WEALTH AND MEN

Canada is planning to conscript wealth and men. United States, although not officially at war, is planning to conscript men and women as a precaution against possible war. Australia is planning to conscript everything for home defence and carry on recruiting for overseas service. South Africa is taking an active part in the war ir the air and on land. New Zealand is putting every ounce of energy into the war. Newfoundland is one of the im- Lost-Saturday afternoon, June portant air centres for war purposes and also is raising forces for coast defence. United efforts are needed if the Euro-For sale-Piano in good condipean brigands are to be put out of business.

#### FORGET RECRIMINATIONS

This is no time for useless recriminations either in regard to the war or any other matter. There is too much! to do just now to think of whose fault it was that the British Empire is fighting alone or almost alone today. As Churchill remarked, ours is the honor of carrying the banner alone. It is only waste of valuable effort to commence searching for victims. The only victim should be German FOR RENT-Furnished flat. #### WELL DONE QUEBEC

Quebec has always in the past been opposed to conscription. In the last war the effort to enforce it in that province was not successful. Now the views of the people WANT NORMAL PEP AT 40? MEN, of Quebec have changed. They see the need and they are willing to fall in line. The Legislature of Quebec has rejected a move to put obstacles in the way of the new mobilization law. The province has formally declared itself. Canada now goes forward as a unit.
