War Of Aircraft Is Being Kept Up

GT. BRITAIN AIRMEN ARE IS UNITED NEAR READY

Talk of Cabinet Division So Much Nazi Propaganda—Ready To Meet Invasion

LONDON, July 2.—Right Hon. Neville Chamberlain, Lord President of the Council, in a speech to the British Empire Sunday, stated that any rumors to the effect that there was division in the government was just so much Nazi propaganda. The people were a solid and united nation. All units of the cabinet were in complete harmony. He assured the people that no member would consider making any peace proposals. All attacks must be met with the courage and resolution that became a great people.

Mr. Chamberlain said that the air raids of the past few days were only a prelude to something yet to come. The enemy even now was preparing to invade the country. But the British people had the same fighting spirit as of old and would never give in. He reminded his hearers that the British air force was stronger than ever it had been and was superior to the enemy. The sea power was vastly superior to anything that could be brought against it. If a landing should be made, the invading army had to be supplied with food and munitions. The British army was larger than ever it had been before. If the enemy was defeated there would be no waiting navy for them as there was with the British forces in France.

Concluding with a voice broken by emotion, Mr. Chamberlain said they were the right fighting against wrong and he invoked the blessing of God on the enterprise.

Attack Expected

Repeated warnings have been received here that Great Britain is likely to be attacked by air and sea at any moment, probably within the next few days, possibly within a few hours. One reason for delay has undoubtedly been the attacks by the Royal Air Force upon military objectives in France, Germany, Holland and Belgium. These have impeded the bringing up of necessary supplies and men and had the effect of dampening the enthusiasm of the Germans. Over the week-end attacks were made on ammunition dumps, railway yards, oil tanks, airdromes and the use of incendiary bombs resulted in many of these being set on fire and in at least some cases completely destroyed. While these attacks have been very effective the German bombing of Britain has been quite ineffective. It has been stated here that British aviators seem to know their way about Germany much better than Germans know about Britain.

Saturday night a raiding German bomber was shot down and the crew interned. Another plane was driven off to sea. In the raids on Scotland and England six people were killed and sixteen injured by bombs, several of these being women and children.

The people of England are becoming accustomed to raids. The blackouts are well maintained and the chief result of the week of daily raids has been to train the British people to avoid danger by taking proper precautions.

BLOCKADE EXTENDED

LONDON, July 2: (CP)—The British blockade has been applied to French ports to prevent goods reaching Germany but have been deferred against French colonies pending clarification of their status. Rt. Hon. Hugh Dalton, Minister of economic warfare, told the House of Commons today.

First Batch of Fliers From Australia About To Leave For Canada To Complete Advanced Training

LONDON, July 2.—It was announced in Australia yesterday that the first batch of airmen training under the Empire Training Plan, have almost completed their preliminary training in Australia and will be ready in a few days to leave for Canada to complete their advanced work, preparatory to taking their place as part of the Royal Air Force in Britain.

TREATY IS RENOUNCED

Roumania Definitely Breaks With Allies

BUCHAREST, July 2: (CP)—Roumania has renounced the French-British guarantees of 1939 to safeguard her territory as the Russian army increased the tempo of occupation, raining parachute troops into previously unoccupied parts of ceded Bessarabia and Bukovina. A fleet of German bombers landed at Bascov military airfield Monday night after purchase by Roumania but their delivery at this time indicated Germany's intention of backing Roumania in a fight against further Russian inroads.

Meantime Hungary's mobilization went ahead "according to plan" tonight despite reports that chances for a peaceful settlement with Roumania over Transylvania had improved. There are understood to have been frontier clashes with casualties. To the south Bulgaria also continues to menace Roumania.

UNSUCCESSFUL NAZI ATTACK ON AN AIRCRAFT CARRIER

Released by the British censors, this cablephoto shows an unsuccessful aerial attack by Nazi bombers on an unnamed British aircraft carrier. Four huge spouts of water can be seen rising near the carrier. The location of the attack was not divulged but the Germans recently attacked British aircraft carriers off the Norwegian coast.

War News

TAKE CHANNEL ISLANDS

LONDON—It is announced here that the Germans have occupied the islands of Jersey and Guernsey of the Channel group but all British forces had been withdrawn and the inhabitants removed. The islands are not considered to be of strategic importance and will be just another liability to Germany.

REDS MOVING IN

BUCHAREST—Russia has now almost completed occupation of Bessarabia and Bukovina. She controls the mouth of the Danube River. Whether Hungary and Bulgaria intend to push their claims for territory just now does not seem certain although massing of troops and advances have been reported. Roumania is fully mobilized and is resisting any attempts to further denude her of territory.

INDIA HELPING

BOMBAY—The manufacture of guns, ammunition and huge quantities of war supplies is being pushed ahead, all owners of factories giving full co-operation with the authorities in providing material aid for the British in their present struggle. Mahatma Gandhi has been closeted with the viceroy, Lord Linlithgow, almost every day.

AUSTRALIA WORKS

SYDNEY—Night and day, Sundays and holidays the factories, furnaces and shipbuilding plants of Australia are turning out airplanes, engines and parts, ships, arms and ammunition for the use of themselves and the British forces where needed.

FIGHTING IN AFRICA

CAIRO—Severe fighting has been going on in various parts of North Africa. British mobile mechanized forces have a secret rendezvous in the desert from which they have been operating against the Italians with disastrous effect. Fighting is still in progress.

BRITAIN TO RESIST

LONDON—The world was notified that Great Britain would not allow any other country to try to seize territory in Syria or the Lebanon districts, formerly under French protection.

UNITED STATES NAVY

HONOLULU—After it had been

reported that the United States navy had sailed for the Panama Canal and probably would pass through to the Atlantic side, they suddenly appeared here and it was said they would continue to make their headquarters. The tense situation at Hong Kong and Singapore made the change of plans desirable.

GERMANY AND JAPAN

LONDON—"The People," in a sensational feature article, states that Germany has offered an "all-in" policy to Japan, that country to aid by making a demonstration to prevent the United States and Australia from shipping supplies to Great Britain, creating the idea that they may be needed at home. As a reward for this Japan is offered the British and French islands in the Pacific, Australia and the "Vancouver province of Canada."

DANUBE IS MINED

BUCHAREST—Ships approaching the mouth of the Danube River have been warned that they must secure the services of a pilot before approaching as the mouth of the river is mined.

Italy Loses Submarines

CAIRO, July 2: (CP)—Four Italian submarines and a destroyer are reported to have been sunk by British planes ranging over the Near East. It is said that Italian submarine losses now total thirteen.

SEA LOSS IS HEAVY

Why Britain Was Hit Heavily Last Week is Explained.

LONDON, July 2: (CP)—An authoritative source attributed "admittedly heavy" merchant shipping losses to increased submarine activity and the fact that British escort arrangements were upset by recent events such as the

ITALIANS REPULSED

First Major Battle in Progress Between Italians and British in North Africa

NAIROBI, July 2.—Heavy Italian attacks on British positions have been successfully repulsed. At Caputo in Libya the first major battle between Italian and British forces is in progress for possession of the fort at that point. Artillery and tanks are engaged. The Royal Air Force continues to operate effectively against the Italians.

SMITHERS BOY LOST

Roy Bodger Went Down Dith Sinking of H.M.C.S. Fraser Last Week

SMITHERS, July 2.—Among those to lose their lives in the sinking of H.M.C.S. Fraser off the French coast was Roy Bodger, son of Walter Bodger of Smithers. Mr. Bodger received news of his loss in a telegram which arrived from his daughter-in-law in Halifax.

Mr. Bodger is himself a veteran of the Great War and his many friends sympathize with him and his family in their loss.

UNCLE SAM IS UNSAFE

Henry L. Stimson Urges Greater Aid For England

WASHINGTON, D. C., July 2: (CP)—Henry L. Stimson, President Roosevelt's Republican nominee for Secretary of War, told the United States Senate military committee that he did not believe "we shall be safe from invasion if we sit down and wait for the enemy to come to our shores." Stimson was testifying regarding his qualifications for the post. He advocated that the United States give assistance to Great Britain and that compulsory military service be instituted in the United States. He suggested that there was immediate peril to the United States from aggressor nations.

PRISONERS IN CANADA

Germans Are Brought Across Atlantic From England to This Dominion

QUEBEC, July 2: (CP)—First German prisoners from the United Kingdom are encamped "somewhere in Canada" today after disembarking at Quebec and Montreal during the week-end. Soon after leaving the prison ship, the men were rushed to internment camps.

Two hundred and fifty officers guarded the prisoners across the Atlantic.

Some of the prisoners were cheerful. Others were described as "skulking, swaggering louts." One leaped overboard in a rage during the voyage.

Bulletins

JAPANESE SURPRISED

TOKYO—Japanese officials express surprise at the disturbed condition of Hong Kong. They say they do not see why there should be so much unrest there. However, the newspaper Nichi Nichi says it does not see why there should be any objection to opposing Great Britain and United States in carrying out the plans for a new order in Asia.

CANADIAN FLAG FLIES

LONDON—For the first time in history the Canadian flag flew over Westminster as a Dominion Day service was held in the Abbey. The Dean was the preacher and Hon. Vincent Massey, Canadian High Commissioner, read the first scripture lesson.

EDMONTON FIRE

EDMONTON—Three warehouses were destroyed in an \$80,000 fire here. They were the property of the Maple Leaf Petroleum Co., Empire Stores and Wyman & Cox.

AIR RAIDS KEEPING UP

Kiel Is Struck

Battleship Scharnhorst Again Hit As Royal Air Force Continues to Harass Enemy

FIVE FILLED TONIGHT

LONDON, July 2: (CP)—Five persons were killed when a bomb dropped by German sky raiders damaged houses and a school tonight in an attack on northeast England.

LONDON, July 2: (CP)—Great Britain counted twelve persons dead and twenty-two injured in the wake of a series of new German bombing raids starting early last night and lasting until dawn. Most of the casualties were women and children. Almost all were in a north-east Scottish town. Four children were killed as they were playing in the streets and four adults lost their lives in a shop, indicating carelessness in obeying Air Raid Precaution instructions.

The German planes got as far as Bristol Channel and Wales.

Raids by the Germans on the British Isles Saturday night resulted in one casualty. Airdromes seemed to have been singled out for attack.

The Royal Air Force continued to stage heavy raids on military objectives in Hamburg, Bremen, Dortmund and other points in Germany. Ammunition dumps, fuel tanks and railway points were among the places effectively attacked.

A number of German planes were brought down over the week-end.

Kiel Is Attacked

Germany's great naval base at Kiel and towns in northwestern Germany were attacked by British bombing planes last night, the Air Ministry announced. The planes which attacked Kiel heavily bombed the German battleship Scharnhorst as she lay in a floating dock undergoing repairs. Four direct hits on the battleship were scored by one plane and another said three bombs which it dropped started a fire on the Scharnhorst.

MYSTERY OF BALBO

Something Odd About Fate of Famous Italian

LONDON, July 2.—There is considerable mystery connected with the reported death of Marshal Italo Balbo. Careful inquiries have elicited the fact that no British planes were operating in the neighborhood of Tobruk, Libya, where the famous Italian was said to have lost his life. It is recalled that Balbo was looked upon as a rival of Benito Mussolini. Also he was said to have been opposed to Italy joining Germany against Britain.

THINKING RIGHT

Right thinking means a great deal at a time like this. The Germans realize this to the full so they forbid their people to listen to British radio or to read foreign newspapers. They want the people to think of nothing but winning. The authorities feed the people on stories of victories so they win.

Just now the British Empire is with her back to the wall and she will win. She has the spirit to win, the will to win and the knowledge that she can win. With that thought in mind we are bound to win. It is the will to win combined with the feeling of superiority over the enemy that make the British flyers beat the Germans in the air. When the flyers leave the airport they go out convinced that they will shoot down at least one German plane if they only get near enough to it.

We do not believe in the method of falsifying news in order to prevent any spirit of defeat canker the mind. We believe in victory because we know the calibre of the men and women of the country, the same type that has won in the past and has the capacity to win again.

CANADIAN HEROISM

The story of heroism related on Saturday, when the sister ship of H.M.C.S. Fraser made a wonderful rescue of officers and men from the Fraser, after that vessel had been cut in two by a collision, is one that shows how resourceful are Canadians. When it comes to be written with all its detail and sidelights it will be a wonderful story and one in which young Canadians will delight.

NEW KIND OF REPUBLICAN

Wendell Wilkie, the man who was a democrat until four years ago and who now calls himself a Liberal, is a new kind of Republican candidate and one who may have a chance of being elected. He is a comparatively young man. Born in the state of Indiana the son of two practising lawyers, his mother as well as his father having been called to the bar, one of the first in the state. Refugees from German autocracy, Wilkie's grandparents went to the United States to secure that Liberty for which their grandson is out to secure. He says big business has been licked and now it is government monopolies that need licking and he is out to do it.

Wilkie is opposed to the new dealers. He is a lawyer, a poker player, stands over six feet in his socks and weighs two hundred and twenty pounds. His law office has always been open to anyone wishing to see him. He has never owned a car, does not carry a watch, smokes two packets of cigarettes a day, and is quite the ordinary man in the street. At Indiana University he refused to conform to dandified ideas, wore a loose-necked sweater, chewed tobacco and was a rebel against the faculty and fraternities. He enlisted the day the United States declared war, became a captain and fought overseas. His wife's name was Wilk but he soon changed it to Wilkie. Now he resigns as president of a big utility corporation and will start the presidential war immediately to try to unseat Roosevelt in November. It is said that his connection with big business will be his chief handicap.

PLAYGROUND ACTIVITIES START OFF

Prince Rupert Gyro Club Gets Summer Work Under Way Today

The Gyro supervised playgrounds officially opened the 1940 season this afternoon when, despite unpropitious weather, directors were on duty on all grounds.

As in the past there will be supervised activities on all of the grounds throughout the months of July and August.

Included in the list of events already planned are softball and other group games, sand box contests, doll contests and the annual Soap Box Derby which met with an enthusiastic response at its first running last year.

In spite of the added burden of war work, the Gyro Club has seen fit to carry on as in the past in the field of children's recreation.

Under the capable chairmanship of W. F. Stone the playground committee has appointed the following staff:

- Supervisor, Neil Ross.
- Director at McClymont Park, Miss Jean Krause.
- Director at Seal Cove, Miss Frances Robertson.
- Director at Acropolis, Miss Louise Bird.
- Director at Westview, Miss Ruth Scherk.

One of the attractions here over the week-end was the fine yacht owned by Frank Morgan the Hollywood movie actor. The boat was the 90-foot diesel-powered craft Dolphin skippered by Captain E. P. Clark, well known in these waters and in Alaska. In the party were Mr. and Mrs. Morgan and son and Miss Genevieve Netta. They have been fishing at various streams up the coast and they are planning to spend about a week in Alaska waters, returning here next week. The owner joined the boat at Seattle.

BIG THRILL IN SKIING

Parties Back In Jasper After First Athabaska Ascent

COLUMBIA ICE FIELD CHALET, July 2:—One American and two Canadian skiers were back in Jasper today after successfully completing the first 1940 ski ascent of Mount Athabaska, towering snow peak in the Columbia Icefield of Jasper National Park.

Doug Groff of Winnipeg, noted as one of Canada's outstanding canoeists as well as an expert skier, accompanied George Eisen-schimi, Montreal professional, and Bob Svare of Parkland, Washington, to the summit of the 11,452 foot peak from their headquarters at Columbia Icefield Chalet. To the summit required six hours climbing over the huge snow basins above the lower glacier.

While cool winds fanned the exposed snow crest at the summit, the skiers sun-bathed in a temperature of 100 degrees in one of the sheltered snowbowls at a level

only a thousand feet below. Powder snow conditions prevailed over the upper portion of the long downhill run to the valley and perfect spring snow provided thrilling skiing over the undulating slopes of the lower half.

Whifflets From The Waterfront

Leverson Lake at the head of Wark Canal yielded some one hundred fine cutthroat trout, some of real competition proportions, to the rods of a party consisting of Adolf Iverson, Don Crerar, Capt. Harry Ormiston, Don Ritchie, Sid Hunter, G. A. Hunter and Alistair Crerar which made the trip to that resort over the Dominion Day holiday week-end with Capt. Ole Skog aboard his big new seineboat Thelma S. It was the first trip out of the Thelma S. since she arrived a couple of weeks ago from the builders. Shortly she will be starting seining for the Canadian Fish & Cold Storage Co. The fishing party left here Saturday afternoon and returned Monday afternoon. Weather was splendid for the Saturday and Sunday fishing even if it did rain on Monday, the big ones were biting hungrily and the party had a good time angling in one of the most attractive spots in this district from a scenic standpoint.

Another week-end fishing party was that which made a trip to Salmon River and Kxneal Inlet in Grenville Channel with Skipper F. A. MacCallum on the Arranmore. In this party, which had good fishing results, were Archie Sloan, Hubert Ward, George Abbott and John Walker. They left Saturday night and returned last night.

Heading for Muddy Creek up the Ecstall River were Jim Bacon and Joe Ratchford in one party and Mr. and Mrs. William Richards and Mr. and Mrs. Norman Moorehouse in another.

Several small boat parties were compelled to spend last night across the harbor at the Salt Lake and other points because of a sudden southwest gale which came up and made the crossing of the harbor impossible until this morning. This was rather an unusual blow for this time of the year.

Palling Wedding Last Week Was Interesting Event

PALLING, B.C., July 2:—A wedding of great interest to the people of the community took place at Palling on Friday afternoon last when Edith Geneva, eldest daughter of Mr. and Mrs. O. H. Miller, was united in marriage to Ralph Vernon Leboe of Loos, Rev. Adam Crisp of Burns Lake officiating.

The ceremony was performed under a beautiful arch erected in the new home of the bride's parents.

The bride, who was given away by her father, was charmingly gowned in blue moire taffeta with accessories to match and carried a bouquet of blue iris and fern tied with white tulle. Miss Bonnie Miller attended her sister as bridesmaid and W. J. Leboe assisted his brother as groomsmen. The wedding march was well rendered on the Hawaiian guitar by Andrew Hildie.

Following the wedding a bounteous supper was served to the many guests assembled. Mr. and Mrs. Leboe are to reside in Loos, B. C.

'PINOCCHIO' MAKES HIT

Fine Animated Cartoon In Technicolor Draws Big Crowds To Capitol Theatre Here

Some people who saw Walt Disney's much-anticipated Technicolor animated cartoon picture "Pinocchio," which opened here yesterday and continues today and tomorrow, declared they considered it quite the equal of "Snow White and the Seven Dwarfs." Certainly all of the big crowds which saw it yesterday afternoon and last night enjoyed it completely and there are indications that it will draw big audiences throughout the run.

The story of "Pinocchio" concerns an old wood carver who creates a little puppet boy of pine. Because the kindly old man loves children and has never had any of his own, a fairy brings the marionette to life to be a son to him. Pinocchio has to prove himself worthy and the story concerns the many scrapes and adventures he undergoes before this is accomplished.

Following the light opera plan, tuneful music of "Pinocchio" furthers the plot rather than furnishing musical interludes. Six featured songs, some already very popular, include "Little Woodenhead," "When You Wish Upon a Star," "Got No Stripes," "Give a Little Whistle," "Hi-diddle-dee-dee, an Actor's Life for Me," and "Turn on the Old Music Box." There are also many novel sound effects.

An added attraction to the current Capitol program is a "March of Time" feature "Soldiers with Wings" giving some facts about America's air force.

SMITHERS

Harry Bowman, C.N.R. colonization agent, is a visitor in Smithers after having spent the last two months in settling about 200 Menonites in the country south of Burns Lake. Mr. Bowman has been very busy looking after the new settlers and getting them located satisfactorily and he reports that they are now settling down in their new location and all well pleased with the change they have made.

W. Murray, accompanied by Ben Nelson, the well known packer, and Mr. Dieter of Smithers left here on Friday for an extended mining expedition into the north country. They are carrying full equipment and supplies by pack horse to last them from a year and a half to two years, during which time they will hunt for placer ground and expect to make it a successful trip. They are going a long way north and expect to find good ground to operate. Mr. Murray came to Smithers last year and has been manager of the work carried on at the Babine Silver King property about 20 miles from Smithers.

Mrs. Martin Kean arrived back in Smithers from Vancouver last week end, having spent the winter in the south. Mrs. Kean is one of the principal owners in several mining properties on Babine mountain and, according to reports in the Vancouver papers recently, she has leased the Hyland Basin property to Vancouver interests who will start operations at the property very soon.

HONOR FOR WAR DEAD

Decoration Day is Observed in Prince Rupert With Due Solemnity

With the Empire once more engaged in a gigantic struggle, Decoration Day in Prince Rupert, in memory of those who gave their lives during the last war or returned worn with the conflict to die in their own land, took on an added seriousness and solemnity on Sunday. Upwards of ninety persons, members of the Imperial Order, Daughters of the Empire, Canadian Legion, Women's Auxillary and officers and representatives of the various regiments not stationed in Prince Rupert and a firing party from the Irish Fusiliers, in charge of Sergeant Christiansen, attended the service.

Forming up in front of the Canadian Legion building, the parade moved by way of Third Avenue to the Cenotaph where a wreath was laid by Mrs. H. L. Landry, Municipal Regent of the I.O.D.E., then proceeded in cars loaned for the occasion to Fairview Cemetery where the parade again formed and marched to the soldiers' plot.

Queen Mary Chapter, I.O.D.E., headed by Mrs. J. A. Teng, regent, was in charge of arrangements and the brief but impressive service.

"O Canada!" accompanied by Capt. Ivan Halsey of the Salvation Army, was followed by a prayer by Mrs. J. A. Teng, "The Last Post," sounded by Bugler Wm. Rance, two minutes' silence in memory of the fallen and the address of the day, given by Lt.-Col. J. N. Burnet, of the Irish Fusiliers, who spoke as follows:

"Soldiers! Below these sods, in uniforms and out of uniform, and today that means all the population, we are again standing at the crossroads where you were in 1914-1918.

We are in the second and final phase of the Great War and we stand in greater peril than at any time since it began in 1914.

"You are not forgotten. Your comrades take time each year to respect your memory and, thanks to the wonderful organization of the Imperial Order, Daughters of the Empire, you are made to live on Decoration Day by this beautiful ceremony.

"You soldiers, now resting here, have done your part. You fought, suffered more than we have, and then, having achieved victory and peace, passed on the safe-keeping of our democracy to us. You said to us in passing, in the words of Col. McCrae:

"To you from falling hands we throw the Torch,
"Be yours to hold it high!"

"We tried to hold it high, we—the British empire—is armed in order to show our enemies that we were sincere in wishing to live in peace and promote goodwill among nations.

"This great gesture, unparalleled in history, has been interpreted as weakness and decadency by those nations who seek to rule by the might of the sword and so, today, the clock has been turned back and we stand where you stood 25 years ago—shoulder to shoulder—to defend the right to live as free men and women.

"We have not forgotten the example of your deeds and you may rest on, assured that we will serve as you served, no matter what the difficulties and odds may be. We will, as you did, criticize and complain, because, after all, that is a soldier's privilege. But—make no mistake about it—we will stand fast and hold the line, whether that line be in England, Canada or any other place.

"We have faith in God; We have your example; we have courage and with God's help we will win through. "God Save the King!"

Following the address "O, God Our Help in Ages Past" was sung with Capt. Halsey accompanying. Then followed the decoration of the graves with poppies, Union Jacks and sprays of flowers, after the an-

Today!

AND WEDNESDAY Millions have loved this famous story of the little puppet who wanted to be a real boy. And Walt Disney has taken two years to make it his screen masterpiece—an adventure comedy-drama entirely different from "Snow White"—so lavish with beauty, action, color and comedy that it must be seen again and again if you would see it all!

More adult than anything he's ever done before, yet so completely appealing to all... Mother, Dad, and the kiddies too!

Then, in perfect unison, under the capable guidance of Sergt. Christiansen, the firing party from the Irish Fusiliers, gave three volleys over the graves. These were followed by "Reveille" by Bugler Rance and the service ended with the singing of the National Anthem, again accompanied by Capt. Halsey.
