Greatest Air Battle In History

Nazis Continue Drive Against British Isles; Fury Is Undiminished

German Raiders Sweep Length and Breadth of Country and Subject Industrial Midlands to Severest Bombing Yet

LONDON, August 14.—In the war in the air, the Royal Air Force is now destroying German planes at a greater rate than the Reich can produce them. If the present rate of destruction continues, a total of 2124 German planes will have been disposed of in a month whereas the rate of production is placed at 1800 per month.

SMALL NAVY UNITS MOVE INTO FIGHT

LONDON, Aug. 14: (CP)—The British Admiralty announced that British motor torpedo boats last night fought a series of actions with larger enemy surface craft. The fighting took place during the darkness. One enemy boat was rammed and another engaged with machine guns and grenades at close range with considerable effect.

Bulletins

LOCAL BOY DROWNED
TETAFURA KADONAGA, well known local High School boy, was drowned in the Skeena River near Haysport yesterday when he fell into the Skeena River from his father's fish boat. He was seventeen years of age and the son of Mr. and Mrs. T. Kadonaga, 1529 Atlin Avenue. The body was recovered and brought into the city.

REPAIRING SCHOOL
Henry Whittaker, provincial architect, arrived in the city on the Prince Rupert this morning from Victoria. He is here to make an inspection of the Booth Memorial School which is being repaired. Carrying out of the work may delay the reopening of school for at least some classes this fall.

POLICING SHANGHAI
SHANGHAI—Admiral Thomas Hart, commander-in-chief of the United States Asiatic fleet, arrived here today. A meeting is being held under Admiral Hart's chairmanship today to arrange for taking over policing of the international settlement following withdrawal of British forces. Japan has intimated that it desires to take over but other nations feel that Japan would take advantage of such an opportunity for exploitation of its interests.

REGISTER FIREARMS
VICTORIA—A census of all firearms in British Columbia is to be taken by September 15. In cases where the registrations are not approved, the weapons must be surrendered. Those failing to register arms will be subject to prosecution.

AUSTRALIA ELECTION
CANNBERRA—The loss of three members of the Australian war cabinet in an airplane crash may bring on a general election which has been pending for some time.

CRASHED INTO SEA
BRISBANE—A Royal Australian Air Force plane is believed to have crashed into the sea while on a flight from here with six airmen aboard.

WINS AUSSIE CUP

FLEMINGTON, Australia, August 14: (CP)—T. S. Ryder's Blackford won the \$7,000 Australian Grand National steeplechase over 3½ miles on the famous Flemington race course here beating J. S. Ford's Man of Ayr by half a length.

Germany is estimated to have a total of from 10,000 to 12,000 planes of all types, half of which, it is believed, Marshal Herman Goering would be prepared to sacrifice. Since last Thursday 260 Nazi planes are estimated to have been brought down in attacks against the British Isles, seventy-eight yesterday alone. Yesterday's air battle was the greatest so far in the war.

The battle entered its fourth successive day today commencing with undiminished intensity but later easing up for a time to continue again this afternoon in a gigantic attack which the Royal Air Force was successful to large extent in beating off although several balloon barrages were brought down and some damage done. There was another big battle between opposing aircraft off the southwest coast.

There were reports of eleven parachutists having dropped from enemy planes in the Midlands, seven being picked up. These were probably airmen who bailed out of downcoming raiders.

In addition to defending Britain's shores, Royal Air Force planes were able to continue giving attention to Germany with extensive raids on northwestern Germany, France and Holland. Bremen was among the points attacked, its radio station going off the air. Berlin also had air raid alarms but no bombs were dropped on the German capital.

The Air Ministry officially announced today that a total of seventy-eight German planes had been destroyed yesterday and thirteen British fighters lost in continuation of the air fighting in the course of the "Battle of Britain." Southampton was bombed in three waves and several fires were started.

Coming over wave after wave, hundreds of German raiders continued their attacks on Great Britain all day yesterday and far into the night as the British press warned that the "Battle of Britain" had now begun. In addition to the announcement of the destruction of seventy-eight planes for the day with thirteen British fighters downed, the British communiqué acknowledged that twelve Royal Air Force bombers had failed to return from extensive raids on the continent. Ten airmen from the thirteen downed British planes are safe, three being injured.

Unofficial reports placed the number of raiders brought down at even greater than the official communiqué stated. The official British communiqué, it is well known, are usually conservative in their estimates.

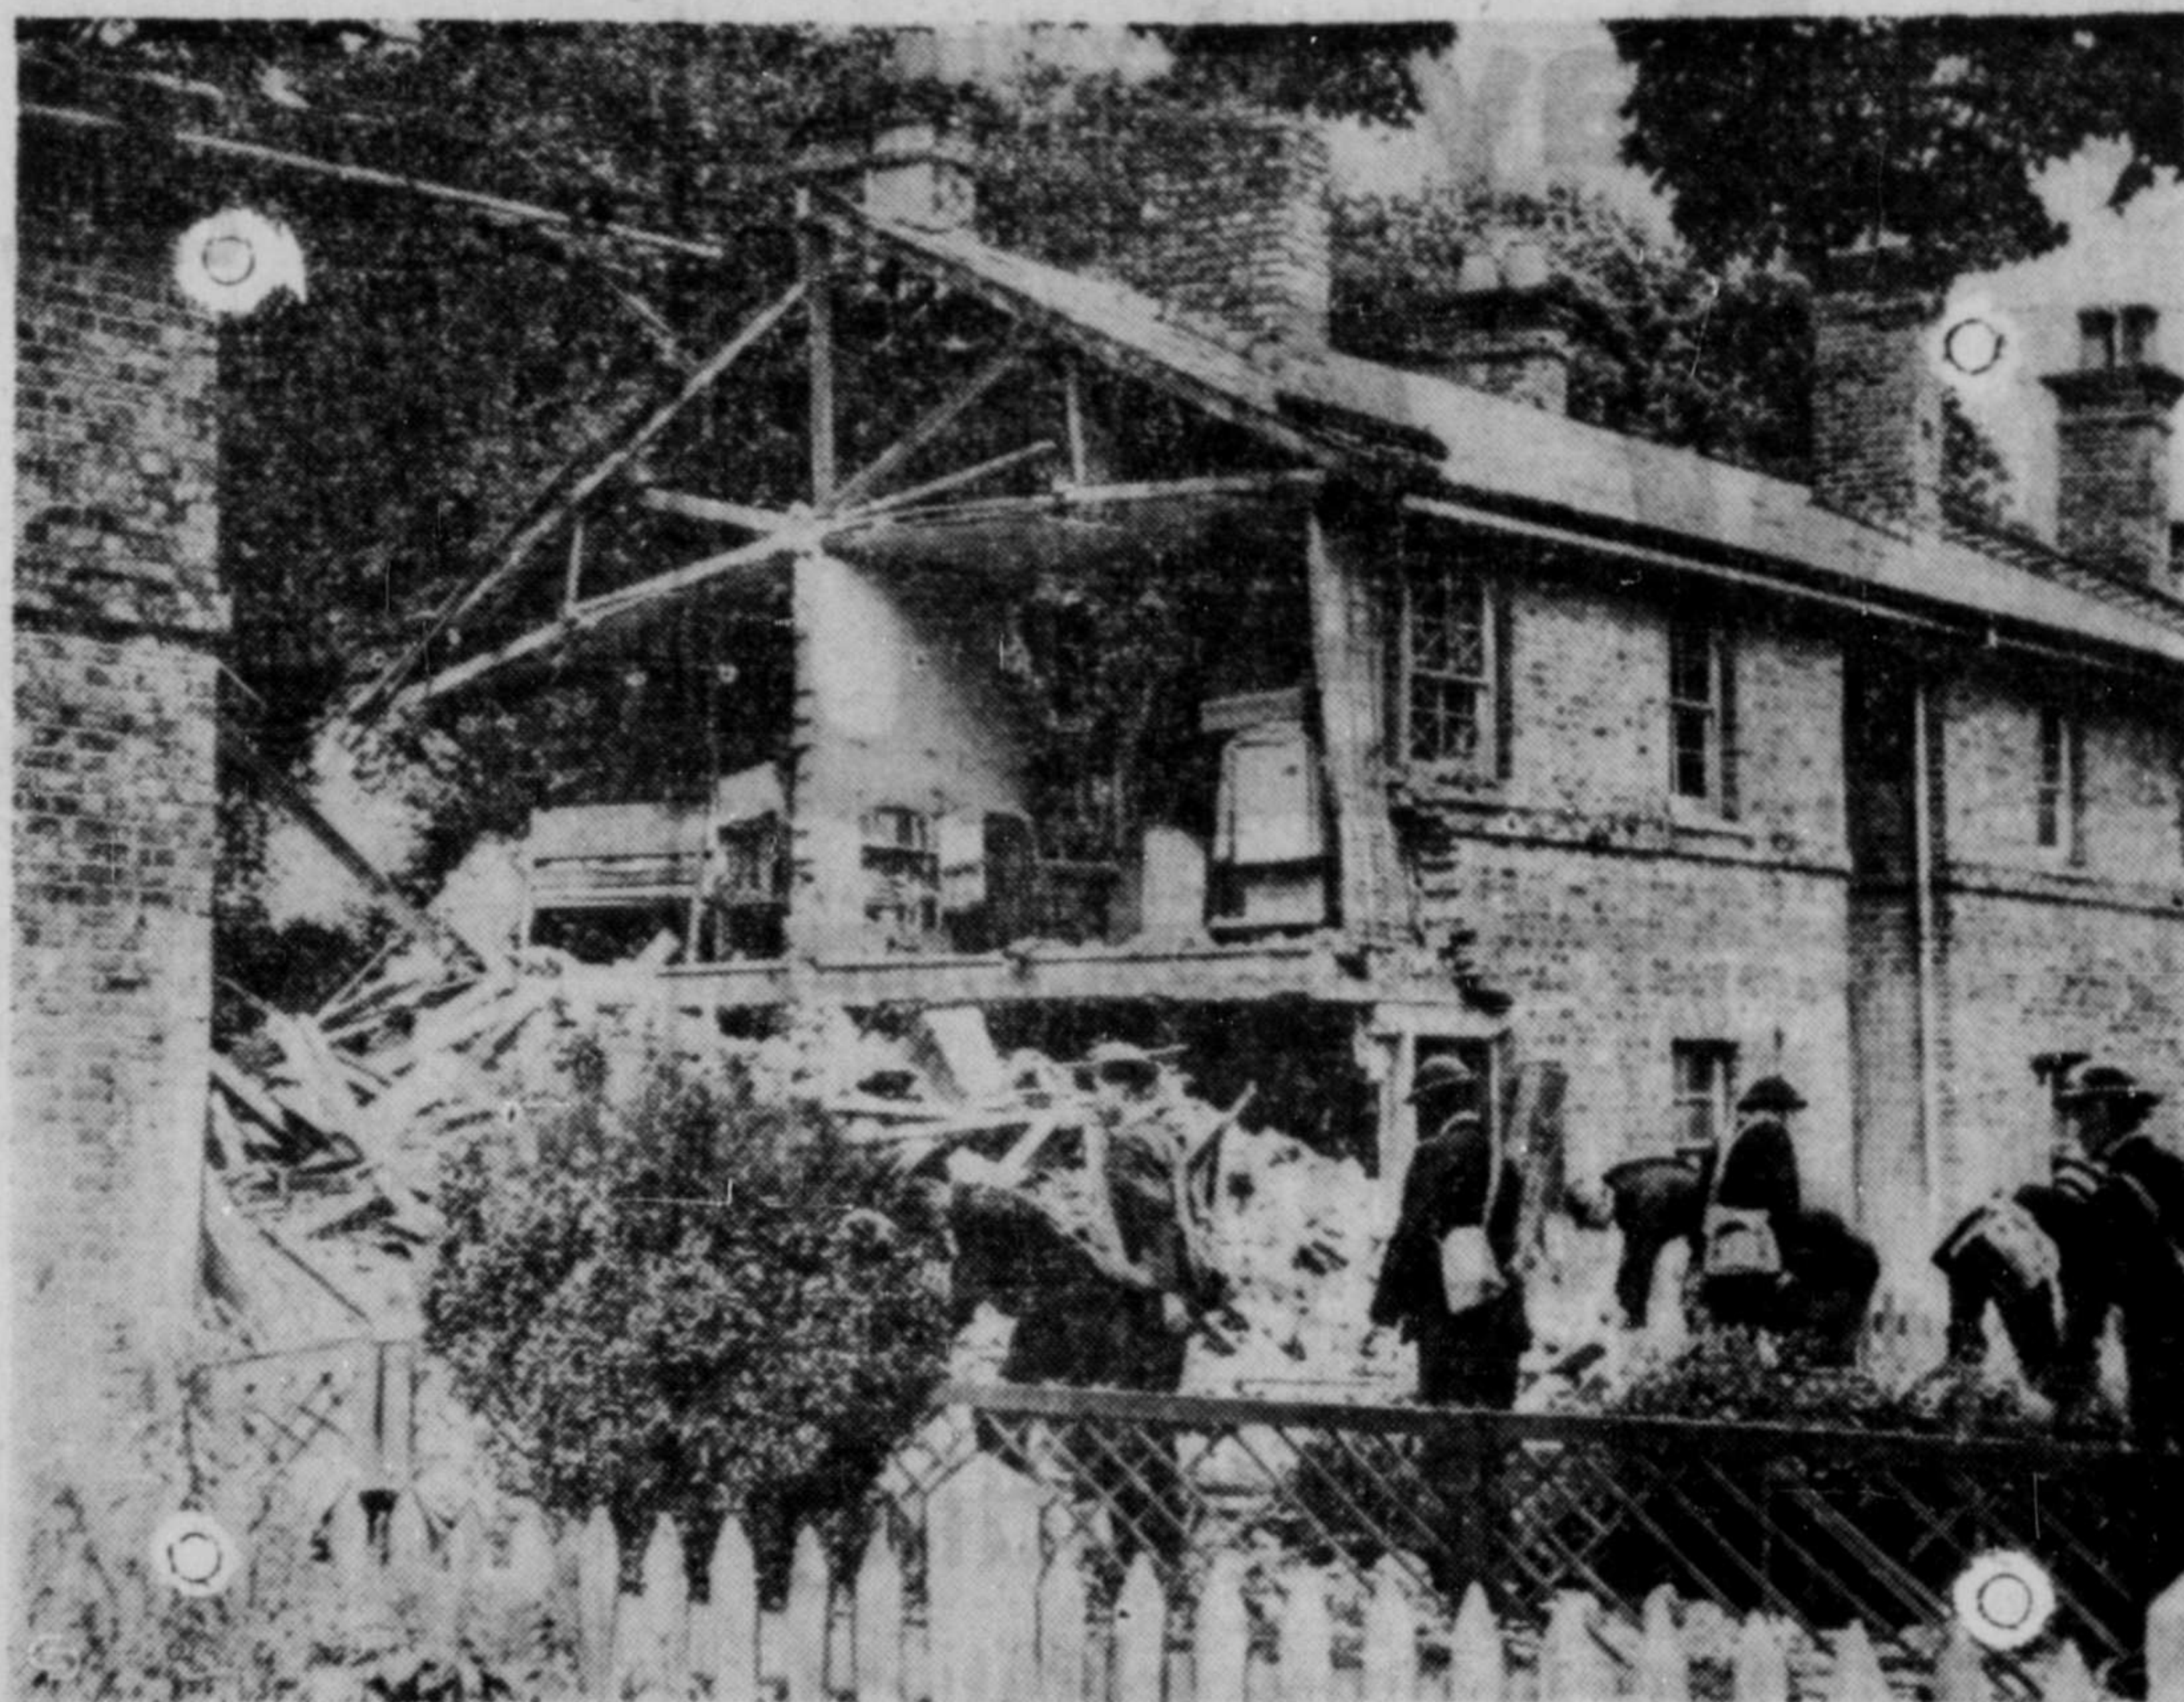

Owing to the large number of planes being used by the Nazis in their daily raids now, alarms are caused over a wide area, embracing inland gunnery stations.

Greenville House Is Burned Down

Residence of John Nelson at Naas River Village Destroyed by Fire

Dominion Constable A. J. Watkinson has left aboard the Indian Department cruiser Naskeena for Greenville on the Naas River to investigate the destruction by fire of John G. Nelson's residence there. Passerby noticed the smouldering embers of Nelson's house and made report to the Indian Agent's office here. The village was entirely empty of its population at the time as far as known, all the people being away at the canneries.

ON HEELS OF NAZI RAIDERS

Britain's efficient A.R.P. is mainly responsible for the comparative small loss of life during the Nazi air raids upon towns and cities throughout the nation. Each area is under close supervision of a central control station and rescue workers follow closely the progress of the planes, reaching a stricken spot almost immediately. Here is a squad on scene of a recent raid, systematically combing the ruins for dead or injured. This was made in southeastern England, scene of constant raids the past few days.

OVERSEAS CHILDREN

Special Canadian Advisory Committee to be Set up, It is Announced

OTTAWA, Aug. 13: (CP)—Hon. T. A. Crerar, minister of natural resources, announced the formation of a national advisory committee for children from overseas headed by Dr. R. S. Wallace, principal of Queen's University, and said that the movement from the United Kingdom to Canada may attain "considerable proportions" within the next few months.

ITALIANS REPELLED

General Attack in British Somaliland Meets With Failure

CAIRO, August 14.—The British command announces that a general Italian attack on British positions covering Juguranean Pass in British Somaliland was repelled in spite of intense support by low flying enemy aircraft. The attacks were broken up and repulsed by British artillery and small arms fire.

In one place the enemy obtained a small local advantage but was immediately counter-attacked.

British light naval forces bombarded Italian troop concentration along the Somaliland coast yesterday.

One large bomber was brought down by infantry fire.

ENTER LIBYA

The British command announced today that a British patrol penetrated 35 miles into Italian Libya yesterday, fought an Italian patrol and compelled its retreat.

Turns Misfortune To Good Account

LONDON, Aug. 14: (CP)—Shortage of oxygen brought luck, not misfortune, to a British fighter pilot patrolling with a section of Spitfires over France.

The pilot, a flying officer, was forced down from about 24,000 feet to 15,000 feet by oxygen shortage and compelled to continue a lone patrol. Just before returning to his base he dropped through layers of cloud to 3,000 feet.

Emerging from the clouds he found an airdrome with three Junkers 87's and one Junkers 88 parked. Before the ground defences went into action he dived several times to 100 feet and raked the aircraft with machine gun bullets. Smoke was pouring from them as he disappeared.

War News

MALTA RAIDED

VELETTA, Malta.—There were two Italian air raids on Malta during the night. Bombs did little damage and there was only one casualty.

EASIER TO ENLIST

OTTAWA.—Physical requirements for enlistment are being dropped, it is announced. Grounds for rejection are being reduced. Those of Class C1 category may now get into active service.

PLANES FOR BRITAIN

WASHINGTON—Arthur Purvis, chief British purchasing agent, disclosed yesterday that the United States has offered to supply Great Britain with between 1300 and 1400 of 3,000 fighting planes requested monthly. Delivery would not however, start before late in 1941.

NAVAL ACTION

LONDON.—Two British destroyers hit three German naval units in an engagement early today and it is thought one armed trawler and one German speedboat were sunk, the Admiralty announced.

SWEDISH SHIP SUNK

LONDON.—Reuters News Agency, in a dispatch from Stockholm, reports the sinking of the 1300-ton Swedish steamer *Varia* in an air attack in the English Channel. Ten were saved and eight are missing. In a recent week 75,000 tons of British and neutral shipping was sunk—thirteen British ships, one Allied and five neutral.

British Airmen Cross Alps And Drop Their Bombs On Vital Aircraft Factories

LONDON, August 14: (CP)—Rome confirms heavy bombings of Milan and Turin, important northern Italian industrial centres, by the Royal Air Force, complaining that 22 civilians were killed and sixty injured. Heavy damage was done on military objectives and all British planes returned home safely except one which made a forced landing in the sea near home, the crew being rescued.

The Air Ministry announces that Caproni factory at Milan and the Fiat plant at Turin, two of Italy's most vital aircraft works, were seriously damaged by the Royal Air Force bombers which flew 1600 miles in a double crossing of the Alps.

BOUT IS DEFERRED

Conn-Pastor Fight Postponed From Last Night on Account of Rain

NEW YORK, Aug. 14.—The light-heavyweight boxing bout between Billy Conn and Bob Pastor, scheduled for last night, was postponed on account of rain. Transferred from the Polo Grounds to Madison Square Garden, it will now take place September 5. Postponement of the bout will delay the projected meeting for the title of the winner with the heavyweight champion, Joe Louis.

Stock Market State Nervous

Values Slide Under Pressure of Heavy Selling Movement

NEW YORK, Aug. 14.—The stock market was nervous yesterday with the heaviest decline in weeks under pressure of heavy selling. During the first two hours 410,000 shares changed hands. The industrial average fell off 3.58 to 123.68 and rails were off .68 at 21.61. Wheat and copper prices dropped. The British pound sterling was quoted at \$3.98½ and London silver at 23½ pence.

WANT LESS SPORT

ADELAIDE, August 14: (CP)—Don Bradman, Australian test cricket captain, now in the Australian Air Force, urges a curtailed sports program in wartime. He has gone on record as favoring cancellation of the Sheffield Shield competition for the duration of the war.

IS PLAYING CRISIS IS MOVING TO LARGE PART HEAD NOW

New Zealand's Men Win High Honors in All Branches of the Fighting Services

By J. C. GRAHAM Canadian Press Correspondent

AUCKLAND, Aug. 14: (CP)—In proportion to the size of its population, New Zealand has already made a notable contribution to Britain's war effort. But it is only now at the end of almost a year of war that the country is approaching an organization which will ensure the putting forth of a maximum effort. Much more will be done next year and in succeeding years if necessary.

Already the smallest Dominion has some fine war achievements. While numbers cannot be given, New Zealand has trained, armed and sent overseas large contingents of all arms both to Egypt and to England. The latter troops include a Maori battalion, with its own officers, which has made such a fine impression in Britain.

Over and above the troops New Zealand undertook to provide, she has sent urgently needed auxiliary units, such as forestry, railway survey and construction contingents. Prime Minister Peter Fraser recently said more units had been made available to Britain than could be placed at present.

Of the Dominion's two cruisers, one, the Achilles, rendered fine service in the Graf Spee action off Montevideo, in December. A number of auxiliary vessels have been armed for naval use in New Zealand.

New Zealand contingents for the Royal Air Force, which have been sent to England for some years, have already made their mark in air fighting. The late Flying-Officer E. J. (Cobber) Kain was only one of a number of New Zealand pilots who have become aces in the present war. Large additional detachments of fliers have been sent to England since war started.

Expect 1040 Peak

Efforts in all branches of the services will not reach their maximum until next year. Power has been taken to conscript men, wealth and property for war purposes and growing realization of the need for preparedness in the Pacific, as well as the utmost support for Britain, will ensure that extensive use is made of these powers.

Voluntary recruiting for militia or overseas service has ceased and henceforth all men will be conscripted. This is not through any lack of volunteers. Sufficient are waiting to fill all expeditionary force drafts for months to come. Conscription is considered fairer than the voluntary system. Returned soldiers and mounted detachments of farmers are being recruited to support the militia in home defence and free younger men or overseas service.

Biggest steps of all are being taken in Air Force expansion. It was recently announced that there were in the country sufficient planes and bombs to deal with any anticipated scale of attack. Large numbers of additional aircraft are being put into operation under the Empire Training Scheme and it is anticipated that before long New Zealand will be able to supply personnel for advanced training at the rate of 1,000 annually. Supply Minister D. J. Sullivan has just completed talks in Australia which will ensure that the two southern Dominions will be co-ordinated for munition supply and defence purposes at a single unit, increasingly self-supporting.

Until recently the war effort has been handicapped to some degree through lack of political unity but the formation of a war cabinet of three government members and two from the national opposition has been a long step forward.

Italy Indicates It Has Designs Against Both Greece and Yugoslavia

ROME, Aug. 14: (CP)—Friction between Italy and Yugoslavia was reported by the Fascist press yesterday as Italian-Greek tension apparently moved toward a crisis. The Yugoslav difficulty, according to the newspaper La Tribuna, was over the killing of minor Fascist officials in the Italian town of Zara on the Yugoslav coast.

Authoritative Italian circles indicated that Italy would claim slices of Greek and Yugoslav territory sooner or later as due Italian-ruled Albania in a "general settlement."

Meantime diplomatic sources in Athens last night said that Premier General John Metaxas has turned down the Rome-Berlin "suggestion" that Greece formally renounce Great Britain's guarantee of her independence and territorial integrity.

Took Pictures Of Waterfront; Lands In Jail

David Ramage, giving his occupation as an artist, was taken into custody here at the end of the week when found taking pictures around Cow Bay and investigated by the police under Defence of Canada regulations. Ramage established to the satisfaction of the authorities, that he was not aware it was illegal to take pictures of the local waterfront and that he had taken the pictures merely for their unique value. He was liberated after the films had been confiscated.

Ramage was passing through the city enroute from United States to Alaska. He was born in London, England, and, a naturalized American, had served with American forces in the last war.

CORPS IS ENLARGED

Local Civilian Unit To Get Separate And Larger Quarters, Doubling Up On Drill Nights

The Canadian Legion Defence Corps, recently organized in Prince Rupert, has assumed such proportions now that the local armory is not large enough to accommodate all members at once for their drills so arrangements are now being made to obtain separate quarters and to hold drills twice instead of once weekly.

Formed into four platoons last night at the regular weekly drill, the Corps was again put through squad drill under the general direction of Regimental Sergeant Major J. Simpkins of the Irish Fusiliers and showed adaptability to the rudiments of infantry training. In fact, there was possibly an unexpected degree of smartness. Men ranging in age from sixteen to sixty—several probably older—took part.

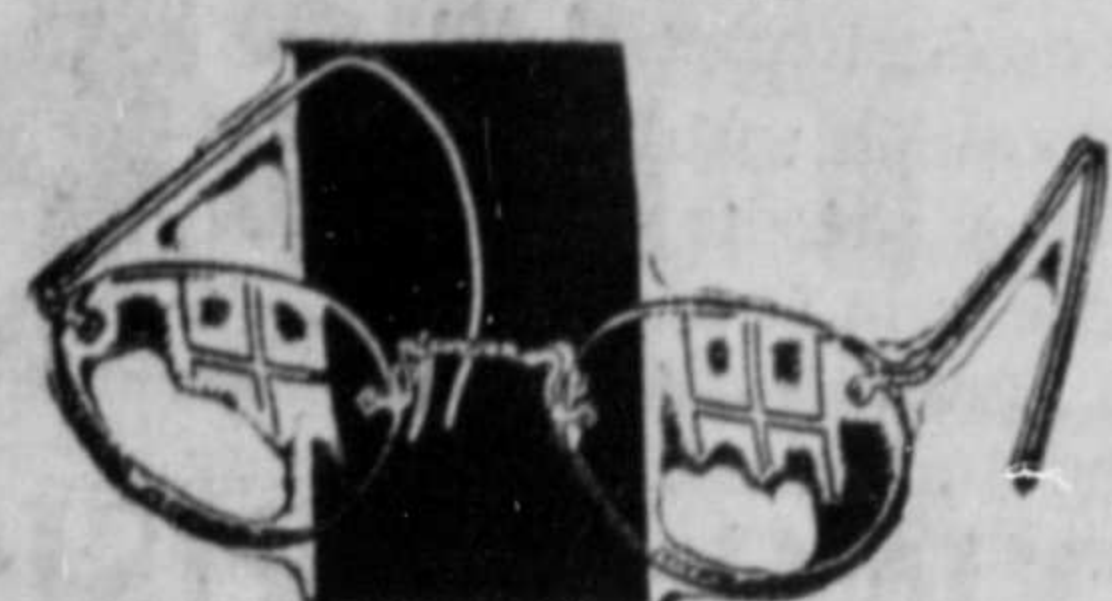

Following the drill, Regimental Sergeant Major Simpkins gave a lecture on military law.

STYLE SHOW AND CABARET

Something Absolutely New and
Unique Promised for Big Fashion
Event Next Month

Something absolutely new and
designed to delight the eye of any
woman is promised by Annette for
her fashion review and cabaret
which she plans to hold on the
twelfth of September. She has taken
on the Moose Hall in order to accommodate
the many ladies she feels sure
will wish to attend. Tea and refreshments
will be served. The cabaret features
will also prove interesting.

Annette says she will have twenty
living models displaying her gowns,
coats and hats. The show will be
something unique. All will be new
and will include a lot of the newest
articles, materials and styles ever
seen in Prince Rupert.

Tickets for this event will be sold
at 50c each and each purchaser will
have a chance to win a beautiful
satin bolster especially made up for
the occasion. It will take place at
2:30 in the afternoon.

The total proceeds of the event
will be turned over to the Prince
Rupert Boys' Band in order to enable
them to purchase new instruments.

Annette promises that this show
will eclipse anything hitherto seen
in Prince Rupert.

FUNERAL AT SIMPSON

The remains of the late Mrs. William
Beynon, who died Monday
morning at the Prince Rupert General
Hospital, are being forwarded to
Port Simpson where the funeral
will take place on Friday.

LOCAL NEWS NOTES

Bert Bartlett is on a visit to Hazelton
for a few days.

Canadian Legion B.E.S.L. Monthly
Meeting tonight. (191)

When you go on your holidays
take the Daily News with you. 50c
will pay for the paper for two
months out of town. (1f)

David McLean, for supplying
liquor to Indians, has been fined
\$50, with option of one month's
imprisonment, in city police court.

Sergeant O. L. Hall, the new chief
of city police arrived in the city on
the Prince Rupert this morning
from Rossland.

P. H. Linzey returned home last
night after an enjoyable holiday
in the interior. With Rev. R. C.
H. Durnford he spent a little time
at Lake Kathlyn and then motored
through as far as Vanderhoof.
One of the highlights of the trip
was some trout fishing at Mc-
Kenzie Lake near Burns Lake.

Mr. and Mrs. Lynn Ziegelmeyer of
Los Angeles are visiting in the city
as the guests of Mrs. Ziegelmeyer's
parents, Mr. and Mrs. N. Mussalem,
Fourth Avenue West. They arrived
Sunday night by train, having motored
north to Smithers, and will
leave Friday morning to resume the
homeward trip. Mrs. Ziegelmeyer
is the former Miss Margaret Mussalem.

Mrs. Jack Preece and her sister,
Miss Edith Grundy, returned to
the city on last night's train after
a week's visit to Smithers. They
attended the funeral on Sunday at
Hazelton of the late J. C. K. Sealy.
The rites, under Masonic auspices,
were very impressive and there
was a large attendance, representing
all parts of the district in
which Mr. Sealy had been so long
prominent.

Five thousand people read the Daily News.
It pays to let them know what you
have to sell.

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the Matter of Samuel George Lindsay,
Deceased, otherwise known as
Sam George Lindsay

In the Matter of the "Administration Act"

TAKE NOTICE that by order of His
Honor Judge Robertson, Local Judge
of the Supreme Court, in and for the
County of Prince Rupert acting in the
place of and at the request of His
Honor Judge Fisher, I was on August
7th 1940 appointed Administrator of
all the Estate in British Columbia,
with the will annexed, of the late
Samuel George Lindsay, otherwise
known as Sam George Lindsay, of
Aylmer, Quebec, who died at Aylmer,
Quebec, on the 27th day of May 1934,
leaving property in the vicinity of
Stewart, B. C. All persons having
claims against the said Estate are
required to file them with me properly
verified on or before the 15th day of
September 1940 and all persons indebted
to the said Estate are required to
pay the balance of their indebtedness
to me forthwith.
DATED at Prince Rupert, B. C. this
8th day of August 1940.
NORMAN A. WATT
Official Administrator,
Prince Rupert, B. C.

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN PROBATE

In the Matter of the "Administration Act"

In the Matter of the Estate of Charles
Frederick Joslin, Deceased Intestate
TAKE NOTICE that by order of His
Honor, H. E. A. Robertson, made the
7th day of August, A. D. 1940, I was
appointed administrator of the estate
of Charles Frederick Joslin, deceased,
and all parties having claims against
the said estate are hereby required to
furnish same, properly verified, to me
on or before the 8th day of September,
A. D. 1940, and all parties indebted to
the estate are required to pay the
amount of their indebtedness to me
forthwith.
DATED the 8th day of August, A. D.
1940.

Unable To Scale Seven Sisters

Unfavorable weather caused failure
again last week of Dr. and
Mrs. Neal Carter and party of
this city to scale the Seven Sisters
Mountains near Cedarvale, according
to word reaching the city. It
was their second attempt in two
successive years to make the ascent.
Accompanied by Mrs. Gordon
German of this city, Dr. and Mrs.
Carter have now proceeded from
the central interior on a motor
trip to Mrs. Carter's home at Keremeos
in the southern interior.

SAVE 4 ways with a New ELECTRIC REFRIGERATOR

SAVE MONEY

With an electric refrigerator you can take advantage of bargain prices and buy food in quantities knowing that it will keep safe, fresh and delicious. Left overs, too, keep fresh to be made into many a tempting meal.

SAVE TIME

Time is precious. An electric refrigerator will save you time and let you enjoy more leisure. Delicious frozen desserts can be made easily, quickly and economically. Crystal clear ice cubes always available. The sanitary porcelain enamel lining is easy to keep clean. The conveniently arranged shelves make foods easy to get at.

SAVE HEALTH

Protect your family's health! Keep food safe and fresh. A modern electric refrigerator has different zones of safe cold to keep meats, beverages, fruit, vegetables and food in general at exactly the right degrees of temperature and humidity. It's safe to be hungry when you know your food is kept uncontaminated electrically.

SAVE STEPS

With an electric refrigerator you can start a modern electric planned kitchen. "Kitchen planning" is the science of placing your working tools in such a way that you save countless steps a year. Let us help you. Start with an electric refrigerator now.

NORTHERN BRITISH COLUMBIA POWER COMPANY LIMITED

TERRACE

Miss Ina Smith arrived on Saturday from Edmonton after an extended stay in Alberta.

Mr. and Mrs. W. Chapman arrived on Friday from Vancouver where they have been living for the past year or two.

Gordon Little left on Saturday for Ocean Falls.

August 1940 is proving to be about the most unsatisfactory

August in the history of Terrace from a weather standpoint. Only one day has passed without rain and there has been an almost total absence of sunshine. In one night no less than two inches of rain was recorded. Two types of people suffering most are the oat harvesters and the campers at the lakes.

LONDON, August 14: (CP)—Eton beat Harrow by one wicket in the annual cricket game between the two famous English schools. Harrow scored 185, Eton replying with 189 for nine wickets.

Twenty-Five Are Confirmed

Rt. Rev. E. M. Bunoz, Roman Catholic Bishop, Visits Terrace

TERRACE, Aug. 14.—Rt. Rev. E. M. Bunoz O. M. I. arrived in Terrace Friday afternoon to conduct confirmation service at the Catholic Church, some 25 candidates having been prepared. During his address on Sunday

the Bishop congratulated the resident priest, Rev. Father Fabre O. M. I., upon the improvements he has effected to the church property by which the grounds surrounding the church have been beautified by the laying out of neat grassplots and gravel walks.

ENTERTAIN FOR PLANES
LONDON, Aug. 14: (CP)—London music hall actors and actresses are donating their services to entertainments for the purpose of buying aircraft for the Royal Air Force. Special Sunday night variety shows will be staged.

MAY VISIT IN STATES

Additional Regulations Govern Right to Carry Small Amounts Over Border

OTTAWA, Aug. 14.—The Foreign Exchange Control Board, in the interests of those who live on the United States border, has promulgated additional regulations governing the right to carry small sums of money to the United States.

Commuters, transportation employees and certain other persons travelling on business, it was announced, will be able to cross the border without obtaining the usual exchange control permit, as will persons desiring to visit friends in adjoining American towns in cases where no expenditure of funds is involved.

Canadians living in Canada but employed in the United States may hereafter carry their customary amount of daily funds with them without permit. It is probable identification cards will be issued to this class of citizen. "Those who feel that for professional or other reasons they require to make expenditures of a special character should communicate with the board," the announcement said.

To firms on the border whose business requires that their employees shall make frequent business trips to the United States, the board will issue special cards which may be validated by an officer of the firm for each separate trip.

In Border Towns
For persons in border towns who want to visit friends across the line in neighboring towns, the board will issue a printed form of declaration permitting such export of funds as may be necessary for travelling expenses and not more than \$5 in Canadian funds.

The form will be signed by the applicant and forwarded to the board by the Canadian customs officer at the border. The form will show the traveller's Canadian passport number or the number of his United States resident alien's identification card.

United States citizens coming to Canada, the board reiterates, are subject to no restrictions whatsoever except that they cannot take out of the country without permit more money than they brought in "and this latter provision is interpreted liberally so that no inconvenience can possibly be caused to any bona fide traveller."

The same applies to Canadians

whose residence was in the United States on September 16, 1939.

The position with respect to United States citizens whose ordinary residence is in Canada is that, under an agreement between Canada and the United States, they may, upon application to the board, obtain exemption of their foreign securities and other assets in the United States.

They may readily obtain a permit to take out of Canada any United States funds or securities which are so exempt so that, for example, it is possible for them to use their own exempted United States funds for pleasure travel or any other purpose.

In the special case in border towns customs officers will permit them to leave Canada with their own United States funds or with small sums of Canadian currency without production of an exchange control permit.

Daily advertising in the Daily News is sure to bring daily results.

BANANAS ARE HIGH

Stocks of This Popular Import Fruit Short—Advance in Price of Sugar Coming Up

Banana prices have been rising sharply, two advances having occurred just recently. Stocks are scarce and none of the popular fruit is expected to arrive here for at least a week. Seasonal lines of fruit and vegetables are now being featured on the local retail market.

Sugar should be good buying just now as an advance in price is expected soon.

Prices of canned goods are much the same today as they were a year ago. Owing to lost markets, perhaps may be curtailed this year but there may be a surplus which will have to be consumed domestically.

(c) What other work can you do well?

19. Is there any particular occupation in which you would like to be specially trained?

20. Do your circumstances permit you to serve in the present national crisis, by changing your present occupation to some other for which you are qualified?

These are typical of the questions the women of Canada will be asked when they register

THE human resources of the nation must find their fullest and freest expression. The abilities and powers of our women must be mobilized as well as that of our men. Registration is the first necessary step. Since the outbreak of hostilities, the women of Canada have individually, through Church, Red Cross, Women's Clubs and other organizations, responded magnificently to the urgent call of the nation. In addition to these, however, there are thousands of others who, within the limits of their time and capacity, are anxious and willing to do their bit. National Registration will open up for these women new opportunities for national service. Many positions left vacant by men who have enlisted, or will enlist, will have to be filled. Many men, now employed, because of necessary transfer to war work, may have to be replaced by women.

REGISTRATION DATES: August 19th, 20th, 21st

VOLUNTEER WORKERS NEEDED—The work entailed in registering more than eight million people in three days will be enormous. Volunteer workers will be welcomed. As an immediate way of assisting you are invited to get in touch with your local registration officials and offer your services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts in the same manner as in the last Dominion election. Registrants are required to register in the regular polling subdivisions of their own constituencies. But should a registrant live in some other province or district out of the regular polling subdivision on Registration Days, he or she may register at any registration office convenient, upon satisfactory explanation to the local deputy registrar.

Penalty for Non-Registration—Failure to register will make any male or female, married or single, over the age of 16 years, liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and imprisonment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during which he shall continue to be unregistered.

Your Registration Certificate

To every person answering the questionnaire fully and satisfactorily a certificate of registration will be issued by the local deputy registrar. This is a small card which must be carried on the person at all times.

MAKING FINE RECORD

The Royal Air Force is making a fine record for itself and around England, Scotland and Wales. It has been making heavy toll of the Germans who have been attacking in force. Each day sees something like fifty or sixty enemy planes shot down, either by the British fighter planes or by anti-aircraft guns.

And all the time the British planes are taking heavy toll of the Germans in their attacks on German military objectives. Planes on the ground have been destroyed in large numbers, fuel and ammunition dumps have been exploded and burned, airplane factories have been bombed, docks used for loading military supplies have been damaged, ships in dock struck, and particularly heavy raids have been made on fuel depots, trains and barges. This is because to the Germans fuel is a vital necessity and one of the supplies of which they are short.

Many people do not seem to realize the effectiveness of an incendiary bomb. The magnesium used in these bombs burns brighter when sprayed with water. They are particularly effective in destroying oil supplies, ammunition dumps and such buildings as airplane factories.

C.C.F. WORRIED

The C.C.F. seems to be worried because the Conservative party is not contesting the riding of Mackenzie in the by-election to fill the seat in the Legislature vacated by the death of the former member. The Conservatives take the stand that political strife is not desirable in time of war. The C.C.F. evidently feel that, if the Liberals and Conservatives were fighting each other, they would have a chance of slipping in as a third party.

Gyro Club Has Business Lunch

Various activities of the organization comprised the principal business of the Prince Rupert Gyro Club at its regular monthly business luncheon today. Reports were received from committees and routine matters were dealt with. It was decided to invest certain of the club's trust funds in government war securities, a recommendation in regard to this being submitted by the president and treasurer who had been named a special committee. President G. A. Hunter was in the chair and there was a good attendance of members.

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

Stage Set For Three Day Celebration---Full Bill Of Sport and Entertainment

The chief aim of the Fall Carnival in Prince Rupert next week is to raise money to assist financing the proposed civic centre. Proceeds will all be invested in war savings certificates or bonds until such time as required for building purposes. Patrons will thus help the civic centre and the war effort at the same time. Full value from an entertainment standpoint will also be assured to all.

The carnival committee is composed of representatives of various clubs and service organizations including Rotary Club, Gyro Club, Junior Chamber of Commerce and others and also includes individuals who have either volunteered to assist or who have been asked to assist the committee by reason of some particular ability which it was felt might be useful.

No outsider is being used in any capacity in putting on this carnival. It is a purely local and purely voluntary effort by a committee of local men who have temporarily gone into the carnival business for the sake of the community and for the fun they get out of it. Every patron of the carnival is assured of a run for his money.

Prizes in most of the games will be in the form of merchandise—groceries, tobacco and candy, ladies' wear, men's wear, etc. There will be a certain amount of novelty prizes, of course, and a few cash prizes but, as far as possible, cash prizes mean War Savings Certificates. The games are all "on the level." There will be no "gypping" such as might possibly be expected in a carnival run by outsiders operating for personal gain. With the exception of the carnival novelties, all merchandise will be obtained from local merchants and even the carnival supplies, which it is necessary to obtain outside, will be handled by a local firm.

Other attractions backing up the carnival attractions, which comprise a collection entirely novel to the people of this district, are a number of exhibits just as novel. These include one sponsored by the Prince Rupert Medical Association and an exhibition of amateur and professional photography. The amateur side of this exhibit will be contested for with prizes for the

best and second-best photographs in three different classes. The Prince Rupert Horticultural Society is judging its annual flower show on the first night of the carnival and there will be a number of privately owned collections of various types on exhibition as well as a number of commercial exhibits.

On each night of the carnival there will be two half-hour periods of vaudeville entertainment and provision is being made for dancing each night from about 11:30.

Highlights of the Carnival are:

Wednesday, Flower Show.
Thursday, Crowning of Carnival Queen.
Friday, Public Wedding.

Other features not to be missed include: The "De-bunk-her" (straight from the World's Fair), the "Para-shooting" Range; "Hit and Miss" (paste 'em on the puss); a realistic horse-race course with all the excitement of a regular race track; "Gallop'n' Dominos"; Wheels of Fortune, Wheels of Fate, Arrows of Destiny and just plain wheels.

THE BIG CARNIVAL

Next week a number of local organizations have combined to put on a big carnival for the purpose of raising money for the civic centre fund, these funds to be invested in Dominion Government war certificates until such time as there is money enough on hand to commence construction of the centre.

There has been a little silent opposition to the carnival from those who think all energies should be turned to the war. In this connection it is pointed out that the net proceeds of the carnival will go to financing the war.

The following week it is understood an outside circus will be in town, mopping up any spare money that may be left. This has been the turning point in favor of the carnival and has influenced most people to give it their unqualified support.

It is also pointed out that providing recreational facilities for young men is war work of the best kind.

In view of this situation we feel we can ask for the support of the whole community in this effort of the younger people of the city. They evidently know what they want and are out to get it if they possibly can.
