Lining Up War Camps For Europe

IS PEACE OR GREATER WAR AIM OF MUSSOLINI—HITLER BORDER PARLEY?

Important New Developments in European History May Well Be Forthcoming From Meeting on Railway Siding Near Brenner Pass

ITALY GOING WITH GERMANY
BERLIN, March 18: (CP)—Extension of the Rome-Berlin axis to Moscow and possible eventual participation of Italy in the war on Germany's side were cited today by excellently informed Berlin circles as the main apparent results of today's meeting at Brenner Pass between Chancellor Adolf Hitler of Germany and Premier Benito Mussolini of Italy. The statesmen appear to have worked on plans for complete reorganization of Europe with Russia as a partner. Berlin is filled with rumors, one of which is that Foreign Minister Joachim von Ribbentrop will confer with Premier Foreign Minister V. M. Molotov of Russia as soon as possible. Hitler and Mussolini conferred for two and a half hours at Bennero on the Italian side of Brenner Pass before each returned to his own capital. A communique described the talks as cordial.

ROME, March 18: (CP)—At the Italian village of Bennero near the vital Brenner Pass on the Italo-German frontier Premier Benito Mussolini of Italy and Chancellor Adolf Hitler met today in a hastily arranged conference which may well portend important new developments in the European situation. Whether the purpose of the conference was a new peace offer or to arrange a more active alliance between Germany and Italy prior to a commencement of comprehensive warfare was at first uncertain.

It was possible that the conference might have had some relation to the recent visit to European capitals of Sumner Welles, United States Under Secretary of State, whose departure for home from Rome is expected to have been delayed from Tuesday to Wednesday.

It is understood here that the conference was arranged by Joachim von Ribbentrop, German foreign minister, on his recent visit to Rome.

It is the first meeting of Hitler and Mussolini since the historic Munich conference in September 1938.

Hitler is accompanied by von Ribbentrop and Mussolini by his foreign minister, Count Ciano.

It was still insisted in authoritative quarters in Rome that Italy had no intention of being drawn into closer relations with Russia and that this country intended to maintain its attitude of non-belligerency. This lent support to the view that Mussolini might again be attempting to act as a peace intermediary between the instigation of President Franklin D. Roosevelt through Under Secretary of State Welles.

There is not a great deal of optimism in official Italian circles, however, as to the prospects of peace as there is no indication whatever that the Allies are in any mood to accept any overtures from Hitler.

Mussolini left Rome suddenly by special train yesterday in the direction of Milan and it was not until after his departure that announcement was made that he had come to meet Hitler.

The conference took place in a military guarded private railway city.

NEW TYPE OF WARFARE IS STARTED BY REICH IN ORKNEY AIR VISIT

One Civilian is Killed—One British Warship Struck—Incendiary Bombs Used—German Claims More Extensive

LONDON, March 18: (CP)—German claims of an aerial raid on a naval anchorage at Scapa Flow at 7 p.m. Saturday were confirmed by British authorities although some time ago First Lord of the Admiralty Winston Churchill stated that Scapa Flow was no longer being used as a naval base. Fourteen Heinkel bombers engaged in the attack and, according to the British statement, one man-of-war suffered minor damage, one civilian was killed and there were fourteen other casualties—seven naval and seven civilian, including two women. Five cottages were damaged and haystacks were burned. Shore guns and pursuit vessels went into action and shot down one of the Nazi bombers and damaged others, one so badly that it is believed it could not have reached home.

The boldest stroke of the war by Germany, it marked the first time in the conflict that British civilians have been killed by German bombings. Also it was the first time that incendiary bombs have been used, indicating that the objective included land as well as naval marks. Thus a new phase of warfare is commenced.

The raid lasted about twenty-five minutes and it is estimated that at least one hundred explosive and incendiary bombs were dropped. No military objectives were struck, it is announced, although the countryside was showered with missiles. The civilian victim was a man named James Isbister who was

ROOSEVELT ON PEACE
WASHINGTON — No lasting peace can be established unless based on moral values and respect of guaranteed rights of smaller nations by larger, declared President Franklin D. Roosevelt of the United States in an international radio broadcast Saturday night. There can be no peace with oppression, starvation, cruelty or domination by armed camps. There must be religious and educational freedom. Similar sentiments were expressed by Queen Wilhelmina of Holland who spoke on the same broadcast.

New and modern towns will be built and named after those which had to be abandoned to Russia. There will be a new Viipuri which will be the most modern town in the world. Another defence line will be prepared in readiness for the day when Finland may again have to protect itself from the aggressor. A Helsinki newspaper advocates that General Gustav von Mannerheim take over the government of Finland.

PREMIER'S BIRTHDAY

Chamberlain "Fresh and Healthy"—Obstinate for Victory—Planning More Dynamic Cabinet

LONDON, March 18: (CP)—As fresh and healthy in appearance as before the war began, Prime Minister Neville Chamberlain celebrated his seventy-first birthday today.

Tomorrow the Prime Minister will present to Parliament a comprehensive explanation of the war effort to date. Policies will be explained and it is expected something will be said about the ministry of supply which has been under fire of late in connection with charges of improper influences having been brought to bear in connection with contracts.

In political quarters, there are expressions of belief that the Prime Minister is planning cabinet changes to institute a more dynamic war policy. As for Mr. Chamberlain himself, he is believed to be more firmly entrenched at the head of the government than ever. First Lord of the Admiralty Winston Churchill, formerly one of his chief critics, says: "Mr. Chamberlain is as obstinate now for victory as he was before for peace."

Winding Up Practices For Important Series With Ocean Falls This Week For District Title

The Standard Oilers, who will defend their Northern British Columbia championship against Ocean Falls this week are holding final practices tonight and tomorrow night in preparation for what they expect will be their toughest series since they organized.

Tonight's practice will constitute thorough drills and floor work while tomorrow night the boys will just have a light shooting practice.

Orders have been issued for an "Early to Bed, Early to Rise" program for the next few days since the locals must have a decided edge in the play here as they may be forced to play short-handed at the Falls. As things stand at the moment it looks as though three or four of the regulars may not be able to travel south to carry on where they leave off here. One thing certain is that Prince Rupert will be ably represented as there are none on the squad impaired by injuries.

ONE of the LAST ACTS of a GREAT LIFE

His Excellency, the late Right Honourable Lord Tweedsmuir, Baron of Elsfield, P.C., G.C.M.G., C.H., Governor-General of Canada, was until his widely-mourned passing on Sunday, February 11th, Honorary President and Patron of the Salvation Army National Advisory Board.

On January 16th, only sixteen days before his unexpected and untimely death, he wrote the letter reproduced below, warmly commending the work of the Salvation Army for the soldiers. The writing of this letter was thus one of the last acts of a noble life consecrated to duty, achievement and patriotic service.

GOVERNMENT HOUSE, OTTAWA

As Honorary President of the National Advisory Board, I should like to draw the attention of the public to the War Service Work of the Salvation Army.

Whether our soldiers and sailors and airmen are engaged in actual fighting or in training, there will often long hours on their hands. It is for organizations such as the Salvation Army to provide opportunities for recreation and refreshment of the mind in these long periods of enforced inactivity.

The Salvation Army with its high ideals, its long practical experience and its magnificent record of service is highly competent to take part in this important work and I warmly commend its efforts to all those who have the welfare of our fighting services at heart.

20th January, 1941.

Tweedsmuir

Will you do help us in this service to Canada's soldiers? Volunteer workers will call upon you. Receive them gladly and give as your heart dictates.
