YEAR'S BOMBINGS LEAVES AIR POWER OF GERMANY AN PREVIOUSLY

Britain is Overcoming Four-Year Lead Nazis Held When War Opened—R.A.F. Thrusts to be Heavier

By LOUIS V. HUNTER
Canadian Press Staff

LONDON, April 23: (CP)—It is more than a year ago since the first British bomb was dropped on German territory. It fell on the seaplane base on the Island of Sylt, March 18, 48 hours after the first German bombing attack on British soil. Nazi bombs were dropped on the Orkneys, causing a number of civilian casualties.

LOUIS V. HUNTER

The second stage in Britain's counter-bombing of Germany consisted of attacks by the Royal Air Force on military lines of communication in western Germany. These attacks, begun May 11, 1940, closely followed the German bombing of Calais where many civilians were killed and injured and which heralded the German offensive in the west.

Since those first attacks, which resembled the preliminary sparring of a pair of boxers, the weight and tempo of bombing on both sides have grown.

Many Planes Turned Over

LONDON, April 23 (Canadian Press)—Lord Beaverbrook, minister of aircraft production, told the House of Lords today that nearly one thousand assembled American and Canadian aircraft had been handed over to the Royal Air Force.

BRACKEN RETURNED

Only Two Opposition Candidates Successful So Far In Manitoba Provincial Election

WINNIPEG, April 23:—The coalition government of Premier John Bracken of Manitoba has been returned to office with a sweeping majority as a result of yesterday's general election. Of the 55 seats, the government has already won 38 and is leading in fourteen. The Opposition has won only two seats. The only Opposition candidates conceded elected are Lewis St. George Stubbs in Winnipeg and D. A. Best in Assiniboia.

SMITHERS DID WELL

Subscribes \$700 to Canadian Services Fund

SMITHERS, April 23.—The canvass for Canadian War Services Fund is about nearing its close and it is expected that the final amount will be in the vicinity of \$700 when a few remaining contributions are in.

The appeal has met with a fine response, many people being anxious to make their contribution, all seeming to recognize the great need of providing comfort, entertainment and educational facilities for the young men who have volunteered for active service.

Weather Forecast

Prince Rupert and Queen Charlotte Islands—moderate north wind mostly cloudy and mild.

Armed Merchant Cruiser Is Lost

LONDON, April 23 (Canadian Press)—The armed merchant cruiser Rajputana has been torpedoed and sunk, the Admiralty announced tonight.

King Abandons Athens

War News

THE GREEK SITUATION

ATHENS—King George of Greece said today that the Greek army of Epirus had "signed an armistice with the enemy without our knowing it" and announced he was withdrawing with the government to Crete. The monarch declared, however, that the armistice "in no way binds the free will of the nation, King and government which insists on continuation of the struggle with all remaining forces with a view to securing national interests." The capitulation rendered precarious the position of remaining Greek army and British forces last reported battling Nazi divisions seeking to force through Thermoplae Pass on the eastern end of the front but a Cairo communique this morning simply said "Empire forces are consolidating new positions in Greece." Later tonight it was reliably reported from Cairo that the temporary easing of German pressure in Greece had enabled British forces to consolidate new positions.

PLYMOUTH BOMBED AGAIN

LONDON—The southwest coast port of Plymouth was subjected to another long and damaging raid by German bombers last night. Two Welsh towns were attacked early this morning. There were two alarms in London during the night but little in the way of bombing.

R.A.F. AT BREST

LONDON—The Royal Air Force struck again last night at Brest with the German battleships Scharnhorst and Gneisenau again as their objective.

TRIPOLI HEAVILY HIT

LONDON—The largest and most spectacular bombardment in naval history has been made on the Italian Mediterranean port of Tripoli, it was announced today. Much damage was done.

FRANCO SNUBS HITLER

VICHY—It is reliably reported here that General Francisco Franco has again vetoed a proposal by Chancellor Adolf Hitler to move troops through Spain for an attack on Gibraltar.

FRENCH CO-OPERATE

LONDON—There are reports here that the Vichy government has permitted large quantities of fuel to pass through Tunisia for the German and Italian forces in North Africa.

REINFORCEMENTS TO NORWAY

STOCKHOLM—Heavy reinforcements of German mechanized troops are being sent to northern Norway, it is reported here, either in fear of a British invasion or to put down mounting revolt in Norway against the occupation.

1942 TO BE BRITAIN'S YEAR

WASHINGTON, D.C.—Rumors of a possible negotiated peace between Great Britain and Germany are ridiculed here. Neither Great Britain or United States would agree to a negotiated peace in view of past experiences with Adolf Hitler. It is felt here that the war will last into 1942 with Great Britain fighting against great odds until mass production here and at home gives her air supremacy over Germany when she will assume the ascendancy. It is now considered unlikely that it will be necessary for United States to institute a convoy service or send an expeditionary force abroad. There is no idea of United States declaring war on Germany.

MALTA REPORTED BOMBED

BERLIN—The German High Command announces that Nazi dive bombers attacked Valetta, Malta, and severely damaged the naval shipyard and a destroyer and sea fuel tanks afloat.

JUST LIKE MIDSUMMER

Unusually Warm Weather in Interior—Bush Fires Already

SMITHERS, April 23.—Warm, dry weather for the past two weeks has brought midsummer conditions to the Bulkley Valley. Bush fires are burning in many places and already some damage has been done.

A fire a mile east of town on the west side of the Bulkley River jumped across the river on Sunday afternoon and set fire to a chicken house on the Gyger farm. The building was destroyed. The bar also caught fire but was saved by the efforts of help that went out from town.

This is the second fire loss sustained by the Gyger family since they located in Smithers four years ago after coming direct from Switzerland. They had only been here a few months when their dwelling and most of their belongings went up in smoke.

The roads are all dry throughout the district and travellers re-

Ed Borders Has Practically Completed His Mushing Trip Over Alaska Highway Route

HAZELTON, April 23.—Ed Borders, University of Alaska student, who has been on a mushing trip from Fairbanks south over the projected Alaska Highway route, arrived safely at George Beirnes' ranch at Kispiox yesterday and is coming on in to Hazelton today. He did 32 miles on the last day into the Beirnes ranch. On the way south Borders met P. M. Monckton, who is carrying out a special reconnaissance of the highway route, at Klappen Creek.

Greece To Continue Fight Against Nazis; Situation Of British Seemingly Obscure

SHIPPING TUNGSTEN

Portland Canal Mine to Ship \$60,000 Worth of Ore Per Month Through Here

The well known Riverside mine on Salmon River in Alaska alongside the Stewart-Premier road just across the border from British Columbia will soon start shipping \$60,000 worth of tungsten ore monthly through Prince Rupert to the United States, J. H. Scott, San Francisco, managing director of Riverside, announced today. Mr. Scott is in the city on his way to Stewart and will be on the property in connection with the starting of operation on Monday next of a 100-ton mill which has recently been undergoing rebuilding. The first of the monthly carload shipments will be made early in June, it is planned. The ore will be brought to Prince Rupert by the Hyder-Ketchikan mail boat and dispatched from Prince Rupert east by rail.

Tungsten plays an important part as an alloy in steel manufacturing and is particularly important in war time for the making of machine tools and such equipment vital to the munitions and aircraft industries. Mr. Scott expects to spend two weeks at the mine.

Outlook For Expeditionary Force Not Very Bright—Appears to be Alternative of Evacuation or Hopeless Defence

ATHENS, April 23.—King George II. and his government abandoned Athens today following capitulation of the Greek armies of Epirus and Macedonia without his knowledge. The Germans were reported to be already entering Athens. The King fled to the Island of Crete in the Mediterranean, resolved to carry on the fight against the enemy from there. The King's flight followed the capture by the Nazis of the important city of Ion-nona and other important points.

Berlin claimed today to have entered Thermoplae Pass where the British have been making a new Stand. There was no immediate word of the fate of the British expeditionary force which was faced with the alternative of a difficult evacuation or a seemingly hopeless continuation of the defence. A communique from Cairo said that Empire forces had consolidated new defence positions in Greece. There are estimated to be between 50,000 and 80,000 British forces, consisting to large extent of Australians, in Greece together with considerable tanks and equipment.

There was pitiful confusion in Athens and other Greek cities. Air raids by German stuka dive bombers were so frequent that it was impossible to keep up a systematic alarm system. The Nazis planes were also slashing at troop movements and refugees on open roads as well as at shipping. It has come to light now how members of the German legation staff in Athens circulated among troops of the British Expeditionary Force and obtained advance information as to their movements.

STRAFING BY NAVY

Most Spectacular Bombardment in History of Sea Warfare Carried Out Against Italians

CAIRO, April 23: (CP)—Red hot guns of Great Britain's Mediterranean fleet set Tripoli Harbor aflame Monday in what officers said was the biggest and most spectacular bombardment in naval history. They pumped more than a thousand tons of high explosives into the base with fifteen-inch and smaller projectiles from battleships rumbuling over the high Moorish walls to start great fires and crush enemy striking bases like egg shells. The scorching fire continued steadily for forty-two minutes, repeatedly scoring direct hits. Royal Air Force headquarters here announced new raids on Bengasi and Barce.

Brest Raided By Air Force

German Battleships Scharnhorst and Gneisenau Are Again Objectives of British Flyers

LONDON, April 23 (Canadian Press)—The Royal Air Force last night bombed Brest where the Nazi battleships Gneisenau and Scharnhorst are still sheltering.

FINLAND IN BAD SHAPE

Food Conditions in That Country Are Desperate, Says Associated Press News Correspondent

NEW YORK, April 23.—Food conditions in Finland have become desperate, according to an Associated Press correspondent who returned yesterday by clipper plane after a visit to that part of Europe. Working people are receiving only seventy per cent of the calories they need. Cattle are being fed with cellulose—wood treated with chemicals.

PLYMOUTH HIT AGAIN

Large Fire Started and Considerable Damage Done at South-western British Port

LONDON, April 23 (Canadian Press)—Plymouth was the target of Nazi raids for the second successive night Tuesday, a violent assault leaving many fires blazing and causing considerable damage and casualties.

NO CHANGE TAX RATE

City Affairs Carrying on Satisfactorily Except for Sewer System

There will be no change in the tax rate this year and, as there has been very little change in the assessed values of properties, there will be practically no change in the city taxes over last year. B. C. Bracewell, city commissioner, commenting on the condition of the city this morning, said the tax rate should be higher as the costs of carrying on work increased with the activity around the city. However, he did not plan any changes this year.

It seems that the matter of sewerage the city is causing uneasiness. Some of the old sewers have given way as a result of the sinking of the filled streets and other parts need sewers. The whole system will need careful consideration.

OFFICIAL IS DEAD

John S. McKay, Townsite Manager at Ocean Falls, Passes Away

John S. McKay, townsite manager of the Pacific Mills at Ocean Falls and former accountant there, died at the paper town on Monday. He was one of the best known officials at Ocean Falls where he had been located for many years. A widow and 21-year-old son, John, survive. The remains will be taken from Ocean Falls to Vancouver for burial, leaving Ocean Falls on the steamer Prince George Friday.

St. George For Merrie England! . . .

Saint George, patron saint of England, whose anniversary we celebrate today, is usually depicted as a knight on horseback slaying a dragon with a spear. Little is known of him except that he slew a dragon. Today the dragon is Hitlerism that is leading almost the whole world astray. Once more that cross of St. George is unfurled and the dragon slayer is leading the fight against error.

The news of the conflict today is not very encouraging. While doubtless some of the reports are incorrect, they indicate that the British are leaving Greece and that many of the Greeks may be forced to surrender. It is also probable that there will be a number of British casualties in the evacuation.

The Germans say their forces will now cross to Africa and help the Italians against the British if they can make the crossing and it is also expected that many British troops will join the forces of their compatriots in meeting the Germans there. It is also quite possible that Turkey may become involved pretty soon.

England is still suffering heavy bombings and is in need of all the help we can give her. Let us remember "St. George for Merrie England" and all do our part to slay this fearful dragon that is overrunning Europe.

According To Schedule . . .

Everything is going according to schedule, according to one of the members of the local British Israel organization, when asked today how the present war developments fitted in with the Biblical prophecies on which they base their belief in the Armageddon and the final victory of the Allies over the forces of evil as typified by Germany and Russia.

According to the same authority Palestine is to be invaded and the Russians will also come into the picture though whether as friends or foes does not seem clear. Egypt is already invaded for the second time but whether that country will be taken or not is not sure. Finally, the city of Jerusalem will be encompassed and then will be the time to look for divine intervention.

Armageddon is expected to be fought somewhere in the neighborhood of Haifa, the outlet to the oil fields of Iraq. At that time, evidently, the forces of nature will be with the British and there will be a wonderful victory after which will be seen the beginning of the closing scenes of the war in which the forces of God will destroy the forces of evil.

Prior to that time all the nations of the world will be against Great Britain and the United States. People will have given up hope and will call upon God to help them. The victory will be of such a character that it becomes clear to everyone that it was not the might of arms that brought about the victory but the power of God.

So far, according to our informant, the expected plan has worked out with great exactitude. Nation after nation has been subdued and evil has seemed to be triumphant. The Godless nations have had their way and have carried everything before them. Britain has not been taken and will not be taken but the people have been brought to their knees as never before.

We have given this brief outline of a British Israel view because it seemed interesting and it will be even more interesting to note whether or not it will be followed out to its inevitable conclusion. Already there have been many wonderful happenings since the war commenced and it seems as if there were more wonderful things many people are looking for in the future.

NEWS OF THE MINES

Pinchi Lake Quicksilver Property is Paying Smelters Well—Mining Season Opening Up in Omineca

The annual report of the Consolidated Mining & Smelting Co. states that work on the mercury property at Pinchi Lake in the Omineca district near Stuart Lake was very encouraging during the past year and exploration for further mercury deposits is being carried on throughout the district. Total profits from gold mines and the mercury property in which the company is interested amounted to \$1,077,000 in 1940. The Pinchi Lake mine is paying an important role in the war effort as it is one of the few sources of supply in the Empire of mercury. The company reports that no profit from the Big Missouri mine at Stewart was recovered although a total of 122,122 tons of ore carrying .088 ounces of gold per ton was milled. Boulder Creek placer operation in the DeLac Lake district showed a small profit.

Cardiff Calm— WELSH 'REST' AFTER BOMBS

Observer Finds Good Spirit, Ready Help, Courage and Efficiency

By DOUGLAS AMARON
Canadian Press Staff Writer
CARDIFF, April 23: (CP)—It was mid-afternoon just after the heavy bombing raids on Wales and only

WELSH young were in the rest centres. Children were at school and their parents were working in munitions factories or at the docks. "It's too bad you couldn't have come at supper time," said the old and the man in charge. "Then you really could have seen us in action. But come along just the same and make yourself right at home."

This centre, one of 47 operated in Cardiff by the Women's Voluntary Services, was caring for people bombed from their homes two nights earlier. Five hundred homeless had been brought there for the second time in less than a week.

It was a working class district and the little homes they left for shelters when the raiders came at nightfall were a shambles. Some were destroyed completely, others needed roofs, doors, windows and plaster.

Until they were repaired or new homes were found for their owners, the rest centre would be used as a refuge. That usually meant three or four days but billeting was good in this district and only 100 still lacked accommodation.

"We sometimes get a few who find it hard to make friends," the guide said, "but usually they came around all right after they get over the shock of losing their homes."

Thought of Others
In an adjoining room two women workers sorted out bundles of clothes looking for a gym tunic for the 12-year-old daughter of a factory worker's wife. There was none in stock but a worker volunteered to drive to headquarters to pick one up.

The mother, embarrassed because she was causing trouble, refused to hear of it, however. "I wouldn't have asked at all but I didn't like to send my daughter to school dressed differently from other girls," she said. "I'll wait until my hubby gets back from the shop. Let someone who needs it more have the tunic. I didn't lose anything, you know, and I'll be able to manage."

She left and I was told that although her home wasn't a total loss, only a few odds and ends were salvaged. Because she saved anything at all, however, she felt others were more entitled to relief than she.

In a large kitchen, equipped with gas, electric and coal stoves, a half-dozen women were preparing the evening meal. Tables were laden with roasts ready to be slid into ovens and pails were filled with vegetables. Bread, puddings, pies and tea completed the menu.

First meals at the centre were served at 5 a.m. to early morning workers who also got sandwiches to take to work if they were needed. That started a busy day which

Finer mining operations throughout the Cariboo and Omineca districts are now getting into full swing for the 1941 season. The DeGama crew left Port St. James a few days ago for Germansen River to arrange for an early resumption of operations on their large scale hydraulic undertaking on Upper Germansen. Bert McCorkill has been moving in supplies for the past few weeks to his workings adjoining the DeGama property. Bert McCorkill of Lost Creek placers is assembling his crew for an early start.

J. W. Ferguson, old time British Columbia prospector and mine owner, arrived at Prince George from the coast recently and is now on a trip into the Mazona Creek district. Mr. Ferguson is lecturer of the well known Inpenika Mines on the Inpenika River above Finlay Forks.

Hon. W. J. Austline, minister of mines, has been on a flight into the Peace River Block during the past few days to inspect progress of operations on the provincial government's oil well driving campaign on Commotion Creek.

Everybody Helped
Most of the kitchen staff were W.V.S. workers but the bombed-out lent a hand at times, peeling potatoes or washing dishes. Twin boys of 12 ran errands and laid the tables where people ate in relay.

At night mattresses were laid on the floor of the main room and evasees bunked down in their clothes. Sometimes there were too many people for the mattresses and the old folk got first call.

Rooms were swept, washed and disinfected each morning and windows remained open until late afternoon. Nurses called morning and night, treating minor injuries and watching for signs of illness.

It wasn't an extravagant lodging but to the bombed it was a place where they could graze until they regained their equilibrium.

"This centre has been a lifesaver to me," one woman said. "I thought I was beaten when they brought me here but now I've got control of myself and as soon as they put a roof on my house I'm going back and start all over."

Daughter Of Bishop Adam Becomes Bride Of Robert Yerburgh At Vernon

The marriage took place recently in All Saints Anglican Church at Vernon of Miss Elizabeth Nora Adams, younger daughter of Rt. Rev. W. R. Adam, Bishop of Kootenay, and Ernest Robert Marryat Yerburgh, formerly a member of the Prince Rupert High School teaching staff and now located at Invermere in the southern interior. The ceremony was performed by the father of the bride, assisted by Rev. H. C. B. Gibson. The bride

was given in marriage by Canon W. B. Parrott. The bridesmaid was Miss Clare Adams, sister of the bride, and Capt. T. R. B. Adams was groomsmen. After the ceremony a reception was held at the Bishop's residence and the couple proceeded to Radium Hot Springs for a honeymoon.

Chinese Contribute To Queen's Canadian Bombing Fund

Kingston, Ontario, has sent \$1,221 to the Queen's Canadian Fund for Air Raid Victims, collected in ten days. Among contributors is one from the Chinese Nationalist Party, whose president, William Ting Lee, writes, 'London and Chungking are very close tonight.'

The subscription of \$35 was accompanied by a letter which reads as follows: "Heart-breaking pictures and eye-witnesses desolation that is going on in Great Britain, the sound and sight of exploding bombs and the result ruin are sufficient to make one despair of the return of justice as a factor of consequence in the development of peaceful and stable human relationship, for Great Britain is suffering the greatest unchristian injustice that has been recorded in history."

"China has been forced to fight against the Japanese aggression for nearly four years. We are doing our part to preserve liberty and independence and to uphold the principle of humanity that has told us to do our part of extending contributions to victims of the present aggression. London and Chungking are very close tonight. It would be strange if we could think of the suffering and anguish in one city without being reminded of the broken bodies and heavy heart in the other."

"I hope that strength and wis-

dom of Great Britain will gird the loins of the free and inspire them to co-operate for the enforcement of peace in all those countries which are now being so mercilessly riven by the bombs and shells of the aggressor; and that they may enjoy the right to live their own lives in the fullest measures of liberty, peace and happiness.

"Dollars mean life to those innocent victims of adversity and their life or death may mean peace or war for our friends and friends' children through the generations yet to come, I wish all friends in Kingston should not hesitate to subscribe. 'Whatever ye would that men should do unto you do ye even so unto them.'"

Send your Queen's Canadian Fund subscriptions to Daily News, Prince Rupert, B. C., or The Royal Trust Company at Montreal or any branch office.

With a fair-sized list of passengers and considerable freight cargo, C.N.R. stamer Prince George, Capt. H. E. Nedden, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls and sails at 3 o'clock this afternoon for Ketchikan and Stewart whence she will return here tomorrow evening southbound.

Mr. Laura E. Jamieson M.L.A. of Vancouver, arrived last night on the Prince George at Ocean Falls. After a week at that point she will spend a few days in Prince Rupert. Before returning to Vancouver, Mrs. Jamieson will visit Prince George, Port Fraser, Terrace and Telkwa.

SLIMS THE FIGURE

You don't want to look as thin as a hickory switch but still you want to be slim. Soft wool suits like the one pictured above, either in sandstone or in brown turn the trick to perfection. Long slender jackets frequently top a slimming pleated skirt to minimize curves without destroying them.

CHANGES IN ARMY

Adjutant and Mrs. Edward Brunson to Succeed Adjutant and Mrs. Ivan Halsey in Prince Rupert

Adjutant and Mrs. Edward Brunson, who have been in charge of Salvation Army work at Hazelton for some time, are being transferred to Prince Rupert to succeed Adjutant and Mrs. Ivan Halsey who are being moved to Nanaimo where Adjutant Halsey will direct Army war service work in the garrison area. Adjutant and Mrs. Halsey are sailing Tuesday afternoon next on the Princess Louise for the south.

Adjutant and Mrs. Brunson will be succeeded at Hazelton by Capt. and Mrs. Peter Gorrie from Kelowna.

C.P.R. steamer Princess Louise, Capt. S. K. Gray, is due in port at 8 o'clock tomorrow morning from Vancouver and will sail later in the morning from Alaska. The ss. Louise is now taking up the Skagway run for the spring and summer.

Twenty-Five Years Ago

April 23, 1916

Mayor M. P. McCaffery has been advised by E. J. Chamberlain, president of the Grand Trunk Pacific Railway, that efforts have been made to interest the British and Russian governments in using the Prince Rupert dry dock for the manufacture of munitions but that, so far, little progress has been made. Prince Rupert, it is said, is too far away from the source of materials and the cost of labor is too high in comparison with eastern cities.

Tomorrow night at the Exhibition Hall a grand carnival in aid of the Red Cross fund will open and will continue for two nights with an elaborate program planned. Capt. Musgrave of the Lilloet has lent flags of the old H. M. S. Egeria for decorating purposes. There will be French, Russian, Italian, Servian, Japanese, Indian, Scandinavian, English, Scottish, Irish and Welsh booths.

MCKINNON IS WINNER

Naval Man Has No Difficulty Clearing Up at Ping Pong

Last evening at the United Services Hut Dan McKinnon of the Navy defeated all opposition to win the ping pong crown for the second time.

During the evening's play it was most noticeable that McKinnon had no trouble besting his opponent's play. The most remarkable feature of McKinnon's style is his smashing back hand which time and time again caught his opponents flat footed.

In the semi-final McKinnon defeated Sergeant Brown of the Rangers, 21-7, 21-12 and in finals.

CHALLENGE IN BOWLS FAVORITES FOR DERBY

Comosers Demonstrated Their Superiority Over Toilers in Play Last Night

Prospects And Actual Winners In 22 Years Didn't Synchronize Well

In a challenge match between Comosers and Toilers, teams of the Mixed Bowling League last night the Comosers won two games for a total score victory of 3362 to 3195. High average scorer for ladies was Bert Peterson, 196, and for men Cy Kellett, 230. Starting Thursday play in the mixed five pins doubles for city championship cups will take place.

The individual scores in last night's challenge match were as follows:

downed Quartermaster Sergeant Gosnell of the Rangers, 21-11, 21-6. After the ping pong the evening's fun was concluded with a hearty bingo party at which nearly 150 boys of the services took part. Cigarettes were the prizes at bingo with several theatre tickets as special prizes.

Jim Wilson of the "Y" officiated at the ping pong tourney and called the bingo.

OLD SAILER SAFE NOW

Schooner on Thames and Officer's Club Has Escaped Raiders So Far

LONDON, April 23 (CP)—The schooner Seven Seas, one of the best-known sights to Londoners along the Victoria Embankment beside the Thames, is also "the safest place in London," says Lt. Cmdr. F. W. Goddard, R.N.V.R.

The old schooner is a club for past and present officers of the Navy and Merchant Service. Naval officers pass through the capital on leave often put up there.

Lt. Cmdr. Goddard, secretary of the club, said he had proof the Seven Seas was a safe place "when we were straddled by a couple of bombs one night in the autumn raids. The heavy stone of the Embankment wall shields her on the starboard side and to port there is the river."

"On that night last autumn a bomb exploded on the Embankment. The blast rattled the rigging a bit. Then another fell in the river right ahead of her. A sprout of water shot up 30 feet—a terrifying sight—and she nearly was lifted bodily onto the road. But not a drop of water came aboard."

Incidencies had fallen on board, Lt. Cmdr. Goddard added, but they had been dealt with before causing any damage.

The Seven Seas, built for the West Indian fruit trade 70 years ago, carried cargoes of coal up and down the east coast during the First Great War. But years have passed since sails were last bent to her yards.

CITY MIGHT HELP

Editor, Daily News:

I notice by your paper dated April 19 that the Junior Chamber of Commerce and the Horticultural Society have asked the co-operation of the citizens of Prince Rupert in staging a clean up week from April 19 to 26.

I think that it is a very good idea but I am of the opinion that the city should be also asked to do its share in this scheme. While the individual property owner might do his level best to clean up and beautify his grounds his natural satisfaction is considerably soured by the condition of the city's portion along the street line.

I suppose, of course, there is no law against the individual doing a little beautifying for the city. On the other hand most of us have sufficient to keep us busy in our own yards. The section that I am particularly interested in is the way of clean up is that section on Ninth Avenue east of McBride which has an open ditch and reeks to high heaven and is certainly an eyesore to us who live in the vicinity. I suggest this ditch be boxed in and covered over before some tourist does take a picture of it.

Thanking you, Mr. Editor, for the space.

H.A. ORMISTON.
200 9th Avenue East.

Man in the Moon

A madman is still at large. He is Hitler, murderer of women and children.

It was a beastly day. The recruits were dumb; Private Smith was the dumbest of them all.

The sergeant strode up to him. "What was your job in civil life?" he barked.

"Bank clerk," replied Smith.

"I suppose," sneered the sergeant, trying to be funny, "you dusted the desks and washed out the ink-well and made cups of tea for the manager?"

"Oh, no," replied Smith. "We kept an old sergeant for those jobs."

How To Attack An April Wind

Not So Hard For Girls to Hold Skirts Down if They Know How

NEW YORK, April 23 (CP)—It isn't hard to hold your skirts down in an April wind if you know how, writes Amy Porter.

First, put on your fullest skirt. Now add a wide-brimmed straw hat, resting it lightly on top of the head. Fill your arms with a good-sized hand-bag, five packages from the dime store, and a candy bar.

Ready? Get it. Go—round the corner smack into a wind.

MAY BE MINER SHORTAGE

CARDIFF, Wales, April 23 (CP)—Danger of a shortage of mine labor has arisen because many miners long unemployed have now found jobs in other industries.

Round up Ogden's for a Real Smoke

Take a tip from old timers who have been rolling their own for twenty years or more. Their brand is Ogden's and they wouldn't think of smoking anything else. They like it because it has a taste you can't match—a taste which comes from its distinctive blend of choice, ripe tobaccos. Try it. You'll find it's not just another tobacco—it's Ogden's!

Only the best cigarette papers— "Vogue" or "Chantecler"— are good enough for Ogden's

IT PAYS, Knowing How To Choose WALLBOARD

Only GYPROC Fireproof WALLBOARD (Made from Gypsum Rock) Combines All These Advantages:

1. Gyproc Safeguards Your Home From Fire
Gyproc Wallboard is fireproof. It will not burn, and it acts as a protective shield to all wooden frames that it covers—thus actually checks the spread of fire.

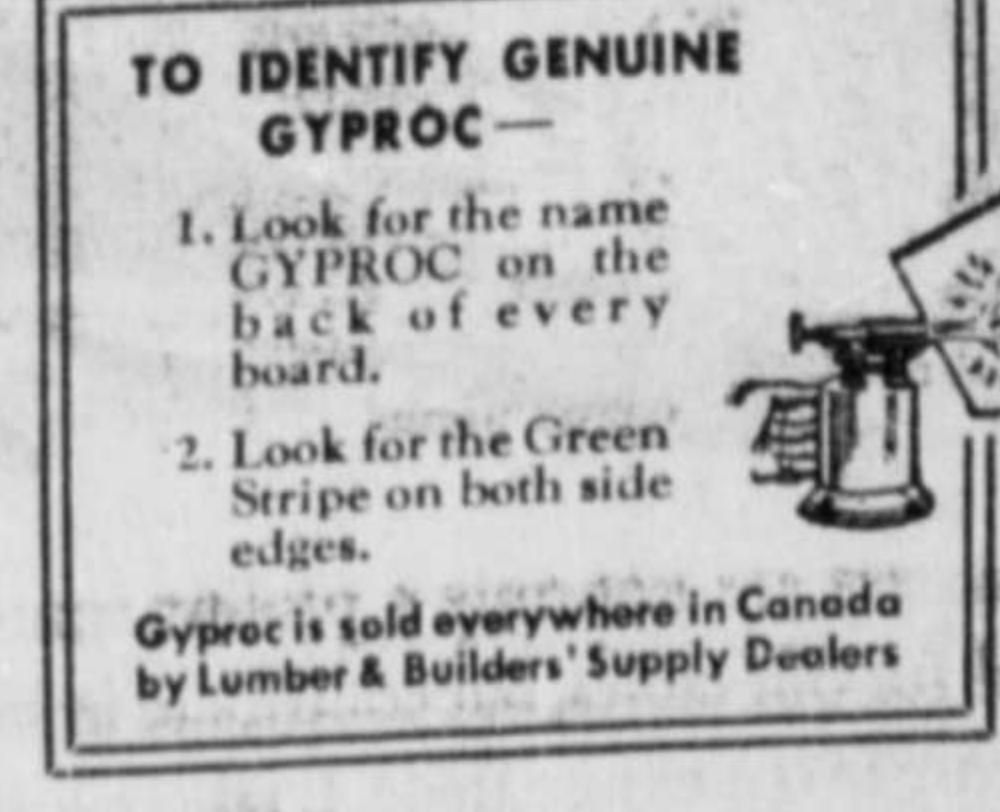

Note: Many types of wallboard are not fireproof.

2. Gyproc Lasts the Lifetime of Your Home
Gyproc is not affected by atmospheric changes. It stays smooth and straight as the day it was nailed into place. No cracking, shrinking or warping with Gyproc. Build walls and ceilings with Gyproc, and avoid expensive repairs.

Note: Ordinary wallboards do not guarantee this permanence.

3. Gyproc Gives You Unlimited Choice of Decoration
All four edges of Gyproc Wallboard are bevelled, so that joints may be filed in flush—giving you smooth, seamless walls and ceilings that can be decorated in any style you wish.

Note: Flush, seamless walls and ceilings cannot be obtained with ordinary wallboards, so that your choice of decorative treatment is limited.

FREE SAMPLE and Illustrated Booklet will be mailed on request to Gyproc, 50 Maitland St., Toronto.

TREASURES OF MUSIC

Mr. and Mrs. G. R. S. Blackaby Entertain Ladies' Music Club With Program of Recordings

The ample recording library of G. R. S. Blackaby was a rich treasure store for the Ladies' Music Club which held a guest night meeting last evening at the home of Mr. and Mrs. Blackaby to hear a fine program of well selected and variegated classical numbers featuring both instrumental and vocal renditions from the masters. The program was arranged by Mrs. S. D. Johnston and Mrs. E. J. Smith and the selections as they were played were explained by Mr. Blackaby who has a deep fund of musical knowledge. It was all very delightful for every person present, the occasion being memorable as well as of novel character. Mrs. H. L. A. Tarr, vice-president of the Ladies' Music Club, had charge in the absence of the president, Mrs. Sheldford Darton. She acknowledged the courtesy and hospitality of Mr. and Mrs. Blackaby. Following the program delicious refreshments were served.

The program was as follows:

Canadian waters are not only a prolific source of good food for our tables, but contribute in important measure to our export trade. It takes a great army of workers—fishermen, canning hands, executives—to catch and market the "silver horde." No sporting pastime is this, but toil and business of great importance to the nation.

The Bank of Montreal co-operates with the FISHERIES' industries by furnishing the specialized types of banking services they need. It is the banking home of thousands of hardy fishermen who have savings or chequing accounts.

Serving Canadians and their industries in every section of the community, we invite you to discuss YOUR banking requirements with us.
