NEW WEAPONS FOR CANADIAN SOLDIERS

Canada's newest and lightest weapon is shown, at right, in the hands of a Canadian soldier. The Sten sub-machine earbine, an all-metal gun used in a similar manner to the American Thompson sub-machine gun, weighs only seven pounds and is designed specially for parachute troops. Small Arms Limited, a Crown company, is now tooling up for the production of this "tommy gun" and it is expected that by mid-summer monthly output will reach the four figure mark. The same company turns out the Lee-Enfield rifle and bayonet held at the attack position by soldier at left. The bayonet is the new type adopted by the Canadian Army. Much shorter and slimmer than the 1914 version it is easier to handle and every bit as efficient. It is triangular in shape.

### DRAMATIC PICTURE

Joan Crawford And Melvyn Donglas Seen in "A Woman's Face"

Joan Crawford has a dramatic role in "A Woman's Face." gripping drama of a woman's soul, coming to the Capitol Theatre, with Melvyn Douglas and Conrad Veidt this Monday and Tuesday. Miss Crawford makes her first

appearance in a weird makeup, representing a woman horribly scarred from birth, and, as a result, the poisonous enemy of all mankind. Infatuated with a brilliant madman, she sets out to commit murder for him. Restored to beauty by a surgeon, her nature gradually changes with her face in a graphic story of regeneration.

Miss Crawford, as Anna Holm, on trial for murder for the first decent thing she had ever done in her life, presents a striking dramatic figure. Douglas plays the surgeon who restores her beauty and later figures in her regeneration, and Veidt enacts the mad-

The supporting cast features Osa Massen, Reginald Owen, Albert Basserman, Marjorie Main, Donald Meek, Connie Gilchrist, Richard Nichols, Charles Quigley and Gwili Andre.

A cable trip over a roaring gorge, a mad race against death in the snow in sleighs drawn by galloping horses and other thrills mingle with dramatic courtroom
