PRICE: 5 CENTS.

Churchill Warns Russia

Soviet Wheatlands Are In Line Of Nazi Drive, Prime Minister Declares In War Review Today

INFORMS BRITONS OF GRAVE EXTENT OF GERMANY'S SMASH THROUGH GREECE—SPEAKS OF AMERICAN ASSISTANCE—APPEALS TO EIRE AND SPEAKS FRANKLY TO FRANCE

LONDON, April 9: (CP)—Prime Minister Winston Churchill told Great Britain today of the grave extent of Germany's smash through Greece and warned Soviet Russia that the Nazi drive is heading her way. In a war report to the House of Commons, the Prime Minister announced that German troops had entered Salonika at 4 o'clock this morning. He said that, up to the present, British and Imperial troops had not engaged in fighting in Greece.

Mr. Churchill declared that there are increasing signs that Germany would pounce on the wheatlands of Russia's Ukraine.

The Prime Minister also announced British capture of the Eritrean port of Massaua and the virtual completion of the conquest of Italian East Africa.

Mr. Churchill disclosed the transfer of ten United States coastguard cutters to Great Britain, appealed anew for the use of Eire ports and air fields, told France she would be blockaded strictly and that British guns would resist any Vichy attempt to transfer French naval vessels from Africa to metropolitan France where Hitler could get them.

The Prime Minister said that heavy losses due to enemy action would cripple the British merchant marine disastrously without a huge United States building program which would give Great Britain several million tons of shipping next year.

Mr. Churchill also announced that the Royal Air Force had grown to such an extent that some raids on Germany had exceeded in severity anything the Germans had done in a single raid on England.

REPORTS ON FACILITIES AT RUPERT

Right Hon. W. L. Mackenzie King Gets Information About Prince Rupert War Work Possibilities

A copy of a report sent by W. Lloyd Craig to Prime Minister W. L. Mackenzie King following his recent visit to Prince Rupert was forwarded here by Olof Hanson M.P. and read at the meeting of the Chamber of Commerce this week as follows:

Your director of the Bureau of Industrial and Trade Extension arrived in Prince Rupert at 12:05 midnight Tuesday, March 4, and immediately contacted the Minister of Trade and Industry.

On March 5 a thorough survey was made of the Prince Rupert dry dock in company with the Hon. W. J. Asselstine, Arthur Brooksbank, secretary of the Prince Rupert Chamber of Commerce, together with W. R. McAfee, president and Jarvis McLeod. Other plants were investigated as will be noted further in this memorandum. At the noon hour the Hon. Mr. Asselstine and your Director were guests at the weekly luncheon meeting of the Gyro Club. In the evening the Chamber of Commerce held their monthly dinner meet which I attended was the largest meeting they had had for many months. As a matter of fact extra tables had to be set. At this meeting the Minister spoke for a period of fifteen minutes and the writer for forty-five minutes. Press reports are attached covering this meeting.

On Thursday, March 6th, further inspections were made and at noon the Minister and your Director, by special invitation, attended the weekly Rotary Club luncheon meeting. At this time Mr. Asselstine spoke briefly and the writer for thirty minutes. Press reports covering this meeting are lacking to some extent as we left Prince Rupert before the next publications were issued. At all three meetings we received a most enthusiastic and friendly reception.

Prince Rupert Dry Docks Limited—This plant is only working about one-third of its capacity. Steel vessels up to 10,000 tons can be built here without any difficulty. Two or more such vessels could be worked on simultaneously. Two corvettes have already been launched and two more are now under construction.

In the matter of smaller wooden craft, I find they can lay down keels and build eight 65 foot boats at one time or four 75 foot boats. All could be built under cover. These can be built simultaneously with steel boats and without either one interfering with the construction of the other as entirely different classes of labor would be used.

One of the best equipped machine shops on the British Columbia coast forms a part of this plant. The largest lathes in British Columbia are found here. This shop is undoubtedly capable of doing important work. Technical and general details of all equipment is now being prepared and will be forwarded to me immediately.

There is also a blacksmith shop and foundry connected with this plant, technical details of which I will also receive shortly. In the meantime such items as anchors, etc., can be readily made here and as technical information is not necessary in this regard I am already in contact with the Department at Ottawa in this connection. This plant is also capable of making boilers, winches and other accessories for the corvettes now launched and under construction. This would also apply to cargo vessels. Continued on Page Two

BOEING GETS CONTRACT VANCOUVER—Boeing Aircraft Co. here has been awarded \$5,000,000 of federal government contracts.

Bulletins

BOSTON WINS AGAIN BOSTON—Boston made it two straight over Detroit in the Stanley Cup final series last night by winning three to two. The third and fourth games will be played in Detroit.

WINNIPEG WINS RAYMOND, Alberta—Winnipeg St. Andrews defeated Raymond Union Jacks 34 to 32 here last night in the second game of the Western Canada senior basketball semi-final and qualified to meet University of British Columbia at Vancouver in the final.

BOMB IN CONSULATE HAVANA, Cuba—A bomb exploded in the German consulate here. Furniture was damaged but no one was injured. The bomb bore a placard on which was written: "Down with Nazi and Fascist oppression."

ARE OVER TOP VANCOUVER—With an objective of \$300,000, the \$153,000 mark has now been reached by Vancouver in the Canadian War Services fund drive. Victoria, with objective of \$75,000, has reached \$67,000.

REPREHENSIBLE PRACTICE OTTAWA—Hon. J. L. Riley, minister of finance, condemns as a reprehensible practice efforts made by companies to avoid excess profits tax by unduly increasing expenditures.

MEXICO TAKES SHIPS MEXICO—Mexican government is taking over for its own use twelve German and Italian ships seized at Tampico and Vera Cruz. They will be used for coastwise and international trade. After the war indemnity and interest will be allowed.

CONSULATES CLOSED OTTAWA—The federal government is moving towards having the Hungarian consulates at Montreal and Winnipeg closed. Hungarians are not necessarily to be considered as enemy aliens.

NEW NOTE BY NAZIS

Have Reinforced Protest at Seizure Of Ships

WASHINGTON, D. C., April 9: (CP)—Secretary of State Cordell Hull said yesterday that Germany had sent a new note reinforcing previous protests over the seizure of German merchant ships and crews in the United States.

ASSURES ALL AID

President Roosevelt Sends Message Of Encouragement To Boy King Of Yugoslavia

WASHINGTON, D. C., April 9: (CP)—President Franklin D. Roosevelt cabled to young King Peter of Yugoslavia yesterday his assurances of speedy furnishing all possible material assistance and his earnest hopes for a successful resistance to this criminal assault upon the Balkan nations.

NAZI DRIVE ARMY PLANE REPETITION OF FRANCE GOES DOWN

Ten Men Lose Lives In Crash At Sea Off Virginia Coast

NORFOLK, Virginia, April 9:—Operations are proceeding with a view to raising a United States Navy bombing plane which crashed in the ocean a mile off the Virginia coast, carrying ten men on board to their deaths. The plane sank in forty feet of water not long after it took off Chamber Field on a projected flight to Rhode Island.

ATHENS, April 9: (CP)—With the same speed and power which smashed the Allies in Northern France, German armored divisions have split northeastern Greece in two but the British forces are not yet in battle.

Nazi mechanized forces drove a wedge into the rugged country west of Salonika cutting off the big Macedonian port and isolating troops along the Struma River line. Although the Germans claimed that the eastern wing of the Greeks had surrendered, there was no word of such surrender in Athens.

Off to the northwest, Yugoslav soldiers, after abandoning Skopje to the advancing Nazis, were fighting in the mountains northwest of the town and a communique said these forces hoped to prevent the Germans from cutting the country in two. Despite enormous losses, the Germans were said to have passed Skopje to attack Katchanik Pass, 31 miles from the Albanian frontier. The Nazi aim is, evidently, to link up with the Italians in Albania.

In Berlin the German High Command today reported that German troops have smashed their way down the Vardar River valley, captured Salonika and forced the surrender of the eastern wing of the Greek army between Salonika and the Turkish border. Other German forces, it was stated, had taken Skopje and Veles in Yugoslavia and were advancing toward the Albanian border in the attempt to effect a juncture with the Italian forces there, it was claimed.

Royal Air Force bombers blasted German tanks and motor convoys repeatedly yesterday in vigorous assaults on the German invaders in Greece and Yugoslavia, it was announced today.

The official German statement referred to "smashing victories" with "incredible speed" on all fronts in Greece and Yugoslavia. On the one hand Skopje in Yugoslavia had been captured and the German forces were hurrying along towards the Albanian frontier while, on the other in Greece, the Metaxas Line had been reached. Xanthi on the Aegean Sea coast, 120 miles east of Salonika, was also claimed by the Germans to have been captured. It was estimated that 20,000 Greek troops, including six generals, had been captured. The capture of Salonika followed a break-through Rupel Pass. The Greek and Yugoslav armies had been completely separated.

Recruiting Appeal Is Made In Canada

Call Goes Out For 116,000 Men For Forces During Coming Year

Hon. J. L. Ralston, minister of national defence and associate ministers were heard over a nationwide radio broadcast on the Canadian Broadcasting Corporation system between 8:30 and 9 o'clock last night. In addition to Col. Ralston, the minister of air, Hon. C. G. Power, and the minister of naval affairs, Hon. Angus Macdonald, were heard. They announced an objective of calling for 116,000 men for the forces in the coming year. The speeches were in connection with a recruiting appeal.

BY-ELECTION DATE

OTTAWA—June 2 has been set as the Edmonton East federal by-election date with nominations May 26. Mrs. Casselman may be the candidate to succeed her husband whose death rendered the seat vacant.

MACKENZIE HOME

VANCOUVER—Hon. Ian Mackenzie and G. G. McGeer are home from the Parliamentary session at Ottawa. Capt. Mackenzie will be here for a few days.

attack, the Germans got through after heavy losses had been inflicted upon them both in men and machinery.

To the north, enormous damage is reported to have been done by bombing on the capital city of Belgrade and elsewhere.

Tactics similar to those which led to the smashing through the Maginot Line in France at Sedan last spring are being followed by the enemy in Yugoslavia and Greece.

Steel Ships For Local Yard

WARNING TO SWISS

Official German Commentator Suggests They Take Note of What Has Happened in Yugoslavia

BERLIN, April 9: (CP)—Switzerland was warned yesterday by Karl Megerle, German commentator, sometimes voicing the opinions of the Foreign Office, to take note of what has happened to Yugoslavia.

ATTACK IS HEAVIEST

Greatest Loads of Bombs Yet Dropped by R.A.F. in Raid on Kiel

LONDON, April 9: (CP)—The Air Ministry news service said yesterday that in the Kiel attack on Monday night British bombers carried the heaviest loads of bombs ever dropped on Germany in a single night. More than 30,000 incendiaries fell and hundreds of tons of high explosives. A mile square area of the city was left a mass of flames. Even heavier raids were made on Kiel, Bremerhaven and Emden again last night.

Go Ahead Order For Big Ship Work Here Is Given At Ottawa

ANNOUNCEMENT CONTAINED IN MESSAGES RECEIVED SIMULTANEOUSLY TODAY FROM OLOF HANSON M.P. AND HON. W. J. ASSELSTINE

A message received today by the Daily News from Hon. W. J. Asselstine, minister of trade and industry for British Columbia, advising that two 10,000-ton cargo vessels valued at \$3,000,000 were to be built at Prince Rupert was confirmed in another telegram received by the Prince Rupert Chamber of Commerce from Olof Hanson, M.P. for Skeena. Mr. Hanson's message stated that he had spent all day yesterday in Montreal interviewing officials after which he had had a meeting with the Minister of Munitions and Supply, Hon. C. D. Howe, who had informed him that two 10,000-ton cargo ships would be placed in Prince Rupert yard under the new war shipbuilding construction set-up.

Mr. Hanson, in his message, added that he was leaving for the west tonight by way of Calgary and Vancouver.

SETTLEMENT OF STRIKES

Big Industrial Disputes in United States End as Result of Federal Mediation

WASHINGTON, D. C., April 9.—The strike of the Congress on Industrial Organization against the United States Steel Corporation has been cancelled at least temporarily. This decision followed a conference of Phillip Murray, president of C.I.O., with President Franklin D. Roosevelt.

The long strike of the C.I.O. at the Allis-Chalmers plant in Milwaukee ended yesterday and the plant has returned to full production working twenty-four hours today to make up for lost time.

Progress is being made towards a settlement of the dispute at the Ford Motor Co's plant at River Rouge.

In all these disputes the federal mediation board has been instrumental in the settlements being reached.

EDITORIAL

The Canadian Press is exclusively entitled to use for republication of all news dispatches credited to it or to the Associated Press in this paper and also the local news published therein.

DAILY EDITION Wednesday, April 9, 1941.

This Is The Time . . .

This is the time to show of what stuff we are made. The news from Greece is bad. When the news is bad is the time when the courage of British people rises and they fight on to victory. Of course, we shall win the war. That goes without saying. Because we have a setback does not mean anything except to notify us all that we must tighten our belts and determine more than ever that Hitlerism must fall.

We met Hitler on ground of his own choosing and we fought with weapons chosen by him. Now we must fight on until we meet under different conditions. At the time of writing we do not know anything like all that has happened in Greece and Yugoslavia. Possibly before this is published we may have more news and the disaster may be greater or not so great. At any rate it is bad enough and we must determine to meet it.

When Hitlerism is finally crushed we shall look back to this date as one of the difficult places in the war, a point that was rounded successfully and which, instead of causing the British, Canadians, South Africans and New Zealanders to be discouraged, stiffened their sinews and made them resolve that no sacrifices could be too great to be endured for the cause for which they are fighting.

We have been told by some that the war was won at Dunkerque. Possibly in the future we shall look back and say that the war was won at Dunkerque and in Greece. This is no time to be down-hearted. The British have taken the whole of East Africa including Ethiopia and, in spite of any setback such as that of which we heard this morning, we shall carry on until victory is ours. That is the way of the British.

Canada Will Do Her Part . . .

Those of us who are Canadians and who have imbibed somewhat of the British spirit and the enjoyment of freedom, will doubtless rise to the occasion and do our part. We have already given freely of our dollars to help carry on. More than that is needed. We must give of our life blood, if necessary. We must be ready and willing to back up the young men who have gone overseas to take part in the "great adventure." Let us bend to the task and see that there is no weakening of effort or of spirit. Remember, it is the Spirit that wins.

Shipbuilding . . .

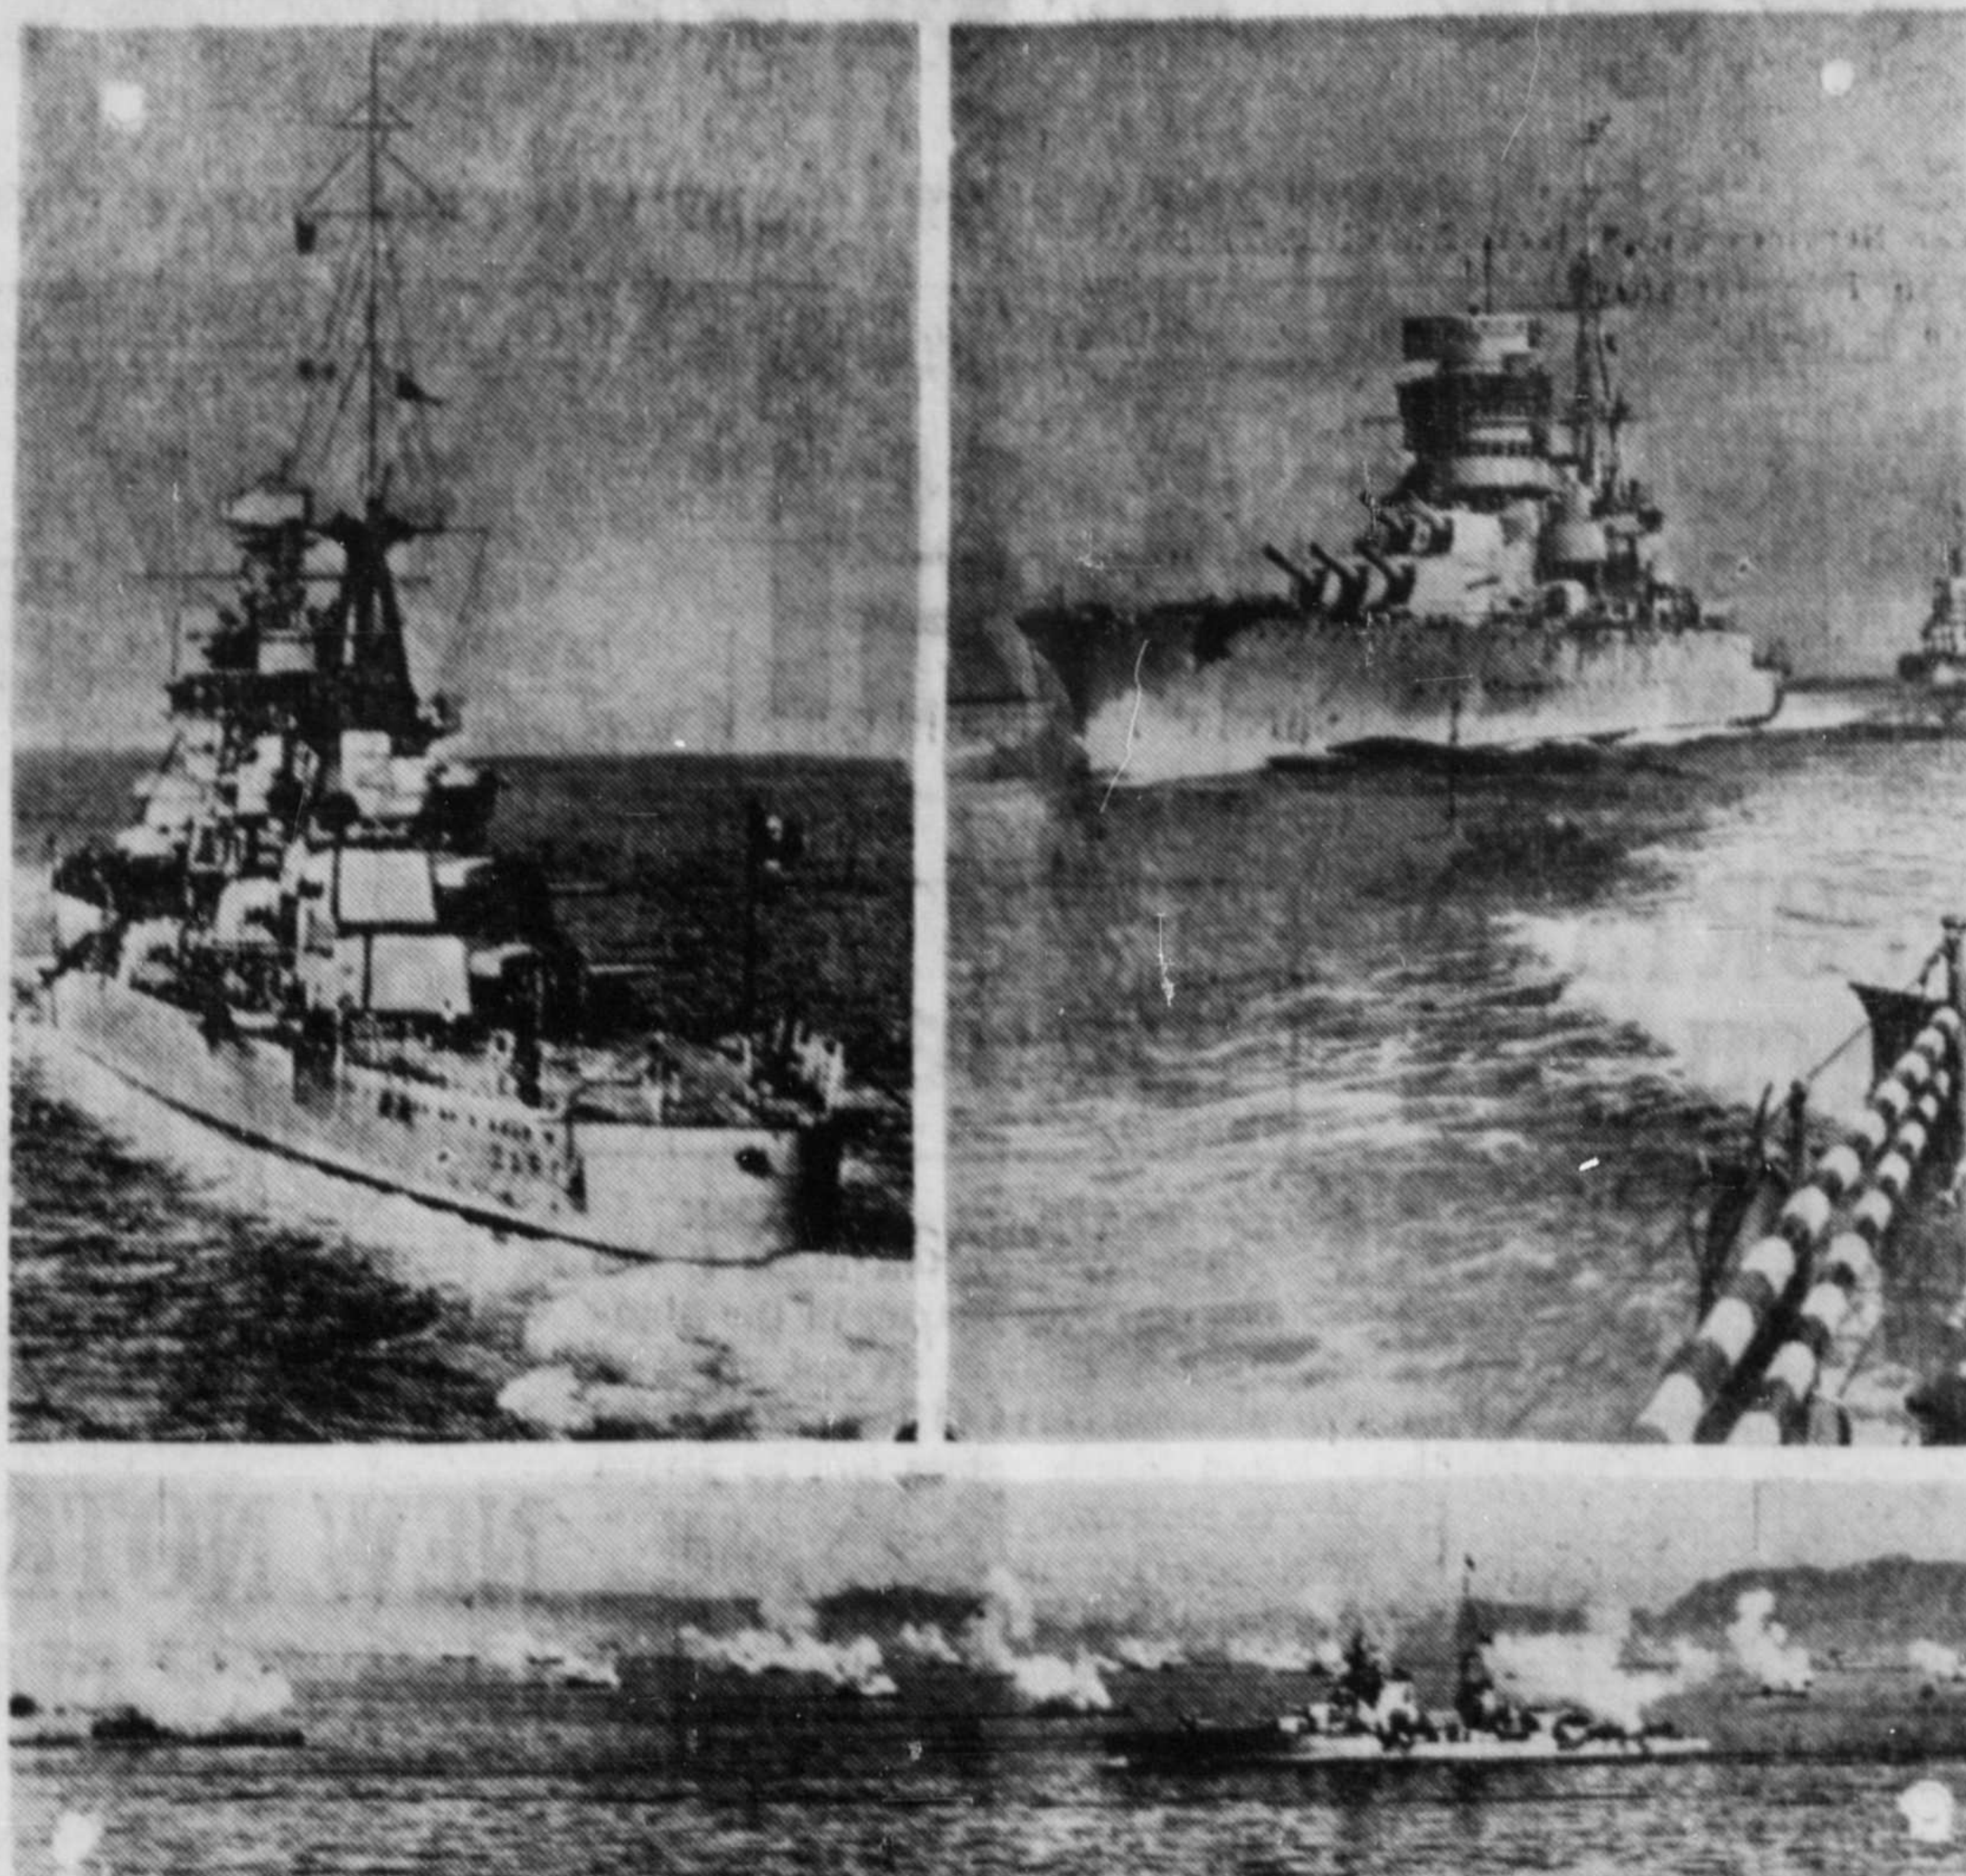

Only recently this paper published an article from Ottawa in which it was said that the Minister of Supply promised that two big steel ships were to be built in the Prince Rupert shipyard. On Monday the superintendent of the shipyard told us that they were able to handle shipbuilding efficiently and profitably at Prince Rupert. Today we are told that, under the new set-up with H. R. MacMillan at the head, two ten-thousand ton cargo vessels will be built at Prince Rupert. It is good news for us as a city. We are glad that Prince Rupert is able to help the Empire in this way.

Just A Possibility . . .

It is just possible that the Germans have been allowed to drive down through to Salonika and that this driving force may be cut off and the Greek, British and Yugoslavian forces close in behind it and cut it off. The condition in that country is different from what it was in France. We still trust Wavell.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same.

ROYAL NAVY DEALS SMASHING BLOW TO IL DUCE

Scoring the greatest naval victory of the war, British warships caught the Italian fleet in the Ionian Sea, sinking seven of Il Duce's warships and inflicting serious damage on a 35,000-ton battleship. Three Italian cruisers, the Pola, Flume and Zara, left above, were sunk in the action that saw two destroyers and probably the cruiser Gio.anni sent to the bottom. This was the first major battle between the Royal Navy and the Italian Navy and not a single Italian shell found its mark. An Italian cruiser, Conte di Cavour is pictured, upper right, while the Italian Navy is pictured, bottom, making a big noise for Hitler's visit to Italy in 1938.

First Aid Exams Held Last Night

Some twenty-five men students in first aid of the local St. John's Ambulance Association, following classes which have been conducted during the past couple of months

by Angus Macdonald, took examinations last night before Dr. R. Large, Dr. L. W. Kergin and Dr. H. Hankinson. Three members of the ladies' class also took examinations last night but the results of the ladies will be published in a couple of weeks or so before the results are made public at the confirmation.

Technical description of machine shops' equipment, I shall immediately present these to the competent authorities at Ottawa. At the same time the matter of ships or wooden boats building will be taken up with the controller of Shipbuilding and Ship Repairs.

"Mr. Brooksbank, Mr. McAfee, Mr. Jarvis McLeod, presidents of the service clubs, and others gave freely of their time towards seeing that we were properly informed and their friendly co-operation made possible this rather thorough inspection of Prince Rupert's ability to assist in this war effort."

"The management of this plant are greatly concerned over the housing problem which is so prevalent in Prince Rupert. They claim married men are reluctant at staying there owing to lack of accommodation as they cannot bring their families to Prince Rupert. The management have been considering the erection of community bunk houses, commissary, etc., but this in my opinion would not make for permanency and still would not permit their employees to bring in their families. As against this scheme, I suggested the thought of prefabricated houses of say four rooms to be built on the hundreds of vacant lots long since acquired by the city.

"Imperial Machine Works—H. R. Love operates this plant. It is a small shop with small equipment but quite capable of doing certain repair jobs. A detailed list of equipment is now being prepared.

"Star Welding and Repair Works—H. B. Stiles operates this shop and the same can be said of this as is the case with the Imperial Machine Works.

N. M. McLean, Boat Builder, Seal Cove—This is a small plant but quite capable of building one or two wooden boats at a time, with a maximum length of approximately 55 feet. Mr. McLean is considered to be quite a competent wooden boat builder. He is now building a 75 foot boat for one of the fishing companies. I am given to understand Mr. McLean has a very competent staff with him.

"Mr. Wahl—This man operates a small yard across the harbor from Prince Rupert. His capacity is small but he had already built a few rowboats for the Department of National Defence. My thought here is that he should confine himself to this smaller construction.

"Canadian Fish and Storage Company Ltd.—This company have a small machine shop with three lathes and could be used for certain cases of emergency. Mr. Nichols, the manager, expressed himself as being very anxious to make a contribution in this regard.

"Upon receipt of detailed particu-

Man in the Moon

It seems we are in for a big fight between Yugoslavia and Greece and possibly other neighboring countries.

He says he also has a big fight on his hands when he goes to bed tonight after spending his week. That's more important than Yugoslavia.

He is an expert and that is at what time.

"Sandy," said the Scotch schoolmaster, "tell yer classmates about ye savin' Wully McPhairson frae drowning."

"He had me skates on."

"What made you become a night watchman?" John asked his uncle.

"Well," said uncle, "with a wife and eight kids I never could get near the fire at home!"

A dapper little man applied for a separation order to be made out against his wife on the ground of cruelty.

When asked by the magistrate if he could prove his case, he replied meekly: "One night I dreamt I won \$1000,000, and the following morning my wife nearly killed me for not putting it in the bank before I woke up."

"Can't see why I should buy your book," said the farmer to the persistent canvasser.

"Why, it will show you how to be a better farmer."

"Listen, son," said the elderly man, "I'm not half as good a farmer as I know how to be."

DRIVE IS SUCCESS

Canadian War Services Fund Well Supported in Prince Rupert—\$8300 is Realized

A final meeting was held last evening in the Canadian Legion Rooms of those who had worked in connection with the Canadian War Services Fund drive just completed so successfully.

Col. J. W. Nicholls, president, was in the chair and, after a few opening general remarks, paid special tribute to those who had so willingly and ably given of their time and energy in the interests of the boys in the various branches of His Majesty's Service. He paid a special compliment to those who had what was possibly the hardest task, namely that of visiting each house in the residential district and making a personal appeal.

Vice-president Harry Breen of the Canadian Legion spoke a few words in supporting those of Col. Nicholls and wished to make a special reference to the splendid assistance given by the Chinese and Japanese residents of the community whose donations were a credit to them.

Col. S. D. Johnston said a few words on behalf of the boys in the Prince Rupert Area and also for those who would benefit from the labors of the Prince Rupert canvassers, wherever they may be. He pointed out where the contributions that were made in a general manner, he would like to mention that the value of them in special directions was beyond measuring in dollars and cents.

After the meeting was adjourned Canadian Legion president, Harry Breen announced that the Legion had prepared a little refreshment for those in attendance. All enjoyed a very happy period around the supper table.

The party broke up with the singing of "Auld Lang Syne" and "God Save the King."

At the closing of the meeting the amount already subscribed was approximately \$8,300 with two or three big places to till hear from.

COLLAPSED AND DIED

Lee Chee Doy Succumbs While Seated in Chair at Star Store Room

Seated in a chair at his room in the Star Store premises on Third Avenue, Lee Chee Doy, brother of the proprietor, Charlie Hew Lee, died at 6 o'clock yesterday morning. Death was due to heart ailment of which there had been symptoms previously.

The late Lee Chee Doy was 65 years of age and was born in China where a wife and three children reside. He had been in Canada for forty-eight years, having come to Prince Rupert from Victoria five years ago.

The funeral will take place tomorrow afternoon from the B. C. Undertakers.

MINIATURE HOUSE SHOW

The "Miniature House," a masterpiece of tinycraft, will be on exhibition in the Georgian dining room of the Hudson's Bay store in Vancouver from April 10 for several weeks under the auspices of the superfluous shop of the Vancouver Red Cross branch. This exquisite creation, which took almost seven years to complete, is the work of Col. E. L. Broome of Westholme, Vancouver Island. The hand-built house is of colonial style of architecture and it is perfectly appointed with hand-made furniture and equipment. Some of the outstanding features are chairs made from working drawings reduced 12 times, a rug made from the skin of a white rat, real Baxter prints (originally 10 1/2 of needle boxes) on the walls a cradle modelled from one which came over on the Mayflower and a sewing machine threaded with a fine hair. It is electrically lighted.

CHAIN QUILT

The British Columbia Red Cross Division is not sponsoring the chain quilt idea which at present is being promoted in some parts of the province under the name of "Red Cross Circulation Quilt Block."

LADY TWEEDSMUIR ACTIVE

Lady Tweedsmuir, so well-known and beloved in Canada, has been a most active Red Cross worker since she returned to England. She has offered her services to the Red Cross Overseas Committee "in any capacity." During the last war she assisted with the mending at the Taplow Hospital and Major Scott, acting overseas commissioner, suggested that she take on this work again. She now heads a very capable committee which is looking after the mending of pyjamas, dressing gowns and the cutting and folding of gauze for the new Canadian Red Cross hospital No. 5 at Taplow.

HELP BRITISH NURSES

The nursing staff of the Red Cross Outpost hospitals of this province have contributed \$51 to the appeal made by the B.C. Registered Nurses' Association to assist British civilian nurses, many of whom have lost all their worldly possessions in the bombings of hospitals.

AT BURNS LAKE

"Klondyke Nights," with programs reminiscent of the wild and roaring gold rush days of '98, is a popular money-making idea for Red Cross. Burns Lake recently added \$200 to its treasury by sponsoring one.

Canada At War 25 Years Ago

April 9, 1916
The Dolly Varden Mining Co. of Chicago has ordered a shutdown of construction work at Alice Arm. The company refuses to pay more than \$3 per day. Mitchell Albert is back from a trip to Alice Arm.

Lieut. Col. W. B. Clayton, pioneer local dentist and now identified with the Canadian Dental Corps, is visiting Prince Rupert after having been in Europe.

Arrangements are being made for a great Carnival of the Allies to be held in the Exhibition Hall in aid of the local Red Cross. It will take place April 24 and 25.

TIRE EASILY?

Take Gin Pills—the "relief or money back" kidney remedy—to help remove the excess acids that may be the cause of that lazy, loopy feeling. Money back if not satisfied.

LAND REGISTRY ACT NOTICE

Re: Certificate of Title No. 12911-1 to Lot Three (3), Block Twenty-five (25) Section Five (5), City of Prince Rupert, Map 923
WHEREAS an application was made to me of the above Certificate of Title issued in the name of Ralph T. J. Rose has been filed in this office, notice is hereby given that I shall at the expiration of one month from the date of the first publication hereof, issue a Provisional Certificate of Title in lieu of the said Certificate, unless in the meantime valid objection be made to me in writing.
DATED at the Land Registry Office, Prince Rupert, B.C., this 1st day of April, 1941.

STEWART

The Canadian Legion at Stewart is making arrangements to extend hospitality to sailors of the coastal naval patrol during the course of their calls at Stewart.

The Stewart Tennis Club has elected officers for the year as follows: president, L. E. Requa; vice-president, W. E. Wilson; secretary, P. E. Thompson; executive, Mrs. W. T. Esselmont, Miss H. Knipple and Rev. W. Nixon. The courts are now ready for play but the official opening will not take place until early in May.

The Stewart child welfare committee met last evening at the home of Mrs. John McLeod.

William D. Smith, Stewart manager of the Northern British Co-

lumbia Power Co., made a brief trip to Prince Rupert last week.

Ernest Love made a brief trip to Prince Rupert last week.

Harry Zeffert, well known Stewart merchant, has received the sad news that his eldest brother recently passed away in London, England. He was a veteran of both the Boer and Great War.

H. V. Littler, manager of the local branch of the Bank of Montreal, was a business visitor to Premier yesterday.

Rev. Edward W. Slater of Prince Rupert arrived in Stewart last week from Prince Rupert and will be here until after Easter.

SKIING AT JASPER PARK

New Record For Slalom—Many Parties At Resort

JASPER, April 9:—A new record was set at Trappers Valley here when Peter Vajda, noted Swiss skiing instructor, who is handling a ski school in the Maligne area, negotiated the difficult giant slalom run in sixty seconds flat. Many attempts have been made for a low mark on this excellent course this year but the flying Swiss found completely to his liking when he hung up the new mark for the year. The all time record for this course was made last year by Hans Thorner, famous ski professional from New Hampshire, who flew down the course in 48 seconds flat.

Never before has there been such activity in the local ski area as for many weeks the mountain chalets and camps have been filled. The Toronto party, headed by Don Newton and Alex Morgan, will be on their way out on April 10 after a most enjoyable skiing holiday. On April 11 a large party of more than twenty will leave Winnipeg for Jasper to spend a week or more in this area. Howie

Masson, well known Winnipeg ski expert, already has arrived and reports finding perfect skiing conditions. Edmonton and Vancouver parties will follow the Winnipeggers and others will continue to arrive until well on in May.

LOUIS WINS OVER MUSTO

Technical Knock-out Over Tony Musto—Buddy Baer Beats Tony Galento

ST. LOUIS, April 9—Joe Louis, world's heavyweight boxing champion, scored a technical knock-out in the ninth of fifteen scheduled rounds here last night with Tony Musto. He took the fight, which was in defence of the title, in eight and a half rounds.

In Washington Buddy Baer scored a seventh round technical knock-out over Tony Galento and earned the right to meet Louis in June in a title bout. Galento quit after six rounds of slugging with Buddy Baer, claiming his hand was broken.

If you want something, advertise for it. Hundreds of people get what they want that way. (tf)

TODAY IN SPORTS

LOCAL HIGH HOOP TEAM TO TRAVEL

Boys and Girls in Basketball Party to Leave on Thursday Night—Return Series Here

Booth Memorial High School boys' and girls' basketball teams will sail tomorrow night on the Prince George where a series of games will be played Friday, Saturday and Monday nights. The Ocean Falls High School players will come here for a return series on April 16 and 17.

The Prince Rupert party making the trip to Ocean Falls will include the following:

Boys—Alex Bill, Oliver Santerbane, Don McCouper, T. Arney, D. MacDonald, Mel Bussey, Dave Oland, D. McIvor (coach), John Good, Kosta Killias and John Nicholls.

Girls—A. Clapp, J. Owens, Zilla Sherman, J. Murray, C. Yamanaka, M. Yamanaka, J. MacKay, Betty Payne and Molly Winslow.

The Ocean Falls boys' team consists of Vic Wall and Fred Oxenbury, flashy centres; Hank Adams and Harold Gahan, forwards; Donald Charleson and Lawrence Lawson, guards. The paper town substitutes are Emilio Clozza, Mitsuyo Moriyama, Hisitoshi Moriyama and Douglas Anderson. Bob Taylor, the coach, writing to Prince Rupert, says he is confident of taking the series.

R. G. Hopkins, manager of the local branch of the Canadian Bank of Commerce, who has been spending the past several weeks in Vancouver, Victoria and Pender Harbor for the benefit of his health, is now much improved and is expected to return to the city next week.

LADIES' BOWLING

Savoy Swingers Qualify To Meet Rangers in Play-off For Annette's Championship Cup

The final games of the second half of the Ladies' Bowling League schedule were played last night. The Savoy Swingers won the second half of the season and the right to meet Rangers, winners of the first half, for Annette's Cup. The play-off will take place Friday evening.

In the final fixtures last night Stylettes won over Blue Birds, Savoy Swingers over Knox Hotel and Rangers over Big Sisters three games to nil while Annette's defeated Lucky Strikes two to one.

High average scorer was Rose LaBelle of Savoy Swingers with 227.

The individual scoring:

The second half league standings to date:

SPORT CHAT

The curtain rings down tomorrow night on the Mixed Bowling League when Toilers and Rinky Dinks meet in the final for the league championship. The Toilers were winners of the first half in the season's play while the Rinky Dinks took the second half. Best three out of five games will decide the final issue. The teams:

Toilers—Mr. and Mrs. Cy Kellett, Mr. and Mrs. Tommy Fraser, Lillian Croxford, Len Cripps.

Rinky Dinks—Dora Arney, Mrs. Fred Wesch, Mrs. Harry Nelson, Steve Arlington, Norman Kinslor, Ted Dungate.

Jockey Johnny Adams rode six consecutive winners at the Bay Meadows track, San Mateo, California, three years ago this week. Adams rode in seven races that day. He finished third in the first race and then went to town. His winners paid a total of \$82.20 on \$2 tickets.

Jess Willard won the heavyweight boxing title 25 years ago by kayoing champion Jack Johnson in the 26th round at Havana. Willard lost the crown to Jack Dempsey in 1919 and his ring career ended four years later when Luis Firpo knocked him out in the eighth round at Jersey City.

Hundreds of people try a "spot" in the Daily News classified column and get good results. (tf)

NOVA SURE HE'LL WIN

Joe Louis Will Soon Show Whether He Has Really Slipped

NEW YORK, April 9: (CP)—Now that there is evidence Joe Louis has slipped, every heavyweight with a punch thinks he has a chance against the Brown Bomber. But Lou Nova is the only fighter who is sure he can beat the champion. Nova has been sure for three years. He thought he could beat the Louis who destroyed Max Schmeling in his greatest fight. And he is more certain than ever now that several not-too-highly regarded fisticuffers have extended the title-holder.

Lou beat Max Baer two years ago and he beat him again when they met in Madison Square Garden last Friday. Louis was a standout then and Max apparently was finished but the picture changed. Lou became ill, was badly mauled by Tony Galento and was bed-ridden for weeks. After months of inactivity, Nova regained his health and returned to the ring. His first serious opponent was Pat Comiskey and he gave Patrick a larruping. He's back in the lists again but they ordered

him to tackle a rejuvenated Baer before getting the title. Baer came out of retirement technically knock out. Then Max exploded the balloon with a first round out. So Lou—and Max—just where they were ago. Lou is now older. That is, if Joe gets by Abe Simon and Billy Conn. Joe had trouble with man, looked off form. Dorazio and had his up with him, gets a went 13 rounds before Lou here May 9. One reason (think Lou) has slipped showing against Simon, who was beaten by Nova dy Baer.

There is the possibility Louis didn't take his opponents seriously, that he could loaf around, take and do away with his out going "all out" in is sure to have respect Nova and may be top form against them. case, perhaps some of will revise their estimate has slipped.

"HOUSE OF FINE FOODS"

Twenty-Five Years Ago

April 9, 1915.—French, in surprise evacuated Beaumont salient at Verdun to straighten line of court to Cumieres. German bombers Russian air-armed on island of Oesel in Gulf of Turkish army in the Caucasus reinforced.

Mrs. B. P. Stewart arrived in the city on last night's train from Vancouver to pay a visit with her mother and her in-law, Mr. and Mrs. Franklin Stewart.

The spring seems to be really here. Everything is growing. Some flowers are already in bloom and others are coming along nicely. Snowdrops and crocuses are over. Tulips are coming along only rather slowly. I have not yet seen any in bloom although the buds are well formed.

Of the other early flowers I have seen the yellow leopardbane daisies, the little yellow draba, a rock plant, a small saxifrage with a little yellow flower something like a primrose. Then there are ptin-roses, yellow and pink, polyanthus and they will be followed soon by auriculas. Arabis, white, pink and mauve, is blooming and so are the earlier patches of aubretia. My garden is late so I have not as many of these flowers in bloom as most people but I have pink flowering currant which seems to do well here.

This is a very good time to sow yellow alyssum, known sometimes as gold dust or more properly alyssum saxatile. The flowers of the old plants will be in bloom soon and they make a fine showing, especially if they are mingled with forget-me-not. If the seeds are sown now they will probably bloom in the fall but, if not, they will be all the better next spring. Large plants do not move well.

Last year the fire chief had a few fine hollyhocks in the garden just outside the fire hall. He has some again this year and they seem to do well. Those wishing to grow hollyhocks should plant the seed now so that the young plants may be strong for the winter.

There is some great work going on in Westview on Graham Avenue. The Scherk rockeries are beginning to show up well and are a decided improvement. The Landry home, recently sold to J. Penniger is being wonderfully improved, the garden being about ready for planting. The Dibb, Priest, Mandy and other gardens are all looking well and the avenue is holding its own well although a few residents have not yet commenced their season's work.

In the other direction I have not yet had much opportunity to note what is going on except that Mrs. Winslow's garden is interesting with spring flowers and there is an unusual plant in bloom there just now, a green hellebore, evidently of some northern variety, probably Siberian.

I am planning to get out my dahlias the first possible opportunity. They could be planted any time now although, if they are well started, there is yet danger of frost injuring them.

I have been slow in starting my garden column but I hope to get time to write oftener now if I can get around and see what is taking place. I see the Signallers at Westview have started what looks like a lawn along in front of the new buildings. If they keep a lawn there it will be a decided acquisition to the neighborhood!

I cannot close this week without mention of our old gardener friend, A. McIntosh, on Atlin Avenue who is following the fashion set in the east of having a glaring red front door in a cream colored building. Montreal, Toronto and Ottawa make up for the drab winters there by painting their front doors some glaring colors such as bright blue or red.

Miss Norah McCaffery arrived in the city on the Prince George this morning from her studies at Little Flower Academy in Vancouver to spend the Easter season with her parents, Mr. and Mrs. M. P. McCaffery.

Easter Messages For Forces At Special Rates

WINNIPEG, April 8.—With the approach of the Easter season, the Canadian telegraph companies announce that low rate domestic Easter greeting messages of pre-arranged texts will be available again this year between all offices in Canada and the United States. For the convenience of members of His Majesty's forces and their friends, both here and abroad, exceptionally low rates are made available for overseas messages. From any point in Saskatchewan, Alberta or British Columbia a cablegram addressed to any member of the Canadian Active Army in Great Britain may be sent for as low as sixty cents. Anticipated heavy volume of overseas traffic is anticipated.

G. R. S. Blackaby, manager of the Bank of Montreal, will be the speaker before the Prince Rupert Rotary Club at its regular weekly luncheon tomorrow.

Alkali or Acid Determine Sex?

Another Way To Tell Whether It's to Be Boy or Girl

LOS ANGELES, Calif., April 8.—(CP)—An instrument for measuring the relative alkalinity or acidity in the human body is being put to use on a wide scale in an effort to enable parents to dictate in advance the sex of their children. It was invented by Dr. A. O. Beckman, once a professor at the California Institute of Technology.

A theory on which several research men are working, according to information received here from both English and American sources, is that increased alkali in the mother's system favors the birth of a boy while a preponderance of acid determines a girl.

Several instances of successfully treating the prospective mother by diet or medicine have been reported, but they are not numerous enough to establish that they are not merely the result of chance.

KAMLOOPS NEWS

R.M.P.'S "HOME TOWN"

Adolf Hitler will be burned in effigy this evening in front of the Masonic Hall in Kamloops. The demonstration will be held as part of a Canadian War services fund campaign. The objective of Kamloops is \$6000 and there is good reason to anticipate that this will be achieved.

Beautifully staged and costumed was the annual gym revue of the Kamloops Athletic Association which had a three night stand. It was the eleventh event of its kind and came quite up to all its predecessors in general quality. Displays of all kinds were featured. The attendance totalled 1673 which was just a trifle lower than 1940. A troupe of Revetoke tumblers participated.

The Kamloops Athletic Association's girls' basketball team, has won the intermediate 'A' girls' championship of British Columbia, having defeated Victoria Willows by a score of 23 to 16 in the deciding game. It is the second year in a row that the Kamloops girls won the trophy.

The Kamloops Golf Club formally opened the 1941 season under favorable auspices on Sunday of this week. A large number of members participated and, as usual, a luncheon was featured.

The Kamloops Junior Fish and Game Club held a father and son banquet last Friday night in the Masonic Hall under their mentor, Sandy Sandiford. After the dinner, J. G. Cunningham, provincial game commissioner, presented an interesting program of moving pictures depicting game and outdoor life in British Columbia.

F. M. Davis, formerly of Prince Rupert, has been elected president of the Canadian National Tennis Club at Kamloops. Mrs. J. Morrow is vice-president and Miss Betty Carson, secretary. The playing season will commence on Good Friday.

Spring grading and repairs have been completed on the three principal highways radiating from Kamloops and these roads are in normal condition.

John E. Hopgood, for many years a well known official of the Canadian Pacific Railway in this district, having retired as assistant superintendent at North Bend in 1932, died here recently. He was a prominent member of the Masonic and Oddfellows' Lodges.

Another well known Canadian Pacific railwayman to die recently was Henry Hart Burgess, locomotive engineer, who collapsed while on the run eastbound into Kamloops. He was rushed to hospital immediately after the arrival of the train but died soon. He was stricken with ruptured aneurysm of the abdominal aorta.

HAVE

You

PLEGGED ALL YOU CAN TO BUY

WAR SAVINGS CERTIFICATES

regularly?

YOU KNOW that Canada's War Effort requires a steady flow of money — week by week, month by month — loaned from the savings of her people.

If YOU HAVEN'T pledged yourself — **ACT NOW!** Canada needs ALL you can save and lend. There are three ways to pledge:

1. Ask your employer to deduct a specified sum from your salary or wages each pay day.
2. Authorize your bank to deduct it each month from your savings account.
3. Sign an "Honour Pledge" to buy Stamps or Certificates for a specified amount at regular intervals.

If YOU HAVE pledged yourself — keep up your pledge. See your investment grow as the months go by. INCREASE the amount you have promised to save and invest. And remember that, in addition to your regular pledged amount, you can at any time buy extra War Savings Certificates from your local Bank—Post Office—or you can send your money to the War Savings Committee in Ottawa.

Keep up your Pledge!...

INCREASE YOUR REGULAR INVESTMENTS IN

APPROVAL OF HOT LETTER

Radio Matters Again Aired by Chairman of Committee and Letter Read at Meeting

At the dinner of the Prince Rupert Chamber of Commerce Monday evening the following letter written by D. C. McRae, chairman of the radio committee, was read and approved:

"Your letter of March 17 together with enclosure of copy of letter from the Department of Supply and Munitions dated February 15, 1941, duly received and referred to the radio committee for reply.

"We regret that we are not able to offer you much assistance in this matter. Everybody is dissatisfied with the apparent indifference of the radio department to reception in Prince Rupert. Most people protest that whatever reception they do get comes from the United States, principally Ketchikan, Alaska and right or wrong, do not see why they should pay a licence in Canada for something they do not receive. Under the circumstances it is no surprise that nobody wants the job of selling licences from house to house in the Prince Rupert. Even the govern-

ment does not seem disposed to press the matter of licences in Rupert.

"Mr. Irvine, radio inspector, was here for a couple of weeks and cleared up a lot of interference but there is plenty yet to be done. However, removing local interference is not everything. We are 500 miles from Vancouver and 500 miles is a great distance for long wave signals to travel. Cannot you persuade them to run a wire from Jasper, a short wave station at Vancouver or even the Ketchikan system of bringing it in? The present system of collecting a license from 25 per cent of the people and giving next to nothing in return satisfies nobody. Cannot you persuade them to provide us with radio reception and then go after the radio owners as cold-bloodedly as an income tax collector? With stronger signals the matter of interference would not be such a serious problem as at present. The people would be better satisfied, the C.B.C. would be in better repute and the increased revenue of nearly \$4000 annually would take care of any considerable investment necessary to bring about the improved reception."

D. Critchley of Inverness, who has been spending the winter in the south, arrived in the city on the Prince George this morning from Vancouver enroute to the cannery for the season.

Special 4 Day Engagement!

Showing Tonite Thurs. Friday Sat.

Matinees Fri. & Sat. At 2:30

IT HAPPENS THESE DAYS

Impressive Gathering of Norwegians and Scotsmen at Buckie

Translated by J. H. Myrwing

Very interesting items of news come now and then across the sea through the "Norsk Tidend," (Norwegian News) published by the Norwegians now residing in large numbers in London and other places in England. We find that very many fishermen from western Norway, especially from Sunnmøre, where they have large fishing schooners, have from time to time in the last year, during the dark night, set out across the North Sea to Scotland where they in several places have become rather numerous and where they are welcomed with open arms and from which places they carry on their work on the sea.

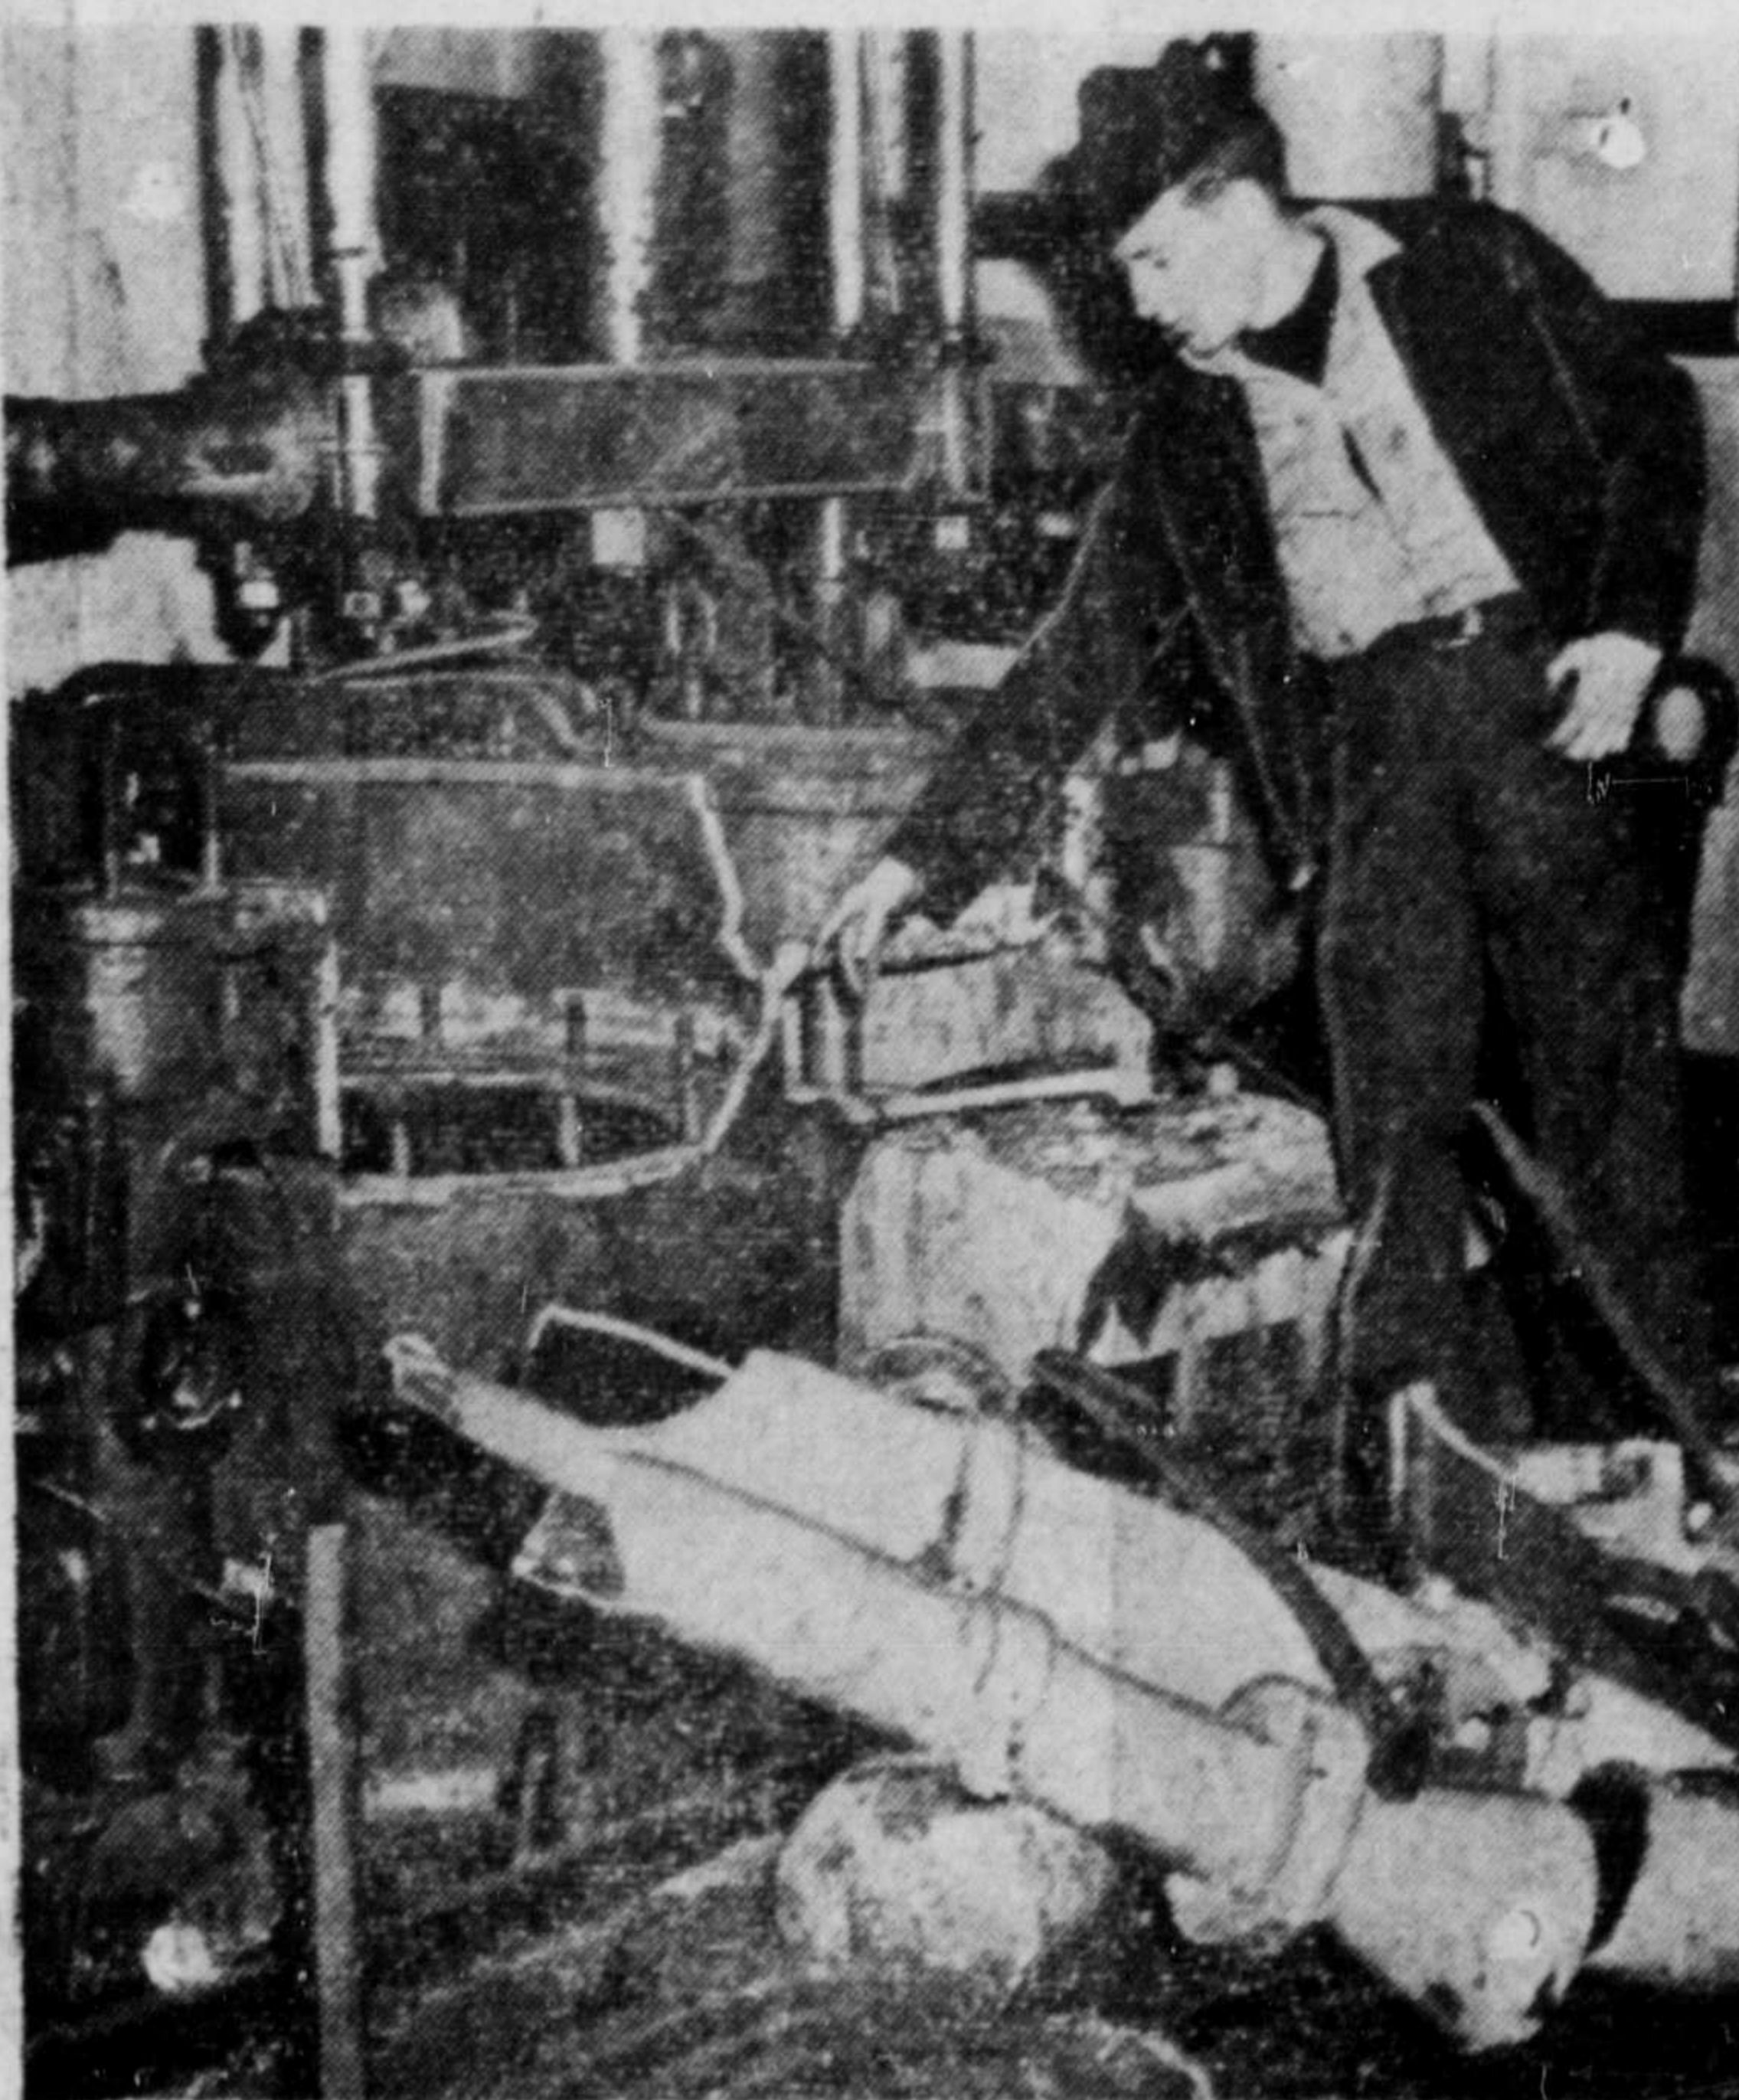

At a place called Buckie, the city council a short time ago decided to hold a celebration of welcome from the sea and the sea had

plenty to give to them both. Thus there was created a bond of friendship between our countries and peoples that has been strengthened in many ways, ever since the time your King Erik came and married our Princess Margaret, daughter of Alexander III of Scotland, until not long ago another of our princes became the beloved and now sainted Queen Maud of Norway.

The strongest bonds between us are the love for the sea and those noble virtues resulting from that love and that life, namely courage in the hour of danger, a simple and genuine religious faith, and an unbending determination to love and preserve true freedom. —And, as you know, it is in order to preserve this precious heritage we now together have had to take up arms. We enter this year with the assurance that it will not be so very long before you can return to your beloved Norway, again a free and glorious nation, as in the past. Until that time comes, I want to be sure you and I want you to know that you are truly welcome and that you are among sincere friends."

The speaker closed by proposing a toast for "our Norwegian Allies." The Norwegian vice-consul, Mr. Puntervold responded, and closed with "a toast to Great Britain, the land of freedom, the land whose flag Norsemen had honored for centuries, and now would follow in the struggle for freedom, in life or death."

SABOTAGE ON ITALIAN VESSEL

Acting with dramatic suddenness under provisions of the 1917 Espionage Act, the United States government seized and placed under protective custody 26 Italian and two German merchant ships in harbors throughout the country. Here, in this photograph made on board the S.S. Alberta, one of five seized at Port Newark, N.J., is actual photographic proof of sabotage, the main air pump is shown shattered and useless. Other machinery on this ship was also broken, and the main drive shaft cut through.

GREAT FILM IS SHOWING AT CAPITOL

"Northwest Mounted Police," With Gary Cooper and Madeleine Carroll, is Here

An epic tale of indomitable courage, widely hailed as one of the year's greatest moving pictures and colorful too as it is produced in technicolor. "Northwest Mounted Police," with Gary Cooper and Madeleine Carroll in the top star-

"GOVERNMENT LIQUOR ACT"

(Section 28) Notice of Application for a Beer License NOTICE is hereby given that on the 9th day of May, A. D. 1941, the undersigned intends to apply to the Liquor Control Board for a license in respect of premises being part of a building known as the Belmont Hotel, situate at 727 Third Avenue, West, Prince Rupert, upon the lands described as Lots Nos. 5 and 6, Block No. 32, Section 1, Prince Rupert Township, Map 923, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by the bottle for consumption on the premises or elsewhere.

DATED this 23th day of March, A. D. 1941. JOHN HOSKINS Applicant.

ring roles, comes to the screen of the Capitol Theatre for an extra long engagement commencing tonight and continuing right through to Saturday. Special arrangements are being made for the handling of capacity audiences at all showings.

The story has its basis in a real revolt against the Canadian government back in 1885 by a murderous tribe of nondescript people known as the Metis, made up of half-breed voyageurs and the like. The revolt of the Metis, as a matter of record, amounted for a time to what might have been almost civil war which was put down by the courage of five hundred loyal mounted police.

The three leaders of the Metis are played by Akim Tamiroff, George Bancroft and Francis McDonald. Preston Foster and Robert Preston are the two most prominent mounted policemen. Madeleine Carroll is the sister of one of the officers and a nurse in the settlement. Paulette Goddard is a wild-cat Indian girl. Gary Cooper is a Texas Ranger who arrives on the scene with a warrant for a murderer who has fled to Canada. Lon Chaney, Walter Hampden and Montagu Love also have important parts. Thrilling action, magnificent

With a good-sized freight but not a great many passengers, Capt. H. E. Nudsen, commandant at 10:15 this morning from Vancouver, Powell River, and will sail for Ketchikan and Stewart and will return here tomorrow southbound.
