Huge Attack By Royal Air Force

Enemy Territory Receives Its Fiercest and Most Widespread Attack So Far In Present War

Churchill Urges Frenchmen Throughout World Stand Firm And Share Victory With Britain

LONDON, October 21.—In a radio address to all Frenchmen in the world today, Prime Minister Winston Churchill urged them to remain steadfast to the true cause of their country in spite of present vicissitudes and, wherever possible, to join the Free French cause. Mr. Churchill gave one of his characteristically spirited addresses, in English, then in French.

"Never," said Mr. Churchill, "will I believe that the soul of France is dead." Instead, he was confident it would continue to live as one of the great nations of the world. His crimes, said Mr. Churchill, will bring retribution which many of us will live to see. The story was not ended. On Hitler's Track "We are on his track," growled the Prime Minister in typical fashion. "So are our friends across the Atlantic and yours too. We will destroy him, and all his gang and all his works." Mr. Churchill invited all Frenchmen to share in the victory over Hitler. "If you cannot help us, then at least do not hinder us. We shall never stop. Never again, we shall never give in. We are resolved to free Europe of the darkness and to save all the world from darkness."

AXIS DRIVE IS LOOMING

Reports Persist of Demands Being Made Upon Greece—Drastic Concessions Sought

A tense situation continues in Balkans today but there are no new developments of importance.

CAIRO, Oct. 21: (CP)—Reports persist here of an impending Axis drive to the East which appears aimed directly at Greece, diplomatic circles telling of Italian-German pressure on Athens for territorial, governmental and economic concessions. Greek diplomatic sources here say that they have learned the Axis powers are demanding concessions of Greek territory to Italy and Bulgaria, reorganization of the Greek government, severance of trade relations with Great Britain and the right to use certain Greek air bases.

VISIT IS INFORMAL

General Entertained Family Style by President Roosevelt

BRIDGE PARK, Oct. 21: (CP)—The Earl of Athlone, Governor General of Canada, and Princess Alice, with their daughter, Hon. May Smith, spent the week-end informally with President and Mrs. Franklin D. Roosevelt. Arriving at mid-morning in two special cars attached to regular express train, Mr. Roosevelt went to Poughkeepsie to meet them. Saturday evening there was an informal family dinner with the president at the head of the table. Mr. Roosevelt, who had been in the west to visit her family, got home by plane in time for church Sunday morning. The grand Duchess of Luxembourg attended luncheon yesterday with President and Mrs. Roosevelt and their vice-regal guests. Today the Governor General and Princess Alice are visiting New York.

BOMBING HIGHWAY

But Traffic is Maintained for China On Burma Road

HONG KONG, Oct. 21: (CP)—Japan is carrying on what appears to be a systematic campaign to render the Burma Road useless. This campaign was started when Japan made its inaugural air raid on Kuming, the Chinese terminal of the road shortly after the first trucks had arrived there enroute to Chungking. This, it was stated in Tokyo, was only the preface to fiercer and continued attacks not only on Kuming but to other strategic points on the winding mountain road. Over the week-end there was continued bombing of the Chinese section of the line. Japanese claimed to have destroyed strategic bridges in Yanam province as well as trucks.

Despite bombings, however, trucks are still moving Chinward today in large numbers and at Chungking Chinese officials are greatly heartened and enthusiastic.

RUSSIA SENDS NOTES

BUDAPEST—The Russian government is reported to have sent two notes to Berlin seeking explanation of German troop movements in Rumania.

Bulletins

NO OCCUPATION YET OTTAWA—There will be no occupation by U. S. of bases in Canada or movement of United States troops into Canada until such an emergency as invasion arises, declared Col. O. M. Biggar, chairman of the Canadian section of the Joint Board of Defence, last night. He said, however, that there must be co-operation on both Atlantic and Pacific coasts against direct attack by "international gangsters."

SQUAMISH FLOODED

VANCOUVER—After dynamite had been used to change its course, flood waters of the Souamish River are receding and residents are returning to their homes which almost all had to leave. Provincial Constable D. W. Taylor reports. The line of the Pacific Great Eastern Railway suffered damage. Bridges were washed out and traffic disrupted. Floods at Bella Coola, where two families, were marooned, are reported under control.

CHASED BY SUBMARINE

NEW YORK — The British steamer Loch Lomond, which left Sydney, Australia, September 4, reported she was being chased by a submarine 400 miles west of the North Irish coast.

Double Tragedy On Rail Line

BRAVE OLD LONDON IS TAKING IT

Heavy Enemy Air Assault Finds British Capital Unflinching—Widespread Attack Over Week-End

LONDON, Oct. 21.—The forty-fourth consecutive night of air raiding on London was of shorter duration than usual last night, the all clear coming at 3:30 a.m., but the attack was very heavy at first, later lightening off until it was over. The enemy also struck again at the Midlands and the northwest including Liverpool. Last night's attack followed that of Saturday which was admittedly one of the largest scaled and heaviest to date in the war, damage being severe and an undetermined number being killed and injured.

The enemy planes came over Saturday night in waves of fifteen or twenty every five minutes and dropped clusters of bombs. Many fires were started and the places struck included a well known hotel and cafe, a hospital, medical school and more dwellings. A number of men were killed when a bomb dropped in a bar. Several persons, including children were killed in a public underground shelter.

The German air siege eased up not only on London Saturday but elsewhere throughout Britain. A single raider bombed a Midlands town, dropping low over a new industrial building and then machine gunning some workmen. No casualties are reported. The Press Association reported a dozen bombs dropped on a southeast coast town when Royal Air Force fighters attacked a Junkers plane.

Engineer and Fireman, Both Widely Known, Die in Bridge Collapse

J. C. Carpenter and S. J. Mayer Lose Lives as Locomotive Plunges Into Water at Lorne Creek

A Canadian National Railways passenger train which left Prince Rupert on Friday evening for the East met with disaster on the Lorne Creek bridge about 125 miles east of Prince Rupert Saturday night, its engine and tender plunging off the track after a bridge collapsed and becoming embedded in gravel below flood waters of the creek with Engineer J. C. Carpenter and Fireman S. J. Mayer, both of Smithers, missing and apparently either killed or drowned. Clearing up of the line by wrecking crews rushed from Prince Rupert on one end and Smithers on the other had to be awaited before the scene of the tragedy could be reached, there being other slides and washouts along the line. Railway officials at Prince Rupert announce that all others legally on the train were accounted for and safe although rumors were current in the city that transients were riding the engine at the time.

The accident occurred at 10 o'clock Saturday night after the eastbound train had been delayed for several hours by other slides and washouts further west. The east approach of the bridge evidently collapsed under the weight of the engine. It appears that the engine, tender and one freight car broke off from the rest of the train which was left standing on the bridge until a locomotive was able to get through from the west yesterday afternoon and pull it back to Pacific. Prior to this another slide had developed two miles west of the tragedy and this had to be cleared before the wrecking equipment could be got through. To the east around Hazelton and the Bulkley Canyon there were also slides which were holding up the regular westbound passenger train, ordinarily due at Prince Rupert Saturday night, as well as wrecking equipment from the Smithers end.

The bodies of Carpenter and Mayer had not been extricated up to this morning. Superintendent James Clark is on the line directing track repair work. There have been several washouts and slides. Provincial police officers have arrived at Lorne Creek to search for the bodies of victims. William Upston and Otto Thom, it is said, may have been riding the train as transients.

HIS FAMILY GONE

LONDON, Oct. 21: (CP)—Helping in the search of the debris of his bomb smashed home L.-Cpl. Hedley Beedle found the body of his two-year-old son. The soldier collapsed. Later on the bodies of his wife and another son were taken from the wreckage.

Another Invasion Attempt May Have Been Broken Up By Channel Onslaught—Northern Italy Suffers Heavily

LONDON, October 21.—The Royal Air Force unleashed its fiercest and most extensive and effective air attack of the war on the enemy yesterday, the fury reaching its peak last night when the assault extended to Berlin and all the way to Northern Italy. It was believed by some observers that another possible invasion attempt from the Channel coast was broken up. The Royal Air Force planes ranged over the week-end as far as Tromsø on the northern coast of Norway where a seaplane base was attacked, several fires being started and one enemy supply ship being "almost certainly" struck and damaged. One British plane failed to return from Norway.

CRANBROOK, Oct. 21: (CP)—Frank Sylvester, 21 year old Indian, was convicted on a charge of murder Saturday and sentenced by Mr. Justice A. M. Manson to be hanged on January 21. Sylvester was found responsible for the deaths of John Dundie and Harold Forester, whose remains were found in a burned house in Windermere Valley.

Editorial

IS FIFTH COLUMN WORKING IN PRINCE RUPERT?

What looks like Fifth Column activity is reported in this military area. Word has been passed around to the effect that military officers here have been profiteering by the government purchase of property for military purposes.

On another page is a denial from one firm that any property of theirs has been purchased by the government. It is also understood that a lot owned by Dr. Cade was inadvertently built upon for military purposes but that no claim has been put in for compensation.

The city has sold several lots to the government at Westview but the purchase was not known to the local military authorities until after it had taken place. A number of lots owned by the provincial government are said to have been given free of costs.

City property used by the military on Sixth Avenue was given without charge, most of it being park reservation.

Investigation shows that local military authorities have had nothing whatever to do with any property transfers and have not benefited to the extent of one dollar from any such transfers. Statements to the contrary might emanate from fifth column sources and tend to retard the local war and Red Cross efforts.

AN EXPLANATION

Editor, Daily News: Insidious rumors have just reached us concerning the properties at present being utilized by the government for emergency purposes in the vicinity of McBride Street and it would be appreciated if you will kindly publish this in order to refute these rumors.

We are the registered owners of Lot 1, Block 30, Section 5 one of the lots in question. This property has not been sold, nor has there been any suggestion or negotiation for a sale, lease, rental or occupancy of this property. The buildings were erected thereon without our permission and, as we at the moment had no definite plan to make use of the property, we have offered no objection to the matter of the government using it in the present emergency.

At the time matters were being discussed at the property I met the Acting City Commissioner on the street and inquired of him what it was all about. He informed me the government had approached me for permission to use the city property in that vicinity and such permission had been granted. Later I understood the person handling this matter had assumed that all the properties now used belonged to the city.

REPORTS TO HIS CHURCH

United Church Congregation Hears About General Council Sessions

At First United Church yesterday the pastor, Rev. J. C. Jackson continued his account of the General Council of the United Church of Canada held recently in Winnipeg.

Right from the beginning with its declaration of loyalty the council was ever conscious of the titanic struggle in which the world was engaged and which the church stood firmly behind ready for uttermost sacrifice. The War Service Committee reported on the forty-five members engaged in the chain and auxiliary services. The church was also fully supporting the Red Cross Society with 50,000 women in three thousand groups working steadily. Every member of the military, air force and naval services had been supplied with a pair of socks. There was no jingoism but a stern appreciation of the right and the need for the whole backing of the church and its resources.

The urban problem was changing with the changing of urban populations and new remedies were being considered to rectify an unsatisfactory situation. A sign of the true democracy of the church was the reception of one hundred and seven memorials from individuals, groups and congregations. These were referred to the various committees where they received due consideration. The Home and Foreign Missions were ably represented by delegates—one from Honan, China; one from India, one from the mining camps of northern Ontario and Rev. Peter Kelly, chief of the Haidas, whose address was a notable feature of a notable council.

The report of the Women's Missionary Society was an astounding revelation of successful organization and effective execution. A commission reported very fully with a presentation of a statement of faith.

Dr. R. G. Large was soloist, giving a very fine rendering of Louise E. Stal's "A Prayer."

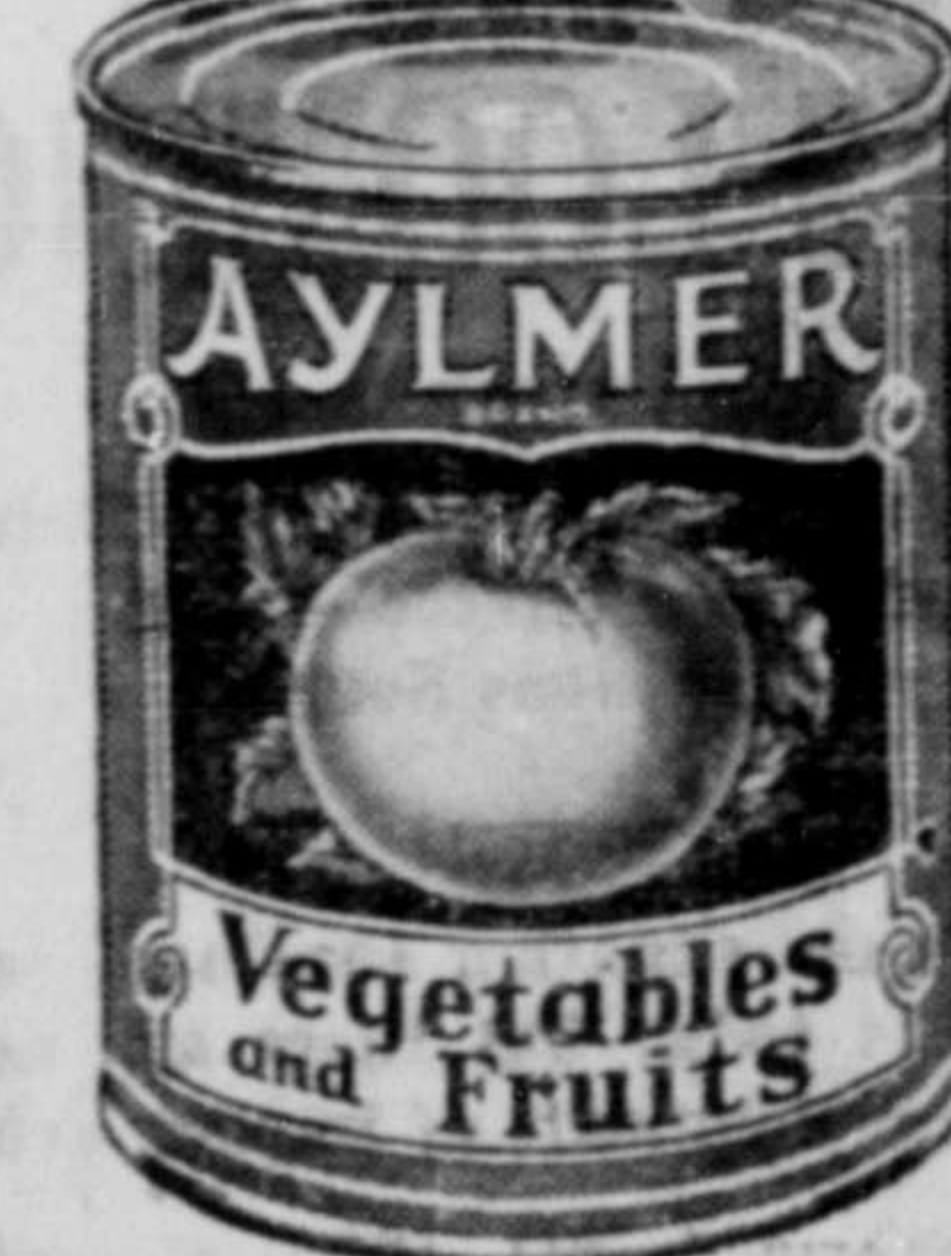

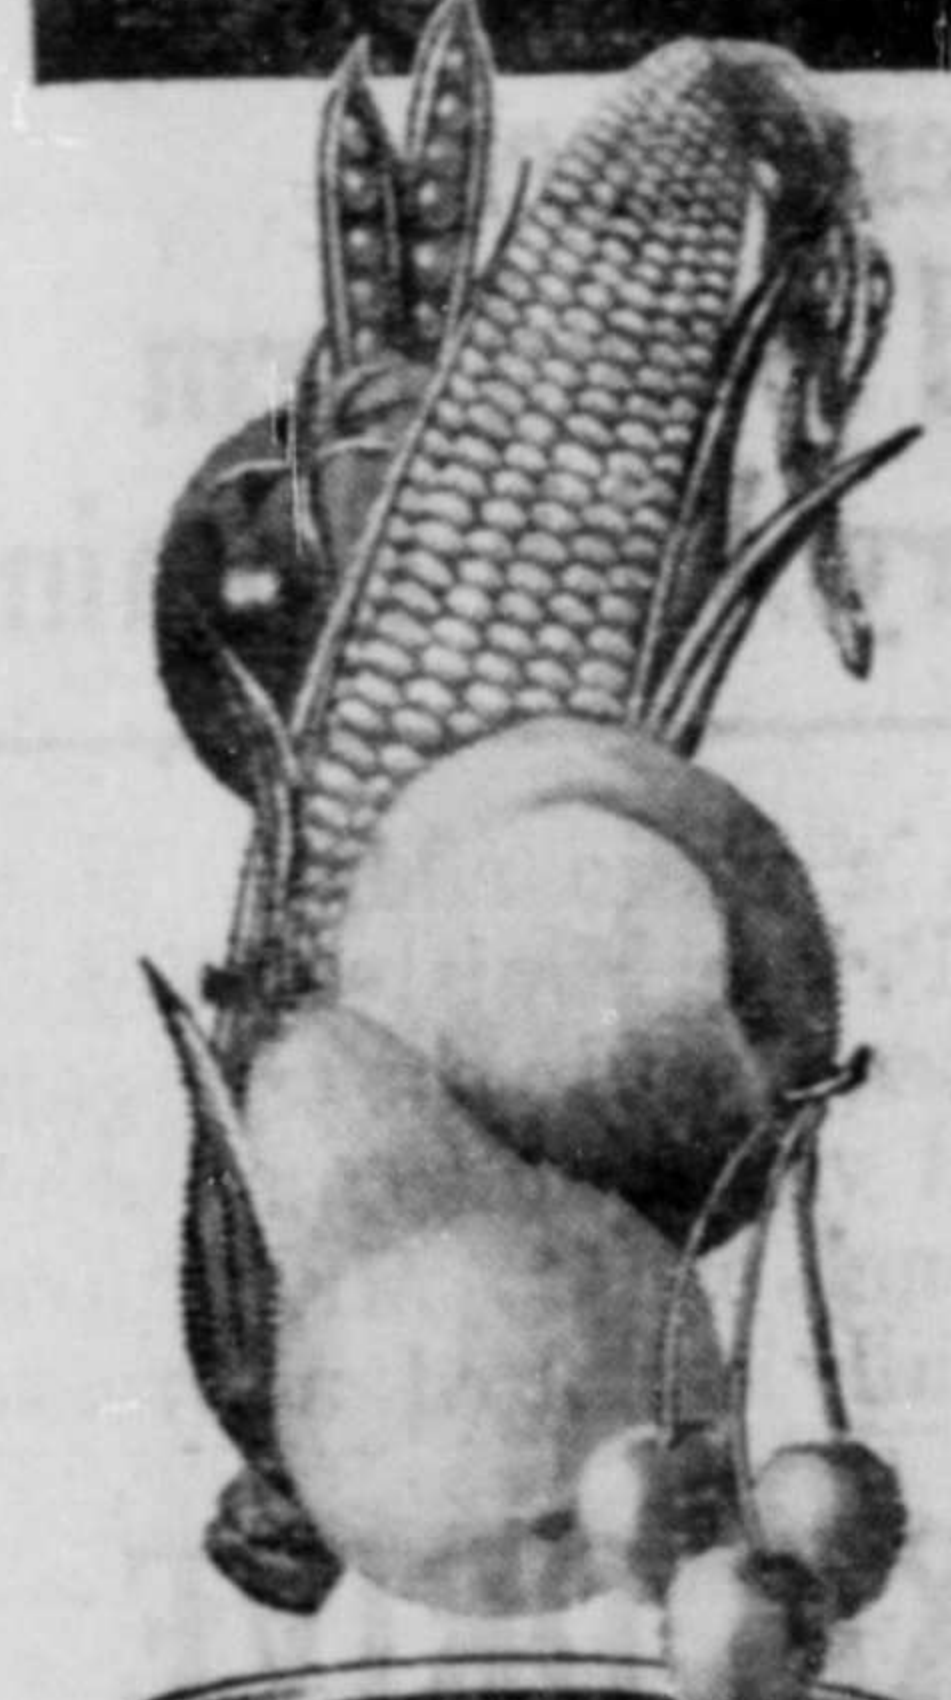

A. J. Prudhomme, who came north from Vancouver on Friday, sailed for the south again on the Cardena Saturday evening.

In spite of inclement weather conditions, a large number of ladies called and the gratifying sum of \$169.25 was realized. This money will be used for the purchase of materials with which to make comforts for the many local boys who are on naval service. The hall was handsomely decorated for the occasion with fall flowers.

Pouring were Mrs. Denyer, Mrs. Shelford Darton, Mrs. L. W. Kerwin and Mrs. J. R. Elfert. The servers were Mrs. C. H. Elkins, Mrs. A. L. Holtby, Mrs. D. G. Borland, Mrs. Charles Anderson, Mrs. Russell Cameron, Mrs. T. A. McMeekin, Mrs. J. A. Smith, Mrs. Frank Dibb, Miss Grace Clarke, Miss Gwen Palmer, Miss Tona Blain and Miss Amy Armstrong. Another Active Season of Development on Ecstall River Property Nears Completion

After another season of development work which was concentrated on the main shaft and tunnel and wrought the property to a stage where it is now ready for production whenever the management decides that the time is opportune, the Northern Pyrites mine on the Ecstall River is about to be closed down. During the past summer some forty men have been employed on the property under the superintendency of E. E. Mason.
