WASHINGTON, D.C., March 30.—While the contents of the report are being guarded as a deep secret, it is generally agreed here that no immediate peace move will arise from the report which Under Secretary of State Sumner Welles has presented to President Franklin D. SPRING IN WAR GLOOM

As Days Lengthen and Rains Come Paris Not Quite So Black As She Is Painted

By GLADYS M. ARNOLD Canadian Press Correspondent PARIS, March 30: (CP)—The rainy season is on—a sort of soft misty rain which at night turns the streets into strips of black satin. Though it is distinctly more dangerous to circulate after dark because drivers find it difficult to see pedestrians until they are upon them—still Paris has a charm and beauty it had lost when the glare of electricity turned the streets into perpetual day. The automobile lights and street traffic signs are spots of color which give it almost a carnival air for car lamps are in many colors. Red, orange and deep yellow are favorites but all shades of blue, green and violet bob up among them so that the Place de la Concorde with its swirl of cars in the early night darkness, hundreds turning about the obelisk (Cleopatra's Needle) and the fountains and then out into its many radiating streets, is a constant play of inter-weaving colored pin-points of light reflecting in the wet pavement. At each street corner the flash of traffic red, yellow, green add their bit and the whirring swish as cars roll along is discreetly intermingled with subdued musical horns whose use until the war began was forbidden in Paris. At each stop and start the policeman in his new white cape and shining metal helmet steps out from the sidewalk where he usually stands prudently and where the signal light above his head alternately bathes his helmet and face, now in a glow of faustian red and then a blur of spectral green. The effect is dramatic. Hatless in Paris The feeble light of the street lamps produces some strange impressions. It catches the gleam of hair for many girls are now going hatless (a custom never practiced in Paris). There is the dry rattle of military raincoats, a flash as the gold on cuff or cap reflects the light. But the deepest impression of all is made by the relative silence which darkness induces and at the same time the feeling that this darkness is alive, warm and electric. On rounding a corner, one collides suddenly with a soldier embracing his girl—time is short, leave is rare and the darkness offers such opportunities. Across the Concorde by the Seine the naked chestnuts are black masses in whose upper branches the stars become entangled; to the left and right one feels rather than sees the mass of the Louvre, the delicate spires of St. Clotilde and the faraway shaft of the Eiffel Tower. The wind, whipping around the corner, blows up the shawl and causes the old paper woman to crouch closer into her corner. "Are you selling many?" She shakes her head. "People don't want to stop—they want to get home and I guess some of them don't see me in the darkness. Some of my regular clients are gone." "Do you find you can make enough to live?" "I manage," she said philosophically. "One must, it is the war."

SWINGING TO ALLIES

British Observers See No Chance Of Rome-Berlin-Moscow Axis Now

LONDON, March 30: (CP)—British observers today brushed aside Premier-Foreign Minister V. M. Molotov's harsh words about the Allies and emphasized his neutrality declaration as ending any Nazi hope of a Rome-Berlin-Moscow axis. Some sources interpret the Russian foreign policy review as throwing broad hints that the Soviet wants to resume trade negotiations with Great Britain.

MEXICO'S ELECTION

Is In Thick Of Campaign For Chief Executive

MEXICO CITY, March 30: (CP)—Amidst recurrent rumors of armed rebellion, four generals of the Mexican Army are engaged in one of the most vigorous presidential campaigns Mexico has witnessed in many years. The successful candidate will fix the future course of the controversial revolutionary program set in motion by another army general, President Lazaro Vardenas—a program under which government, labor and the peasantry joined forces against capital, foreign and Mexican. For six years, beginning December 1, 1940, the winner of the July 1 elections will be in a position to determine whether Mexico shall continue on her present path toward a modified state socialism or shall swing into conservatism. In other words, the basic issue is: left versus right. However, a more conservative regime is regarded as certain to emerge from the campaign because all the candidates express less revolutionary programs than Cardenas. The candidates are: Juan Andreu Almazan, principal anti-government candidate; Joaquin Amaro, independent anti-government; Manuel Avila Camacho, official government candidate, and Sanchez Tapia, anti-government aspirant.

Commanding Officer and Several Soldiers Killed as They Attempted Attack on Western Front

PARIS, March 30: (CP)—French machine gunners, in ambush south of Saarbruecken, cut down the advance guard of a German infantry attack, killing the German commanding officer and several others. The French command reported today. Death came peacefully at 12:30 noon today at the Prince Rupert General Hospital to one of Prince Rupert's most highly respected pioneer women in the person of Mrs. Brigid Curtin whose residence here had dated since 1911. She had been in the hospital only since last Thursday. She will be deeply mourned by her numerous friends in this community and there will be general sympathy for the bereaved. Mrs. Curtin is survived by four daughters—Mrs. J. Lorne McLaren and Miss Blanche Curtin of Prince Rupert, Mrs. J. B. Roerig of Chiconago and Mrs. D. P. Stork of Bronxville, New York. ### MEN WILL BE NEEDED

The local battery will be gradually weakened by men being sent away for service overseas. Many of them have been technicians who were able to drive and look after a truck. With the armies so highly mechanized, men with mechanical experience are needed more than any others.

So far there has been no attempt to induce men in this district to enlist. Pretty soon it is probable there will be a campaign for the need for more men will become apparent, especially if there is a more active campaign overseas, as is confidently expected will be the case.

As men become needed more a recruiting campaign will get into action and when it is found that men are really needed there are dozens of young men who will be awaiting the signal to join up.

### BETTER OR WORSE?

The world is so different from what it was half a century ago. We are not referring so much to the advent of the motor car, the radio, and dozens of other inventions that have made such wonderful changes. The mental attitude has also changed and the tendencies are different, and the curious thing is that we are all changing all the time. Next year we shall be different from what we are today and those who do not change are likely to be roughly shouldered out of the way. Nature seems to have little use for those who do not change. The difficulty is that we are moving so fast that it is sometimes difficult to tell just where we are. Nature often takes millions of years for its changes but we want to make them overnight.

At any rate most of the changes are for the better, although older people often say conditions are worse than they were half a century ago.

### CREDIT UNION FORMED

The first credit union has been formed in Prince Rupert and it is quite probable that others will follow. It is a co-operative idea and should prove beneficial. It is said that in the eastern maritime provinces the credit unions have proved a boon to the people. At any rate it is a new interest.

### ARE STILL HOPING

There was a report yesterday that the Nazi fleet was coming out to protect German shipping. The British navy is hoping that the report is true although it has not so far caught a glimpse of the ships. It seems as if the Germans are following the example set a quarter of a century ago when they spent the greater part of five years in the shelter of forts and mines.

## TELKWA IN HOOP WINS

Girls Appear To Have Cleaned Up Interior Championship

TELKWA, March 30:—Burns Lake basketball teams—girls and boys—made a return visit to Telkwa over the Easter week-end but lost all four games to the local teams. The Telkwa girls had no difficulty winning the first game by a score of 36 to 15 but had to work hard to get a 25 to 17 victory in the second game. Since the Telkwa girls have won all the games against Smithers this year their recent triumphs give them almost undisputed possession of the interior championship.

Teams, with total points for the series, were:

Burns Lake—M. Roumieu 7, B. Roumieu 3, Lee 10, Patterson 7, Gene 2, Radley 1, Clarke.

Telkwa—Noonan 27, Mahood 16, Cairkston 10, Bourgon 2, Giddings 3, Willies 2, Silverthorne 1, Dufus.

The Boys' Games  
Telkwa boys won both their games, giving them three wins and a draw in four games. The home team took the first game easily by the score of 34 to 15 but the visitors made things hot in the second game and it was only in the last quarter that Telkwa pulled ahead to win 34 to 24.

Burns Lake—Small 13, Trousdell 9, Berg 10, Roumieu 2, Norris 1, Radley 1, Rush 2, Linton.

Telkwa—W. Wells 18, Thompson 10, Manleton 9, Mahood 8, C. Wells 6, Hoons 6, Giddings 2, Dockrill 2, Madigan.

Monday marked the opening of the football and softball season in Kitwanga at the sports field. There were two games each of football and one of softball.

In the first football game Blue Jays defeated the Home Team 3 to 2 while, in the second, the Home Team turned the tables by winning two to one.

In softball Red Arrows defeated Lucky Strikes 9 to 5.

A big dance at De-au-Zip Hall, for which music was furnished by Stan William's Orchestra, brought the day's proceedings to a close.

Present on Dry Dock Payroll—Twenty Halibut Boats Away Up To This Morning on Initial Voyages Of Season

Most of them being engaged in overhaul work on ves- sels now receiving attention at the yard, the payroll at the Prince Rupert dry dock has been gradually increasing of late until today there are about 125 men receiving employ- ment there. The Canadian National Steamships steamer Prince Rupert is still on the pontoons but will be coming off about the middle of next week.

On completion of the annual over- haul of the Prince Rupert, similar work will be started on the Prince Charles, probably about the middle of April. The Prince Charles will also have to be docked. The Domini- on government snagboat Essington has about completed her annual routine overhaul and will be leav- ing the yard at the first of next week to start her season's work on the Skeena and Naas Rivers. Mean- time work in preparing the yard for the carrying out of the con- tracts for the construction of two mine sweepers for the Canadian navy, is being proceeded with but only a small proportion of the men presently employed at the yard are engaged in that.

With the 1940 halibut fishing sea- son opening at midnight tomorrow night, twenty local boats had clear- ed up to this morning for the fish- ing grounds. As announced earlier in the week, the boats are departing in four separate groups according to the letters of the alphabet with which their names commence. There is a gap of three or four days

between each group's departure with a space of ten days between the time of departure of the first and last groups. Next week will no doubt see the first, fresh halibut of the season landed in Prince Rupert. Boats clearing up to noon today were as follows: Joe Baker, Kylliac, J. R. Gony, J. D. A. Oulvik, Hokki, Jupiter, L. Kono, Fear Not, K. I. J. tend, Ingvald, H. K. M. L. Oceanic 228, T. Y. Kelen and Lake Blwa. The Lois N., which was actually the first boat to get away, leaving on Tues- day, was forced to return owing to engine trouble. The American boat Visitor has cleared for Craig, Al- aska, enroute to the grounds.

## LAUREL AND HARDY HERE

Veteran Comedians in "The Flying Deuces," Now Showing at Capitol Theatre

In "the Flying Deuces," the first feature length comedy in which Stan Laurel and Oliver Hardy have appeared for over a year, the veter- an comedians take to the airways as the background for their misad- ventures, a thrilling and hilarious climax coming in the final sequence when, as two Foreign Legionaires sentenced to die for desertion, they take flight in an endurance ship.

A sparkling musical score is wov- en into the fabric of the comedy, the music making up, it is said, for what may be lacking in the way of dialogue. The colorful background of Morocco and the Legion provide appropriate settings for the page- antry and tom-foolery.

The supporting cast includes Jean Parker, Reginald Gardiner, Charles Middleton and others.

Also on this program, which shows tonight only at the Capitol Theatre here, is "France is Ready,"
