Air Battle Fought Over Channel

SIX BRITISH FIGHTER PLANES PUT ARMADA OF NAZIS TO FLIGHT

"Fantastic" Battle Over English Channel—Merchant Convoy Saved From Damage and Not Single R.A.F. Machine Lost—Air War Continues

LONDON, July 22: (CP)—Feature of the almost continuous air war between Great Britain and Germany over the week-end was a "fantastic" battle yesterday afternoon over the English Channel between six British Hurricanes and forty German Dorniers and forty Messerschmidts in which the massed enemy raiders were dispersed after a 75-minute battle and chased homeward. A convoy which the enemy aerial armada had sought to attack escaped unscathed and every one of the six British planes returned safely after the battle in which they were outnumbered thirteen to one. It was an epic of the war and another testimony to the superior fighting ability of the British in the air. One of the Messerschmidts was shot down into the sea and, doubtless, others were severely damaged by the fire of the daring British fighters. The Germans used old decoy planes in this fight for the purpose of engaging defenders while more up-to-date planes pursued their course.

NEW YORK, July 22: (CP)—"Pertinax," noted correspondent from Paris, has arrived here to remain indefinitely. He expressed the opinion that Great Britain would be able to withstand any German onslaught adding: "And that is more than wishful thinking."

Roosevelt remains in Washington to keep his finger constantly on the pulse of international affairs, Henry Wallace, Secretary of Agriculture and vice-presidential candidate, will carry out the road work of the Democratic campaign. However, the chief executive is expected to give numerous radio talks to the nation. Wallace spoke Saturday night at Des Moines in his home state of Iowa.

FASCIST TROOPS START THEIR ADVANCE ON FRENCH BORDER

They are probably the troops now occupying the strip of territory handed Italy in the armistice agreement.

Viscount Halifax Says Britain To Fight Till Freedom Of World Safe

LONDON, July 22: (CP)—Viscount Halifax answered Chancellor Adolf Hitler's peace offer today with a declaration that Great Britain will "not stop fighting until freedom for ourselves and others is secure."

Great Britain's picture of Europe, he said, is one of "a free association of independent states." "Across the wide Atlantic there are mighty nations which view Hitler's works with growing detestation," Halifax continued. "The people of the United States did not build a new home in order to surrender it to this fanatic. We take heart from certain knowledge that a great people pray for our victory."

GAYDA AND ROOSEVELT

Fascist Editor Says U.S. Executive Ignorant of Situation

ROME, July 22.—Virginio Gayda, Fascist editor and mouthpiece of Premier Benito Mussolini, attacked President Franklin D. Roosevelt of the United States for his views on international affairs and his expressed sympathy with Great Britain and the Allies. Such views, asserted Gayda, were due to "immeasurable ignorance and incomprehension of the history of current events and the attitude of mind of European peoples."

destroyers and also to have brought down twenty-two British planes including eight in battle over the English Channel. Five German planes failed to return, Berlin admitted. Stockholm reported yesterday that British planes carried out a heavy forty-minute bombardment in four waves on dockyards and air-plant bases at Copenhagen, the capital of Nazi-occupied Denmark. Swedish anti-aircraft guns opened up on unidentified planes said to be British, flying over Swedish territory.

H.M.S. Salmon Feared Lost; Other Losses

LONDON, July 22: (CP)—The noted 670-ton British submarine Salmon, which once had the great German liner Bremen at its mercy, is long overdue and must be presumed lost, the Admiralty announces. The Salmon, although it had the chance, did not sink the Bremen as it could not give sufficient warning. The same December day, however, the Salmon sank a German submarine and also engaged the cruisers Leipzig and Bluecher. Commander E. O. Bickrod, aged 30, was commander of the Salmon and there was a crew of forty. Sinking of the 370-ton minesweeper Crestflower by air attack is also announced, two members of the crew being lost. Today loss of H. M. S. Brazen, 1360-ton destroyer, was announced. She was sunk while being towed to port after an air attack.

The nearby airdrome of El Gube was also heavily damaged by the British week-end raids.

CONFERENCE IN SESSION

Pan-American Gathering In Progress At Havana

HAVANA, July 22.—The Pan-American conference of twenty-two Western Hemisphere nations opened here yesterday with Secretary of State Cordell Hull of the United States to be the principal speaker today. The main objective, at least as far as the United States is concerned, is to work out a plan to guard against economic and military force arising out of the European war.

In the opening address yesterday, the President of Cuba urged continental unity for North and South America. He referred to new "alarms and menace" from abroad and declared that the American continents must maintain their present forms of life. There will be internal matters to be ironed out by the conference. Argentina and Central American countries, anxious to maintain strict neutrality as between Great Britain and Germany, may not see eye to eye with the United States and its distinctly pro-Ally attitude. The Argentine delegation failed to appear at preliminary discussions.

CRIMINAL NEGLIGENCE

This Is Alleged By Coroner's Jury As Result Of Car Fatality Last Week

Olof Nygard, 43-year old Tacoma halibut fisherman, came to his death at approximately 12:20 midnight on July 19 as a result of injuries sustained when struck by a car at the corner of Seventh Avenue and Immanuel Street at approximately 11:50 p.m. on July 18, said car being driven by Miss Norma Caroy, according to the verdict of a jury at the conclusion Saturday afternoon of an inquest held before Coroner Norman A. Watt to investigate Thursday night's fatality. The jury further found that Miss Caroy, being a minor, was an improper person to be operating a motorvehicle and that the owner of the car, Ole Osberg of Prince Rupert, was criminally negligent in allowing his car to be so operated. The jury consisted of W. M. Watts, foreman, Sam Joy, Robert Parker, Jack Gillis, G. L. Taylor and Eugene Fitzpatrick. The jury viewed the scene of the tragedy before retiring to consider its verdict which was returned at 4 p.m. Hearing of evidence in the inquest occupied almost all day, a number of witnesses being heard. F. N. Good, city engineer, the first witness, presented a sketch of the scene of the fatality. After striking Nygard, the car left the road on Seventh Avenue just beyond the turn off Emmanual Street. It was (Continued on Page Three)

HELPING WIN THE WAR

The chief of the Canadian Travel Bureau at Ottawa points out that one great help in winning the war, so far as Canada is concerned, is the large influx of American tourists who come to this country, spend their money and give us a medium of exchange so that we can help finance the arms, ammunition and supplies which are almost daily being forwarded from Canada to Great Britain.

Americans are coming to Canada in large numbers. They are allowed to come with only slight restrictions as to where they may wander and what they may inspect. They have the advantage of the rate of exchange, their dollar being worth more than a dollar in this country. In that way they make money by living in Canada. We are glad to have their money, conscious that it is helping us finance a trying time. Every dollar they leave here is returned to the United States in payment for war material.

NO LONGER NEUTRAL

British people do not consider Spain to be a neutral country except to the extent that we exchange diplomatic courtesies and that her ports are to a certain extent open to world shipping. So Germany does not look on the United States as a neutral country. Hitler knows that to a very large extent the United States is in the war on the British side. The President has openly declared his stand and most of the people there and here realize it. Germany is our common enemy. Or perhaps it would be better to say that the German system is our enemy.

Only recently the United States people have come to realize that they cannot help Great Britain in a military way. All her naval and military forces are needed at home. Even with those forces doubled, they may still be needed at home. Britain, reinforced by the Dominions, will soon have about as many men under arms as she can use. When the time comes to invade Germany will be time enough to consider what steps may be taken to reinforce the British army with soldiers from the United States.

MATTER OF IMPORTANCE

Owing to the fact that it affects directly the people we know and in whom we are interested, the newspapers often feature the bombing of Britain more than the bombing of enemy objectives. The result is that people get the idea that the British suffer more than the enemy. As a matter of fact the enemy is suffering much more than the British from air bombings. Not only are more German planes than British shot down but the oil storage, communications, airdromes, airplanes on the ground, steel works, factories, supply trains and other objectives in enemy territory have been destroyed or damaged to an extent not fully realized. In fact this destruction by British planes has delayed the threatened invasion of Great Britain to a very great extent and every day the attacks are increasing in number and effectiveness.

Dancing Classes Being Instituted

Dancing classes for the children of the Gyro supervised playgrounds are being held every Tuesday, Wednesday and Thursday afternoon as the latest addition to the ever increasing list of activities.

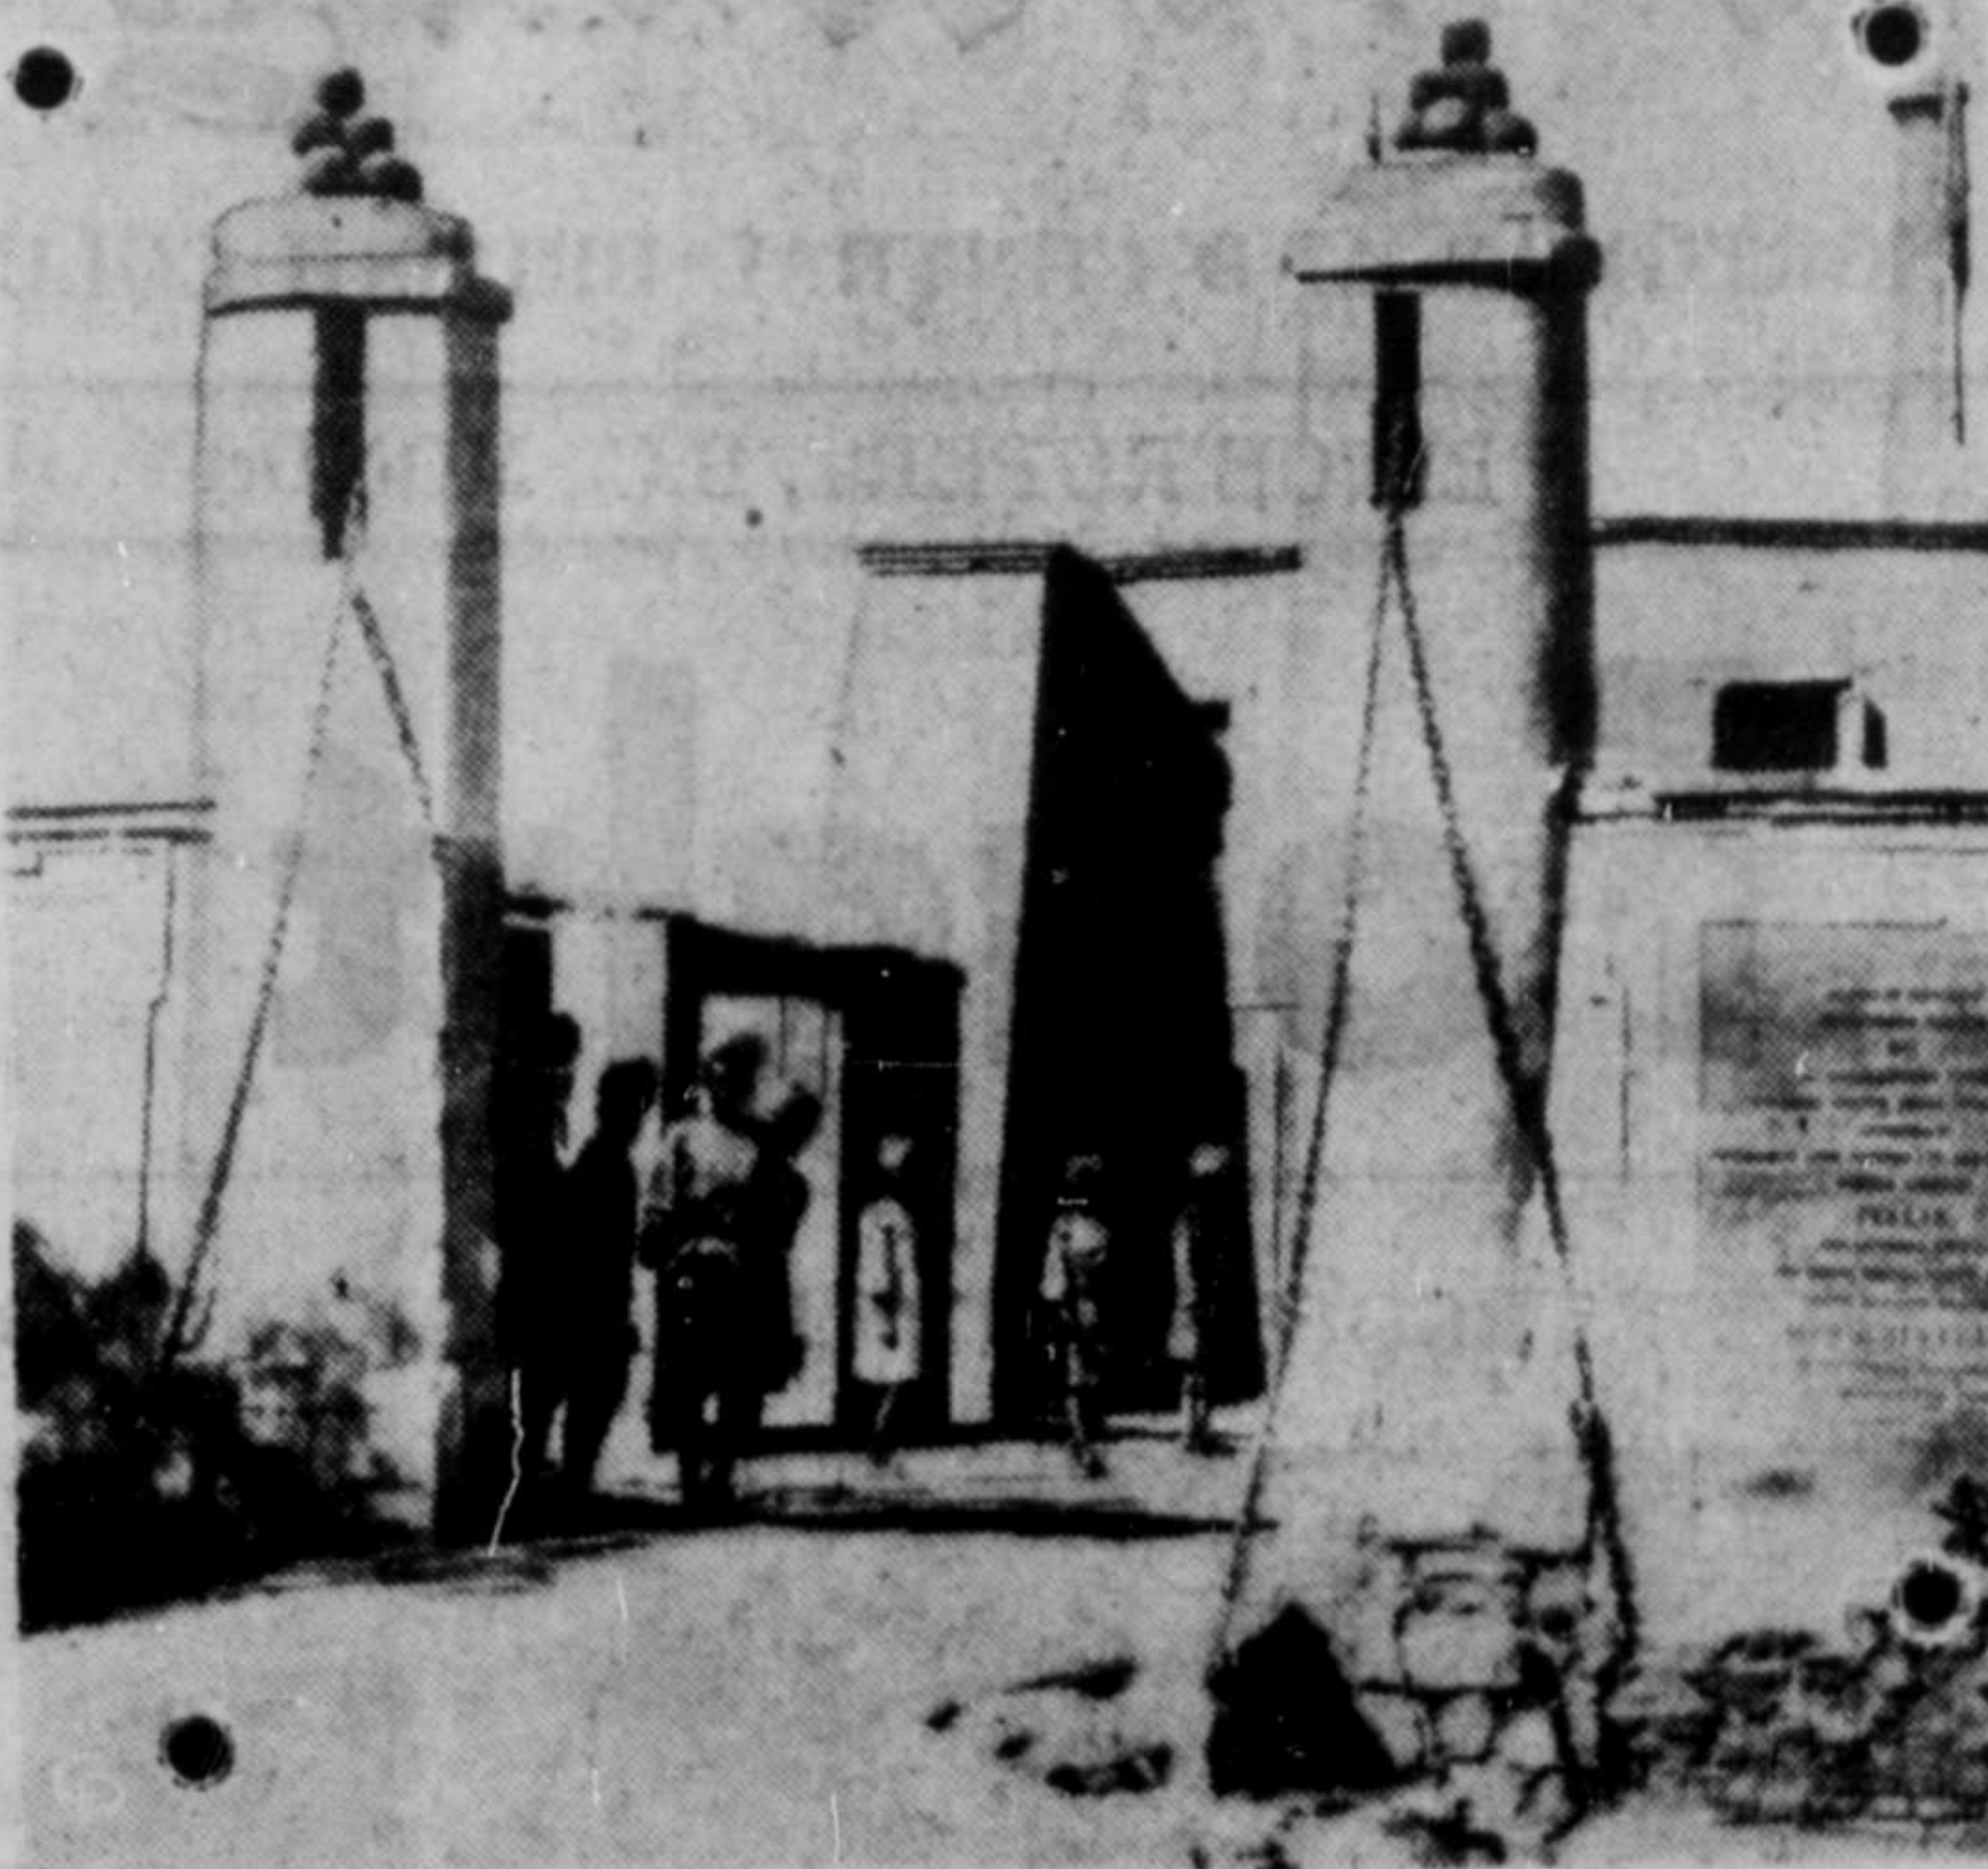

At Seal Cove and Westview the classes are being held in the school buildings while the children from McClymont and Aeropolis Hill will attend classes on these afternoons in the playground headquarters at 4:00 o'clock.

Miss Jean Krause is in charge of the classes at the Centre while Miss Frances Robertson at Seal Cove and Miss Ruth Scherk at Westview are in instructresses.

In addition to the regular dancing instruction, classes in ballroom dancing for boys fourteen years of age and over will be held in the centre under the direction of Neil Ross.

This is a new feature of the playgrounds and, until the size of the classes is ascertained and a schedule drawn up, Mr. Ross will take the boys on Tuesday, Wednesday and Thursday afternoons at three o'clock.

MOATED FORT ABANDONED TO ITALIANS

Here is the gateway to the old moated fort of Kassala in the Anglo-Egyptian Sudan, from which British forces retired after inflicting heavy losses on Italian troops. Reports indicate that the British command decided that strategic importance of the post was not sufficient to warrant a sharp engagement with the enemy. The fort was built by the Italians and abandoned by them after defeat in the Italo-Ethiopian war of 1896. It was taken by the British when Lord Kitchener conquered the Sudan.

CHANNEL ISLAND EVACUEES REACH LONDON HAVEN

Evacuated from the Channel Islands of Jersey, Guernsey, Alderney and Sark, which lie in the English Channel, just off the French coast, these refugees are shown as they arrived in London. While last of the islanders were being removed from the demilitarized islands, Nazi bombers raided the islands pouring bombs and machine-gun bullets down on the evacuees and killing scores. Shortly after the evacuation was completed, German forces occupied the islands without opposition.

estimated that it was about seventy-five feet after Nygard was struck before the car came to a stop. Nygard was carried about forty feet.

Dr. R. G. Large testified that the immediate cause of death was shock and cerebral compression. Dr. Large was called to the scene of accident and found Nygard unconscious and breathing laboriously. About five minutes after reaching hospital in the ambulance, Nygard expired. Analysis of stomach contents of deceased disclosed presence of a small quantity of alcohol.

Richard Bakken, fisherman from the American boat Thor, identified the body as that of his shipmate, Olof Nygard.

Richard Olsen, cook of the Thor, told of having been with Nygard earlier in the evening.

In Middle Of Road Private John Blain McMynn told of Ole Osberg driving the car as far as Hays Creek Bridge at which point Norma Caroy took over the wheel. After turning on to Seventh Avenue from Immanuel Street two men were seen standing in the middle of the road with their arms around each other. The men did not move. The car was close upon them before they were seen.

Julie Intermela, who was in the front seat of the car, in view of the manner in which he was driving, had asked Osberg to stop and let Norma drive. After being asked twice, Osberg agreed and the change was made.

Constable T. A. Stewart told of being called to the scene. Earlier in the evening he had spoken to Osberg outside a beer parlor down town. He appeared to have been drinking.

Constable D. D. McIndoo told of examining the car. Brakes were in good condition, lights were in working order, the horn was working but the speedometer was not.

Norman Peterson, the man who was in company with deceased, remembered nothing. He did not even remember having been there, he said.

Neither Osberg or Miss Caroy gave evidence.

Widow And Child The victim of the tragedy was 43 years of age and an unnaturalized Norwegian. He had lived in the United States for some years, following the calling of fisherman. He is survived by a widow and five year old son in Tacoma. The body was forwarded this afternoon aboard the steamer Prince Rupert to Tacoma where the funeral will take place.

Osberg, the owner of the death car, is under arrest on a charge of driving while under the influence of liquor. He is at present out on bail of \$1,000.

WEEK-END MARRIAGE

Miss Alice Gomez Becomes Bride of David Ritchie

A wedding of much local interest took place at Alm Cottage on Overlook Street Friday night when Alice Gomez, eldest daughter of Mr. and Mrs. Alex Gomez, became the bride of David Ritchie, second son of Capt. and Mrs. David Ritchie. Rev. Canon W. F. Rushbrook was the officiating clergyman.

Following the ceremony a reception was held at the Oddfellows' Hall where the bridal party received the congratulations of some 150 guests.

The bride was charming in a gown of white double net with inserts of lace. The gown featured the new cufflets to match. Her silk-embroidered finger-tip veil was held in place by a coronet of orange blossoms. Crimson roses comprised her bouquet.

Miss Ruby Gomez, sister of the bride, and Miss Edith Ritchie, sister of the groom, were the bridesmaids. The former wore orchid chiffon with matching hat and carried an old fashioned nosegay of mauve and pink stalks. The latter wore blue and pink marquisette with matching hat and carried pink carnation and blue iris.

Jack Ritchie attended the groom. Mrs. Gomez, mother of the bride, and Mrs. Ritchie, mother of the groom, received the guests. The former wore rose printed chiffon with white accessories. The latter wore wine velvet with matching accessories.

A lovely three-tiered wedding cake was cut by the bride. The toast to the bride was proposed by Canon Rushbrook and responded to by the groom. A buffet supper was served at midnight.

Dancing was enjoyed to the music of Mrs. De Carlos orchestra until the small hours of the morning. Recipients of congratulations and best wishes of many friends, Mr. and Mrs. Ritchie, both of whom are well known and very popular, will reside in Prince Rupert.

KING CAROL IS ANXIOUS

New Demand Made By Russia Suggests People's Government

BUCHAREST, July 22: (CP)—King Carol is anxious over a note from Soviet Russia asking for "popular government" to be formed in Roumania, similar, it is supposed, to those in the Baltic States. The Roumania foreign minister is consulting with the German and Italian ministers at Constanta and the King has also called in his generals to confer in regard to the new Bessarabia border situation.

The present cabinet of Premier Gigurtu may be replaced with an administration more favorable to Russia.

Baltic States Request To Be United With Russian Socialist Republic

RIGA, July 22:—The Baltic States of Lithuania, Latvia and Estonia have petitioned Moscow to be taken into membership under the aegis of the Union of Socialist Soviet Republics. The three parliaments, following the elections a week previous, when there were only Communist candidates, met simultaneously yesterday and followed identical procedure in asking to be accepted into the Soviet Republic, thus virtually disappearing as independent nations. A combined population of 5,500,000 persons is involved.

General Smuts Asks If Germany
Failed To Stay Exodus From
Dunkirk How Could They
Expect To Win Now

CAPE TOWN, July 22.—The veteran South African Prime Minister, General Jan Smuts, broadcasting a message to the Empire yesterday, was optimistic over the British winning the war against Germany and Italy. He said that if the Germans were unable to stop the magnificent retreat from Dunkirk when they had the British forces trapped and at a decided disadvantage, how were they able to expect to win against an almost impregnable fortress. France had been lost owing to incredible mistakes on the part of the high command and as a result of political divisions. Britain was well led and the country was a unit in defending the country. It was futile to talk of defeat under such conditions. British sea power and air power were superior to the enemy. If Hitler lost in his attack on Britain he was defeated, and if he failed to attack he was also defeated. His vast empire would break up.

General Smuts then compared the future of Europe under Nazi rule and under the conditions which would obtain if the British won, much to the advantage of the latter. Under British control there would be a free Europe, freedom for individuals and countries. Nazi Europe was the negation of freedom.

Whifflets From The Waterfront

Union steamer Catala, Capt. James Findlay, arrived in port at midnight last night from the south and sailed a couple of hours later for Stewart and other northern points whence she will return here tomorrow afternoon southbound.

The sockeye pack for Prince Rupert area up to July 13 totalled 30,665 cases as compared with 33,585 cases in the corresponding period last year. For the Naas River area the pack this year was 2,873 cases compared with 7,529 cases. Rivers and Smith's Inlet packs this season show substantial increases over a year ago and the total for the coast up to July 13 this season was 79,784 cases in comparison with 69,583 cases last year. The spring salmon pack for the Skeena River this season has been 5,419 cases in comparison with 3,316 cases last year.

In port Saturday afternoon southbound from Skagway to Vancouver, C. P. R. steamer Princess Louise, Capt. S. K. Gray, had 203 passengers on board. Most of them were round trip Alaska tourists returning south. Two persons disembarked from the vessel at Prince Rupert and two went aboard at this port for Vancouver.

With a large list of passengers consisting principally of round trip tourists for Alaska, C.P.R. steamer Princess Alice, Capt. Robert Thomson, arrived in port at 7:45 this morning from Vancouver, sailing at 10 a.m. for Skagway and other northern points. She is due back here Saturday afternoon southbound.

SPICY AND UPROARIOUS

Irene Dunne and Cary Grant Here
In "My Favorite Wife" Now Showing
at Capitol Theatre

Reunited again, Irene Dunne and Cary Grant, the popular team of "The Awful Truth," are here again at the Capitol Theatre for the first half of this week in "My Favorite Wife." Randolph Scott and Gail Patrick head a notable supporting cast. It is described as a breezy, laugh-laden, sophisticated comedy. Miss Dunne, cast as Grant's wife, disappears when a scientific expedition, of which she is the photographer, is shipwrecked in the South Seas. After seven years, Grant has her declared officially dead and marries Gail Patrick. However, Irene turns out to be very much alive and is rescued from the desert island with Scott, a handsome scientist with whom she has been marooned alone all this time. She arrives home on the very night her husband embarks on his second honeymoon. Chartering a plane, she flies to Yosemite to overtake the newlyweds. There is dizzy hilarity as Irene tries to outwit Gail for the love of her husband. The picture unfolds a series of spicy situations and scintillating moments unique to the screen. There is a climactic whirlwind laugh finish.
In addition to the quartette of principals, the cast of "My Favorite Wife" includes Ann Shoemaker, Donald MacBride, Gracille Bates and two new and promising juveniles—Scotty Beckett and Mary Lou Harrington.
