Member of the District." This is given as a truthful resume of the meeting of the Conservatives held in McIntyre Hall last night to which "only the supporters of McBride are invited." But it was well known all over town this morning that even the supporters of McBride are woefully split up in their support of Manson, and that from this so carefully selected gathering there were a number who showed their independence and disdain of party shackles by boldly walking out.

The meeting was for the purpose of selecting delegates to the Conservative convention to be held tomorrow, a powerful clique of the same party having previously called a Conservative convention for Monday. But it came about that the first thing attempted by the meeting was to pass a vote endorsing the candi-

dature of Mr. Manson. This was moved in a clever speech by J. Charles Halsey, and was seconded by J. H. Hilditch, who stated that on a recent trip to Victoria he there discovered how conscientiously Mr. Manson worked in the interests of the riding while attending the legislature.

The motion was declared carried unanimously, to which J. F. Macdonald strenuously objected, as those in the negative had not been given a chance to vote. The negative was then put and Mr. Macdonald and others voted against it.

The same tactics were followed in the selection of delegates. The number to be selected was twenty-six and nearly forty names were placed in nomination, beginning with Frank E. Cullin and ending with S. M. Newton. The list included two possible candidates, Alderman Clayton and Alderman Douglas. A motion was put pledging those elected to vote in the convention for Manson. J. F. Macdonald declared this was out of order and manifestly un-

fair. The motion carried, however, and Mr. Macdonald again protested and said he would leave the meeting and hoped others who were supporting Dr. Clayton would do likewise. H. H. Clarke said he held proxies against Mr. Manson and should vote in the same way. Under the lead of Mr. Macdonald a number then left the meeting, after which the motion was carried.

The ballot showed the popular standing of the delegates as follows:

G. W. Kerr, 131; W. E. Fisher, 128; J. G. Scott, 127; Frank E. Cullin, 125; Alderman Douglas, 125; T. R. Maitland, 124; Alderman L. Bullock-Webster, 123; J. E. Merryfield, 122; John Wynne, 121; G. D. Tite, 119; E. N. Shockley, 118; O. H. Nelson, 116; J. R. Beatty, 115; J. H. Hilditch, 115; M. J. McNeil, 115; L. Crippen, 115; M. M. Stephens, 114; Dr. McNeill, 110; J. W. Potter, 108; O. Besner, 102; M. McLeod, 102; C. Miller, 100; R. Ross, 96; W. Lailey, 95; H. Daggett, 95; W. J. McCutcheon, 74.

PIONEER IS LAID TO REST

Funeral of Capt. W. H. Noel at Port Essington Was Solemn and Impressive Scene—Many Attended Obsequies.

The funeral of the late Captain W. H. Noel of the Dominion snag boat Cygnet, who was drowned off Digby Island on Friday last, took place on Monday afternoon at Port Essington, B. C. The body was conveyed from Prince Rupert on Sunday by the launch Mary I and laid in St. John's Episcopal Church, where a service was held previous to the interment by the Rev. W. F. Rushbrook. The people turned out in a body to pay their last tribute and respect by following the remains to the grave. The Indian band on their own initiative turned out and rendered appropriate music, leading off with the "Dead March." The pall bearers were Messrs. J. Adams, H. Berryman, A. G. Harris, F. Inrig, H. Morris and A. Noble.

The deceased was well and favorably known on the Skeena, where he had spent upward of twenty years, part of that time as captain of the Chieftain, and for the past five years on the Cygnet. His affable and genial disposition won him a large number of friends, he taking an interest in everything that tended for the welfare of the community, besides being an office bearer of the church for many years.

He leaves a widow, a father, Captain J. F. Noel of Victoria, two brothers, Walter Noel, Hazel-

SIR WILFRID STILL LEADER

Veteran Statesman Declares Definitely That as Long as Health Permits He Will Remain at Head of Party.

Ottawa, March 4.—The parliamentary restaurant was the scene Saturday evening of a large banquet given by the Liberal members and senators in honor of Hon. George P. Graham, who was recently successful in the South Renfrew byelection. Mr. Tom Lowe, who retired in Mr. Graham's favor, and a number of Liberal workers from the county were present, including Dr. Connolly, president of the Renfrew Liberal Association. Sir Wilfrid Laurier presided and proposed the toast to Mr. Lowe, while the toast to Mr. Graham was proposed by Mr. E. M. MacDonald.

The final toast was to the Liberal chief. It was proposed by Dr. Michael Clark of Red Deer, who declared that with Laurier as leader the Liberals would win when the next appeal was made to the country. Sir Wilfrid Laurier in his reply made a practically definite statement that so long as his health remained good and he was wanted he would continue at the head of the party.

ANOTHER ROAD TO THE PACIFIC

Canadian Pacific Will Build Line from Prairies to Coast in Order to Relieve Congested Freight and Grain Shipments.

(Special to Daily News.)
Winnipeg, March 8.—Mr. Bury, vice president of the Canadian Pacific Railway, announced yesterday to a deputation headed by Premier Roblin that the company will build another line from the prairies to the Pacific coast in order to relieve the present congestion of freight and to provide an outlet for grain shipments. He said the company has sixty millions of dollars for the proposed work and would have started immediately but for the impoverished state of the labor market and the scarcity of materials, but construction would only be delayed a short time.

TRIPLE ALLIANCE ARBITRATION TREATIES RATIFIED BY SENATE

PRESIDENT TAFT'S FORERUNNER OF UNIVERSAL PEACE SO MODIFIED THAT IT MUST BE REFERRED BACK TO GREAT BRITAIN AND FRANCE.

(Special to Daily News.)
Washington, March 8.—Stripped of the clause which it was claimed was an evasion of the constitutional treaty making power of the Senate, and with many other limitations inserted, the general arbitration treaties proposed by President Taft as the forerunners of universal peace were ratified by the Senate yesterday by a vote of seventy-six to three.

The treaties are between Great Britain, France and the United States, and as the drastic modification put the first principles agreed upon "up in the air," so to speak, they will again have to be referred to the two powers named, who will probably endeavor to tinker them back to something like the original form in which they were acceptable to them.

SPLENDID PICTURE SERIES

New Picturé Drama to Be Shown at the Westholme Tonight.

A splendid program of moving pictures will be shown at the popular Westholme play house tonight and tomorrow night, the feature being a fine dramatic production entitled "The Outcast," and consisting of three separate reels and over 3,000 feet of pictures. The story is intensely interesting and holds the attention of the audience from start to finish. The life of a young girl who through the efforts of a great and good man is raised from the gutter to a position of trust and honor is vividly and faithfully portrayed. The acting is splendid throughout and the photography perfect. There is absolutely nothing suggestive or offensive, the story being clean and instructive from beginning to end.

Mr. Jack Mitchell of the wholesalers, Stewart & Mobley, has returned from an extensive trip abroad. He visited his old home in Aberdeen. On the return he stopped in New York, Chicago and Moose Jaw.

"We have a McBride-Bowser hyphenated government in this province, but there is a growing feeling that we should have a better balanced legislature."—Mr. W. A. MacDonald.

"The tide has turned and the pendulum has swung just as far as it is possible, and it is going to swing the other way."—The Hon. William Templeman.

"The one strong thing in my mind in this election is to seek to make a public man feel there is a reason for suspicion and that there is need for opposition."—Mr. Ralph Smith.

"Mr. McBride has been dissipating the natural wealth of the province, and if we have only one plank in our platform we will defeat him."—Mr. Angus McKinnon.

"Mr. McBride has asked us to make a fight in this contest with our feet shackled and our hands tied behind our backs. It is not a fair fight."—Mr. Duncan Ross.

DAILY EDITION.

FRIDAY, MARCH 8

WHERE LIBERALISM WILL FIND ADDED STRENGTH.

Not only in Prince Rupert and in Stewart is the Conservative party split up into factions, but in other parts of the province they are beginning to split up, and we shall hear more of this from day to day as the campaign warms up. And the Liberal party of the province is recognized by the voters generally as a great fighting force whose vitality and virility is in close touch with the needs of the masses, their greatest need at the present time being freedom from the thralldom of the Two-Man government. Liberalism is the greatest political-educational force there is in this province, and it can be hoped that by force of its own numbers and the aid of a quickened public opinion a great victory will be won in this campaign.

There will be aid from the Conservatives themselves, from those free to think for themselves and with sufficient manhood to act independently for the public good, scorning the bribes of extravagant patronage. Here is an instance: C. M. Woodworth, who gave his name to our Woodworth Lake, is a leading barrister of Vancouver and at one time president of the Conservative Association of that city. He writes to the Province:

I have been asked by many Conservatives to allow my name to go before the Vancouver or Richmond nominating convention. Unless coupled with the condition that I should be allowed a very free hand I would refuse even an unanimous nomination from either convention. I am as decided a Conservative as ever. . . . I decidedly differ with the policy of the government on many important questions which vitally affect Vancouver and vicinity. Further I say that government by caucus is bad and when the opposition is weak it is dangerous. Government by the cabinet alone is worse.

Mr. Woodworth is a leading member of his party in such an important city as Vancouver, and yet he thus frankly and honestly expresses his independence; his desire to do something more calculated to meet public needs than can possibly be expected from the Two-Man government.

Even the Vancouver Province, well known as the leading government organ, is undoubtedly listening to the call of duty rather than blindly following the whistle of its party leader. The following amazingly candid statement is from its editorial columns:

Hon. Mr. McBride managed not to smile as moved that the public accounts for the last fiscal year be referred to the standing committee on public accounts.

The motion was seconded by the Attorney General and carried, although Parker Williams remarked that it was farcical, as it would be impossible for the committee to enter upon its duties with prorogation to take place probably today.

The members of the House, however, feel that under the present administration there is no necessity of having the public accounts examined.

Such examinations usually result in a great deal of noise being made without very much being found out. As a rule the witness and the majority of the committee are a unit in desiring that awkward questions shall not be answered.

Moreover, the rule is that the committee shall not have referred to it for examination any accounts of an earlier date than the last fiscal year.

As a consequence anything that is concealed in the public accounts of 1910-11 may now be regarded as buried for good and all, unless perchance in the distant future the dust-covered papers may fall into the hands of some inquisitive student of the provincial archives. Let us hope that the result of this campaign will place these privately-kept state documents in the honest hands of true representatives of the people.

RAPID DEVELOPMENT OF ALBERTA.

The growth of Calgary and all Alberta must indeed be phenomenal to judge from the special edition of the Morning Albertan. In celebrating its tenth birthday this excellent newspaper devotes ninety-six well illustrated pages to Alberta in general and Calgary in particular and then says that the development has been so rapid and extensive that it is impossible for any paper in one issue to deal fully with its growth and bright future. The Albertan makes a brave attempt at it at any rate, and turns out the finest special edition that has ever reached our desk.

The morning newspaper says in an editorial that the action of the police commissioners in requesting the co-operation of the police magistrate in the prosecution of blind piggers and such "is most unusual and moreover ridiculous." On another page of the same issue in regard to the Wright case, which came up for trial this morning, it has this headline: "Charge laid by police against local hotel is declared to be unfounded." Of course this means that "only supporters of McBride" are permitted to give a hint to the police magistrate what his decision is to be in pending cases.

Platform of the Liberals of British Columbia

Adopted at the Vancouver Convention, March 1st, 1912

1. Free Lands for Settlers—None for Speculators.

We emphatically condemn the McBride government for its connivance at the evasion of the land laws by persons, syndicates and corporations, who have been allowed to obtain millions of acres of the choicest accessible public lands, which are held without use and to the detriment of the province as a whole.

We hold that agricultural land should be disposed of only on such conditions as will ensure its continuous use and occupation.

Free homesteads to actual settlers. Holders of pre-emptions to be given benefit of this provision.

Advances to settlers on easy terms to assist in land clearing, dyking, irrigation and other permanent improvements.

Surveys of all accessible agricultural lands to be rapidly completed, and survey sheets and all necessary information to be made easily available to the public.

Settlement in block to be encouraged by the removal of reserves, which scatter population and greatly increase the cost of roads, schools and other necessary facilities.

No public land for the speculation.

2. Transportation.

The immediate construction of a railway to Peace River.

We will co-operate with the Dominion government in securing all-rail connection between the railway systems of Vancouver Island and the railway systems of the mainland.

The construction of a line owned by the government to give direct communication, by the best route as to grades and distances, between the Similkameen and other interior points and the coast.

We favor the husbanding of the Provincial credit to assist lines that will open up new territory.

Provincial credit and resources not to be wasted in paralleling existing lines.

No land subvention to railways beyond what is necessary for railway purposes.

Abolition of the system of giving away Crown lands for townships free of taxation and under railway control.

Aid to railways not to exceed what is reasonably necessary to secure construction.

The prevention of over capitalization of railways.

The Province to co-operate with the Dominion in aiding railway and highway construction.

All franchises for the construction, operation and ownership or leasing of government-aided roads to be open for public competition.

Freight, passenger and express rates and telegraph tolls of all government-aided roads to be under the jurisdiction of the Dominion Railway Commission.

With a view to meeting the demand for the transportation of grain from Saskatchewan and Alberta, the immediate construction of government-owned elevators.

The people to control the railways, and not the railways the people.

3. Timber.

We condemn without reserve the wholesale disposal of timber lands to speculators, which has been the only timber policy of the present government.

We advocate the survey, cruising and valuation of timber lands by the government before alienation, and the disposal of all such lands by public competition to actual users.

Improved methods of preventing timber waste and systematized reforestation.

Hand loggers licenses to be granted where conditions demand.

4. Public Protection in Respect to Coal.

Coal lands not to be alienated, but leased under conditions to be fixed periodically by the legislature.

Wherever practicable and necessary government operation of coal mines to be at once undertaken with a view to reduction of existing prices.

We insist upon the appointment of a royal commission to investigate the present exorbitant coal prices.

We condemn the present educational autocracy of the government.

We recommend the appointment of a representative advisory board in educational matters, such as exists in all other provinces.

The present school curriculum is so overloaded with subjects as to render thorough education in any branch impossible.

We advocate an increase of

manual and agricultural training and domestic science teaching, and the establishment of an efficient system of technical schools.

The present school system bears unjustly on settlers in unorganized districts, and should be immediately remedied.

6. Representation.

The government's policy as to revision of the voters' lists and precipitating the present election without a proper redistribution of constituencies is a complete subversion of all the privileges of representative government.

We favor personal registration and insist on immediate redistribution.

We favor woman suffrage and personal property taxes, and the raising of the exemption of income limit to \$2,000.

7. Taxation.

Abolition of the poll tax. Exemption of improvements on all lands paying taxes to the Provincial government.

A readjustment of the system of taxation whereby the Province may receive a fairer proportion of the unearned increment.

Immediate reform of the present costly, cumbersome and inequitable system of collecting school taxes in unorganized districts.

8. Labor—Workmen's Compensation Without Litigation.

A Provincial department of labor to be created, and a free government labor bureau established.

Thorough and frequent inspection of all industrial premises to ensure health, sanitation and safety.

The complete prohibition of child labor in factories and shops.

The present system of employers' liability insurance bears heavily upon employers, and is a frequent source of injustice to workmen and their families. We advocate the establishment by the government of a permanent industrial insurance commission, independent of politics. This commission to have full charge of a system providing positive compensation to employees for injury received during employment, without recourse to litigation, and giving employers the benefit of accident insurance at minimum cost.

The extension of the scope of the Workmen's Compensation Act, so as to cover all hazardous employments.

The payment of wages should be made at least fortnightly.

9. Oriental Immigration.

We unhesitatingly condemn the hypocrisy of the Provincial government as evidenced by its refusal to re-enact its own remedy—the Natal Act—on the ground that it would embarrass the Conservative Dominion government.

We stand for a "White British Columbia," and advocate continuously increasing stringency in immigration laws until this result is attained. The Liberals of British Columbia are in favor of the total exclusion of Orientals from the Province.

We insist that the Provincial authorities shall enforce strict sanitary regulations in all congested districts.

10. Extension of Municipal Powers.

Increase of local control in municipal matters.

Election of license and police commissioners by popular vote.

We emphatically declare our adherence to the principle of public ownership of public utilities, and advocate limitation of terms of franchise to corporations, renewing the same, in the public interest, in equitable terms.

12. Local Control of Liquor Traffic.

The liquor traffic of British Columbia is at present under the absolute control of the Provincial government, and is used by it as a political machine.

We insist upon the complete removal of the liquor question from party politics.

The control of the traffic should be vested in municipalities, or, in unorganized territory, in locally elected authorities.

We favor a local option law. In the protection of the public we insist on frequent inspection of liquor offered for sale.

13. Public Accounts.

We denounce the McBride government for withholding year after year the public accounts from examination by the Public Accounts Committee.

We advocate the organization of an auditor general's department, independent of the government.

14. Fishery Control.

We advocate immediate steps

The protection of British Columbia fisheries from foreign poachers.

15. Protection of Water Supply.

We condemn the shortsighted policy of the Provincial government in alienating the timber lands on watersheds tributary to cities, towns and municipalities. It should be the immediate duty of the government to remedy the mischief caused by this mistaken policy.

16. Torrens System of Registration of Title.

The present system of land registration is expensive and cumbersome. We advocate the adoption of the Torrens system of titles, and a reduction of registration fees.

17. Non-Partisan Civil Service.

We favor the organization of a civil service commission for both inside and outside services. Appointments to the civil service should be based on fitness, and not on partisan service.

WHITE PASS FREIGHT RATES

Counsel for Railway Tells Railway Commission That to Comply with Order Would Mean Bankruptcy of Road.

Ottawa, March 4.—At the conclusion of the final hearing by the Railway Commission of the arguments in an application of the Dawson Board of Trade for reduction in rates by the Yukon & White Pass Railway, Chairman Mahee announced that the board could reserve its decision until the great mass of evidence submitted had been carefully analyzed. Mr. Mahee said that the board certainly would not reduce rates so to what the company would be unable to pay interest on its bonds. Mr. Chrysler, counsel for the company, declared that tentative rates authorized by the board last year would mean bankruptcy for the company.

A proposal which is receiving wide imperial support has been put forward that the West Indies, the oldest colonies under the Crown, should combine to form a West Indian Dominion.

WINDSOR HOTEL CASE UP TODAY

(Continued from Page 1.)

Constable Bailey stated that Marcelle's name was on the register of redlight women on January 1st. Daisy Adams he knew had been resident in the "Two Mile" district at Hazelton.

Constable Hamblin said that three weeks ago he had seen Lena Silver and Marcelle about the Windsor Hotel once or twice.

Marcelle had now left town on the Prince George before witness had had time to serve a summons upon her.

Constable Merritt stated that William Wright had one time told him that there was a woman of the redlight district staying at the hotel, but that she had just come off the boat and was sick and under Dr. Kergin's care. Her name was Marcelle Renee. Mr. Wright had told him that as soon as the woman was well enough she would be told to go.

The case was adjourned until tomorrow.

REAL ESTATE A SPECIALTY

Mere mention of it brings to your mind the idea of Security.

It is the basis of all wealth; the foundation of all values.

The man who owns real estate owns something tangible; something that cannot be cornered and its price forced down.

Real estate in Prince Rupert is particularly desirable. It grows more valuable as the years pass. Those owning Prince Rupert property are not only earning a good rate of interest, but the principle itself is growing as the property becomes more valuable.

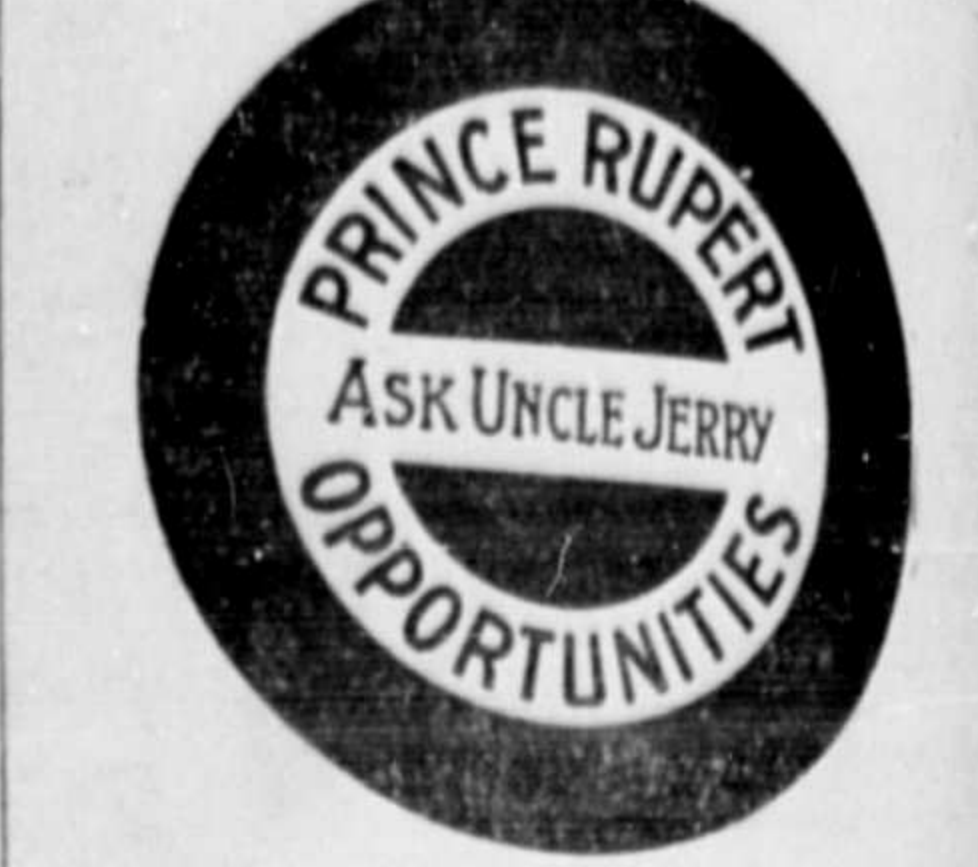

I have some of the best "buys" to be found in the city. See these:

Lot 39, Block 5, Section 1, \$2,500.

Lots 1 to 5, Block 41, Section 8. \$3,500 the 5 lots. A snap.
