SOLDIERS' VOTE

What we have contended before has happened. The soldiers vote has been much like the vote of other people tain; Hansen, T. Pilfold. but a little more against the government. That is possibly because the soldiers were affected by such things as stad; Hemmons, Davies (captain), delays in receiving uniforms, delay in settling allowances Elliott; Matsumoto, Scherk, Pierce, and such like. At any rate the vote has had little effect on the general result. We can now feel that the election results are settled.

ARMY FOR HANSON

While the army generally gave a majority for the Conservatives, in Skeena the vote was strong for Olof Hanson. That was probably a personal vote for the Liberal member elect for he is popular with all classes of people. The vote is just another sign of his popularity and also an indication of his solidarity with the troops and! with their aims and objects.

The first indication of a "Buy British" campaign was given at the Chamber of Commerce meeting this week when a letter came from the Toronto Board of Trade drawing attention to the need of such a move in order to help in financing the war. Every dollar spent in buving For the East-British goods gives Britain a credit in this country. Not only that, it also gives Canadians an opportunity of selling another dollar's worth of goods in England. It helps in two different ways.

Very soon we expect to see a determined campaign to influence people to buy British goods, this being in the best interests of the country and the Empire.

Wanderers And Maple Leafs Play To Three-All Draw

Football games were resumed at King Edward School yesterday following the Easter vacation when after being three goals down, the Wanderers drew level in the last minute and the match between them and the Maple Leafs resulted in a three goal tie.

The Leafs went ahead when a simple shot from Arntsen slipped between Leland's legs. Davies went loose for the Wanderers who were lucky when Blake kicked against his own upright for the ball to rebound outside. Wilson put the Leafs ahead when he nipped in to convert Pilfold's pass and later added a third with a good cross

J. C. Gilker corrected a false impression contained in the Vancouver Province in regard to the centre of the halibut industry on the Pacific Coast.
