## Former Prince Rupert School Boy, Now Artillery Captain, Speaks For Ukrainians

Spirit of Cossacks of Old Lives in and Who Fight Today, Says "Mike" Syro.

Following is the text of a broadcast speech by Captain Michael Syrotuck, former Prince Rupert school boy and now a Battery Commander of the Royal Canadian Artillery, which came in clearly last night over the CBC network and was heard with interest by local friends of "Mike" and his family:

"I am certain that all Canadians of Ukrainian descent heartily appreciate the opportunity given them to express themselves and be heard throughout the breadth of this Dominion. "It is not without pride that I find myself speaking for my fellow Ukrainians.

"When my people came to Canada they found rolling plains and prairies, alternations of cold and heat and an agricultural life similar to that which they had left in the old land. But they also found differences. They had to learn a new language—a difficult task for those who came late in life. They found new customs and, above all, they found liberty—far greater than they had dreamed of. They found a voice in the affairs of the Dominion, the province, the municipality and the local school—freedom of travel from coast to coast, security of the home, an opportunity of gaining individual independence. Their children were privileged no less, being free to avail themselves of the facilities which the Canadian institutions of learning offered them in order to cultivate their minds and bodies. All in all, Canada has offered the Ukrainians a haven in which a sound cultural development is not only possible but encouraged. They are even free to preserve the traditions and customs which they have brought with them.

"This freedom of thought, expression and action is appreciated far more by the Canadian-Ukrainian people than it is by the Anglo-Saxon and French-Canadian majority—who take their liberty for granted and who have not experienced the oppression that existed, and still exists, in Central Europe. The younger generation who have heard of that oppression from their elders are no less grateful for this freedom than their fathers.

"No wonder, then, that their enlistments in the Canadian Active Service Force are proportionately far higher than their population. They are well represented in all branches of the service.

"The spirit of the Cossacks who, in the older days of Ukrainian history inspired Europe with deeds of bravery and sacrifice in defending their homes and liberty, lives on. This spirit lives not only in those Ukrainians who today are serving in the forces but also in those who are eagerly awaiting an opportunity to join the colors to maintain the ideals which Canada and the whole British Commonwealth is struggling to preserve. When the call came the Ukrainians who today are serving in the forces but also in those who are eagerly awaiting an opportunity to join the colors to maintain the ideals which Canada and the whole British Commonwealth is struggling to preserve. When the call came the Ukrainians were not found wanting. They answered in large numbers. That they will give a good account of themselves, I have no doubt.

"The Ukrainians of Canada are, first of all, Canadians. True enough, the older generation is connected by family and traditional ties to the country of their birth. That is inevitable but now their only allegiance, and that of their children, is to Canada and, through Canada, to the British Empire. From the people of my race, Canada and the Empire can expect loyalty, devotion and co-operation, the more so in times of distress.

"All that is required to strengthen this feeling of loyalty, devotion and co-operation is a deeper and more sympathetic understanding between the Anglo-Saxon and French-Canadian and the Ukrainian races.

"In conclusion, may I state, on behalf of those whom I represent, that we are, and will remain, good and staunch Canadians, eager to do our best for Canada and the Empire." (Capt. Syrotuck was introduced to the radio audience by Hon. R. F. McWilliams, Lieutenant Governor of Manitoba.)

## NAZIS ARE IN ACTION

Germans Have Brush In Libya With Australians But Are Driven Off

LONDON, Feb. 27.—British military authorities, which had no reports up to last night of a brush claimed by the Germans between their forces and Australians in Libya, one hundred miles southeast of Benghazi, today denied Nazi claims to have destroyed British tanks and taken prisoners. To the contrary a small German mechanized unit was driven back by the British. The British do not believe there are Germans in any appreciable numbers in Libya as yet.

## Raising Plane To Get Bodies

Operations To Bring Machine, Manned By Norwegians, To Surface At Vancouver

VANCOUVER, Feb. 27.—Operations to raise the wreck of a Royal Canadian Air Force training plane, which crashed near Point Atkinson at the end of last week, carrying two members of the Royal Norwegian Air Force to their deaths, continue. The bodies are expected to be found in the cockpit of the plane. Part of one of the wings has already been brought up.

## ENGLAND POUNDED

Estuary Town, South Wales Port And Sections Of London Come In For Luftwaffe Attack

TODAY'S ATTACK  
LONDON, Feb. 27: (CP)—Daylight Nazi raiders, shielded by clouds, dropped bombs on London today, attacked ships off the east coast and machine-gunned the streets of four English villages.

LONDON, Feb. 27.—Nazi planes were over in large numbers last night with fire bombs and high explosives. A town in the Thames estuary, one on south Wales coast, a London district, the counties and the west, south and east of England came in for attack. There was an unestimated number of casualties and considerable damage was done.

Hundreds of incendiaries were dropped on the Welsh town and also on a section of London by the swiftly flying Nazis but they were soon put out. The Thames estuary town received a hard pounding.

The German raids were evidently in retaliation for the heavy British air attacks on Nazi Channel bases.

The enemy came through Channel mists to continue the attack today.

## JEW SHIP AGROUND

BERLIN—The steamer Panama, with 750 Jewish immigrants for Palestine on board, is reported aground in the Black Sea.

## BRITAIN IS OPTIMISTIC ON BALKANS

Confident That Greece Will Fight To End And That Turkey Will Adhere To Obligations

## Will Nazi Drive Be Thru Slavia?

That Is Latest Suggestion—Sofia Incident May Lead To Breach Of Diplomatic Relations

FULL AGREEMENT  
ANKARA, Feb. 27: (CP)—British and Turkish leaders were reported authoritatively today to have reached full agreement on problems affecting the Balkans and the eastern Mediterranean. It was indicated that conferences tomorrow would turn to the subject of Russia.

LONDON, Feb. 27.—British authorities are far from pessimistic over the Balkan situation. They are satisfied with assurances that Greece will stay in the war until the end despite the possibility of German invasion through Bulgaria and that Turkey will adhere to her treaty obligations in the event of German aggression.

Meanwhile, Foreign Secretary Anthony Eden is still in Ankara, the Turkish capital, conferring with the Turkish authorities to confirm their intentions. Among the questions being discussed are, it is understood, the passage of foreign war vessels through the Dardanelles towards the Black Sea and the question of delivering troops and supplies in the event of conflict.

Belgrade heard today that the Germans might endeavor to move southward through Yugoslavia instead of through Bulgaria.

However, the atmosphere continues tense in Bulgaria. At Sofia the chief of staff of the Bulgarian army conferred yesterday with the Prime Minister and Foreign Minister and this conference was followed by an emergent session of the cabinet last night.

Both German and Bulgarian officials persisted in denying widespread reports that Nazi troops are already marching into Bulgaria. It has been reported that 12,000 Germans have crossed the Danube, the vanguard of an army of 120,000.

Bulgaria had a partial black-out last night while complete black-out continued in Rumania.

Britons not having to remain in Bulgaria have been advised to leave that country.

The mysterious disappearance yesterday of a member of the British embassy staff—a White Russian and a naturalized Britisher—said to have been taken from a plane on which he was flying from Sofia to Istanbul, might cause the severance of diplomatic relations between Great Britain and Bulgaria, it was suggested today.

## Unanimous Confidence Vote Given

LONDON, Feb. 27: (CP)—The House of Commons today gave the government of Prime Minister Winston Churchill a unanimous vote of confidence on the issue of whether members of Parliament appointed to posts outside the country should be permitted to retain their seats. The newly appointed High Commissioner to Canada, Rt. Hon. Malcolm MacDonald, comes under this category. The endorsement came after the Prime Minister announced that the matter would be treated as a vote of confidence in the government. It was the first time he had asked for such a vote of confidence since forming his war government last May.

## Fall Of Mogadiscio Means All Italian Somaliland Is Now In Control Of British

CAIRO, February 27: (CP)—British headquarters announced today that the drive of Imperial forces in Italian Somaliland leading to the capture of the capital city of Mogadiscio had brought the surrender of large Fascist forces which were evidently demoralized. Several thousand prisoners have already been counted and many more are straggling into British outposts. Large quantities of arms and war supplies were also captured. During their advance the British forces freed two hundred Allied seamen who had been held for months as prisoners of war at Merca.

The capture of Mogadiscio, a city of 35,000 persons, brings all of Italian Somaliland completely into British hands, the Italians losing their last possession bordering on the Indian Ocean. Italian Somaliland comprises about 300,000 square miles of territory.

The Italian propaganda machine endeavored today to conceal the fall of Mogadiscio although admitting that Fascist forces were falling back on the city.

## Expects To See Metropolis Of Mining As Large As Trail In Omineca; Activities Described

Rev. J. E. Whittles, Anglican Church clergyman at Burns Lake, told the Prince Rupert Gyo Club in a luncheon address yesterday that he expected to see before long in the Omineca country a mining centre quite as large and important as Trail in Southern British Columbia. He mentioned the great importance of the mercury property

at Pinchi Lake near Port St. James from which the Consolidated Mining & Smelting Co. is now making large shipments of precious quicksilver. This was already proving an important centre of employment.

Speaking of various phases of industrial activity in the interior more particularly the Lakes District which is his sphere of ministerial endeavour, Mr. Whittles told interestingly of some of the more recent developments. In regard to agriculture he expressed the belief that there should be adequate markets provided for the farmers already in a district before bringing in more settlers. He mentioned how a settlement of Mennonites had been established at Ootsa Lake. One of the first things they had done was to start producing butter for 15c per

pound, thus cutting the ground from under the dairy farmers who were already there and had been producing for 25c a pound. Such centres as Prince Rupert and Prince George, with proper co-operation and organization, should be important markets for the central interior agricultural products. Prince Rupert should not have to bring in butter and poultry from Edmonton when it was available from the central interior.

Sawmills Spring Up  
Mr. Whittles told how small portable sawmills had been springing up all over the place around the Burns Lake district to produce lumber for export to the United States to be used for airplane crates. The speaker said that, if he (Continued on Page Three)

## FINAL BULLETINS

ATTACK ON MALTA COSTLY  
VALETTA—German dive bombers made a heavy attack on the British naval base of Malta yesterday but it cost them rather dearly. Two of the Nazi planes were brought down by British fighters and five by anti-aircraft fire. Six others were so badly damaged that they were probably unable to get back to their bases.

RUSSO-RUMANIAN PACT  
MOSCOW—Under the new Russo-Rumanian trade pact Rumania gives gas to Russia in exchange for cotton, manganese and other raw materials.

LIMIT AID BILL  
WASHINGTON—An amendment to the "lease-lend" bill adopted yesterday limits to \$1,300,000,000 the amount of war materials that may be turned over to any nation without congressional approval. A heated debate on the bill continues.

TRIBUTE TO BANTING  
LONDON—Major General A. G. L. McNaughton, commander-in-chief of the Canadian Army Corps, paying tribute to the late Sir Frederick Banting, says regret will be even more greatly felt when the full significance of his work becomes known. As a result of his work, "comfort was brought to us and confusion to the enemy," McNaughton said.

ITALIAN PLANE LOSSES  
ATHENS—Since February 10 the Italian Air Force has lost 41 planes in the Battle of Albania, 24 being brought down by the British air force and seventeen by the Greek.

ENVOY TO BE CHARGED  
WASHINGTON—Commenting upon reports that George H. Earle, United States minister to Bulgaria, was being charged with assault and battery as a result of a bottle throwing incident with a German officer in a Sofia cafe, the Department of State says that Earle could not be so prosecuted as he has diplomatic immunity.

STEEL WORKERS' STRIKE  
BUFFALO—Twelve thousand men walked out from the Lackawanna steel plant of the Bethlehem Steel Co. which is working on important defence orders. The strikers are members of the C.I.O.

GRAZIANI IN TUNISIA  
VICHI—Marshal Graziani, defeated commander-in-chief of Italian forces in Libya, is reported to have arrived in Tunisia.

YUGOSLAVIA AND HUNGARY  
BELGRADE—Yugoslavia and Hungary today signed a treaty of friendship. The treaty indicates that Yugoslavia is being brought closer into the Axis orbit of which Hungary is an adherent.

## MAJOR DIPLOMATIC MOVE BY JAPAN EXPECTED; MATSUOKA MAY TRAVEL

Meantime Situations Between Thailand and French Indo-China Continues Critical—Nippon May Break With Saigon

NEW YORK, February 27: (CP)—Advices from the Orient indicate that Japan may be about to make another major diplomatic move, perhaps rivalling in importance her adherence to the German-Italian alliance last September. Advices say this is likely to take the form of a journey abroad by Foreign Minister Matsuoka in the course of which he may visit one or more cities such as Hankow, Moscow, Berlin and Rome.

All Japanese army and navy officials as well as consular and civilian representatives, according to advices from Saigon, French Indo-China, convened tonight in an emergency conference at the Japanese consulate there to consider orders from Tokyo to prepare for possible withdrawal. Already Japanese residents of French Indo-China have been warned to be ready to depart. More than one hundred Japanese destroyers are reported concentrated around Hainan Island which would be a springboard for naval operations against Indo-China or Malay Peninsula.

It was stated in Tokyo last night that Japan was determined to force an armistice between Thailand and French Indo-China. Japan was reliably reported in dispatches from Tokyo tonight to have delivered an ultimatum to French Indo-China demanding that she accept Japan's final proposal of mediation in the Indo-China-Thailand border dispute by midnight Friday.

It has been the unwillingness of France to accept Japanese-imposed demands in connection with the restoration of peace between Thailand and French Indo-China which has been irritating Japan of late.

## BOLSTER ALASKAN DEFENSE

Strengthening Of Air Forces In Territory Announced By Secretary Of War

WASHINGTON, D. C., Feb. 27: (CP)—Strengthening of United States air forces in Alaska was announced today by Secretary of War Henry L. Stimson.

Mr. Stimson told a press conference that three additional air corps units had left the west coast recently for Alaska and three additional units were scheduled to leave inside of the next two months.

## Many Americans Leave Shanghai

United States Liner President Coolidge Sails Today For This Side

## Italy Asking Spain To Pay Her War Bill

ROME, Feb. 27: (CP)—Stefani, Italian news agency, disclosed today that Italy, claiming she spent about \$375,000,000 in aiding the insurgents in Spain's civil war, has presented a bill to Spain for \$275,000,000 to be paid in twenty-four annual instalments.

## R.A.F. HAD BUSY DAY

British Planes Demonstrate Mastery Of Air Over Channel

LONDON, Feb. 27.—The British proved their mastery of the air over the English Channel yesterday. Hour after hour Royal Air Force planes—bombers accompanied by Spitfires and Hurricanes—streamed in great numbers back and forth, delivering heavy attacks upon such points as Calais and Boulogne. While the sky was full of British planes, very few Nazi machines were seen and the British fighters had little to do. The bombers, however, encountered heavy anti-aircraft fire and six failed to return.

The British planes were at it still last night as indicated by the bark of anti-aircraft fire from Boulogne and other points. Cologne was subjected to a heavy concentrated attack—the 58th of the war—large numbers of high explosive bombs being dropped on important objectives. Berlin admitted that a number of persons had been killed.

## SEVEN DIE IN CRASH

Eddie Rickenbacker One Of Injured Survivors In Wreck Of American Sleeper Plane

ATLANTA, Georgia, Feb. 27: (CP)—Dropping away from a radio beam, an Eastern Air Lines sleeper plane ripped itself to pieces in a pine wood near here today, killing seven persons and injuring nine others including the famous flier, Eddie Rickenbacker. The plane was on the New York-Atlanta run.

## New York Stock Mart Is Weaker

## Housing Is Difficult . . .

Housing conditions in Prince Rupert just now are difficult. Many of the married officers and men of the forces who recently arrived have taken over quarters vacated by those who left last week but there are still dozens of people looking for rooms or houses. Anyone able to rent a room or otherwise to provide accommodation should do so at a time like this. In spite of the number of buildings that have been converted into apartments, more are needed.

## Repentance In Sight . . .

When Premier Pattullo was in Ottawa recently he had with him most of the members of his cabinet and he made a strong plea for a general discussion of plans for improving the interprovincial relations and the relations of the provinces with the Federal authorities. This was refused.

Now, it is suggested by the writer of "Backstage at Ottawa" in Maclean's Magazine, that the Pattullo suggestion may be adopted. Here is what this writer has to say:

"One remedy—seemingly sane—is being suggested. It is that, with the session of Parliament over, Mr. King should call another Dominion-Provincial Conference. It wouldn't deal, say its sponsors, with the Sirois Report nor with any cut-and-dried plan whatsoever. There would be no agenda. Mr. King would simply call the provincial leaders to Ottawa and say to them: "Gentlemen, we all want to win the war; let us get together to win it. We can't help win the war, can't put Canada's whole strength in it if we go on warring against one another. I want you, therefore, to sit down with me and see what we can do; how each and all of us may help. Let us, as Canadians, close our ranks before the enemy."

"Rightly or wrongly, Ottawa believes that this plan would get somewhere; that it is at least worth trying. Mr. King, seeing the dangers of the existing position, with its threat of growing worse, may be induced to try it."

## How Many And How Often? . . .

One question we may well ask ourselves just now is: "How many War Savings Certificates can I buy and how often can I repeat?" Prince Rupert seems to be doing well so far but it is not far enough. What we ought to do is to pour a real broadside into Hitler. Let the rest of Canada know that we are really in this war and can do something more than talk.

This is the Time of Year When

## Ocean Falls Is Winner In Close Match

In the first of the two-game basketball series at Ocean Falls last night between Prince Rupert and Ocean Falls the paper town team won by a score of 16 to 15. It was a tight game, said a wire received today from the Prince Rupert manager, Art Murray. Judging from the score, there must have been plenty of close checking. That no fouls were called against Prince Rupert indicates that the locals kept it good and clean. The second game will be played tonight. Excellent hospitality is being accorded the local party, Art's wire said. The team is due home tomorrow night on the Cardena.

## RANGERS IN BOWLS WIN

The Rocky Mountain Rangers won the bowling competition yesterday afternoon in Max's Alleys by defeating teams from the Royal Canadian Air Force, Headquarters, Signals and two other teams from the R.C.A.F. The team, which won the theatre tickets donated by the Y. M. C. A., consisted of English, Burton, McGill, Batten and Lawley with a total of 2610. The highest average for the three games was 231 made by English. The highest score outside of the winning team was made by Kenney of the Air Force 242.

All afternoon the troops, amid shouts of derision, of laughter and of chaprin, made war upon the five pins. It is the first time the Headquarters staff allied a team and, although they did not win on this occasion, they showed promise of being a strong contender in the future.

"Turnabout" Is Feature Offering At Capitol Theatre Tonight And Tomorrow

A smart up-to-date comedy with a novel theme, "Turnabout," with cast headed by Carole Landis and John Hubbard and including Adolphe Menjou, William Gargan, Verree Teasdale, Mary Astor, Donald Meek and Margaret Roach, is the feature picture on the screen of the Capitol Theatre here tonight and tomorrow.

The hilarious plot concerns the complications which are produced when Hubbard and Landis, as man and wife, decide to exchange sexes. Thevelte, shapely Miss Landis steps into her husband's over-size shoes and experiments with the problems faced by the male portion of humanity. Six-foot, broad-shouldered Hubbard becomes a fashionable society matron and flutters about at cocktail parties.

After the exchange takes place, confusion and chaos ensue and how the story winds up provides the picture with a surprise-filled climax full of unexpected happenings and laugh-filled incidents.

In spite of the role she plays, Carole Landis exhibits a stunning wardrobe marked by femininity and sophistication. Among her most elaborate creations are gorgeous negligees, form-fitting bathing suits, smart town clothes and stream-lined evening gowns.

'Up North' In Picture And Story

To go adventuring, seated comfortably in a warm auditorium, will be the rare experience of Prince Rupert citizens tomorrow evening in the United Church when Mrs. Joseph T. Mandy will present a fascinating illustrated travelogue, "Up North."

In travels of exploration with Dr. Joseph T. Mandy, mining engineer for the British Columbia Department of Mines, Mrs. Mandy has penetrated remote areas of Northern British Columbia, the Alaskan Panhandle and Yukon Territory. The romance of gold camps, the thrill of wilderness trails employing pack horses, river boats, dug-out canoes and aeroplanes, the retracing of the tragic gold trail of '98 and the stranger-than-fiction tales gleaned from travel into northern wilds; all pass before the audience in enchanting anecdote, a panorama of the North, highlighted by colored pictures.

Mrs. Mandy is qualified to entertain with such a travelogue, not only as an explorer, but as a skilled speaker. Possessing B. L. and M. A. degrees in speech from Northwestern and Michigan Universities, her experience has included a college professorship as professor of all phases of speech.

The entire proceeds of the evening will be donated to the work of the United Church.

EXPECTS TO SEE METROPOLIS OF MINING

(Continued from Page One)

should ever leave the ministry, he would go into the fur farming business. He mentioned how success was being achieved in raising silver fox and mink in the Lakes District. One fur farmer he had in mind had gone in for raising beaver. Another had a couple of live fisher which were thriving and expecting a "blessed event." Even squirrel had come into value and there was a ready demand for them for use of their skins in lining aviators' helmets.

Mr. Whittles also referred to the beauties and the attractions of the Eutsuk and Whitesall Lake country in Tweedsmuir Park south of Ootsa Lake. Here was a veritable paradise for the hunter or the angler. He recommended a visit there by Prince Rupert sportsmen.

President W. F. Stone was in the chair at yesterday's Gyro luncheon. In addition to a good attendance of members, there were guests in the persons of Rev. Captain R. C. H. Durnford, who asked the blessing, and G. Gottfred of Edmonton. Dr. Jens Munthe was welcomed as the latest new member of the club.

PAPER AS SABOTEUR

Hon. C. D. Howe Makes Charges Against Financial Post During Statement On War Industry Production

OTTAWA, Feb. 27:— In the course of a speech in Parliament yesterday in which he declared that the aircraft and armaments industry of Canada were being disturbed by unique and unwarranted criticism for war purposes, Hon. C. D. Howe, minister of munitions and supply, described the Financial Post, Toronto financial journal, as being the "No. 1 Saboteur of Canada." When one paper paid money to buy space in other papers to make damaging statements it was not doing it for charity, the minister declared. He charged the campaigning of the Financial Post was disturbing war industries.

The minister gave a detailed account of the progress of aircraft and munitions production, stating that some was actually ahead of schedule.

Mr. Howe replied to charges of Mayor J. W. Cornett of Vancouver who had declared that British Columbia plants were not being used to full capacity and that plants, particularly on the lower mainland, were capable of more activity, particularly in shipbuilding. Percy Bengough of the Vancouver Trades and Labor Council has agreed that plants on the west coast are not being used to full capacity and that there is no scarcity of men. Mr. Howe said that information gained on the basis of a survey was being used.

The minister denied that he and H. R. MacMillan had quarrelled.

URGENT TO RESIDENTS OF PRINCE RUPERT

On account of the arrival of the Rocky Mountain Rangers there is a new demand for furnished rooms, apartments and houses.

It would greatly assist the Area Chaplain, Capt. R. C. H. Durnford, if those residents of Prince Rupert, who have such facilities for soldier's wives and in some cases their families also, would get in touch with him immediately by letter giving him details of accommodation, rental and address in full. All communications should be made by letter if possible, not over the phone.

Peoples Many Suffer Low Blood Count—And Don't Know It.  
The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet you can feel as if you had lead in your legs, dizzy, tired and peevish.  
Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.  
Get Dr. Williams Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams Pink Pills today.

From The Waterfront

Usually the first week or so in March sees the closing of the herring seining season in Prince Rupert district but this year as that time approaches the run may be said to have not even commenced. Seiners have been able to get only a few scattered hauls so far. There has been no fishing in steady or appreciable volume. As February ends the boats are ranging far and wide in the endeavour to locate runs. Some fears are being entertained that the run may be a complete failure. Herring canning and reduction plants are standing ready awaiting a supply of fish. Halibut operators are worrying if there will even be a sufficient supply for the year's bait requirements.
