Land and Improvements Not Subject to Taxation

The report of the city assessor, Arthur Brooksbank, recently completed, shows that the total computed value of all lands and improvements in the city amounts to \$9.367,820. Out of this there is land to the value of \$1,325,040 held by the city, \$206,710 by the Dominion government and \$414,760 by the provincial government. Also there are improvements held by the Dominion amounting to \$1,434,075, held by the city, \$356,140 and held by the province \$487,785.

The land subject to taxation is only \$1,590,045 and the improvements are valued at \$3,317,210. This means that only about half of the land and improvements in the city are subject to taxation.

# Lived Pauper With \$89,000

London Woman on Way to Poorhouse Discovered She Had Fortune

LONDON, Jan. 9 (CP)—Elizabeth Pernott lived in poverty for 26 years, earning her living as best she could, sometimes selling flowers in the street and sometimes working as an office cleaner. Her father, Nathan William Perrott, had been a wood turner and lived in a frugal way. He died at 90.

When his daughter became too old to work, representatives of her church helped her for a time but in 1938 it was suggested she go into the poor house.

The curate asked Miss Perrott if she had any relatives or papers. She said her father left an old tin box but it was locked and there was no key so it had never been opened. The box was broken open and deposit notes and government stocks worth \$89,000 were found.

This "most romantic story," as Mr. Justice Morton called it, was told in the Chancery Division at the hearing of a court case involving members of the Perrott family.

# Neither Hot Nor Cold - - -

Russia is a most uncertain quantity. Stalin's idea seems to be to make the war last as long as possible so that both the contending powers may be worn out and Russia may sit in at the peace table and take her slice without having to fight for it. In that she may be disappointed.

One of the ancient writers said something about the person or nation that tried to play both sides. "Because thou are neither hot no cold I will spew thee out of my mouth." In the meantime, we are glad to have Russia helping China against Japan even though Japan is one of the Axis powers and Russia has declared herself many times to be with the Axis.

Undaunted Spirit

For seven long months the tiny garrison of Mafeking Under Lord Baden-Powell, who is dead, suffered investment with undaunted spirit The enemy cut the water supply, so the townsmen dug wells. Baden-Powell's fertility of invention, both in checkmating the enemy and in rallying the men and women of Mafeking, never failed. The Boers brought up heavy guns; the defender of Mafeking instituted an ingenious system of warning the townspeople when the big shells were coming. The only reply possible to the bombardment was series of bayonet sorties. These were repeatedly carried out by "B.

Founded Boy Scouts

The Boy Scout movement was founded by Baden-Powell in 1908 with the idea of inculcating the spirit of chivalrous service among the rising generation, the Girl Guides, was established two years later. Today there are nearly 1,-000,000 Boy Scouts in the British Empire alone. The movement has been copied throughout the world. There are now well over 2,000,000 Scouts, spread over 45 countries,

and over 1,000,000 Girl Guides. Baden-Powell married in 1912, when 55 years of age to Miss Olave Soames. They had one son, Arthur Robert, and two daughters. His versatility extended to matters far removed from the military sphere. He exhibited sculpture at the Royal Academy, was something of a pianist, and compiled many readable books dealing with a variety

# SMITHERS

Mr. Chamberlain of Vancouver. a member of the staff of the Dominion Government Telegraphs, arrived in Smithers on Saturday to relieve J. Smith of the local staff who is leaving immediately for his period of training in the military camp at Vernon.

Mr. Chamberlain has already made many friends in town and, being an experienced bandsman, he immediately identified himslf with th local band.

The Smithers Brass Band of

twenty-two pieces, under Bandmaster J. S. Gray, played a concert at the Bulkley Valley District Hospital on Sunday afternoon which was greatly appreciated by the patients, the staff and visitors. During the concert Mr. Gray was given a presentation by the band. J. M. Collison, President of the Band Association, made the presentation and Mr. Gray made a pleasant speech in reply. J. W. Turner, president of the Hospital Board, also spoke on behalf of the management and for the Sisters of St. Ann, expressing the thanks and appreciation of all concerned for the concerts given occasionally by the Band. Father Cocola has been an enthusiastic member of those present at every concrt. which has been played there
