Russian War May Last Long Time

War News

RUSSIAN MILITARY SITUATION

LONDON—The Russian military situation in the war with Germany was slightly more cheerful today, according to advices from the Soviet. The Red Army, it was claimed, was generally in control of the situation although the position in the Ukraine was far from stabilized, obviously continuing to deteriorate there. "There have been a certain number of German successes," said one advice from Moscow, but the Russians had succeeded in getting the most of their retreating forces across the Dnieper River to set up a new and strong line of defence there.

BRITAIN'S POSITION BETTER

LONDON—Great Britain's position in the Battle of the Atlantic is "very much better" than in early summer because of widening operations against German submarines and valuable assistance from the United States, authoritative sources declared today.

CORINTH CANAL WRECKED

CAIRO—British bombing planes in two recent attacks have wrecked Corinth Canal, strategic waterway between Peloponnese and the mainland of Greece, the Royal Air Force announced today. It was also announced that the air arm of the British fleet had attacked a submarine base at Augusta, Sicily, and started fires in a raid on the Sicilian city of Syracuse.

BEAVERBROOK IN NEW YORK

NEW YORK—Lord Beaverbrook arrived yesterday in New York to discuss matters under the "Lend-Lease" arrangement.

TWO NAZIS DOWNED

LONDON—Royal Air Force fighters shot down two Nazi pursuit planes and lost one of their own in a sweep over Northern France today. Apparently British bombers were grounded during the night as no new forays against Germany were announced.

OFFER IS ACCEPTED

Stalin Asks That There Be No Delay In Three-Power War Conference At Moscow

MOSCOW, August 16:—Russia moved speedily today to accept the proposal of Prime Minister Winston Churchill of Great Britain and President Franklin D. Roosevelt of the United States for a three-power war conference in Moscow. Premier Joseph Stalin asks that it be held as speedily as possible and it is expected that it will take place within the next few days.

It was thought that Lord Beaverbrook, for Great Britain, and Harry Hopkins, director of the "Lend-Lease" program for the United States, might head the delegations. The question of Allied aid to Russia will be the principal matter of discussion. Premier Stalin told United States and British ambassadors in Moscow today that he is ready to "take all necessary steps" for conferences in Moscow as proposed by President Roosevelt and Prime Minister Churchill. Stalin received the ambassadors at the Kremlin and expressed thanks of the Soviet government for the offer of "maximum aid" contained in the note from Roosevelt and Churchill in which the conference proposal was made.

Stalin had previously agreed to the British-United States-Russian conference for joint opposition to Nazi Germany and exchange of messages with British and American envoys was taken to imply complete pooling of the resources of the three powers.

In London the request by Churchill and Roosevelt for a three-power conference with Russia was taken today as a sign that Great Britain and the United States consider Russia as being far from beaten.

Soviet Army Is Still Retreating; Dispatches On Fighting Obscure

Hitler Declares That Whole Offensive of Nazis Against Soviet is Proceeding Successfully According to Plan

LONDON, August 16: (CP)—Although the Soviet Army is reported retreating in the Ukraine, war commentators said that the message to Stalin proposing a conference apparently indicated expectation that the war would last a long time.

For the fourth time since the German invasion eight weeks ago the Red Army communication failed today to mention specific sectors of war and said only that during the night "Our troops continued to fight with the enemy on the entire front."

In Berlin Chancellor Adolf Hitler declared through the High Command today that the whole offensive against Russia is "moving successfully according to plan." The German press, lacking specific information resorted to speculating on military problems facing both sides.

Sixteen doctors and nurses were being rushed by launch to meet the vessel in or near Tokyo Bay. Appeals for medical aid had been flashed by wireless. Spoiled food is believed to have been the cause.

The Tatuta Maru rushed away from San Francisco without taking on the usual supplies.

MONTREAL, August 16: (CP)—Arthur B. Purvis, head of the British war purchasing commission, killed in an airplane crash, started his war purchasing career in 1914 at the outbreak of the Great War when Britain was faced with a shortage of acetone for high explosives. Purvis was sent to the United States to buy all this chemical available. He was given three weeks in which to execute the commission.

A master salesman, he became overnight an expert buyer. He spent \$25,000,000 in his quick round-up of acetone and was the first purchaser of war material for Britain in the United States.

For 10 years he acted as representative of Nobel's or Imperial Chemical Industries, which acquired it, in the United States. In 1924 he moved to Montreal as president of the Nobel-du-Pont subsidiary, Canadian Explosives Limited.

In Canada Mr. Purvis found a number of individual concerns engaged in manufacturing explosives and he effected a merger under the title of Canadian Industries Limited. This company was developed until its assets totalled \$50,000,000 and it manufactured a long line of chemical commodities.

Recognizing his success with Canadian Industries Limited, many Canadian firms sought Mr. Purvis' advice. He became director of the Bank of Montreal, Bell Telephone Company of Canada, British-American Oil Company, Consolidated Paper Corporation, Dunlop Tire and Rubber Goods Company, General Motors Corporation, Liverpool, London and Globe Insurance Company and the Sun Life Assurance Company of Canada. He was a governor of McGill University.

Purvis' ability in handling foreign business was drawn to the attention of Harry (afterwards Sir Harry) McGowan who obtained a position for him with the Nobel Dynamite Trust Company, controlling a number of plants. McGowan was afterwards head of the Imperial Chemical Industries, a parent company of Canadian Industries Limited. Purvis rose rapidly in the ranks of the Nobel Company's representatives. He acted as salesman in South America and Africa.

Plenty Of Candidates . . .

It looks as if there will be plenty of candidates offering in some of the constituencies at the fall election. In Vancouver Centre there will be C.C.F. candidates and also Harold Pritchett, a well known labor man, is announced. That should make a keen contest because the C.C.F. is well organized and Pritchett is well known among labor men. It will be a little difficult for the C.C.F. to have so strong a candidate running on much the same ticket.

Difficult To Keep Track . . .

It is difficult to keep track of the various contracts let and the buildings being erected in Prince Rupert. The housing contract has been let and work on it must be completed within three months. Several government contracts have been let recently, one for thirteen thousand dollars and another for eight thousand. Tenders are asked for a boom defence depot in addition to a boom depot already arranged for. There is also work proceeding at Seal Cove and a building being erected by the engineers in the city. A new engine house is to be built on the site of the old one at the C.N.R. yards. There are also a number of private contracts being carried out or being let, all tending to make the place busy. All this tends to dislocate business and bring about abnormal conditions.

Looking Backward . . .

The few English people who still get their news from the British newspapers must find themselves very far out of date. News now arriving from the Old Country by mail seems like ancient history to us. If we do not get the news here on the day on which it happens it seems as if we had been cheated.

News published in a recent magazine telling of the sinking of the Bismark, an action in which Lieut. James Bryant is supposed to have taken part, is featured. It also tells of the evacuation of Crete, the movement into Syria, the invasion of Russia, clothes rationing, the death of the Ex-Kaiser, and the granting of a peerage to Right Hon. R. B. Bennett.

The Daily News is a member of the Canadian Daily Newspaper Association, of the Canadian Press and of the Audit Bureau of Circulations. It is the only paper north of Vancouver and West of Edmonton holding membership in these organizations.

Cycle Cavalry— CARRYING ON THRU BOMBING

Veteran Riders of Britain Make Hard Riding Trek Into Chiltern Hills in 12 Hours

By D. E. BURRITT
Canadian Press Staff Writer

LONDON, Aug. 16: (P)—The sun had fallen far behind the trees when the "assistant marshal" bellowed "here they come!"

And around a bend in the road came a vanguard of the strangest contingent of mechanical cavalry ever seen, even in these days of weird uniforms and grotesque equipment.

D. E. BURRITT

It was the finish of the Cycling Touring Club's "Veteran Cyclists' Ride" for members more than 50 years old and who had just completed 100 miles into the Chiltern Hills, in 12 hours, 10 of which were actually spent in pedalling.

They coasted down the little incline to the clubhouse, three abreast and then checked in to qualify for the "certificate" granted to those who finished the long grind, held every three years if the old men are still interested enough to oil the brake and pump the tires of their varied vehicles.

Variety Clothes
The crowd that trickled in provided a revelation in what Pop used to wear when he rode his bicycle as a young bloke; everything from overalls to oversized shorts made mostly of white duck and corduroy. It's admitted that to have form-fitting clothes is not English but it did seem these old fellows exaggerated things a bit.

They ranged from 50 to 78 in age and there were fathers, grandfathers and even great grandfathers. In fact the only one not in the event was Father Time who was not considered essential as the "boys" were not concerned with the passing hours as long as they did not pass the dozen allowed for what one old chap called "the ride of the hambling rheumatics."

Old Jim Garrett, 78, who owns what must have been a radical departure from bicycle design in the days when he bought it, was the oldest man in the outfit. He may not have been among the first to finish but he definitely was one of the first to reach the "local" for his evening pint.

He East Grass
Too, there was J. R. B. Branson, a fellow who has not yet reached even 70 but who has been telling the Ministry of Food he owes his longevity and buiging sinews to the fact that he eats grass with all his meals—with vegetables, with fruit and even without. He has been urging people to eat grass to counter the loss of nourishment of things not now imported.

Few of them spoke as they pulled up at the club, many of them very slowly. But others stopped only long enough at the "local" for a fast one for the road and then started off on another 15-mile jaunt to their suburban homes.

Sixty-nine of them started, and after twice stopping for lunch or beer, about 40 returned. The log showed "accidents": none; injuries: many cases of sunburn; entrants missing; one. "He turned up later."

BEDDING SHORTAGE

LONDON, August 16: (P)—Beds, mattresses and pillows are becoming scarce in Britain. Beds having mattresses with inferior springs will not be available generally, say manufacturers. Many large London stores are having difficulty obtaining bedding. Pillows are scarce because of a shortage of feathers imported from China before the war.

SPORT CHAT

The Australian tennis stars outplayed the Japanese for a 3-2 victory and the North American Davis Cup honors at Montreal four years ago. The triumph moved the Aussies into an interzone match against Germany at Brooklyn, Mass., where they won a victory that qualified them for the challenge round in which they were beaten by the United States.

Paul Dean's attempt to make a comeback for St. Louis Cardinals ended in failure two years ago last night when the National Baseball League club announced his release to Columbus of the American Association. Paul since has come back, playing this season with the New York Giants.

Joseph Avenol, secretary-general of the League of Nations at Geneva, presented Sir Malcolm Campbell with the "Cup of Nations" three years ago today for driving a speedboat at 127.4 miles an hour across Lake Lemans, the swiftest run ever made over the lake.

Intermediate Baseball Game

Watts & Nickerson Win Close 3 to 2 Victory Over Co-Ops

Watts and Nickerson baseball team finally clicked together last night as they won a close 3 to 2 victory over the Co-Operatives.

The winners were leading 2 to 0 until the sixth inning when their opponents managed to score two runs to tie the score two all.

In the seventh and final inning with two down and one on first base, young Nick Pavlikis, Watts and Nickerson left fielder, came to bat and knocked out a three-bagger to centre field to win the game by a close 3 to 2 score.

Pavlikis is a prospect for a senior league ball player as he plays his position right just as well as he bats.

MacDonald of Co-Operative allowed three hits, walked six men and struck out six.

For Watts and Nickerson Bill allowed two hits, walked four men and struck out seven men.

Umpires for the evening were Gillus and Mike Montesano. Next game will be Sunday evening.

ORANGE WAR RELIEF FUND

Local Ladies Were in Session Thursday Night

The Ladies Orange Benevolent Association held their regular meeting in the Metropole Hall on Thursday evening with a good attendance of members.

On July 12, 1940 an appeal was issued to all Orange lodges throughout Canada for a contribution of at least \$10,000 to aid the people of Britain. In response to this appeal \$12,545.25 was subscribed.

This money has been applied to the purchase of four mobile kitchen units to be used in the bombed areas of England, Scotland, and Northern Ireland. Each mobile kitchen is fully equipped to provide hot meals for two hundred and fifty persons.

A plate bearing the name of the Orange Association will be attached to each unit.

A further appeal has been made to the membership to aid the people who have suffered so much as the result of air raids in the British Isles and is being met with the same generous response.

After communications and correspondence had been dealt with arrangements were made to hold the annual bazaar on November 5.

Two large dead trees, being removed in McClymont Park, caused quite a spectacular fire for a while last evening. Although the fire department was called out there was no damage to property.

Miss Dorothy O'Neill and Miss Marjorie Kenney of the local public school teaching staff, who have been attending summer school in Victoria, returned to the city on the Cardena this morning.

Mr. Dunlop, who is identified with station CBR of Vancouver, will continue his trip tomorrow evening by sailing on the Catala to make the round trip to Stewart and transferring to the Camosun Tuesday night to return to Vancouver via the Queen Charlotte Islands.

J. S. Wilson returned to the city on the Cardena today after attending the convention of the provincial command of the Canadian Legion in New Westminster. Jack Preece returned yesterday and H. A. Breen will be back later. Mr. Wilson was elected third vice-president of the provincial command. A dramatic but tragic incident of the convention was that when Col. W. S. Buell of Vancouver, immediate past president, dropped dead while engaged in delivering an address before the convention.

RELEASING INTERNEES

Council Of Austrians In Britain Pleads Case Of Comrades In Canada

LONDON, August 16: (C)—Release in Canada and Australia of German and Austrian internees sent there from Britain and now eligible for freedom "is the only practical solution" of their case until further arrangements can be made for their future, the Council of Austrians in Great Britain said in a statement.

The council said about 18,000 of the 27,000 Germans and Austrians rounded up in the British internment wave last summer had been released here. Only 579 of the 2,500 internees sent to Canada have been returned and a number of these are still interned there. None have been released from Australia although the release of 443 has been authorized but lack of shipping space has held up their return.

Noting British release figures, the council said the problem of internees overseas "has become particularly urgent as they feel the special hardship of being incarcerated while their more fortunate compatriots who by chance were not shipped off, could avail themselves of the opportunities of release long ago."

The council said public opinion in both dominions could be won over to the same friendly view as in Britain and urged a British government statement to smooth the way. It noted scarcity of skilled labor in both Dominions and said a large number of the internees are craftsmen.

"In Canada some releases already have taken place which proves that there is a legal possibility."

PRaise BRITISH BABIES

LONDON, August 15: (C)—There is no more disease among British children during the past two years of war than the two years before the war, said Dr. D. H. Geffen, chairman of the National Baby Welfare Council.

PADRE IS HONORED

Toc H. Makes Presentation Before Departure For Overseas

A very interesting event took place at the Boston Cafe Thursday evening when the Prince Rupert Group of Toc H gave a farewell banquet for the Padre, Rev. (Capt.) R. C. H. Durnford, also area chaplain, who is under orders to leave Prince Rupert for duties overseas.

There were thirteen Toc H. members present and three invited guests—Rev. (Capt.) J. E. Whittles, T. A. Bryant and Corp. Bob Townsend.

The tables were very artistically decorated with a profusion of flowers most of them coming from the garden of Jack Fuller.

The banquet was preceded by the opening ceremony of light after which Rev. J. E. Whittles asked the blessing.

True to Toc H. precept no atmosphere of gloom was allowed to hover over the proceedings, although it was obvious the loss to the unit will be deeply felt.

At the conclusion of the repast, Denny Allen called for a toast to the King.

The chairman, Harold Hampton, then proposed a toast to "our honored guest the Padre" and in a few well chosen words paid tribute to the valuable work the padre had accomplished for Toc H. during his stay in Prince Rupert. His departure would be felt very keenly by all members. The edge of disappointment, however, was somewhat blunted by the knowledge that it was to take up more important duties in the service of the British Commonwealth that he was leaving. The chairman then, on behalf of the members, presented the padre with a solid gold identification disc, suitably inscribed.

Padre Durnford, in his reply, called upon all members to carry on with Toc H. work in the future as in the past as the success of

the Toc H. movement must not depend solely on any one individual. Tribute to the padre's work with Toc H. during his stay in Prince Rupert and regret at his departure was expressed by William Sampson, William Lamb, Fred Olsen, P. H. Linzey and Thomas Andrew. The evening closed with the singing of "For He's a Jolly Good Fellow," "O Canada" and "God Save the King."

Mrs. Churchill Boosts Y.W.C.A.

Wife of British Premier Launches Appeal For Funds

LONDON, August 13. — An appeal for \$225,000 for the Y.W.C.A. has been launched by Mrs. Winston Churchill, president of the association's wartime fund.

Mrs. Churchill said that expansion of the work of the Y. W. C. A. would help enlistment of girls in the fighting forces. She explained that fear of loneliness which has been a deterrent to enlistment in some cases would be removed were there assurance that the Y. W. C. A. through expanded facilities would fill the leisure hours of girls in the forces with entertainment and diversion.

OLD DAYS RECALLED

"The Great American Broadcast" Tells Story Of Early Days Of Radio Broadcasting

Against a background of tuneful melodies "The Great American Broadcast," feature picture on the screen of the Capitol Theatre here today, unfolds a gay, fascinating story of courageous and talented people who first filled the air waves with song and laughter. The picture stars Alice Faye, John Payne, Jack Oakie and Cesar Romero.

The story starts in 1919 when radio was in its infancy and is historically accurate in an entertaining way. Atmosphere and costumes were carefully reproduced to represent the periods depicted. Cel, luloid collars and high, wide straw hats are resurrected.

Many of the old favorite songs are sung. Among Miss Faye's songs are "Long Ago Last Night," "Run, Little Raindrop, Run," "I Take You," "I've Got a Bone to Pick With You," "The Great American Broadcast," "Where You Are" and "It's All in a Lifetime."
