PRESIDENT HAYS' SAFETY IS MATTER OF DOUBT

TENSION RELAXED BY LIST OF TITANIC'S PASSENGERS

President Hays' Wife and Daughter Undoubtedly Among Those Saved---Carpathia With Rescued Aboard Expected to Reach New York Friday

TWENTY-EIGHT CANADIANS WERE ON BOARD

Of These Twenty-Eight Nineteen Were From the West and Twelve of Them are Reported Lost---Passenger List a Long Roll of Famous Names---Winnipeg Dispatch Places Hugo Ross Among Missing---Churches to Hold Memorial Services for Victims

(Special to Daily News.)
New York, April 18.—The agonizing suspense still continues, there having been no definite word received from the Carpathia relative to the shipwrecked passengers of the Titanic she is believed to have on board. The crowd was materially lessened, however, after a full list of the passengers cabled from the London office of the White Star Company had been published. Still there is a very large crowd, but in the main it has moved from lower Broadway to the Carpathia dock, the whole available space there being crowded this morning although the vessel is now not expected to arrive before late this evening or tomorrow morning. When she is sighted off Sandy Hook, however, the docks will be promptly cleared of all those actuated by morbid curiosity only, and bulletins are now posted to this effect. The government and other officials will take charge of the docks and have planned to give the fullest protection to the survivors and their relatives, and to prevent all interference by curiosity seekers and newspaper reporters until they have left the docks. When the vessel comes along side no one will be permitted present at the landing place except those bearing written authority from the company or the government officials.

Parisian Heard No Call.

Halifax, April 18.—The Allan Line steamer Parisian entered the harbor last night but brought no word of the Titanic disaster. She says she spoke the Titanic about 10:30 on the night of the wreck, which must have been but a very short time before the great vessel struck the iceberg. But no call for aid was heard by the Parisian and she only heard of the wreck from other vessels.

Long List of Notables.

New York, April 18.—The Titanic carried about 1,300 passengers, of whom 350 were in the first cabin. Among these are F. D. Millet, the artist, and president of the Consolidated

THE WHOLE COUNCIL IS AFTER THAT AWFUL JOHN HILDITCH

IN HIS HASTE TO COMPLETE THE NEW POST OFFICE BUILDING HE NEGLECTED INSTRUCTIONS REGARDING SIDEWALK—CITY SOLICITOR SENT TO SIO' HIM!

All the wrath of the city fathers is aroused against the late chairman of the board of works, John H. Hilditch. The redoubtable John H. has made piecemeal promises after the fashion approved in the circle in which he revolves most prominently, regarding his good intentions to repair that sidewalk which he altered to suit his purpose without authority from the city.

Like the road to another important institution presided over by another Despiser of Authorities, the back way to the Hilditch post office building is simply paved with those good intentions. And the manner of its paving pleases not the city hall. With burning indignation yesterday afternoon, as men slighted in their tenure of exalted office they denounced John Hilditch, and commanded that the city solicitor take immediate steps to pursue him relentlessly, yea even "to the utmost limits of justice," (in words of Ald. Montgomery), until he repairs and makes safe for the pedestrian the sidewalk with which for the convenience of his minions the office builders, he tampered. If the sidewalk is not in shape by 4 o'clock this afternoon, watch for the appearance of John H. Hilditch in the police court, charged with infringing the city bylaw providing for the preservation of the city street property intact and safe for the use of the citizens.

PRINCE RUPERT TWENTY MINUTES AGO

That smart shipwreck drill on the George this afternoon should reassure tomorrow's intending passengers. Jack Hilditch's skyscraper is stretching heavenward while he is getting the other thing from the Council. "Morality Squad" just ordered out. Good business if not directed by fanatics. Now burning question is: "Will Montgomery get even?" City Clerk festoons city hall with that mile long late hour men's petition. Finance Minister says Morrissey nearly made a treasury scrap out of that treasury script debate.

MONTGOMERY REPLIES.

"Do you want my answer to that burning question of Twenty Minutes Ago?" said Alderman Montgomery to The Daily News yesterday. "It is this: I am playing the game fairly and consistently, as I fought for the Scott Act and voted for it. Should it appear that I am trying to get even I cannot help that."

ALBERT FOUND NOT GUILTY

Jury Only Deliberated for Fifteen Minutes Before Handing in Findings—Defense Was That It Was Blackmailing Game.

(Special to Daily News.)
Vancouver, April 18.—After fifteen minutes of deliberation the jury in the Albert trial returned a verdict of not guilty last night. The accused was at once released and received the congratulations of his friends. S. S. Taylor for the defense made a strong plea for pronouncing the accused not guilty. He said Mr. Albert was the victim of a blackmailing conspiracy. He pointed out that Albert and Mrs. Perks were both reputed wealthy and likely to be the prey for a blackmailing game. For the Crown A. D. Taylor ridiculed the blackmail theory. He said the proof that there was no truth in it was that the criminal proceedings had been immediately begun by the father on hearing of the girl's story. The trial was concluded at 10 o'clock.

SERIOUS CASE AGAINST HIM

Stuart Henderson, an Ashcroft Lawyer, Charged with Embezzlement and Released on Bail—Charge Laid by Norwegian Farmer.

(Special to Daily News.)
Vancouver, April 18.—Stuart Henderson, K.C., the late Liberal candidate in Lillooet, and former member for Yale in the local legislature, was arrested here yesterday afternoon on a charge of embezzlement. He was released on \$3000 bail and will return to Ashcroft this afternoon, where the information was laid. The allegation against Henderson was made by a Norwegian farmer there, who alleges that he gave Mr. Henderson \$1,412 to pay off a mortgage on his farm and this he claims has not been done. The farmer alleges that Henderson said it had been paid.

STOCK COMPANY AT THE WESTHOLME THEATRE

Bailey Company of Seattle to Open Season in May.

May 6th marks the opening of the professional dramatic season at the Westholme Theatre, the first company to show here being the popular Bailey company now playing at the Coliseum in Seattle, where they have been holding forth to crowded houses all winter. An interesting repertoire of entirely new plays will be produced and theatre goers can expect a real treat. Further particulars will be announced in a few days.

G. R. NADEN LECTURED

Pleasant and Instructive Evening in Presbyterian Hall.

In the Presbyterian Hall on 4th Avenue last night, Mr. G. R. Naden gave a most interesting address on "British Politics Since The Boer War." There was a good audience, and the lecture was heard with interest. Mr. Naden showed himself to be a strong supporter of Lloyd-George and indicated the various innovations in the political aspect of the old land that have been introduced recently. At the close of the address the meeting was thrown open and some lively discussion followed, notable among the speakers being a newly arrived Irishman who is not a supporter of John Redmond's home rule principles, but has a nobler ideal for "the little island not far from France," and wants the Irish language and garb revived. A pleasing program of music was also rendered.

Property Owners, Attention.

A meeting is called which will be of importance to property owners in Section 2 and west of 8th street for Saturday evening at 8:30 at police court room. 2t

GOOD TIME FOR YOU TONIGHT

"Resolved, That the offer of the Bank of Montreal to sell our three year treasury certificates to the amount of two hundred thousand pounds sterling at the rate of 98 1/2 less three-quarters of 1 per cent. for commission and stamps be accepted. The certificates to bear interest at the rate of 5 per cent. per annum, and to be dated 1st June, 1912, for payment London, England, June 1st." Carried.

Above are the terms of the resolution passed in open council yesterday afternoon, by which the city agrees to the handling by the Bank of Montreal of the million dollar three year issue of treasury certificates arranged for by the Mayor and City Solicitor working in conjunction with the advice of the bank authorities on finance.

Following the acceptance of the bank's offer, the Treasury Certificate Bylaw No. 109 passed and is now in force.

Preliminary reception of the bank's offer when the details, including the price of the certificates were made known, was in private, but the Council soon afterward dealt with the matter in open session. A feature of the discussion was the attitude taken by Alderman Morrissey, who stinked over the rate of exchange and wished black and white statement of the net amount receivable by the city on this transaction. On the rate of exchange, which is subject to fluctuation, even the bank finan-

cial experts could not offer to enlighten him, but on the net amount receivable he was answered with a close approximation. Ninety-seven and three-quarters per cent. of the amount is the total represented by the terms of the resolution, to which the city has assented.

Alderman Dybhavn noted with approval that the terms agreed on save the city some \$7,500 per annum in interest, and the point which impressed Alderman Montgomery favorably is embodied in his remark here noted:

"I am of opinion," he said, "that it will be in the best interests of the city for us to take up this offer at this time. I think it will place us in a position by which we can go to the Bank of Montreal at any later time to ask for further loans which may or may not be granted. I ask Inspector Irvine if that is not so?"

The Inspector: "That is exactly the case."

Alderman Morrissey with some warmth raised a point in regard to the possibility of the city's dealing to better advantage with other financial houses. He asked if any had been approached. The Mayor replied that the Finance Committee had been instructed to wait on other banks at the time of the hydro electric proposition and had done so to decide finally in favor of the Bank of Montreal.

While appreciating the services of the Bank of Montreal up to the present, Alderman Morris-

DAILY EDITION.

THURSDAY, APRIL 18

PROGRESSIVES ARE NOT WIPED OUT.

In the matter of the Progressive Conservatives of Prince Rupert we are assured that it is not a case of the phoenix arising from its own ashes; that it is not a new association but is the old one in all its pristine vigor.

That they are still fairly well organized was shown by the numbers who put in their appearance at the informal meeting held on Tuesday evening. The question before them was whether they should or should not attend the special meeting of the Conservative Association for the purpose of considering new bylaws.

There were still a few, however, who felt that for personal reasons they ought to attend the Conservative meeting. Here the Mayor again showed his abnormal gift for switching principles, whether on social questions or on politics.

There are hard-hearted, unsympathetic citizens who say that Mayor Newton's principles are as the lively flea, "skipping where no life can be," and that you cannot put your thumb on them.

So the Progressives are again enthused with the idea that they can yet be the whole cheese, in defiance of the member and of the kaleidoscopic "principles" of the Mayor.

Without any desire to make comment on the question of the earlier closing of bar rooms, especially after the Rev. F. W. Kerr has at great length pointed out that the subject is sub judice, a sense of fair play prompts the question how the reverend gentleman balances his conscience on the point of citizen-signed petitions.

George J. Hammond, president of the Natural Securities Company, writes The Daily News that he has asked the B. C. Mining Record to deny the statement it made that he (Mr. Hammond) had appealed the decision of the railway commission in reference to the location of the depot at New Hazelton, and to state that it was the Grand Trunk Pacific and the provincial government that lodged the appeal in question.

The action of the Board of Trade in postponing its annual banquet while the fate of President Hays hung in the balance cannot be too highly commended. It was an act of the most gracious and thoughtful courtesy.

COMMANDING PARK SITES

Position of Army and Parade Ground, with Ball Parks and Tennis Courts Finely Laid Out by Col. Davis for Approval.

According to the plans prepared by City Engineer Davis for the laying out of athletic grounds, including drill hall site and parade grounds, ball park, tennis courts and football field on the area available on Acropolis Hill, a really fine recreation park could be laid out there.

The avenue would, in fact, lead up to the armory just as in the garrison towns of Stirling and Edinburgh, Scotland, the military headquarters in the strong castles that crown the towns are approached each by a single street leading into the great open parade ground high above the busy hum of the traffic below.

Spacious ball and football field and a delightfully detached and secluded tennis ground placed cozily under the protection of the military, as it were, are featured clearly on the colonel's plan presented in council Monday night and laid over temporarily owing to pressure of other business before the board.

FORT GEORGE!

Invest in It! Keep Your Eye on It!

There can be no more controversy about this townsite, and the following facts will put you wise on that matter.

FORT GEORGE IS A COMING METROPOLIS because: (1) the railway contractors are working day and night for the completion of the O. T. P. line from Tete Jaune Cache to Fort George for the fall.

(2) The Pacific & Eastern railway must start building the Fort George-Vancouver line before the 1st of July of this year and have it completed before July, 1911.

(3) The Railway Commission has ruled that the depot must be located 3,000 feet from the Fraser River, which means on the west side of the Indian reservation, as the final location to be decided as soon as the grading is completed. This will do away with all the talking about the depot being located somewhere else than the Indian reservation.

(4) The Canadian Northern Railway has got their charter altered from the Dominion Parliament to RUN THEIR LINE THROUGH FORT GEORGE AND TO THE COAST.

(5) The Canadian Northern Railway has already approached the O. T. P. to make sure of WATSON AND YARDAGE facilities by the O. T. P.

(6) Other railroads are said to have taken the same steps so that the Indian reservation would be practically swallowed up by the railroad accommodations.

(7) The B. C. & Alaska Railway has changed its former route, too, and is going to build from Fort George to the Peace River country.

Is this not enough to show you, to prove to you, the GREAT FUTURE OF FORT GEORGE? Was I right when I was saying that Fort George would be the WINNIEPES of British Columbia?

This is the time to invest in what will be the best town in the West. A few hundred dollars invested there will make you a rich man in a few years. Don't miss this last chance! Don't wait! Tomorrow will be too late, and the day after you will feel sorry that you did not believe what a blind man would see!

From Profits—or Losses? WE all advertise. A man advertises his character by his deeds, his wisdom by his words or by his silence. A merchant's store, stock, and windows speak either well or ill of his business. So when a man says "No, I do not advertise," he knows not what he says. What he really means is that he does not publish printed advertisements. Some proclaim this as though it were a virtue—yet spend much effort and invest much money in advertising their business through mediums other than the printed word. They may make their wares fit for a king—yet hesitate to introduce them to Brown or Smith. This is inconsistency. The truth is, printed advertising is a vital force in every business, just as is the "silent" advertising of a product's quality or a merchant's service. When you employ the Printed Word as your solicitor in the Court of Public Opinion, you build good will for your product or service—a good will that results in profit. If unrepresented at this Court, your interests are as unprotected as though, when involved in a law suit, you failed to "enter an appearance" and the case is decided against you—by default. So it is clear you pay for advertising—one way or the other. If you pay it wages, it will work for you. If you refuse its offers of service, it will work against you, in just the measure of its employment by your Competitors. So you are paying for advertising either out of your profits or by your losses. Advice regarding your advertising problems is available through any good advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

ATLIN MAN SUICIDES OVER HIS DIVORCE SUIT

E. M. HAMSHAW SPENT WHOLE AFTERNOON TRYING TO EFFECT RECONCILIATION WITH WIFE AND FAILING BLEW HIS BRAINS OUT.

Seattle, April 14. E. M. Hamshaw, aged 30, a mining man of Atlin, B. C., and Los Angeles, committed suicide by shooting himself through the head with a revolver in a room in a fashionable hotel occupied by his wife, against whom he had begun divorce proceedings.

Hamshaw, whose father, Frederick T. Hamshaw, is said to be a wealthy British Columbia mining man, began divorce proceedings against his wife last winter. Early in March Mrs. Hamshaw arrived from Los Angeles to con-

test the action. Last week Hamshaw visited her at the hotel and endeavored to effect a reconciliation. He called again today and they were together on the roof garden much of the time.

When they returned to the room Mrs. Hamshaw took her 8-month-old child in her arms and laid down on the bed. Hamshaw smoothed the pillows and walking to the foot of the bed drew a pistol and shot himself. His father is in London and his mother is visiting in Los Angeles.

SKEENA BOAT SUNK CLOSE CALL FOR TWO

Two men, believed to belong to Messrs. Ritchie & Agnew's survey party at the Oestaw river, but whose names were not ascertained at the time of writing, have had a terribly close call, through the capsizing of a sail boat in the Skeena river, opposite Balmoral. The men were going to Port Essington from the Oestaw and when passing Balmoral a terrific gust laid the boat over. She filled and sank, the men being left struggling for their lives in the ice-cold water. Both were big husky fellows or a fatality must have resulted, but they succeeded in keeping above water long enough for rescuers to reach them from

the cannery. The accident had been seen by Chinese employees who launched a boat and saved the men.

Drenched and half frozen they were taken to the cannery where Mr. Mark English, manager of the B.C. Packers' Association, supplied them with dry clothes and restoratives. The men returned to the Oestaw later in another boat, their own being lost.

A. W. Agnew had no confirmation of the account of this accident at noon, and remarked that there is no sail boat at his camp on the Oestaw. There is a possibility that the men are not members of his survey party.

A VOLUMINOUS PETITION FOR LATE HOUR BAR CLOSING

HOTEL MEN PRESENT SCROLL SIGNED BY OVER 500 AND INVITES CLOSEST SCRUTINY AS TO STANDING OF CITIZENS APPENDING SIGNATURES—MONDAY DECIDES

At yesterday afternoon's meeting of the City Council, which dealt with the financial situation, Messrs. Corley and Casley attended, representing the bar room liquor license holders of the city, with a voluminous petition craving that the bylaw affecting liquor license conditions and hours be not interfered with. This in view of the action taken by the Social and Moral Reform Council to have the early closing act extended to take in the bar rooms.

It was agreeable to the representatives of the petitioners and hotel men that the petition should be held over until Monday night's meeting of the Council. They merely brought in the petition because they understood that the matter was to come up yesterday afternoon and were aware that action was being taken by the party in favor of earlier closing of the bars.

Mr. Corley summarized the position taken by the hotel men, stating that the petition put in was signed by some 557 business men and citizens of Prince Rupert. Only five of those asked to sign it on Tuesday afternoon refused to append their signatures. Two of these were strict prohibition men, the others were men who had already refused to lead off the early closing party's counter petition, which the hotel men understood was being prepared. The hotel men were willing and anxious that their petition be subjected to closest scrutiny as regards the standing

of the persons signing it. The petition was in two sections, one for business men and the other for citizens not in business. Both sections were largely signed by responsible persons and rate-payers, declared Mr. Corley, and investigation of this assertion by every alderman between yesterday afternoon and Monday evening was invited. With this understanding the petition was left with the City Clerk, and on Monday evening the matter will come up for decision.

might have been saved. With regard to the others they still cling desperately to whatever of cheer is to be found in the later reports.

At least seven Calgary people were aboard the ill fated liner. These are Mr. Bates, Mr. and Mrs. Pugh, Mrs. Marshall and three children. None of these names is found on any list of those believed to have been rescued, so it is thought they must have perished.

sey was anxious regarding their attitude in the future, particularly in regard to advances for the completion of the Woodworth water supply scheme at least as far as Shawatlans Lake. Would they guarantee advances for this purpose?

The Mayor: "That proposition has been put to the bank and they have said point blank that they will not grant further loans until we settle up with them."

"Alderman Morrissey: "Then I say pay them off and be done with them."
Here the discussion seemed to be drifting into perilous and deep waters, so on a general indication from the rest of the council that it would be desirable to cut it short, the Mayor hurriedly put the motion, which was carried.

WILL REPEAT THE CANTATA

Certain to Be a Rush for Seats Because of Previous Success—Opportunity Tonight for Those Who Missed Musical Treat.

The Baptist choir and assisting soloists will again present the cantata "Christ and His Soldiers" at McIntyre Hall tonight. When last presented it was the first ambitious attempt to produce classical music the city has known. It speaks much for the musical culture of the city that it was so largely attended. Many were unable to hear it; those more fortunate wished to hear it again, and it is in compliance with many pressing requests that the cantata is repeated this evening. Mr. Davey, director of this real musical success, has taken the opportunity afforded by the repetition to bring the choir to a condition of letter perfect excellence, and that a full house will again enjoy the result of the combination of skill and hard work is assured.
