BACK ON WILNO AND FRONTS-PUNISHING OIL CENTRES

ON ALL FRONTS BUT NO DETAILS GIVEN AS YET

MOSCOW, June 27: (CP)—The Russian armies have fallen back to new positions on Wilno and Baranowicze fronts after inflicting heavy defeat on the German columns driving toward Minsk, a communique said today. It said that Russian forces withdrew during the night and were effectively reformed for new military operations. No indication was given of the depth of the retirement. The communique also reported punishing raids by Red air forces on Bucharest, Ploesti and the Constanta capital, oil industry centre and the chief port respectively of Rumania.

Throughout yesterday it said that Russian warplanes without cessation slashed at the Nazi tank columns exacting heavy losses in the Minsk sector which the Germans were attempting to bite off with two panzer columns.

RUSSIAN POSITION

BERLIN, June 27: (CP)— The Nazi high command claimed today that the German army has been "victorious on all fronts" against Russia but still withheld all details of reported progress in the five day old conflict. The war bulletin promised, however, that a scope of the big decisions allegedly won by the Germans will be known shortly.

AIRCRAFT AND CORVETTES AND ALSO BY UNITED STATES AID—CANADIANS MENTIONED IN DEFENCE

LONDON, June 27 .- Both the Mediterranean and the Atlantic sea battles are being won by the British Navy. Word comes from Cairo this morning that a British naval patrol intercepted a fleet of large merchant vessels loaded with war supplies for the Germans and escorted by German submarines. They were immediately attacked and at least two twenty thousand ton freighters were sunk, possibly more. An earlier despatch had announced that the vessels had been hit.

Aided by increasing numbers of mass produced corvette patrol boats and American-made Catalina flying boats Britain is slowly winning "one of the war's most decisive battles on the Atlantic Ocean," it was said today. Extended United States naval patrols have helped but the source here said the real credit for reducing British tonnage losses goes to the Catalina planes and the sturdy corvettes, because their scouting sea areas the Nazis formerly considered safe for submarine operations.

Many of the corvettes are Canadian made and

manned by Canadian crews.

Thousands Of Toy Soldiers Are Exported To Canada To Help Pay For War

LONDON, June 27:- Toy soldiers and miniature war equipment direct from the war zone are the latest craze with Canadian children. They have seen the wide range of soldiers taken out by little evacuees from Britain.

But children left behind in Britain are having to go without their toys so that they may be exported to help pay for the war. In London, the world's largest makers of toy soldiers, who use about 500 tons of lead to make upwards of 12,500,000 items a year, are now working entirely upon export orders, and many of these are for MEMORY Canada.

The United States is buying five or six times as many British toy soldiers as it did before the war, and children there are showing Her Son Killed In North Africa special interest in the Empire troops fighting in the Near East.

OMENLSTING?

HEALTH? A GOOD JOB? YOUR AGE? LACK OF INFORMATION? FAMILY RESPONSIBILITIES?

If there is any doubt in your mind about whether or not you will be accepted or about how you can adjust yourself to army life, the quickest way to find out is to visit your nearest Recruiting Depot. There you will get all the information you need.

If your job could be filled by a woman or an older man-give it up and enlist for Active Service.

No matter where you work, if your services are not indispensable...and if you are young and healthy ... you cannot refuse to heed this call for men for Active Service. Your duty is clear. You should enlist in the Canadian Army.

Is your family well represented in Canada's Active Service Forces?

Every Canadian family should send as many men as it can give. It is a matter of family honor and family duty . . . because the very continuance of free family life in Canada is at stake in this war.

Don't be fooled by people who say "There's nothing for us to worry about".

The situation is serious. Hitler's ruthless armies have already enslaved most of Europe. Wherever the Nazi machine has broken through there are no longer any young men enjoying freedom. The Nazis aim at world domination. Either Hitler must be stopped or Canadian freedom will be ended.

Be a fighting man in one of the many branches of Canada's Active Army.

The Army needs men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical Corps and other branches. You do not have to be a skilled tradesman when you enlist. The Army will teach you.

At your nearest recruiting depot they will tell you about the various units; what they do; how they work; how you can fit into them. And at the same time they will tell you about rates of pay and family allowances; about free board, lodging, clothing, medical and dental care.

If you plan upon enlisting later... DON'T WAIT! ... JOIN NOW!

Perhaps you are thinking of enlisting later on . . . later in the Summer or next Fall, or in the Winter . . . Well; that's not good enough. You are needed immediately. Clean up your personal and business affairs at once. Then visit the nearest Recruiting Depot, and be on your way to Active Service.

THE CALL FOR MEN HAS COME - IF YOU ARE YOUNG AND STRONG, YOU SHOULD ENLIST.

ARMY DAY — SAT., JUNE 28th

RATES OF PAY IN THE RANKS

\$1.30 per Day with Board, Lodging, Clothing. Medical and Dental care provided. Dependent Allowances in Cash: \$35 to wife, collectively receive a total of \$99.30 per month. EXTRA: Rates varying from 25¢ to 75¢ per day for skilled tradesmen while employed.

Army units in camp in all parts of Canada will hold open house to the citizens on Saturday, June 28th. The public is warmly invited to visit the camps to see what army camp life is like and to observe demonstrations of military activity. Railways and bus lines are arranging special excursion trips for those who cannot travel by private automobile. The whole family is invited.

DEDICATION DAY-SUNDAY, JUNE 29th

Churches throughout all Canada will conduct special services on Sunday, June 29th . . . for the purpose of dedicating anew the hearts and spirits of the Canadian people to the Crusade against the bestiality and paganism of the Nazi machine . . . All Canadians are urged to attend church on Dedication Sunday to hear our spiritual leaders declare the solemn duties and responsibilities of these times.
