Eastern Mediterranean Is More and More Armed Camp; Italian Move In Seven Days

ALEXANDRIA, May 7: (CP)—Feverish preparations for defence against war hit a higher pace in Europe today with the entire Mediterranean area fast becoming an armed camp.

British official circles hinted that any future change in Italy's status as a non-belligerent ally of Germany would be expected within seven days.

Meanwhile Roumania, determined not to be caught napping was putting finishing touches to her internal defence plan which provided for immediate stamping out of any "Fifth Column" activities.

Crown Prince Umberto of Italy conferred for an hour last night with Premier Mussolini following an audience with the Pope.

Divisional headquarters of Provincial police are advised that Carl Johnson, a logger, was killed at the J. R. Morgan Logging Co.'s camp on the Queen Charlotte Islands yesterday. An inquest is being held at Queen Charlotte today.

SWEDISH NEUTRALITY

STOCKHOLM- It is disclosed here and at Berlin that King Gustav of Sweden and Chancellor Adolf Hitler of Germany have signed an agreement whereby Sweden's neutrality will be respected. Sweden guarantees not to help the Allies against Germany.

BRITONS RETURN HOME

LONDON- Major General Bernard Paget and British forces returned to a northern port yesterday from the campaign in Norway. They were welcomed by General Sir Edmund Ironside who read a message from Secretary for War Oliver Stanley. "Don't think for a moment you were driven out of Norway. You were ordered out," said Ironside. The forces told of finding spies everywhere in Norway. Every move they made was betrayed to the enemy. One veteran of the last war said shellfire and machine gun fire of the Germans were not so heavy as in the last war but the air bombing was variously described as "fearful" and "terrific." That the Allied forces had withdrawn in disorder and heavy losses was denied. Several boatloads of Norwegian refugees have arrived at Lerwick in Shetland Island. Other refugees had been bombed from the air by the Germans as they left, it was reported.

WHAT MOSCOW SAYS

MOSCOW-A Moscow newspaper said last night that the British fleet had left Scapa Flow for the Mediterranean in order to get away from German bombers.

DUTCH LEAVES CANCELLED

AMSTERDAM-All Dutch army and navy leaves have been suspended. No reason is given except that the order is due to the present international situation. Leaves of munitions and defence workers are also cancelled.

ON WESTERN FRONT

PARIS-Patrol activities east of the Moselle River on the Western Front have been to the advantage of the Allies, it is claimed.

YUGOSLAVIA ARMS

BELGRADE-Official denial is given to yesterday's reports that two Italian planes were shot down on the YugoSlav frontier. Today Italian soldiers are reported to have been shot after crossing the frontier into YugoSlavia. Guarding the frontiers with 300,000 veteran troops, YugoSlavia tonight called additional men to the colors.

AGREEMENT REACHED

BERLIN-Germany, Italy and Russia are reported to have reached agreement in regard to military solution of the Balkan question.

HEAVY GERMAN LOSSES

LONDON-Heavy losses by Germany's merchant marine in the Norwegian campaign are reported by the Admiralty as naval sources indicate that the Navy has driven all German warships from around Narvik. The Admiralty declares that Nazi merchant shipping lost 300,000 tons since April 1, mostly around Norway.

From the Allies' point of view the Norwegian campaign has been a great advantage in that it brought the German navy into the open. Yet it has been a very uncomfortable experience for the Norwegians.

VICTORIA PROSPEROUS

Victoria is experiencing something of a boom. The city building permits issued in April totalled \$393,490 as against \$43,201 in April of last year. While two of the amounts were for hospital additions, the sum included the estimates for building twenty-four new houses. This, it must be remembered, is only for the part of the city incorporated within the city boundaries. Outside there are the districts of Oak Bay, Saanich and Esquimalt, all within the city purchasing area, and all these districts are also busy. In fect it is a quarter of a century since Victoria was as busy as it is today.
