Boundary Lines Almost Gone in Co-Operation Developed Through Year by Various Boards—Co-Operate in Production of War Supplies.

WASHINGTON, Dec. 18: (CP)—Nineteen-forty-one saw the 49th parallel of latitude, which for more than a century has been a shining example to the world of the practical benefits of a good neighbor policy, disappear in many respects as a boundary line between Canada and the United States. THREAT TO MALAYA

Great Britain acknowledged that a withdrawal south of the Krian River on the southern border of Kedah in Malaya had increased the threat to Penang, strategic Malayan city on the land loute which the Japanese must take to reach Singapore.

RUSSIANS FORGING AHEAD

The Red Army has advanced forty miles in twenty-four hours while pursuing the Ninth German Army west of recaptured Kalinin and today the Nazis are withdrawing from Mohaisk, another important city which they had occupied. Mohaisk is fifty miles west of Moscow. The enemy are also in full retreat west of Leningrad now and communications have been re-established between Moscow and Leningrad. To the south Kharkov is back in the battle zone. The Russians have recaptured hundreds of villages and the Germans are back where they were months ago. The enemy, in their flight, are abandoning huge stocks of fighting equipment including tanks and motors. Only a feeble rearguard action is now being fought by the Germans. Berlin radio speaks o' "unimaginable power" of Russian resistance.

FULL RETREAT IN LIBYA

Axis forces are in full retreat everywhere in the Lihyan campaign. All their lines have been broken. The British are now 150 miles inside the Libyan border. Between Tobruk and Gazala forty guns were found yesterday. The enemy tank forces have been deced. British bombing planes are effectively attacking coastal

LONDON, Dec. 18:-British defenders of Hong Kong are still exchanging blow for blow with the enemy Japanese across the onemile distance between Kowloon and the port and island proper. The garrison is believed to still have a chance of holding out although it has been suggested that the position is untenable.

Sir Mark Young, governor of Hong Kong, today refused a second demand from the Japanese to surrender. Nevertheless, London military experts appear to be agreed that Hong Kong cannot hold out indefinitely if the Japanese are willing to spend the men and materials that will be necessary to take it. The Japanese have already suffered heavy

casualties at Kowloon. The Japanese are still fighting furiously in their drive down the Malay Peninsula to threaten first Penang and then Singapore.

British troops defending parts of northern Malaya withdrew to new positions during the night and are now reorganizing. Along the Muda River Japanese attacks HAWAIIAN were held back, the British holding positions there. At some points the enemy has suffered heavy casualties.

STALIN DESCRIBES GERMANS AS RESEMBLING FORCES OF NAPOLEON IN BLOODY RETREAT FROM MOSCOW - BRITISH IN RELENT-LESS PURSUIT IN NORTH AFRICA.

A great and, perhaps, decisive turning point "marked Europe's war on two fronts today as Great Britain announced the Axis front in North Africa was completely shattered and Russia declared that Chancellor Adolf Hitler's invasion armies were fleeing in chaos.

President Joseph Stalin of Russia was quoted as describing the Germans as resembling the forces of Napoleon in their bloody retreat from Moscow in

Havas News Agency said a German withdrawal in the Ukraine had brought the industrial city of Kharkov back into the battle zone and on the central front Russian cavalrymen were reported to have chased German troops to within nineteen miles of Orel, 200 miles south of Moscow.

In the north around Leningrad the Finns reported the Red Army had shifted the weight of the offensive against them with Soviet troops attacking along the whole eastern sector of Lake Onega. This clearly indicated that Leningrad defence armies were now free from German pressure on the south and west.

AND IN LIBYA

Meanwhile the British Middle East Command in Cairo reports that the Axis front has been completely shattered in eastern Libya after five days of fierce combat and once proud armored forces of the Germans, with surviving Italians associated, are in full retreat before relentless British pursuit.

A communique said that the enemy's front has
