will arise in finding refrigerator ACTION AND space for the handling of these shipments. And, if the permits are refused indefinitely, the producers will face a disastrous loss since there is no market in Canada for the quantity of frozen salmon and halibut packed this year in British Columbia. These fish were produced on orders from British importers. As a matter of fact, the lorders placed were greater than was possible to fill. There seems to be no clear reason why import licenses "No, sah," explained the colored hint at some sort of a British fish trade "cartel" which is interested land at the expense of Canada.
