

Aerial Warfare Is Undiminished

Battle Of Britain Continues; Capital Cities Are Targets

Enemy Abandons All Pretence at Striking for Military Objectives—Indiscriminate Attack Upon London—Berlin is Raided Again

RECONNAISSANCE TODAY LONDON, September 10: (CP)—Wave after wave of German air invaders sent harried Londoners underground four times in daylight today but, up to early evening, there was no renewal of devastating Nazi bombings. The fourth alarm was wailing as gathering dusk brought the threat of new night raids. However, like the others, this alarm lasted only a few minutes. The German planes over Britain today were believed to be scouts sent to determine the damage done in the preceding three nights of attack. British fighters turned them back.

LONDON, September 10.—Throwing off all pretence of limiting itself to military targets, the German air force, with no distinction of objectives, dropped bombs indiscriminately upon London from 8:38 last night to 5:40 this morning for the third successive night of intensified strafing. An official communique, which gave no estimate of the dead and injured, announced that bombs had been dropped and fires started close to St. Paul's Cathedral and the Guildhall but neither of these historic buildings had been struck. There was also a fierce air battle immediately above the Houses of Parliament and London Bridge. Among the places struck were two hospitals—one maternity and one children's—a home for the aged, a large number of cottages. Communications, transportation and public services were for a time disrupted but were speedily being restored. Residential districts in west and north London were also struck. The attack was again centred upon London with the rest of the country generally quiet although some bombs were dropped in the north-west town and on rural districts to the southeast. Berlin was subjected to a 43-minute raid by the Royal Air Force and explosive bombs were dropped in northern section of the Reich capital. There was a duel of Big Berthas between England and Nazi-controlled French coast across the English Channel.

MAINTAINS OFFENSIVE

Great Britain Continues to Strike at Germany and Nazi-Controlled Territory

LONDON, Sept. 10: (CP) In addition to the striking back of British bomber squadrons with operations over Germany including targets in Berlin, the Royal Air Force and the British Navy air arm continue widespread activity in more remote areas—in spite of unfavorable weather conditions for long range operations designed exclusively against military objectives and requiring minute accuracy.

British fliers bombed Berlin and Bremen and Hamburg shipyards today, docks at Kiel naval base and Wilhelmshafen last night as well as factories at Essen.

Barge concentrations in Channel ports and German artillery emplacements at Cape Niz Nez were also struck.

Attacks were also made on freight yards at Krefeld and Brussels as well as upon several airdromes.

The Admiralty announces that dive bombers attacked a German military camp near Bergen yesterday and damaged two German supply ships along the Norwegian coast. The Admiralty also said that flights over the Norwegian coast had confirmed that two oil tanks at Dolvik which were attacked on August 8 had been destroyed.

Jews And Masons Being Restricted

Nazi Administration Of Rumania Wastes No Time In Moving Against Them

BUCHAREST, Rumania, Sept. 10:—No delay is being made by the new pro-Nazi dictatorship of General Ion Antonescu in imposing restrictive measures on Jews and Masons. Already they are being deprived of certain rights and privileges.

in opposite directions across the channel.

Rain and low clouds have been giving the advantage to the Germans in the aerial attack, the poor visibility making it difficult for anti-aircraft guns to operate against the enemy flying high above the clouds and dropping their heavy missiles indiscriminately. Nevertheless, 52 German planes were destroyed yesterday, forty-nine by fighter planes and three by anti-aircraft fire. In one engagement alone in which 60 German planes took part a high proportion of 36 was downed. The Royal Canadian Air Force was again active in the battle yesterday, bringing down ten enemy planes in a fight over the vicinity of London Bridge. This makes the total number of German planes so far brought down by the Canadians 110.

An official estimate places the number of dead from Sunday night's raid at 228 with 1400 seriously injured. It is feared that casualties last night may have been even greater. Surprisingly few of the enemy bombs have been reaching military objectives.

The first air raid alarm today and the fifty-eighth of the war was given at 12:55 noon and the all clear came at 1:18 p.m. There were the sounds of a fierce fight above the clouds in the London area. Later the sounds moved off to a more distant point.

During today, Prime Minister Winston Churchill made an inspection of damaged areas.

The London Times issued warning today that the aerial attacks on the capital might be expected to become even more intense. Newspapers joined in paying tribute to the heroic work of fire fighters, air raid wardens and other defensive services.

Investigation is being made of false parachute alarms which were given yesterday.

QUESTIONS DISCUSSED

First Fall Meeting Of Chamber Of Commerce Deals With Number Of Interesting Matters

From correspondence read last night at the first dinner meeting of the Prince Rupert Chamber of Commerce following the summer vacations, it transpired that Premier T. D. Pattullo, member for Prince Rupert, had been discussing the matter of the highway from Prince Rupert to Terrace with the Minister of Defence at Ottawa, Hon. J. L. Ralston. He had also been in discussion with Ole Hanson, member for Skeena. Several letters were read from Mr. Hanson, one or two having to do with the question of securing a proper supply of material for the shipbuilding plant here, this matter having been taken up with him some time ago. Replies were also received from the heads of the railway company and others.

The question of fire protection at the dry dock was also discussed and the correspondence read showed that protection for oil plants or other industries devised upon the owners of the plants and not on the government although the defence department might possibly, under certain circumstances, take action.

The air mail service from the East to Prince Rupert was mentioned in correspondence and it was asked that, if there should be any delay in delivering air mail in Prince Rupert, the date of delivery and the envelope in which it came should be forwarded at once to the Department at Ottawa.

A letter was read which had been sent to the representative of the Union Steamship Company in regard to cutting off Port Clements from regular calls. The hardship of this action on the residents had been pointed out and Frank Skinner, local agent, had promised to discuss the matter further with the company heads at Vancouver.

President W. M. Watts told of having discussed with President S. J. Hungerford of the Canadian National Railways the possibility of having the summer schedules for the steamships extended. While this had not been successful in connection with the services this year it was possible that something might be done next year.

Mr. Watts announced that he would appoint a special committee to try to secure from the railway company longer stop-overs between train and steamships for the once a week fast service. As it was, passengers had not any opportunity to go up town as they were whisked away immediately on landing.

It was also announced that, in the event of more contracts being given for the building of ships by the government, that Prince Rupert would be given consideration. Mr. Hungerford had said that the railway company was as much interested in this as were the people here.

Correspondence showed that the management of the shipbuilding yard in Prince Rupert was in Vancouver, the local control being in the hands of superintendents. New members who had joined the chamber since the annual meeting in January have been assigned to committees. They include:

Andrew Borland, marine; L. B. Lambley, lumber; T. W. Brown, legislative; B. R. Dodds, membership; D. J. Matheson, publicity and highway; Alan Landals, entertainment.

W. J. Scott takes the place of F. A. MacCallum as chairman of the membership committee.

Over Thousand Loggers On Queen Charlotte Islands Producing Spruce For War

Concentrating on production of high grade Sitka spruce for airplane manufacture and operating six months ahead of schedule in a fine war effort, over one thousand loggers, in the employ of four operating companies, are now hard at work on the Queen Charlotte Islands. As far as possible, the logging is taking place in stands having a high proportion of Sitka spruce although all timber encountered is being taken out, the hemlock, low grade spruce and cedar going to the pulp and paper mills and the cedar market. There will probably be some slowing up of operations during the middle of winter but this interruption this year will probably be less than usual.

SENATORS ARE DEAD

Hon. Guillaume Andre Fauteux And Hon. Joseph Morcelin Wilson Pass Away

Mr. and Mrs. T. C. Wilding left on last evening's train for a trip to Jasper, Kamloops and Vancouver.

LOSS IN SEA WAR

Total Of Twenty Ships Destroyed During Week Of "Ideal Weather" For Submarine Attack

LONDON, Sept. 10: (CP)—British and neutral shipping destroyed during the week ending September 11 totalled 84,575 tons, the Admiralty reported today, bringing the total for the first year of the war up to 2,771,333 tons. Losses last week were eleven British, five Allied and four neutral ships. The Admiralty said it was "ideal weather for submarine attack."

HUGE NAVY CONTRACTS

United States to Have Largest Fleet in World—Enormous Program of Ships and Aircraft

WASHINGTON, D.C., Sept. 10.—The United States Department of the Navy yesterday let contracts totalling \$3,801,000,000 which, due for completion by 1945, would give this country a two-ocean navy, the greatest in the world, exceeding the numerical strength of the British navy and those of Germany, Italy and Japan combined. In addition to 201 warships, contracts were also let for 2400 fighting planes. The result of the contracts would be to give the United States a navy of 688 fighting ships and 18,000 aircraft.

The new warship contracts call for seven battleships, eight aircraft carriers, seventy-seven cruisers, 116 destroyers and 43 submarines. Approximately half of the new ships will be built on the Pacific Coast. At Seattle twenty destroyers, at a total cost of \$160,000,000, will be built.

The letting of the contracts was announced a few hours after President Franklin D. Roosevelt signed the new \$5,500,000,000 defence bill following its passage by Congress.

### IS NO SURPRISE

There is nothing surprising or unexpected about the heavy bombing of London. The surprise is that it did not happen weeks or months ago. Evidently the British heavy bombing of German boat and troop concentrations on the coast of France, Belgium, Holland, Denmark and Norway has had the effect of delaying the expected invasion of Great Britain. Also the attacks on airdromes, oil supply stations, oil factories, munitions factories and railway and canal transportation facilities have had the effect of causing dislocation of the German plans.

Carrying the war into the heart of Germany is the most effective way of fighting this war. It is the best kind of defence and has already proved itself. As more planes are secured the raids will become more numerous and the results will be felt more and more as time goes on.

### MONEY CAN BE SECURED

A number of people seem to have had the idea that they cannot take their money out of the banks. In fact, some person has been sedulously trying to spread a rumor to that effect. Inquiry from the banks shows that any person can get money from the bank as long as he has it there. No restrictions have been imposed as to how much they may draw. The only restriction is against sending money out of the country.

It seems that it is customary when a client wishes to close out his account and draw out all his money, the bank inquires what are his plans. The banks like to know why the money is taken out. He naturally wishes to know if it is any action of the bank that has been the cause of withdrawal. So questions are often asked. Beyond that the banks do not go. They pay over the cash when asked to do so.

We mention this because some people have been worried over whether or not their money was available for their use when they need it.

Recently the government took to itself the power to take over or direct wealth as it may require it. It will never interfere with small depositors. What the government needed was the power to direct industry in the channels where production was necessary and, if desirable, to check or direct into proper channels all production.

There is a law in this country that makes it a criminal offence to disseminate false information which might tend to cause a run on the banks. That is one thing that might engage the attention of fifth columnists and has to be watched. Action of this kind should be immediately reported to the police or one of the bank managers.

## DETROIT IN LEAD

Cleveland Indians Drop To Second Place In American League By Losing To Chicago White Sox

CLEVELAND, Sept. 10:—Cleveland Indians dropped to second place in the American League standing half a game below the Detroit Tigers and half a game ahead of the third place New York Yankees yesterday as a result of a 2 to 1 defeat at the hands of the Chicago White Sox. Thus continues the hectic closing season race for the American pennant.

In the National League, the New York Giants won 7 to 4 over the Brooklyn Dodgers, as a result of the margin of the league-leading Cincinnati Reds, for whom it was an idle day, was increased to six-and-a-half games over the running in Dodgers.

The league standings to date:

Pipers Plan Forming Band

New Musical Organization Expected to Appear Soon in Public—Boys' Band Also Reviving

There are a number of pipers in town and an effort is now being made to form a pipe band. It is said that at least seven pipers are ready to take part and it is possible others may be found. If this band could combine with the Irish Fusiliers band it would cause quite a stir in the city. Weekly parades are suggested.

The Boys' Band has now secured new instruments and will be able to appear in public and parades of this band are expected to commence soon. There had been some criticism of the Boys' Band not appearing on the streets very often but this is explained by the fact that many of the instruments were not in condition. Now the defect has been righted.

BEAUTIFUL MARRIAGE

St. Andrew's Cathedral was the setting of a beautiful wedding on Saturday evening at 8 o'clock. Very Rev. J. B. Gibson D.D., the dean, officiating, when Edith Muriel, younger daughter of Stewart Bothwell and the late Mrs. Bothwell of Mannville, Alberta, became the bride of Duncan Percy, elder son of Mr. and Mrs. P. C. Miller of Prince Rupert.

The bride, who was given in marriage by P. H. Linzey, wore a white Elizabethan style satin dress with train and her veil, which had been her mother's, was held in place by a coronet of orange blossoms. She carried a white prayer book ornamented with silver ribbon entwined with tallman roses and heather. Miss Monica Holtby, very daintily dressed in white net with hat to match, made a charming little trainbearer.

Miss Evie Rivett, as maid of honor, wore pale pink lace and net with small flowered hat and gloves to match. Her bouquet was of yellow roses and bronze chrysanthemums. Miss Eleanor Moxley and Miss Audrey Wrathall, as bridesmaids, wore full skirted dresses, the former's being made of violet blue embroidered net with accessories to match and the latter's of aqua blue embroidered net with contrasting accessories. Their bouquets were of pink and white carnations. Bombardier Victor Miller, brother of the groom, was groomsman. Ushers were Gordon Fraser, ack Gibson, Sam Jurmain and Ernest Meadows. During the signing of the register the choir sang "Oh Perfect Love."

At the reception held in the Eagles' Hall, Mrs. J. E. Jack, in a pale pink lace dress and large picture hat, was assisted in receiving by the groom's mother who chose a navy blue embroidered net dress and hat to match. The toast to the bride was proposed by Dean Gibson and responded to by the groom. Ernest Meadows proposed the toast to the maid of honor and the groomsman replied. The toast to the bridesmaids was proposed by G. T. German and responded to by Gordon Fraser. Congratulatory telegrams were read by S. P. Woodside.

Mrs. George Eckerman and Miss E. M. Earl presided at the urns. Serviteurs were Mrs. W. Wharton, Mrs. K. Green, Mrs. S. Jurmain and the Misses Vivian Wrathall, Ruth Hind, Betty Miller, Sheila Stuart, Gwen Palmer, Joy Green, Mary Macfie, Eileen Gibson, Frances Thomson and Pheme Finley.

Following the reception there was dancing to the music of Jean De Carlo's orchestra. The happy couple will take up residence at their new home on Dunsmlur Street.

Drill Scene Mover to Ocean Dock—  
Pipe Band Being Organized

The Prince Rupert Legion De-  
fence Corps is getting well into its  
swing and, now that suitable ac-

commodation has been obtained for  
the drills, even greater progress  
may be expected. Through the co-  
operation of the Canadian National  
Railways with Divisional Superin-  
tendent James Clark actively sup-  
porting the corps, the Ocean Dock  
has been made available.

Last week an inspection of the  
quarters was made, under the guid-  
ance of Don Crerar and Peter Lachie,  
when Norman Watt, G. P. Tinker,

was anything of importance ac-  
complished by the Italians in a  
raid on Haifa.

UXBRIDGE, Sept. 10: (CP) —  
Travelling on an underground rail-  
way, a woman placed her gas mask  
on the seat and forgot it. She had  
\$890 in the case. No trace.

Hubert Ward and J. S. Wilson vi-  
sited the building. There is ample  
space for platoon and company  
drills, good lighting and facilities  
for the squads to work separately.  
This last feature will enable closer  
attention to the various movements  
and details by the unit commanders  
with a resulting improvement in  
the general efficiency of the indi-  
viduals and the organization.

It is planned to have an hour's  
drill and then to proceed to the  
Legion Hall for an hour's lecture.  
It is understood that the unit will  
have its own pipe band to lead the  
corps in its marches.

Canadian Legion Decides to Spon-  
sor Grand Concert November 10

At the regular monthly executive  
meeting of the Prince Rupert  
branch of the Canadian Legion of  
the British Empire Service League  
last evening it was agreed to spon-  
sor a grand concert to be staged  
on Sunday, November 10, to raise  
funds for the Canadian Red Cross.  
The committee in charge will con-  
sist of Jack Preece as chairman,  
Arnold Platen, treasurer; D. G. Bor-  
land, H. A. Breen, Sergeant-Major  
Dey and Len Cripps with George  
Cripps as general manager. An am-  
bitious program is planned with all  
profits going to the Canadian Red  
Cross. Under Mr. Cripps' manage-  
ment success is assured.

Other activities that the legion is  
assisting are the Defence Corps,  
which has been granted the use of  
the Legion Hall each Tuesday eve-  
ning for the weekly lecture, and  
the Irish Fusiliers, who have been  
granted the use of the hall for their  
band and orchestral practices.

advice from the Secretary of State  
for Canada acknowledging receipt  
of information from the branch  
and promising suitable action.

The branch will make the usual  
arrangements for the observance of  
Poppy Tag Day and the Remem-

Those in attendance, in addition  
to Jack Preece who presided, were  
W. J. Rance, Neil Cameron, Jack  
Armstrong, Hugh M. Smith, S. A.  
Cheeseman, J. S. Wilson and George  
Cripps who outlined the plans for  
the commemoration concert and  
patriotic entertainment.
