Three Blows On German Shipping

SCREWS UPON GOVT

Germany, It Is Believed, Would Oust Roumanian Administration For More Friendly Regime
BUCHAREST, March 25: (CP)—Members which continue to be circulated here regarding a German ultimatum to Roumania over trade concessions are designed, observers say, to force the resignation of the Tescu government and to obstruct the formation of a government friendly to the Reich.
The Karl Clodius, astute Nazi economic expert, continues to feel out Roumanian government leaders on possible increases of exports to Germany, it is reported in Bucharest that a mission will shortly be sent to arrange new terms for the payments between Roumania and Great Britain. Roumania is reported to be rethinking its strict neutrality, it is insisted here.

Scandinavians Suffer Worst

Sweden and Norway Beside Most of Victims for German Bombs
LONDON, March 25: (CP)—Latent victims of the war at sea are German aerial bombs. In the British steamer Albion, a torpedo burned after being hit by a incendiary bomb and another ship, named undisclosed, was off the southeast coast with members of the crew killed.
Ships to be sunk or damaged by bombs include Minsk, Bothal, 2109 tons, and 1,153 tons. Norwegian ships include the Svinta, 1,267 tons; and Elsa, 721 tons. A Swedish vessel was the Utiklippan, 1,599 tons. Apparently the Germans are hitting out the Scandinavian vessels because they are not convoyed.

Summer Welles On Way Home

Summer Welles Finding Envoy Getting Well Into Atlantic Following Tour
GENOVA, March 25: (CP)—United States Under Secretary of State Sumner Welles is now well on his way home aboard the Italian liner Comte di Savoia following his fact-finding tour of Europe, Berlin, London and Paris. He sailed from Genova on Wednesday.
At the week-end the Comte di Savoia was at Gibraltar where it underwent British contraband control inspection, being delayed several hours as a search was being made for Dr. Hjalmar Schacht, German financial expert, who was thought to be on board but who, it was ascertained later, had been dissuaded by Premier Benito Mussolini from leaving for America.

Bulletins

ELECTION TOMORROW
Voting will take place tomorrow from 8 a.m. until 6 p.m. at the Moose Hall in the federal election here. Only those whose names appear on the city voters' lists can vote at the local civilian poll. There is no absentee poll. Only nine votes were cast at the advance poll here.

KILLED IN TRAM
VANCOUVER—Fifteen year old Robert Kingston of Burnaby was killed when his head was shattered as he leaned out of the window of an interurban train and was struck by a tram passing in the opposite direction.

VERY COLD IN EAST
MINNEAPOLIS—The thermometer dropped to eighteen below zero in Minnesota on Easter Sunday. It was also very cold in Chicago and there was snow in Tennessee and the Carolinas. In New York it was clear but cold.

LONDON'S BUSY EASTER
LONDON—London had the busiest Easter holiday week-end in years. While city people went out to the country to visit their evacuated families, thousands of troops and country visitors swarmed into the metropolis. Many hotels and rooming houses had to put out "full up" signs.

ESCAPES NOOSE
VANCOUVER—Arthur Rennie, Vancouver youth, was acquitted at his retrial on a charge of murder in connection with the slaying of Woo Dack, Chinese. He had previously been convicted and sentenced to hang but was given a new trial.

RIBBENTROP TO JUGO-SLAVIA
LONDON—A Reuters dispatch from Rome says that Foreign Minister Joachim von Ribbentrop of Germany will shortly pay a visit to Belgrade, the capital of Jugo-Slavia.

LATEST FROM ALBERTA
EDMONTON—The latest summary of results from Alberta's provincial election shows 21 Social Credit and 15 Independent candidates elected with Social Crediters leading in 16 other seats. Independents in four and a Laborite in one. D. M. Duggan, Conservative leader, is elected in Edmonton where two Social Credit candidates and three Independents were elected.

SUN SPOTS ACTIVE
NEW YORK—Communications are returning slowly to normal today after one of the worst electrical disturbances ever to hit the earth as a result of sun spot activity. Radio short wave communications to Europe are still hampered by the magnetic storm which disrupted electrical communications of all kinds including teletypes, airlines, news gathering organizations and railroads.

CAMPAIGN IS CLEAN, ADMITTED

Minimum of Dirty Work, Weaver Concedes In Closing Meeting—Sees Possibility of C. C. F. Government

"This has been as clean an election campaign as I have seen in a long time," declared George W. Weaver, Co-operative Commonwealth Federation candidate, at the closing meeting of the party's federal election campaign in the Moose Hall yesterday afternoon. The two opposing parties, Mr. Weaver said, had played as clean and honest a fight as could be expected. There had been a minimum of dirty and unfair tactics. However, the candidate desired to answer certain statements which had been made. One of these had been to the effect that the only interest he (Weaver) had in this riding was during an election period. Mr. Weaver replied to this by saying that he had been here on several occasions before coming as a candidate. As a matter of fact he had visited every riding in the province. He had had the choice of the C. C. F. nominations in the last provincial election.

A statement had been made that when the Liberals got back into power the C. C. F. paper would have to be suppressed. There had also been talk about blowing up railways and bridges but such remarks he was glad had been repudiated by other speakers on the same platform as they had been made.

In regard to Dr. Telford and the "Siwash Town" remark, Dr. Telford was not a member of the C. C. F. now and had never been leader of the party. Mr. Weaver did not see where it was not logical to send a member to Ottawa in Opposition. There had been instances of where the small C. C. F. Opposition had been instrumental in forcing valuable legislation through the Houses both at Ottawa and Victoria.

It was quite conceivable, asserted Mr. Weaver, that there might be such a split in the result of this federal election that the C. C. F., by electing all its ninety-six candidates, would be the strongest party numerically in Parliament, thereby being called upon to form a government. The outcome of this would be a coalition of the two other parties, thereby bring about the unity of which one heard so much.

The Liberals and Conservatives, Mr. Weaver declared, were merely two sections of capitalism. The important question in this election, Mr. Weaver declared, was not supporting the man but supporting or refusing to support a system. "You are standing either for or against capitalism. I do not ask for your votes," declared Mr. Weaver, "I only say: If you do not know how to vote, God help you. If the people know enough to vote for themselves, I do not need to ask for their votes."

Disruption of Empire
Answering charges that the C. C. F. favored disruption of the Empire and Canada during war, Mr. Weaver referred to a statement of Hon. Ian Mackenzie in 1938 that it seemed a "nightmare and sheer madness" that every twenty years this country should be called upon to aid a continent that could not run itself and one by Senator Meighen in 1921 that never again would Canadian men be invited or required to participate in a European war without a free vote of the people. Evidently the C. C. F. should not dare to say in time of war what Liberals and Conservatives said in time of peace. Neither the C. C. F. nor the

ISLANDS LIBERAL

Islander Does Not Concede Much To C.C.F. and Conservative in Voting Tomorrow

By ISLANDER
SKIDEGATE, March 25.—Some political prophets who claim to know the pulse of the people of Queen Charlotte Islands predict that it will be a clean sweep for Olof Hanson tomorrow as Islanders are behind Mackenzie King in Canada's war effort. Others say the Queen Charlotte Islands will poll the biggest Liberal vote in their history.

Here is this writer's guess:
Masset—Liberal, 60 per cent; C. C. F., 20 per cent; Conservative, 20 per cent.

Port Clements—Liberal, 50 per cent; C. C. F., 50 per cent.
Tiefl—Liberal, 100 per cent.

Skidegate—Liberal, 80 per cent; Conservative, 10 per cent; C. C. F., 10 per cent.

Queen Charlotte—Liberal, 50 per cent; Conservative, 25 per cent; C. C. F., 25 per cent.
Sandspit—Liberals, 100 per cent.
Cumshewa—Liberal, 80 per cent; Pacific—Liberal, 100 per cent.

The writer does not venture to forecast the result of the military poll at Airford Bay air base as the members of the Air Force are strangers to him.
Capt. W. P. Armour returned to the city on Saturday night's train from a trip to Terrace and will sail on the Catala tomorrow afternoon for Vancouver on business.

War News

DIPLOMATIC MANOEUVERING
LONDON—Except for diplomatic manoeuvring which continues, Easter was quiet in Europe with distinct lull in the war activities between the Allies and Germany. There is an air of expectancy, however, that something is about to break of an important nature either in a diplomatic or military way. In the democracies, Parliaments are in recess for the Easter Week and in the totalitarian states the dictators have withdrawn to the background.

WESTERN FRONT QUIET
PARIS—The Western Front continues quiet with only patrol activity east of the Saar reported and little, if any, artillery and air action.

FLEE FROM EUROPE
WASHINGTON—Twenty thousand Americans, on account of the European war, have been driven home or to safer areas since last January according to figures compiled here. There were 63,235 Americans making their home in Europe this January as compared with 84,603 a year ago.

CANADIANS GET WINGS
CAMP BORDEN—Thirty-four new Royal Canadian Air Force pilots have received their wings here. All had started training since the beginning of the war. One of them is J. H. Roberts of Vanderhoof.

Canada Must Not Falter in the Present Crisis

Day to day European developments are so serious we must forget partizanship and petty bickerings.

ORGANIZING PROTECTION

What It Is Planned to do in Canada in Event of Country Being Air Raided

OTTAWA, March 25.—Necessary details for formation of Air Raid Protection units in Canada were carried out by a committee formed by the Department of Pensions and National Health. Besides members of the department's own personnel, two representatives of the National Defence Department and Col. A. E. Snell, Director of Ambulance of the St. John Ambulance Association, serve on the committee.

Units have been set up in Halifax, Sydney, Saint John, Quebec, Montreal, Nanaimo, Vancouver, Victoria and Prince Rupert. There are three emergencies possible in wartime for which the A. R. P. must prepare—an accident, similar to the explosion in Halifax during the First Great War, bombardment by enemy ships or warplanes or deliberate sabotage.

Protective Means
The measure of protection provided in each city varies, depending upon location, population, danger of interruption of water supply and vulnerability. However, the following are considered essential:
1. Air raid wardens, co-operat-

Designer and Fashion Editor Discuss Effect of Headgear on Leap Year Prospects

By ADELAIDE KERR
Associated Press Fashion Writer
NEW YORK, March 25: (CP)—Hats affect masculine hearts, proposals and the marriage rate, says one of America's leading hat designers. So give special thought to your Leap Year spring bonnet for it may help you to get your man.

One Nazi Vessel Sunk By Shellfire; Another Is Forced To Ground

Admiralty at London Acknowledges Sinking of Naval Trawler By Mine—Loss of Plane Also Admitted

LONDON, March 25: (CP)—British warships scourged the German North Sea shipping lanes in an effort to strangle Nazi trade with Scandinavia while suspicion mounted that the Reich might be trying to engineer a grab of Roumania's oil. Great Britain counts three blows against German merchant marine in the North Sea. The coal laden freighter Edmund Hugo Stinnes, 2189 tons, was sunk by shellfire Sunday near where a torpedo the day previous had sunk the 4497-ton ore carrier Heddenheim. The British also credited naval action with grounding of the 5,000-ton German freighter Ostprussen carrying coke.

Liberal Sees Blockade As Ineffective
LONDON, March 25: (CP)—Geoffrey Mander, Liberal member of Parliament, criticizes two war cabinet members—Sir John Simon, Chancellor of the Exchequer, and Sir Samuel Hoare, Lord Privy Seal—as being "heavy liabilities, both at home and abroad." Mander charged that large quantities of United States products were getting around the British blockade from United States to Germany by way of Vladivostok in Siberia. Cotton and tin were among the products which Mander declared were getting past.

SMITHERS WINS TWO
SMITHERS, March 25: (CP)—Smithers won both inter-High School basketball games here Saturday night from Prince Rupert, the girls' game by a score of 33 to 17 and the boys' 35 to 27.

The girls' game was not very fast. Smithers took an early lead and was never headed although towards the end play was a little closer. Scorers were:
Prince Rupert—McDonald, 6; Bremner, 4; Payne, 3; Armstrong, 2; Yamanacka, 2.
Smithers—Giraud, 20; Harding, 7; Swift, 6.

Boys' Game
The boys' game was fast and interesting. Smithers took an early lead by scoring three baskets and led at half time. Rupert then scored three baskets to assume the lead 21 to 20. The game then saw-sawed until near the end when Smithers pulled away.
Prince Rupert—Santerbane, 10; Holkestad, 11; Bussey, 4; Kihara, 2.
Smithers—McIntyre, 15; C. Emerson, 6; A. Emerson, 5; Mayer, 4; Leach, 3; Kilpatrick, 2.
C. Emerson was removed on account of personals in the last few minutes, Kilpatrick taking his place and scoring the final basket.

Getting Ready For Molotoff
Still Looks Like Russian Premier-Foreign Commissar Plans Visit to German Capital
BERLIN, March 25: (CP)—Indications here are that the German Foreign Office and the Russian embassy are preparing for a visit by Premier-Foreign Commissar Vyacheslav Molotoff. In Moscow, however, Tass News Agency said that reports of a visit of Molotoff to Berlin were without foundation.

POPE'S MESSAGE
ROME—Fifty thousand persons heard an Easter Mass by Pope Pius XII who, in one of the most important messages of his reign, made an impressive plea for peace on the bases of truth, justice and charity rather than on that of force.

THE LAST WORD

This is the last time we shall have the opportunity of saying anything about the election. By the time the paper gets out tomorrow the voting will be well along toward completion. It will be too late then to reconsider.

There are four candidates in the field. Our guess is that Hanson will get a good plurality and probably a majority of all votes cast. We are inclined to think the C.C.F. will run second and the Conservative third. That, we believe, is an unbiased opinion as to the result.

We wish to repeat here that we think Hanson has served the constituency well and, if elected, will continue to do so. We hear from all quarters that, when he is at Ottawa, he treats all alike—Socialists, Conservatives or Independents. He is careful to answer their communications and to lay before the proper authorities any suggestions they may have to make.

Repeating again what we have said before, we know that Mr. Hanson has the confidence of the leaders at Ottawa—Liberal, Conservatives and C.C.F.—and especially members of the present government, all of whom he knows personally. That gives him a particular strength and enables him to be useful to the public.

As to his policy, as we understand it, he is a supporter of the Mackenzie King government as long as he feels that it is carrying out Liberal policies. He is fully with the government in its war policy and believes in the British Commonwealth of Nations as one of the greatest factors making for the good of the world and the happiness of mankind.

We have nothing to say against any other candidate. All are, so far as we know, most estimable gentlemen but we do not know much about them. The Conservative is from Vancouver, the C.C.F. from New Westminster and Frank Morris of Terrace does not seem to have travelled much throughout the riding. Not many have had the opportunity of meeting him.

Prince Rupert is at a rather critical stage of development. While the main issue is the war, we cannot be blind to our own interests and the need of help in getting on our feet commercially. Hanson is the man who can help us there as he has done in the past. These are the reasons why we support Olof Hanson and why we urge the people of Skeena district to do the same. If we won't help ourselves by electing the right man we cannot expect others to help us.

FRASER ST. WINS TWO

Defeated Seal Cove and Fifth Avenue Prowlers in Basketball Saturday Night

Fraser Street won two games of basketball which were played Saturday night at Seal Cove Hall, taking the first by a score of 32 to 31 from Seal Cove and the second from Fifth Avenue Prowlers 47 to 32.

The Fraser Street-Seal Cove game was a nip and tuck affair from start to finish and the winning basket came in the final minute of play. Both teams had a hard time getting started in scoring.

Players and scoring:
Fraser Street—Arney, 22; Pavlikis, 6; Gurvich; Vuckovich, 4; Hingston; Alexander, totals, 32.

Seal Cove—Masaki, 6; M. Anderson, 4; Ole Slatta, 4; Nagasuye, 6; Ole Anderson, 7; Stesson, 4; total, 31.

Second Game

In the second game Fraser Street was handicapped by the loss of Vuckovich who had been hurt in the first game. The first quarter ended 10 to 4 in favor of Fraser Street. Arney was tops in scoring and Gurvich's passes were hard to get while Pavlikis clicked with his centre shots. Nishikaze was also good for Fraser Street. Carson and Large were good guards for the Prowlers and Holtby and Baker did well on the scoring line.

Fraser Street—Arney, 34; Pavlikis, 9; Gurvich; Alexander; Nishikaze, 4; Hingston; total, 47.
Fifth Avenue—George Baker, 20; Holtby, 10; Anderson, 2; Large; Carson; Hunter; totals, 34.

Q. C. CITY

The Credit Union study club groups are meeting in Queen Charlotte regularly once a week. Last week one group met at the home of Charles Valley while other members gathered at the other end of town at William Barry's house. Experience has proven that small groups not exceeding ten or twelve members are most successful. Plans to hold a general rally of the associated study clubs on March 27 were discussed at last week's meeting.

The boys of the Trail Rangers pour under the direction of Rev. Basil Hartley entertained the members of the Canadian Girls in Training one evening recently at the Manse. Games and contests were enjoyed. The boys served refreshments to their guests at the close of the enjoyable evening. Mrs. Hartley, who is leader of the C.G.I.T., helped in making the affair a success.

Friends of Mrs. Nick Shaffer paid a surprise visit to her home recently on the occasion of her birthday. The evening was spent at bridge and Chinese checkers. The hostess was the recipient of many lovely gifts. At midnight supper was served and then the games were resumed. Those present, besides the host and hostess, were: Mrs. E. Size, Mr. and Mrs. J. Molitor, Mrs. A. Gordon, Miss Channon, Mrs. A. Christensen, Mr. and Mrs. B. Munro, Mrs. R. McKenzie, Mrs. O. Hill, Mr. and Mrs.

Two good meetings, one at Dodge Cove and the other at Oona River, wound up the out-of-town federal election campaign of Olof Hanson at the week-end. A party consisting of Olof Hanson, E. T. Kenney, M. L. A., E. T. Applewhite of Stewart, P. H. Linzey and Knut Halberg visited these points. Crisp Evanson presided at Oona River and F. Schlesinger at Dodge Cove. Mr. Hanson this morning expressed himself as pleased with the reception he had received at all points. All meetings had been extremely friendly. He had met as many of the people of the district as possible during the limited time at his disposal.

Prince Rupert Needs Hanson

The Liberal Governments Have Always Favored This Northern Riding

They have given us an elevator which Manion personally operated and he is more interested in wheat and shipping through port William. They have now given us subsidies to help us establish Prince Rupert as a port.

They have given us a Federal building which was promised and paid for at the time government lots were originally sold.

They have instituted a defense scheme that was recommended in 1929.

They have started construction of a large airport, the possibilities of which are impossible to realize.

The Liberal government has voted \$250,000 for a northern highway.

They have constructed Fishermen's Floats in Prince Rupert estimating on possible extensions.

They are developing our vast hinterland by constructing a system of mining roads which, incidentally, open up farming lands and new timber lands.

They have provided our coastline with excellent dock or float facilities to aid the fishing and other industries.

Mr. Hanson has materially assisted in all the above legislation, and the elevator.

TRIP OF DIZZY HATS

(Continued from Page One)

by a flighty crazy one that left a dizzy angle. Reason: to think the girl is as good as her hats and not the other way around. The best home and happiest hats are extreme and the fewer men propose.

Your information, mesdemoiselles, don't quarrel with statistics. In New York the crazy hat epidemic average rate fell several per cent this year after the Eugene episode although other things, like the depression, may have had something to do with it, too.

For further information, on the things I have learned in hats: Brims, both small, color not too heavy, simplicity and detail make a becoming frame for the face.

Complete your education, on the things designers have done this year's spring bonnets.

About Brims
The brims is the brims. Those

that have made the latest splash and are most talked of right now stand off the face but there are still a number that pitch forward over the eye.

Another important piece of spring hat news concerns big roll-brimmed felt chapeaux with wide sides and fairly shallow backs and fronts. Some of these roll back from the face, others up on each side.

Color is a news note in the 1940 Easter chapeaux. Navy blue and black hats are splashed with scarlet or apple green. White hats (numerous) are touched with navy blue. There are also a number of colored hats—dusty pinks, misty blues, soft yellows and greens—and some plaid taffeta sailors.

Flowers, fruit and bird wings, liberally used, add to the vogue for color. Toques are covered with pastel flowers, white blossoms of red cossants and misted with a colorful veil film. Wings trim sailors or nest in flower toques.

All in all, the new Easter bonnets are chapeaux to which the men might well propose.

EASTER AT CHURCHES

Large Congregations Yesterday Despite Unfavorable Weather Conditions

Easter Sunday was observed with special services in all city churches yesterday and, despite the wet weather, there were large congregations both morning and evening. The various churches were decorated with seasonal flowers. Sermons were appropriate to the Easter occasion, emphasizing the Christian precept of divine conquest of death. There was special music also by the choirs.

To commune with the spirit of God through the worship of Jesus Christ should be the motivating factor in church attendance, declared Rev. H. G. Funston at morning service in First Presbyterian Church. Those to whom church going was a burden because there was not a good preacher, a good organ or a good choir had not caught the spirit of true religion. At morning service in this church the Junior Choir sang two special Easter numbers and, in the evening, under the direction of Mrs. E. J. Smith, an augmented choir presented the cantata "Christ Triumphant."

In First United Church Rev. J. C. Jackson spoke in the morning on the subject of "The Continuity of Life" and in the evening on "An Argument for Immortality." In the morning the Junior Choir, under the leadership of H. T. Lock, sang "When O'er the Steeps of Olivet" and "The Dawning of the Morning." In the evening the Senior Choir, under J. S. Wilson, sang "This is the Day That the Lord Hath Made."

The subject of Rev. E. E. Brandt at First Baptist Church in the morning was "The Eternal Hope" and in the evening "Immortality." There was special music both morning and evening.

Very Rev. James B. Gibson, the dean, conducted Easter services at St. Andrew's Anglican Cathedral. "For the Glory of the Lord," an anthem, was presented in the morning by the Cathedral choir under the direction of A. J. Lancaster. The church was beautifully decorated with lilies, daffodils and greenery.

In the morning at St. Paul's Lutheran Church Rev. J. H. Myrland conducted Easter festive services in Norwegian and in the evening in English. The Varden Singers rendered special music in the morning.

At the Salvation Army Citadel in the morning Captain Ivan Halsey's subject was "The Way of Complete Surrender." In the evening the Young People's Group, by special request, gave a repeat presentation of the Easter tableau "The Challenge of the Cross," there being also a dramatized song-sermon "The Pilgrim's Journey."

THE LITTLE BLACK HEN

The little old red rooster: "Gosh all hemlocks, things are tough, the worms are getting scarier; there simply aren't enough. They've become of all those fat ones; it's a mystery to me. There were thousands through that rainy spell; where the devil can they be?"

The old black hen, who heard him, didn't grumble nor complain. She'd gone through lots of dry spells, she'd lived through floods of rain.

"I've been on the grindstone and, as she gave her claws a whet, she looked to herself: "He can't kid me, there are lots of worms to get."

She scratched a new and undug spot; the earth was hard and firm. The rooster crowed, "You poor old simp, there's no place for a worm."

The old black hen just spread her feet and scratched most furiously. "I must get to the worms," she said. "The worms won't come to me."

The rooster wandered 'round all day and loudly did complain. "The ground's too hard for scratching, won't it ever rain again?"

When nightfall found him supperless, he cried in accents rough: "I'm hungry as a fowl can be. . . Gosh! Things are surely tough."

He returned then to the old black hen and said: "It's worse with you. For you're not only hungry but you're awfully tired too. I think it easy all day long—there were no worms around. You're all in and hungry too; from digging all that ground."

The old black hen hopped to her perch and closed her eyes to sleep. She cackled low in drowsy tones: "Young man hear this and weep. I'm full of worms and happy, I have dined both long and well. The worms are there as always—but I had to dig like hell."

"And let me tell you something more, if you think I'm all in, I'm plump and full and healthy while you are getting thin. The rainy days will come again, with round worms crawling 'round, and where'll you be by then, old cock, if you stop scratching ground?"

"And here's another thought, young man; it's useless to complain. Right now's the time to scratch like hell while waiting for the rain. Keep digging up new earth each day and, when the rain comes 'round, you'll find the worms most plentiful where you've scratched up new ground."
