Cool Heads. Stout Hearts

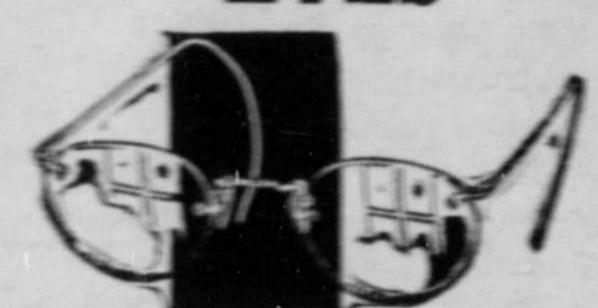

"Cool heads are just as necessary as stout hearts to win this war, and win it we must and shall." This is the sound advice given to all true Canadians by Colonel the Honourable J. L. Ralston, Minister of National Defence. Idle rumors must be disregarded. Sanity - faith and courage must prevail. All our man-power, all our great resources, must be mobilized in the defence of our Dominion and our Empire. In doing your part, remember that life insurance dollars are helping to finance Canada's war undertakings — helping freedom and justice to triumph. Life insurance companies in Canada have subscribed millions of dollars to National War Loans. Life insurance stands guard over your home - your family - and your country. It is good citizenship to own Life Insurance
