Spread Of Conflict To That Area Seems More Imminent Now

Many Developments Over Week-End Make Explosion in Balkans and Mediterranean Seem to be Very Close at Hand

Extension of the war to southeastern Europe seemed more imminent today than at any time since the first days of the conflict. Following were week-end developments: Turkish troops reported massing along the Greek and Bulgarian frontiers. Request of the British ambassador at Sofia to Bulgaria seeking permission for Allied and Turkish troops to pass through Bulgaria. German troop concentrations near the Yugo-Slav and Hungarian frontiers. Italian military activity near the Yugo-Slav frontier and naval concentrations in the Dodocanese Islands.

Appearance of Russian reinforcements in former Poland near the Ruthenian borders. Publication of German reports that the Allies are about to land troops at Salonika. (Official London said there was "absolutely no truth" in this.) Presence in the Aegean Sea of units of the Allied battle fleet. Enormous Allied naval mobilization off Egypt. A new spy scare in Hungary, resulting in the arrest of two hundred persons suspected of working for both France and Russia. Closing of Yugo-Slavia to all men visitors from Germany.

SETTLEMENT IS REACHED

Sinclair Oil Co. Comes To Terms With Mexican Government In Regard To Seizure Of Properties

WASHINGTON, D.C., May 6: (CP)—The Sinclair Oil Co. has reached a settlement with Mexico over seizure of oil properties, reliable sources said. In State Department quarters, however, opinion was expressed that the diplomatic controversy over Mexican expropriation of American and British oil companies' property would continue. In fact there is nothing in the way of a general settlement since the Mexican government has refused a proposal of international arbitration until after the full course of the Mexican courts has been exhausted. The United States Department of State will confer with Latin-American governments on the question.

GERMANY NOW DRIVING AGAINST NORTH NORWAY; MOVES TOWARD NARVIK

Plan, Apparently, is to Give Strong Aerial Support to Ground Forces—Britain Denies "Fantastic" German Successes

STOCKHOLM, May 6: (CP)—German aircraft flew over northern Norway in such numbers today as to indicate that the Nazis plan to attempt occupation of the northern half of the country as well as the south. Dispatches to Swedish newspapers said that more than one hundred German planes were observed yesterday flying in the direction of Narvik. From Berlin Germany claimed to have dispatched Alpine troops from the Ironstein area on a two hundred mile trek through the mountains in an attempt to aid Narvik troops. Chancellor Hitler ordered that the troops take Narvik at any cost, giving assurance that reinforcements were coming. Apparently the German plan is to support land forces with intensive aerial activity to drive the British out and bring the Norwegians under subjection. Present troop and aircraft movements would indicate that.

GOV'T TO GET TEST

Chamberlain Administration On Spot In Great Britain Following Failure Of Norwegian Campaign

LONDON, May 6:—With Prime Minister Neville Chamberlain, First Lord of the Admiralty Winston Churchill and Secretary for Air Sir Samuel Hoare as the focal figures for attack, L. C. M. S. Amery, Leslie Hore-Belisha and Alfred Duff-Cooper are expected to lead a vigorous attack against the British government this week. Churchill, in the Norwegian campaign, has been guilty of another Gallipoli, it is being said. In a caustic speech at Ipswich, Clement Attlee, Labor leader, said the government would be called upon to satisfy the people that everything possible had been done in Norway. At Southampton, Herbert Morrison urged a speeding up of the war effort, suggesting that Chamberlain, Churchill and Hoare resign, as being responsible for the Norwegian affair. The view of the British Labor Party, as expressed by speakers at the week-end, is that there can be no peace with Germany until Nazi military power is crushed. If it is not crushed, it will crush Great Britain. Peace with Germany by negotiation cannot be visualized, said one speaker, unless terms were guaranteed by United States and other powerful neutrals. Another spokesman said that Great Britain was fighting for her very existence. Fascist, Communist and pseudo-pacifist elements must also be dealt with. Unless an acceptable explanation can be made by the government on Tuesday, the possibility is seen of a vote of censure on Wednesday. The future of the Chamberlain government will rest, it is felt by observers, on the effectiveness of the explanation. Some newspapers are patient. Others are openly critical.

War News

NAVAL LOSSES—LONDON—Naval losses officially admitted today include the British destroyer Afridi and the trawlers Penn, Hercules and Leonora, each with nine men overdue and believed lost. The French navy ministry announces the sinking of the French destroyer Bison, which normally carried a crew of 209 men. The Polish naval staff announces the Polish destroyer Grom was sunk by a bomb in Norwegian operations, making the third destroyer loss announced today.

GERMANS BEATEN BACK—PARIS—After having had three outposts surrounded in one of the most powerful German onslaughts so far in the war, the French beat back the enemy with heavy artillery fire. It was a bloody engagement with the Germans suffering heavy losses while those of the French were insignificant.

HEAVY R. A. F. LOSSES—LONDON—The heaviest casualty list of the Royal Air Force so far in the war is announced—sixty killed, seven wounded and 52 missing and believed dead. Among those killed is Squadron Leader Kenneth Durand who led the British attack on Kiel and Wilhelmshafen on the opening day of the war.

TO ATTACK BRITAIN—BERLIN—Intensive air attacks upon the British Isles may mark the next phase of the war, it is said here.

VISITING ENGLAND—LONDON—The Norwegian foreign minister and defence minister are visiting London to confer with British military authorities on the campaign in Norway. Later they will go to Paris.

HAS BEEN ARRESTED

KAMLOOPS, May 6: (CP)—Provincial police headquarters here announce the arrest of James McInnis, 50-year old prospector, in connection with the killing of Harry Wilson, 49-year old trapper and University of Toronto graduate in the remote upper Clearwater Valley between here and Blue River. Wilson's body was found by a relief inspector who visited the cabin. He had been shot.

ITALY IN READINESS

Inquires From Great Britain About Massing of Navy and Sounds Warning

ROME, May 6.—Foreign Minister Ciano's newspaper published a warning to Great Britain and France over the massing of Allied warships in the eastern Mediterranean, calling for an explanation in regard to same. Italy is "completely invulnerable," it is claimed. There are eight million Italian bayonets ready with thousands of planes and guns and 340 naval vessels. There are 121 submarines strung along the Italian coast facing France and a perfect coastal defence system. Italy, it is further claimed, is in a position to close the Mediterranean. Italy also seeks an explanation from Great Britain as to why British merchant shipping has been diverted from Mediterranean waters. Meantime in addition to Alexandria, where the vast Allied fleet mobilization has been completed, strong units of the British fleet have assembled in the Aegean Sea east of Greece and south of Turkey off Salonika and Gallipoli at the mouth of the Dardanelles.

German Planes Over England

Thames Estuary And Shetland Islands Visited Saturday Night

LONDON, May 6:—German planes visited the Thames Estuary close to London and also the Shetland Islands Saturday night and British fighters went up to drive them off. There were no air raid alarms.

BUILDING COLLAPSE

Structure at Corner of Fraser Street and Fifth Street Fell Saturday Afternoon

Due to foundation weakness, an ancient building on the double corner at the northwest of Fraser and Fifth Street, owned by Henry Ross-Row of the United States and occupied by Japanese, collapsed Saturday afternoon, the Fraser Street front falling until the roof was made almost level with the sidewalk. The back of the 50 by 50 foot structure was evidently broken in the fall. Earlier in the day it had been heard creaking by passersby. The building had long been in a bad state of repair. Steps will be taken to have the ruin removed. It had served many purposes, once being a large pool hall, once a paint shop and once a tin shop.

Comadina And Mrs. Lambie Winners In American Tournament At Prince Rupert Club Courts

The formal opening of the Prince Rupert Tennis Club season took place yesterday at the Acropolis Hill courts with a keenly contested American tournament in which the winners, from among fifteen competing couples, were Johnny Comadina and Mrs. William Lambie. They were presented by William Cruickshank, who was in charge of the tournament, with a challenge cup. Group winners were Comadina and Mrs. William Lambie, Sergeant Britton and Miss Irene Mitchell, Commander Borrie and Mrs. W. N. Miller. In the play-offs Britton and Miss Mitchell beat Borrie and Mrs. Miller and then lost to Comadina and Mrs. Lambie by a score of 6 to 4.

NEW MARK IN SKIING

Hans Thorer of Switzerland Breaks Jasper Slalom Record

JASPER, May 6.—Another record to his credit, the Swiss skier Hans Thorer was on his way east today after three weeks' skiing in the vast Alplands of the Canadian Rockies. During his visit at Maligne Lake he lowered by four seconds the Trapper's Valley giant slalom record set earlier in the season by Norman Rault, Northern Alberta champion. Accompanied by Mrs. Thorer and Mary Louise Schott of Santa Barbara, California, the noted European, who now makes his home in New York, enthusiastically ranked the new Trapper's Valley Skiing area the equal of any of Switzerland's winter resorts. He predicted a bright future for Canadian Skiing.

## A DISPLAY OF STRENGTH

When Great Britain and France heard that Italy was preparing to launch an attack somewhere in the eastern Mediterranean countries they acted quickly and assembled a great naval armada at Alexandria, one of the greatest ever seen in any part of the world. Their quick action was intended to show the world what they were able to do in case they were attacked or in case any allied country was attacked in that quarter of the globe. Evidently it had a good effect, temporarily at least.

## Recent Bride Given Shower

Mrs. A. H. Iveson Is Hostess In Honor of Mrs. Otto Lindstrom

Last Friday evening the home of Mrs. A. H. Iveson, 741 Fifth Avenue West, was the scene of a pretty shower in honor of Mrs. Otto Lindstrom, formerly Miss Mildred Disher, whose wedding took place recently.

The buffet table was centred with a prettily decorated shower cake, mounted with a lovely miniature bride and pink streamers. Vases of small pink daisies also adorned the table.

Following arrival of the guests, Mrs. Lindstrom was presented with many lovely and useful gifts which were contained in a bassinette which was decorated for the occasion with fancy crepe paper.

The evening was spent in playing Chinese checkers and later delicious refreshment were served.

Invited guests: Mrs. H. Grayston, Mrs. H. Perkins, Miss Bonnie Perkins, Miss Irene Giske, Miss Ada Rose, Miss Beth McCubbin, Mrs. H. Halliday, Miss Cathie Giraud, Miss Jean Hill, Miss Marjorie Allen, Miss Beatrice Hunter, Mrs. Earl Becker, Mrs. L. Rann, Mrs. Lindstrom and Mrs. V. H. Hanson.

## Maytime Pageant At United Church

Delightful Affair On Saturday Afternoon Was Well Attended

A delightful and highly successful Maytime pageant and tea was held Saturday afternoon in the parlors of First United Church under the auspices of the Women's Missionary Society. Feature of the proceedings which lent a festive note of spring was the crowning of the Queen of May. The May Queen was Miss Betty Chartrand who wore a pretty gown of white, trimmed with touches of mauve and pink. The maids of honor were Kay Nickerson and Betty Wide who wore dainty flowing dresses of spring pastel shades. All carried old-fashioned bouquets and the attractive flower girl, Alice Nickerson, scattered flowers as the Queen ascended her throne.

Others taking part in the May songs were Dishka Penoff, Gwendy Jenner, Anna and Donna Petroff, Lorna Howe, Rose Marie Hartwig, Jean MacEwen, Kathleen Hills, Marguerite Wide, Margaret Sutherland, Enid Young, Edna Gardner and Ikar Korhenan.

Many parents and friends were in attendance, helping to make the affair very successful.

## Mother-Daughter Tea By C.G.I.T. Is Delightful Event

The home of Mrs. H. W. Brocklesby was the scene on Saturday afternoon of a delightful Mother and Daughter Tea, held by the girls of the Presbyterian Canadian Girls in Training group. The guests, including about fifteen mothers, were received by the hostess and Miss Molly Frew, president of the group.

The affair was opened with a welcome to the mothers extended by Miss Annie Peterson on behalf of the girls. Each girl then welcomed her own mother in a novel way by presenting her with a small corsage of carnation and fern. While this was being done Molly Frew rendered the vocal solo "Mother" accompanied by Mrs. E. J. Smith. Then there was a piano solo by Pat McClymont. Pat Brocklesby sang "If Mothers Could Live on Forever," accompanied by Mrs. E. J. Smith. A piano solo by Bernice Eastwood brought the musical program to a close.

Mrs. H. G. Funston, leader of the group, extended thanks, on behalf of the girls to Mrs. Brocklesby for the use of her home; to Mrs. D. C. Stuart and Mrs. E. J. Smith who assisted by pouring; and to Mrs. Harry Calderwood who supervised in the kitchen.

A personal presentation was made by Mrs. Funston to Miss Annie Peterson in appreciation of the work she has done among the girls this past winter.

Members of the C.G.I.T. were servers and Marjorie Tupper was the announcer. Tea was served, bringing an enjoyable afternoon to a close.

## Ministerial Problems In Militia Town

Problems in connection with ministrations arising out of war conditions and the establishment of Prince Rupert as a military centre occupied the most of the attention of the Prince Rupert Ministerial Association at its regular monthly meeting this morning. Rev. C. H. Durnford, local garrison chaplain, brought these matters up. Business was otherwise of a routine nature. The president, Rev. J. C. Jackson, was in the chair. It was decided to suspend regular monthly meetings until October.

**FOREIGN EXCHANGE ACQUISITION ORDER**

**IMPORTANT NOTICE**

As announced by the Minister of Finance, the Foreign Exchange Acquisition Order, 1940, has been enacted by Order-in-Council under the authority of the War Measures Act.

Unless exempted by the Order, every resident of Canada who, on May 1st, 1940, has any foreign currency in his possession, ownership or control, whether in Canada or outside Canada, is required forthwith to sell such foreign currency to an Authorized Dealer (i.e. a branch of a chartered bank) for payment in Canadian dollars at the official buying rate of the Foreign Exchange Control Board.

"Foreign currency", for the purposes of the Order, means any currency (excluding coin) other than Canadian currency and includes bank notes, postal notes, money orders, cheques, travellers' cheques, prepaid letters of credit, bank drafts and other similar instruments payable in any currency other than Canadian currency, and also includes any amount in foreign currency of which a resident has a right to obtain payment by reason of a deposit, credit or balance of any kind at or with a bank, savings bank, trust company, loan company, stockbroker, investment dealer or other similar depository.

The Order does not require the sale of any foreign securities.

The Order does not affect any foreign currency, deposit or securities of any non-resident of Canada and for greater certainty the Order expressly declares that a non-resident visiting Canada for business or pleasure for a period or periods not exceeding six months in the year continues to be a non-resident for the purposes of the Order unless such person enters or has entered Canada with the intention of becoming a permanent resident.

No resident is required to sell any foreign currency if he satisfies the Foreign Exchange Control Board that he held such foreign currency on May 1st, 1940, solely as trustee or agent for a non-resident and that the non-resident's interest therein had not been acquired from a resident since September 15th, 1939, except in a manner approved by the Board.

Under certain conditions stipulated in Section 1 (b) of the Order, a resident who is not a Canadian citizen may be granted exemption, but only after application for exemption is approved by the Board.

No life insurance company incorporated in Canada is required by the Order to sell any foreign currency which it needs for the purpose of carrying on its business outside Canada.

Further particulars may be obtained from branches of chartered banks. Any resident who has any foreign currency in his possession, ownership or control on May 1st, 1940, regardless of amount, should consult his bank at once in order to ascertain the extent to which he is affected by the Order.

**God's Plan Is Working Altho World Chaotic**

In this distraught and seemingly chaotic world of today God is working out a plan. Rev. H. G. expressed confidence to effect at his morning service the Presbyterian Church yesterday. "Man's Chief End" was the subject. Prayer and praise Sabbath was but a feeble offering in the glorification of God.

There was little hope for those who were convinced of their own righteousness. There was more hope for that person who felt hopeless of his own worth in God's eyes. Man should not be deterred by desire for his own pleasure or fear of ridicule in living and proclaiming Christianity.

## Whifflets From The Waterfront

First big yacht of the season to visit Prince Rupert, the Principia of Seattle is leaving today for a three weeks' cruise to Gardner Canal and various waters hereabouts after having been in port since Thursday tied up at the floats of the Armour Salvage Co. The handsome vessel was brought north from Seattle by her crew and was joined yesterday by her owner, Kingsley McComber, an Eastern United States business man, and party who arrived on the steamer Princess Louise from the south. The Principia is a vessel of ninety feet length equipped with two 50 h.p. Atlas diesel engines. Luxuriously appointed and fitted with everything of the latest both for navigation and comfort, this is not the Principia's first visit to Prince Rupert. Capt. Walter Smith is the Skipper.

The new Anglican mission boat Western Hope, just completed here for service on the Queen Charlotte Islands, will be leaving today or tomorrow for Massett to be commissioned in her ecclesiastical duties with Rev. Alfred Abraham in charge.

With an almost capacity list of passengers on board, C.P.R. steamer Princess Louise, Capt. S. K. Gray, arrived in port at 8:30 yesterday morning and sailed at 10 a.m. for Skagway and other northern points whence she is due back here next Friday afternoon southbound. Fourteen passengers left the Princess Louise here while seven went aboard at this port.

Again delayed by heavy freights for points along the coast, Union steamer Catala, Capt. James Findlay, arrived in port at 12:45 midnight last night from the south and sailed a couple of hours later for Stewart and other northern points whence she is due back here tomorrow afternoon southbound.

The fine afternoon yesterday attracted many to the water and it might be said to have been the inauguration of the harbor boating season. Picnic parties were hurriedly organized. The Salt Lake was a popular centre, many going in for their first dip of the year.

With the installation of a V-8 motor, Croft Brook is reported to be getting good results in the way of speed from his 31 Tbe which has been doing considerable running around the harbor.

The dry dock yards continue a hive of industry as work of getting the plant in readiness for the war shipbuilding program continues. The work includes repair and renovation of the railway tracks through the yard, a large B and R crew being stationed there with its own train.

Keep up to date. Advice required.

## Colonial Days Are Recalled

A. Attree Is Speaker At Meeting Of Terrace Board Of Trade

TERRACE, May 6.—The Terrace Board of Trade held its regular monthly meeting on Wednesday at Willie's Hotel, guest speaker being A. Attree who chose for his subject "The Barr Colony," some experiences in connection with which the speaker has had in the past. The address proved very interesting. Some of the episodes evoked memories of pioneering ambitions among those present—of bogged wagons, refractory horses, lost trails and, not least of those remembered miseries, the armies of mosquitoes who shared the out-of-doors meals with the hardy, inexperienced, though venturesome pioneers from the urban areas of old England.

President Harry King added testimony from his experiences at farming in the same period.

The meeting was fairly well attended and some progress was reported by Secretary Kerr with the railway authorities in regard to converting the waste land near the depot into an ornamental park.

## Bride-Elect At Burns Lake Is Shower Honoree

BURNS LAKE, May 6.—A large gathering comprising nearly all the ladies of Burns Lake assembled at the home of Mrs. John Gowan to honor Miss Olga Hamre who will be married shortly to Ted Thompson, popular farmer of Tatalrose. Hostesses were Mrs. F. Trousdell and Mrs. Gowan who were ably assisted by ladies of the town and district. Numerous gifts were presented to the bride-elect, being carried in by little Misses Margaret Gowan and Kirky Gowan who were costumed as a bride and groom.

The bride-elect appropriately expressed her appreciation.

by JOHN CLINTON

I just saw a movie that you ought to see. The trouble is, I don't know how you're going to see it. Some of our engineers made it a while back, and it's a dilly.

It shows what happened to two motors which started out in life without any carbon in their cylinders. They were each driven 6000 miles over the same roads. At the end of that time, the engineers took the lids off the motors, and what do you think they found?

Nope, not Scarlett O'Hara. But in the motor that had been driven with one kind of oil there was a lot of carbon. Enough to make the motor ping on the least excuse.

However, in the other motor—the one that had been driven with Triton Motor Oil, on my word of honor, there wasn't enough to make the least practical difference. What little there was, was so soft you could scratch it with your finger nail.

Triton forms very little carbon itself. The movie showed that. And because it forms so little, it will allow your motor to burn up most of the old carbon formed by other oils and blow it out the exhaust pipe! In other words... Triton changes Ping to Purrr!

And just in case you're a skeptic and you don't believe me, or the movie I saw, you have your crankcase filled with Triton Motor Oil this very day. Then drive 2 to 3 thousand miles, and see for yourself. You'll never use anything else, I can promise you.

## RING 103 YEARS OLD

A very charming wedding of much interest was solemnized at the Deanery on Friday evening at 8:30 when Miss Elizabeth Ruth Chandler, daughter of Mr. and Mrs. F. W. Chandler, was united in marriage by Very Rev. J. B. Gibson, D.D., Dean of St. Andrew's Cathedral, to Lance-Corporal James Cowgill of the Royal Canadian Corps of Signals whose father and mother are residents of Lethbridge, Alta.

The bride, given in marriage by her father, was beautiful in a white satin floor length gown with matching bolero and finger tip veil of white net with orange blossoms. She also wore gloves of white lace and white shoes to match. She carried an exquisite bouquet of roses and carnations.

Miss Eva Chandler, a sister, was bridesmaid. She wore a floor length gown of rose with white accessories to match. Her bouquet was of snap dragons, iris and carnations. The groomsmen were Sergt. R. S. MacNeil.

The bride's mother wore a rust frock with hat and gloves to match. As the bride and groom entered the home of the bride's parents where a reception was held, the Wedding March was played by Miss Hilda Bond. The bride and groom received the guests under a large white wedding bell.

Music was supplied by J. Bond, on the accordian, and F. Cameron, on the piano. During the course of the evening Miss Hilda Bond sang "I Love You Truly."

At 12 o'clock the bride cut the wedding cake. Their many friends joined in wishing them a long and happy wedded life. The happy

couple are making their home at 316 Second Street. Of outstanding interest in this wedding was the wedding ring and keeper which was presented to the groom, James Cowgill, by the father of the bride, F. W. P. Chandler. This was the wedding ring and keeper of the great grandfather and grandmother of the bride, William and Martha Chandler, who were very happy lives and were married in the year 1836. One hundred and three years ago at Bristol, Gloucestershire, England. If you have something to try a Classified Ad.
