HON. GORDON SCOTT LOST

OTTAWA-Prime Minister W. L. Mackenzie King has received definite word from London of the safety of Hon. C. D. Howe, minister of munitions and supply, who was aboard the liner Western Prince which was torpedoed and sunk last week. Col. W. C. Woodward of Vancouver and E. P. Taylor of Toronto, special departmental officials, accompanying Mr. Howe, are also safe but Hon. Gordon Scott, former provincial treasurer of quebec, and financial adviser to Mr. Howe, lost his life when a lifeboat capsized alongside a rescue ship, his body not being recovered. The survivors have been landed at a west coast port.

QUIET FOR 30 HOURS

LONDON-For nearly thirty hours not a single bomb has been dropped anywhere on the British Isles. Unfavorable weather is believed to be the reason although this did not prerent the Royal Air Force last night from carrying out another raid on the German industrial city of Mannheim as well as Channel bases of the enemy, particularly airdromes.

ROOSEVELT'S PLAN FOR AID

WASHINGTON- President Franklin D. Roosevelt will make a personal appeal to the new Congress for support of a new arrangement whereby unlimited supplies of ships, gans, airplanes and munitions would be loaned to Great Britain as she required them. Such supplies would be on a lease basis whereby the goods would be returned or replaced after the war. Thus effective aid would be given to Great Britain and, at the same time, a United States defence policy would be carried out. The President may ask congress for \$2,000,000 to finance the program.

ITALIANS ABANDONING BARDIA

CAIRO—The Italians appear to be preparing to abandon Bardia, another important port on the Mediterranean coast of Libya. The Fascist forces, aerial reconnaissance indicates, are commencing to retreat toward Derna and Libya to the west.

TWO DIVISIONS SMASHED

ATHENS- Two crack Italian divisions in Albania are reported to have been smashed as the Greeks continue to advance on all fronts. Two focal points on the central Albanian front are in flames, having been set afire by the retreating Fascists.

DUTCH STEAMER SUNK

NEW YORK-Mackay radio has picked up a message from the Dutch steamer Hendrik reporting that she was torpedoed and sunk 500 miles north of Scotland. Only one lifeboat is left afleat, two others having been blown up with the ship. Further north two tankers are reported under attack.

GERMANS MOVE INTO ITALY

BELGRADE, YugoSlavia-It is reported here that 50,000 German troops have moved quietly into Italy enroute to Libya and, possibly, Albania to bolster the wavering Fascist forces. Some of the German troops are at Bari and Naples and others at Milan and Genoa, according to the report here.

QUITTING BARDIA

Italian troops were reported today by the Royal Air Force to be falling back towards Derna, 150 miles within Libya. The retreating forces were being harassed by British bombs and machine guns. Earlier reports from the Western Desert indicated that the main coastal base of Bardia was isolated by the British armored units to the west with fresh troops rolling up from the East. Apparently, the line was also closed on the south, making the retreat of the Italians a desparate movement. Derna airdrome has been raided by British aircraft and phamplets were dropped on Assab, advising the people there of the defeat of the Italians at various points.

A Cairo communique said that

The communique also said that offensive patrolling on a considerable scale had been renewed 2000 miles to the south on the Kenya and Sedan frontiers of Italian East Africa. Nairobi reports a British raid from Kenya Colony on Italian Somaliland in which 50 Italians were killed, 25 wounded and considerable enemy supplies taken.

SERVICE OF A BETTER CLASS

(Art Murray) "JUST TRY 99 ONCE"

Lest We Forget

W HILE we celebrate this Season of Goodwill in comfort, our W brothers, sisters and comrades across the sea live 'neath the shadow of death . . . death let loose from the skies by the monstrous hordes of Nazidom and Paganism.

At this season we are particularly reminded of the debt we owe to those whose service and sacrifice make it possible for us to enjoy our Christmas midst the carefree happiness of children and fond parents . . . those valiant men who patrol the skies, man the ships, stand by the guns, and place their all — even unto life itself, between us and the enemy.

How can we pay our debt to them?

The least we can do is to Save every dollar that we can and lend it to Canada, so that Canada can provide everything in munitions and equipment to fortify these men for the defence of our country and our civilization.

Our savings should be invested in War Savings Certificates, and we should continue to save and invest in War Savings Certificates until Victory is won.

The widow's mite counts as much as the more fortunate ones' plenty, as evidence of service, sacrifice and determination.

So then, whatever else you do at this Christmas season, save and invest in War Savings Certificates. The very consciousness of your service in the Defence of your homeland will make greater your personal enjoyment of Christmas.

W. H. Somerville and de Gaspé Beaubien, Joint National Chairmen, War Savings Committee, Ottawa.

You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two
