Allied Blockade Being Extended

Steps Taken To Prevent Russia Both On North and South From Giving Assistance to Germany

Spread of War Both Directions is Being Risked—Other Nations Preparing to Get In—Reports of Russo-British Conflict Unconfirmed

ISTANBUL, Turkey, February 23: (CP)—The Russian steamship Svanetia was stopped and searched by a British cruiser near the southern entrance of the Dardanelles, it was learned today. Italian freighters were also searched in the first such general British action in these waters.

COPENHAGEN, February 23: (CP)—Allied warships began blockade of Russian waters off the Russian port of Murmansk today, the newspaper Berlingski Tidende reported. This report is in line with predictions that the Allies contemplated extending the blockade to prevent passage of German supplies through Norwegian waters and also through the Black Sea to the south. By both of these routes, it has been claimed that Russia has been co-operating with Germany.

There were rumors today that British war vessels had already come into conflict with Soviet naval craft but there was no confirmation. The Copenhagen newspaper said that British craft were strung out for a considerable distance to prevent shipment of Russian supplies to Germany and to halt any possible attempt to deliver Russian submarines to the German navy.

Setting up of an Allied command control in the Black Sea with the co-operation of Turkey is authoritatively reported to be contemplated. Diplomats in London said they had no information bearing out a dispatch for a Stockholm newspaper representing Soviet leaders as warning that interference by the Allies with Russian shipping would result in armed conflict. Nevertheless it is evident that Great Britain and France intend to proceed with the extension of the blockade in spite of any Russian warnings and will use their fighting arm in enforcing it.

The Allies have already charged Russia with aiding Germany by refueling Nazi ships at Murmansk and informed quarters at London said they had reason to believe that the same had been done recently in the vicinity of Petsamo on the Finnish Arctic coastal region held by Russia.

This accounts for the presence of units of the Royal Navy in Arctic waters. Some reports say that British warships are now concentrated in considerable numbers in these waters to insure that German vessels are prevented from using either Russian, Finnish or Norwegian waters in carrying out of their commerce. Meanwhile, Russia appeared to be preparing for action both in the Black and Caspian Sea areas. Naval, coastal defence and aerial forces are being put in readiness. At Baku, principal port of the Caspian Sea, blackouts have been ordered as a precaution against air attack. Interference with oil supplies from the Roumanian, Caucasus and other areas thereabouts would further strangle Germany. It is with this end in view that the Allies are now moving.

All of this may very probably involve Roumania, Turkey and possibly other countries in a spreading conflict drawing in Russia. Roumania continues to increase its armed forces and has banned the export of certain products which would be essential in warfare. Turkey is also taking wartime measures in connection with the control exports and imports and regulation of prices.

War News

NO BIRTHDAY VICTORY
HELSINGFORS—The twenty-second birthday of the Red Army was observed today without any spectacular victory in Finland, such as the capture of Viipuri, as Dictator Stalin had ordered. The Finnish command announced that the Mannerheim Line defenders had beaten back attacks along the entire width of Karelian Isthmus, killing about two battalions, or two thousand men, at one point and eight hundred at another. Northeast of Lake Ladoga the Finns captured "large quantities of war material" and wiped out Russian patrols farther north.

TO MEET HITLER
BERLIN—It was announced today that United States Under Secretary of State Sumner Welles will have a conference with Chancellor Adolf Hitler and Foreign Secretary Joachim von Ribbentrop next Wednesday or Thursday. He will be told about Great Britain's "piracy on the high seas" and other things.

TRAWLER IS SUNK

Twenty-one Members of Crew Lost After German Bombing—Three Nazi Planes Lost—Finn Ship Torpedoed

LONDON, Feb. 23: (CP)—Sinking of the naval 540-ton trawler Fifeshire in the course of renewed German aerial bombing attacks on North Sea fishing vessels was disclosed last night by the Admiralty. Twenty-one officers and men of the Fifeshire were lost, there being only one survivor. Another armed trawler was badly damaged but was able to make port safely. Berlin admitted that three German planes failed to return home.

The presence of a German submarine operating off the west coast of Eire was revealed last night with the picking up of an "S. O. S." message from the 2600-ton Finnish ship Rita, 50 miles south of Cape Clear, south-western point of Ireland, announcing that they had abandoned ship after torpedoing by a submarine.

The French high command in Paris today reported a "new wave" of German submarines operating against Allied warships and merchant shipping in the North Sea. Naval experts expressed the belief that the force is composed largely of recently constructed craft.

Bennett, former Prime Minister of Canada, and Hon. Vincent Massey, Canadian High Commissioner. Favorite hymns of Lord Tweedsmuir—"I Vow to Thee, My Country" and "When I Survey the Wondrous Cross"—were sung. Also present was Lord Tweedsmuir's second son, an officer of the staff of the First Canadian Division and successor to the baronetcy. The First Canadian Division had military service at Aldershot. In Edinburgh a service was held at St. Giles' Cathedral.

HEROES IN OLD LONDON

Men of Ajax and Exeter Entertained by Lord Mayor and Hear Churchill

LONDON, Feb. 23: (CP)—Seven hundred and seventy heroes from H.M.S. Ajax and H.M.S. Exeter, home after the battle in which the German battleship Admiral Graf Spee was so badly damaged that she scuttled herself, were entertained at a Lord Mayor's banquet in the guild hall today. Rt. Hon. Winston Churchill, First Lord of the Admiralty, and the captains of the Ajax and Exeter were speakers.

Paying tribute to the officers and men of the Ajax and Exeter, Mr. Churchill said that Great Britain had lost nearly three thousand men in sea warfare and he described the Graf Spee victory as "almost a relief." Mr. Churchill said that naval auxiliary vessels now totalled about 1700 and the number was increasing rapidly. He said that the rescue of merchant seamen from the German prison ship Altmark proved that "the long arm of British sea power can be stretched out not only for foes but for faithful friends."

Fifty Women Are Signed Up; More, However, Needed

Approximately fifty Prince Rupert women have already signed up in the British Columbia Women's Service Club but more recruits are still needed and the executive of the club has, therefore, decided that recruiting will continue for two meetings—one tonight and another on March 1. Mrs. G. Wharton, the organizer, is still confident that the women of Prince Rupert will respond to the appeal for support at the time of national emergency. Col. S. D. Johnston, officer commanding the Prince Rupert garrison area, has consented to the use of the Armory for drill purposes.

Million Dollar Contract Given Local Dry Dock

TWO MINE SWEEPERS TO BE CONSTRUCTED AT YARD HERE—WILL GIVE WORK TO 400 OR 500 MEN—PLANT TO BE OVERHAULED

Word was received today at the office of Olof Hanson that the contract had been signed at Ottawa whereby two new type mine sweepers will be built in the Canadian National Railways dry dock at Prince Rupert at a cost of some \$1,250,000. Canadian Press and special dispatches received by the Daily News, confirmed the announcement. The dry dock management itself had not been advised up to shortly before noon but it was expecting word momentarily. It is expected that work will be started almost at once in getting the plant in readiness to handle the work.

The work will involve the employment of some five to six hundred men.

Adequate facilities for the carrying out of the work already exist including foundry, machine shop and woodworking departments. Overhaul of wharves and other parts of the plant would be required but this could be speedily effected. The vessels would be built in the same berths where the old C.G.M.M. boats Canadian Scottish and Canadian Britisher were built twenty years ago. Special framework, as then, would have to be erected.

It is estimated that it would take about three months to get the plant in readiness for the carrying out of the work. Construction of the two mine sweepers would be carried out simultaneously and would probably take eight or nine months.

WORK FOR OTHER B.C. YARDS

Canadian Press dispatches said that additional contracts, amounting to more than \$8,000,000, had been awarded to British Columbia shipbuilders for the construction of fourteen mine sweepers. This was revealed in Vancouver shipping circles. Burrard Dry Dock representatives said that two of the vessels would be built at Prince Rupert in the Canadian National Railways dry dock. The Burrard company and North Vancouver Ship Repairs Ltd. had each been allotted six vessels. Previous contracts, amounting to \$6,000,000, had been awarded Vancouver and Victoria firms for constructing submarine chasers.

TAKE PRIDE IN NEIGHBORHOOD

It was suggested at the recent executive meeting of the Prince Rupert Horticultural Society that an effort should be made to induce people to take pride in their own neighborhood and help to keep it neat and tidy, cutting out unnecessary trees, trimming underbrush and generally trying to improve their own sections of the city. It was pointed out that this was rather a crucial time in the history of the city as the second growth was just reaching a stage where it would be more difficult to control in future. The idea seems to us to be an excellent one. People are judged by the appearance of the neighborhood in which they live and if one or two take the lead, usually improvement is seen.

INCREASE IN VOTERS

In Prince Rupert there are about four hundred more voters than at the time of the last election, according to the official records. This indicates that, irrespective of the army and navy, there is an increase in population in the city. Practically every house and apartment is taken and more houses are needed. When home building commences we shall feel that the city is well on the way.

ANOTHER TRADE PACT

Norway is the latest country to sign a trade pact with Great Britain. Prior to that Belgium and several other countries have made trade pacts, indicating that these countries are all anxious to do business with the Allies, war or no war. It was noticed too that, while the government of Norway was keenly neutral in the recent incident with Germany, the newspapers of the country were strongly with the British in their action in seizing the British prisoners on the Altmark.

I AM ADVERTISING

The Phoenix Flame is being quoted by several newspapers as follows:

"I am the dividend producer for your business, the money-making, order-taking, dull times force. I am the voice of rejoice; the psalm of service; the motive power of modern business. I go into the highways and by-ways; into the far corners and the niches; selling for you, telling for you upon quality; compelling for you the purse strings of a willing public to open wide the coffers and treasure chests of buying. I make trade spring from the fertile soil of hesitation; put your wares into the windows of the world; into the minds of millions. I make income out of out-go; assets of liabilities; gains of waste; safety of insecurity. I am the winged steed upon which your business can ride to the earth's uttermost distances and shake hands with a new trade. I am profits come to the rescue of deferred dividends. I am uncompromising; always ready; always steady; always on the job. I recognize no limitation in meeting your aspirations. Climactic Fourth Game In International Series Results In 54 To 46 Loss For Ketchikan

Prince Rupert Standard Oilers defeated Ketchikan All Stars by a score of 54 to 46 in the fourth and concluding game of the international basketball series at the Armory here last night. Thus the locals took the series decisively both on the games and total point count. The game count was three to one while the total points were 183 for Prince Rupert and 145 for Ketchikan. Following last night's game the Ketchikan players and fans sailed at midnight aboard the boat Eleanor on their return. Fans sailed early this morning aboard the boat Eleanor on their return home.

The game last night was a thrilling climax to a keenly contested and well played series of hoop games as has been seen for many a long day in Prince Rupert. Both teams were hitting on all five and it was a ding dong contest all the way with little to choose between the opposing quintettes. The pace was fast throughout and with both sides working hard for the victory which was in the balance until the end, the closing stages were particularly actionful and exciting. The speed of the play kept the referees busy watching for personals of which there were plenty dished out.

The crowd was not quite as large as on the previous night when the hall was packed to the point of discomfort although about 350 were present. It is estimated.

All players functioned well with Al Harris, the big colored college boy from Ketchikan, undoubtedly the star for his side. At guard, he was the playmaker but also got around a bit himself and accounted for nine points, only Phil Elliott, the Ketchikan centre, exceeding him in scoring. Art Hinkleman also did a good job in play-breaking. The Ketchikan team, having become acclimatized and more accustomed to the venue, showed improved co-ordination in play than on opening night.

Sonny Beynon, Severino Dominato and Angus McPhee all turned

in fine play for the locals, leaving little to pick and choose between them and being almost tied up as far as scoring honours were concerned. Bobby Houston was a stonewall at defence and Herbie Morgan played his usual steady game.

Progress of Play

Prince Rupert scored the opening basket but the count was tied up at four all and again at six all. Then the visitors moved up and, at one stage, were leading twelve to six. Prince Rupert then closing up the gap to make the quarter score 14 to 12 for Ketchikan.

Play continued close in the second quarter which was marked by the turning point in favor of Prince Rupert which emerged at the half time breather with the count 23 to 22 in its favor.

The locals forged ahead in the third quarter and were in the lead as much as ten points at one stage, the visitors, however, closing up the gap for a count of 34 to 26 at three-quarters time.

Early in the fourth quarter, the count became pretty tight at 34 to 31 but the Oilers got away to a spurge of scoring, principally through Dominato, who had been moved up from defence, and McPhee. With a rapid fire finish, the locals demonstrated their lasting powers in a crowd-tingling dash of speed which saw the play first at one end of the floor and then at the other, the final count being 54 to 46.

Individual scoring was as follows:

Ketchikan—Elliott, 14; Myking, 7; Harris, 2; Phillips, 6; Bussanich, 16; Hinkleman, 4; total, 46.

Prince Rupert—Morgan, 7; Beynon, 12; Holkestad, 4; Dominato, 14; MacPhee, 16; Houston, 1; Currie, total, 54.

Beynon and Dominato of Prince Rupert and Hinkleman of Ketchikan were bounced for personals.

The opening game of the evening was a contest between High School and Ben's News Stand which became a nip and tuck affair at the end with the School losing out 26 to 27 after having been ahead as much as 14 to 2 near the outset.

C. P. R. steamer Princess Adelaide, Capt. Henry Anderson, is due in port at 5:45 this afternoon from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

Exact Amount Of Tonnage In One Week Sunk

WHO LAUGHS LAST
 LONDON, Feb. 23: (CP)—"Last war I slipped through the British blockade and I'll do it again," boasted a Norwegian skipper in New York. He sailed and was caught in the blockade of 1940. "I was beaten fair and square," he said. "You are much too good."

LONDON, Feb. 23: (CP)—The exact amount of British and neutral tonnage lost in the war at sea last week was \$6,977 as compared with 78,193 tons in the second week of the war which was the previous high week.

Kincolith Church Army Celebrates

KINCOLITH, Feb. 22:—A celebration was held in the Church Army Hall here recently following the safe return of a Church Army party which paid a visit to Port Simpson. Mrs. Cecil Burton, captain of the Church Army Sisters, was the hostess. There was a large attendance and all present had a happy time. Some speeches appropriate to the occasion were made.

The next morning there there was a service in Christ Church and in the evening a service took place in the Church Army Hall. In the hymns, prayers and special music adults as well as children took part. The Church Army sisters reported on the trip to Port Simpson. Mrs. E. Morrison sang a solo with choral accompaniment and there were duets by Mrs. Cecilia Nelson and Lieut. Richard Watts.

PRESBYTERY SMITHERS IN SESSION

United Church Pastors of Cariboo Gather At Prince George

PRINCE GEORGE, Feb. 23:—The spring session of the Cariboo Presbytery of the United Church was held in Knox United Church, Prince George, last week. The Presbytery convened on Tuesday evening with the chairman Rev. R. J. Love, presiding, and Rev. G. B. Punter, secretary.

Following a helpful communion service, Rev. Hugh Dobson, D. D., led in a heart-searching discussion on "The Gospel for the Present Day" on Wednesday morning.

Rev. W. E. Fullerton was in charge of the worship period which set a good start to a very busy day for all present.

Favorable reports were given of the work of the various charges by their representatives.

The delegates enjoyed the warm hospitality of Rev. and Mrs. Fullerton and of members of Knox United Church.

Those present included Rev. J. R. Love and J. A. Fraser, Quesnel; Rev. M. G. Burnett, McBride; Rev. J. T. Burchill and Mrs. C. L. Dimmock, Smithers; Rev. Adam Crisp, Burns Lake; Rev. J. T. Nichols, Port Fraser; J. Kemp, Port Fraser; Rev. G. B. Punter and Mrs. Peeney and Rev. W. E. Fullerton, Mr. G. Roberts, Prince George.

SMITHERS CURLING

William Duff Kink Is Winner Of Hanson Cup This Year

SMITHERS, Feb. 23:—In the Smithers Curling Club tournament for the Hanson Cup the rink skipped by William Duff proved to be the winner for this year, having lost only two games out of eleven played. The runners-up were the Ward Carry rink and the Art Simpson rink, each with four losses. On account of the mild weather which suspended curling for a week all of the games in this tournament were not played but it had no bearing on the final outcome.

With a little colder weather curling was resumed Wednesday night in the bonspiel for a number of prizes and also in the shield competition. The first six games were played on Wednesday evening and, strange to say, all the top notch rinks in the cup tournament went down to defeat in the first encounter in the bonspiel.

ROBINSON IN DRAMA

"Blackmail," a prison drama starring Edward G. Robinson, and "Night Work," a family comedy with Mary Boland and Charles Ruggles, comprise a double bill picture program which was shown at the Capitol Theatre last night and will be repeated tonight.

In "Blackmail" Robinson is sent to prison for a crime he did not commit, escapes, sets up a new life under an assumed name and is later betrayed into the hands of the law by a former shipmate who had wormed his way into his confidence. How justice is finally meted out in a towering oil well fire forms the climax. Ruth Hussey plays the feminine lead as Robinson's wife and other featured parts are filled by Gene Lockhart, Bobs Watson and Guinn Williams.

In "Night Work" Miss Boland and Ruggles are involved this time in a story telling how they try to convince a testy old grandfather that they are fit parents to adopt his grandson permanently. "Night Work" also features Donald O'Connor, as "Butch," the boy Miss Boland and Ruggles want to adopt. Among the supporting players are Joyce Matthews, William Frawley, Billy Lee, and John Hartley.
