Muslim Leader's Plan In Order To Obviate Minority Difficulties In India

LAHORE, India, March 26:—In order to obviate minority difficulties in India as between Hindus and Moslems, the Moslem Congress leader urges the foundation of a number of autonomous states in India. Giving of complete independence to India as proposed by Gandhi with a majority government by Hindus could not be accepted by Moslems. Termination of the British regime would bring disastrous chaos to India.

PARIS, March 26: (CP)—Premier Paul Reynaud told the French nation in a radio broadcast today that the "government's duty is clear—to make war." SEA LOSS LESS NOW

Unconvoysed Neutrals Worst Sufferers In War At Sea—Two German Vessels Torpedoed

LONDON, March 26:—During the week ending March 24 not a single British ship was lost in the war at sea, said an official statement today. Eight unconvoysed neutral ships had, however, been sunk. Two German ships had been torpedoed during the period by the new British naval drive against shipments of ore and other commodities from Scandinavia to the Reich.

It is the first time since the outbreak of war, the Admiralty announces, that a week has passed without a loss of a single British or French merchant ship.

The eight neutral ships included six Danish.

There were demonstrations by the thousands of worshippers who heard the Pontiff such as have seldom been manifested. "God Give Us Peace" was one of the cries which went up from the multitude.

GOOD VOTE RECORDED

Total Of 700 Ballots Cast Up To Noon In Federal Balloting

With cloudy but fair weather prevailing, up to noon today a total of 700 ballots had been cast in the federal election in Prince Rupert, indicating that it will be a heavy vote on this occasion than in the last federal election on October 14, 1935. The voting was light until shortly after 10 o'clock when it started to become heavier. There was quite a rush at noon hour and the movement to the polls went up in substantial volume into the afternoon. The polls close at 6 p.m. and well within an hour it is expected the city result will be known.

The election machinery was running smoothly here with very few challenges.

T. W. Brown, the returning officer, expects the total vote will run between 2900 and 3000.

PREMIER IS DEAD SUDDENLY

Rt. Hon. Michael Joseph Savage Of New Zealand Passes Away

WELLINGTON, New Zealand, March 26: (CP)—Prime Minister Michael Joseph Savage of New Zealand died suddenly today. He had been Premier since 1935. He was sixty-eight years of age.

Premier Savage, an Australian, sprang to the forefront politically in his adopted New Zealand when he succeeded Harry Holland as leader of the Labor party in 1933.

Two years later he led the party to victory in the general election which toppled the coalition government of G. W. Forbes and sent Labor into the office for the first time in New Zealand's history, with Savage as Prime Minister.

Savage began life as a shop assistant, later worked in a mine and then became interested in the co-operative movement. In 1907 he went to New Zealand and began to take an active part in politics. He was elected to the House of Representatives in 1919, became the leader of the Labor party in 1933.

When he became Prime Minister in 1935 Savage was neither a spectacular leader nor a brilliant debater. But he had attained immense popularity with his labor followers and was a calm, deliberate speaker. Always outspoken, he had achieved respect by his fearlessness in speech. He had won a reputation as a steady man, painstaking, thorough and conscientious.

A bachelor on becoming prime minister, Savage moved from Auckland, where he had lived for 28 years, to Wellington, the island dominion's capital. With him went a former Herne Bay, Auckland, family. He had shared their home since the first came to New Zealand and as premier he continued to do so.

"One cannot live with people for all those years without a common bond being established," said Savage the day he was invited by the governor-general to form his cabinet. "I should feel lost without the companionship of such friends."

The Labor leader said he was arranging "for the good people who have looked after me" to join him in Wellington.

Worked In Store

Savage, notable in appearance late in life for a thick crop of curly hair and heavy eyebrows, was born in 1872, the son of a small farmer living near Benalla, in the State of Victoria, Australia. He left school at 14 to work in a general store in Benalla. Following a big bank crash in 1983 young Savage, like many other Victorians, went to New South Wales in search of work. He found a job with the owner of a big sheep station.

Seven years later he returned to Victoria. He worked in a deep alluvial mine at North Prentice. At the same time he became interested in politics and the co-operative movement. He became secretary of North Prentice's political labor council. He also organized a co-operative store and bakery.

In 1907, at the age of 35, he left Australia for New Zealand, settling down at Auckland. Savage quickly became actively interested in the Labor movement as a member of several local organizations. In 1919 he was elected to the House of Representatives for Auckland West. He still held the same seat 16 years later when he became premier.

DAMAGE IS EXTENSIVE

Eye-Witness Accounts Discount Refutations of Nazi Propagandists

LONDON, March 26:—Eye-witness accounts published in the London Daily Express confirm, despite German denials, that extensive damage was done by the Royal Air Force raids on the German aerial base at the Island of Sylt last Wednesday. Several German airplanes were destroyed. Two anti-aircraft batteries were hit as well as an ammunition dump.

It is suggested that American newspaper correspondents who were taken to the supposed scene by the German propaganda ministry and then discounted the damage which was done were not shown the whole of the Island of Sylt and were carefully guided away from the damaged sections. The Admiralty announces that fourteen Canadians and fifteen other Dominion fliers participated in the Isle of Sylt raid.

ELECTION A RELIEF

The passing of election day is a great relief to the newspapers. Also readers of newspapers will be glad to see a return to more normal conditions. While it may be thought that the newspapers overdo the election news, it must be remembered that elections are and always should be important in a democracy. If we do not appreciate the opportunities to express ourselves in the matter of government we do not deserve to have anything more than a dictatorship.

In a few hours from the time this is on the street the election will be over and we shall probably know who is to represent us. We still think it will be Olof Hanson.

COMPLIMENT CANDIDATES

We desire right here to compliment all the candidates on the clean campaign they have conducted. Gradually we are developing sanity in our elections. We are coming to realize that there is nothing to be gained by being bitter or ungentlemanly in our election statements. These tactics do not gain votes. We all have to live together after the election is over. We all have a right to think as we like and to vote as we like. We find that holding any particular political views does not change us socially, educationally or in any other way. We are all people, members of the same community and most of us are anxious for social and political betterment. It is only a matter of how best this may be attained.

CANADIAN NICKEL

It is stated that Canadian nickel may be reaching Germany in a round about way through the United States. This is a matter that requires instant attention if there is found to be any truth in it. Canadians would not like to be a party to any such double dealing. It would be better not to mine the nickel than to have it diverted to the use of Germany. It should not be left in doubt. It seems to us that it is a matter for the big company to clear itself of these charges. There is too much at stake just now so we should not take any chances. All nickel should be sold under special permit from the government.

Voting is in progress for one of the National Hockey League's foremost awards, the Calder Trophy, which goes annually to the rookie adjudged by writers to be the best of the season.

The selections are made for The Canadian Press by hockey writers in National Hockey League cities and the trophy is donated by the league president, Frank Calder.

No player who has participated in so much as one National League game in a previous season is eligible for the prize. That lets out players who are engaged in their first full season in the big time but who played in a game or two in other years like Goalie Paul Goodman of Chicago or Centre Connie Brown of Detroit.

Frank Brimsek, Boston's sensational netminder, won the prize in 1939 but no goaltender is eligible this time. Goodman is out because he played a single game with the Black Hawks in the Stanley Cup series of 1938.

But there is no dearth of freshmen. New York Rangers have introduced two sensational forwards in Kilby MacDonald and Alf Pike while Chicago has a big crop of candidates, including Doug Bentley, Johnny Chad, Bob Carse, Les Cunningham and Phil Hergesheimer.

In Wally Stanowski, Toronto has almost the only rookie defenceman to make good this winter in his first attempt. Stanowski, a free-skating Pole from Winnipeg, has made good with a bang. Lex Chisholm has been a determined and consistently strong performer with the same club in his inaugural.

Detroit presents a group of good rookies, headed by Joe Fisher and Byron (Butch) McDonald. Montreal Canadiens' best are Rhys Thompson and Gordon Poirier.

Fraser Street Winner Again

Fraser Street took another basketball victory from Fifth Avenue Prowlers last night by a score of 25 to 23, the game being an overtime affair, being as close and keenly contested as the score indicates.

Fifth Avenue missed Baker in the first quarter which ended 10 to 4 in favor of Fraser Street. With Baker's appearance, however, for the second half the play tightened up and half time score was 12 to 10 in favor of Fraser Street. With both sides trying hard to score, the third quarter saw a good deal of rough and tumble tactics. Regulation time saw a 19-all tie score so overtime was played with Fraser Street scoring six points to Fifth Avenue's four.

Players and scoring:
Fraser Street—Arney, 19; Pavlakis, 4; Vuckovich; Gurvich, 2; Alexander; Hingson; total, 25.

Fifth Avenue—George Baker, 15; Holtby, 4; Clecone, 2; Anderson, 2; Carson; Hunter; Denning; Hatchford; total, 23.
Referee was John Good, time-keeper Pete Pustak and score-keeper, Paul Postulo.

There will be another game in this league tomorrow night in connection with the Prince Rupert - Smithers Inter High School series.

CAMERON MEETING

The campaign on behalf of George Cameron of Vancouver, National Government candidate for Skeena in the federal election, concluded with a meeting last night in Moose Hall the audience not exceeding one hundred persons in attendance. Mr. Cameron spoke for upwards of two hours despite the fact that he was suffering from a cold. His discourse consisted largely of a denunciation of the Mackenzie King government, particularly with regard to its war effort. James H. Thompson acted as chairman for the evening.

In this election Mr. Cameron said that Canada was at the crossroads. The people would decide today whether they would continue to be controlled by a minority which showed disregard for the rights of the citizens or would put into power a government representative of all parties and the country at large. No government could be too good for Canada under present circumstances declared the speaker who said that he looked forward to the day when Canada would be the centre of the Empire and its supply house.

The Conservative candidate charged that the present Prime Minister favored the American high finance people at the expense of the people of Canada. Having abandoned Bennett government arsenal plans, he was responsible for Canada today being unable to supply Great Britain with much needed munitions which had to be purchased from the United States.

Mr. Cameron repeated his denunciation of the manner in which Parliament had been dissolved. There had been defiance of the rights of citizens, dereliction of duty and dictatorial actions. Every member who supported Mr. King was likewise derelict in his duty. During war was no time for petty politics, extravagance, patronage and waste. This was close to the bounds of treason.

Mr. Cameron criticized the former and present ministers of national defence whom he charged with incompetence. Premier King had shown himself in his old capacity as a fence sitter through weakness in demoting the former minister of national defence when he should either have backed him up or thrown him out. It was also due to Mr. King that the Empire air training scheme was not already in full swing by this.

Mr. Cameron said that even Liberals would not stand for Mackenzie King and would be voting National Government today. After the election Mr. King would be able to return to the United States and stay there. He had gone soft. He was not a leader, never was one and he was too old to change now. The only way to get rid of him was to put his government out and replace it with a National government headed by a fighter who knew war and not a milk sop.

Among local needs which Mr. Cameron listed for Skeena were better radio reception, a highway and air mail. These were things to which this riding were entitled. The candidate concluded with the prediction the people of Canada from Halifax to Esquimalt, loyal, patriotic and honest, would be voting for a change today.

BLACKHEADS

Get two ounces of peroxide powder from your druggist. Sprinkle on a hot, wet cloth and apply to the face gently. Every blackhead will be dissolved. The one safe, sure and simple way to remove blackheads.

Arnold Flaten, manager of the Royal Bank of Canada here, and Frank Skinner, general agent of the Union Steamship Co., will be initiated as new members of the Prince Rupert Gyro Club at the regular weekly luncheon of the club tomorrow, Frank Dibb being in charge of the installation ceremony. At the same time the two new members will give autobiographical talks.

LINK UP SERVICES

Further Progress Toward Co-Ordination of War Activities

At a meeting of representatives of various organizations in the Canadian Legion clubrooms last evening further progress was made in the formation of a co-ordination committee to organize auxiliary war services in the city and link them up with the needs of the members of military, naval and air force units in town.

The central committee will consist of chairmen of various sub-committees and these were chosen as follows:

Comforts—Mrs. H. L. Landrey, Hospitals at Frederick and Barrett Points—Mrs. S. D. Johnston. Club facilities—George J. Dawes. Library and education—J. D. Allen.

Entertainment—D. Borland. Sports and activities—Left to the chairman.

The idea back of the formation of this committee is to correlate the energies of the various organizations already formed. There is no suggestion of usurping the duties already being performed or dictating what is to be done. The central committee has nothing to do with the raising of funds. It will assist in seeing that no units are overlooked where it is possible to provide needed comforts or other services as suggested in the list of committees.

Those in attendance were Captain (Rev.) R. C. H. Durnford, Mrs. S. D. Johnston, Mrs. James Hadden, Mrs. J. A. Teng, Mrs. Moore, Mrs. H. L. Landrey and E. B. Baker, H. A. Ponder, J. D. Allen, S. C. Thompson, D. G. Borland, G. J. Dawes and J. S. Wilson.

Captain (Rev.) R. C. H. Durnford was appointed permanent chairman and J. S. Wilson secretary.

School Concert Bright Affair

TERRACE, March 26.—The pupils of the public school produced a very enjoyable concert and entertainment last Wednesday evening in the Oddfellows' Hall. C. W. Michiel, school principal, presiding. The program contained twenty-one items—songs, action plays, drills, dances and choruses—and lasted until eleven o'clock. The whole program was punctuated with applause.

There were so many good performances by the young people that it was difficult to say which was best. A very pretty act by the younger kiddies was "Visit to Fairyland." Back stage was a great big shoe, into which the children disappeared as each one did his or her little act. "The Book of Memory" was another delightful turn. The chorus, "Memories," by the youthful choir was very good.

Miss Mamie Haugland was the accompanist where the piano was required and, if there was to be any special mention, the little boy, Alan Dubeau, displayed bright promise with his piano solo.

Asking for Records

Editor, Daily News:
May we ask through your valuable paper for gramophone records for the use of the troops stationed in and around Prince Rupert.

We believe there must be many records in homes in Prince Rupert for which there is no use at the present time and the troops would be so pleased to have the use of them.

If they could be sent either to the Canadian Legion or Toc H rooms, or phone Black 837, we will see that they are called for. Thanking you

Easter Tableau Well Presented

"Challenge Of The Cross" Impressively Staged At Salvation Army Citadel Sunday Night

Every seat in the Salvation Army Citadel was filled Sunday evening when there was a special request repeat presentation of the Easter tableau "The Challenge of the Cross" which was excellently depicted. With the cross and tomb as the centre of the setting, the leading part was taken by Miss Ruby Suden, representing an angel, with other participants in the persons of Ruth and Grace Jones, Clara and Mary Pierce, Dolly Smith and Gloria Swanson. Envoy Stanley Calder was accompanist. William Hildebrand and Herbert Pierce were responsible for the lighting effects.

Another special feature was a song-sermon "The Pilgrim's Journey" by Mrs. Ivan Halsey, Miss Ruth Jones and Miss Mary Pierce. Arthur and Howard Toftager sang duets and Capt. Halsey and Miss Ruth Jones gave a duet. There were also several Easter songs.

The first presentation of "The Challenge of the Cross" had been last Friday night when there was also a large audience, an Easter resurrection pageant having also been presented then with Herbert Pierce, Dolly Smith and Cora Pierce as the principals.

BIG CROWD AT MEETING

Six Hundred Hear Liberal Candidate and Other Speakers in Capitol Theatre

Six hundred people gathered last night in the Capitol Theatre for the final rally of the campaign of the forces supporting Olof Hanson, Liberal candidate in the federal election. Mr. Hanson was there himself and spoke briefly, other speakers being E. T. Applewhaite of Stewart, E. T. Kenney M.L.A., of Terrace, and P. H. Linzey. The chairman was W. O. Fulton who gave a brief outline of the career of the candidate, telling how he had hiked into the Bulkley Valley when only a mere lad determined to throw his lot with Central British Columbia and he had been there ever since.

Mr. Hanson explained what happened at Ottawa when the Ontario rebellion occurred under Mitchell Hepburn. Mr. King, backed up by the members of the Liberal party, decided to appeal to the highest court in the land—the people. He also described the condition prior to and at the time war was declared, showing that Canada had made great progress toward preparedness considering the short time since the money had been voted.

Incidentally in the course of his address, Mr. Hanson spoke of Rt. Hon. R. B. Bennett, former Prime Minister, as "one of the biggest Canadians," only lacking the ability to organize and work with his fellows.

Mr. Linzey Speaks

Mr. Linzey made the only address that drew sparks from the audience. Again and again there were signs of dissent as he scored the C.C.F., stating that they would turn the constitution of Canada inside out. He referred to statements of Mrs. Steeves and suggested that people like her should be shipped back to Europe. He also spoke of the British Empire as the world's hope at this time. It was an inspiring address that was outstanding and the one particularly remembered after the meeting.

Mr. Applewhaite analyzed the attitude of the Liberals toward the veterans of the First Great War and compared it with that of the Conservatives. He also answered the criticism of those who thought Canada should not have taken part in the war, making it clear that the object was the defence of the smaller nations.

Mr. Applewhaite showed how Stewart people had steadily increased support of Mr. Hanson as they got to know him and this year he prophesied even greater support than in the previous election.

Member for Skeena

Mr. Kenney, member of the Legislature for Skeena, urged that at this time civilization was in the balance and the British Empire was threatened. He criticized the C.C.F. for suggesting that moral forces should be used instead of physical force. The only thing Hitler knew was brute force. He told of the statement made by J. S. Woodsworth to the effect that if his sons were called he would be proud to see them go into a concentration camp rather than fight.

Turning to the Conservative attitude he urged that Dr. Manion was asking the people to give him carte blanche to choose any sort of cabinet he wished and suggested that probably Sir Edward Beatty would be a member of it if the Conservatives were elected.

Concluding, Mr. Kenney urged that there was only one major issue and that was the successful carrying on of the war and he suggested that this could best be done by electing the Liberal party headed by Mr. Mackenzie King.

Man in the Moon

After you have been in the city a few weeks your neighbors call you Bill or Dick or Jack except those that speak to you as a son-of-a-somethingorother.

An outstanding feature of the city is the large number of organizations. Any person belonging to less than six is given a medal for self-denial. If he does not get the medal he feels that he is deserving of one.

In Prince Rupert the city treasurer is the mayor, city council, school board, board of works, parks commission, police commission and authority on everything else.

Prince Rupert has a flair for people who seem to be very busy but do very little.

In the summer the city has beautiful gardens and girls in slacks. You just ought to see them.

The chief occupation of a large part of the inhabitants is reading the funnies and gossiping, especially gossiping.

Hospital Dance At Skidegate Is Large Success

QUEEN CHARLOTTE, March 26:—Under the auspices of the Skidegate Inlet Hospital Society a successful St. Patrick's dance was held in Miller's Hall. There was a large crowd in attendance and the hall was gaily decorated in the traditional green and white. Colorful balloons and green and white paper hats were distributed at the beginning of the Grand March.

Prizes were given during the evening for the lucky balloon, the lucky ticket and for a waltz competition. A handsome black slate totem pole that had been raffled, was drawn for, the winner being Mrs. Mike Anderson. Music was supplied by the Harmony Boys, assisted by James Denholme and his accordion. Verner Douglas of Skidegate proved a capable master of ceremonies.

Supper was served in the hall by the ladies of the society. At the close of the dance cakes that had been left over were auctioned by auctioneer M. J. Dougherty and added several dollars to the proceeds.

The gratifying sum of \$70 was cleared and will go towards the purchase of needed extra supplies for the hospital.

In charge of the affair were Mrs. E. C. Stevens, Mrs. B. F. Munro and Charles Hartie. Their assistants who helped them in making the dance an outstanding success were Mesdames W. Barry, F. Atkins, G. Chastaney, G. Neubauer and O. Hill. Coming over to attend the St. Patrick's dance were Mrs. George Kirby, Miss Violet Kirby, Miss Kay Mathers and William Mathers of Sandspit. Miss Edna Beaven, who is visiting there, also came over for the dance, returning Sunday on the mission boat Udal.

LOIS N. IS FIRST OUT

Leaving For Halibut Banks Today—Vessels Grouped Again According to Alphabetical order

The Lois N., Capt. Ben Pedersen, leaving today, is the first vessel of the Prince Rupert halibut fleet to get away to the grounds for the 1943 season. As has been the custom during the last few years, the fleet has been divided into four groups, according to letters of the alphabet with which their names start, and the departures spread out over ten days, this under the voluntary plan for orderly marketing to prevent bunching of boats on the return.

The general fishing plan for the season as well as the regulations imposed by the International Fisheries Commission this year are to large extent the same as last year. The total fishing quota for the season is 48,000,000 pounds—28,700,000 pounds from Area No. 2 and 25,300,000 pounds from Area No. 3.

Fishing arrangements between boat owners and fishermen remain the same as in past years.

The fleet consists of about sixty vessels including a couple of new boats and a couple, among them the seiner Fredelia and the packer Elmer C. which have been converted to halibut fishing.

The first boat to leave, the Lois N., clears for the more remote Area No. 3. The majority of Prince Rupert boats, except for the larger ones, will, as a result, fish in Area No. 2 during the early part of the season.

With the season opening April 1, it is expected the first fish may be brought in by some of the smaller boats within the week ensuing.

THRILLING ROMANCE

Charles Laughton is Here in Great Picture "Jamaica Inn"—Story of Piracy on Cornwall Coast

An outstanding feature picture, "Jamaica Inn," starring the great English actor, Charles Laughton, is being shown at the capitol Theatre here tonight and tomorrow.

The story is a gusty romance with salt water flavor of England's Cornwall coast set in the lawless days at the turn of the last century. Its most interesting characters are a band of wreckers and land pirates who lure ships to their ruin in Cornish bays for the sake of plunder. Into this atmosphere is thrown a romantic pair, Maureen O'Hara and Robert Newton, who are determined to bring the wreckers to justice. It is not until they have narrowly escaped death at the hands of the pirates that they discover the dandified, debauched squire, Charles Laughton, to whom they have appealed for assistance, is the secret leader of the nefarious gang.

With sequences of thundering sea adventure, thrilling sunfire and pounding pursuit of the escaping squire, the picture illustrates how justice is served and romance fulfilled.
