MUCH TALK OVER LAVAL

Theorizing And Speculation Regarding Change In French Government

BERNE, Dec. 17.—Three secret proposals, according to reports here, have been presented by Germany to the government of Premier Henri Philippe Petain at Vichy. Otto Abetz, Chancellor Adolf Hitler's Paris representative, has arrived in Vichy to see Marshal Petain and seek, it is understood, an explanation of the removal of Vice-Premier Pierre Laval and the refusal to permit German troops to pass through France to the relief of Italy. Although there are reports that the future of unoccupied France and of Premier Petain are in the balance, it is believed that Petain still has a firm grip in France and will be able to head off any extension of the German occupation.

One report is that Laval, now under arrest, attempted to set up a new government headed by himself and that he would have taken France back again into war, this time on the side of Germany against Great Britain, turning the French navy over to Germany.

On the other hand, the succession of Laval by Flandin is considered none too reassuring to Great Britain. Flandin is close to Nazi Germany. The change, it is suggested at Berne, Switzerland, by present observers, may forestall a move on the part of Germany to extend its occupation of France by taking over further industrial areas in the unoccupied zone or even occupying of all France.

Meanwhile it has been reported that a plot to form a new government of France under Laval failed. Petain received advance warning of it. The idea was to get Petain to Versailles with Laval taking charge at Vichy.

Laval was called to lunch today with Abetz and Petain.

Greeks Continue Their Advance As Royal Air Force Pounds At Important Albanian Port

ATHENS, December 17 (Canadian Press)—A violent Royal Air Force attack on Durazzo, Italy's biggest supply base in Albania, is reported today as twin Greek drives are said to be converging on the last mountain defence line guarding the port of Valona.

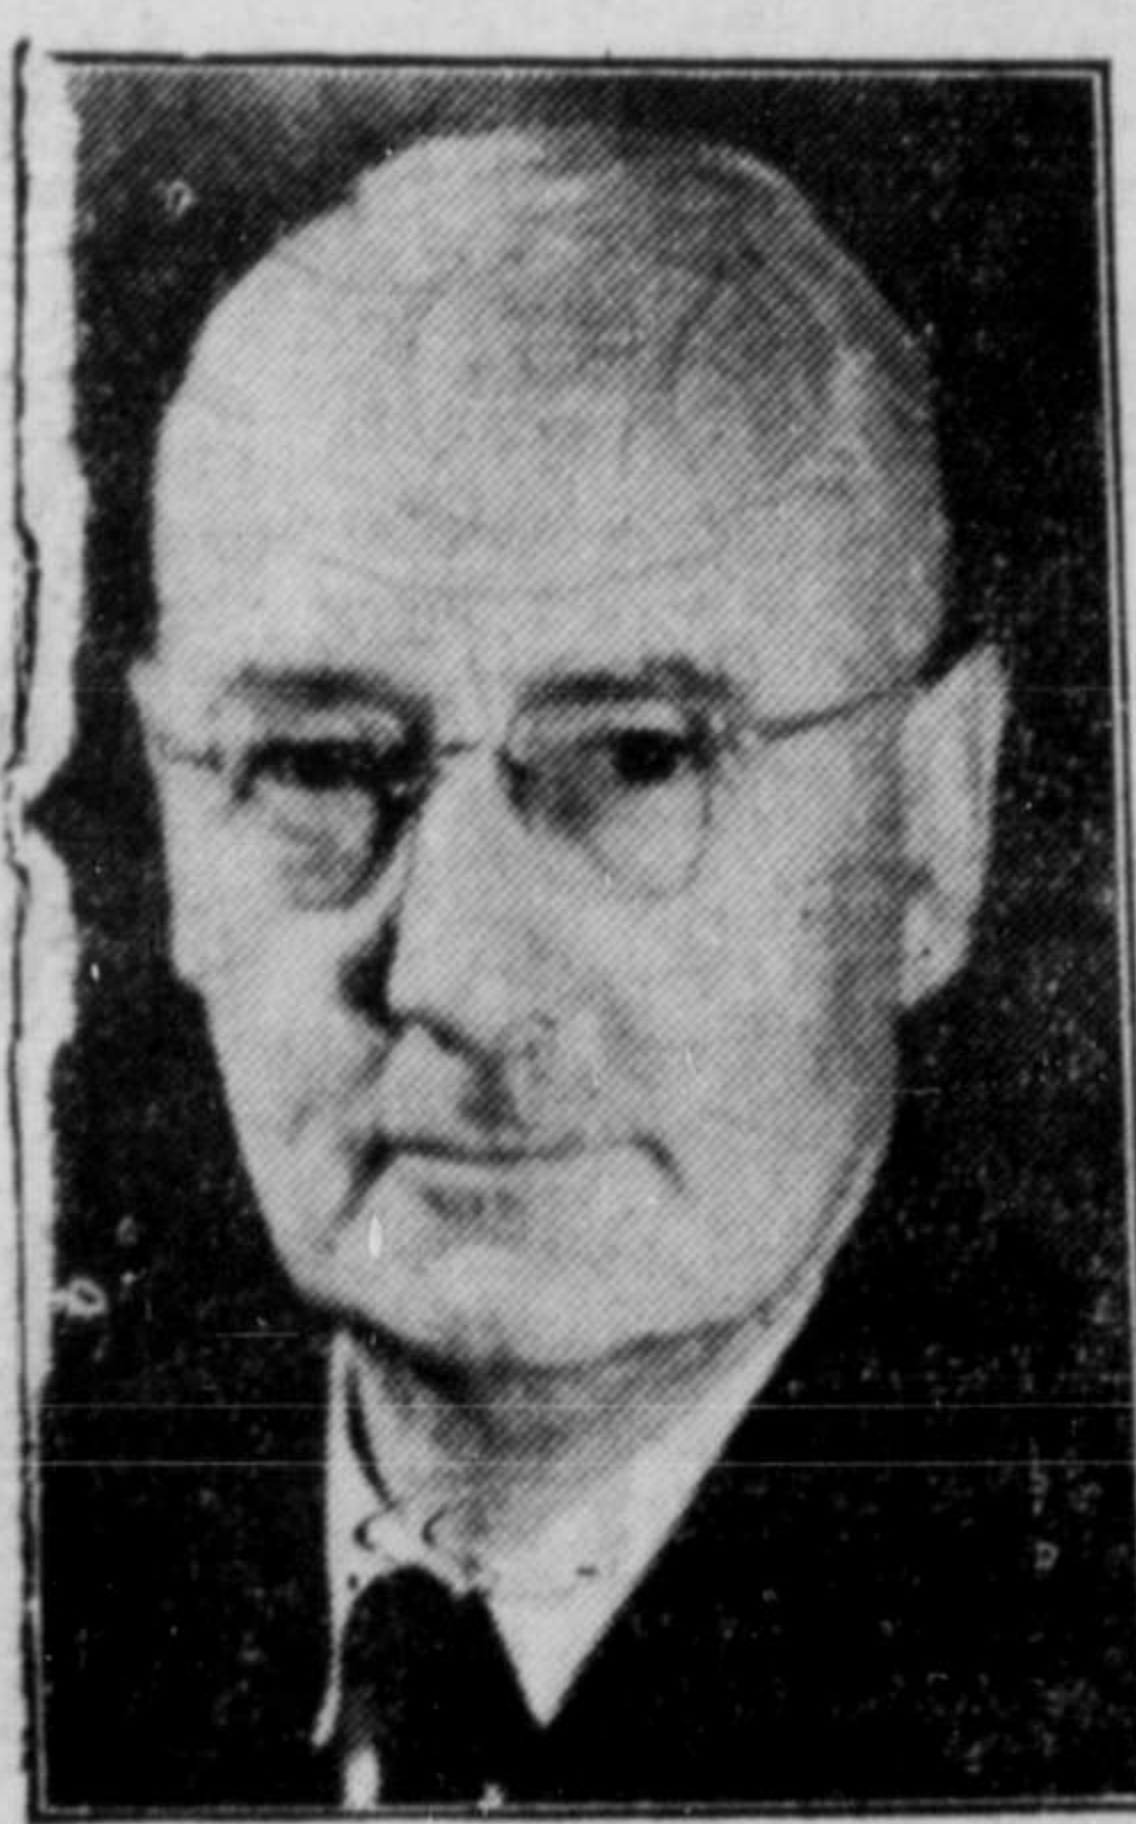

The Greeks said that seven violent counter-attacks by crack Italian reserves failed to halt the tortuous advance over the mountains.

BLAST IS TERRIFIC

Fatal Tenement Blast in Cincinnati Early This Morning—At Least Two Are Killed

CINCINNATI, Dec. 17: (CP)—At least two persons were killed and nine others injured and a similar number are believed to have been trapped in the ruins of a three-storey tenement which was blown to bits by an undetermined pre-dawn explosion. The cause of the blast, which occurred at 3:30 a.m., is generally believed to have been from gas. The building housed six families. It was reduced to rubble and dust. Poles half a block away were bowled over by the concussion.

ATTACKS ON GERMANY

LONDON—Royal Air Force bombers attacked an aircraft factory, a dye plant and other targets in the Mannheim area of Germany, a Nazi submarine base at Bordeaux and six merchantmen off the French coast in raids last night, the Air Ministry announces. Mannheim, the chief industrial centre of the upper Rhine, was subjected to a sustained seven hour assault and a suburban aniline dye factory, one of the largest in Germany, was set well alight, fires being still visible half an hour after the attacking aircraft left. There was a particularly violent explosion at another Mannheim suburb and by 3:30 a.m. the whole target area was afire. Factory buildings at Stayern, south of Mannheim, were hit as an aircraft manufacturing plant was hit.

ITALIAN SHIP ATTACKED

NEW YORK—Mackay Radio reports distress messages from the Italian steamer Estrea between Jamaica and China saying she was being torpedoed. The Estrea is believed to have been bound from Lisbon to Cuba.

BASLE BOMBED

BASLE—Four persons were killed and considerable damage done last night when aerial bombs exploded in the heart of Basle. They are believed to have been dropped by mistake by British bombers. Basle is close to the German frontier.

YEAR IN ENGLAND

LONDON—It is a year today since the First Division arrived in England. Speaking today, General McNaughton said it had been a year of "great activity, considerable anxiety and much progress." At present the Canadian army was being used as a mobile reserve to the British army and had seen defensive action against air raids. "But we have undergone nothing in comparison with what cities and civilians have endured," he said.

GERMAN PEACE OFFERS

LONDON—Germany, from time to time, has made peace offers to Great Britain but these always provided that she should be master of Europe which Britain should leave alone. Lord Snell told the House of Lords today. However, Britain would accept no such terms as she was determined to deliver the Nazi yoke and restore their independence and prosperity. Germany had said she would agree to the independence of Norway, Denmark, Holland, Belgium and other countries provided they promised to collaborate with Germany and that Great Britain should stay out.

RAILWAY ITALY IS HARD HIT

Robert Creelman Succeeded As Fall Of Saloum And Capuzzo Are Staggering Blows

WINNIPEG, Dec. 17.—Completing a railroad career that dates back to June 1, 1891—practically half a century—Robert Creelman, passenger traffic manager, Canadian National Railways, Western Region, retires from active service tomorrow. Mr. Creelman, one of the most widely known passenger men on the continent and perhaps better known to his host of friends as "Bob," will be succeeded by Osborne Scott, general passenger agent, Winnipeg. Mr. Scott's position will be taken by Walter Dobbs special passenger representative, Montreal. This announcement was officially made known by C. W. Johnston, general passenger traffic manager, Montreal, today.

Mr. Creelman was born in Grey County, December 18, 1875, and first entered railroad service in Toronto with the Grand Trunk, June 1, 1891, as clerk in the freight department. Three years later he transferred to the passenger traffic department and steadily worked his way to the top.

From 1891 until 1898 he remained in Toronto and in 1901 he moved to Winnipeg with the Canadian Northern Railway. In 1906 he was transferred to St. Paul as traveling passenger agent. In 1909 he returned to Winnipeg as assistant general passenger agent and in 1911 was promoted general passenger agent.

He stepped up another rung of the ladder in 1918 when he was promoted to be assistant passenger traffic manager and in 1923 he became passenger traffic manager. During his long railroad career Mr. Creelman has travelled extensively and is almost as well known in United States transportation circles as in Canada. He has a most intimate knowledge of western Canada and the Pacific Coast and is an outstanding authority on travel needs and requirements.

Mr. Creelman will continue to reside in Winnipeg. He will spend the balance of the winter at the coast.

Osborne Scott

Osborne Scott, who succeeds Mr. Creelman as passenger traffic manager, is a "Manitoba product." He was born at St. Andrew on the Red River and, after being educated at St. Johns College, entered railway service with the Canadian Northern Railway in Winnipeg as a junior clerk in 1901.

Mr. Scott remained in Winnipeg until 1910 when he was transferred to Toronto as travelling passenger agent but he remained in the east only eight months. He came back to Winnipeg and remained until 1920 when he was promoted general passenger agent.

EXCEPT FOR SHEFFIELD

Air Raids On Great Britain During Past Few Days Have Been Light

LONDON, Dec. 17: (CP)—Owing to unfavorable weather which evidently grounded Nazi raiders, there was little bombing of the British Isles during Monday night. London had two brief alarms but only one plane got over to drop a single bomb, one unnamed Midlands town received a somewhat heavier attack but it was not of long duration. Liverpool was also visited. The night raids followed sporadic raids during the day.

Except for the heavy assault upon Sheffield Sunday night, Nazi air raids on Great Britain during the past two or three days have been comparatively light with slight damage and few casualties, the number of killed being small.

Weather for aircraft operation has been to a large extent unfavorable but this has not prevented the Royal Air Force from hitting hard at various points within the Reich and in German-occupied territory including Berlin, Frankfurt, Mannheim and the submarine bases on the French coast of the English Channel.

In addition to bombs, leaflets were dropped in the Royal Air Force raid on Berlin Sunday night.

MUST HELP GT. BRITAIN

Importance of Speeding Up In United States Defence Industries Urged by Cordell Hull

MONTREAL, Dec. 17: (CP)—Secretary of State Cordell Hull is reported to have told defence commissioners that Great Britain would probably face a serious crisis next spring unless present deliveries of American war supplies were considerably increased. Mr. Hull is understood to have urged all speed possible in arms production.

William F. Knudsen, director of defence production, said yesterday that production was falling considerably behind schedule. He urged a speeding up all around, stating that the job of the workers in defence industries was equal in importance to the military service. Every day, hour and minute counted in insuring the welfare of the country.

NOTED LAW MAN DEAD

W. F. O'Connor K.C., Senate Counsel, Passes Away in Ottawa

OTTAWA, Dec. 17: (CP)—William Francis O'Connor K.C., law clerk and Parliamentary counsel of the Canadian Senate and a well known federal government legal officer for many years, died here early this morning.

Mr. O'Connor was born in Halifax September 3, 1873, and was educated in the schools of that city, going to Dalhousie and King's Universities. He took his law office studies with Daniel McNeil K.C. at Halifax from 1894 to 1898 and was called to the bar in the latter year, joining the firm with which he had studied. He engaged in private practice until 1913 when he took up public service. Once he essayed for public office, being an unsuccessful candidate for the Nova Scotia Legislature in 1906.

Married to Ellen M. Veale in 1900, Mr. O'Connor is survived by his widow and three daughters. He was a Conservative and a Roman Catholic.

Hitler Will Strike At Great Britain Early In Year, Asserts Minister

Blow Will Be Made by Land and Sea but "Principally by Air"—All Signs Point to One Objective

LONDON, December 17: (CP)—Lord Beaverbrook, minister of aircraft production, declared in a broadcast tonight that Germany is making preparations for an invasion of England before spring time "by land and sea but principally by air." Hitler is making an immense attempt to bring out a huge air force in the early months of next year, Beaverbrook said, and there are sure and certain signs of feverish development of production. "These vast preparations are directed at one objective—the invasion of Britain," said Beaverbrook, comparing the preparations with those preceding the attack on France.

EDITORIAL

A Horrible War . . .

This is a horrible war. Under the present system of savagery women and children are in as great danger as those in the fighting ranks. Possibly we may some day learn how many civilians have been killed in the air raids in the different countries. Bombing is almost wholly confined to congested centres and mortality among women and children is bound to be large.

Middle Of Winter . . .

The last day of this week is the shortest day of the year. From that day forward the days will gradually lengthen and the hours of darkness shorten. When we get into January the lighter mornings and evenings will become noticeable.

Christmas Presents . . .

Judging by what we see in the local stores there is to be a big avalanche of Christmas presents for a good many people. There will be all the old reliable kinds of presents, and a considerable number of new ones. It is rumored that, in view of the present day situation, there will be bags of bachelor buttons to enable the men to keep their breeches in the correct place. There will be a lot of those jolly old smoking jackets that spend so much time in the clothes closets. That is an advantage because it keeps green in the memories of the recipients the names of the donors, often girls, who otherwise would have been forgotten. Useful articles are the most acceptable this year. Furniture, men's wear, women's wear, electrical goods, household articles, most of these things are acceptable.

Many people like flowers, candies, bottled refreshments and such like. Much depends on the people and their likes and dislikes. Tact is required to pick the right things. We know a number of people who say nothing gives them a headache like picking out Christmas presents.

Looking Backward . . .

Benito Mussolini, he of the outstanding chin and the loud boast, once made a public statement of policy. He said:

"I solemnly declare that Italy does not intend to drag other peoples who are her neighbors by sea and by land into the conflict. Let Switzerland, Jugoslavia, Turkey, Egypt and Greece take note of these words of mine."

Today we know how much the word of Mussolini is worth. It has just about the same value as that of his bosom friend, Adolf Hitler. Now the Duce tries in vain to cheer up his countrymen who fret under their losses. Not a victory of any moment have they won so far. They marched an army into Egypt and immediately bogged down at Sidi Barrani. In other words the British bogged them down. They were allowed to advance to the place where the British wanted them and there they stuck until the British, with the aid of the Free French and others, proceeded to drive them helter skelter back into Libya. They will do well now if they hold that country. Possibly they will be driven out of Africa.

Man in the Moon

Those British and French forces in Egypt were rather slow getting started but when they did start they fought like devils.

In this war against Italy it was the Greeks who led the way, assisted by the British. Good stuff!

Fascism seems to be a game of bluff rather than a real fighting force.

If anyone wants to give me a Christmas present, I suggest they give me a few evenings toasting my toes before the fire.

Jake says all he needs is a dozen bottles of ginger ale to mix with his Scotch and a bottle or two of Scotch to mix with the ginger ale. It takes very little to make Jake happy.

Talking of happiness reminds me of the Eskimos in the Arctic. Father Stephen Bazin says the Eskimos are the happiest people on earth. They spend hours laughing and talking and never have any worries. Let's trade jobs with the Eskimos.

But after all, why shouldn't we all be happy in this part of the world? We have wonderful climate, wonderful city, wonderful neighbors and we are all a wonderful collection of people. Now, aren't we?

A wealthy Irishman was proud of the opportunity to "show off" on the occasion of a visit to London of a compatriot. To dazzle him he invited him to dine at a fashionable restaurant.

"Now, me boy," he said, "just you follow my lead and I'll order everything of the best."

Seated at table the host led off with—"Waiter, a couple of cocktails."

His friend gave himself away, however, when he whispered, audibly, "Waiter, if ye don't mind, I'd rather have a wing."

There are numbers of competitors in various walks of life who might fairly claim to represent the Spirit of London. But none has a better right to it than the flower-seller who greeted the air raid warning with "Them dratted wasps again!" as she handed over a bunch of roses with undisturbed composure.

Two Britons, bound for New York, had sat side by side on deck chairs without exchanging a word. On the third day one of them fell asleep and his book hit the deck with a thud.

That broke the ice. The other man picked up the book and the following dialogue took place.

"Thanks very much. Going across?"
"Yes."
"So am I."

I heard two girls talking in the bus. The conversation got on to the subject of kissing and one said:

"By the way, Elsie, do you kiss strange men?"

"Of course not," the other one giggled, "I wait till they get familiar."

Then the first one started talking about a chap called George.

"His kisses," she said, "are just like clockwork."

"How do you mean?"

"Well, he always winds up the evening with them."

PRINCE GEORGE

Sponsored by the Prince George Board of Trade and the Junior Chamber of Commerce, a novel undertaking for the local retail store community was a Christmas preview of gift goods by the merchants of Prince George. Stores were specially decorated and the goods attractively displayed. The preview took place on Wednesday evening and attracted much interest. Many stores had registrations of more than 350 visitors. In window dressing displays, winners were Miss Eva Jenkins of Hughes & Drake and Geoff Mortimer of Prince George Drug Co. Many attendance prizes were offered to visitors by the various stores.

The Prince George district log scale for the present year to date, according to figures released by R. D. Gregor, district forester totals 71,238,143 board feet as compared with 52,631,528 board feet in the corresponding period of last year.

Robert Fisk and two sons, Bryan and Travis, have arrived in Prince George to take up residence for the duration of the war with Mr. Fisk's brother and sister-in-law, Mr. and Mrs. Arthur Fisk.

A Penny Carnival put on by the Red Cross Club of Baron Byng High School here resulted in no less than \$300 being realized.

Her Broken Leg Made Her Winner

Australian Girl Gathers in \$30,000 Taking On Autographs

BRISBANS, Australia, Dec. 17. (CP)—When Amy Huggins, aged 22, a candidate in a beauty queen competition to raise funds for patriotic purposes, broke her leg she decided not to abandon her campaign.

The leg was set in plaster and she charged people a shilling to autograph the cast. When it was covered with names she washed them off and began again. In this way she raised the equivalent of \$30,000 and won the competition.

SPORT CHAT

Vancouver's Jimmy McLarnin and Billy Townsend scored knock-outs at Boston eight years ago last night. McLarnin, later became world welterweight champion, put Sammy Fuller down for keeps in the eighth round after flooring him four times while Townsend, semi-finalist on the card, sprawled Andy Saviola to the mat in three rounds.

United States' open champion, Byron Nelson, and Canadian shot-mester, Stanley Horne of Montreal, scored two-under-par 68's at Miami a year ago Saturday to share in the first-round lead in the \$10,000 Miami open golf tournament.

LOS ANGELES, December 17 — Jimmy Mattern, noted round world flier, will leave tomorrow for Montreal to deliver a Lockheed bomber for Great Britain. It is a Christmas gift from the company. (Jimmy Mattern is known in Prince Rupert. A few years ago he called here on the way home after a projected world flight which ended in a crash in Siberia.)

Gave Prayer For Britain

Impressive Rites for Lord Lothian At Washington Conducted by Bishop

WASHINGTON, D.C., Dec. 17.—Conducting the funeral service for the Lord Marquess of Lothian at National Cathedral Sunday, Rt. Rev. James E. Freeman prayed for the people of embattled Britain. "Strengthen and sustain them in their hour of need. Guard and save them from the violence of their enemies. Preserve their virtues," the eminent cleric pleaded to God.

After cremation, the ashes were placed in Arlington National Cemetery.

Diplomatic representatives of all nations but Germany and Italy attended the rites. Mrs. Franklin D. Roosevelt was among those present.

VANCOUVER, Dec. 17.—The flu epidemic is on the decrease in British Columbia but is still rampant in the prairies, Ontario, Quebec and the Maritimes. The type is mild and but one death in Canada is held directly attributable to it—that being in Montreal.

TRADE IS SUSTAINED

Australian Imports And Exports Greater Than Last Year

SYDNEY, N. S. W., Dec. 17: (CP)—Australian overseas trade is well maintained notwithstanding war time restrictions and shipping difficulties. The value of exports for the year ended August 31, 1940, was \$1,220,000,000 against \$1,188,000,000 for the same months of last year. Exports for these months totalled \$122,040,000 this year and \$120,000,000 last year.

These figures take no account of the gold produced. Banking figures show that the banks were further to assist industry and the general financial position such that the next war loan, expected shortly, should be assured.

Weather Forecast

General Synopsis—A deep disturbance is centred west of the Queen Charlotte Islands and the pressure is relatively high east of the Canadian Rockies. The weather has been fair throughout British Columbia and is becoming milder on the coast.

West Coast of Vancouver Island—Fresh southeast winds, becoming strong, cloudy, mild and showery.

USE HEADS FOR FUNDS

New York Leader's Knack Of Leadership Detailed By Her Friends

NEW YORK, Dec. 10 (CP)—Mrs. August Belmont, winner of the 1940 American Woman's Association Award for Eminent Achievement, has built two interesting and famous careers in the last 40 years.

In the gilded days of the 1900's she was a Broadway toast as the beautiful young actress Eleanor Robson. Now, as the handsome white-haired widow of the banker-sportsman-philanthropist, she has won fame for her philanthropic and social service in recognition of which she received the A. W. A. award.

In her philanthropic work Mrs. Belmont is known for her speed and efficiency in raising funds. If all the dollars she has helped raise for various projects in the last 25 years were heaped in one mountain of millions its computation would make a comptometer creak.

How Its Done
When the writer asked her the secret of her success in organization, raising funds and "making people do things," she looked non-blussed, then said succinctly: "It takes imagination and enthusiasm."

But her cohorts are a good deal more articulate on the subject. "This sums up what they have to say:

"She makes everybody she works with feel he is a real and important part of the project and gives him a sense of being two inches taller and ten times better than he is. She never loses sight of the people she is trying to help. She reads their letters and can tell about them in a way that stirs up sympathy for them. She has a wonderful speaking voice—educated and cultivated—but she's not stand-offish and high-hat. She can work with all kinds of people from elevator men to presidents, meet everyone on his own level and win him over to her side. You just can't say 'no' to Mrs. Belmont."

There was a large gathering of parents and friends in St. Andrew's Anglican Cathedral Hall last night to hear piano pupils of Miss Jean MacLean and Miss Ruth Nelson in recital. There were no less than sixty items on the program, the performers ranging from the smallest beginners to the advanced seniors. All acquitted themselves with credit to all concerned.

Business Girls As Good Wives

Australian Doctor In Hot Water After Derogatory Statement

MELBOURNE, Dec. 17: (CP)—Dr. Minnie Varley told the annual convention of the Australian Women's Christian Temperance Union that a "girl who does a business course and works in an office makes a mighty poor wife." Soon every business girl in Melbourne, apparently, was writing to the press in protest. Hundreds pointed out to Dr. Varley that a girl who had never seen anything outside the four walls of a house was poor company for any man.

The Parent Teachers' Association Makes Presentation to Miss Mills

Yesterday afternoon, just as she had dismissed her class, Miss Mills was pleasantly surprised to receive a visit from a committee of the Prince Rupert Parent Teachers' Association which, headed by the president, Mrs. George Hill, called to wish her long life and happiness in her future home in Victoria. The president, on behalf of the Association presented Miss Mills with two beautifully colored framed local views.

It was with much pleasure that the principal of Borden Street School thanked the committee for the gift remarking that for many years she had especially enjoyed looking upon one of the scenes.

Among those of the Parent Teachers' Association who attended with Mrs. Hill were Mrs. Neal Carter and Mrs. R. M. Winslow.

DEATH OF EX-MAYOR

Thomas McClymont, One of Prince Rupert's Best Known Pioneer Citizens, Passes Away

Police magistrate, former mayor and alderman, prominent Mason and one of Prince Rupert's best known and highly esteemed pioneer citizens, Thomas McClymont passed away yesterday afternoon in Vancouver. Late yesterday telegraphic advice to this effect was received at Mr. McClymont's home here and the news of his passing was received with deep regret by his numerous friends.

Mr. McClymont, who had been in ill-health for some time, had taken a turn for the worse a few weeks ago and left for the south in the hope that the change might be of benefit. After spending some time in hospital at Victoria, he had seemed to improve. He was preparing to sail for home from Vancouver last night when death came.

The late Mr. McClymont was sixty-one years of age and was a native of Glasgow, Scotland. He came to Prince Rupert in 1909 from Portage la Prairie and, a year or so after arriving, brought his bride to the city. They had resided since at the home on Borden Street which Mr. McClymont built at that time.

Following the real estate and insurance brokerage business, Mr. McClymont soon became interested in public affairs and, after a number of years as alderman, serving as chairman of the finance committee and in other capacities, he became mayor and was chief magistrate for three years.

In addition to being for many years a member of the board of

managers of First Presbyterian Church, Mr. McClymont became prominent in Masonic circles. He was a charter member of Timpsean Lodge of which he became worshipful master in 1914. He also was a past district deputy grand master and was affiliated with Kaien Chapter, Royal Arch masons; Kincolth Preceptory, Knights Templar, of which he was treasurer, and of Gizeh Temple, Ancient and Arabic Order of the Nobles of the Mystic Shrine. He was a former member of the local St. Andrew's Society and also was an active Rotarian for some years. Besides the widow, deceased is survived by one daughter, Patricia. Mrs. McClymont and daughter are sailing this afternoon on the Catala for Vancouver where the funeral will take place under Masonic auspices. They will have the deep sympathy of many regretful friends.

Returning south from Stewart and other northern points, Union steamer Catala, Capt. Ernest Sheppard, is due in port at 4 o'clock this afternoon and will sail at 4:30 in continuation of her voyage. The Catala is taking a large list of passengers from here and will not make some of the regular south-bound calls. The steamer Camosun is making a special trip out of Vancouver as far north as Port Hardy.
