# Parley Is Blowing Up

## RUSSIA PLANS FLEET

LONDON—Minister of Economic Warfare Hugh Dalton was said today to be investigating reports that Russia proposes to form a 200-vessel merchant fleet to carry produce from the Americans to Russia destined for the Reich.

## ALL PARLEY

NEW YORK—State Cordell Hull, speaking here, declared that the United States depends upon the speed with which Great Britain delivers war materials to Great Britain. If Great Britain were defeated, he said, it would be easy for Germany to cross the Atlantic. Secretary Hull told the United States House of Representatives foreign affairs committee today that "control of the high seas by law-abiding nations is the key to security of the western hemisphere." He appeared as a witness on the Roosevelt bill to aid Great Britain by lending or leasing war materials.

## AUSTRALIAN CASUALTIES LIGHT

CANBERRA—Australian casualties in the North African campaign have so far totalled only 296, including seventeen killed, as compared with 94,000 Italians killed or captured.

## GREEKS GAINING GROUND

ATHENS—The Greeks are advancing steadily in Albania despite heavy snowstorms and severe cold. Two Italian counter-attacks have been repelled, the Fascists suffering heavy losses in both leaving dead and wounded behind in their retreat. Greek forces were reported today to have resumed their advance toward Berat in central Albania after having thrown back the two counter-attacks.

## SNOW STOPS GERMANS

LONDON—Snowstorms restricted German air activity and protected the British Isles to large extent from Nazi air raiders today. A lone German bomber visited a northern Scotland town and dropped a bomb, raking the town with machine gun fire. Sixteen bombs were dropped in a marsh on the southeast coast as a few planes came over and attacked at least two villages. The unfavorable weather also prevented Royal Air Force operations against Germany and the Channel coast bases. Last night was quiet, no raids by the enemy reported anywhere in Britain.

## DAILY WAR COST

LONDON—The war effort is now costing Great Britain \$61,620,000 per day, it was announced today.

## SPIKE BRITISH CAMPAIGN

LONDON—It is believed the Axis powers are about to make an attempt to spike any British campaign in the Eastern Mediterranean by getting control of the Straits of Sicily, 87 miles wide. An effort will probably be made by Germany and Italy to get air and naval bases on both sides of the Mediterranean. The test last Friday of Nazi and Fascist air strength against the British Navy was taken as an indication of this.

## NEW BOARD IS FORMED

Necessary to Form Another British Purchasing Organization In United States

LONDON, Jan. 15: (CP)—The government announces that, because of a great increase in the volume of supplies from North America, it is setting up a new committee called the British Supply Council of North America headed by Arthur B. Purvis of Montreal as chairman with Morris W. Wilson as assistant chairman and other members including Hon. C. D. Howe, Canadian Minister of Supply, Sir Clive Baillieu and Vice-Admiral A. E. Evans. The headquarters office of the board is in New York.

## ROOSEVELT'S PLAIN TALK

Replies With Sharp Words to Senator Burton K. Wheeler

WASHINGTON D.C., January 15—President Franklin D. Roosevelt replied with sharp words yesterday to a remark of Senator Burton K. Wheeler that Rooseveltian policies were designed to plow under every fourth American boy. "I regard the remark as most untruthful, dastardly and unpatriotic," declared Roosevelt. "It is the most rotten thing that I can remember having been said in my public life."

## Foreign Shipping Warned Away From Roumanian Waters

BUCHAREST, January 15—Roumania issued a warning yesterday that coastal waters of the Black Sea contiguous to Roumania would henceforth be dangerous to foreign shipping. All vessels are required to report to Constantza.

## LONDON SILVER

LONDON, January 15—The London silver price is unchanged at 23 5-16 pence. The New York price is 34c.

## NAZI SHIPS DESTROYED

Nine Planes of Germans Lost in Raid by R.A.F. on Catania

CAIRO, Jan. 15: (CP)—Destruction of nine airplanes, believed to be German, in the heavy raid on Catania, Sicily, on Sunday is reported by Royal Air Force headquarters. A communiqué said that three hangars were set afire and one of them was demolished.

## Stock Market Values Lower

NEW YORK, January 15 (Canadian Press)—A total of 470,000 shares changed hands on the New York stock exchange with values showing a downward tendency. The industrial average at closing was 132.44, down 81; rails, 29.31, down 26, and utilities, 20.54, down .11.

## PREMIERS SPLIT UP IN VIEWS

Appear to be Evenly Divided Between Favoring and Opposing Siros Report

## PUBLIC OR PRIVATE?

OTTAWA, January 15—The conference is expected to decide today whether sessions shall be held in public or private and, on that issue, there was seen the possibility of the meeting breakdown. Premier Mitchell Hepburn says the Ontario delegation will not remain if sessions are held in private and, without Ontario, the conference would be of little use. The general conference convened again this morning but adjourned until this afternoon pending a report from the procedure committee.

OTTAWA, January 15—Provincial premiers are divided evenly between opposing and favoring the recommendations of the Rowell-Sirois commission now the subject of a Dominion-provincial conference.

Opposing the report are Premiers M. F. Hepburn of Ontario, T. D. Pattullo of British Columbia and William Aberhart of Alberta.

Favoring the report are Premiers John Bracken of Manitoba, W. J. Patterson of Saskatchewan and T. A. Campbell of Prince Edward.

Non-committal are Premiers J. Adélard Godbout of Quebec, J. B. McNair of New Brunswick and A. S. MacMillan of Nova Scotia. McNair's tendency is to favor the report while, on a show-down, Godbout and MacMillan might oppose it.

## "Fiddling" Says Hepburn

Premier M. F. Hepburn was the first of the provincial premiers to speak yesterday. He declared Ontario's opposition to implementation of the report in wartime and directed sharp criticism at the report itself and at the Dominion government for calling a conference now. Transfer of tax-collecting activities from the provincial to the Dominion governments as recommended would be an involved and confusing process, Premier Hepburn said. Ontario would continue to co-operate with the Dominion in the war effort but he thought the report was a peace-time document. "It is unthinkable that we should be fiddling while London is burning," said Hepburn.

Premier J. Adélard Godbout of Quebec said the Quebec delegation had come to the conference as "Canadians." He said that the delegation's minds were not made up yet but, "if Canada is to be happy and strong, it will be through the strength of all provinces."

Premier Macmillan of Nova Scotia said his province's answer would be "no" if asked for a categorical answer favoring or opposing the Commission report but he added that he did not believe the question should be approached in this way. "We feel we are called here to work out a plan for the future of Canada, safeguarding at the same time the interests of individual provinces, and to assist us in our deliberations we have the Siros report."

Premier McNair of New Brunswick said his delegation did not concur with the Commission's findings in respect to New Brunswick claims. He said his delegation "definitely reserved all rights in respect to claims in question" although he would not ask for a re-opening now.

Premier John Bracken of Manitoba yesterday said his province urged adoption of the report as a peace-time measure and as a means of mobilizing Canada's maximum effort for prosecution of the war. Mr. Bracken was the last speaker before luncheon adjournment, other provincial premiers being heard at the afternoon session.

## WAR GIFT OF CHIEF GAMBLE

Chief Edward Gamble of the Kitkatla band of Indians has made a gift of \$100 for war purposes in England. This is to be sent to Ottawa for transmission.

## MENACE IS LESSENING

Aerial Night Attacks and U-boats Show Signs of Being Overcome

LONDON, January 15—Indications are not lacking that progress is being made towards overcoming two of the most serious menaces against Great Britain in this war—one night aerial raiders; the other, submarines.

More and more of the night bombers are being intercepted by anti-aircraft fire and fighting planes although there is a long way to go yet.

The losses of shipping from u-boat attack during recent weeks at least have been diminishing.

## AIM FOR CONTROL

Royal Air Force Working Toward Completion Domination of North African Skies

CAIRO, January 15—While the siege of Tobruk proceeds, the Royal Air Force near eastern command, directed by Air Marshal Raymond Collishaw, a Canadian, is preparing its campaign to completely dominate the air over the whole of Libya.

The Prince Rupert Gyro Club was in special business session at today's luncheon to consider ways and means of promoting the campaign it is instituting among all Gyro Clubs of Canada and the United States with a view to raising a fund to purchase a Spitfire plane for the British war effort.

Olof Hanson, M.P. for Skeena, returned to the city on the Prince Rupert this morning after having spent the Christmas and New Year holiday season in Vancouver and Victoria. His parents, Col. and Mrs. J. W. Nicholls, and sister, Miss Patricia Nicholls, will be returning later.

Columbia believed the changes as recommended in the report would work injury upon both Dominion and provinces.

## APPEALS ON RENT

Seventy Applications Are Before Local Board for Consideration

Seventy applications for rent revisions have so far been placed before the local federal rentals board consisting of Judge W. E. Fisher, G. P. Tinker and Thomas Elliott with Mrs. P. M. Ray as secretary. Sixty of these applications are from tenants complaining of increases in rent which have been asked while ten are from landlords who are asking authority to increase rents. Pending rulings being made, the board has instructed tenants not to pay higher rents than those prevailing January 2, 1940.

The first session of the board was held at the end of the week when three applications were given attention, evidence being heard. No decisions were made.

After considering the various applications, the board will make its recommendations to Ottawa from where the final rulings will emanate.

## SAVOYS ARE GOING WELL

Score Second Straight Clean Sweep Victory in Ladies' Bowling League

Savoy Swingers scored their second clean sweep victory in a row by defeating Lucky Strikes three games to nil in the Ladies' Bowling League last night. Rangers also had a clean sweep win last night at the expense of Stylettes and are tied for second place with Knox Hotel and Big Sisters who won two games to one over Annette's and Blue Birds respectively. High average scorer last night was Lillian Croxford of Savoy Swingers with 208.

## French Officers In Huddle With Two Dictators

BERLIN, January 15—Official quarters here profess to know nothing of a secret meeting of Chancellor Adolf Hitler of Germany and Premier Benito Mussolini of Italy with a French general and French admiral at Berchtesgaden. The conference, it is said, has to do with the campaign against the British in the Mediterranean.

## Three Premiers Refuse To Sit In Ottawa On Conference Committee

Hope of Reaching Agreement on Recommendations of Rowell-Sirois Commission Are Abandoned Today

OTTAWA, January 15: (CP)—Hope of reaching agreement on adoption of recommendations of the Rowell-Sirois commission were abandoned today when, in the face of determined opposition from three provinces, Prime Minister William Lyon Mackenzie King told the Dominion-provincial conference that there was no point in setting up committees for that purpose. The names of the three provinces were not given but it is presumed they are Ontario, Alberta and British Columbia. Three Premiers, it was disclosed, had refused to sit on committees.

**One Of The Reasons - - -**

According to United States publications, one of the reasons for the out and out pro-British policy of United States at the present time is the intimation from the Latin-American countries that, if Britain is allowed to collapse, they would have to ease on to the Nazi bandwagon in self-defence. That would leave United States practically isolated. So the all-British campaign was started largely as a self-defence measure. Naturally, any weakening of the British Empire would strengthen the Nazi cause.

**Speaks The Language - - -**

One reason for President Roosevelt sending Harry Hopkins to London, it is said, is his ability to speak the language of Ernest Bevin, the great British labor leader, who next to Churchill, is the prevailing influence at Whitehall. Roosevelt wishes to keep in touch with the more democratic movements in England and particularly with the possible future of the country when the war is over. "What will England be like then?" he asks himself, so he sent Hopkins to find out.

**London's Still 'Ere - - -**

When the new year was rung in at midnight by Big Ben, all London being blacked out, a Cockney voice was heard "And London's Still 'Ere." It was one of those appropriate remarks that is bound to be remembered. In spite of the bombing, in spite of the burning of a portion of the city, something that evidently might have been prevented, the city is still there and will be there, no matter what the Nazis do to it. Churchill's reply to a remark: "They gave us something last night didn't they?" was "we'll give them something back."

**Army Of Invasion - - -**

Germany's strength is said to lie in her army but that army has been inactive for a long time and will steadily deteriorate if left to live on the country it has taken. It is not as strong today as it was when France capitulated. However, it is being kept intact and, as soon as Germany has means of transporting them and covering them with artillery and air force, an attempt will be made to invade Great Britain. Such a time may never come but it may. Most British people hope it will and that soon. At any rate the Germans will keep the threat alive in order to prevent British forces being sent to their places where they may be needed.

Royal Bank of Canada**

**Morris W. Wilson, President and Managing Director, Calls for Drastic Economies by Public and Government to Permit Full Measure of War Effort—War Savings Campaign Most Important Feature Federal Financing**

**Sydney G. Dobson General Manager, Reports Unprecedented Business Activity But Peak Not Yet Reached**

Some of the factors having a vital bearing on the extent and effectiveness of Canada's War Effort were dealt with extensively by Morris W. Wilson, President and Managing Director, at the Seventy-Second Annual Meeting of The Royal Bank of Canada in Montreal. Mr. Wilson drew attention to the fact that transition of Canada from peace-time to war-time economy had been made without financial disturbance or strain, and remarked on the essential soundness of Canada's financial position at the present time.

Mr. Wilson, however, warned that in the year ahead the financial problem would be more difficult and called for drastic retrenchment by the public and by governments in order that the maximum effort might be devoted to war purposes.

"There is little evidence of restriction of even extravagant expenditures on the part of the public as a whole, except insofar as this line of action has been made necessary by the incidence of taxation," he said. "Unless the public are prepared to save a very large proportion of the increased wages and salaries which are being distributed, there are three alternatives before us:

- (1) The Government must further drastically increase taxation or
- (2) A system of forced savings must be adopted, or
- (3) The well known inflationary spiral will steadily gain headway.

"Nor am I sure that Federal, Provincial and Municipal authorities have eliminated from their budgets all unnecessary expenditures and postponed all capital outlays that can possibly be deferred, as they should do in war time."

**TAXATION**

Mr. Wilson expressed the opinion that "a considerably larger proportion of our costs should be met by taxation than has been indicated by any plans so far discussed. It seems quite clear that at the present tempo of business our national income is increasing at a much greater rate than the aggregate of all taxes."

Due to present business activity Provinces and Municipalities have had the problem of unemployment automatically solved for them and for the same reason their revenues have become increasingly buoyant. "I trust this situation will result in definite tax reductions by them in order to cushion the effects of greatly increased Federal taxation," said Mr. Wilson.

While admitting that no perfect scheme of taxing profits or income had ever been devised, Mr. Wilson expressed the opinion that present corporation taxes are not designed to produce either the maximum returns or to spread the incidents of taxation fairly over industry as a whole.

"I advocate nothing that would tend to reduce total Federal corporation taxes, but I am afraid that the Excess Profits Tax is going to bear unfairly on companies that during the period of the depression have been far from prosperous, as compared with those that have all along given a reasonable return to shareholders.

"Before leaving the question of war taxes, I should like to say that I think the personal income tax has been raised to the full extent that is economically desirable."

**WAR SAVINGS**

Mr. Wilson considered the present efforts to expand sales of War Savings Certificates by far the most important feature of Government finance.

"This is not because of the sums involved. The great bulk of our war financing must as usual be by way of bond issues. But I feel that it has not been sufficient emphasized nor understood that savings by individuals in the lower income brackets are essential for another reason of the greatest national importance. Once definite shortages of labour, materials or capital equipment appear, personal savings become imperative. At that stage, only by

curtailment in the production of consumers' goods can the production of war materials be increased. But surprising as it may appear, those in the lower income brackets are responsible for a great deal more than half the total purchases of consumers' goods. Full use of increased purchasing power would mean that instead of the demand for ordinary goods being reduced, it would be greatly increased, and to that extent would stultify our war effort. But war demands are inexorable, and if those who use the bulk of non-military production will not reduce their demands, the only way the situation can be adjusted is by a rise in the price level proceeding faster than increases in wages.

"This seems to me to be a compelling argument for a compulsory saving plan if the people as a whole do not respond to the present appeal of the War Savings Committee; otherwise those who are too weak or too selfish to face the issue will have wasted a part of the benefits which would have accrued to the thrifty as well as to themselves."

**WAGES**

Mr. Wilson remarked with satisfaction that Canada has been largely free of labour disputes since the beginning of the war and, "it is essential that neither strikes nor lockouts should be allowed to interfere with production." He favoured the Government plan for a standard wage scale, supplemented by bonuses to meet any rise in the cost of living, the bonuses to apply evenly on a per capita basis and not as a percentage of existing wage rates. He felt that workers would accept their share of sacrifices if equal sacrifices are made by salaried employees, executives and capital.

**SIROIS REPORT**

Referring to the conference of Provincial Premiers to be convened shortly, Mr. Wilson said, "the main principles laid down in the Sirois Report can be said to commend themselves to most dispassionate observers." "If, in the exaltation of common sacrifice, a better plan of Government cannot be found, I greatly fear that it will not be found when peace returns."

In conclusion, Mr. Wilson spoke of the "terrible confirmation" during 1940 of his statement made a year ago, that "the very existence of the Empire is at stake" in this war. "I fear that at times we are inclined to forget the bloody tyranny within Germany itself, the steady extermination of the defenceless Poles, the senseless slaughter of 30,000 civilians in Rotterdam, the invasions of Norway, Denmark, Holland, Belgium following solemn undertakings to respect their neutrality, and the wanton destruction of historic buildings and churches, sacred not only to the whole English-speaking world but associated with the finest traditions of all humanity. These are things which we must not forget if we are to retain a proper appreciation of what we are fighting against. The new world order proposed by Hitler is one in which truth and honour have no meaning, law has no force, human dignity no place; a corrupt and corrupting tyranny, the qualifications for leadership of which embrace the basest traits of man."

**GENERAL MANAGER'S ADDRESS**

In presenting the financial statement for the year, S. G. Dobson, General Manager, stated that Canadian business was experiencing unprecedented activity and that the peak had not yet been reached.

Extending thanks of Directors and Executives to the bank's 7,000 employees, Mr. Dobson said: "Four hundred and forty-six members of our staff have enlisted for military service, and one hundred and fifty-eight more have been accepted and are subject to call. Leave of absence has been granted to all those who have enlisted, and positions will be available to them when they return. Married men are being paid the difference between three-quarters of salary and army pay, and single men the difference

What a contrast are the smiling faces of women who own Electric Washers! They let electricity—the greatest of all servants—do the hard scrubbing and rubbing for them. They know that their clothes will come out snowy clean and they know that Electric Washer action is so gentle that clothes actually last longer, too.

"The employee of our two London offices are performing their daily work amidst the death and destruction of modern warfare, and are carrying on in the characteristic British way. We cannot speak too highly of their courage and fortitude, which fill us with admiration. Up to date there has been only one fatal casualty."

Under the stimulus of war, business would experience still greater activity during 1941. "The Royal Bank," said Mr. Dobson, "is fully equipped to take care of all additional demands which may be made upon it to finance or otherwise handle this increased activity and thus contribute its share to Canada's war effort."

Pretty Nuptials of Miss Cissy Armstrong and Bombardier Parlett

A pretty wedding was solemnized at 8 o'clock Monday evening at the home of Mr. and Mrs. J. Armstrong, 514 Cotton Street, Rev. E. E. Brandt officiating when Cissy Armstrong was united in marriage to Lance Bombardier Frank Parlett, eldest son of Mr. and Mrs. A. J. Parlett of Toronto.

The rooms were tastefully decorated for the occasion with pink and white streamers.

The bride was given in marriage by her father. She looked charming in a dress of powder blue with a small hat of matching color. She was attended by her sister, Miss Margaret Armstrong, who was also a pretty picture in a dress of navy blue with matching hat. The bride wore a corsage of red carnations and the bridesmaid's was of pink carnations. The groomsmen were Bombardier H. J. Jeffries of the Second Searchlight Battery.

During the signing of the register, Mrs. George Madill played "I Love You Truly."

The toast to the bride was proposed by Rev. E. E. Brandt and was suitably responded to by the groom.

E. E. Parker proposed the toast to the bridesmaid which was responded to by the groomsmen.

The bride and groom received congratulations and best wishes of their friends under a white wedding bell.

Later dainty refreshments were served by the Misses Isabelle Conery, Evelyn Martinson and Amy Armstrong. Mesdames T. McMeekin and S. E. Parker presided at the urns.

Telegraphic congratulations were received from the groom's parents.

The bride has lived in Prince Rupert for about twelve years and, until the time of her marriage, was employed by the provincial government in the Forest Branch. The

Following the playing of cards delicious refreshments were served by the hostess at a daintily arranged table centred with a wedding cake and tall white tapers.

The guest-of-honor was presented with a beautifully dressed bride with loop skirt within the spacious folds of which were many lovely and useful gifts for the young bride. Mrs. Irvine thanked her friends suitably and the evening came to a close with singing "For She's a Jolly Good Fellow."

Invited guests were the Misses Ada Brown, Eva Sandhals, Charlotte Phillipson, Margaret Hallberg, Mrs. K. Hallberg, Mrs. T. McMeekin, sr., Mrs. Pat Phillipson, Mrs. J. S. Irvine, Mrs. Tommy Fraser, Mrs. R. Webber, Mrs. Hans Underdahl, Mrs. E. Wick, Mrs. R. Garries, Mrs. H. Bergesen, Mrs. Clarke McLean, Mrs. Robert Parker and Mrs. Russell Cameron.
