Germany and Roumania Sign Pact

Reich To Give Wheat, Will Give Planes And Arms to Balkan Country Important Treaty is Signed Today at Bucharest After Six Weeks of Negotiations—Recently Declared Embargo Will Not Be Applicable

BUCHAREST, Roumania, April 20: (CP)—Germany has agreed to send huge quantities of munitions and squadrons of fighting planes to Roumania in return for Roumanian concessions in an amendment to their trade treaty which was signed today.

DR. ALFRED THOMPSON SUCCUMBS Premier M. P. For Yukon And Brother Of Local Business Man, Passes Away Suddenly In Vancouver

VANCOUVER, April 20: (CP)—Dr. Alfred Thompson, former Conservative member of the House of Commons for the Yukon, died today a few minutes after announcing the death of a patient, Mrs. C. M. Vink. The doctor collapsed in a chair, expiring before assistance could be summoned.

Dr. Thompson went to the Yukon in the Gold Rush days and practised medicine at Dawson for many years. He became prominently identified with public life of the territory and for years was a member of Parliament for Yukon.

AGREED ON STATUS QUO So Says Japanese Ambassador to Washington After Conference With Secretary of State

WASHINGTON, D.C., April 20: (CP)—Kensuke Horonouchi, Japanese ambassador, said, after a conference with Secretary of State Cordell Hull today, that United States and Japan were in substantial agreement as to the future status quo of the Dutch East Indies.

SEA WAR STILL ON

German Planes Are Brought Down And British Steamers Are Sunk—No Transports Hit LONDON, April 20: (CP)—The British steamship Hawaby, 5,404 tons, sank after an explosion. The crew were rescued. The Mersey, 1037 tons, was sunk by a mine. Six of the crew of eighteen were picked up. One died.

The War Office and Admiralty denied a German claim that two British transports had been hit by aerial bombs.

New Licences For Fishery Plants Fixed

VICTORIA, April 20: (CP)—Fish curing plants added to licence regulations of the province include salmon brine curing plants, \$500; herring, \$250, and tuna fish canneries, \$1. Other licences remain unchanged.

Weather Forecast

General Synopsis—The barometer is high from the Queen Charlotte Islands southwards to California. The weather has been mild throughout British Columbia with light showers in most districts.

Robert Gordon left on last evening's train for a trip to Lakelse Lake.

Munitions Plant Has Explosion

LONDON, April 20: (CP)—Five men were killed and a number "severely injured" in a munitions factory explosion in the north of London. A supply ministry communique said a court of inquiry would be set up and "steps taken to insure speedy resumption of production."

THIRTY IN WRECK DIE

Disaster When New York Central Train Hurtles Off Track Near Little Falls

LITTLE FALLS, New York, April 20: (CP)—A New York Chicago-Lakeshore Limited train of the New York Central lines hurtled from the rails near here shortly before midnight last night, killing at least thirty persons and leaving one hundred injured.

BRITISH AND FRENCH LANDING BIG FORCES FOR SCANDINAVIA WAR

At Least Two Divisions of Former and One of Latter—Germany Suffering Heavy Reverses

STOCKHOLM, April 20.—With the French joining the British in the landing of forces in large numbers, indications continue of a major battle being imminent between the Allies and Germany in the Elverum area of southern Norway and possibly to the north of Trondheim in the central coast.

THOUSANDS IN PRISON

Belgium is Bearing Down Upon Enemy Within Borders

BRUSSELS, April 20.—Thousands of aliens have been imprisoned in Belgium to protect the country from espionage within. Premier Hubert Pierlot disclosed yesterday. Special guards have been placed at all strategic points as protection against sabotage.

DEDICATED BY BISHOP

Impressive Ceremony at New Mission Boat on Local Waterfront Yesterday

Dedication of the fine new Anglican mission boat Western Hope II for service on the Queen Charlotte Island was impressively conducted at the Prince Rupert Rowing & Yacht Club yesterday afternoon by Rt. Rev. G. A. Rix, Bishop of Caledonia, in the presence of a considerable number of interested persons.

NEW PLAN FOR FORCE

Regiments to be Formed According To Provinces, It is Announced

OTTAWA, April 20: (CP)—Hon. C. G. Power, acting minister of national defence, announced yesterday that units of the non-permanent militia not already mobilized can contribute reinforcements for overseas under a new plan.

Word Received From W. J. Alder

Former Commissioner Says Those Who Complain of the Rain Should Try The Desert W. J. Alder, former city commissioner, writes to suggest that those who grumble about the rain on the British Columbia coast should see the 1200 miles of desert from Yuma, Arizona, east, where it is hard to see how even files can exist.

FINAL BULLETINS

FOUR NAZI PLANES DOWNED IN FRANCE—Royal Air Force fighter craft shot down four, and possibly five, German aircraft in the first large scale aerial encounter over the Western Front since the Scandinavian invasion.

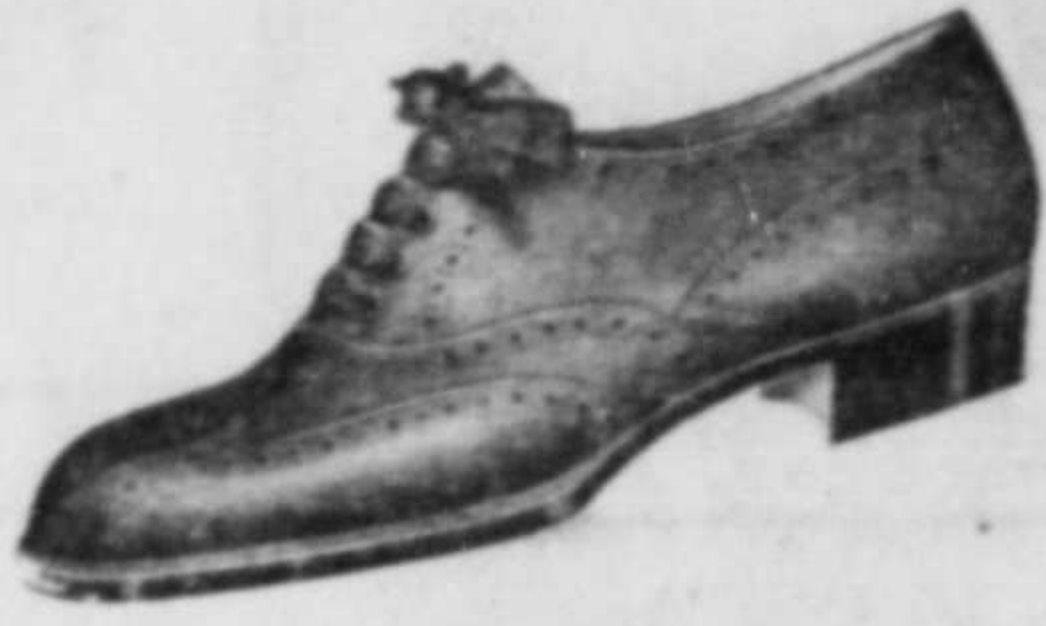

GREAT NEW BOMB BERLIN—Berlin claims that a new 2,000-pound bomb has been used with effect against the British Navy. A specially designed plane carries these bombs.

ALLIES MOVING IN STRONG LONDON—Not only British but also French expeditionary forces are now being landed in Norway for the campaign against the German invasion.

GERMANY CELEBRATES BERLIN—There is nation-wide celebration in Germany today of the fifty-first birthday of Chancellor Adolf Hitler.

ROME WARNS ALLIES ROME—Italy gave warning that it had a trump card to play against the Allies when occasion should demand it.

EDITORIAL

WATCH FOR TRAITORS

The taking of Norway, according to reports received here, seems to have been made easy by the traitorous action of Nazi sympathizers who helped to betray their fellow citizens. This has aroused the people of other neutral countries and also those who are engaged in the war. A clean-up campaign seems to be going on. Even in the United States the authorities are hot after Communists or Nazi sympathizers who may become a danger to the country.

Most Europeans living in Canada are opposed to the ravages of Hitler and his friends and are loyal British subjects. However, there are always a few people that have to be watched and it is up to the Canadian authorities to do this. We do not want any plotting in Canada.

A SERIOUS JOB

This work of rehabilitating Norway is going to be a serious job. The Germans have got a hold on a considerable part of the country and very soon will have drained it dry of foodstuffs, war material and cash. The Norwegians will be forced to take spurious German money in payment for goods which will be much the same as stealing them. Pretty soon some parts of the country will be short of food supplies. However, the British are continuing to land troops and we all hope that gradually the invaders will be driven out.

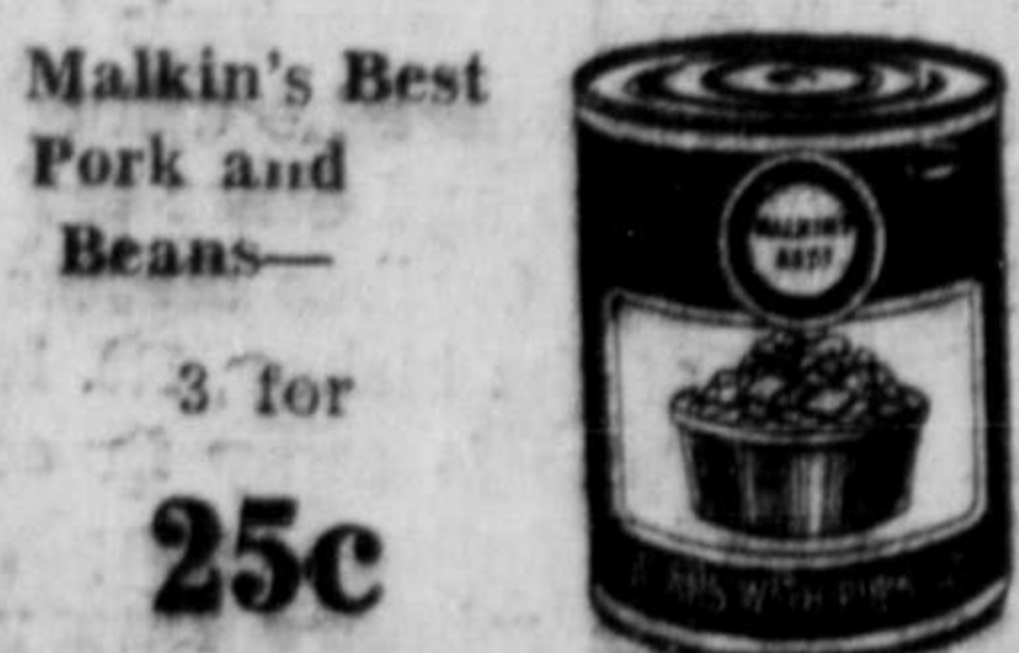

This is just one phase of the war which is going on. It is quite possible there will be fighting on other fronts—either in Holland, Belgium, the Balkans or possibly in Switzerland or Italy. It is a big job and may take several years to complete.

WOMEN IN WAR WORK

Gas Chamber Demonstration Last Night Was Of Particular Interest — Practical Demonstration In Person

The Prince Rupert detachment of the British Columbia Women's Service Club is progressing very favorably, having held eight drill nights during which time lectures have been given in various subjects. Last night's anti-gas lecture was of particular interest to the members. A gas chamber was prepared by Master Gunner E. D. Blake of the Royal Canadian Artillery through which all members passed. Gas masks were issued to all upon entering and were discarded before leaving the chamber in order that they might experience the effects of the gas. No ill effects were experienced. In fact the majority went in twice to see if they had missed something the first time. This lecture concluded the probationary period as regards anti-gas.

Sgt. Akehurst of the Canadian Scottish is drill instructor and has shown great interest in the progress of the companies. He is very pleased with the results of his efforts. Other subjects on which lectures will be continued are motor mechanics, rank and appointment and first aid. Examinations on all these subjects will be taken about the end of May. During the first week in June recruiting will again take place.

Halibut Landings for Week Total 640,550 Pounds—Fur Seals Are Now Moving North—B.C. Packers Now Buying Here

Halibut landings at Prince Rupert during the third week of the 1942 season amounted to the substantial total of 640,550 pounds, bringing the aggregate for the season up to 1,502,600 pounds as compared with 1,654,350 pounds at a corresponding date last year. The Canadian landings this year to date amount to 669,800 pounds as compared with 704,950 pounds a year ago while the American landings have been 832,800 pounds in comparison with 859,400 pounds in 1939. Landings of the week ending yesterday totalled 640,550 pounds comprising 360,800 pounds American and 279,750 pounds Canadian fish. Halibut prices for the week ranged from a low of 8.1c and 6c to a high of 9.3c and 6c.

Again running a day late this week, Union steamer Cardena, Capt. John Boden, is due in port at 10 o'clock tonight from the south and will sail at 11 p.m. on her return to Vancouver and waypoints.

Fur seals are now on the annual migration north to the Pribiloff Island breeding grounds. According to word brought to the city this week by officers of the steamer Prince John large numbers are passing northward at the present time through Hecate Straits.

M. H. McLean, manager of the B.C. Packers' reduction plant at Port Edward, accompanied by C. Ixson-Smith and K. Christensen of Edmunds & Walker, which concern has been amalgamated with the Packers, arrived in the city at the first of the week from Vancouver where Mr. McLean has been spending a vacation since the closing of the herring season. The Port Edward plant is now being overhauled and is expected to resume operations on halibut offal soon after May 1. B.C. Packers are also buying halibut now on the local Fish Exchange for freezing.

TELLS OF W. INDIES

Giving an informal chat descriptive of the various Islands of the West Indies, particularly the Barbadoes where he was born and lived until three years ago, Private Rupert Proverbs of the Sixteenth Canadian Scottish was the speaker last evening at a dinner of the Women's Canadian Club. Private Proverbs was listened to with interest by those present, the most of whom undoubtedly learned more than they might have known before about these colorful and historic islands. Mrs. J. D. Fraser, the president of the club, was in the chair.

Among the points described by Private Proverbs were Bermuda, the Virgin Islands, Puerto Rico, San Domingo, Cuba, Jamaica, St. Kitts, Antigua, Montserrat, Martinique, St. Lucia, Barbadoes, St. Vincent, Granada, Trinidad, Demarara and British Guiana. The people of the West Indies were hospitable folk. It was a good place to go for a holiday because there were many interesting things to see and do. The natives were a good-natured if lazy lot. Labor was cheap and there was an abundance of food, served with such lavishness that it often seemed like waste. The speaker described some of the industries of the West Indies and some of the products such as sugar, rum and arrowroot. Making and selling of souvenirs was also an important pursuit. Private Proverbs also referred to the pitch lakes of Trinidad and its seeming-ly inexhaustible supply of asphalt. Private Proverbs concluded by a comparison in regard to the prevalence of drunkenness of British Columbia, where there was government control of liquor, and the West Indies, where there was restriction. Conditions in the West Indies in this regard appeared to be much better than in British Columbia. Liquor did not seem to be so essential for a good time in the West Indies as it was in British Columbia and particularly did this seem so among the young people.
