GERMANS ON GUARDING RAID AGAIN

Spread Bombing Visitation Over Britain Last Night But Little Damage Done and Casualties Light

Five Ships Down

Are Counted Dead as Result of Latest Thrust of Nazis at British Civilian Population

LONDON, June 26: (CP)—Scot-lore the brunt of German air raids as Nazi planes roamed from night to dawn over Great Britain, killing three persons and injuring eight. There were two ships in southeast Scotland when bombs struck a dwelling, two being seriously injured. One fatality occurred in the English midlands where six were hurt. At least five raiders were shot down, three in Scotland. Property damage was serious, either to military objectives or civilian property. The night's raids were the most spread since the war began. Hundreds of enemy planes took part and ranged over the east coast, Midlands, Wales and southern England. It was believed that a sixth plane had fallen in Wales. There were several dog fights between the enemy raiders and British pursuit ships, these thrilling scenes being visible in the glare of searchlights. Anti-aircraft fire was general. The raids started shortly after midnight. The German planes showed little fight, turning in flight when met resistance.

War News

"UTTERLY FALSE"—There is vigorous denial and denunciation officially of an American report that Samuel Hoare is negotiating with Spain for peace with Germany. "Such a report," it was stated "is utterly false, mischievous and sounds like it is enemy-inspired."

The terms provide for constant right to use the port of Djibuti and the Addis Ababa Railway as well as demilitarization of French Somaliland, Eritrea and Tunisia coasts and the French Mediterranean coast.

WOULD TAKE FRENCH NAVY—There is no word yet to the whereabouts of the French Navy which would go to Germany under the armistice with France to be disarmed and interned. Lord Coldicott told the House of Lords yesterday that everything possible was being done by British authorities to take over the French Navy. Germany has said it will not claim the French navy after the war is over.

GUARDING OF CANAL

Both Entrances Mined—Defensive Force on Alert—Where Has U.S. Fleet Gone?

NEW YORK, June 26: (CP)—The Daily News, in a copyrighted article in this morning's issue, said that the United States had mined both entrances of the Panama Canal, had rushed its heaviest railroad artillery to the Atlantic side of the zone and had placed zones of defence forces on a virtual war footing. Thirty thousand soldiers in the Canal Zone have been placed on the alert and the air force is in readiness. Meantime there is speculation as to the whereabouts of the main body of the United States fleet which has left Hawaii. In Washington no official statement was available as to its movements and it was not known whether it was heading for the Atlantic area or the Far East.

British Army and Navy Raiders Land On Enemy Coast; Nazi Casualties

LONDON, June 26: (CP)—The Ministry of Information announced today that British forces had effected landings at a number of points on enemy coastline and had had contact with German troops. "Casualties were inflicted and some enemy dead fell into our hands," an announcement said. "Much useful information was obtained. Our forces suffered no casualties. The raids were made by naval and military forces in co-operation with the Royal Air Force. It was not disclosed at what points the raids had taken place or if any Allied troops had remained behind. It was said that the raids had "demonstrated the German have assumed vast responsibilities "in attempting to hold the entire coast line from the Arctic to the Spanish frontier and it will be necessary for them to use large numbers of troops to ward off raids made possible by dominant British sea power. Military observers expressed belief that coastal raids by shock troops might become so active as to keep part of the German army's attention diverted.

CALL OFF SKI MEET

Although Competition is Cancelled, Jasper Will Have Many Lovers Of Snow Sport JASPER, June 26.—Cancellation due to war conditions of Canada's first summer ski meet was announced today by executives of Jasper Park Ski Club. The competition, scheduled for July 1, was to have been staged in the snow basins of Mount Athabaska in Columbia ice field, Jasper National Park. Summer skiing here is rapidly proving its practicability. Fresh falls of snow in the high country continue to provide excellent conditions for the high country skiers. At Columbia ice fields chalet are two American experts, George Lisenheim, of New York and Bob Svare of Portland, Oregon, who have been skiing daily on Athabaska. A party from the prairies includes Doug Groff, Bob McGill and Frank Banwell, prominent Winnipeg athletes and Gordon White and Bill Wright of Saskatoon. On a skiing honeymoon are Mr. and Mrs. N. Begg from Southern Alberta. Chicagoans to arrive at Jasper Park Lodge next week-end will include Alex Sommerville of Evanston, one of the first to ski on Athabaska in 1939.

Ford Under Fire Today In House Commons For Refusal Make Engines

C.C.F. Member Suggests Taking Over Ford Plant in Canada—Other Criticize Founder of Firm OTTAWA, June 26: (CP)—M. J. Coldwell, (C.C.F. Rosetown-Biggan) demanded in the House of Commons today that the government take into custody all Henry Ford's industrial interests in Canada. He declared that Ford's refusal to make airplane motors for the United Kingdom was something that could not be dismissed with "passing reference" in the House of Commons. Earlier in the afternoon the attention of the House had been called to Ford's attitude by Conservative Leader R. B. Hanson and in the Senate by Senator F. B. Black of New Brunswick who said the Canadian government should cancel all purchases of Ford cars and other equipment and forbid their sale in Canada if the report was true about the engines. Prime Minister W. L. Mackenzie King told the Commons the whole defence policy of the government was involved and Munitions Minister C. D. Howe said the Ford Company in Canada was a public company of wide ownership and was doing excellent war work.

YANKS ARE ON SKIDS

CLEVELAND Indians Defeat World Champions to Increase Their Margin of League Leadership CLEVELAND, June 26: (CP)—Bettering their position at the expense of the continued slump of the world champion New York Yankees, Cleveland Indians won yesterday over the McCarthy men in a game which was called at the end of the fifth inning on account of rain and extended their margin of leadership to two and a half games over the Detroit Tigers who were splitting a double-header with the Boston Red Sox. The Yankees fell into the second division below St. Louis Browns who won from the Philadelphia Athletics in a slugging match. In the National League the Brooklyn Dodgers lost to the Chicago Cubs and the lead of the idle Cincinnati Reds thus became two games.

CONVENTION COMPROMISE

Possibility of Taft-Dewey Fusion Against Wilkie Seen—Middle Course on Foreign Policy PHILADELPHIA, June 26.—The possibility of a Robert A. Taft-Thomas E. Dewey ticket being formed against Wendell Wilkie loomed at the Republican national convention today as nomination speeches commenced. The choice of the presidential candidate may be reached by tomorrow or Friday. Meantime the framing of the first plank on the national platform represented a compromise on foreign policy between strict isolation and aid to the Allies. Willingness to "help oppressed peoples" was generally favored. Former President Herbert Hoover spoke last night and, while he was given a cordial reception, there was no enthusiasm such as to suggest any possibility of his being considered as a candidate. Hoover demanded that United States keep out of the war but advocated that every aid short of going to war be given to countries which were fighting for freedom. He also advocated effective measures being taken by the United States and the western hemisphere to safeguard against totalitarian economic policies. "There is no such thing as isolation for the United States now," declared Hoover. "The only hope for mankind is that democracy shall survive on this continent."

NOW WE KNOW EXACTLY

Now we know exactly where we are. The British people have been fighting in other countries under conditions that were not always pleasant. There seemed to be traitors everywhere. Now they are all back on their own soil and every man is a fighter and every woman is ready to back the fighters to the limit. The Dominions are sending in both supplies and men, airplanes and tanks. Britons are ready, not only to defend their country but to fight back. It will be a strenuous fight—a fight to the finish.

In addition, there is a large army in the eastern theatre, centering around Palestine. In this army are the famous Indian fighters, who distinguished themselves in previous wars; Australians, who are among the best fighters in the world, and many Arabs and other Mohammedans who are fanatics when it comes to war. There is also an Egyptian army that can give a good account of itself. It is possible too that the Turkish army will be ready to take part.

On the whole, we can make a good showing. With a powerful navy and right on our side, we are not at all beaten. Much will depend upon the kind of fight we all put up. Every man and woman should consider himself or herself a soldier. The person who is not for us is against us.

Every night the British flyers are pouring bombs on military objectives in Germany and on air bases in conquered countries from which attacks might be made on Britain.

A-DEPRESSING DAY

Yesterday was a depressing day for most people felt sad over what was considered to be treachery on the part of Premier Petain. The French people were sad because their country was conquered and they were now under the thumb of two dictators. As long as they are in the ascendancy these dictators will see that France has no chance to rise again to a dominant position. The only hope for the French now is that the British will defeat the Germans and Italians and give them back their territory and what is left of their navy.

Defeated Dry Dock With Only Goal of Last Night's Football Game

In last night's City League football game Velvet defeated Dry Dock by a score of 4 to 1. The Dry Dock team was weakened by the absence of several players, who figured two games within as many nights would be too much for their physical fitness. Nevertheless, a scrub team was organized and the game was played.

In the first half Smith, Dry Dock's goalie, was beaten three times by Vink, Dickens and Cameron. It was also in this half that Dry Dock received its only goal when Greer of Velvet miscalculated past his own goalie. Velvet's fourth goal was scored by Dickens half way through the second half.

Norman Campbell refereed the game.

The city league standing:

	W	D	L	F	A	Pts
Velvet	1	0	0	4	1	2
Navy	1	0	0	1	0	2
Dry Dock	0	0	2	1	5	0

TENNIS IS CONCLUDED

Bellamy Wins Men's Singles And Borland and Norrington Men's Doubles In Club Competition

Prince Rupert Tennis Club concluded a very successful club tournament Tuesday evening when, after many delays because of wet weather, the men's singles and doubles finals were run off, resulting as follows:

Men's singles—Bellamy beat Fulton, 3-6, 6-1, 6-2, 1-6, 6-2.
Men's doubles — Borland and Norrington beat Lambie and Gwyer, 7-5, 6-4, 8-6.

Both matches produced some sparkling tennis. In the singles Bellamy's experience and stroking proved the deciding factor. In the doubles prolonged rallies and accurate placements were the order. Considering the dull threatening weather a fair sized and interested gallery attended.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels, gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

School Has Closing Day

Parents and Friends Gathered To Visit Pupils And See Work

Prior to closing day at the King Edward School for the summer an open day was held on Monday afternoon. There was a large attendance of parents and friends, over one hundred taking advantage of the opportunity to see the children in their rooms and samples of some of the work done during the year.

The most popular exhibits were those of drawing and manual arts. General comment indicated the appreciation of the parents of the newer and more humanistic treatment of many of the subjects. Coupled with this was a genuine admiration of the high standard of achievement by the pupils.

Two friezes, done by Grade Six pupils, depicting characters and incidents from "The Water Babies," proved something of a revelation to the visitors. Action songs by the beginners' class and choral numbers by the school choir were given in the music room.

Miss E. A. Mercer received the visitors.

Weather Forecast
