## THE BOMBING PLANE

Bombing planes have been responsible for a great A. Simundson. deal. They made possible the various victories of Germany, particularly that in Poland. They have caused the driving of the Chinese forces back into the mountains of the far west. They have made thousands of children! homeless and have caused the deaths of thousands of women and children. And now it seems as if bombing planes are about to be used by the British as a means of winning the present war against Germany and Italy.

#### WHO WILL GET IT?

Recently the controlling interest in one of the largest \* oilfields in Roumania was sold by British people to Russia. This is the company that this week was suppressed by the .. Roumanian government. Now it remains to be seen which will get the oil-Russia or Germany. Judging by past ex + perience we are inclined to bet on Russia.

#### READY TO BELIEVE

It is a curious phase of human nature that the public | finds it necessary to set a 10 figame is played with wooden balls is usually more ready to believe rumors than facts. Take | a.m. deadline for local news and mallets that have been shaped this most recent instance. A roumor went out to effect that a big explosion had taken place in the Panama ! lication it will be necessary for the ball up through the rings in Canal region. The rumor spread and it was said that sixty or more people lost their lives. In spite of the fact that possible, preferably the night sailing the ball into a suspended the rumor was officially denied and that people supposed | before. It is on this credulity of the public that the Germans News is sure to bring daily re- bowling formation, take a rubber It's played with wicker scoops that are constantly working. Of late, too, the Italians have sults been following suit. The commander of the Italian cruiser Bartolomeo Colleoni, after his ship had been sunk by the Australian cruiser Sydney, was taken to Alexandria and, as he was carried ashore, he inquired what vessel it was sank him. When told it was the Sydney he expressed surprise, saying he understood the Sydney had been sunk some time before. Even he seems to have been deceived !by his own leaders.

#### WATCHING AND WAITING

Britain is watching and waiting for the promised attack but, in the meantime, is not inactive. Not only are the defences being strengthened every day but the carrying of the war into enemy strongholds is having telling effect. Night and day the attacks are being followed up with the result that workmen on big German military objectives are becoming jittery and, at the slightest sound of airplane approaches, run for shelter.

We are half inclined to think that the first attack will be directed elsewhere than at Britain. The British scouting planes and navy are watching the coast so closely that it seems very unlikely that they will fail to spot any special. preparations for invasion by water.

Stones Beat Q. and S. And So dier Win Over Three Sisters In Softball

In last night's Senior League softball games Stones Clothiers beat Q. and S. Grocery by a score of 7 to 5 while the Irish Fusiliers remained undefeated so far in the second half by winning a close contest over the Three Sisters by a score of 3 to 2.

In the first game the Grocers started off well and were leading right through until the seventh inning when their opponents managed to get one run, bringing the. score to a tie, thereby causing an extra inning to be played. In this inning the Clothiers brought in one run to win the game. Q. and S. outhit Stone's 9 to 6. Highlights of the game were some fine catches by McIntosh and Rusr of Q. and S. while Charlie Schroeder caught several nice ones for the winners, Arlington and Windle were also outstanding players. Batteries were: Fitch and Spear for Q. and S. and Lindsay and Arney for Stones'.

The second game looked for a while as if it was going to go to the Three Sisters. However, in the sixth inning with the score 1 to 0 against them, the Irish brought in three runs. C. Brown, the Fusiliers pitcher, hurled like champion, with Palmer playing well behind the bat. Letourneau and Gillis played a good game for the Three Sisters while Palmer was the pick for the Irish. Alex grabbing a couple of fly balls. Otherwise the result of this game Thursday, July 25, 1940. might have been a different story. The battery for Thre! Sisters comprised Amadio and Kerr.

#### SAVED FROM THEIR OWN FRIENDS

These German prisoners of war are shown arriving back on English soil, and glad to be there, after a lucky escape from Davy Jones. They are members of the shipment of prisoners of war that was enroute to Canada on the S.S. Arandora Star when the ship was torpedoed by a Nazi U-boat off Ireland. Scores of prisoners and guards were lost but the bulk of the prisoners were saved by other British craft.
