Next Move Of City Of Flint Is Matter Of Speculation; Is Still At Norwegian Port

BERGEN, Norway, November 6.—With the possibility of sharp diplomatic differences between Norway and Germany over the disposition of the vessel, the City of Flint is still riding at anchor here today awaiting instructions as to her next movements.

Whether the City of Flint will be moved to a Scottish port to unload the cargo of machinery, fuel and foodstuffs for the United Kingdom with which she was impounded by the German warship which put on board a prize crew and took her to the United States without unloading her cargo was not known today. The possibility was suggested that the cargo should be sold and unloaded here in Bergen.

Should the City of Flint endeavor to make a Scottish port she will have to run the hazards of German raiding ships and submarines although she would be kept out of Norwegian waters by warships of this country to enforce that there would be no breach of neutrality. Once an Allied convoy would undoubtedly watch her as a precaution against German attack.

The newly passed neutralization act of the United States which prohibits American vessels calling at ports in the war zone it would be required to return to the United States without making the call.

Florence J. Harriman, United States minister to Norway, is on her way from Oslo to Bergen today to interview the master of the City of Flint, Capt. J. A. G. G. and port authorities. The minister is in regard to what might be the next move of the most publicized ship so far in the present war, although he made a statement telling how his crew had been threatened by the German prize crew.

Despite German indignation, the Norwegian government rejected a German protest at the internment of the prize crew and the turning over of the vessel to the Americans. The Norwegian rejection of the German protest was formally conveyed by the Foreign Office to the German charge d'affaires at Oslo. Germany had demanded that the prize crew be released from internment and the ship and cargo returned to them.

The German press describes the Norwegian action as "inexcusable" and declares "it is incomprehensible that a little nation should venture to interfere with German authority."

There was no legal basis for such a step, Germany declared officially in demanding that Norway release the prize crew and hold the City of Flint pending the outcome of diplomatic negotiations respecting her future disposition.

The Norwegian government, in refusing to accede to the German demands, reiterated that there had been breach of neutrality by the prize crew in bringing the City of Flint into a Norwegian port without valid reason.

ATMOSPHERE BETTER NOW

Finnish-Russian Negotiations Proceeding On More Amicable Basis

MOSCOW, November 6.—Despite continued threats in the Soviet press, conversations are now reported to be proceeding more amicably at Moscow between representatives of Finland and Russia. New instructions from Finland to its delegation are reported to have improved the general atmosphere.

Russia is reported to have rejected Finland's "final reply" but left the door open to further negotiations. The Soviet refuses to relinquish demands for military concessions on Hango Peninsula.

Pravda newspaper's threats against Finland included a charge that Foreign Minister Erkkko of Finland, like Foreign Minister Beck of Poland, had made provocative speeches with the support of certain powers.

Earlier foreign circles interpreted an Erkkko speech as conciliatory and foresaw an early settlement of the dispute. Erkkko denied the charge of being provocative in his demands on behalf of Finland.

Berlin, November 6: (CP)—An intensification of German sea warfare by use of submarines and possibly more raiders is seen here as Germany's probable answer to the change in the United States neutrality law whereby the American supplies or arms become available to the Allies on a cash and carry basis.

The formal ceremony of signing at President Roosevelt's office was unprecedented in United States history. His signing gave the signal for the opening to Allied powers of the doors to an "arsenal of unlimited resources" providing they are able to pay for them.

Immediately the President signed a proclamation putting the law into effect by redeclaring United States neutrality. Another proclamation regulated the use of United States ports and territorial waters by belligerent submarines.

Canada May Be Britain's Banker Now

LONDON, November 6: (CP)—In addition to being the Empire's aviation and munitions centre, Canada may become Great Britain's banker.

The paper deals with the important part Canada may play in trade between Great Britain and the United States now that the United States has altered its neutrality laws.

SINKING OF MORE SHIPS

Four Vessels Victim of Explosions Over Week-End—Pacific Coast Liner One

LONDON, Nov. 6.—The 11,189-ton Danish American motorship Canada, well known on the run between Europe and the Pacific Coast, was sunk on Saturday after an explosion following a supposed German submarine torpedo attack.

Other week-end torpedo victims were the small 1300-ton Norwegian ship Sig which went down fifteen minutes after an explosion, fifteen of the crew being rescued.

Yesterday the Nicholas Invidikos, a 5295-ton Greek ship, bound from Galveston to Antwerp with grain cargo, was sunk, survivors, numbering 26 being rescued and landed in southeast England.

Commission For Purchasing In United States

OTTAWA, November 6: (CP)—A Canadian purchasing commission will probably be set up in Washington or New York in connection with the new trade in war supplies which will follow the revision of the United States neutrality laws, it is said in well informed quarters here.

ACTION IS NOT GREAT

Western Front Continues Quiet Except For Desultory Artillery Firing

PARIS, Nov. 6.—The Western Front continues generally quiet except for field artillery action on both sides. The French city of Forbach, evacuated before the war, was again bombarded yesterday by Germans.

QUESTION OF INDIA

Vice-Roy Reports Failure in Efforts to Get Agreement Upon Policy to be Followed

LONDON, Nov. 6.—The Vice-Roy, Lord Linlithgow, after a series of conferences, reports to the India Office failure to reach an agreement between Hindu and Moslem native leaders in India on the future government of India.

The Vice-Roy "regrets to have to report failure but, despite disappointment, efforts will not be given up and no stone will be left unturned to reach a settlement."

Meantime the Vice-Roy has invoked emergency powers conferred upon him by the British government to forestall possible violence in the political crisis in India.

CAREFUL, GOEBBELS!

German Propagandists Claim to Have Sunk Non-Existent Vessel

LONDON, Nov. 6.—There is no word from Berlin as yet as to how Herr Hitler plans to reward the crew of German "amphibious" submarine which sank H.M.S. Kestrel.

SAFE ON ISLANDS

Ingrid H. Put Into Skidegate With Engine Trouble, It Is Learned

The local halibut boat Ingrid H., for safety of which fears were expressed at the week-end, is safe at Skidegate, according to a telegram received by Peter Leland of this city from his son, Jantost Leland, who, with Capt. Charles Lindquist, is aboard the Ingrid H.

The Germans are still busy with their fortifications. There were unconfirmed reports from Luxembourg of heavy cannonading. Heavy concentrations of German troops along the front are still reported.

Two Young Women And Man Lose Lives In Southern Interior

Automobile Went Over Embankment Near Brilliant and Plunged 150 Feet Into Columbia River—Dead are Alfred Sweeney, Miss Clara Stewart and Miss Helen Lentzen

NELSON, November 6: (CP)—Two are known dead and a third missing and believed drowned in the Kootenay River west of here as a result of a car plunging over a 150-foot bank into eight feet of water near Brilliant last night at 8:40.

CHINA IS PAYING UP

Still Has Financial Ability in Spite of War With Japan

CHUNKING, Nov. 6.—The Chinese nationalist government has authorized banks to start payment of principal and interest on loans floated last May. In spite of the war with Japan, Chinese resources are sufficient to meet all obligations, it is stated.

AIR FIGHT IN CHINA

Fifty-Four Japanese Planes Driven Off, Two Being Downed

SHANGHAI, November 6:—Fifty-four Japanese fighting planes attempted a raid on Chingtu, capital of Chechuan Province, but were driven off by Chinese pursuit planes which dropped two of them.

MUSSOLINI IS ACTIVE

Ill Duce Getting Italy Ready For War But is Also Working Hard For Peace

ROME, Nov. 6.—Premier Benito Mussolini, who has been speaking of the need for Italy pushing preparations in view of the general situation, was in lengthy conference yesterday with the 68-year-old Marshal Pietro Badoglio whom he has restored as chief of general staff of army, navy and air force despite the fact that, by his age, he should ordinarily be in retirement.

Meantime, Mussolini, following his negotiation of a friendship pact with Greece, is also negotiating with Bulgaria and other nations and the successful formation of a solid Balkan neutrality and peace front appears likely.

Correspondents In Uniform Now

Are Introduced To Marshal Gamelin And Find Him A Cordial Host

PARIS, November 6:—American war correspondents wore their uniforms for the first time yesterday and were introduced to Marshal Gamelin, commander-in-chief of the Allied forces, who greeted them cordially.

Ninety-Nine Ships Sunk

LONDON, November 6:—Since the war began, ninety-nine ships have been sunk as follows:

- British, 51.
- French, 7.
- German, 6.
- Neutral, 35.

EXTENDING MINE AREA

Scandinavian Nations Find It Necessary To Change Routes

COPENHAGEN, November 6:—Germany is extending her mine fields into shipping lanes which Scandinavian countries regarded as coming more or less under their jurisdiction. The result is that Denmark and Sweden have warned shipping to keep away from certain waters.

NAZI RAID IN FRANCE

Germans Take to Air Against Their Neighbors for First Time in This War

BRUSSELS, Nov. 6.—With German planes flying high, Germans staged an air raid over northern France in the vicinity of Lille, a few miles from the Belgian frontier, yesterday according to reports received here which said the fire of anti-aircraft guns could be clearly heard. It was the first activity of that kind by the Germans in France since the war. There were no details.

AIMS OF NEW LAW

One of Primary Objects To Keep United States Out of War

WASHINGTON, D. C., November 6.—Primarily the "Neutrality Act of 1939," as signed into law by President Roosevelt on Saturday, ends the embargo on the sale of arms to France, Great Britain and Germany and establishes a neutrality policy designed to keep the United States out of war. The new law strictly regulates all dealings with belligerents in a series of safeguards against war.

ACTIVITY ON OCEAN

Germans Expected To Try Renewed Sea Warfare To Stop Allied Supplies From United States

Berlin, November 6: (CP)—An intensification of German sea warfare by use of submarines and possibly more raiders is seen here as Germany's probable answer to the change in the United States neutrality law whereby the American supplies or arms become available to the Allies on a cash and carry basis.

Flooding Of Netherlands Is Effective

AMSTERDAM, November 6:—Dutch tests of the effectiveness of flooding the country by opening of the dikes are said to have shown that such floods would provide a formidable obstacle against invasion of the Netherlands.

Flooding of the terrain can be relied upon to stop the advance of mechanized armies, it is claimed.

THE BRITISH EMPIRE

In connection with the attack made by Mrs. D. G. Steeves, C. C. F. member for North Vancouver in the Legislature last week, the British Empire needs no defenders, especially in this country, which is a part of that Empire which the lady attacked and in which she lives. At the same time it may not be out of place to draw attention to a few facts.

No one claimed that the Empire is infallible or that British statesmen are infallible. The most rabid imperialist will have to admit that many mistakes have been made and many things done of which we are not at all proud. That must be said of any nation during its stages of development and especially of a virile people like the British.

What British people claim and believe to be true is that under the British flag there is a far greater amount of freedom for the individual than under any other, not even excepting the United States or Holland or Russia. Individual freedom has been built up over a series of centuries and, in the treatment of subject races, people have been gradually trained to become self-governing.

India is an outstanding example of this. While today there is a tremendous amount of superstition and ignorance found among the people of India and religious intolerance has not been overcome, it is true that most of the leaders of the present liberty movement are men who have been educated in English universities and inoculated with British ideals.

British set the model for free Parliaments, free education, free speech and freedom of worship or religious education. Naturally with the development along these lines has come industrial freedom the "bete noir" of Mrs. Steeves and other C.C.F. members. It is doubtful if freedom and regimentation can go together.

Mrs. Steeves objects to the word "Empire" in connection with the British commonwealth of nations. It may not be the correct word but it seems to be the only one available. There are so many stages of development to be considered in connection with the various nations and colonies. Newfoundland was at one time wholly self-governing but it made a mess of things and asked the British to take the country back as a crown colony. There are colonies consisting largely of negro races and others consisting of Malays. One reason why the Africans and Dutch origin object to British connection is because the British insist on the negro majority getting improved conditions and education. The Dutch Boers, relatives of Mrs. Steeves, would allow them no privileges leading to eventual self-government.

We are mentioning these few things just to give a little idea of what the British Empire is fighting for. It is for the preservation and continuation of that liberty which has been handed down to us. The British have ideals which they are however imperfectly, trying to put into practice. The German ideal is very largely selfish. Hitler's world vision can envisage only that in which the German people are predominant and all others subject.

BRIGHTEN Will Observe CENOTAPH Armistice Day

Painting of Flag Pole is Ticklish Job—Boy Scouts Give Stone Thorough Scrubbing

Surroundings of the cenotaph on the Court House grounds are being brightened up in readiness for the observance of Armistice Day which will centre there on Saturday of this week.

This morning a man scaled the big flag pole to make preparation for it to be painted from top to bottom. Four gallons of white paint will be required in this ticklish job.

On Saturday afternoon Boy Scouts, under the leadership of Scoutmaster (Rev.) Roy Durnford of Seal Cove, turned out and washed off the cenotaph, scrubbing it with soap and water.

Veterans From Various Parts Of District To Gather In Smithers

SMITHERS, November 6.—Preparations have been completed by the Bulkley Valley branch of the Canadian Legion for the annual observance of Remembrance Day in the customary manner.

Poppies are already on hand to supply the demand which is expected to be greater this year than it has been in any previous year owing to the present situation which has reminded all so forcibly of those who laid down their lives in the Great War.

The veterans of the district will gather at the Legion Hall in the morning and march to the United Church where service will be held under the joint auspices of the United Church and the Anglican Church conducted by Rev. J. T. Burchill and Rev. J. E. Birchall. A choir of more than twenty voices has been assembled for this occasion and an orchestra of six pieces under the leadership of J. S. Gray, the well known local musician and bandmaster, will provide the music for this service.

The regular Armistice dance will also be held in connection with this anniversary.

Bulkley Valley Branch No. 63 embraces in its membership nearly 100 veterans from Cedarvale to Burns Lake and it is expected that there will be a good representation of these members in attendance on that day.

War Conditions More Favorable

General McNaughton Observes That Time Has Been On Dominion's Side With No Need For Haste

MONTREAL, Nov. 4: (CP)—Canada entered the present war "under somewhat more advantageous circumstances than 1914 with time on our side and no need for haste." Major General A. G. L. McNaughton, commander-in-chief of the first Canadian Overseas division, said today.

LINING UP HOOP PLAY

Standard Oilers Are In Readiness For Opposition

The Standard Oil basketball team is now swinging into full practice schedule and is rapidly getting into shape for any opposition that may come their way during the coming winter.

Ernie Santerbane, the boy who nearly carried the Northern British Columbia championship back to Premier last season after the local boys had their eyes on it all through the season, has now joined the Oilers and is a decided acquisition to the fast stepping forward line of MacPhee, Morgan, Beynon, Dominato and Campbell.

Bob Houston looks better than ever but, as he is in the service of his country, he cannot be depended upon for full participation in games away from home. As a result of this Morgan and Dominato may see considerable duty at guard where both of them have showed considerable prowess in the past. This switch is found necessary as only Jim Currie will be left from last year's guard line, Art Murray having turned in his strips. Art cannot find enough time for practice and without practice it's a tough job to hold a place.

As the boys are not really in shape as yet no games have been scheduled for the time being. The Army and Navy have a formidable looking squad on paper and they are also rather sure of a victory should they meet the champions. It is hoped the two teams will get together soon so that sport will not die after such a successful season in 1938-39.

City Commissioner W. J. Alder is to be approached with regard to the use of the Exhibition Building for practice as the Catholic Hall Gymnasium now being used is too small for proper floor work.

High School Dance Held

One Hundred and Fifty Young People in Attendance at Happy Affair Saturday Night

Students of Booth Memorial High School had a happy dancing party Saturday night at the Oddfellows' Hall. Some 150 young people were present and the merriment was in full swing from 8 p.m. until midnight. Jack Hopkins, president of the Students' Council, was master of ceremonies and excellent music was furnished by Cameron's Orchestra. One of the features of the evening was the introduction of the novelty dance "The Chestnut Tree." Refreshments, provided by the students, were served. The hall was attractively decorated with multi-colored balloons and streamers.

Principal and Mrs. Arthur Sutton and most of the members of the teaching staff were in attendance. The members of the staff present included Mr. and Mrs. Charles Hayward, Mr. and Mrs. T. L. Davies, Mr. and Mrs. James Clark, Miss Irene Mitchell, Miss Florence Wilson, Miss Isobel Waitts, Miss Jean Irvine, Miss May Jones, Miss Kay Robertson, Miss Ruth Hind, C. H. Leighs, W. W. C. O'Neill and W. H. Derry.

Mr. Sutton called for three hearty cheers for the Students' Council and one extra for the president. He thanked, on behalf of the students, all who had assisted with the arrangements for the happy party.

Keeping Faith In Remembrance

Allegiance to God's Principles Necessary to World Peace—Church Can Play Important Part

"If we would keep faith with those who fought and fell in the war of twenty-one years ago for the maintenance of such principles as permit us to gather in peace and order in God's house as we do here today, we must be steadfast in our allegiance to God and active and ready to sacrifice in His service," said Rev. H. G. Funston, pastor of the First Presbyterian Church in a Remembrance Day sermon at the First Presbyterian Church. There was only one way in which permanent peace would come to the world and that was by establishment of godly and Christianlike principles.

There appeared to be only one course now that war had started again and the pastor believed the course the country was taking today was necessary. However, at the end of the task there should be a new spirit, a spirit of goodwill and justice. Not only Canada, Great Britain and the Allies should be considered but all nations and it must be on that basis unless another twenty-one years was to be wasted like those that had followed the "war which was to end war."

Mr. Funston stressed the importance of realization by church people that they had responsibility in a wider field than their own community. By living up to this responsibility an important part could be played in establishing world peace.

GENEROUS RESPONSE

Poppy Day Appeal Rewarded With Large Measure of Success

The response to the Annual Poppy Day appeal resulted in a total of \$294.69 being realized. This was no less than \$69 more than last year's total.

The committee taking charge of the appeal of the Canadian Legion carefully planned the details. Allotting canvassers to the various sectors and carrying out a systematic canvass of the city were important factors in this success. There was also, apparently a more sincere realization by the people generally of their individual responsibility for the care of those victims of the last war whose cases are not provided for in legislation, provincial or federal.

Those in charge and responsible for the success of the canvass were Mrs. Robert Murray, president of the Canadian Legion Women's Auxiliary, Mrs. H. L. Landrey, Municipal Regent, Imperial Order, Daughters of the Empire, J. S. Wilson and Jack Preece, president of the Canadian Legion and chairman of committee. Taggers, in addition to those whose names were given Saturday, included Miss Molly Frew, Miss Barbara Teng, Miss Bernice Eastwood and Miss Dorothy Halde.

Fish Packers Hold Smoker

Enjoyable Affair Saturday Night in Eagles' Hall—Fine Program

The Federal Fish Packers' Union held a lively smoker in the Eagles' Hall Saturday night, the affair being very enjoyable to all. Vice-President C. E. Cumman was in the chair in the absence of President J. Taylor who was reported to be recovering nicely from illness.

Community singing was enjoyed and there were also songs and stories by the members. Norman Davison presided at the piano and the Colussi's accordion solos proved a popular feature. A surprise was the arrival late in the evening of Corp. Kilner and five members of the Sixteenth Canadian Scottish. These vocal numbers went over very well. Members also sang songs and told stories.

Dear Pick was in charge of the serving of refreshments.

At the regular monthly dinner meeting of the Junior Chamber tomorrow night, Lieut. Orme Stuart will show moving pictures of a training cruise with destroyers of the Royal Canadian Navy to the West Indies.

Ministerial Ass'n Meets

The Prince Rupert Ministerial Association, in regular monthly session this morning, decided to proceed with the observance of the annual Week of Prayer from January 7 to 14. The various churches will co-operate in the usual way with the presentation of a program as drafted by the Evangelical Alliance.

The Association decided to endorse the Red Cross campaign which is to be held next week and will co-operate by making announcements from the church pulpits next Sunday.

Rev. J.H. Myrland, the new pastor of St. Paul's Lutheran Church, was welcomed as a new member by the President, Rev. J. C. Jackson. Eight pastors were in attendance at the meeting.

Big Freighter Completes Temporary Repairs Here And Is Resuming Voyage—Improvements To Alberni—Naval Men From Calgary.

E. M. Murphy, underwriters' representative from Seattle in connection with the docking of the freighter Mary D., which received temporary repairs at the local dry dock during the latter part of this week following a stranding in Grenville Channel, sails by the Princess Norah this afternoon on his return south. The Mary D. went off the pontoons yesterday morning and is now reloading some of the cargo which it was necessary to take off prior to docking. This afternoon she will leave in resumption of her interrupted voyage to the Seward district in western Alaska.

Lighthouse tender Alberni is now at the local dry dock where her after deck is being closed in. The work, it is estimated, will take about a week's time.

Union steamer Catala, Capt. James Findlay, arrived in port at 9:15 last night from Vancouver and waypoints and sailed at midnight for Stewart and other northern points whence she will return here tomorrow afternoon southbound.

A white light, automatically flashed at short intervals, has been established at Cumming Point, Gribbell Island, Wright Sound. With elevation of sixteen feet, the structure is a concrete base surmounted by a white slatwork triangle with lantern on top. The light is unwatched.

Three ratings of the Royal Canadian Naval Volunteer Reserve from Calgary arrived in the city on the Catala last night from the south to take up duty as signallers with the new port examination service which has been established at Prince Rupert.

After having spent the better part of the night here discharging a large consignment of fish from Ketchikan for transshipment East over Canadian National Railways, Northland Transportation Co.'s motorship liner Northland, Capt. Len Williams, sailed at 6 o'clock yesterday morning in continuation of her voyage to Seattle.
